Div. N
1906

[Material received between Jan. 1907 and June 1907.]

The *International Catalogue of Scientific Literature* is in effect a continuation of the Royal Society's *Catalogue of Scientific Papers* which will, when completed, consist of an Author Catalogue and Subject Index covering the period of 1800-1900. Twelve quarto volumes of the Author Catalogue covering the period 1800-1883 have already been published; the volumes for 1884-1900 are in course of preparation. The Subject Index will be issued separately for each of the seventeen sciences dealt with in the *International Catalogue of Scientific Literature*, and will be arranged in accordance with its Schedules. The volume for Pure Mathematics is in the Press.

INTERNATIONAL CATALOGUE OF SCIENTIFIC LITERATURE.

GOVERNMENTS AND INSTITUTIONS CO-OPERATING IN THE PRODUCTION OF THE CATALOGUE.

The Government of Austria.
 The Government of Belgium.
 The Government of Canada.
 The Government of Cuba.
 The Government of Denmark.
 The Government of Egypt.
 The Society of Sciences, Helsingfors, Finland.
 The Government of France.
 The Government of Germany.
 The Royal Society of London, Great Britain.
 The Government of Greece.
 The Government of Holland.
 The Government of Hungary.
 The Asiatic Society of Bengal, India.
 The Government of Italy.
 The Government of Japan.
 The Government of Mexico.
 The Government of New South Wales.
 The Government of New Zealand.
 The Government of Norway.
 The Academy of Sciences, Cracow.
 The Polytechnic Academy, Oporto, Portugal.
 The Government of Queensland.
 The Government of Russia.
 The Government of the Cape of Good Hope.
 The Government of South Australia.
 The Government of Spain.
 The Government of Sweden.
 The Government of Switzerland.

INTERNATIONAL CATALOGUE OF SCIENTIFIC LITERATURE.

CENTRAL BUREAU.

34 AND 35, SOUTHAMPTON STREET,
STRAND,

LONDON, W.C.

Director.—H. FORSTER MORLEY, M.A., D.Sc.

REGIONAL BUREAUS.

All communications for the several Regional Bureaus are to be sent to the addresses here given.

Austria.—Herr Dr. J. Karabacek, Direktor, K. K. Hofbibliothek, Vienna.

Belgium.—Monsieur Louis Masure, Secrétaire-Général de l'Office International de Bibliographie, Brussels.

Canada.—Prof. J. G. Adami, McGill College, Montreal.

Cuba.—Prof. Santiago de la Huerta, Havana.

Denmark.—Dr. Martin Knudsen, 15, Frederikshaldsgade, Copenhagen. O.

Egypt.—Capt. H. G. Lyons, R.E., Director-General, Survey Department, Cairo.

Finland.—Herr Dr. G. Schauman, Bibliothekar der Societät der Wissenschaften, Helsingfors.

France.—Monsieur le Dr. J. Deniker, 8, Rue de Buffon, Paris.

Germany.—Herr Prof. Dr. O. Uhlworm, Enckeplatz, 3A, Berlin, S.W

Greece.—Monsieur P. Calogeropoulos, Boulē tōn Ellēnōn, 20 Homer Street, Athens.

Holland.—Heer Prof. D. J. Korteweg, Universitāt, Amsterdam.

Hungary.—Herr Prof. Gustav Rados, viii, Muzeumkörut, Műegyetem, Buda-Pest.

India and Ceylon.—The Hon. Sec., Asiatic Society of Bengal, 57, Park Street, Calcutta.

Italy.—Cav. E. Mancini, Accademia dei Lincei, Palazzo Corsini, Lungara, Rome.

Japan.—Prof. J. Sakurai, Imperial University, Tokyo.

Mexico.—Señor Don José M. Vigil, Presidente del Instituto Bibliografico Mexicano, Biblioteca Nacional, Mexico City.

New South Wales.—The Hon. Sec., Royal Society of New South Wales, Sydney.

New Zealand.—The Director, New Zealand Institute, Wellington, N.Z.

Norway.—Mr. A. Kiær, Universitetet, Kristiania.

Poland (Austrian, Russian and Prussian).—Dr. T. Estreicher, Sekretarz, Komisya Bibliograficzna, Akademii Umiejętności, Cracow.

Portugal.—Senhor F. Gomez Teixeira, Academia Polytechnica do Porto, Oporto.

Queensland.—John Shirley, Esq., B.Sc., Cordelia Street, South Brisbane.

Russia.—Monsieur E. Heintz, l'Observatoire Physique Central Nicolas, Vass. Ostr. 23-me ligne, 2. St. Petersburg.

South Africa.—L. Péringuey, Esq., South African Museum, Cape Town, Cape of Good Hope.

South Australia.—The Librarian, Public Library of South Australia, Adelaide.

Spain.—Señor Don José Rodriguez Carracido, Real Academia de Ciencias, Valverde 26, Madrid.

Sweden.—Dr. E. W. Dahlgren, Royal Academy of Sciences, Stockholm.

Switzerland.—Herr Prof. Dr. J. H. Graf, Schweizerische Landesbibliothek, Berne.

The United States of America.—Dr. Cyrus Adler, Smithsonian Institution, Washington.

Victoria.—Thomas S. Hall, Esq., Hon. Sec. Royal Society of Victoria, Victoria Street, Melbourne.

Western Australia.—J. S. Battye, Esq., Victoria Public Library, Perth.

DAVID SHARP, M.A., F.R.S., F.Z.S., &c.

Curator in Zoology, University of Cambridge.

Explorate solum : sic fit via certior ultra.

LONDON:

PRINTED FOR THE SOCIETY;

SOLD AT THEIR HOUSE IN HANOVER SQUARE

M.DCCCXCVIII

Papers and Memoirs intended for this work should be addressed to "THE EDITOR of the Zoological Record, Zoological Society, 3, Hanover Square, London, W." It is earnestly requested that in the case of separately-printed copies of papers so forwarded, the *original pagination* may be indicated.

EXPLANATORY.

This Volume is printed in twenty Divisions, as enumerated on p. xii.

The pagination of each Division is separate, and is given at the left-hand top corner of the pages. The number and name of the Division is given as a heading on each left-hand page. The Registration Numbers are given at the right-hand top corner of the right-hand pages. The date 1906 corresponding to the bulk of the literature indexed is given at the right-hand top corner of the left-hand page.

In the Subject Index of each Division authors are quoted by name only. The full references will be found in the Title Section of the Division.

Where several papers by the same author are indexed they are numbered consecutively.

A List of Abbreviations of Titles of Journals is given at the end of the volume. This List includes not only journals actually indexed in this volume, but also journals that have been indexed in previous volumes. It should therefore be a fairly complete List of Journals that contain Zoological papers.

The Literature indexed is mainly that of 1906 but includes entries for 1901–1905 that have been received too late for inclusion in previous volumes of the International Catalogue.

The two title-pages show that Volume N (Zoology) of the Sixth annual issue of the International Catalogue of Scientific Literature and Volume XLIII of the Zoological Record are identical.

The proposal for an amalgamation of the Zoological Record with Volume N of the International Catalogue was approved by the International Convention which met in London in July, 1905. The agreement concluded with the Zoological Society of London provides that the amalgamation shall be for a period of five years, covering the literature of 1906–1910; at the end of this period each party to the agreement may resume the independent issue of its annual volumes, preserving the continuity of its series.

Subscribers to the Zoological Record will receive the volumes bound uniformly with previous volumes of the Record, while subscribers to the International Catalogue will receive their volumes in covers uniform with other volumes of the Catalogue.

The Schedules of Classification are bound up with the volumes intended for subscribers to the International Catalogue, but are absent from the volumes bound uniform with the Zoological Record.

The volume is arranged in accordance with these Schedules, but in one or two instances, notably in the case of Section XII Insecta, the Editor has adopted a modified arrangement.

CONTENTS.

- I. COMPREHENSIVE AND GENERAL ZOOLOGY.
- II. PROTOZOA.
- III. PORIFERA OR SPONGIAE.
- IV. COELENTERATA.
- V. ECHINODERMATA.
- VI. VERMIDEA: including GEPHYREA AND PTEROBRANCHIATA.
- VII. BRACHIOPODA AND BRYOZOA OR POLYZOA.
- VIII. MOLLUSCA.
- IX. ARTHROPODA (GENERAL).
- X. CRUSTACEA.
- XI. ARACHNIDA AND MYRIOPODA; including also GIGANTOSTRACA, EURYPTERIDA, PROTOTRACHEATA.
- XII. INSECTA.
- XIII. PROCHORDATA = TUNICATA, CEPHALOCHORDATA, ENTEROPNEUSTA.
- XIV. VERTEBRATA (GENERAL).
- XV. PISCES.
- XVI. REPTILIA AND BATRACHIA.
- XVII. AVES.
- XVIII. MAMMALIA.
- ALPHABETICAL INDEX OF NEW NAMES OF GENERA AND SUBGENERA.
- LIST OF ABBREVIATIONS AND OF TITLES OF JOURNALS.

International Catalogue of Scientific Literature

Handwritten: 1924

SCHEDULE
OF
CLASSIFICATION

(N) ZOOLOGY

(N) ZOOLOGY.

EXPLANATORY.

OWING to the great extent of Zoology, and the consequent specialisation that occurs amongst its workers, and because also of the desire that parts of the Zoological Catalogue shall be complete each one in itself, Zoology is divided into "Branches." These Branches, though primarily determined by the natural divisions of the animal kingdom, do not entirely correspond therewith, because of the great difference in the extent of the natural divisions. Some of these divisions (Phyla, or Classes) are consequently treated together, while others are divided into more than one Branch. When a division of this kind is adopted, there is also a Branch in which the divisions are still treated together as one whole, viz., Arthropoda, 2400-2431, and Vertebrata, 5200-5231. These two Branches will include only works of a wide scope. Thirty Branches are adopted, under the numbers 0400 to 6031, and there is also a comprehensive Branch numbered 0000-0231.

The subject matter of Zoology proper (as distinguished from the mode of arrangement of the animals alluded to above) is arranged under eight heads (or great Subjects). These eight Subjects all recur under each of the thirty Branches. Each Subject is indicated by a number, the terminal two digits of which are the same in every Branch. These great subjects will be found under 0207 to 0231.

Each great subject is divided into sub-divisions which are not numbered.

(N) ZOOLOGIE.

ERLÄUTERUNG.

BEI dem grossen Umfange der Zoologie und bei der hieraus sich ergebenden Specialisierung unter ihren Forschern, und ferner, weil der Wunsch besteht, dass einzelne Teile der zoologischen Bibliographie ein in sich geschlossenes Ganzes darstellen möchten, ist es als notwendig befunden, die Zoologie nach „Zweigen“ abzuteilen.

Diese Zweige sind zwar in erster Linie nach den natürlichen Gruppen des Tierreichs bestimmt, entsprechen ihnen aber doch nicht völlig, da der Umfang der einzelnen natürlichen Gruppen zu verschieden ist.

Demgemäss sind einzelne dieser Gruppen (Phyla oder Klassen) mit einander zusammengefasst, während andere in mehrere Zweige geteilt sind. In den Fällen, wo eine solche Teilung vorgenommen ist, giebt es auch einen Zweig, in dem die betreffende Gruppe ungeteilt als Ganzes behandelt wird, nämlich Arthropoden, 2400-2431 und Vertebraten, 5200-5231. Diese beiden Zweige sollen nur Werke allgemeinerer Art enthalten. Im ganzen sind unter Nummer 0400 bis 6031 dreissig Zweige angenommen und dazu kommt noch ein alles umfassender, unter Nummer 0000 bis 0231.

Der sonstige Stoff der Zoologie (im Unterschied von der Art der Anordnung der Tiere, von der bisher die Rede war) ist auf acht Kapitel (oder Hauptgegenstände) verteilt. Diese acht Gegenstände kehren bei jedem der dreissig Zweige wieder. Jeder Gegenstand ist durch eine Nummer bezeichnet, deren letzte beide Ziffern in allen Zweigen die gleichen sind.

Diese Hauptgegenstände findet man unter 0207 bis 0231.

Jeder Hauptgegenstand ist in Unterabteilungen geteilt, die nicht numeriert sind.

(N) ZOOLOGIE.

EXPLICATION.

ETANT donnée d'une part la grande extension de la Zoologie, qui force les adeptes de cette science à se spécialiser, et d'autre part la nécessité de rendre les diverses parties du Catalogue zoologique indépendantes les unes des autres, et aussi complètes que possible, on a jugé nécessaire de diviser la Zoologie en un certain nombre de "branches." Ces branches ont été établies autant que possible d'après les divisions naturelles du règne animal; toutefois elles ne correspondent pas toujours exactement à ces divisions, en raison des grandes différences qui existent dans l'étendue de celles-ci. Il en résulte que certaines divisions (phyla, ou embranchements) sont traitées ensemble, tandis que d'autres sont partagées en plusieurs branches. Dans ce dernier cas il y a ordinairement une branche qui traite l'ensemble d'un embranchement, par exemple, Arthropodes, 2400-2431, et Vertébrés, 5200-5231. Ces deux branches ne comprennent que des ouvrages traitant un sujet assez vaste. On a adopté trente branches, portant les indices 0400 à 6031. Il y a en outre une branche de généralités portant l'indice 0000-0231.

La Zoologie considérée en elle-même, indépendamment des subdivisions en groupes auxquelles il vient d'être fait allusion, est partagée en huit chapitres (ou grandes catégories de sujets). Ces huit catégories se répètent dans chacune des trente branches, et sont indiquées chacune par des nombres dont les deux derniers chiffres sont les mêmes dans toutes les branches. Elles se trouvent sous les indices 0207 à 0231. Chacune d'elles se partage en subdivisions qui ne portent pas d'indices spéciaux.

(N) ZOOLOGIA.

SPIEGAZIONI.

IN causa della grande estensione della zoologia, e della conseguente specializzazione che esiste tra i suoi cultori, e perchè è desiderabile che le parti del Catalogo zoologico siano complete ciascuna per sè stessa, si è trovato necessario dividere la zoologia in "rami." Questi rami, quantunque principalmente determinati dalle naturali divisioni del regno animale, non corrispondono interamente ad esse in causa della grande differenza nella estensione delle divisioni naturali. Alcune di queste divisioni (phyla, oppure classi) sono conseguentemente trattate insieme, mentre che altre sono divise in più di un ramo. Quando una divisione di questo genere è adottata, vi è anche un ramo nel quale le divisioni sono tuttavia trattate insieme come un complesso, p. es. Arthropoda, 2400-2431, e Vertebrata, 5200-5231. Questi due rami includeranno soltanto opere di largo soggetto. Trenta rami sono adottati, sotto i numeri 0400 a 6031, e inoltre è incluso un ramo comprensivo col numero 0000-0231.

La materia della zoologia comprensiva (distinta da quella dei gruppi degli animali qui sopra accennati) è disposta sotto otto capitoli (o grandi soggetti). Questi otto soggetti tutti si ripetono in ognuno dei trenta rami. Ciascun soggetto è indicato da un numero, del quale le due ultime cifre sono le stesse in ciaschedun ramo. Questi grandi soggetti si trovano sotto i numeri da 0207 a 0231. Ciascun grande soggetto è diviso in sottodivisioni, che non sono numerate.

INSTRUCTIONS.

The registration numbers used in Zoology consist of four figures, of which the first two indicate the taxonomic position of the animal or animals dealt with and the last two the heading under which the paper is to be indexed.

Thus, in the registration number 2611 the figures 26 indicate *Crustacea*, while the figures 11 denote *Physiology*. All registration numbers beginning with 26 refer to Crustacea, and all registration numbers ending in 11 show that the paper indexed deals with a physiological subject.

The meaning to be assigned to the last two figures is always that given in the following list:—

- ..00 Title slip.
- ..03 Comprehensive and General Works.
(For sub-divisions see *Hyperzoology p. 18.*)
- ..07 Structure. (For sub-divisions see 0207.)
- ..11 Physiology. (For sub-divisions see 0211.)
- ..15 Development. (For sub-divisions see 0215.)
- ..19 Ethology. (For sub-divisions see 0219.)
- ..23 Variation and Aetiology. (For sub-divisions see 0223.)
- ..27 Geography. (For sub-divisions see (J) Geography.)
- ..31 Taxonomy.
The meaning of the first two figures is as follows:—
- 02.. General papers, or papers dealing with several classes of animals.
- 04.. Protozoa.
- 06.. Porifera (or Spongida).
- 08.. Coelenterata (or Cnidaria).
- 10.. Echinodermata.
- 12.. Platyhelminthes. Mesozoa and Trichoplax.
- 14.. Nematelminthes.
- 16.. Chaetognatha. Rotifera. Gastrotricha. Kinorhyncha (or Echinodera).
- 18 . Archiannelida. Polychaeta. Myzostomaria. Oligochaeta. Gephyrea. Phoronis. Hirudinea.

INSTRUKTIONEN.

Die in der Zoologie gebrauchten Ordnungsnummern bestehen aus vier Ziffern, von denen die beiden ersten die taxonomische Stellung des oder der behandelten Tiere anzeigen, während die letzten die Art der Behandlung angeben. So bedeutet z. B. in der Ordnungsnummer 2611 die 26 Crustacea, die 11 aber Physiologie. Die mit 26 beginnenden Ordnungsnummern beziehen sich also auf Crustacea, und alle Ordnungsnummern auf 11 geben an, dass die katalogisierte Arbeit sich mit einem physiologischen Gegenstande befasst.

Die Bedeutung der letzten beiden Ziffern ergibt sich aus folgender Liste:—

- Titel-Zettel.
- Umfassende und allgemeine Arbeiten. (Unterabteilungen siehe *Hyperzoologie p. 18.*)
- Morphologie. (Unterabteilungen siehe 0207.)
- Physiologie. (Unterabteilungen siehe 0211.)
- Entwicklung. (Unterabteilungen siehe 0215.)
- Ethologie. (Unterabteilungen siehe 0219.)
- Variation und Ätiologie. (Unterabteilungen siehe 0223.)
- Geographische Verbreitung. (Unterabteilungen siehe (J) *Geographie.*)

Taxonomie.

Die ersten beiden Ziffern bedeuten Folgendes:—

- Allgemeine, oder auf mehrere Tierklassen bezügliche Arbeiten.
- Protozoa.
- Porifera (oder Spongida).
- Coelenterata (oder Cnidaria).
- Echinodermata.
- Platyhelminthes. Mesozoa und Trichoplax.
- Nematelminthes.
- Chaetognatha. Rotifera. Gastrotricha. Kinorhyncha (oder Echinodera).
- Archiannelida. Polychaeta. Myzostomaria. Oligochaeta. Gephyrea. Phoronis. Hirudinea.

INSTRUCTIONS.

Les numéros enregistreurs employés en zoologie comprennent quatre chiffres, dont les deux premiers indiquent la position taxonomique de l'animal ou des animaux en question, tandis que les deux derniers indiquent la rubrique sous laquelle le mémoire doit être classé.

Ainsi, dans le numéro enregistreur 2611 les chiffres 26 indiquent Crustacés, pendant que les chiffres 11 signifient Physiologie. Tout numéro enregistreur qui commence par 26 se rapporte aux Crustacés, de même que tout numéro enregistreur en 11 indique que le mémoire dont il est question s'occupe de physiologie.

La signification des deux derniers chiffres est toujours celle qui est donnée dans la liste suivante :—

- ..00 Fiche de titre.
- ..03 Ouvrages généraux ou d'une grande étendue. (Pour les subdivisions voy. Hyperzoologie p. 19.)
- ..07 Morphologie. (Pour les subdivisions voy. 0207.)
- ..11 Physiologie. (Pour les subdivisions voy. 0211.)
- ..15 Développement. (Pour les subdivisions voy. 0215.)
- ..19 Ethologie. (Pour les subdivisions voy. 0219.)
- ..23 Variation et étiologie. (Pour les subdivisions voy. 0223.)
- ..27 Distribution géographique. (Pour les subdivisions voy. (J) Géographie.)
- ..31 Taxonomie.
La signification des deux premiers chiffres est comme suit :—
- 02.. Mémoires généraux ou ayant trait à plusieurs classes d'animaux.
- 04.. Protozoaires.
- 06.. Porifères (ou Spongiaires).
- 08.. Cœlentérés (ou Cnidaria).
- 10.. Echinodermes.
- 12.. Platyhelminthes. Mésozoaires et le Trichoplax.
- 14.. Nématelminthes.
- 16.. Chætognathes. Rotifères. Gastrotriches. Kinorhynques (ou Echinodères).
- 18.. Archiannelides. Polychètes. Myzostomes. Oligochètes. Géphyriens. Phoronis. Hirudinées.

ISTRUZIONI.

I numeri di registrazione adoperati nella zoologia consistono di quattro cifre, delle quali le due prime indicano la posizione tassonomica dell'animale o degli animali di cui si tratta, mentre che le due ultime indicano la rubrica sotto la quale si ha da catalogare la memoria. Così, nel numero di registrazione 2611 le cifre 26 indicano *Crustacea*, mentre che le cifre 11 si riferiscono alla *Fisiologia*. Ogni numero di registrazione che comincia con 26 si riferisce ai *Crustacea*, e da ogni numero che termina in 11 si può inferire che la memoria catalogata si occupa di fisiologia.

Le due ultime cifre hanno invariabilmente la significazione che si vede nell'elenco seguente :—

- Scheda a titolo.
- Opere generali e comprensive. (Per le suddivisioni vedi *Iperzoologia* p. 19.)
- Struttura. (Per le suddivisioni vedi 0207.)
- Fisiologia. (Per le suddivisioni vedi 0211.)
- Sviluppo. (Per le suddivisioni vedi 0215.)
- Etologia. (Per le suddivisioni vedi 0219.)
- Variazione ed Etiologia. (Per le suddivisioni vedi 0223.)
- Geografia. (Per le suddivisioni vedi (J) Geografia.)
- Tassonomia.
Le due prime cifre hanno sempre la significazione seguente :—
- Lavori generali o riferentisi a più classi di animali.
- Protozoa.
- Porifera (vel Spongida).
- Cœlenterata (vel Cnidaria).
- Echinodermata.
- Platyhelminthes. Mesozoa e Trichoplax.
- Nématelminthes.
- Chætognatha. Rotifera. Gastrotricha. Kinorhyncha (vel Echinodera).
- Archiannelida. Polychæta. Myzostomaria. Oligochæta. Gephyræa. Phoronis. Hirudinea.

- 20.. Brachiopoda. Bryozoa (or Polyzoa).
 22.. Mollusca.
 24.. Arthropoda.
 26.. Crustacea.
 28.. Trilobita. Xiphosura. Eurypterida. Pantopoda. Tardigrada. Linguatulida.
 30.. Arachnida.
 32.. Prototracheata (or Onychophora).
 34.. Myriopoda.
 35.. Insecta.
 36.. Aptera (or Apterygogenea). Anoplura. Mallophaga. Thysanoptera (or Physopoda). Siphonaptera (or Aphaniptera).
 38.. Orthoptera, Neuroptera and Trichoptera.
 40.. Hemiptera (or Rhynchota), excluding Anoplura, which are placed in 36..
 42.. Diptera, excluding Siphonaptera, which are placed in 36..
 44.. Lepidoptera.
 46.. Hymenoptera.
 48.. Coleoptera, including Strepsiptera.
 50.. Prochordata: Amphioxus (or Leptocardii), Enteropneusta, Tunicata.
 52.. Vertebrata.
 54.. Pisces, excluding Leptocardii (or Amphioxus), which are placed in 50..
 56.. Amphibia and Reptilia.
 58.. Aves.
 60.. Mammalia.

In addition to the complete volume it is intended to issue as three separate parts sections 12.. to 18.. (Vermidea); 28.. to 34..; and 35.. to 48.. (Hexapoda). Each of the remaining sections will then be published as a separate part.

Slips or Cards used in preparing the Volume.

Four kinds of slips are to be provided:—(1) Title slips, (2) Subject slips, (3) Systematic (Taxonomic) slips, (4) New Genera or Species slips. The several slips relating to the same paper should be tied together, and should have a common (arbitrary) number. This number must not be used for any other paper until two years have

- Brachiopoda. Bryozoa (oder Polyzoa).
 Mollusca.
 Arthropoda.
 Crustacea.
 Trilobita. Xiphosura. Eurypterida. Pantopoda. Tardigrada. Linguatulida.
 Arachnida.
 Prototracheata.
 Myriopoda.
 Insecta.
 Aptera (oder Apterygogenea). Anoplura. Mallophaga. Thysanoptera (oder Physopoda). Siphonaptera (oder Aphaniptera).
 Orthoptera, Neuroptera und Trichoptera.
 Hemiptera (oder Rhynchota), excl. Anoplura, die unter 36 .. eingeordnet sind.
 Diptera, excl. Siphonaptera, die unter 36.. eingeordnet sind.
 Lepidoptera.
 Hymenoptera.
 Coleoptera, incl. Strepsiptera.
 Prochordata: Amphioxus (oder Leptocardii), Enteropneusta, Tunicata.
 Vertebrata.
 Pisces, excl. Leptocardii (oder Amphioxus), die unter 50 .. eingeordnet sind).
 Amphibia und Reptilia.
 Aves.
 Mammalia.

Es wird beabsichtigt, ausser dem Gesamtbande noch drei separate, aus folgenden Abschnitten bestehende Teile herauszugeben: 12.. bis 18.. (Vermidea); 28.. bis 34..; und 35.. bis 48.. (Hexapoda). Jeder der übrigen Abschnitte wird dann auch separat herausgegeben.

Zettel zur Vorbereitung des Bandes.

Es müssen vier verschiedene Zettel hergestellt werden:—(1) Titel-Zettel, (2) Sach-Zettel, (3) System-(Taxonomie-) Zettel, (4) Zettel für neue Gattungen oder Arten. Die verschiedenen, auf dieselbe Arbeit bezüglichen Zettel sollen zusammengeheftet und mit einer gemeinsamen (willkürlichen) Nummer versehen werden. Vor Ablauf von zwei

- 20.. Brachiopodes. Bryozoaires (ou Polyzoaires).
 22.. Mollusques.
 24.. Arthropodes.
 26.. Crustacés.
 28.. Trilobites. Xiphosures. Euryptérides. Pantopodes. Tardigrades. Linguatulides.
 30.. Arachnides.
 32.. Prototrachéates (ou Onychophores).
 34.. Myriapodes.
 35.. Insectes.
 36.. Aptères (ou Aptérygogéniens). Anoploures. Mallophages. Thysanoptères (ou Physopodes). Siphonaptères (ou Aphaniptères).
 38.. Orthoptères, Névroptères et Trichoptères.
 40.. Hémiptères (ou Rhynchotes), à l'exclusion des Anoploures, qui sont placés sous le numéro 36..
 42.. Diptères, à l'exclusion des Siphonaptères, qui sont placés sous le numéro 36..
 44.. Lépidoptères.
 46.. Hyménoptères.
 48.. Coléoptères, y compris les Strepsiptères.
 50.. Prochordés : Amphioxus (ou Leptocardiens) Entéropneustes, Tuniciers.
 52.. Vertébrés.
 54.. Poissons, à l'exclusion des Leptocardiens (ou Amphioxus), qui sont placés sous le numéro 50..
 56.. Batraciens et Reptiles.
 58.. Oiseaux.
 60.. Mammifères.

Outre le volume complet, l'on se propose de publier en trois volumes à part les sections 12.. à 18.. (Vermidés); 28.. à 34..; et 35.. à 48.. (Hexapodes). Puis chacune des sections suivantes sera aussi publiée à part.

- Brachiopoda. Bryozoa (vel Polyzoa).
 Mollusca.
 Arthropoda.
 Crustacea.
 Trilobita. Xiphosura. Eurypterida. Pantopoda. Tardigrada. Linguatulida.
 Arachnida.
 Prototracheata (vel Onychophora).
 Myriopoda.
 Insecta.
 Aptera (vel Apterygogenea). Anoplura. Mallophaga. Thysanoptera (vel Physopoda). Siphonaptera (vel Aphaniptera).
 Orthoptera, Neuroptera et Trichoptera.
 Hemiptera (vel Rhynchota), esclusi Anoplura, che sono indicati col numero 36..
 Diptera, esclusi Siphonaptera, che sono indicati col numero 36..
 Lepidoptera.
 Hymenoptera.
 Coleoptera, incl. Strepsiptera.
 Prochordata : Amphioxus (vel Leptocardii), Enteropneusta, Tunicata.
 Vertebrata.
 Pisces, escl. Leptocardii (vel Amphioxus), i quali sono indicati col numero 50..
 Batrachia et Reptilia.
 Aves.
 Mammalia.

Oltre il tomo completo si ha l'intenzione di pubblicare in tre parti separate le sezioni 12.. a 18.. (Vermidea); 28.. a 34..; e 35.. a 48.. (Hexapoda). Ciascuna delle rimanenti sezioni verrà poi anche pubblicata separatamente.

Rédaction des Fiches.

Il doit y avoir quatre sortes de fiches, savoir :—(1) Fiches de titre, (2) Fiches de matière, (3) Fiches systématiques (taxonomiques), (4) Fiches pour les genres ou espèces nouvelles. Toutes les fiches qui se rapportent au même mémoire doivent être attachées ensemble et marquées d'un numéro en commun (arbitraire). Ce numéro ne

Redazione delle Schede.

Devono farsi quattro specie di schede :—(1) Schede a titolo, (2) Schede a materia, (3) Schede sistematiche (tassonomiche), (4) Schede per i generi o le specie nuove. Tutte le schede riferentisi al medesimo lavoro devono essere attaccate insieme e segnate con un numero commune (arbitrario). Questo numero non è da usarsi

elapsed. The slips should be prepared as follows:—

(1) *Title slips*.—The first entry on a title slip is the letter N, followed by a four-figure registration number, in which the first two figures indicate the Branch of zoology as given in the above list, while the two last figures are ..00. The remaining entries on the title slips are to be made as on the author slips for the other sciences.

At the foot of each title slip all the registration numbers corresponding to the subject and systematic slips prepared for the paper are to be given. If a paper is to be indexed under more than one Branch of zoology a separate title slip must be prepared for each Branch.

Example—

N 6000.

Mansion, Arthur. La taupe commune. Rev. sci., Paris, (sér. 4), 17, 1902, (13–18). [6019 6031].

In order to economise space and to simplify entries, the full reference to a paper will be made only on the title and systematic slips. Each title slip will be printed in the Catalogue with a definite number attached. This number, together with the author's name, will be the reference to the paper in all other cases.

(2) *Subject Slips*.—The entries on the subject slips shall not, as a rule, be reproductions of the title, but such modifications thereof as shall serve to convey the necessary information in the clearest and most direct manner possible.

To prepare such slips properly it is essential that the papers shall have been read and indexed by those who are able to determine what are the several matters of importance to be brought under notice.

In the case of slips bearing the numbers 0000–0050, 0070 and 0090,

Jahren darf keine andere Arbeit mit derselben Nummer bezeichnet werden.

(1) *Titel-Zettel*.—Die erste Eintragung auf einem Titel-Zettel ist der Buchstabe N, worauf eine vierziffrige Ordnungsnummer folgt wovon die zwei ersten Ziffern den Zweig der Zoologie bezeichnen, wie in obiger Liste angegeben, während die zwei letzten Ziffern ..00 sind. Die übrigen Eintragungen auf dem Titel-Zettel sind in derselben Weise abzufassen wie bei den Autoren-Zetteln in den anderen Wissenschaften.

Am Fusse eines jeden Titel-Zettels müssen sämtliche, den für die betreffende Arbeit hergestellten Sach- und System-Zetteln entsprechende, Ordnungsnummern angegeben werden. Soll ein Aufsatz unter mehr als einem Zweige der Zoologie katalogisiert werden, so ist für jeden Zweig ein besonderer Titel-Zettel herzustellen.

Beispiel—

N 6000.

Mansion, Arthur. La taupe commune. Rev. sci., Paris, (sér. 4), 17, 1902, (13–18). [6019 6031].

Um Raum zu ersparen und die Eintragungen zu vereinfachen kommt das vollständige Citat nur auf die Titel- und System-Zettel. Jedem im Kataloge gedruckten Titel-Zettel wird eine bestimmte Nummer zugeteilt. Diese Nummer, mit dem Verfassernamen, bildet in allen anderen Fällen das Citat.

(2) *Sach-Zettel*. — Die Eintragungen auf den Sach-Zetteln sollen in der Regel keine Wiederholungen des Titels sein, sondern solche Modifikationen desselben, dass sie die erforderliche Auskunft so kurz und bündig wie möglich erteilen.

Für die richtige Fassung solcher Zettel ist es von Wichtigkeit, dass die Aufsätze von Personen gelesen und katalogisiert werden, welche imstande sind das Wichtige darin zu erkennen und hervorzuheben.

Bei Zetteln, welche die Nummern 0000–0050, 0070 und 0090 tragen,

doit être employé pour aucun autre mémoire qu'au bout de deux ans. Voici comment il faut rédiger les fiches :—

(1) *Fiches de titre*.—La fiche de titre doit commencer par la lettre N, suivie d'un numéro enregistreur de quatre chiffres, dont les deux premiers indiquent la branche de zoologie d'accord avec la liste ci-dessus, tandis que les deux dernières sont 00. Ensuite la fiche de titre sera établie de la même façon que les fiches d'auteur pour les autres sciences.

Chaque fiche de titre doit porter en bas tous les numéros enregistreurs qui correspondent aux fiches de matière et systématiques qui aient été rédigées pour le mémoire dont il s'agit. Si un mémoire doit être catalogué sous plus d'une branche de zoologie il faut une fiche séparée pour chaque branche.

Exemple—

N 6000.

Mansion, Arthur. La taupe commune. Rev. sci., Paris, (sér. 4), 17, 1902, (13-18). [6019 6031].

Pour gagner de la place et simplifier les articles, la référence ne sera donnée en entier que sur les fiches de titre et les fiches systématiques. Chaque fiche de titre sera imprimée dans le Catalogue et désignée par un numéro. Ce numéro, avec le nom d'auteur, servira de renvoi à l'article partout ailleurs.

(2) *Fiches de matière*.—Règle générale, la fiche de matière doit porter non pas une reproduction du titre mais de telles modifications du titre qui suffisent à donner les renseignements nécessaires de la manière la plus précise.

Afin que de telles fiches soient bien établies il est essentiel que les mémoires aient été lus et catalogués par des personnes à même de déterminer quelles sont les choses d'importance à faire ressortir. Là où il s'agit de fiches portant les numéros 0000-0050, 0070 et 0090, le

per nessun altro lavoro prima che siano scorsi due anni. Le schede devono essere redatte come segue :—

(1) *Schede a titolo*.—La scheda a titolo deve cominciare colla lettera N, seguita da un numero di registrazione di quattro cifre di cui le due prime indicano il ramo di zoologia d'accordo coll'elenco dissopra, mentre che le due ultime sono .00. Le altre annotazioni sulla scheda a titolo si fanno poi come sulle schede per autori nelle altre scienze.

La scheda a titolo deve portare in fondo tutti i numeri di registrazione corrispondenti colle schede sistematiche ed a materia che si siano preparate per il lavoro di cui si tratta. Se si vuol catalogare un lavoro sotto più d'un ramo di zoologia bisogna fare una scheda separata per ogni ramo.

Esempio—

N 6000.

Mansion, Arthur. La taupe commune. Rev. Sci., Paris, (sér. 4), 17, 1902, (13-18). [6019 6031].

Per risparmiare lo spazio e ridurre al più semplice le annotazioni, la referenza non verrà scritta per esteso che sulle schede a titolo e le schede sistematiche. Ogni scheda a titolo si stamperà nel Catalogo con un numero definito. Questo numero, assieme al nome dell'autore, costituirà la referenza al lavoro in ogni altro caso.

(2) *Schede a materia*.—Le annotazioni sulle schede a materia non saranno, di regola, ripetizioni del titolo, ma saranno tali modificazioni di questo che bastino a dare le informazioni necessarie nel modo più perspicuo che sia possibile.

Perchè tali schede siano ben redatte è essenziale che le memorie siano state lette e catalogate da persone che possano determinare quali sono le cose importanti da far risaltare.

Trattandosi di schede portanti i numeri 0000-0050, 0070 e 0090, il

the author's name should immediately follow the registration number.

Example—

N 0040.

Ross, R. Malaria and mosquitoes. London. Proc. R. Inst., 16, 1901, (295–313).

This should be attached to the title slip and abbreviated thus:—

N 0040.

Ross, R. Malaria and mosquitoes. (295–313).

In cases in which it is desirable, for other purposes which the Bureaus may have in contemplation, to enter the full reference on the slip, the shortened reference will be made at the Central Bureau by striking out unnecessary particulars.

On slips bearing a number ending in ..27 (Geographical Distribution) the registration number should be immediately followed by the geographical symbol. After this should come (a) the author's name, (b) the title of the paper.

Example—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte [*P. clappi*]. Nautilus, Philadelphia, Pa., 15, 1901, (34–35).

which, if the above directions are followed, will be reduced to—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte. (34–35).

The remaining registration numbers, viz., 0060, and those ending in ..03, ..07, ..11, ..15, ..19, and ..23, are divided into numerous sub-headings. One of these sub-headings should follow the registration number.

A separate card must be provided for each entry that is to appear separately in the Catalogue.

In cases in which entries cannot be included under existing subdivisions, and for which a new sub-

miss der Verfassername unmittelbar auf die Ordnungsnummer folgen.

Beispiel—

N 0040.

Ross, R. Malaria and mosquitoes. London. Proc. R. Inst., 16, 1901, (295–313).

Dieser Zettel müsste an den Titel-Zettel geheftet und wie folgt abgekürzt werden:—

N 0040.

Ross, R. Malaria and mosquitoes. (295–313.)

Falls es den Bureaus, zu irgend einem von ihnen beabsichtigten Zwecke, wünschenswert erscheint, das vollständige Citat beizubehalten, so wird das Centralbureau durch Streichen des Überflüssigen dasselbe abkürzen.

Bei Zetteln, welche eine Nummer auf ..27 tragen (geographische Verbreitung) muss das geographische Symbol unmittelbar auf die Ordnungsnummer folgen. Dann kommt (a) der Verfassername, (b) der Titel des Aufsatzes.

Beispiel—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte [*P. clappi*]. Nautilus, Philadelphia, Pa., 15, 1901, (34–35).

was, obiger Vorschrift gemäss, abgekürzt so lautet:—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte. (34–35).

Die übrigen Ordnungsnummern, namentlich 0060 und jene auf ..03, ..07, ..11, ..15, ..19 und ..23, sind in zahlreiche Unterabteilungen geteilt. Eine dieser Unterabteilungen muss auf die Ordnungsnummer folgen.

Jeder besonderen Eintragung im Kataloge muss ein besonderer Zettel entsprechen.

Falls die vorhandenen Unterabteilungen zur gehörigen Katalogisierung nicht hinreichen und

nom d'auteur doit suivre immédiatement le numéro enregistreur.

Exemple—

N 0040.

Ross, R. Malaria and mosquitoes. London, Proc. R. Inst., 16, 1901, (295-313).

Ceci doit être attaché à la fiche de titre et abrégé ainsi :—

N 0040.

Ross, R. Malaria and mosquitoes. (295-313).

Dans les cas où les bureaux régionaux, dans un but quelconque, désirent mettre la référence en entier sur la fiche, le Bureau Central en fera la référence abrégée en biffant les détails superflus.

Sur les fiches portant un numéro en .27 (Distribution Géographique) le numéro enregistreur doit être suivi immédiatement du symbole géographique. Ensuite viendrait (a) le nom d'auteur, (b) le titre du mémoire.

Exemple—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte [*P. clappi*]. Nautilus, Philadelphia, Pa., 15, 1901, (34-35).

Ce qui, conformément aux instructions ci-dessus, sera réduit à :—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte. (34-35).

Les autres numéros enregistreurs, e.à.d. 0060 et ceux en .03, .07, .11, .15, .19 et .23, sont divisés en de nombreuses subdivisions. Une de ces subdivisions doit suivre le numéro enregistreur.

Il faut une fiche séparée pour chaque article qui doit paraître séparément dans le catalogue.

S'il se trouve que les subdivisions actuelles ne suffisent pas et qu'une nouvelle subdivision serait à désirer,

nome dell'autore deve seguire immediatamente il numero di registrazione.

Esempio—

N 0040.

Ross, R. Malaria and mosquitoes. London, Proc. R. Inst., 16, 1901, (295-313).

Questo si deve attaccare alla scheda a titolo ed abbreviare così :—

N 0040.

Ross, R. Malaria and mosquitoes. (295-313).

Ove gli Uffici Regionali, a qualunque scopo, volessero annotare la riferenza sulla scheda per esteso, la riferenza abbreviata si farebbe dall'Ufficio Centrale col cancellare i dettagli soverchi.

Sulle schede portanti un numero in .27 (Distribuzione Geografica) il numero di registrazione dev'essere seguito immediatamente dal simbolo geografico. Poi verrebbe (a) il nome dell'autore, (b) il titolo della memoria.

Esempio—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte [*P. clappi*]. Nautilus, Philadelphia, Pa., 15, 1901, (34-35).

Giusto le suddette istruzioni questo si ridurrebbe a :—

N 2227 *he.*

Pilsbry, H. A. A new Colombian Pleurodonte. (34-35).

I rimanenti numeri di registrazione, cioè 0060 e quelli in .03, .07, .11, .15 e .23 sono divisi in numerose subdivisions. Una di queste subdivisions deve seguire il numero di registrazione.

Ci vuol una scheda separata per ogni articolo che deve apparire separatamente nel Catalogo.

Nel caso di articoli che non si possono includere nelle subdivisions attuali e per i quali si stima desidera-

division is thought to be desirable, such suggested new sub-division shall be recorded upon the card, in order that the matter may be dealt with by the Central Bureau. In no case must two differently numbered subjects be placed on one slip.

If the book or paper deals with so many of these sub-headings as to render it unnecessary to mention all of them, the word "general" should be used for the sub-heading. The sub-heading should be followed by (a) the author's name, (b) the title or modified title of the paper.

Example—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys].
(Danish) Kjöbenhavn, Biol. Forh., 1899-1900, 1901, (1-8).

If this card is sent to the Central Bureau tied to the corresponding title slip, it should be abbreviated, as explained above, to—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys].
(Danish) (1-8).

(3) *Systematic slips*.—In these slips the name of the animal or animals should immediately follow the registration number. Where more than one genus is mentioned a separate slip must be prepared for each genus.

Every new genus must have a separate slip; the name of the new genus must be followed by the indication "n. gen.," a brief statement as to what it is allied to and some indication of the species it includes, followed by the author's name and reference.

New sub-genera are to be treated in a similar manner to genera, except that "n. subgen." will be used, and the name of the genus of which it is a division will follow.

eine neue Unterabteilung deshalb wünschenswert erscheint, so ist die vorgeschlagene neue Unterabteilung auf dem Zettel anzugeben, damit das Central-Bureau entscheide, wie dabei zu verfahren sei. Auf keinen Fall dürfen zwei verschieden numerierte Gegenstände auf einen Zettel gesetzt werden.

Bezieht sich das Buch, resp. der Aufsatz, auf so viele Unterabteilungen, dass es unzweckmässig ist, sie alle anzuführen, so gebraucht man das Wort „Allgemeines“ für die Unterabteilung. Auf die Unterabteilung folgt (a) der Verfassername, (b) der Titel, resp. der modifizierte Titel der Arbeit.

Beispiel—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys].
(Danish) Kjöbenhavn, Biol. Forh., 1899-1900, 1901, (1-8).

Wird dieser Zettel mit dem entsprechenden Titel-Zettel zusammengeheftet an das Central-Bureau geschickt, so ist er, wie oben erklärt, folgendermassen abzukürzen:—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys].
(Danish) (1-8).

(3) *System-Zettel*.—Bei diesen Zetteln soll der Name des Tieres oder der Tiere unmittelbar auf die Ordnungsnummer folgen. Wird mehr als eine Gattung erwähnt, so ist für jede Gattung ein besonderer Zettel herzustellen. Jede neue Gattung muss einen besonderen Zettel erhalten; auf den Namen der neuen Gattung folgt die Bemerkung „n. gen.“ eine kurze Notiz, wem sie verwandt ist, und irgend eine Angabe über die Species, die sie umfasst; hierauf Verfassername und Citat.

Neue Untergattungen sind ähnlich zu behandeln, wie Gattungen, nur dass die Bemerkung „n. subgen.“ gebraucht und der Name der Gattung, um deren Unterabteilung es handelt, hinzugefügt wird.

la nouvelle subdivision que l'on propose doit être indiquée sur la fiche afin que le Bureau Central décide comment il faut procéder. En aucun cas deux articles portant des numéros différents ne doivent être écrits sur la même fiche.

Dans le cas où le livre ou mémoire traite de tant de ces subdivisions qu'il est inutile de les citer toutes, il faut employer le mot "Généralités" pour la subdivision. La subdivision doit être suivie (a) du nom d'auteur, (b) du titre ou du titre modifié du mémoire.

Exemple—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys]. (Danish) Kjöbenhavn, Biol. Forh., 1899-1900, 1901, (1-8).

Si cette fiche est envoyée au Bureau Central attachée à la fiche de titre correspondante elle doit être abrégée, comme il est expliqué ci-dessus, à :—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys]. (Danish) (1-8).

(3) *Fiches systématiques.*—Sur ces fiches le nom de l'animal ou des animaux doit suivre immédiatement le numéro enregistreur. Si mention est faite de plus d'un genre il faut une fiche distincte pour chaque genre.

Chaque genre nouveau doit avoir une fiche distincte ; le nom du genre nouveau doit être suivi de l'indication "n. gen.," puis d'une courte indication du genre ou des genres auxquels il est allié et de quelques indications relatives aux espèces qu'il renferme ; le tout sera suivi du nom d'auteur et de la référence.

Les sous-genres nouveaux seront traités de la même façon que les genres, mais l'indication "n. gen." sera remplacée par "n. subgen.," et l'on mettra ensuite le nom du genre auquel le sous-genre se rattache.

bile qualche nuova suddivisione, si deve annotare sulla scheda la nuova suddivisione proposta affinché l'Ufficio Centrale decida come si debba comportare con essa. In nessun caso si devono porre sulla stessa scheda due soggetti portanti numeri diversi.

Se il libro o la memoria si riferisce a tante di queste suddivisioni che non fa d'uopo accennarle tutte, allora si pone per la suddivisione la parola "generale." La suddivisione dev'essere seguita (a) dal nome dell'autore, (b) dal titolo, ossia dal titolo modificato, del lavoro.

Esempio—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys]. (Danish) Kjöbenhavn, Biol. Forh., 1899-1900, 1901, (1-8).

Se questa scheda si manda all'Ufficio Centrale attaccata alla scheda a titolo corrispondente si deve abbreviare, come si è spiegato qui sopra, a :—

N 6015 [Regeneration].

Lange, C. Experiments on regeneration [of kidneys]. (Danish) (1-8).

(3) *Schede sistematiche.*—Su queste schede il nome dell'animale o degli animali deve seguire immediatamente il numero di registrazione. Se si fa menzione di più di un genere bisogna far una scheda separata per ogni genere.

Ciascun nuovo genere deve avere una scheda separata ; il nome del nuovo genere dev'essere seguito dalla indicazione "n. gen.," poi viene una breve indicazione di quello cui esso si connette, e qualche indicazione delle specie che include, e segue infine il nome dell'autore e le riferenze.

I nuovi sottogeneri saranno trattati in modo simile ai nuovi generi, ma sarà adoperata la indicazione "n. subgen.," e seguirà il nome del genere del quale il sottogenere è divisione.

The author's name should follow the title or modified title on these slips.

Examples—

(I) N 2631.

Amblyops crozetii, bipolar occurrence. Ohlin, A. Ann. Mag. Nat. Hist., London, (Ser. 7), 7, 1901, (371–374).
[Schizopoda.]

(II) N 4431.

Heterophrya neximargo sp. n. Peru. Warren, W. Nov. Zool., Tring, 8, 1901, (457).
[Geometridae.]

When more than one new species is described from the same genus, all the new species should be mentioned on the slip and the respective page references given. Where only one new species is mentioned the slip should be arranged as in Example II. In any case the habitat should be given where possible.

At the end of each slip the name of the group of animals referred to should be given. When the work gives no indication of the group (i.e., Family, Sub-family or Tribe) and the slip-maker cannot from his own knowledge supply the deficiency the sign [?] may be written at the end of the slip.

When it is undesirable to index each genus separately a general entry should be given.

Example—

N 4431.

Hoyningen-Huene, F. von. Aberrationen einiger estländischer Eulen und Spanner. Berliner ent. Zs., 46, 1901, (309–319, mit 1 Taf.).
[Noctuidae.]

On systematic slips Christian names should be represented by initials only.

Slips relating to fossil forms are to be marked †, and slips relating to fossil and recent forms †*. (The latter condition occurs only rarely in this division.)

Bei diesen Zetteln sollte der Verfassersname auf den Titel oder modifizierten Titel folgen.

Beispiele—

(I) N 2631.

Amblyops crozetii, bipolar occurrence. Ohlin, A. Ann. Mag. Nat. Hist., London, (Ser. 7), 7, 1901, (371–374).
[Schizopoda.]

(II) N 4431.

Heterophrya neximargo sp. n. Peru. Warren, W. Nov. Zool., Tring, 8, 1901, (457).
[Geometridae.]

Wird mehr als eine neue Art derselben Gattung beschrieben, so sollen sämtliche neue Arten, mit Angabe der betreffenden Seiten-Zahlen, auf dem Zettel erwähnt werden. Wo es sich bloß um eine neue Art handelt, ist der Zettel wie in Beispiel II herzustellen. Das Habitat ist auf jeden Fall wenn möglich anzugeben.

Am Ende eines jeden System-Zettels ist der Name der betreffenden Tiergruppe anzuführen. Enthält die Arbeit keine Angabe der Gruppe (d.h. Familie, Unterfamilie oder Tribus) und ist der Zettelschreiber nicht im stande, aus eigener Kenntniss die Lücke auszufüllen, so kann das Zeichen [?] an das Ende des Zettels gesetzt werden. Ist die gesonderte Angabe einer jeden Gattung nicht wünschenswert, so ist eine allgemeine Bezeichnung zu geben.

Beispiel—

N 4431

Hoyningen-Huene, F. von. Aberrationen einiger estländischer Eulen und Spanner. Berliner ent. Zs., 46, 1901, (309–319, mit 1 Taf.).
[Noctuidae.]

Auf den System-Zetteln sollen die Vornamen nur durch Anfangsbuchstaben wiedergegeben werden.

Zettel, die sich auf fossile Formen beziehen, sind durch ein † zu bezeichnen; solche, die sich sowohl auf fossile als auf recente Formen beziehen, durch ein †*. (Der letzte Fall kommt in diesem Abschnitt nur selten vor.)

Le nom d'auteur doit *suivre* le titre ou le titre modifié sur ces fiches.

Exemples—

(I) N 2631.

Amblyops crozetii, bipolar occurrence. Ohlin, A. Ann. Mag. Nat. Hist., London, (Ser. 7), 7, 1901, (371-374).
[Schizopoda.]

(II) N 4431.

Heterephrya neximargo sp. n. Peru. Warren, W. Nov. Zool., Tring, 8, 1901, (457).
[Geometridae.]

Quando il y a description de plus d'une espèce du même genre, toutes les espèces nouvelles doivent être portées sur la fiche avec le renvoi aux pages respectives. S'il ne s'agit que d'une seule espèce nouvelle la fiche doit être établie conformément à exemple II. L'habitat doit être indiqué en tout cas si possible. L'on devra placer à la fin de chaque fiche systématique le nom du groupe d'animaux auquel la fiche se rapporte. Quand l'ouvrage ne fournit aucune indication de groupe (famille, sous-famille ou tribu) et lorsque le rédacteur de la fiche ne peut, d'après ses propres connaissances, suppléer à ce défaut d'indications, l'on pourra mettre le signe [?] à la fin de la fiche.

S'il n'est pas à désirer que chaque genre soit catalogué séparément il faut établir un article général.

Exemple—

N 4431.

Hoyningen-Huene, F. von. Aberrationen einiger estländischer Eulen und Spanner. Berliner ent. Zs., 46, 1901, (309-319, mit 1 Taf.).
[Noctuidae.]

Sur les fiches systématiques les noms de baptême doivent être représentés par des initiales seulement.

Les fiches relatives aux formes fossiles doivent être marquées †, et celles qui se rapportent aux formes fossiles récentes †*. (Cette dernière condition ne se présente que rarement dans cette division.)

Su queste schede il nome dell'autore deve venire *dopo* il titolo o titolo modificato.

Esempi—

(I) N 2631.

Amblyops crozetii, bipolar occurrence. Ohlin, A. Ann. Mag. Nat. Hist., London, (Ser. 7), 7, 1901, (371-374).
[Schizopoda.]

(II) N 4431.

Heterephrya neximargo sp. n. Peru. Warren, W. Nov. Zool., Tring, 8, 1901, (457).
[Geometridae.]

Quando si descrive più di una specie nuova del medesimo genere, tutte le specie nuove devono venire accennate sulla scheda colla riferenza alle pagine rispettive. Trattandosi di una sola specie nuova, la scheda dev' essere redatta come in esempio II. In ogni caso, per quanto sia possibile, si deve menzionare il habitat.

Al fine di ciascuna scheda sistematica si deve porre il nome del gruppo di animali cui la scheda si riferisce. Quando il lavoro non porta indicazione del gruppo (cioè famiglia, sottofamiglia, tribù) e il redattore della scheda non può di suo supplire alla deficienza, si può mettere al fine della scheda il segno [?].

Quando non si vuole catalogare separatamente ogni genere, si farà un' annotazione generale.

Esempio—

N 4431.

Hoyningen-Huene, F. von. Aberrationen einiger estländischer Eulen und Spanner. Berliner ent. Zs., 46, 1901, (309-319, mit 1 Taf.).
[Noctuidae.]

I nomi di battesimo devono essere rappresentati sulle schede sistematiche colle sole iniziali.

Le schede relative a forme estinte saranno segnate †, e le schede relative a forme estinte e viventi †*. (L'ultima condizione occorre soltanto raramente in questa divisione.)

(4) *Lists of New Genera and Species.*—For the preparation of these lists, the Regional Bureaus should give the names of genera and sub-genera (a) which are new, (b) the significance of which has been changed, (c) which contain new species. These may be written at the foot of the systematic slips, but it would greatly facilitate an earlier production of the volume if the Regional Bureaus would write each new genus on a separate card and attach it to the systematic slip.

Date of Receiving Slips.

The period during which the material for any one year will be received at the Central Bureau will not extend beyond June of the following year. Regional Bureaus are therefore earnestly requested to complete the indexing of their zoological literature within the time named.

The period covered by the literature indexed in any one of the annual volumes shall be from January 1st to December 31st of the particular year, but any matter which had not been received in time for insertion in the previous volume shall also be included therein.

Distinctive Character of cards.

The editorial work will be greatly facilitated by ruling a red line near the left-hand edge of the title slips, a green line near the left-hand edge of the subject slips, and no line at all on the taxonomy and new species slips. Or the slips may be printed on thin card of three colours, viz., red for the title slips, green for the subject slips, and white for the systematic slips. The size of the slips must be 16 cm. by 8 cm.

(4) *Listen neuer Gattungen und Arten.*—Zur Herstellung dieser Listen sollten die Regionalbureaus die Namen der Gattungen und Untergattungen angeben, (a) die neu sind, (b) deren Bedeutung sich geändert hat, (c) die neue Arten enthalten. Diese können am Fusse der System-Zettel angeführt werden, es würde jedoch zur schnelleren Erscheinung des Bandes wesentlich beitragen, wenn die Regionalbureaus jede neue Gattung auf einem besonderen Zettel schreiben und diesen an den System-Zettel hefteten.

Termin des Empfangs der Zettel.

Das Material für irgend ein Jahr darf nicht später als Ende Juni des folgenden Jahres in den Besitz des Centralbureaus gelangen. Die Regionalbureaus werden daher dringend ersucht, mit dem Katalogisieren ihrer zoologischen Literatur bis zu dem genannten Termin fertig zu werden.

Die in irgend einem der jährlichen Bände veröffentlichte Litteratur soll die Periode vom 1. Januar bis zum 31. December des betreffenden Jahres decken, etwaige Artikel aber, die für den vorigen Band zu spät eintrafen, werden darin mit aufgenommen.

Markierung der Zettel.

Die Herausgabe wird bedeutend erleichtert werden, wenn auf den Titel-Zetteln nahe dem linken Rande eine rothe Linie, auf den Sach-Zetteln entsprechend eine grüne Linie gezogen wird, während die Taxonomie- und Arten-Zettel ohne Linie bleiben. Man kann auch die Zettel auf drei verschiedenfarbige Sorten Carton drucken, nämlich die Titel-Zettel auf roten, die Sach-Zettel auf grünen und die System-Zettel auf weissen.

Die Zettel müssen 16 × 8 cm. gross sein.

(4) *Listes des genres et espèces nouvelles.*—Pour la rédaction de ces listes les Bureaux Régionaux doivent donner les noms des genres et sous-genres (a) qui sont nouveaux, (b) dont la signification est changée, (c) qui contiennent des espèces nouvelles. Ils peuvent être écrits au pied des fiches systématiques, pourtant si les Bureaux Régionaux voulaient écrire chaque genre nouveau sur une fiche séparée et l'attacher à la fiche systématique, cela contribuerait beaucoup à accélérer la publication du volume.

Date de la réception des fiches.

La période pendant laquelle les matières pour une année quelconque seront admises par le Bureau Central ne s'étendra pas au-delà du mois de juin de l'année suivante. Aussi les Bureaux Régionaux sont-ils instamment priés de compléter l'index de leur littérature zoologique avant l'expiration de ce terme.

La littérature indexée dans un volume annuel quelconque comprendra la période du 1^{er} janvier au 31 décembre de l'année en question, ainsi que les articles qui étaient arrivés trop tard pour être incorporés dans le volume précédent.

Caractère distinctif des fiches.

Le travail du Directeur sera grandement facilité si l'on trace une ligne rouge près du bord gauche des fiches de titre, une ligne verte près du bord gauche des fiches de matière, et si l'on ne trace aucune ligne sur les fiches systématiques et sur les fiches pour les espèces nouvelles. On peut aussi imprimer les fiches sur des cartons minces de trois couleurs, savoir, une carte rouge pour les fiches de titre, une carte verte pour les fiches de matière, et une carte blanche pour les fiches systématiques.

Les dimensions des fiches doivent être de 16 cm. sur 8 cm.

(4) *Elenchi di Generi e Specie nuove.*—Per la redazione di questi elenchi gli Uffici Regionali devono dare i nomi dei generi e sottogeneri, (a) che sono nuovi, (b) il cui significato si è cambiato, (c) che contengono delle specie nuove. Questi possono essere scritti in fondo alle schede sistematiche, ma contribuirebbe molto ad accelerare la pubblicazione del tomo se gli Uffici Regionali scrivessero ogni genere nuovo sopra una scheda separata e attaccassero questa alla scheda sistematica.

Data di ricezione delle schede.

Il periodo durante il quale il materiale per un anno qualunque sarà ammesso dall' Ufficio Centrale non si stenderà in là di Giugno dell'anno seguente. Gli Uffici Regionali sono perciò pregati con istanza di completare il catalogo della loro letteratura zoologica dentro del detto termine.

La letteratura catalogata in un tomo annuale qualunque comprenderà il periodo dal 1^o Gennaio al 31 Dicembre dell' anno di cui si tratta, coll' aggiunto di quegli articoli che fossero ricevuti troppo tardi per essere inclusi nel tomo precedente.

Carattere disiintivo delle schede.

Il lavoro dell' Ufficio Centrale sarà grandemente facilitato dal segnare il margine sinistro delle schede a titolo con una linea rossa. quello delle schede a soggetto con una verde, e dal lasciare senza linea le schede tassonomiche e quelle per le specie nuove. Oppure le schede potranno essere scritte su carta di tre colori, rosso, verde, e bianco, il primo per le schede a titolo, il secondo per quelle a soggetto, il terzo per quelle sistematiche.

Il formato delle schede devlessere di 16 per 8 centimetri di lato.

0000-0231. Comprehensive Zoology.

N.B.—The subjects enumerated under numbers 0000 to 0231 may recur in any one of the subsequent Branches. In the Catalogue only works that deal with several Branches will be registered under numbers 0000 to 0231; hence the term "Comprehensive Zoology."

HYPERZOOLOGY.

- 0000 Philosophy.
- 0010 History. Biography.
- 0020 Periodicals. Reports of Institutions, Societies, Congresses, Explorations.
- 0030 General Treatises, Text-books, Dictionaries, Collected Works, Tables.
- 0032 Bibliographies.
- 0040 Addresses, Lectures, etc., of a general character.
- 0050 Pedagogy.
- 0060 Institutions, Museums, Collections, Aquaria, Gardens, Utility and Harmfulness, Zoology in relation to Medicine, etc. (*See also the general sections of Special Zoology.*)
- 0070 Nomenclature (principles of).
- 0090 Technique. Methods of research, instruments and apparatus.
- 0207 STRUCTURE (OR MORPHOLOGY). [In general or of more than one of the classes of animals.] (*See also (L) General Biology (O) Anatomy and (Q) Physiology.*)

General; Comparative Anatomy; Special Anatomy and Histology: Tegument and its Organs; Nervous System and Organs of Sense; Myology; Skeleton (including Osteology and Dentition); Skeletal Structures of Invertebrates; Alimentary System: Circulatory and Respiratory Organs; Water Vascular System, Blood, Lymph, Cœlomic Fluid, Chyle. Special Glands; Excretory Organs; Reproductive Organs; Special External Characters; Colour. Rudimentary or Vestigial Organs, and Organs of uncertain nature.

0000-0231. Allgemeine Zoologie.

N.B.—Die unter Nr. 0000 bis 0231 aufgeführten Gegenstände können in jedem der nachfolgenden Zweige wiederkehren. Unter Nr. 0000-0231 bringt der Katalog nur solche Arbeiten, die mehrere Zweige behandeln. Daher der Ausdruck „Allgemeine Zoologie.“

HYPERZOOLOGIE.

- Philosophie.
- Geschichte. Biographien.
- Periodica. Berichte von Instituten, Gesellschaften, Kongressen, Forschungsreisen etc.
- Allgemeine Abhandlungen, Lehrbücher, Wörterbücher, Sammelwerke, Tabellen.
- Bibliographien.
- Festreden, Vorträge u.s.w., allgemeiner Art.
- Pädagogik.
- Institute, Museen, Sammlungen, Aquarien, Gärten, Nützlichkeit und Schädlichkeit, Zoologie in Beziehung zur Medizin etc. (*Siehe auch die allgemeinen Abteilungen der speciellen Zoologie.*)
- Nomenklatur (Prinzipien).
- Technik. Untersuchungsmethoden. Instrumente and Apparate.
- STRUKTUR (ODER MORPHOLOGIE). [Im allgemeinen oder von mehreren Tierklassen.] (*Si he auch (L) Allgemeine Biologie, (O) Anatomie und (Q) Physiologie.*)
- Allgemeines; Vergleichende Anatomie; Speciell Anatomie und Histologie: Tegument und seine Organe; Nervensystem und Sinnesorgane: Myologie: Skelett (einschl. Osteologie und Zahnbildung); Inneres Skelett bei Wirbellosen; Ernährungssystem: Circulations- und Respirationsorgane; Wassergefässsystem, Blut, Lymphe, Cœlomflüssigkeit, Chylus. Speciell Drüsen; Excretions-Organe; Reproduktive Organe; Speciell äussere Charaktere; Farbe. Rudimentäre oder unentwickelte Organe und Organe ungewisser Natur.

0000-0231. Zoologie générale.

N.B.—Les sujets énumérés sous les indices 0000 à 0231 peuvent être représentés dans chacune des “branches” suivantes ; mais c'est seulement les ouvrages ayant trait à plusieurs “branches” qui doivent être catalogués sous les numéros 0000 à 0231 ; de là le terme de “Zoologie générale.”

HYPERZOOLOGIE.

- 0000 Philosophie.
- 0010 Histoire. Biographie.
- 0020 Périodiques. Rapports d'Institutions, de Sociétés, de Congrès, d'Explorations, etc.
- 0030 Traités généraux, Manuels, Dictionnaires, Recueils, Tables.
- 0032 Bibliographies.
- 0040 Discours, Cours, etc., d'un caractère général.
- 0050 Enseignement.
- 0060 Institutions, Musées, Collections, Aquaria, Jardins, Utilité et Nocuité. Zoologie en rapport avec la Médecine, etc. (*Voy aussi les sections générales de la Zoologie spéciale.*)
- 0070 Nomenclature (principes de).
- 0090 Technique. Méthodes de recherche, instruments et appareils.
- 0207 STRUCTURE (OU MORPHOLOGIE). [En général ou dans plusieurs classes d'animaux.] (*Voy. aussi (L) Biologie Générale, (O) Anatomie et (Q) Physiologie.*)

Généralités ; Anatomie comparée ; Anatomie spéciale et Histologie (*ex. organes tégumentaires*) ; Système nerveux et organes des sens ; Myologie ; Squelette (*y compris Ostéologie et Dentition*) ; Structure des Invertébrés ; Système digestif ; Appareils de la circulation et de la respiration ; Système aquifère vasculaire, sang, lymphe, liquide de la cavité générale, chyle. Glandes spéciales ; Organes d'excrétion ; Organes de reproduction ; Organes externes spéciaux ; Couleur. Organes rudimentaires ou vestiges d'organes anciens ; Organes de nature incertaine.

0000-0231. Zoologia comprensiva.

I soggetti designati coi numeri 0000 a 0231 possono ricorrere in ognuno dei seguenti rami. Nel catalogo, tuttavia, soltanto i lavori che trattano di diversi rami saranno registrati sotto i numeri 0000 a 0231 ; di qui il termine “Zoologia comprensiva.”

IPERZOOLOGIA.

- Filosofia.
- Storia. Biografia.
- Periodici. Resoconti di Istituti, Società, Congressi, Esplorazioni.
- Trattati generali, Libri di testo, Dizionari, Raccolte, Tavole.
- Bibliografie.
- Discorsi, Letture, etc., aventi un carattere generale.
- Pedagogia.
- Istituti, Musei, Collezioni, Aquaria, Giardini, Utilità e Nocività. Zoologia in rapporto alla medicina. (*Vedi anche le sezioni generali della Zoologia speciale.*)
- Principi di Nomenclatura.
- Tecnica. Metodi di ricerca, strumenti ed apparati.
- STRUTTURA (O MORFOLOGIA). [In generale oppure di più di una classe di animali.] (*Vedi anche (L) Biologia Generale, (O) Anatomia e (Q) Fisiologia.*)

Generalità ; Anatomia comparata ; Anatomia speciale e Istologia ; Tegumento e suoi organi ; Sistema nervoso e organi di senso ; Miologia ; Scheletro (*incl. Osteologia e Dentizione*) ; Strutture interne scheletriche degli invertebrati ; Apparecchio alimentare ; Organi della circolazione e della respirazione ; Sistema acquifero vascolare, Sangue, Linfa, Liquido celomatico, Chilo ; Glandule speciali ; Organi escretori ; Organi riproduttivi. Caratteri speciali esterni ; Colore. Organi rudimentali e in vestigio e organi di natura incerta.

- 0211 **PHYSIOLOGY** [of the Animal Kingdom, or of more than one of its Branches]. (*See also* (Q) Physiology.)

[Physiology will be treated as a separate science. In zoology it is therefore only necessary to collect those physiological memoirs that specially interest zoologists; hence a detailed division is superfluous, but the following may be cited as examples to come under this heading.]

General; Production of Sex; Production of Caste; Function of Sense Organs; Function of Special Organs and Structures, *e.g.*, of Glands; Assimilation; Respiration; Environmental Effects; Change of Function; Adaptation. Duration of Life; Senescence; Death.

- 0215 **DEVELOPMENT.** [General works on more than one of the Branches.] (*See also* L 2000-5900; O 1500-1940.)

General; Budding and Asexual Reproduction; Oogenesis and Ovum; Spermatogenesis and Spermatozoon; Phenomena of Fertilization; Parthenogenesis; Embryology, Organogeny and Histogeny; Metamorphosis and Larval Forms; Post-embryonic Ontogeny; Alternation of Generations; Pædogenesis; Dissogony; Cycles of Generations; Changes during Life; Regeneration; Hermaphroditism.

For cell-structure and processes *see* (L) General Biology—Cytology.

- 0219 **ETHOLOGY.** [Works dealing with one or more of the following subjects, and relating to more than one Branch of the Animal Kingdom.]

General; Habits; Phenology; Migration and Nonmigration; Hibernation; Parental Relations; Sexual Relations; Sexual Dimorphism; Oviposi-

- PHYSIOLOGIE** [des Tierreichs oder mehrerer seiner Zweige]. (*Siehe auch* (Q) Physiologie.)

[Physiologie wird als besondere Wissenschaft behandelt werden. In „Zoologie“ brauchen daher nur solche physiologische Abhandlungen aufgeführt zu werden, die speciell den Zoologen interessieren. Darum ist eine detaillierte Einteilung hier überflüssig, doch mag das Folgende als Beispiel dienen.]

Allgemeines; Hervorbringung des Geschlechtes, der Rasse; Funktion der Sinnesorgane; Funktion besonderer Bildungen, z. B. Drüsen; Assimilation; Atmung; Wirkung der Umgebung; Funktionswechsel; Anpassung. Lebensdauer; Altern; Tod.

- ENTWICKELUNG.** [Allgemeine Werke über mehr als einen der Zweige.] (*Siehe auch* L 2000-5900; O 1500-1940.)

Allgemeines; Knospenbildung und ungeschlechtliche Fortpflanzung; Oogenesis und Ovum; Spermatogenesis und Spermatozoon; Befruchtungs-Phänomene; Parthenogenesis; Embryologie, Organogenie und Histogenie; Metamorphose und Larvenformen; postembryonale Ontogenie; Generationswechsel; Pædogenesis; Dissogonie; Generations-Cyklen; Veränderungen während des Lebens; Regeneration; Hermaphroditismus.

Zell-Struktur und -Prozesse *siehe* (L) Allgemeine Biologie—Cytologie.

- ETHOLOGIE.** [Arbeiten, die einen oder mehrere der folgenden Gegenstände behandeln und sich auf mehr als einen Zweig des Tierreichs beziehen.]

Allgemeines; Lebensgewohnheiten; Phänologie; Wanderung und Nichtwanderung; Winterschlaf; Beziehungen zwischen Eltern und Nachkommenschaft;

0211 **PHYSIOLOGIE** [du règne animal ou de plusieurs branches du règne animal]. (*Voy. aussi* (Q) *Physiologie*.)

[La Physiologie doit être traitée comme une science distincte ; en conséquence, en Zoologie il ne sera nécessaire de relever que les mémoires de physiologie qui intéressent spécialement les zoologistes ; une division détaillée est donc superflue, néanmoins on peut citer la suivante comme exemple]

Généralités ; Production des sexes ; Formation des genres ; Fonctions des organes des sens ; Fonctions des organes de structure spéciale (*ex.* des glandes) ; Assimilation ; Respiration ; Influence du milieu ; Changement de fonction ; Adaptation ; Durée de la vie ; Sénescence ; Mort.

0215 **DÉVELOPPEMENT**. [Ouvrages généraux ayant trait à plusieurs "branches."] (*Voy. aussi* L 2000-5900 ; O 1500-1940.)

Généralités ; Bourgeonnement et reproduction asexuée ; Oogenèse et œuf ; Spermatogenèse et Spermatozoïdes ; Phénomènes de fécondation ; Parthénogenèse ; Embryologie, organogénie et histogénie ; Métamorphose et formes larvaires ; Ontogénie postembryonnaire ; Générations alternantes ; Pédogenèse ; Dissogonie ; Cycles de générations ; Changements pendant la vie ; Régénération ; Hermaphrodisme.

Pour la structure et les processus cellulaires *voir* (L) *Biologie générale*—Cytologie.

0219 **ETHOLOGIE**. [Ouvrages traitant d'un ou de plusieurs des sujets suivants et se rapportant à un ou à plusieurs embranchements du règne animal].

Généralités ; Habitudes ; Phénologie ; Migration et non-migration ; Hibernation ; Relations de parenté ; Relations sexuelles ; Dimorphisme sexuel ; Ponte ;

FISIOLOGIA [del Regno animale o di più di uno dei suoi rami]. (*Vedi anche* (Q) *Fisiologia*.)

[La fisiologia sarà trattata come una scienza separata. Nella zoologia è perciò soltanto necessario raccogliere quelle memorie di fisiologia che più specialmente possono interessare lo zoologo ; quindi una divisione particolareggiata è superflua, ma ciò che segue può rappresentare la divisione di questo capitolo.]

Generalità : Produzione dei sessi ; Produzione di caste ; Funzione degli organi di senso ; Funzione di speciali organi, *p. es.* le glandule ; Assimilazione ; Respirazione ; Effetti dell' ambiente ; Cambiamento di funzione ; Adattamento. Durata della vita ; Senescenza ; Morte.

SVILUPPO. [Lavori generali su più di uno dei rami.] (*Vedi anche* L 2000-5900 ; O 1500-1940.)

Generalità ; Gemmazione e riproduzione asessuale ; Oogenesi e Uovo ; Spermatogenesi e Spermatozoide ; Fenomeni di Fecondazione ; Partenogenesi ; Embriologia, organogenia ed istogenia ; Metamorfosi e forme larvali ; Ontogenia postembrionale ; Alternanza delle generazioni ; Pedogenesi ; Dissogonia ; Cicli delle generazioni ; Cambiamenti durante la vita ; Rigenerazione ; Ermafroditismo.

Per la struttura cellulare e i processi di sviluppo *vedi* (L) *Biologia generale*—Citolgia.

ETOLOGIA. [Lavori aventi a che fare con uno o più dei soggetti seguenti e relativi ad uno o più rami del regno animale.]

Generalità ; Abitudini ; Fenologia ; migrazione e non migrazione ; ibernazione ; rapporti parentali ; rapporti sessuali ; dimorfismo sessuale

tion; Voice; Sound Production; (*see also* Q 4145). Luminosity; (*see also* Q 0260). Habitat with sub-divisions, *e.g.*, Cavernicolous Animals, Pelagic and Deep-sea Animals (plankton), etc.; Instinct and Psychology; Social Relations; Gregariousness; Symbiosis; (*see also* L 5550; Q 0285; R 1640); Parasitism; Defensive Processes (including Protective Coloration, Mimicry and Protective Resemblance); Ornament and Colour; Breeding and Acclimatisation.

Sexuelle Beziehungen; Sexueller Dimorphismus; Eiablage; Stimme; Hervorbringung von Lauten (*siehe auch* Q 4145); Leuchtvermögen (*siehe auch* Q 0260); Habitat mit Unterabteilungen, z. B. Höhlentiere, pelagische und Tiefsee-Tiere (Plankton) u. s. w.; Instinkt und Psychologie; Soziale Beziehungen; Heerdenleben; Symbiose (*siehe auch* L 5550; Q 0285; R 1640); Parasitismus; Verteidigungs-Processe (einschl. Schutzfärbung, Mimikry und schützende Ähnlichkeiten); Schmuck und Farbe; Züchtung und Akklimatisation.

0223 VARIATION AND ÆTIOLOGY. [Works dealing with one or more of the following subjects and relating to more than one Branch of the Animal Kingdom.] (*See also* (L) General Biology, and (Q) Physiology.)

General; Substantive variation; size, proportions, form, colour, etc. Meristic variations; numerical [meristic proper]; homoeotic; teratological. Bionomic variation; of fertility; of time of appearance; of maturity; of development; of habits. Phylogeny.

Or indexed alternatively or supplementally, with reference to treatment—descriptive, statistical, mathematical; geographical or stational.

Heredity. Grafts. Crosses and Hybrids. In-breeding. Telegonny. Evolution. (*See also* K 0200; L 4300.)

0227 GEOGRAPHICAL ZOOLOGY.

Geographical Distribution. [Works relating to the principles and modes of distribution.]

Topographical Zoology. [Works relating to the Fauna of one or more of the sub-divisions used in (J) Geography, and dealing

VARIATION UND ÆTIOLOGIE. [Arbeiten, die einen oder mehrere der folgenden Gegenstände behandeln und sich auf mehr als einen Zweig des Tierreichs beziehen.] (*Siehe auch* (L) Allgemeine Biologie und (Q) Physiologie.)

Allgemeines; Substantielle Variation; Grösse, Proportionen, Form, Farbe etc. Meristische Variationen; numerische (meristische im eigentlichen Sinne); homoeotische; teratologische. Bionomische Variation; in Hinsicht auf Fruchtbarkeit, auf Erscheinungszeit; auf Zeit der Reife; auf Entwicklung; auf Lebensgewohnheiten. Phylogenie.

Hierneben oder als Ergänzung eine Einteilung mit Rücksicht auf die Art der Behandlung—obdescriptiv, statistisch, mathematisch; geographisch oder nach Standort.

Vererbung. Pfropfen. Kreuzungen und Bastardbildungen. Inzucht. Telegonie. Evolution. (*Siehe auch* K 0200; L 4300.)

GEOGRAPHISCHE ZOOLOGIE.

Geographische Verbreitung. [Arbeiten, die sich auf die Prinzipien und die Arten der Verbreitung beziehen.]

Topographische Zoologie. [Arbeiten, die sich auf die Fauna einer oder mehrerer der Unterabteilungen in (J) Geographie,

Voix; Productions des sons; (*Voy aussi* Q 4145.) Production de la lumière; (*Voy. aussi* Q 0260.) Habitat avec subdivisions, *ex.* Animaux cavernicoles; Animaux pélagiques et des zones abyssales (plankton), etc.; Instinct et Psychologie; Relations sociales; Instincts sociaux; Symbiose; (*Voy. aussi* L 5550; Q 0285; R 1640); Parasitisme; Procédés de défense; Ressemblance (y compris la coloration protectrice, le mimétisme et la ressemblance protectrice); Ornaments et couleur; Elevage et acclimatation.

0223 VARIATION ET ETIOLOGIE. [Ouvrages traitant d'un ou de plusieurs des sujets suivants, et ayant trait à plus d'une branche du règne animal.] (*Voy. aussi* (L) Biologie Générale et (Q) Physiologie.)

Généralités; Variations traitées en elles-mêmes; Taille, proportions, forme, couleur, etc. Variations méristiques; variations numériques (méristiques proprement dites); homéotiques; tératologiques. Variations bionomiques, variations de fécondité; variations dans l'époque d'apparition, la maturité, le développement, les habitudes. Phylogénie.

Variations traitées d'une façon supplémentaire dans les ouvrages descriptifs, statistiques, mathématiques, géographiques.

Hérédité. Greffes. Croisements et Hybrides. Unions consanguines. Télégonie. Évolution. (*Voy. aussi* K 0200; L 4300.)

0227 ZOOLOGIE GÉOGRAPHIQUE.

Distribution géographique des animaux. [Ouvrages ayant trait aux principes et aux modes de distribution géographique.]

Zoologie topographique. [Ouvrages ayant trait à la faune d'une ou de plusieurs des subdivisions employées en (J)

oviposizione: voce; produzione di suoni (*v. anche* Q 4145); luminosità (*v. anche* Q 0260); Habitat con suddivisioni, *p. es.* animali cavernicoli, animali pelagici e delle zone abissali (plankton), etc.: istinto e psicologia; rapporti sociali; istinti gregari; simbiosi (*v. anche* L 5550; Q 0285; R 1640); parasitismo; processi difensivi (compresi la colorazione protettiva, il mimetismo e la rassomiglianza protettiva); ornamenti e colore; Allevamento ed acclimatazione.

VARIAZIONE ED ETIOLOGIA. [Lavori aventi a che fare con uno o più dei soggetti seguenti e relativi ad uno o più rami del regno animale.] (*Vedi anche* (L) Biologia Generale e (Q) Fisiologia).

Generalità; Variazione sostanzialmente considerata; dimensioni, proporzioni, forma, colore, etc. Variazioni meristiche; numeriche (meristiche vere e proprie); omeotiche; per teratologia. Variazioni bionomiche; di fecondità; di epoca di apparizione; di maturità; di sviluppo; di abitudini. Filogenia.

Oppure considerata alternativamente e supplementariamente sotto il punto di vista descrittivo, statistico, matematico, geografico o stazionario.

Eredità. Innesti. Incrociamenti e ibridismi. Consanguineità. Telegonia. Evoluzione. (*Vedi anche* K 0200; L 4300).

ZOOLOGIA GEOGRAFICA.

Distribuzione geografica. [Lavori relativi ai principi e ai modi di distribuzione.]

Zoologia topografica. [Lavori relativi alla Fauna di una o più delle suddivisioni adottate in (J) Geografia, e riferentisi a

with more than one of the Branches of Zoology.]

beziehen und mehr als einen Zweig der Zoologie umfassen.]

0231 **TAXONOMY or CLASSIFICATION** in general.

[In this are to be placed works dealing with the principles of zoological classification; works discussing the classification of more than one of the Branches; works dealing with the relations of the great groups of existing animals; phylogenetic classification, *i.e.*, the relations in time of the great groups of animals. Works relating to the classification of only one of the Branches are to be dealt with in that Branch.]

TAXONOMIE ODER KLASSIFIKATION IM ALLGEMEINEN.

[Hierher sind Arbeiten zu stellen, welche die Prinzipien der zoologischen Klassifikation behandeln; ferner Arbeiten, welche die Klassifikation von mehr als einem der Zweige discutieren; Arbeiten, welche die Beziehungen der grossen Gruppen der lebenden Tierwelt behandeln; phylogenetische Klassifikation, d. h. die zeitlichen Beziehungen der grossen Tiergruppen. Dagegen sind Arbeiten, die sich auf die Klassifikation eines einzelnen Zweiges beziehen, bei diesem zu erledigen.]

0400-6031 Special Zoology.

0400-6031 Spezielle Zoologie.

0400-0431 Protozoa. (*See also* R 1200.)

Protozoa. (*Siehe auch* R 1200.)

The principal divisions are:—

Mycetozoa; Rhizopoda (Radiolaria, Heliozoa, Foraminifera, Amœbaea, Proteomyxa); Sporozoa (Gregarinida, Coccidiidea, Haemosporidia, Myxosporidia, Sarcosporidia); Mastigophora (Flagellata, Dinoflagellata); Infusoria (Acinetaria, Ciliata).

Hauptabteilungen sind:—

Mycetozoa; Rhizopoda (Radiolaria, Heliozoa, Foraminifera, Amœbaea, Proteomyxa); Sporozoa (Gregarinida, Coccidiidea, Haemosporidia, Myxosporidia, Sarcosporidia); Mastigophora (Flagellata, Dinoflagellata); Infusoria (Acinetaria, Ciliata).

0600-0631 Porifera (or Spcngida).

The principal divisions are:—

Calcarea; Hexactinellida; Demospongiae (Carnosa, Tetractinellida, Monaxonida, Keratosa, Myxospongida).

Porifera (oder Spcngida).

Hauptabteilungen sind:—

Calcarea; Hexactinellida; Demospongiae (Carnosa, Tetractinellida, Monaxonida, Keratosa, Myxospongida).

0300-0831 Coelenterata (or Cnidaria).

The principal divisions are:—

Graptolites; Hydromedusae; Scyphomedusae; Monticuliporidae; Stromatoporidae; Aleyonaria; Zoantharia; Ctenophora.

Cœlenterata (oder Cnidaria).

Hauptabteilungen sind:—

Graptolites; Hydromedusae; Scyphomedusae; Monticuliporidae; Stromatoporidae; Alevonaria; Zoantharia; Ctenophora.

1000-1031 Echinodermata.

The principal divisions are:—

Cystoidea; Crinoidea; Blastoida; Asteroidea; Ophiuroidea; Echinoidea; Holothurioidea.

Echinodermata.

Hauptabteilungen sind:—

Cystoidea; Crinoidea; Blastoida; Asteroidea; Ophiuroidea; Echinoidea; Holothurioidea.

Géographie et ayant trait à plus d'une branche de la Zoologie.]

0231 **TAXONOMIE ou CLASSIFICATION en général.**

[Dans cette division doivent être placés les ouvrages traitant des principes de la classification zoologique; les ouvrages discutant la classification de plus d'une "branche"; les ouvrages traitant des relations des grands groupes d'animaux de la faune actuelle; la classification phylogénétique, c'est à dire les relations anciennes entre les grands groupes d'animaux. Les ouvrages ayant trait à la classification d'une branche isolée seront traités à propos de cette branche.]

0400-6031. **Zoologie spéciale.**

0400-0431 **Protozoaires.** (*Voy. aussi R 1200.*)

Voici les divisions principales:—

Mycétozoaires; Rhizopodes (Radiolaires, Héliozoaires, Foraminifères, Amœbiens, Protéomyxes); Sporozoaires (Grégariinides, Coccidiides, Haemosporidies, Myxosporidies, Sarcosporidies); Mastigophores (Flagellés, Dinoflagellés); Infusoires (Acinétiens, Ciliés).

0600-0631 **Porifères (ou Spongiaires).**

Voici les divisions principales:—

Calcaires; Hexactinellides; Démospongiaires (Carnosa, Tetractinellides, Monaxonides, Kératosa, Myxospongiaires).

0800-0831 **Cœlentérés (ou Cnidaria).**

Voici les divisions principales:—

Graptolites; Hydroméduses; Scyphoméduses; Monticuliporides; Stromatoporides; Aleyonaires; Zoanthaires; Cténophores.

1000-1031 **Échinodermes.**

Voici les divisions principales:—

Cystoïdes; Crinoïdes; Blastoïdes; Astéroïdes; Ophiuroïdes; Echinoïdes; Holothurioides.

più di uno dei rami della zoologia.]

TASSONOMIA E CLASSIFICAZIONE IN GENERALE.

[Qui saranno posti i lavori che trattano dei principî della classificazione zoologica; i lavori discutenti la classificazione di più di un ramo; i lavori riguardanti le relazioni tassonomiche dei grandi gruppi degli animali esistenti; la classificazione filogenetica, ossia le relazioni nel tempo dei grandi gruppi di animali. I lavori relativi alla classificazione di uno solo dei rami sono trattati in quel ramo.]

0400-6031. **Zoologia Speciale.**

Protozoa. (*Vedi anche R 1200.*)

Le divisioni principali sono:—

Mycetozoa; Rhizopoda (Radiolaria, Heliozoa, Foraminifera, Amœbaea, Proteomyxa); Sporozoa (Gregarinida, Coccidiidea, Haemosporidia, Myxosporidia, Sarcosporidia); Mastigophora (Flagellata, Dinoflagellata); Infusoria (Acinetaria, Ciliata).

Porifera (vel Spongida).

Le divisioni principali sono:—

Calcarea; Hexactinellida; Demospongiae (Carnosa, Tetractinellida, Monaxonida, Keratosa, Myxospongida).

Cœlenterata (vel Cnidaria).

Le divisioni principali sono:—

Graptolites; Hydromedusae; Scyphomedusae; Monticuliporidae; Stromatoporidae; Aleyonaria; Zoantharia; Ctenophora.

Echinodermata.

Le divisioni principali sono:—

Cystoidea; Crinoidea; Blastoidea; Asteroidea; Ophiuroidea; Echinoidea; Holothurioidea.

1200-1231 **Platyhelminthes. Mesozoa and Trichoplax.**

The principal divisions are :—
Platyhelminthes (Turbellaria, Trematoda, Cestoda, Nemertinea); Mesozoa (Dicyemidae, Orthonec-
tidae); *Trichoplax*.

1400-1431 **Nemathelminthes.**

The principal divisions are :—
Nematoda; Nematomorpha (or Gordiidae); Acanthocephala.

1600-1631 **Chaetognatha. Rotifera. Gastrotricha. Kinorhyncha (or Echinodera).**

1800-1831 **Archiannelida. Polychaeta. Myzostomaria. Oligochaeta. Gephyrea. Phoronis. Hirudinea.**

2000-2031 **Brachiopoda. Bryozoa (or Polyzoa).**

The principal divisions are :—
Brachiopoda.
Bryozoa : Entoprocta; Ectoprocta (Gymnolaema: Cyclostomata, Trepostomata, Cryptostomata, Cheilostomata, Ctenostomata; Phylactolaema).

2200-2231 **Mollusca.**

The principal divisions are :—
Lamellibranchiata (or Pelecypoda) (Order should be given); Scaphopoda; Amphineura.
Gastropoda includes Prosobranchiata (Rhipidoglossa, Ptenoglossa, Taenioglossa, Rachiglossa, Toxoglossa); Heteropoda; Opisthobranchiata (Tectibranchiata, Nudi-branchiata); Pteropoda; Pulmonata (Bassomatophora, Stylomatophora). Families of Prosobranchiata and Pulmonata should be mentioned. See Cambridge Natural History.
Cephalopoda includes Nautiloidea, Ammonoidea, Dibranchiata.

2400-2431 **Arthropoda.**

2431 will not include a systematic arrangement of genera and species.

Platyhelminthes. Mesozoa und Trichoplax.

Hauptabteilungen sind :—
Platyhelminthes (Turbellaria, Trematoda, Cestoda, Nemertinea); Mesozoa (Dicyemidae, Orthonec-
tidae); *Trichoplax*.

Nemathelminthes.

Hauptabteilungen sind :—
Nematoda; Nematomorpha (oder Gordiidae); Acanthocephala.

Chætognatha. Rotifera. Gastrotricha. Kinorhyncha (oder Echinodera).

Archiannelida. Polychæta. Myzostomaria. Oligochæta. Gephyrea. Phoronis. Hirudinea.

Brachiopoda. Bryozoa (oder Polyzoa).

Hauptabteilungen sind :—
Brachiopoda.
Bryozoa : Endoprocta; Ectoprocta (Gymnolaema: Cyclostomata, Trepostomata, Cryptostomata, Cheilostomata, Ctenostomata; Phylactolaema).

Mollusca.

Hauptabteilungen sind :—
Lamellibranchiata (oder Pelecypoda) (Ordnung angeben); Scaphopoda; Amphineura.
Gastropoda umfasst Prosobranchiata (Rhipidoglossa, Ptenoglossa, Taenioglossa, Rachiglossa, Toxoglossa); Heteropoda; Opisthobranchiata (Tectibranchiata, Nudi-branchiata); Pteropoda; Pulmonata (Bassomatophora, Stylomatophora). Familien der Prosobranchiata und Pulmonata angeben. Siehe Cambridge Natural History.

Cephalopoda umfasst Nautiloidea, Ammonoidea, Dibranchiata.

Arthropoda.

2431 wird eine systematische Anordnung der Gattungen und Arten nicht enthalten.

1200-1231 Platyhelminthes. Mésozoaires et le Trichoplax.

Voici les divisions principales :—
Platyhelminthes (Turbellariés, Trématodes, Cestodes, Némertiens); Mésozoaires (Dieyemidæ, Orthonectidæ); *Trichoplax*.

1400-1431 Némathelminthes.

Voici les divisions principales :—
Nématodes; Nématomorphes (ou Gordiens); Acanthocéphales.

1600-1631 Chætognathes. Rotifères. Gastrotriches. Kinorhynques (ou Echinodères).

1800-1831 Archiannélides. Polychètes. Myzostomes. Oligochètes. Géphyriens. Phoronis. Hirudinées.

2000-2031 Brachiopodes. Bryozoaires (ou Polyzoaires).

Voici les divisions principales :—
Brachiopodes.
Bryozoaires: Entoproctes; Ectoproctes (Gymnolèmes: Cyclostomes, Trepustomes, Cryptostomes, Cheilostomes, Cténostomes; Phylactolèmes).

2200-2231 Mollusques.

Voici les divisions principales :—
Lamellibranches (ou Pélécy-podes) (indiquer l'ordre); Scaphopodes; Amphineures.

Les Gastropodes comprennent les Prosobranches (Rhipidoglosses, Pténoglosses, Taenioglosses, Rachiglosses, Toxoglosses); Hétéropodes; Opisthobranches (Tectibranches, Nudibranches); Ptéropodes; Pulmonés (Basomatophores, Stylomatophores). Indiquer les familles des Prosobranches et des Pulmonés. *Voy. la Cambridge Natural History.*

Les Céphalopodes comprennent les Nautilés, Ammonites, Dibranches.

2400-2431 Arthropodes.

2431 ne comprendra pas un arrangement systématique des genres et des espèces.

Platyhelminthes. Mesozoa et Trichoplax.

Le divisioni principali sono :—
Platyhelminthes (Turbellaria, Trematoda, Cestoda, Nemertinea); Mesozoa (Dieyemidæ, Orthonectidæ); *Trichoplax*.

Nemathelminthes.

Le divisioni principali sono :—
Nematoda; Nematomorpha (vel Gordiidæ); Acanthocephala.

Chætognatha. Rotifera. Gastrotricha. Kinorhyncha (vel Echinodera).

Archiannelida. Polychæta. Myzostomaria. Oligochæta. Gephyrea. Phoronis. Hirudinea.

Brachiopoda. Bryozoa (vel Polyzoa).

Le divisioni principali sono :—
Brachiopoda.
Bryozoa: Entoprocta; Ectoprocta (Gymnolaema: Cyclostomata, Trepustomata, Cryptostomata, Cheilostomata, Ctenostomata; Phylactolaema).

Mollusca.

Le divisioni principali sono :—
Lamellibranchiata (vel Pelecy-poda) (indicare l'ordine); Scaphopoda; Amphineura.

Gastropoda includono Prosobranchiata (Rhipidoglossa, Ptenoglossa, Taenioglossa, Rachiglossa, Toxoglossa); Heteropoda; Opisthobranchiata (Tectibranchiata, Nudibranchiata); Pteropoda; Pulmonata (Bassomatophora, Stylomatophora). Indicare le famiglie dei Prosobranchiata e Pulmonata. *Vedi Cambridge Natural History.*

Cephalopoda includono Nautiloidea, Ammonoidea, Dibranchiata.

Arthropoda.

2431 non deve includere la disposizione sistematica dei generi e delle specie.

2600-2631 Crustacea.

Entomostraca (= Cirripedia, Ostracoda, Copepoda, Phyllopoda).

Leptostraca.

Arthrostraca (or Edriophthalma) (= Amphipoda, Isopoda, Anisopoda).

[Malacostraca (= Thoracostraca + Arthrostraca).]

Thoracostraca (or Podophthalma) includes Decapoda, Schizopoda, Stomatopoda, Cumacea.

2800-2831 Trilobita. Xiphosura. Eurypterida. Pantopoda. Tardigrada. Linguatulida.

3000-3031 Arachnida.

Arachnida consists of Scorpionida, Pedipalpi, Palpigradi, Araneida, Solifugae, Chernetida (or Pseudoscorpiones), Phalangida (or Opiliones), Acarida (or Acari).

3200-3231 Prototracheata (or Onychophora).

Prototracheata includes only *Peripatus* and its divisions.

3400-3431 Myriopoda.

Myriopoda consists of Chilopoda, Diplopoda (= Pselaphognatha and Chilognatha), Symphyla (or Scolopendrella), Pauropoda.

3500-3531 Insecta.

3531 will not include a systematic arrangement of genera and species.

3600-3631 Apterata (or Apterygogenea). Anoplura. Mallophaga. Thysanoptera (or Physopoda). Siphonaptera (or Aphaniptera).

Apterata, proper, consists of Thysanura and Collembola.

3800-3831 Orthoptera. Neuroptera. Trichoptera.

The principal divisions are :—

Orthoptera (Forficulidae or Dermaptera, Hemimeridae, Blattidae, Mantidae, Phasmodae, Gryllidae, Locustidae, Acridiidae).

Crustacea.

Entomostraca (= Cirripedia, Ostracoda, Copepoda, Phyllopoda).

Leptostraca.

Arthrostraca (oder Edriophthalma) (= Amphipoda, Isopoda, Anisopoda).

[Malacostraca (= Thoracostraca + Arthrostraca).]

Thoracostraca (oder Podophthalma) umfasst Decapoda, Schizopoda, Stomatopoda, Cumacea.

Trilobita. Xiphosura. Eurypterida. Pantopoda. Tardigrada. Linguatulida.

Arachnida.

Arachnida umfasst Scorpionida, Pedipalpi, Palpigradi, Araneida, Solifugae, Chernetida (oder Pseudoscorpiones), Phalangida (oder Opiliones), Acarida (oder Acari).

Prototracheata (oder Onychophora).

Prototracheata umfasst nur *Peripatus* und dessen Abteilungen.

Myriopoda.

Myriopoda umfasst Chilopoda, Diplopoda (= Pselaphognatha und Chilognatha), Symphyla (oder Scolopendrella), Pauropoda.

Insecta.

3531 wird eine systematische Anordnung der Gattungen und Arten nicht enthalten.

Apterata (oder Apterygogenea). Anoplura. Mallophaga. Thysanoptera (oder Physopoda). Siphonaptera (oder Aphaniptera).

Apterata, im eigentlichen Sinne, umfasst Thysanura und Collembola.

Orthoptera. Neuroptera. Trichoptera.

Hauptabteilungen sind :—

Orthoptera (Forficulidae oder Dermaptera, Hemimeridae, Blattidae, Mantidae, Phasmodae, Gryllidae, Locustidae, Acridiidae).

2600-2631 Crustacés.

Entomostracés (= Cirripèdes, Ostracodes, Copépodes, Phyllopoques).

Leptostracés.

Arthrostracés (ou Edriophthalmes) (= Amphipodes, Isopodes, Anisopodes).

[Malacostracés (= Thoracostracés + Arthrostracés).]

Les Thoracostracés (ou Podophthalmes), comprennent les Décapodes, Schizopodes, Stomatopodes, Cumacés).

2800-2831 Trilobites. Xiphosures. Euryptérides. Pantopodes. Tardigrades. Linguatulides.**3000-3031 Arachnides.**

Les Arachnides comprennent les Scorpionides, Pédipalpes, Palpigrades, Aranéides, Solifuges, Chernetes (ou Pseudoscorpions), Phalangides (ou Opilions), Acariens.

3200-3231 Prototrachéates (ou Onychophores).

Les Prototrachéates comprennent seulement le genre *Peripatus* et ses divisions.

3400-3431 Myriapodes.

Les Myriapodes comprennent les Chilopodes, Diplopodes (Psélaphognathes et Chilognathes), Symphylens (ou Scolopendrelles), Paupodes.

3500-3531 Insectes.

3531 ne comprendra pas un arrangement systématique des genres et des espèces.

3600-3631 Aptères (ou Aptérygogénies). Anoploures. Mallophages. Thysanoptères (ou Physopodes). Siphonaptères (ou Aphaniptères).

Les Aptères proprement dits comprennent les Thysanoures et les Collembolles.

3800-3831 Orthoptères. Névroptères. Trichoptères.

Voici les divisions principales :—

Orthoptères (Forficulides ou Dermaptères, Hémiptères, Blattides, Mantides, Phasmides, Gryllides, Locustides, Acridides).

Crustacea.

Entomostraca (= Cirripedia, Ostracoda, Copepoda, Phyllopoda).

Leptostraca.

Arthrostraca (vel Edriophthalma) (= Amphipoda, Isopoda, Anisopoda).

[Malacostraca (= Thoracostraca + Arthrostraca).]

Thoracostraca (vel Podophthalma) includono Decapoda, Schizopoda, Stomatopoda, Cumacea.

Trilobita. Xiphosura. Eurypterida. Pantopoda. Tardigrada. Linguatulida.**Arachnida.**

Arachnida includono Scorpionida, Pedipalpi, Palpigradi, Araneida, Solifugæ, Chernetida (vel Pseudoscorpiones). Phalangida (vel Opiliones), Acarida (vel Acari).

Prototracheata (vel Onychophora).

Nei Prototracheata è incluso il solo *Peripatus* e le sue divisioni.

Myriopoda.

Chilopoda, Diplopoda (= Pselaphognatha e Chilognatha), Symphyla (vel Scolopendrella), Paupoda.

Insecta.

3531 non deve includere la disposizione sistematica dei generi e delle specie.

Aptera (vel Apterygogenea). Anoplura. Mallophaga. Thysanoptera (vel Physopoda). Siphonaptera (vel Aphaniptera).

Gli Aptera propriamente detti consistono nei Thysanura e Collembola.

Orthoptera. Neuroptera. Trichoptera.

Le divisioni principali sono :—

Orthoptera (Forficulidæ vel Dermaptera, Hemimeridæ, Blattidæ, Mantidæ, Phasmidæ, Gryllidæ, Locustidæ, Acrididæ).

Neuroptera (Planipennia, Embiidæ, Termitidæ, Psocidæ, Perlidæ, Ephemeridæ, Odonata).

Each slip relating to Neuroptera should also state to which of these divisions it refers.

Most of the Palaeozoic Insects are to be dealt with in this branch.

4000-4031 Hemiptera (or Rhynchota) excl. Anoplura, which are placed in 3600.

The principal divisions are :—

Hemiptera Heteroptera and Hemiptera Homoptera. [Phytophthires (Aphidæ, Psyllidæ, Aleurodidæ, Coccidæ) are included in Hemiptera Homoptera.]

Families to be mentioned in all cases.

See Cambridge Natural History.

4200-4231 Diptera (excl. Siphonaptera, which are placed in 3600-3631).

The slips should be marked with the name of the family of Diptera. See Cambridge Natural History.

4400-4431 Lepidoptera.

The principal divisions are :—
Rhopalocera ; Heterocera.

The family to be mentioned in all cases. See Cambridge Natural History.

4600-4631 Hymenoptera.

The principal divisions are :—

Aculeata = Anthophila (Apidæ, Andrenidæ), Vespidae (Diploptera), Sphegidæ s.l. (Fossoria). Formicidæ (Heterogyna). Tubulifera = Chrysididæ. Parasitica = Trigonaliidæ, Proctotrupidæ, Pelecinidæ, Chalcididæ. Ichneumonidæ, Braconidæ, Megalyridæ, Evanidæ, Stephanidæ, Cynipidæ. Sessiliventre (or Chalastogastra) = Cephidæ, Siricidæ, Oryssidæ, Tenthredinidæ.

Neuroptera (Planipennia, Embiidæ, Termitidæ, Psocidæ, Perlidæ, Ephemeridæ, Odonata).

Jeder Zettel für Neuroptera soll auch angeben, auf welche dieser Abteilungen er sich bezieht.

Die meisten der paläozoischen Insekten werden bei diesem Zweige zu behandeln sein.

Hemiptera (oder Rhynchota), excl. Anoplura, welche unter 3600 eingeordnet sind.

Hauptabteilungen sind :—

Hemiptera Heteroptera und Hemiptera Homoptera. [Phytophthires (Aphidæ, Psyllidæ, Aleurodidæ, Coccidæ) sind in Hemiptera Homoptera enthalten.]

Familien immer angeben. Siehe Cambridge Natural History.

Diptera (excl. Siphonaptera, welche unter 3600-3631 eingeordnet sind).

Bei den Diptera sind auf den Zetteln die Namen der Familien zu vermerken. Siehe Cambridge Natural History.

Lepidoptera.

Hauptabteilungen sind :—
Rhopalocera ; Heterocera.

Familien immer angeben. Siehe Cambridge Natural History.

Hymenoptera.

Hauptabteilungen sind :—

Aculeata = Anthophila (Apidæ, Andrenidæ), Vespidae (Diploptera), Sphegidæ s.l. (Fossoria). Formicidæ (Heterogyna). Tubulifera = Chrysididæ. Parasitica = Trigonaliidæ, Proctotrupidæ, Pelecinidæ, Chalcididæ. Ichneumonidæ, Braconidæ, Megalyridæ, Evanidæ, Stephanidæ, Cynipidæ. Sessiliventre (oder Chalastogastra) = Cephidæ, Siricidæ, Oryssidæ, Tenthredinidæ.

Névroptères (Planipennes, Embiidæ, Termitidæ, Psocidæ, Perlidæ, Ephéméridæ, Odonates).

Chaque fiche relative aux Névroptères doit aussi indiquer à laquelle de ces divisions elle se rapporte.

La plupart des Insectes paléozoïques devront être traités dans cette branche.

4000-4031 **Hémiptères** (ou **Rhynchotes**) à l'exclusion des **Anoploures**, qui sont placés sous le numéro 3600.

Voici les divisions principales :—
Hémiptères Hétéroptères et Hémiptères Homoptères. [Les Phytophthires (Aphidæ, Psyllidæ, Aleurodides, Coccidæ) sont compris dans les Hémiptères Homoptères.]

Indiquer les familles en tout cas.
Voy. Cambridge Natural History.

4200-4231 **Diptères** (sauf les **Siphonaptères**, qui sont placés sous les numéros 3600-3631).

Les fiches doivent porter le nom de la famille des Diptères. *Voy.* Cambridge Natural History.

4400-4431 **Lépidoptères**.

Voici les divisions principales :—
Rhopalocères ; Hétérocères.
Indiquer la famille en tout cas.
Voy. Cambridge Natural History.

4600-4631 **Hyménoptères**.

Voici les divisions principales :—
Aenleata (ou Porte-aiguillons) = Anthophiles (Apides, Andrenidæ), Vespides (Diploptères) Sphégides s.l. (Fouisseurs) Formicoides (Hétérogynes). Tubulifères = Chrysidides. Parasites = Trigonalides, Proctotrupides, Pélécinides, Chalcidides, Ichneumonides, Braconides, Mégalyrides, Evaniides, Stéphanides, Cynipides. Sessiliventres (ou Chalastogastres) = Céphides, Siricidæ, Oryssides, Tenthredinides.

Neuroptera (Planipennia, Embiidæ, Termitidæ, Psocidæ, Perlidæ, Ephemeridæ, Odonata.)

Ciascuna scheda relativa ai Neuroptera deve stabilire a quale di queste divisioni del gruppo si riferisce.

La maggior parte degli insetti paleozoici riferiscansi a questo ramo.

Hemiptera (vel **Rhynchota**), esclusi **Anoplura**, che sono indicati col numero 3600.

Le divisioni principali sono :—
Hemiptera **Heteroptera** e **Hemiptera Homoptera**. [Phytophthires (Aphidæ, Psyllidæ, Aleurodidæ, Coccidæ) sono inclusi in **Hemiptera Homoptera**.]

Indicare le famiglie in ogni caso.
Vedi Cambridge Natural History.

Diptera (esclusi **Siphonaptera**, che sono indicati dai numeri 3600-3631).

Le schede dovranno portare il nome della famiglia dei Diptera cui si riferiscono. *Vedi* Cambridge Natural History.

Lepidoptera.

Le divisioni principali sono :—
Rhopalocera ; Heterocera.
Indicare la famiglia in ogni caso.
Vedi Cambridge Natural History.

Hymenoptera.

Le divisioni principali sono :—
Aenleata = Anthophila (Apidæ, Andrenidæ), Vespidæ (Diploptera), Sphegidæ s.l. (Fossoria). Formicidæ (Heterogyna. Tubulifera = Chrysididæ. Parasitica = Trigonalidæ, Proctotrupidæ, Pelecinidæ, Chalcididæ, Ichneumonidæ, Braconidæ, Megalyridæ, Evaniidæ, Stephanidæ, Cynipidæ. Sessiliventres (vel Chalastogastrea) = Cephidæ, Siricidæ, Oryssidæ, Tenthredinidæ.

4800-4831 **Coleoptera (incl. Strepsiptera).**

The name of the family referred to should be given on each slip.

The families are numerous. They are included in the Munich Catalogue of the Coleoptera (*Catalogus coleopterorum hucusque descriptorum synonymicus et systematicus*) and (the subsequent additions) in "Cambridge Natural History," vol. vi.

5000-5031 **Prochordata, viz., Leptocardii, Enteropneusta, Tunicata.**5200-5231 **Vertebrata.**

No systematic enumeration is to be placed under 5231.

5400-5431 **Pisces [excl. Leptocardii (or Amphioxus), for which see 5000-5031].**

The principal divisions are :—
Cyclostomi, Ostracodermi, Plagiostomi, Holocephali, Arthrodira, Dipnoi, Teleostomi (or Teleostei and Ganoidei, with the exception of Arthrodira and Ostracodermi).

The family should be mentioned. See Cambridge Natural History.

5600-5631 **Amphibia and Reptilia.**

The principal divisions are :—
Batrachia or Amphibia (Stegocephala or Labyrinthodontia, Apoda, Caudata or Urodela, Ecaudata or Anura).

Reptilia (Anomodontia, Rhynchocephalia, Plesiosauria, Ichthyosauria, Cotylosauria, Pareiasauria, Diaptosauria, Protorosauria, Rhynchosauria, Procolophonia, Proganosauria, Choristodera, Chelonia, Crocodilia, Dinosauria, Ornithosauria or Pterosauria, Ophidia, Pythonomorpha, Rhiptoglossa, Lacertilia).

Coleoptera (incl. Strepsiptera).

Auf jedem Zettel ist der Name der betr. Familie anzugeben.

Die Zahl der Familien ist gross. Sie sind aufgeführt in dem Münchener Coleopteren-Katalog (*Catalogus coleopterorum hucusque descriptorum synonymicus et systematicus*) und (soweit es sich um spätere Zusätze handelt) in „Cambridge Natural History," vol. vi.

Prochordata, d.h., Leptocardii, Enteropneusta, Tunicata.**Vertebrata.**

5231 wird keine systematische Aufzählung enthalten.

Pisces [mit Ausschluss der Leptocardii (oder Amphioxus), siehe 5003-5031].

Hauptabteilungen sind :—
Cyclostomi, Ostracodermi, Plagiostomi, Holocephali, Arthrodira, Dipnoi, Teleostomi (oder Teleostei und Ganoidei, mit Ausnahme von Arthrodira und Ostracodermi).

Familie angeben. Siehe Cambridge Natural History.

Amphibia und Reptilia.

Hauptabteilungen sind :—
Batrachia oder Amphibia (Stegocephala oder Labyrinthodontia, Apoda, Caudata oder Urodela, Ecaudata oder Anura).

Reptilia (Anomodontia, Rhynchocephalia, Plesiosauria, Ichthyosauria, Cotylosauria, Pareiasauria, Diaptosauria, Protorosauria, Rhynchosauria, Procolophonia, Proganosauria, Choristodera, Chelonia, Crocodilia, Dinosauria, Ornithosauria oder Pterosauria, Ophidia, Pythonomorpha, Rhiptoglossa, Lacertilia).

4800-4831 Coléoptères (y compris les Strepsiptères).

Le nom de la famille dont il est question doit être donné sur chaque fiche.

Les familles sont nombreuses. Elles sont indiquées dans le Catalogue des Coléoptères de Munich (Catalogus coleopterorum hucusque descriptorum synonymicus et systematicus) et (pour les additions subséquentes) dans "Cambridge Natural History," vol. vi.

Coleoptera (incl. Strepsiptera).

Il nome della famiglia dev'essere indicato su ciascuna scheda.

Le famiglie sono numerose. Si trovano indicate nel Catalogo dei Coleoptera di Monaco (Catalogus coleopterorum hucusque descriptorum synonymicus et systematicus) e (le susseguenti aggiunte) in "Cambridge Natural History," vol. vi.

5000-5031 Prochordés, c'est à dire, Leptocardiens, Entéropneustes, Tuniciers.

Prochordata, cioè Leptocardii, Enteropneusta, Tunicata.

5200-5231 Vertébrés.

Aucune énumération systématique n'est placée sous le numéro 5231.

Vertebrata.

Non deve porsi alcuna enumerazione sistematica sotto 5231.

5400-5431 Poissons [à l'exception des Leptocardiens (ou Amphioxus), qui se trouvent sous les numéros 5000-5031].

Pisces [escl. Leptocardii (vel Amphioxus), per i quali vedi 5000-5031].

Voici les divisions principales :—
Cyclostomes, Ostracodermes, Plagiostomes, Holocéphales, Arthrodires, Dipnoïques, Téléostomes (ou Téléostéens et Ganoïdes, à l'exception des Arthrodires et des Ostracodermes).

La famille doit être mentionnée. Voy. Cambridge Natural History.

Le divisioni principali sono :—

Cyclostomi. Ostracodermi. Plagiostomi. Holocephali. Arthrodira, Dipnoi, Teleostomi (o Teleostei e Ganoidei, con esclusione di Arthrodira e Ostracodermi).

Indicare la famiglia. Vedi Cambridge Natural History.

5600-5631 Batraciens et Reptiles.

Voici les divisions principales :—

Batraciens ou Amphibies (Stégocéphales ou Labyrinthodontes, Apodes, Caudés ou Urodèles, Ecaudés ou Anoures).

Reptiles (Anomodontes, Rhynchocéphales, Plésiosauriens, Ichthyosauriens, Cotylosauriens, Pareiasauriens, Diaptosauriens, Protorosauriens, Rhynchosauriens, Procolophoniens, Proganosauriens, Choristodères, Chéloniens, Crocodiliens, Dinosauriens, Ornithosauriens ou Ptérosauriens, Ophiidiens, Pythonomorphes, Rhiptoglosses, Lacertiliens).

Batrachia et Reptilia.

Le divisioni principali sono : —

Batrachia vel Amphibia (Stegcephala vel Labyrinthodontia, Apoda. Caudata vel Urodela, Ecaudata vel Anura).

Reptilia (Anomodontia, Rhynchocephalia. Plesiosauria, Ichthyosauria, Cotylosauria, Pareiasauria. Diaptosauria. Protorosauria. Rhynchosauria. Procolophonia, Proganosauria. Choristodera. Chelonia, Crocodilia. Dinosauria, Ornithosauria vel Pterosauria. Ophidia, Pythonomorpha, Rhiptoglossa. Lacertilia).

5800-5831 Aves.

The principal divisions are :—

Acciptres, Aepyornithes, Alcae, Alectorides (including *Cariama*), Anisodaetylae (including Podargidae and *Steatornis*), Anseres (including Phœnicopteri and Palamediidæ), Apteryges, Casuarii, Coccyges, Columbæ, Coraciæ, Crypturi, Cypseli, Dinornithes, Fulicariæ, Gallinæ, Gaviæ, Herodiones, Heterodactylæ, Impennes, Limicolæ, Odontolcæ, Odontormæ, Opisthocomi, Passeres (mention families), Pici, Psittaci, Pterocletes, Pygopodes, Rheæ, Saururæ, Steganopodes, Stereornithes, Striges, Struthiones, Tubinares, Zygodactylæ.

6000-6031 Mammalia.

The principal divisions are :—

Carnivora, Cetacea, Chiroptera, Edentata, Insectivora, Marsupialia, Monotremata, Multituberculata, Primates, Rodentia, Sirenia, Tillodontia, Ungulata (Artiodactyla, Perissodactyla, Subungulata).

Aves.

Hauptabteilungen sind :—

Accipitres, Aepyornithes, Alcæ, Alectorides (einschl. *Cariama*), Anisodactylæ (einschl. Podargidæ und *Steatornis*), Anseres (einschl. Phœnicopteri und Palamediidæ), Apteryges, Casuarii, Coccyges, Columbæ, Coraciæ, Crypturi, Cypseli, Dinornithes, Fulicariæ, Gallinæ, Gaviæ, Herodiones, Heterodactylæ, Impennes, Limicolæ, Odontolcæ, Odontormæ, Opisthocomi, Passeres (Familien angeben), Pici, Psittaci, Pterocletes, Pygopodes, Rheæ, Saururæ, Steganopodes, Stereornithes, Striges, Struthiones, Tubinares, Zygodactylæ.

Mammalia.

Hauptabteilungen sind :—

Carnivora, Cetacea, Chiroptera, Edentata, Insectivora, Marsupialia, Monotremata, Multituberculata, Primates, Rodentia, Sirenia, Tillodontia, Ungulata (Artiodactyla, Perissodactyla, Subungulata).

5803-5831 Oiseaux.

Voici les divisions principales :—

Accipitres, *Æpyornithéens*, Alciens, Alectorien (y compris les *Cariama*), Anisodactyles (y compris les Podargides et les *Steatornis*), Ansériens (y compris les Phœnicoptères et les Palamédiidés), Apterygiens, Casuariens, Cœcygiens, Colombins, Coraciens, Crypturiens, Cypseliens, Dinornithiens, Fulicariens, Gallinacés, Gaviens, Hérodiens, Hétérodactyles, Impennes, Limicoliens, Odontolciens, Odontormiens, Opisthocomes, Passereaux (indiquer les familles), Pics, Perroquets, Ptérocliens, Pygopodes, Rhéens, Saururiens, Stéganopodes, Stéréonithiens, Strigiens, Struthioniens, Tubinariens, Zygodactyles.

6000-6031 Mammifères.

Voici les divisions principales :—

Carnivores, Cétacés, Chiroptères, Édentés, Insectivores, Marsupiaux, Monotrèmes ; Multituberculés, Primates, Rongeurs, Siréniens, Tillodontes, Ongulés [Ungulata] (Artiodactyles, Périssodactyles, Subongulés).

Aves.

Le divisioni principali sono :—

Accipitres, *Æpyornithes*, Alcæ, Alectorides (incl. *Cariama*), Anisodactylæ (incl. Podargidæ et *Steatornis*), Anseres (incl. Phœnicopteri et Palamediidæ), Apteryges, Casuarii, Cœcyges, Columbæ, Coraciæ, Crypturi, Cypseli, Dinornithes, Fulicariæ, Gallinæ, Gaviæ, Herodiones, Heterodactylæ, Impennes, Limicolæ, Odontolæ, Odontormæ, Opisthocomi, Passeres (indicare le famiglie), Pici, Psittaci, Pterocletes, Pygopodes, Rhææ, Saururæ, Steganopodes, Stereornithes, Striges, Struthiones, Tubinares, Zygodactylæ.

Mammalia.

Le divisioni principali sono :—

Carnivora, Cetacea, Chiroptera, Edentata, Insectivora, Marsupialia, Monotremata, Multituberculata, Primates, Rodentia, Sirenia, Tillodontia, Ungulata (Artiodactyla, Perissodactyla, Subungulata).

I. COMPREHENSIVE ZOOLOGY

ARRANGED BY

D. SHARP

This section includes works that deal with more than one branch of Zoology, or that are of general interest to Zoologists. It is, therefore, not complete in itself as regards any one subject included in it. The special records complete each subject. Many memoirs included in the special records are repeated in this division.

Théorie des mutations en Zoologie (Polish); **Tur, 2.**

Discontinuous variation; **MacDougal, 2.**

Mutationserscheinungen; **Nussbaum, 2.**

Teratology.

Théorie de la conecrescence; **Tur, 1.**

Morphologie der Missbildungen; **Schwalbe, E.**

Monstruosités chez les animaux (Russ.); **Tarnani.**

Morphologie des rudiments squelettiques chez les monstres ectroméliens; **Salmon.**

Hyperdaktylie; **Inheldor.**

Monstruosités; organogénie et phylogénie; **Ernst**.

L'autoadaptation des embryons monstrueux et la tendance à l'anomalie; **Rabaud, 1**.

Origin of a polydactylous race, guinea-pig; **Castle, 4**.

Feuillet moyen dans un blastoderme de Canard sans embryon; **Weber**.

Heredity.

General.

Ueber Vererbung und die Notwendigkeit der Gründung einer Versuchsanstalt für Vererbungs- und Züchtungskunde; **Plate, 1**.

Der gegenwärtige Stand der Vererbungsfrage. Sammelreferat; **Teichmann**.

Experimental studies in heredity; **Castle & Mark**.

The analysis of racial descent in animals; **Montgomery, 3**. **Conklin, 2**.

Vererbungsproblem; **Perino**.

Vererbungsgesetze; **Correns**.

Hypothese der organischen Vererbung; **Hatschek**.

Sur l'hérédité; **Coutagne**.

Gesetze der Rassenmischung und die Konstitution des Keimplasmas; **Haacke**.

Vererbungsstudien; **Herbst, 1 & 2**.

Expériences sur l'hérédité; **Loisel, 7**.

Gedächtnis und Vererbung; **Meyer**.

Les forces physiques et l'hérédité dans la production des types organiques; **Perrier**.

Pathologie générale; **Le Dantec, 1**.

(**Le Dantec, 2**; Influences ancestrales.)

Heredity, and the origin of species; **MacDougall, 1**.

Einfluss des Alters der Eltern und der Keimzellen auf die Nachkömmlinge (ungarisch); **Abonyi**.

Heredity and variation; logical and biological; **Brooks**.

Vererbung und ihre materiellen Träger; **Prowazek, 2**.

Befruchtung und Vererbung; **Nussbaum, 1**.

Heredity, cytology of; **Farmer**.

Permanent forms, chromosomes; **Moore & Arnold**.

Die Vererbungsstanz; **Kassowitz**.

Vererbung u. Chromosomen; **Heider, 1 & 2**.

Transmissibilité des caractères acquis; hypothèse d'une centro-épigénèse; **Rignano, 1**.

Die centro-epigenetische Hypothese und der Einfluss des Centralnervensystems auf embryonale Entwicklung und Regeneration; **Rignano, 2**.

Semons „Mneme“ und die „Vererbung erworbener Eigenschaften“; **Weismann**.

Weismann's position; **Ortmann, 5**.

Vererbung erworbener Eigenschaften?; **Lange, L. J**.

L'ereditarietà dei caratteri acquisiti in Patologia ed in Medicina; **Bonardi**.

(**Verney**; Les caractères nouveaux et le darwinisme.)

Discoveries in heredity and their bearings on animal breeding; **Castle, 1**.

Predominance of female characters; **Herbst, 2**.

Mendelian.

Les lois de Mendel et l'hérédité; **Loisel, 1**.

Mendelschen Gesetze; **Lang**.

Exposition of Mendelism; **Darbishire**.

Exposition and bearing Mendelism; **Scourfield**.

Darwin and Mendel; **Doncaster**.

Mendelism, application to man; **Bateson**.

Mendel's laws, practical application; **Biffen**.

Mendelian results in animal breeding; **Davenport, 4**.

Mendel's law in relation to animal breeding; **Spillman, 1**.

Mendelian inheritance and the purity of the gametes; **Wilson, 1**.

Special cases.

Hérédité et mutation chez les Souris; **Cuénot**.

Les portées noires de deux Souris blanches; **Féré**.

Yellow mice and gametic purity; **Castle, 3.**

Mendelian polled cattle; **Spillman, 2.**

Inheritance of coat-colour, cattle; **Barrington & Pearson.**

Inheritance coat colour swine; **Spillman, 3.**

Hérédité des caractères du pelage chez les Lapins; **Loisel, 8.**

Heredity, hair-length, guinea-pig; **Castle & Forbes.**

Heredity combs of poultry; **Bateson & Punnett.**

L'hérédité de la pigmentation chez les Pigeons; **Loisel, 9.**

(**McCracken, 1**; Inheritance of dichromatism in *Lina lapponica*.)

Inheritance of dichromatism in *Lina* and *Gastroidea*; **McCracken, 2.**

Inheritance in poultry; **Davenport, 2.**

On the imperfection of Mendelian dominance in poultry hybrids; **Davenport, 3.**

The optic chiasma of teleosts: a study of inheritance; **Larabee.**

Heredity of webbed foot, pigeons; **Staples-Browne.**

Sex-ratio, inheritance of; **Heron.**

Inheritance of size of litter, sows; **Rommel & Phillips, 1 & 2.**

Inbreeding, cross-breeding, and sterility in *Drosophila*; **Castle, 2**; **Castle & Carpenter, etc.**

An exception to Mendel's law; **Noorduyn.**

Hybrids, Telegony.

Gesetz der Bastardbildungen (ungarisch); **Soós.**

Effets produits par l'hybridation sur la structure des organes génitaux; **Stephan, 2.**

Degré de développement des organes génitaux des Hybrides; **Stephan, 1.**

Modifications du syncytium nourricier dans le tube séminifère des hybrides; **Stephan, 3.**

Télégonie; **Loisel, 3.**

Evolution, Origin of Species.

Mechanik der Entwicklung der tierischen Lebewesen; **Wimmer.**

Palaeontology and biology; **Woodward.**

Evolution, geological aspect; **Lobley.**

Einführung in die Deszendenztheorie. Sechs Vorträge; **Schneider.**

Theory of organic evolution; **Metcalf, 1.**

Evolution et transformisme; **Mary et Mary.**

Animal evolution, exposition of **Headley.**

Der Perfectionismus (Russ.); **Fedorov.**

Mathematische Theorie der Evolution der Arten nach Prof. K. Pearson mit Anwendung auf die Untersuchungen von Prof. N. Kusnezow (Russ.); **Kolosow.**

Trial and error, factor in evolution; **Pillsbury.**

The vital fabric of descent; **Cook, 3.**

Darwinism; **Guenther, Conrad.**

Theories of evolution since Darwin; **Brown, 1.**

Origin of species, factors; **Jordan, 2.**

Origin of species; **Cook, 1.**

Gründe des Aussterbens der vorzeitlichen Tierwelt; **Frech, 1.**

Darwinismus und Lamarckismus. [Krit. Referat über A. Pauly.]; **Stieler.**

Gegensatz zwischen Darwins und Lamarcks Lehren vom organischen Zweckmässigen; **Pauly.**

Darwinismus kontra Mutationstheorie; **Plate, 3.**

(**Crampton, 2**; A general theory of adaptation and selection.)

Origin of species, evolution and speciation; **Cook, 2**; **Ortmann, 3.**

Isolation versus natural selection. Criticism of Jenkins; **Stejneger, 1.**

Origin of species, isolation in; **Ortmann, 2.**

Origin of species, isolation; **Allen, 4.**

Isolation and origin of species; **Berry, 1**; **Ortman, 1.**

Isolation by choice; **Lane.**

Origin of species by mutation or minute variation; **Merriam.**

An investigation of evolution in chrysomelid beetles of the genus *Leptinotarsa*; **Tower, 1.**

Experimental investigations of the production and preservation of new character races and species in insects; **Tower, 2.**

A three-fold development. A study in evolution; **Powers.**

Influence of physical conditions in the genesis of species; **Allen, 1.**

Climatic conditions and origin of species; **Cockerell, 1.**

Die physiologische Zuchtwahl im weiteren Sinne; **Dahl, 1.**

Speziesbegriff; **Bachmann.**

Ontogenetic and phylogenetic species; **Brown, 2.**

Heredity and subspecies; **Allen, 3.**

Species dividing into subspecies; **Latter, 1.**

Metazoa and their sex-cells, possible mode of origin; **Štolc.**

Origin of mammals; **Brown.**

Note on assortative mating; **Kellogg, 2.**

Natural selection; **Rainbow.**

Ecological adaptation and ecological selection; **Robertson.**

GEOGRAPHY. 0227

Seas are classed with the lands they are near: Mediterranean with Europe, and so on.

General.

Distribution géographique des animaux vivants et fossiles; **Trouessart.**

Die tiergeographischen Reiche und Regionen; **Arlt, 1.**

Biologie des Meeres. Rede . . .; **Hensen, 1 & 2,**

Plankton des Meeres; **Rauschenplat.**

Tiergeographie, Faunistik und Heimatkunde; **Speiser, 1.**

Beziehungen faunistischer Untersuchungen zur Tiergeographie und Erdgeschichte; **Speiser, 2.**

Anleitungen zur graphischen Terrain-darstellung; **Alte.**

Effetti della cenere del Vesuvio sugli organismi marini; **Lo Bianco, 1 & 2.**

Planktonforschung und Darwinismus; **Zacharias, 1.**

Bedeutung vertikaler Wasserbewegungen für die Produktion des Planktons; **Nathanson.**

Maeotische Stufe; **Andrussow.**

Die Bedeutung der alten Kontinente Russlands für die Frage von der Herkunft der Landwirbelthiere (Russ.); **Amalitzky.**

Periodizität, Variation und Verbreitung verschiedener Planktonwesen in südlichen Meeren; **Zacharias, 4.**

L'origine des faunes d'eau douce; **Pelseneer.**

Freshwater faunas, nature and origin; **Brady.**

Ueber Süßwasserplankton; **Wesenberg-Lund, 1.**

†The Russian Carboniferous and Permian compared with those of India and America; **Schuchert.**

Expeditions, Travels.

Catalogue des espèces de plantes et d'animaux observées dans le Plankton recueilli pendant les expéditions périodiques depuis le mois d'août 1902 jusqu'au mois de mai 1905; **Ostenfeld.**

Plankton-Expedition der Humboldt-Stiftung; **Hensen, 3.**

Zoologische Ergebnisse einer Untersuchungsfahrt des deutschen Seefischerei-Vereins nach der Bäreninsel und Westspitzbergen, ausgeführt im Sommer 1898 auf S. M. S. „Olga“; [Olga].

Murman-Expedition. (Russ.); **Jagodovskij.**

Wissenschaftlich praktische Murman-Expedition. Bericht über die Thätigkeit pro 1903 (Russ.); **Breitfuss, 2.**

Kurze Mitteilung über die Arbeiten der wissenschaftlichen Murmanexpedition i. J. 1905; **Breitfuss, 1.**

Kaspischen Expedition im J. 1904; **Knipowitsch, 2.**

„Valdivia“ Tiefsee-Expedition; **Chun,**

Exploration de l'Afrique orientale;
Rothschild, Maurice de.

Naturforscherfahrt durch Aegypten
und den Sudan; **Kammerer**.

Mission saharienne, notes sur la
faune; **Foureau**.

Rapport sur une mission scientifique
à la côte française des Somalis; **Gravier**,
1.

Gewässern des Ostens, Project einer
wissenschaftlich - gewerblichen Expe-
dition nach den (Russ.); **Schmidt**, 2.

Malay States; **Annandale & Robinson**.

Indian Ocean, Percy Sladen expe-
dition; **Gardiner**, 3.

Seychelles, Percy Sladen expedition;
Gardiner, 2.

Reise nach Java; Eindrücke einer
Naturforschers (Russ.); **Karavajev**.

Nova Guinea; **Wichmann**.

New Guinea; **Pratt**, A. E. and **Pratt**,
H.

General report of the expedition.
Hydrography, character of bottom,
bottom and pelagic fauna, sea tempera-
tures, specific gravities of waters, air
temperatures, winds, descriptions of the
Galapagos, Sala y Gomez, Easter island
and Manga Reva; **Agassiz**.

(**Richard**, 2; Campagne scientifique du
yacht Princesse Alice.)

Septième campagne scientifique de la
Princesse Alice; **Monaco**.

†Ziegler exploring expedition. Notes
on some Jurassic fossils from Franz
Josef Land; **Whitfield**.

Hudson's bay and Arctic islands,
"Neptune"; **Low**.

Expedition antarctique belge; [Bel-
gica].

Antarctic, "Scotia"; **Brown** and
others.

Faunae.

Palaearectic.

Die Wirbeltiere Europas mit Berück-
sichtigung der Faunen von Vorderasien
und Nordafrika; **Schmiedeknecht**.

Europe and Mediterranean.

Das Thierleben im Balsfjord; **Kiær**.

Plankton-Untersuchungen in norwe-
gischen Seen; **Huifeldt-Kaas**.

†Swedish post-glacial fauna; **Wittwe**.

Scotch and Danish lakes, a compara-
tive study; **Wesenberg-Lund**, 2 (Danish).

Liste des travaux relatifs à la Physio-
graphie de la Pologne, publiés en 1903,
1904 et 1905 (Polish); **Romer**, Eugeniusz.

Skizzen zur Naturbeschreibung des
Kaukasus; **Satunin**, 1.

Verzeichnis der im See Sadjew im
Gouv. Livland gesammelten Tieror-
ganismen (Russ.); **Ssamsonow**.

Die paläozoischen Gebilde Podoliens.
I. Stratigraphischer Theil; **Siemiradzki**.

Plancton, Gewässer Nordrusslands;
Zykoff.

Eiszeitrelikte in unserer Tierwelt;
Hesse, 2.

Faunistische Untersuchung der Ge-
wässer des Zehlauer Sees; **Protz**.

Sammelreise im Kreise Oletzko;
Speiser, 3.

Einwanderer aus Osten; **Rabes**, 2.

Tier- und Pflanzenleben in einem der
kleinsten Wasserbecken bei Liegnitz;
Langenhan.

Fauna des Oberrheins und seiner
Umgebung; **Lauterborn**.

Zur Kenntnis des Mellum-Eilandes;
Focke, **Schütte** und **Sartorius**.

Das Tierleben im Grunewald; **Dahl**,
3.

Die lungenatmenden Wirbeltiere
Schleswig-Holsteins; **Dahl**, 4.

Das Tierleben des Odenwaldes;
Buxbaum.

Plankton des Zierker Sees; **Günther**
und **Reichle**.

Bremerhaven, Plankton einiger Teiche
in der Umgegend von; **Lemmermann**.

Plankton in Nord- und Ostsee;
Apstein, 2.

Grossteiches bei Dresden; **Schorler &**
Thallwitz.

Kew Gardens, London, wild fauna;
Thiselton-Dyer and others.

Ireland marine Plankton; **Gough**.

Berkshire list of animals; **Ditchfield**
& **Page**.

Cornwall, list of animals; **Page, 1.**
 Devon, list of animals; **Page, 2.**
 Somersetshire, list of animals; **Page, 3.**

Tay basin and Strathmore; **Harvie-Brown.**

Modifications récentes dans la faune des Alpes; **Corcelle.**

La faune et la flore glaciaires du plateau de la Baraque-Michel (point culminant de l'Ardenne); **Fredericq, Léon, 2.**

Exploration zoologique de la grotte de Tharana (Gard); **Chobaut.**

II.—SUBJECT INDEX.

COMPREHENSIVE AND GENERAL. 0403

Treatises, Reviews, etc.

The Protozoa in the "Cambridge Natural History"; **Hartog**.

Tierpathogene Protozoen; **Kaestner**, **2**.

Handbuch der pathogenen Mikroorganismen; **Kolle** und **Wassermann**.

Die im Blute schmarotzenden Protozoen und ihre nächsten Verwandten; **Lühe**, **1**.

Trypanosomen als Krankheitserreger; **Nocht** und **Mayer**.

Pathogenie Protozoa; **Calkins**, **5**.

Pathogenic microorganisms, including Protozoa; **Park** and **Williams**.

Amöbenruhr; **Ruge**, **2**.

Trypanosomes and *Piroplasmata*. Advance in our knowledge of the diseases they cause in stock in South Africa during the last 10 years; **Bruce**, **2**; also **Theiler**.

Trypanosomen als Parasiten und Krankheitserreger (Sammelreferat); **Kaestner**, **1**.

Protozoen als Krankheitserreger; **Kossel**.

Trypanosomi quali cause di malattie (lezione); **Lustig**.

Protozoen als Krankheitserreger; **Michaelis**.

"*Cytorrhycles*"-Arbeiten, zur Kritik der bisherigen; **Siegel**.

Urtierchen als Parasiten und Krankheitserreger; **Thesing**.

Protozoan diseases of Man and animals in India and German East-Africa; **Treutlein**.

Review of the Haemoflagellates; **Woodcock**, **2**.

The Protozoa found in plankton, as illustrating the educational value of Nature-study; **Zacharias**, **3**.

Bibliography.

Record of Protozoa for 1905; **Woodcock**, **3**.

International Cat. Sci. Lit., 3rd Annual Issue, London, 1906, Part ii, Protozoa (55-88).

Internat. Cat. Sci. Lit., 4th Annual Issue, London 1906, Part ii, Protozoa (51-81).

[Jahresbericht über] Protozoa, mit Ausschluss der Foraminifera, für 1891, 1892, and 1893. Mit Nachträgen aus den Jahren 1886-1890; **Lucas**.

Economics.

Contamination of drinking waters by Protozoa, and its prevention; **Camusat**.

PROTOZOA IN RELATION TO DISEASE.

(a.) *Mycetosis*.

Disease of the beetroot ("dry-rot") caused by *Myxomonas*, a new Mycetozoon; **Brzezinski**.

(b.) *Amœbosis*.

Befund von Rhizopoden bei zwei Fällen von Poliomyelitis acuta; **Ellermann**.

Amœbosis; **Musgrave**.

Pathogenesis of *Amœbae*; **Musgrave** and **Clegg**.

(c.) *Haemosporidiosis*.

Malarial epidemic in Greece and the different types of parasite associated therewith; **Cardamati** and **Diamesi**.

Malaria, latent infection; **Craig**.

Phagocytosis of malarial crescents; **Bernstein**.

De la persistante vitalité de l'hématozoaire de Laveran dans le cadavre humain; **Gillot**.

Malaria in Athens; **Pezopoulo** and **Cardamati**.

Le paludisme et les moustiques (prophylaxie); **Pressat**.

Aestivo-autumnal fever; **Veazie**.

(d.) *Piroplasmosis*.

Protozoaires dans le bouton du Nil; **Billet**, 2.

Piroplasmosis in the white rat; **Fantham**.

Relation of the different forms of *Piroplasma* to the blood-corpuscles; **Lühe**, 2.

Canine piroplasmosis (relation of the parasites to the corpuscles); **Nuttall** and **Graham-Smith**.

Ueber das in Japan beobachtete Rinderpiroplasma; **Miyajima** und **Shibayama**.

(e.) *Myxosporidiosis*.

("Pseudodiphtheria" in *Alosa finta* due to *Branchiophaga*, a new Myxosporidian; **Mazzarelli**, 3.)

On myxosporidiosis in the barbel, caused by *Myxololus pfeifferi*; **Stazzi**.

(f.) *Trypanosis*.

Trypanosomosis in the Anglo-Egyptian Soudan; **Balfour**, 5.

Histology of sleeping sickness and trypanosomosis, with comparison of changes found in animals infected with *T. gambiense* and other *Trypanosomata*; **Breinl**.

Human trypanosomosis; **Broden**.

Sleeping-sickness in Uganda; **Bruce**, 1.

(Trypanosomes et trypanosomoses; **Brumpt**, 5.)

On the distribution of Trypanosomes (*T. brucei*) in the different organs (of rabbits); **van Durme**.

Comparison between the Trypanosomes present by day and by night in the peripheral circulation in cases of human

trypanosomosis; **Dutton**, **Todd** and **Tobey**, 2.

Le Nagana chez la poule; **Göebel**.

Beitrag zur Kenntniss der menschlichen *Trypanosoma*-krankheit; **Kudicke**.

Trypanosomiasis du Haut-Niger; un nouveau Trypanosome pathogène; **Laveran**, 1.

Sur trois virus de trypanosomiasis humaine de provenances différentes; **Laveran**, 2.

De l'identité du Surra et de la Mbori; **Laveran**, 5.

Identification des Trypanosomes pathogènes—Essais de sérodiagnostic; **Laveran** et **Mesnil**, 1.

Du rôle important du *Trypanosoma dimorphon* dans les épizooties de la Guinée française; **Martin**, 1.

Les Trypanosomiasis de la Guinée française; **Martin**, 2.

Untersuchung der Tsetsekrankheit zwecks Immunisirung von Hausthieren; **Martini**.

Le lesioni anatomopatologiche causate dal *Trypanosoma evansi* nella infezione sperimentale del sorcio, del topo e della cavia; **Massaglia**.

Microscopic changes in the nervous system of Dourine, compared with those found in sleeping-sickness; **Mott**, 1-3.

La Soumaya, trypanosomiasis du Moyen-Niger; **Pécaud**.

Nagana expérimental. Les variations du nombre des Trypanosomes dans le sang du chien. Trypanolyse intravasculaire et pouvoir trypanolytique du sérum; **Rodet** et **Vallet**, 2, 3.

Temporary disappearance of *T. brucei* from blood of infected dogs; **Roux** and **Lacomme**.

Pathological histology in artificial infection with *Trypanosoma brucei*; **Sauerbeck**.

Etudes sur les trypanosomiasis de Berbérie en 1905; **Sergent** et **Sergent**, 1.

Effects of Trypanosomes of Gambia fever and sleeping-sickness in rats compared; **Thomas**.

Trypanosomata and trypanosomosis; **Tobey**.

Means of checking spread of sleeping-sickness; **Todd**, 2.

Treatment of human trypanosomosis by atoxyl; **Todd, 1.**

Trypanosomiasis des chevaux de l'Annan; **Vassal.**

Human trypanosomosis and spirochaetosis in Portuguese South-West Africa, with prophylactic suggestions; **Wellman.**

(g.) *Various.*

Protozoa (malarial parasites and Trypanosomes) in relation to disease; **Nocht.**

Beitrag zur Frage der Pathogenität der Flagellaten; **Biland.**

Flagellated Protozoa in a perineal abscess; **Hunt.**

Die Ichthyophthiriasis; **Clevisch.**

Pathogenität des *Balantidium coli*; **Ehrnroth.**

Infusoria in Typhus stools; **Krause.**

Die im menschlichen Darne vorkommenden Protozoen und ihre Bedeutung; **Roos.**

Les maladies bryocytiques (maladies à Protozoaires). La syphilis; **Bosc.**

Experimental vaccinia and variola in monkeys and the occurrence of *Cytoryctes*; **Brinkerhoff** and **Tyzzer.**

Protozoan parasites in relation to tumours; **Saul.**

Different effects of the cancer parasite upon the cells; **Schüller.**

Miscellaneous.

Mode of transmission, experimental infection.

Methods of transmission and inoculation of Trypanosomes; **Brumpt, 2-4.**

Etiology of sleeping-sickness; **Minchin.** *Glossina palpalis* in relation to Trypanosomes; **Minchin, Gray** and **Tulloch.**

Trypanosoma duttoni, observed in the foetus of a mouse; **Pricolo.**

Sensibilité des écureuils au Nagana expérimental; **Mathis.**

Exceptional susceptibility of birds (geese) to pathogenic Mammalian Trypanosomes; **Mesnil** and **Martin.**

Susceptibility of monkeys and Ruminants to the Trypanosome of Dourine; **Mesnil** and **Rouget.**

Trypanosoma brucei et Nagana expérimental; **Rodet** et **Vallet, 1-3.**

Experimental reproduction of amœbic dysentery; **Gauducheau.**

Probable mode of infection in the case of the Leishman-Donovan bodies; **Rogers.**

Artificial cultivation.

Les cultures de Protozoaires (*Opalinae*) et les variations de la matière vivante; **Kunstler** et **Gineste, 1.**

Pretesa coltivazione delle Amebe parassite dell' intestino umano; **Barbagallo.**

Amœbae; **Musgrave** and **Clegg.**

Coccidium hominis from the rabbit; **Galli-Valerio.**

Kultivierungsversuch der Hundepiroplasmen; **Kleine.**

Development of the Flagellate forms of Leishman-Donovan bodies in acid media; **Rogers.**

Trypanosoma rotatorium; **Bouet.**

Results of attempts to cultivate Trypanosomes from frogs; **Lewis** and **Williams.**

Isolation of "Trypanosomes" (*Herpetomonas* and *Critidia*) in cultures, from accompanying Bacteria; **Novy** and **Knapp.**

Mosquito "Trypanosomes," (*Herpetomonas* and *Critidia*); **Novy, McNeal,** and **Torrey.**

Technique.

Sur une modification au milieu de Novy-MacNeal pour la culture des Trypanosomes; **Mathis.**

(Sur la fixation à l'état d'extension des animalcules contractiles et spécialement des Vorticelles; **Beauchamp.**)

Capture, observation, and fixation of fresh-water Infusoria; **Raymond.**

Modification of Romanowsky-Giemsa method of staining; **Billet.**

Canine piroplasmosis; **Nuttall** and **Graham-Smith.**

Einführung in das Studium der Malaria-krankheiten mit besonderer Berücksichtigung der Technik; **Ruge**, 1.

STRUCTURE. 0407

General anatomy and morphology.

Fundamental characters of the simplest type of organism (*Amœba*); **Entz**, 1, 2.

A new order of fossil, incrusting organisms, the *Spongiostromaceae*, regarded as Protozoa; **Gürich**.

(a.) of SARCODINA.

Myxomonas betae, a new Mycetozoan parasite; **Brzezinski**.

Fresh-water Rhizopods; **Averintzev**, 1, 3, 5,

Mittheilungen über den Bau von *Pelomyxa lacustris*; **Bott**.

Entamoeba coli and *E. histolytica* compared; **Musgrave** and **Clegg**.

Arenaceous Foraminifera; **Kemna**.

On the dimorphism of *Textularia gibbosa*; **Silvestri**, 3.

Ricerche strutturali su alcune Foraminiferi di Bonfornello; **Silvestri**, 4.

Account of *Xenophyophora*; **Schulze**, 1, 2.

Structure of *Atlanticella*, a new Tripylarian; **Borgert**, 2.

(b.) of SPOROZOA.

Morphology of *Cystobia chiridotae* and *Nyalosphacra gregarinicola*; **Dogiel**, 1; "*Cystobia*" *irregularis* and other neogamous Gregarines; **Woodcock**, 1.

A new Sporozoan, *Eleutheroschizon duboseqi*; **Brasil**, 1.

Taeniocystis, a new metamerie Gregarine; **Léger**, 3.

Haematozoa of marine fish; **Lebailly**.

On a Haemogregarine of Mammals; **Balfour**, 2 and 3; *Haemogregarina lignièresi* n. sp.; **Laveran**, 3.

On the Haemosporidian (prob. *Haemogregarina* sp.) of *Testudo ibera* (*T. mauritanica*); **Popovici-Bazosanu**.

Contributo al studio morfologico del *Plasmodium quartanae*; **Levi della Vida**.

On a haemogregariniiform phase in the parasite of quartan fever (*Plasmodium malariae*); **Billet**, 1.

Diagnose différentielle des formes annulaires des hématozoaires du paludisme; **Billet**, 4.

On a new *Leucocytozoon* of Mammals; **Balfour**, 2, 4.

Leucocytozoon canis; **Christophers**.

On a Protozoan parasite from a dog (similar to that of Bentley = *Leucocytozoon canis*); **Wenyon**.

Piroplasma muris; **Fantham**.

Structural details of the different forms of *Babesia* (*Piroplasma*); **Lühe**, 2.

Canine piroplasmosis. v. On the morphology of the parasite (*P. canis*); **Nuttall** and **Graham-Smith**.

Structure of the Protozoan bodies observed in "bouton du Nil"; **Billet**, 2.

Pleistophora periplanetae; **Perrin**, 1.

(Recherches sur les Haplosporidies; **Caullery** et **Mesnil**.)

On the structure of *Rhinosporidium kinealyi*; **Beattie**.

Sur la biologie et la spécification des *Amœbidium*; **Chatton**, 2; morphologie de l'*Amœbidium reticola*; **Chatton**, 3.

(c.) of MASTIGOPHORA.

A new Chrysomonad, *Palatinella* n. g.; **Lauterborn**, 1.

A new *Herpetomonas*, *H. algeriense*; **Sergent**, E. and E., 2.

Herpetomonas-like parasites; **Balfour**, 1.

Mosquito Trypanosomes (*Herpetomonas* and *Crithidia*), cultural forms; **Novy**, **MacNeal** and **Torrey**.--Tsetse-fly Trypanosomes (including *Typanosoma grayi* n. sp.; **Novy**.

Comparative morphology of the Trypanosomes met with in *Glossina palpalis*; **Minchin**, **Gray** and **Tulloch**.

Trypanosomes of frogs; **França** and **Athias**, 2.

Different forms of a Trypanosome of bats; **Nicolle and Comte, 1.**

Curious morphological features in *Trypanosoma brucei*; notes on other Haematozoa; **Robertson, 1.**

Morphology of *T. pestanai* and *T. vesperilionis*; **Bettencourt and França, 1, 2**; *T. rotatorium*; **Bouet**; *T. theileri*, as observed in oxen in Transcaucasia; **Luchs.**

A Trypanosome and a new intracorpuseular parasite from the mole; **Thomson.**

Structure of *Trypanoplasma borreli*; **Keysseltz.**

Formenkreis von *Peridinium depressum*; **Brock, 2.**

On the structure of *Gonyaulax triacantha*, Jörg; **Kofoed, 5.**

Morphology of *Triposolenia*, a new Dinoflagellate; **Kofoed, 2.**

Pyrodinium, a new genus of Dinoflagellates; **Plate.**

A new Rhynchoflagellate, *Radiosium lobatum* n. g., n. sp.; **Mingazzini.**

(d.) of CILIOPHORA.

Notes on certain aspirotrichous Infusoria; **Scheuteden, 1.**

Structure of *Epistylis gasterostei* n. sp.; **Fauré-Fremiet, 2.**

Beiträge zur Kenntnis von: *Campanella umbellaria* L. sp. (*Epistylis flavicans* + *grandis* Ehrbg.); **Schröder, 1**; *Epistylis plicatilis* (Ehrbg.); **Schröder, 2**; *Vorticella monilata* Tatem; **Schröder, 4**; *Stentor coerules* Ehrbg. und *St. roeselii* Ehrbg.; **Schröder, 5.**

A new Vorticellid, *Opisthocyta heneguyi*; **Fauré-Fremiet, 7.**

Detailed account of *Trichodinopsis paradoxa*; **Issel.**

Orientation of the body in *Opalina*; **Kunstler and Gineste, 2.**

Structure of: *Ophrydium versatile*; **Fauré-Fremiet, 8**; *Tintinnoidium inquinum*; **Fauré-Fremiet, 9**; *Dendrosomides*, a new Acinetarian; **Collin.**

Minute structure; special anatomy.

(a) Test, shell, etc.

On the tests of certain new freshwater Rhizopods; **Averintzev, 3.**

Die Struktur und die chemische Zusammensetzung der Gehäuse bei den Süßwasserrhizopoden; **Averintzev, 4.**

Finer structure of the test of *Arcella*; **Cushman and Henderson.**

Étude sur la *Clypeolina marginata*, Rhizopode avec coquille à deux valves; **Penard.**

General structure of Foraminiferan shells; **Lister.**

Sur la structure du test dans les Fusulines; **Douvillé, 1**; structure of shell in *Orbitolina*; **Douvillé, 5.**

Sur la formation du réseau des Nummulites réticulées; **Boussac, 1, 3.**

Ueber die Mittel der Formbildung im Radiolarienkörper; **Häcker, 3.**

Chemical nature of the skeletal substance of Acantharia; **Bütschli, 1.**

Presence of a spherical skeleton or test, in addition to spines, in *Acanthocystis pertyana*; **Lord.**

Skeletal structure of *Acanthometridae*; **Mielck**: Of the *Acanthophracta*; **Popofsky, 2.**

La paroi sporale des Myxosporidies; **Léger et Hesse.**

Structure and arrangement of the skeletal plates in *Gonyaulax triacantha*; **Kofoed, 5.**

(b.) Cytoplasm and Nucleus.

Sur la structure intime du protoplasma chez les Protozoaires; **Fauré-Frémiat, 1.**

Protoplasm of Protozoa; discussion with regard to terms "spherule," "spheroplast," &c.; **Fauré-Frémiat, 3.**

Intimate structure of the cytoplasm in Protozoa; the nature of spherules or *spheridia* (for "spheroplasts"); **Kunstler, 1.**

Les sphérules chromophiles chez les Protozoaires; **Kunstler et Gineste, 5.**

Unispherular nuclei among *Amoebae* and Flagellates; **Kunstler, 2.**

Nuclear structure in the Foraminifera; **Lister**.

Minute structure of certain Nummulites; **Boussac**, 2.

Variety of nuclear structure in *Aggregata*; **Moroff**, 2.

Histological study of the malarial parasites; **Pezopoulo** and **Cardamati**.

Structure and chemical constitution of paramylum (*Euglena*); **Bütschli**, 2.

Les sphérules trophoplasmiques des Infusoires ciliés; **Kunstler** et **Gineste**, 6.

(Differenziazioni citoplasmatiche nel *Cryptochilum echini* (Maupas); **Russo** e **Di Mauro**, 2.)

Le *Glaucoma pyriformis* et l'organisation de la substance vivante; **Fauré-Frémiet**, 15.

Minute structure of *Opalina dimidiata*; **Kunstler** et **Gineste**, 3.

Histologische Beobachtungen über Paramaecien; **Chainskij**.

Formation of perivacuolar membranes around the food-vacuoles, in Ciliates; **Kunstler**, 3.

Food-vacuoles of Vorticellids, and their alteration during digestion; **Fauré-Frémiet**, 6.

Ueber die Augen der Tiere; **Haselbach**.

PHYSIOLOGY. 0411

General.

Biological considerations on the life-history of Protozoa; **Calkins**, 1-3.

Beobachtungen über das Leben der Protozoen; **Oelzelt-Newin**.

Das einfachste Tier (ungarisch); **Entz**, 1, 2.

On the vitality of resting cysts and spores of Protozoa, and their resistance under different conditions; **Certes**.

General account of physiology of fresh-water Rhizopods; **Averintzev**, 1.

Physiological considerations concerning *Volvox aureus*; **Stempell**.

Metabolism.

Nutrition and its relation to nuclear constitution in *Didinium nasutum*; **Prandtl**.

Das Leben ohne Sauerstoff; **Kulagin**.

Senescence, recuperation.

(Significance of the meganuclear fragmentation in *Cryptochilum echini* with regard to senile degeneration; **Russo** and **di Mauro**, 1.)

(Recuperation in *Cryptochilum*; **Russo** and **di Mauro**, 3.)

Recuperation in Protozoa; **Calkins**, 6 and 7.

Sexual relations.

(Physiological significance of conjugation in the life-cycle of Protozoa; **Calkins**, 7.)

On the conditions which determine conjugation among Infusoria; **Enriques**.

Significance of association in Gregarines; **Woodcock**, 1.

Movement.

The mode of movement in *Amoeba* and *Dictyoglia*; **Dellinger**.

Amoeba blattae and amoeboid motion; **Gerould**.

Energy of the ciliary movement of the adoral zone of Vorticellids, and its significance; **Fauré-Frémiet**, 5.

Environmental effects; adaptation.

Influence of surface-evaporation upon the distribution of Infusoria in a confined medium; **Robertson**, T. B., 2.

Modifications in living protoplasm (e.g., of *Opalina*), produced by variations in the environmental conditions (in this case in the host); **Kunstler** and **Gineste**, 1.

Physiologische Beobachtungen über Paramaecien; **Chainskij**.

De la persistante vitalité de l'hématozoaire de Laveran dans le cadavre humain; **Gillot**.

Vitalité du Trypanosome de la Dourine dans les conditions artificielles; **Yakimoff**.

On the significance of the asymmetry in *Triposolenia* (adaptive to flotation); **Kofoed**, 4.

Effects of various rays on Trypanosomes; **Ross**, 3.

Ein für *Trypanosoma brucei* spezifisches Serum und seine Einwirkung auf *Trypanosoma gambiense*; **Kleine und Möllers**.

Reactions of Infusoria to chemical and osmotic stimuli; **Robertson, T. B.**, 1.

Galvanotropismus und Galvanotaxis der Ciliata. Mitt. 4-5; **Statkewitsch**.

Chemical and physical effects produced in *Glaucoma* by anaesthetizing; **Fauré-Fremiet**, 4.

The behavior of *Paramecium*. Additional features and general reactions; **Jennings**.

Der Einfluss verschiedener Narcotica, Gase und Salze auf die Schwimmgeschwindigkeit von *Paramecium*; **Nagai**.

Relation of Infusoria (*Paramecium* and *Colpidium*) towards certain ions (OH and H) in their medium; **Peters and Rees**.

Reactions of *Stentor coeruleus* to light; **Mast**.

DEVELOPMENT AND RE- 0415 PRODUCTION.

Life-cycle of the Protozoa; **Calkins**, 1-3.

(a.) SARCODINA.

Life-cycle of *Myxomonas betae*, a new Mycetozoon; **Brzezinski**.

Die Süßwasser-Rhizopoden; **Averintzev**, 1.

Encystment in fresh-water Rhizopods; **Averintzev**, 5.

Plasmodiogenie, eine Vermehrungsart der niedersten Protozoen. Nach den Untersuchungen an mehrkernigen Formen von *Amœba proteus*; **Stolc**.

Ueber die Fortpflanzung von *Pelomyxa palustris*; **Bott**: Ueber eine eigenartige Form der Fortpflanzung bei *Pelomyxa palustris*; **Korschelt**.

Life-cycle of the Foraminifera; **Lister**.

Development of certain nummulites from young stages; **Boussac**, 2.

(b.) SPOROZOA.

Sur l'évolution des Grégarines gymnosporées des Crustacés; **Léger et Duboscq**, 1.

Development (schizogony) of *Aggregata eberthi* [= *Eucoccidium e.*] of the cuttle-fish, in a crab (*Portunus*); **Léger and Duboscq**, 2.

Modes of nuclear division in *Aggregata*; **Moroff**, 2.

Eleutheroschizon duboseqi, Sporozoaire nouveau; **Brasil**, 1.

Nouvelles recherches sur la reproduction des Grégarines monocystidées; **Brasil**, 2.

Stages in life-history of *Cystobia chiridotae* and *Hyalosphaera gregarini-cola*; **Dogiel**.

Life-cycle of *Diplodina* (*Cystobia*) *irregularis*; **Woodcock**, 1.

Étude sur *Taeniocystis mira* Léger, Grégarine métamérique; **Léger**, 3.

Untersuchungen über Coccidien. I. *Adelea zonula* nov. sp.; **Moroff**, 3.

Sur l'évolution des prétendues Coccidies des Céphalopodes; **Moroff**, 1.

Ueber eine Coccidienart, *Orcheobius herpobdellae* nov. gen. nov. sp.; **Schuberg und Kunze**.

Intracorpuseular conjugation in malarial parasites; **Craig**.

Developmental phases of *Leucocytozoon canis*; **Christophers**.

Beiträge zur Entwicklungsgeschichte der Piroplasmen; **Koch**.

Zur Kenntnis von Entwicklung der Babesien (Piroplasmen); **Lühe**, 2.

Sexual phenomena in *Myxobolus Pfeifferi*; **Mercier**, 1.

Development of spores in *Myxobolus Pfeifferi*; **Mercier**, 2.

Cyst and spores of *Myxidium giardi* n. sp.; **Cépède**, 2.

Spores of *Chloromyxum cristatum* and *C. truttiae*, n. spp., and their development; **Léger**, 1, 2.

Pansporoblasts and spores of a new Microsporidian, *Pleistophora macrospora* n. sp.; **Cépède**, 1, 2.

Observations on the life-history of *Pleistophora periplanetae*; **Perrin**, 1, 2.

Sur une Microsporidie du Talitre; **Mercier**, 4.

(Recherches sur les Haplosporidies; **Caullery et Mesnil**.)

Stages in life-cycle of *Amurosporidium*, a new Haplosporidian; **Caullery** and **Chappellier**.

Sur la biologie des *Amœbidium*; **Chatton**, 2.—Sur l'évolution de l'*Amœbidium recticola*, nouvelle espèce commensale des Daphnies; **Chatton**, 3.

(c.) MASTIGOPHORA.

Development and life-cycle of Haematozoa of salt-water fish, general account as so far known; **Lebailly**.

Herpetomonas-like parasites; **Balfour**, 1.

The development of the "*Hepatomonas*" [*Herpetomonas*] of Kala-Azar, from Leishman - Donovan bodies; **Rogers**.

Modes of development of certain Piscine Trypanosomes in leeches; **Brumpt**, 1, 2.

(Hémoflagellés des poissons d'eau douce. Leur forme dans les sangsues; **Léger**, 7.)

Researches on the life-history of "*Trypanosoma*" [*Spirochaeta*] *balbianii* (Certes); **Perrin**, 3.

Developmental-phases of *Trypanosoma duttoni*, observed in the foetus; **Pricolo**.

Phenomena of division in *T. rotatorium*; **Franca** and **Athias**, 1.

Multiplication and developmental forms of *T. theileri*; **Luhs**.

Generations- und Wirtswechsel von *Trypanoplasma borreli* Laveran et Mesnil; **Keysseltz**.

Beobachtungen an *Volvox aureus* Ehrbg. (= *minor* Stein); **Stempell**.

Beiträge zur Kenntnis der Peridineen; **Dogiel**.

Pyrocystis lunula und ihre Fortpflanzung; **Apstein**.

Les Blastodiniides, ordre nouveau de Dinoflagellés parasites; **Chatton**, 1.

(d.) CILIOPHORA.

(Life-history of Protozoa. IV Death of the A Series (*Paramœcium*)—Cycles of generations; **Calkins**, 7.)

Life-history of hypotrichous Infusoria; **Woodruffe**.

Ueber die Konjugation der Infusorien; **Versluys**.

(Frammentazione del macronucleo nel *Cryptochilum echini* (Maupas); **Russo e Di Mauro**, 1.)

(La coniugazione nel *Cryptochilum echini*, Maupas; **Russo e Di Mauro**, 3.)

Konjugation von *Didinium nasutum*; **Prandtl**.

Ungeschlechtliche und geschlechtliche Fortpflanzung der Tintinnen; **Laackmann**.

On sexual differentiation among Vorticellids; **Enriques**.

ETHIOLOGY. 0419

General.

Die Süßwasser-Rhizopoden; **Averintzev**, 1.

Luminosity.

Pyrodinium bahamense n. g., n. sp., die Leucht-Peridinee des „Feuersees“ von Nassau, Bahamas; **Plate**.

Plankton.

Zur Charakteristik des Phytoplanktons temperierter Meere; **Schröder**, B.

Fresh-water Mastigophora occurring in the sea; **Lemmermann**, 2.

Protozoan plankton of certain Irish Lakes; **West** and **West**.

Protozoan plankton from the Elbe in 1901 and 1905 compared; **Volk**.

Protozoa from a churchyard font near Plön; **Zacharias**, 2.

Flagellata, ponds near Bremerhafen; **Lemmermann**, 1.

Various lakelets, East and West Prussia; Protozoa; **Krause**.

Protozoan winter-plankton, 2 lakelets of Southern Finland; **Levander**, 1.

Plankton-Untersuchungen in norwegischen Seen; **Huitfeldt-Kaas**.

Protozoa (mostly Flagellata) from Lake Valkea-Mustajärvi, near Enois; **Levander**, 2.

Lakelets near Lunz, Nieder-Oesterreich, Protozoa; **Woltereck**.

Dinoflagellates, certain lakes in the Eastern Alps; **Brehm** and **Zederbauer**.

Protozoan plankton from various lakes in Istria and Dalmatia; **Car**.

Formation of large slimy masses in the Adriatic Sea, off Trieste, by *Peridinium*; **Cori**.

In ponds of Madrid, *Glenodinium pusillum*; **Forti**.

Periodicity, variation, and distribution of various plankton-organisms in South European seas; **Zacharias**, 4.

Atlantic Ocean (Plankton-Exped. Humboldt-Stiftung), *Atlanticella*, a new Triplarian; **Borgert**, 2.

Medusettidae from Atlantic Ocean and elsewhere (Plankton-Exped. Humboldt-Stiftung), tables of distribution; **Borgert**, 3.

Atlantic and Pacific Oceans (Plankton-Exped. Humboldt-Stiftung), *Tuscaroriidae*; **Borgert**, 1.

Atlantic Ocean ("Valdivia"-Expedition), Dinoflagellates; **Karsten**.

Indian and Atlantic Oceans, *Acanthometridae*; **Popofsky**, 1.

Die Acantharia der Plankton-Expedition. Teil: *Acanthophracta*. (Ergebn. Plankton-Exped. Humboldt-Stiftung); **Popofsky**, 2.

Eine Anzahl Tintinnen aus dem Plankton der Bucht von Rio de Janeiro; **Bresslau**.

San Diego region, *Heterodinium* and *Triposolenia*, new Dinoflagellates; **Kofoed**, 1, 2.

Psychology.

Ueber verständiges Tun niederer Tiere [Radiolarien]; **Henzen**.

Commensalism.

Le commensalisme spécifique chez les Vorticelles d'eau douce; **Fauré-Frémiet**, 10.

Le commensalisme des *Opercularia*; Le facteur mouvement et les facteurs de la spécificité; **Fauré-Frémiet**, 11, 12.

Parasitism.

General.

Wirtswechsel und Vererbung bei Protozoeninfektionen; **Loewenthal**.

Urtierchen als Parasiten und Krankheitserreger; **Thesing**.

Plantae.

In the beetroot, tissues of all the members, both intra- and inter-cellular, *Myxomonas betae* n. g., n. sp.; **Brzezinski**.

Sporozoa.

In *Cystobia chiridotae*, *Hyalosphaera gregarinicola* n. g., n. sp.; **Dogiel**, 1.

Echinozoermata.

In respiratory trees and body-cavity of *Cucumaria pentactes* and *C. planci*, *Diplodina minchinii*; **Woodecock**, 1.

Cystobia chiridotae nov. sp.; **Dogiel**, 1.

Rotifera.

In a South African Rotifer, *Bertramia kirkmani* sp. nov.; **Warren**.

Platyhelminthia.

In sporocysts of a Trematode ("*Cercaria*" [*Brachycoelium*] *lutea*), itself parasitic in *Donax*, a new Haplosporidian, *Anurosporidium*; **Caullery** and **Chappellier**.

Monocystidée nouvelle de *Pheretima*; **Hesse**, 1.

Chaetopoda.

(Sur un nouveau *Myxozystis* des Oligochètes; **Hesse**, 3.)

Hirudinea.

Expériences relatives au mode de transmission des Trypanosomes et des Trypanoplasmes par les Hirudinées (*Hemiclepsis*); **Brumpt**, 3.

In testes of *Nephelis vulgaris* (*Herpobdella atomaria*), a new Coccidian, *Orcheobius herpobdellae*; **Schuberg** and **Kunze**.

Crustacea.

Parasitic in the eggs of Copepods, *Gymnodinium parasiticum* sp. n.; **Dogiel**, 2.

In various Copepods, intestine, *Blas-todinium*, a new Dinoflagellate; **Chatton**, 1.

Sur un Amœbien parasite des embryons de *Peltoaster curvatus* Kossm; **Caulleury**.

Sur une Microsporidie du Talitre (*Amphipoda*); **Mercier**, 4.

Ectoparasitic on *Eupagurus* spp., *Dendrosomides*, a new Acinetarian; **Collin**.

Sur l'évolution des Grégarines gymnosporées des Crustacés; **Léger** et **Duboscq**, 1.

In *Portunus depurator*, forming coelomic cysts, *Aggregata* (= *Eucoccidium*) of the eutle fish; **Léger** and **Duboscq**, 2.

Sur quelques Microsporidies parasites des Crustacés; **Pérez**, 2 and 3.

Ovaries of crab attacked by *Microsporidia* (*Thelohania moenadis*); **Pérez**, 1.

Myriapoda.

Eleutheroschizon duboseqi, sporozoaire nouveau parasite des *Scoloplos armiger* O. F. Müller; **Brasil**, 1.

Insecta.

(Myxosporidies nouvelles des Insectes; **Hesse**, 2.)

Gregarina socialis sp. n., from larvæ of *Eryx ater*; **Léger**, 3.

Fat bodies of *Blaps mortisaga* (larva) *Adelea zonula* n. sp.; **Moroff**, 3.

Pleistophora periplanetae from Malpighian tubules of *Periplaneta orientalis*; **Perrin**, 1, 2.

Sur le second hôte (*Lynchia maura*) de l'*Hæmoproteus* (*Halteridium*) du pigeon; **Sergent** et **Sergent**, 3.

Flagellate parasite (probably *Crithidia*) in *Culex fatigans*; **Ross**, 1.

Parasites of mosquitoes (*Culex*) in India; **Ross**, 2.

In *Culex pipiens* and *Stegomyia fasciata*, females, *Herpetomonas algeriense* n. sp.; **Sergent**, E. and E., 2.

Herpetomonas-like parasites in fleas (*Pulex eleopatrae*); **Balfour**, 1.

Relation of *Trypanosoma gambiense* and other Trypanosomes to *Glossina palpalis*; **Minchin**, **Gray** and **Tulloch**.

Expériences d'infection de trypanosomiase (probablement *T. gambiense*) par des *Glossina palpalis* infectées naturellement; **Cazalbou**.

Tsetse-flies and Trypanosomes, ticks and *Piroplasmata*; **Koch**, 2.

Tsetse-flies and "fly-Trypanosomes"; **Novy**.

On destruction of the ovary and castration in Termites, due to parasitic Protozoa; **Brunelli**.

Arachnida.

Alternate host of the Haemogregarine of *Testudo ibera* is probably *Hyalomma syriacum* (*H. affine*); **Popovici-Bazosanu**.

In dog-tick (*Rhipicephalus sanguineus*), *Leucocytozoon canis*; **Christophers**.

Mollusca.

Un nouveau *Nematopsis* parasite des moules de la Méditerranée; **Léger**, 4.

In *Octopus* sp., *Eucoccidium jacqueti* n. sp.; **Moroff**, 1.

Pisces.

In African fish, *Bagerus bayard*, *Lynodontis schal*, and *Mugil* sp., Trypanosomes, spp. incert.; **Neave**.

In an African fish (*Clarias angolensis*), Haemoflagellates; **Dutton**, **Todd** and **Tobey**, 3.

New Myxosporidian (*Henneguya acerinae*) from gills of *Acerina cernuae*; **Schröder**, 3.

In *Alosa finta*, gills and branchial tissue, *Caprina aurantiacea*, a new Ciliate, and *Branchiophaga alosi-ida*, a new Myxosporidian; **Mazzarelli**, 1 and 2.

In kidney of an eel (*Anguilla vulgaris*), *Myxidium giardi* n. sp.; **Cépède**, 2, 3.

In an eel (*Anguilla vulgaris*?), a new *Haemogregarina*; **Laveran**, 3.

In *Cobitis barbatula*, kidneys and bladder, *Myxidium barbatulae* and *Henneguya legeri* n. spp.; **Cépède**, 3.

In muscular wall of abdomen, *Cobitis barbatula*, *Pleistophora macrospora* n. sp.; **Cépède**, 1, 2.

In head of *Gadus aeglefinus*, a new species of *Myxobolus*; **Auerbach**.

In flounder (*Pleuronectes flesus*), gall-bladder, *Leptotheca agilis*; **Robertson, M., 2**.

In the following fish, new species of *Trypanosoma*, viz.: *Barbus fluvialtilis*, *T. barbi*; *Perea fluvialtilis*, *T. pereae*; *Acerina cernua*, *T. acerinae*; *Phoxinus laevis*, *T. phoxini*; *Cottus gobio*, *T. langeroni*; *Scardinius erythrophthalmus*, *T. scardinii*; *Leuciscus* sp., *T. leucisci*; *Gobio fluvialtilis*, *T. elegans*; *Squalius cephalus*, *T. squalii*; **Brumpt, 1**.

In the following fish, new species of *Trypanoplasma*, viz.: *Barbus fluvialtilis*, *T. barbi*; *Abramis brama*, *T. abramidis*; *Salmo fario*, *T. truttiae*; **Brumpt, 2**.

In gall bladder of tench (*Tineu*), *Chloromyxum cristatum* n.sp.; **Léger, 2**.

In *Trutta fario*, gall-bladder, and conn. tissue, *Chloromyxum truttiae* n. sp.; **Léger, 1**.

(Myxosporidies des Poissons des Alpes françaises; **Cépède, 5**.)

Deux nouvelles Myxosporidies parasites des Poissons d'eau douce; **Léger, 6**.

Trypanoplasma borreli, in relation to its hosts (fish and leeches); **Keyszelitz**.

Amphibia.

In a Somali toad (*Bufo reticulatus*). *Trypanosoma somalense* n.sp.; **Brumpt, 2**.

In *Rana esculenta*, *Trypanosoma elegans* and *T. undulans* n. spp.; **Franca and Athias, 2**.

The host of *Haemogregarina neireti* is *Rana mascarenensis*; **Laveran, 1**.

Reptilia.

Sur une Hémogrégarine karyolytante d'un lézard (*Mabuia vittata*); **Nicolle et Comte, 2**.

Sur une Hémogrégarine de *Varanus griseus*; **Nicolle et Comte, 3**.

Protozoaires parasites des Vipères (*Vipera aspis*); **Léger, 5**.

In an African python, *Trypanosoma pythonis* sp. n. [really a *Haemogregarine*]; **Robertson, M., 1, 2**.

Aves.

In blood of an African stork (*Leptoptilus*), a *Halteridium* regarded as new; **Hirst**.

(x-9720 e)

In African birds, vultures (*Neophron percnopterus*) shrike (*Laniarius cruentus*), *Trypanosomes* spp. incert.; **Neave**.

In guinea-fowl (*Numida pitlorhyncha*), a "*Haemamoeba*" resembling "*H.*" (*Leucocytozoon*) *ziemanni*; **Neave**.

Mammalia.

Protozoan parasite in polymorphonuclear leucocytes of a dog; **Gerrard**, also **Wenyon**.

Trypanosomiasis beim Schweine (*Trypanosoma suis* n. sp.); **Ochmann**.

Trypanosoma theileri in oxen in Trans-Caucasia; **Luchs**.

Trypanosomes and new intracorpusecular parasites in a mole; **Thomson**.

A *Haemogregarine* from a Mammal (*Jaculus, jerboa*); **Balfour, 3**.

A *Leucocytozoon* from the rat; **Balfour, 4**.

In white rats (*Mus rattus*) *Piroplasma muris* n. sp.; **Fantham**.

In rats (*Mus rattus*), leucocytes, a *Leucocytozoon*; **Adie**. — In *Mus decumanus*, a *Leucocytozoon* (perhaps *L. ratti*); **Cleland**.

In white blood-corpuscles of palm-squirrels, *Sciurus palmarum* (= *Funambulus pennantii*), *Leucocytozoon funambuli* n. sp.; **Patton**.

In an Antelope, *Trypanosoma theileri*; **Dutton, Todd and Tobey, 1**.

Occurrence of endoglobular parasites ("ringförmige") and Trypanosomes in bats (*Vesperugo pipistrellus*); **Kisskalt**.

Haematozoa in a bat (*Vespertilio cypensis*); **Bowhill**.

In *Vesperugo külli*, "*Achromaticus*" *vesperuginis*); **Gonder**.

Haematozoa of bats; **Schingareff**.

In a Monkey (*Cercopithecus*) a Trypanosome sp. incert; **Dutton, Todd and Tobey, 1**.

Remarks on parasitism and symbiosis of the pathogenic *Amœbae*; **Musgrave and Clegg**.

From typhus stools, a new *Balantidium*; **Krause**.

Un cas de présence des Flagellés dans les excréments humains; **Zaleski**.

VARIATION, PHYLOGENY. 0423

Variation, etc.

Les cultures de Protozoaires et les variations de la matière vivante; **Kunstler et Gineste, 4.**

Variation and correlation in *Chilomonas* under favourable and unfavourable conditions; **Pearl, 2.**

Paramœcium aurelia and mutation (*P. caudatum*, a variant of *P. a.*); **Calkins, 4, 5.**

Variation and correlation in conjugating and non-conjugating individuals of *Paramœcium caudatum*; **Pearl, 1.**

A case of monstrosity in *Stentor coeruleus*; **Fauré-Fremiet, 14.**

Experimental variation of *Vorticella microstoma* (into "*V. hians*"; **Fauré-Fremiet, 13.**

On the abundance and variety of Radiolarian species, as bearing upon the Darwinian theory; **Zacharias, 5.**

Classification and Phylogeny.

Evolution and phylogeny of the *Nummulitidae*; **Douvillé, 3.**

Phylogeny of *Nummulites*—2 chief types; **Boussac, 3.**

Classification and phylogeny of the *Acanthophracta*; **Popofsky, 2.**

Relationship of *Amœbidium* is to the Thallophytes (*Fungi*), rather than to the Sporozoa; **Chatton, 2.**

Phylogeny of Trypanosomes discussed; **Woodcock, 2.**

On the origin of the *Urceolaridae*; **Fauré-Fremiet, 2.**

DISTRIBUTION (GEOGRAPHY).

0427

Geographical.

Geographical Distribution of fresh-water Rhizopods; **Averintzev, 1 and 5.**

Europe.

Lough Larne and District, Foraminifera; **Gough, 1 2.**

North Sea, a new Tripylarian; **Brock, 1.**

Protozoa on the ice-floes of the North Polar sea; **Nansen.**

Foraminifera from the bottom samples and the mud from the ice-surface in the North Polar sea; **Kiær, 1.**

In the Marne (Rheims), *Ophrydium versatile*; **Topsent.**

Upper Rhine district (Rheinpfalz, Heidelberg), Protozoa, incl. *Pleodorina illinoisensis*, *Cycloncris annularis*, *Placocysta spinosa*, and *Paulinella chromatophora*; **Lauterborn, 2.**

Protozoa from large Moritzburg pond, near Dresden; **Schorler, Thallwitz and Schiller.**

East-Prussia, moss bogs and swamps, Rhizopods; **Sellnick.**

Rhizopoda from lakelets in the Massif of Rutor, Graian Alps; **Monti.**

Protozoa from Lake of St. Blaise (Neuchâtel); **Thiébaud.**

Protozoan fauna from ponds in the Jura (Neuchâtel); **Thiébaud and Favre, 1 and 2.**

Lake of Lucerne, Protozoa; **Zschokke.**

A new Dictyochid from the Adriatic, *Hermesinum adriaticum*, n.g., n.sp.; **Zacharias, 1.**

Isle of Delos, Grecian Archipelago, Recent Foraminifera; **Sidebottom.**

Asia.

Aralsee, Foraminifera; **Kiær, 2.**

Turkestan, Protozoa; **Daday, 1.**

Indian Ocean, off Ceylon, Foraminifera; **Dakin.**

Mongolia, Protozoa; **Daday, 2.**

Ind. Néerl. Or., Xenophyophoren der Siboga-Expedition; **Schulze, 1.**

Australasia.

Foraminifera obtained off Great Barrier Island, New Zealand; **Chapman.**

(Australian sands, Foraminifera; **Jensen.**)

Foraminifera von Laysan und den Chatham-Inseln. (Ergebnisse einer Reise nach dem Pacific. Schauinsland 1896 1897); **Rhumbler.**

America.

Nantucket, fresh-water Rhizopods **Cushman.**

Iowa, Protozoa; **Edmondson.**

San Diego region, Dinoflagellata; **Kofoed, 1, 2.**

Paraguay, fresh-water microfauna; **Daday, 4.**

Oceanic.

Atlantic, Indian and Pacific Oceans, *Xenophyophora* from the "Albatross" Expedition; **Schulze, 2.**

"Valdivia" deep-sea expedition (chief oceanic regions), Tripylaria; **Häcker, 1-4.**

Pacific Ocean, coasts of New Pomerania, *Acanthometridae*; **Mielck.**

Geological.

General.

Nummulites characteristic of different geological basins and horizons; **Douvillé, II, 2 and 3.**

Succession of *Lepidocyclus* in the Piedmontese "basin"; **Douvillé, R.** and **Prever.**

On the Value of *Lepidocyclus* and *Mioquipsina* in the determination of stratigraphical horizons; **Sacco, 1.**

Distribution, geographical and geological, of *Lepidocyclus marginata* (Michel.), *sens. incl.*; **Silvestri, 2.**

Distribution, geographical and geological, of *Textularia gibbosa* d'Orb.; **Silvestri, 3.**

Geological and geographical distribution of *Fusulina*-species; **Yabe.**

Birregurra and Campbell's Point (near Geelong), Australia, horizon not given, Foraminifera; **Mulder, 1, 2;** also (locality not given); **Brady and Mulder.**

Notes on the geological distribution of Foraminifera, Radiolaria, Silicoflagellata and *Coccolithophoridae*; **Stromer.**

Quaternary.

Pleistocene clays and sands, Isle of Man, Foraminifera; **Reade and Wright.**

Pleistocene, Maryland, Foraminifera; **Clark.**

Tertiary.

Sur quelques gisements nummulitiques de Madagascar; **Douvillé, 2.**

In "Viseen" limestones, Namur, a new order of fossil organisms, *Spongiostrumaceae*; **Gärlich.**

(N-9720 e)

Geological distribution of *Orthophragminae* and *Orbitoidae*, as bearing upon the correct horizon of the "Flysch"; **dal Lago.**

Foraminiferenfauna der Tertiärschichten von Biarritz; **Liebus.**

Nummulitic zones (Tertiaries), Gas-sino and Biarritz, Foraminifera; **Prever.**

Tertiaries, Piedmont, Foraminifera; **Sacco, 2.**

Tertiary, Kienthaler Alps, *Globigerina*-ooze; **Gerber.**

Lower Tertiary ("Kalkmergel"), King William's Land, (German New Guinea), Radiolaria; **Haupt.**

Miocene and Pliocene ("trubi"), Bonfornello (near Palermo), Foraminifera; **Silvestri, 4.**

Upper Miocene, Batangas Province, (Philippines), *Orbitoides martini* sp. n.; **Smith, 2.**

Miocene, Monte Titano (San Marino), Foraminifera; **Nelli.**

Binangonan limestone (Miocene), Manila, *Orbitoides*; **Smith, 1.**

Oligocene, Apennines (Modena), "*Orbitoides gumbelii*" and other Foraminifera; **Silvestri, 1.**

Oligocene ("Septarienton"), Wonsheim, (Rhenish Hesse), Foraminifera; **Stoltz.**

Oligocene, Bavaria, Foraminifera; **Stuchlik.**

Eocene and Miocene, Monte Sirente, Central Apennines, *Nummulitidae*; **Cassetti.**

Eocene and Miocene, S. Marino, Foraminifera; **Trabucco.**

Eocene, Alicante, *Nummulitidae*; **de Cisneros.**

Eocene *Lepidocyclus*, doubts with regard to alleged existence; **Douvillé, R., 1.**

Eocene (Bartonian), Prahova (Romania), Foraminifera; **Mrazek.**

Middle Eocene, "Plana de Vich," Spain, *Nummulites*; **Almera, 1, 2.**

Eocene, Sicily, *Lepidocyclus* n. spp.; **Checchia-Rispoli, 1.**

Eocene, Capo S. Andrea (Taormina), Foraminifera; **Checchia-Rispoli, 2.**

Eocene, New Caledonia, *Nummulitidae* and *Orbitoidae*; **Deprat.**

Eocene (Nummulitic limestones), Madagascar, *Nummulites* and *Orthophragmina*; **Douvillé, R. 2.**

Eocene, Rieti, *Nummulitidae*; **Lotti.**

Eocene, Beaulieu, occurrence of *Nummulites*; **Mauzy and Caziot.**

Eocene (Nummulitic zones), Valleys of the Gurk and Görtscitz, (Austria), *Nummulitidae*; **Redlich.**

Eocene, Basin of Lake Trasimeno, Foraminifera; **Ristori.**

Eocene, Penisola Salentina (provincia di Lecce), *Nummulitidae*; **di Stefano.**

Mesozoic.

Upper Cretaceous, Eastern Rhaetikon, *Globigerinae*; **v. Seidlitz.**

Upper Cretaceous, Upper Engadine, *Globigerinae*; **Zoeppritz.**

Cretaceous, Persia, Foraminifera; **Douvillé, H., 6.**

Cretaceous, Tripoli, *Omphalocyclus macropora*; **Krumbeck.**

Cretaceous, Sac and Ida Counties, Iowa, Foraminifera; **MacBride.**

Cretaceous, Tarahuna (Tripoli), *Orbitolina* n. spp.; **Parona.**

Cretaceous, (Lower "Campanien"), South-East of France, Foraminifera; **Repelin.**

Lower Lias, near Gloucester, Foraminifera; **Richardson.**

Palaeozoic.

Cambrian, near Shantung, China, *globigerina* (?) *mantouensis* n. sp.; **Walcott.**

III.—SYSTEMATIC. 0431

PROTOZOA, GENERAL.

Microscopic fresh-water Protozoa from Mongolia; **Daday, Math. Termt. Ért., 24, (34-77).**

The Protozoa of Iowa. A study of species known to occur in the waters of this state; **Edmondson, Davenport, Iowa, Proc. Acad. Sci., 11, (1-124, pls.).**

General morphology of the higher Protozoa; **Kunstler and Gixeste, Paris, C.-R. Acad. Sci., 142, (294-296).**

Protozoa on the ice-floes of the North Polar Sea; **Nansen, Norw. North Polar**

Exp, Scientific Results, (Kristiania), 5, No. XVI, 1906, (22, 8 pls.).

Protozoa in plankton of certain Irish Lakes. **West and West, Dublin, Trans. R. Irish Acad., 33 (B), (77-116, pls. vi-xi).**

1. MYCETOZOA.

General account (continued); **TEMPÈRE, Microgr. Prépar. 14, (76-79, 240-252, pls. viii, xxviii).**

Leptophrys, (syn. *Vampyrella* spp.), notes on the genus; **KEPNER, Amer. Nat., 40, (335-312, text figg.).**

Myxomonas **gen. n.**, (allied to *Plasmodiophora*) *M. betae* **sp. n.**; **BRZEZINSKI, Kraków, Bull. Int. Acad., 1906, (139-202, pls. 2-6).**

2. SARCODINA (=GYMNOMYXA, RHIZOPODA, *sens lat.*).

(a) *Amoebaea* (= *Lobosa*, *Rhizopoda sens str.*).

Rhizopoda Testacea, classification and systematic account [in Russian]; **AYERINTZEV, St. Peterburg, Trav. Soc. Nat., 36, ii, (121-246, pl. v).**

Rhizopoda, systematic notes; **AYERINTZEV, Ann. Biol. lacustre, 1, (321-326).**

Beiträge zur Kenntnis der Süßwasserrhizopoden. (Vorl. Mitt.); **AYERINTZEV, Arch. Protistenkunde, 8, (112-119).**

Amoebina. Struktur und chemische Zusammensetzung der Gehäuse bei den Süßwasserrhizopoden; **AYERINTZEV, Arch. Protistenkunde, Jena, 8, (95-111).**

Fresh-water *Rhizopods* of Nantucket; **CUSHMAN, Amer. Nat., 40, (371-373).**

Lobosa Testacea, detailed classification and description (from *Averintzev's Memoir*); **SCHOUTEDEN, Ann. Biol. lacustre, 1, (327-382, 62 figg.).**

Amæba, Allgemein; **ENTZ, Termt. Közl., 38, (257-276, 12 Fig.); also, publ. sep. Budapest (Heller), 1906, (38, 12 figg.).—A. blattae and other Amæbae, description of movement; GEROULD, Science, (N. ser.), 23, (707-710).—A. paedophthora sp. n., from eggs of *Pelto-gaster*, described; CAULLERY, Paris, C.-R. soc. biol., 61, (266-268, 4 figs.).—A. proteus, plasmodiogony; ŠTOLC, Arch. EntwMech., 21, (111-125).**

Arcella m'itrata and *A. vulgaris*, structural details of test; CUSHMAN and HENDERSON, Amer. Nat. **40**, (797-809, text-figs.).

Averintzevia gen. n. (for *Heleopera*) *cyclostoma*; SCHOUTEDEN, Ann. Biol. lacustre, **1**, (357).

Clypeolina marginata, described; PENARD, Arch. Protistenkunde, **8**, (66-85, 10 text-figs.).

Coryria penardi sp. n. (= *C. coronata* var. *simplex* Penard), Gouv. Archangelsk; AVERINTZEV, St. Peterburg, Trav. Soc. nat., **36**.

Cucurbitella longula sp. n., Gouv. Novgorod; AVERINTZEV, St. Peterburg, Trav. Soc. nat., **36**, (177, figg. 71 and 72).

Diplugia septentrionalis sp. n., Russland; AVERINTZEV, Arch. Protistenkunde, **8**, (89); also, *id.*, St. Peterburg, Trav. Soc. Nat. **36**, ii, (208, figg. 73-75).

Entamoeba coli and *E. histolytica*, described; specificity of these 2 forms as regards harmlessness or pathogenicity questioned; McSGRAVE and CLEGG, Philippine Journ. Sci., **1**, (909-950, 10 figg.).—*E. histolytica*, the *Amaba* of dysentery, general account; RUGE, Handbuch der Tropenkrankh., hrsg. v. C. Mense, Bd III, 1, (1-21, 3 Taf.).

Leequereusia angulata, *L. extranea* spp. nn., Archangelsk; AVERINTZEV, Arch. Protistenkunde, **8**, (87-88). St. Peterburg, Trav. Soc. Nat., **36**, (172, figg. 67, 68).

Nebela spumosa (238, fig. 79), *N. maxima* (239, figg. 76-78), *N. pulcherrima* spp. n.; Archangelsk; AVERINTZEV, St. Peterburg, Trav. Soc. Nat., **36**, ii; also *id.* Arch. Protistenkunde, **8**, (90-93).

(*Paulinella chromatophora*, note on habits, structure and American occurrence; KEPNER, Biol. Bull., **9**, (128-129, with text-fig.))

Pelomyxa palustris, Bau und Fortpflanzung; BOTT, Arch. Protistenkunde, **8**, (120-158, mit 2 Taf.); also, Zool. Anz. **29**, (803-806).—*P. p.*, Fortpflanzung; KORSCHULT, Natw. Rdsch., **21**, (503-504).

Pyxidicula invisitata sp. n., Archangelsk; AVERINTZEV, Arch. Protistenkunde, **8**, (86); also, *id.*, St. Peterburg, Trav. Soc. Nat., **36**, (115, figg. 61-64).

Sexangularia gen. n., *S. parrula* sp. n., Gouv. Archangelsk; AVERINTZEV, St. Peterburg, Trav. Soc. nat., **36**, ii, (163, figg. 65-66).

(b) Foraminifera.

For lists of occurrence, etc., see under Geological Distribution.

†Foraminifera of the Salem limestone; BEEDE, Indiana, Rep., Dept. Geol. Nat. Res. **30**, (1201-1218, with pl.).

Sur la formation du réseau des Nummulites réticulées; BOUSSAC, Paris, C.-R. Acad. sci., **142**, (243-244).

Foraminifera, Great Barrier Island, New Zealand; CHAPMAN, Wellington, Trans. N. Zeal. Inst., **38**, (76-112, pl. 3).

Foraminifera, Indian Ocean, off Ceylon; DAKIN, Roy. Soc. Rep. Ceylon Pearl Fish. **5**, (225-242, 1 pl.).

†Sur quelques gisements nummulitiques de Madagascar. (Paléontologie de Madagascar II.); DOUVILLÉ, R. Ann. Paléont., **1**, (61-68, 1 fig.).

Foraminifera of Larne Lough and District; GOUGH, Sci. Investig., Dept. Agric. and Fisheries, Ireland, **3**, (10, 1 pl.), and **4**, (12).

(Foraminifera, Australian sands; JENSEN, Sydney, N.S.W., Proc. Linn. Soc., **29**, (810-831, 1 pl.))

Thalamophora from the North Polar sea; KLAER, Norw. North Polar Exp., Scientific Results, Kristiania, **5**, (No. XIV, App. II), 1906, (58-62).

†Foraminifera, Tertiary layers, Biarritz; LIEBUS, Wien, Jahrb. geol. Reichs-Anst., **56**, (351-366, 1 pl., 8 text-figg.).

Foraminifera, general account of life-history; LISTER, Nature, **74**, (400-406).

Foraminifera von Laysan und den Chatham-Inseln. (Ergebn. einer Reise nach dem Pacific); RUMBLER, Zool. Jahrb., Syst. **24**, (21-80, 4 pls.).

†Foraminifera from Lower Lias, Gloucester; RICHARDSON, Gloucester, Proc. Cotteswold Nat. F. Cl., **15**, (261).

Recent Foraminifera, Island of Delos (Grecian Archipelago); SIDEBOTTOM, Manchester, Mem. Lit. Phil. Soc., **50**, No. V, (18, 2 pls.).

†Ricerca strutturali su alcune forme dei trubi di Bonfornello (Palermo);

SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**, (235-276, 14 figg.).

Adelosina laysanensis **sp. n.**, Laysan ; RHUMBLER, Zool. Jahrb., Syst., **24**, (50, figs. 37, 38).

†*Ataxophragmium laceratum*, Tertiaries, Biarritz ; LIEBUS, Wien, Jahrb. Geol. Reichsanst., **56**, (358, fig. 6).

†*Bolivina lata* nom. nov., Tertiaries, Biarritz ; LIEBUS, Wien, Jahrb. Geol. Reichsanst., **56**, (357, fig. 2).

Brachysiphon **gen. n.**, near *Rhabdamina*, (83), *B. corbuliformis* **sp. n.**, (84, pl. 3, figs. 2 and 3), Gr. Barrier Id., N.Z. ; CHAPMAN, Wellington, Trans. N. Zeal. Inst., **38**.

†*Cassidulina oblonga* (= *C. globosa* ?), Tertiaries, Biarritz ; LIEBUS, Wien, Jahrb. Geol. Reichsanst., **56**, (357, fig. 5).

†*Clavulina gaudryinoides*, (249, figg. 3 and 4), *C. rudis* (259, figg. 8-10), Miocene and Pliocene ("trubi"), Bonfornello ; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**.

†*Dentalina pauperata*, Tertiaries, Biarritz ; LIEBUS, Wien, Jahrb. geol. Reichsanst., **56**, (354, fig. 1).

Discorbina araucaria, Aralsee ; KLER, Taschent, Izv. Turk. Otd. Russ. Geogr. Obsč., **4**, (27-29). — *D. irregularis* **sp. n.** Chatham Is. ; RHUMBLER, Zool. Jahrb., Syst., **24**, (70, figs. 57-58).

†*Ellipsoidina*, and related forms, comparative notes on ; SCHUBERT, Centralbl. Min., **1906**, (641-645).

†*Ellipsopleurostomella russitanoi* **sp. n.**, Miocene and Pliocene ("trubi"), Bonfornello ; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**, (257, fig. 7).

†*Fusulina*, synopsis of the subgenera of ; YABE, Tokyo, J. Coll. Sci., **21**, Art. 5, (1-36, with 3 pls.).

Fusulinidae, structure du test ; DOUVILLÉ, H., Paris, C.-R. Acad. sci., **143**, (258-261).

†*Globigerina* (?) *mntoensis* **sp. n.**, Cambrian, Shantung, China ; WALCOTT, Washington, Smithsonian Inst., Nation. Mus., Proc., **29**, (10).

Hauerina complanata **sp. n.**, Ceylon ; DAKIN, Roy. Soc. Rep. Ceylon Pearl Fish., **5**, (231, fig. 7).

†*Heteroclypeus* **nom. nov.** (for *Heterostegina cycloclypeus*), eine Uebergangsform zwischen *Heterostegina* und *Cyclo-*

clypeus ; SCHUBERT. Centralbl. Min., **1906**, (640-641).

Hyperammia calcilega **sp. n.**, Laysan ; RHUMBLER, Zool. Jahrb., Syst., **24**, (24, figs. 1, 2).

†*Karrerria lithothamnica*, Tertiaries, Biarritz ; LIEBUS, Wien, Jahrb. Geol. Reichsanst., **56**, (361, fig. 8).

(*Lagena laevis*, Montagu var., Wollongang ; JENSEN, Sydney, N.S.W., Proc. Linn Soc., **29**, (814, pl. xxvi, fig. 2).) *L. fasciata* var. *earinata* **var. n.** (7, pl. I, fig. 17), *L. inaequilateralis* var. *semicarinata* **var. n.** (10, pl. 2, fig. 7), *L. irregularis* **sp. n.**, (11, pl. 2, fig. 8), *L. orbignyana* (?) var., *falcata* **var. n.**, (13, pl. 2, fig. 12), Grecian Archipelago, SIDEBOTTOM, Manchester, Mem. Lit. Phil. Soc. **50**, No. V.

†*Lepidocyclina eiofaloï* (A) **sp. n.** (89, pl. 3, figs. 4, 5), *L. himerensis* (B), **sp. n.** (91, pl. 3, figs. 1-3), *L. planulata* (A), **sp. n.** (90, pl. 3, figs. 6-8), Eocene, Sicily, CHECCHIA-RISPOLI, Riv. Ital. Paleont., **12**. — *L. marginata* (Michelotti), distribution, geogr. and geol., and enumeration of forms included in this term ; SILVESTRI, Roma, Atti Acc. Pont. Lincei, **59**, (146-166, 1 fig.). — *L. spp. nn.*, Eocene, Peninsula Salentina, noted ; DI STEFANO, Roma, Rend. Acc. Lincei, **15**, (1), (425). — *L.*, observations sur quelques travaux relatifs au genre ; DOUVILLÉ, H. Feuille jeunes naturalistes, Paris, **36**, 1906, (169-174).

†*Lingulina costata*, Miocene and Pliocene ("trubi"), Bonfornello ; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**, (263, fig. 11).

†*Loftusia morgani* **sp. n.**, (376), *L. persica* (251), Cretaceous, Persia ; DOUVILLÉ, H. Mission de Morgan en Perse. Partie IV. Paléontologie. Mollusques fossiles, Paris, 1904, (380, av. pl.).

Miliolidae : illustrazione di specie orbignyane istituite nel 1826 ; FORNASINI, Bologna, Mem. Acc. sc., (Ser. 6), **2**, (59-70, 4 tav.).

Miliolina schauinslandi (41, figs. 20, 21), *M. deplanata* (42, fig. 23), *M. arenacea* (43, figs. 24, 25), *M. eribrostoma* (47, fig. 32), *M. ferox* (47, figs. 29-31), Laysan, **spp. n.** ; RHUMBLER, Zool. Jahrb., Syst., **24**.

†*Neoschwagerina* **subgen. n.** (of *Fusulina*) for *N. craticulifera* ; YABE, Tokyo, J. Coll. Science, **21**, Art. 5, (3, pl. 1).

Nodobaculularia irregularis **sp. n.**, Laysan; RHUMBLER, Zool. Jahrb., Syst., **24**, (38, fig. 15).

Nodosaria cylindracea **sp. n.**, Ceylon; DAKIN, Roy. Soc. Rep. Ceylon Pearl Fish., **5**, (235, fig. 8).—*N. scalaris*, Batsch. var., Wollongong; JENSEN, Sydney, N.S.W., Proc. Linn. Soc., **29**, (816, pl. xxiii, fig. 1).

†*Nummulites biarritzensis*, (65, figs. 1, 2, 6-8, 13-15), *N. carteri*, (66, figs. 9-12, 17, 19-20), Eocene, Madagascar; DOUVILLÉ, R., Paris, Ann. Paléont., **1**.—*N.*, 2 distinct types, *N. laevigatus* Lmck. + *N. brongiarti* and *N. fabianii* + *N. laevigatus* d'Arch.; BOUSSAC, Paris, C.-R. Acad. Sci., **142**, (243-244), and Bull. Soc. géol., (Ser. 4), **6**, (98-100, pl. 3).—*N. fabianii*, Prever, morphology and development; BOUSSAC, Paris, Bull. Soc. géol., (1), **6**, (88, pl. 1, pl. 3, fig. 6).—*N.* spp., characteristic of different geological basins and horizons; DOUVILLÉ, H., Paris, Bul. Soc. géol. (Ser. 4), **6**, (13-42, with tables).

†*Nummulitidae* "Priabona Schichten" and parallel zones, systematic comparison of, in regard to accurate determination of the horizon of these strata; OPPENHEIM, Berlin, Zs. d. geol. Ges., **58**, (156-180).

†*Omphalocyclus macropora*, Cretaceous, Tripoli; KROMBECK, Palaeontographica, **53**, (82-84, pl. 7, fig. 1).

†"*Orbitoides gumbelii*" Seg., Oligocene, Apennines, description and synonymy; SILVESTRI, Roma, Atti Acc. Pont. Lincei, **59**, (33-39, 2 figg.).—*O. richthofeni* **sp. n.**, Binangonan limestone, Manila; SMITH, Philippine Journ. Sci., **1**, (205, fig. 1, pl. 1).—*O. martini* **sp. n.**, Upper Miocene, Batangas Province, (Philippines); SMITH, T.c., (628, pl. 4, figs. 6, 7, 9.)

†*Orbitolina paronai*, *O. bochini*, and *O. kiliani* **spp. nn.** (Prever?), Cretaceous, Tarahuna (Tripoli), noted; PARONA, Roma, Rend. Acc. Lincei, **15** (i), (163-164).—*O.* spp., structure of shell; DOUVILLÉ, H., Paris, Bul. soc. géol., (sér. 4), **4**, (653-661, av. pl.).

†*Orthophragmina umbilicata* **sp. n.** (497, pl. 16, figg. 2-11), var. *fournieri* **var. n.** (501, pl. 17, fig. 12), *O. javana* **var. minor**, (502, pl. 17, figg. 13, 14), *O. sella*, (504, pl. 17, figg. 15-18), *O. dispansa*, (505, pl. 17, fig. 19), *O. varians*,

(505, pl. 18, figg. 20-22), *O. pentagonalis* **sp. n.** (507, pl. 18, figs. 24, 25, pl. 19, fig. 27). *O. stella* (508, pl. 19, fig. 28), *O. lanceolata* (509, pl. 19, figg. 29, 30), Eocene, New Caledonia; DEPRAT, Paris, Bull. Soc. géol., (ser. 4), **5**.—*O. coleanapi* **sp. n.**, Eocene, Madagascar; DOUVILLÉ, R. Paris, Ann. Paléont., **1**, (67, figs. 4-5).

†*Pellatospira* **gen. n.** (Nummulitidae), for *P. douvillei* **sp. n.**, (91, pl. 2, figg. 10-13), and *P. (N.) madaraszi*, (92, pl. 2, fig. 14); described, BOUSSAC, Paris, Bull. Soc. géol. (4) **6**.

†*Pleurostomella alternans*, Miocene and Pliocene ("trubi"), Bonfornello; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**, (253, fig. 6).

(*Polymorphina alveoliniformis* **sp. n.**, Byron Bay, N.S.W.; JENSEN, Sydney, N.S.W., Proc. Linn. Soc., **29**, (821, pl. xxiii, figs. 8-12).—*P. sororia*, Reuss var., *id.*, t.c. (817, pl. xxiii, fig. 3).)

(*Polystomella hedleyi* **sp. n.** Palm Island, Queensland; JENSEN, Sydney, N.S.W., Proc. Linn. Soc., **29**, (828, pl. xxiii, fig. 14).—*P. macella* var., Wollongong, *id.*, t.c. (317, pl. xxxiii, fig. 4).)—*P. striatopunctata*, Alai-see, KIAER, Tashkent, Izv. Turk. Otd. Russ. Geogr. Obsč., **4**, (27-29).

(†*Porocystis*, regarded as a monothalamous Foraminiferan, rather than a Polyzoan; JARVIS, Biol. Bull., **9**, (388-390).)

Ramulina herdmanni **sp. n.**, Ceylon; DAKIN, Roy. Soc. Rep. Ceylon Pearl Fish., **5**, (226-228, 236, figs. i-vi).

(*Rheophax cuncta* **sp. n.** Byron Bay, N.S.W.; JENSEN, Sydney, N.S.W., Proc. Linn. Soc., **29**, (821, pl. xxiii, figs. 5-7).)

Rotalidae; Illustrazione di specie orbignyane istituite nel 1826, FORNASINI, Bologna, Mem. Acc. sc., (Ser. 6), **3**, (61-70, 4 tav.).

†*Sigmoilina schlumbergeri* **nom. nov.**, (267), *S. celata* (Costa) **sens. str.**, (268, figs. 12-14), Miocene and Pliocene ("trubi"), Bonfornello; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**.

Spirillina vivipara var. *revertens* var. **n.**, Laysan and Chatham Isles; RHUMBLER, Zool. Jahrb. Syst., **24**, (32, figs. 8-10).

†*Spiroclypeus granulatus* **sp. n.**, Priabona; BOUSSAC, Paris, Bull. Soc. géol. (4) **6**, (96, pl. 2, figg. 15-18, pl. 3, fig. 19).

†*Spiroplecta corrugata*, Miocene and Pliocene ("trubi"), Bonfornello; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**, (242, fig. 2).

†*Textularia folium*, Tertiaries, Biarritz; LIEBUS, Wien, Jahrb. geol. Rehs. Aust., **56**, (356, fig. 2).—*T. gibbosa* d'Orb., on the dimorphism of; also distribution, geogr. and geol.; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **24**, (225–242, 9 figs.).

†*Tritaxia lepida*, Tertiaries, Biarritz; LIEBUS, Wien, Jahrb. Geol. Rehs. Anst., **56**, (359, fig. 7).

Tubinella **gen. n.** (fam. *Rhabdamminidae*), for *T. perforata* **sp. n.**, Laysan; RHUMBLER, Zool. Jahrb., Syst., **24**, (25–27, fig. 5).

Tubinellinae **subfam. n.**, RHUMBLER, Zool. Jahrb. Syst., **24**, (25).

†*Vagulinopsis inversa* (Costa), var. *Carinata* Silv., "trubi," Bonfornello; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**, (251, fig. 5).

†*Vulvulina pennatula*, "trubi," Bonfornello; SILVESTRI, Roma, Mem. Acc. Nuovi Lincei, **22**, (214, fig. 1).

Incertae sedis.

(Probably allied to Foraminifera.)

†*Spongiostromaccae* **ord. n.**

†*Spongiostromidae* **fam. n.** (35).

†*Aphrostroma* **gen. n.**, (36); *A. tenebrum* **sp. n.**, (36, pls. 1, 2, 3).

†*Chondrostoma* **gen. n.**, 45; *C. problematicum* **sp. n.**, (45, pl. 12, fig. 3); *C. globuliferum* **sp. n.**, 46, pl. 12, figs. 1, 2); *C. intermixtum* **sp. n.**, (47, pl. 13); *C. vermiculiferum* **sp. n.**, 48, pl. 14, fig. 1, 2, 3).

†*Malacostroma* **gen. n.**, 48); *M. concentricum* **sp. n.**, (49, pls. 15–17, 20, 23, fig. 7); *M. plumosum* **sp. n.**, (50, pl. 18, fig. 1); *M. undulosum* **sp. n.**, (51, pls. 18, fig. 2, 19).

†*Pycnostroma* **gen. n.** (38); *P. densius* (39, pls. 4, 5); *P. spongilliferum* **sp. n.**, (40, pl. 6, fig. 2).

†*Spongiostroma* **gen. n.** (40); *S. macandrinum* **sp. n.**, (41, pl. 6); *S. bacilliferum* **sp. n.**, (42, pl. 7, pl. 10, fig. 1); *S. ovuliferum* **sp. n.**, (43, pls. 8, 9, 10, fig. 2); *S. granulosum* **sp. n.**, (44, pl. 11); all from limestones ("Viséen"), Namur, GÜRICH, Bruxelles, Mém. Musée Belge., **3**, IV. (55, 23 pls.).

Xenophyophora.

Die Xenophyophoren der Siboga-Expedition; SCHULZE, Resultats des explorations zool., Botan., océan. géol. entreprises aux Indes Néerl. Or. 1899–1900, à bord du Siboga, publiés par Max Weber. Leiden, Livr., **31**, Monogr. 4 bis, 1906, (18, avec 3 pl.).

Xenophyophora der amerikanischen Albatros-Expedition 1904–05; SCHULZE, Berlin, SitzBer. Ges. natf. Freunde, **1906**, (205–229, mit 1 Karte).

Psammetta globosa **sp. n.**; SCHULZE, Rés. exp. Siboga, Livr. **31**, Monogr. 4 bis, (1–11, pl. 1 and pl. 2, figg. 1–10).

(c) *Heliozoa.*

Acanthocystis klepica **sp. n.**; HUITFELDT-KAAS, Plankton-Untersuchungen in norwegischen Seen. (Norw.), (IV + 199, mit 3 Taf. u. 9 Tab.), deutsches Rés. (147–197).—*A. pertyana*, test ('skeleton') and spines in, described; LORD, Manchester, Trans. Microsc. Soc., **1905**, (41–44, 1 pl.).

Lithocolla apsteinii **sp. n.**; HUITFELDT-KAAS, Plankton-Untersuchungen in norwegischen Seen, (Norw.), (iv + 199, 3 Taf. u. 9 Tab.), deutsches Rés. (147–197).

(d) *Radiolaria.*

Ueber die Mittel der Formbildung im Radiolarienkörper. (6. Mitt. über die Tripyleen der „Valdivia“-Ausbeute.). HÄCKER, Verh. D. zool. Ges., Leipzig, **16**, (31–51).

Acantharia, various, chemical nature of skeletal substance; BÜTSCHLI, Zool. Anz., **30**, (781–789).

Acanthochiasma bruhni **sp. n.**, Indian Ocean; POROFSKY, Arch. Protistenkunde, **7**, (352).—*A. plana* **var. n. schotti**, Indian Ocean; POROFSKY, Arch. Protistenkunde, **7**, (351, fig. 8).

Acanthometulac, Pacific Ocean, skeletal structure; MIELCK, Zool. Anz., **30**, (754–762, 3 fig.).—*A.*, systematic account; POROFSKY, Arch. Protistenkunde, **7**, (345–391, 4 pls.).

Acanthometron crinaceum **sp. n.**, Atlantic; POROFSKY, Arch. Protistenkunde, **7**, (354, fig. 12).

Acanthophracta, from the Plankton-Expedition of the Humboldt-Stiftung, classification and systematic account;

POPOFSKY, *Ergebn.*, **3**, L. f. β , (160, 16 pls.).

Arachnothauma **gen. n.**, (Monopylaria, near *Arachnocorys*) *A. mirabile* **sp. n.**; ZACHARIAS, *Arch. Hydrobiol.*, **1**, (566).

Astracantha **gen. n.** (Tripylaria), (888); *A. paradoxa* (890, fig. 12); *A. heteracantha* (891, fig. 13); *A. umbellifera* (891, fig. 14), **spp. n.**, "Valdivia"-expedition; HÄCKER, *Zool. Anz.*, **30**.

Astracanthidae **fam. n.**, "Valdivia"-material, diagnosed; HÄCKER, *Zool. Anz.* **30**, (888).

Atlanticella **gen. n.** (Tripylaria), (125); *A. anacantha* (125, pl. 10 figs. 1-3); *A. craspedota* (126, pl. 10, figs. 4 and 5); *A. planktonica* (126, pl. 10, figs. 6-8), **spp. n.**, Atlantic Ocean; BORBERT, *Ergebn. Plankton-Exped. Humboldt Stiftung*, **3**, L. h. 3.—*A. bicornis* **sp. n.**; HÄCKER, *Zool. Anz.*, **30**, (894, fig. 16).

Atlanticellidae, **fam. n.**, diagnosed; BORBERT, *Ergebn. Plankton-Exped. Humboldt-Stiftung*, **3**, L. h. 3, (117).

Aluoceros patescens **sp. n.**; ZACHARIAS, *Arch. Hydrobiol.*, **1**, (572).

Aulospathis monodon **sp. n.**; ZACHARIAS, *Arch. Hydrobiol.*, **1**, (550).

Castanea amphora **sp. n.**, Atlantic; HÄCKER, *Arch. Protistenkunde*, **8**, (65).

Castanidium sol **sp. n.** Atlantic; *C. mosleyi* **subsp. n.** *circoporoides*; HÄCKER, *Arch. Protistenkunde*, **8**, (64).

Castanissa valdiviae **sp. n.** Atlantic; HÄCKER, *Arch. Protistenkunde*, **8**, (64).

Castanura echinus **sp. n.** Atlantic; HÄCKER, *Arch. Protistenkunde*, **8**, (64).

Challengeridae; vierte Mitteilung über die Tripyleen-Ausbeute der deutschen Tiefsee-Expedition. HÄCKER, *Arch. Protistenkunde*, Jena, **7**, 1906, (259-306, 1 Taf.).

Challengeron häckeri **sp. n.**; ZACHARIAS, *Arch. Hydrobiol.*, **1**, (572).—*C. sacculus* **sp. n.** "Valdivia" deep-sea expedition; HÄCKER, *Arch. Protistenkunde*, **7**, (302, pl. xi, fig. 10).

Challengerosium aricularia **sp. n.**, "Valdivia" deep-sea expedition; HÄCKER, *Arch. Protistenkunde*, **7**, (300, pl. xi, fig. 8).

Circocastanea **gen. n.**, (Tripylaria), *margarita* **sp. n.**, HÄCKER, *Arch. Protistenk.*, **8**, (59, fig. 8).

Circoporetta **gen. n.**, (Tripylaria), HÄCKER, *Verh. D. zool. Ges.*, **16**, (36).

Circostephanus valdiviae **sp. n.**, HÄCKER, *Verh. D. zool. Ges.*, **16**, (36).

Coleaspis tridentifera **sp. n.**, Atlantic, POPOFSKY, *Ergebn. Plankton-Exp.*, **3**, L. f. β , (75, pl. 5, fig. 4).

Cribrosphaera **gen. n.**, (Acantharia), for *C. polypora*, POPOFSKY, *Ergebn. Plankton-Exp.*, **3**, L. f. β , (63).

Cruciforma **gen. n.** for part of *Amphiloneche*, (Acantharia), POPOFSKY, *Arch. Protistenkunde*, **7**, (376).

Cytocladus **gen. n.**, (Peripyalaria), for *C. gracilis*, *C. major* **spp. nn.**, German South Polar Expedition; SCHRÖDER, *Zool. Anz.*, **30**, (448-451, 9 figg.).—*C. gracillimus* **sp. n.**, "Valdivia" material; HÄCKER, *Zool. Anz.*, **30**, (879, fig. 1).—*C. spinosus* **sp. n.**, Japan; SCHRÖDER, *Zool. Anz.*, **30**, (587-590, 1 fig.).

Diploeonius nitidus with var. *indicus*, Indian and Pacific Oceans, (123, pl. 15, figs. 1-3), *D. tridentatus*, Atl., Ind., Pac., (123, pl. 15, figs. 4, 5), **spp. n.**, POPOFSKY, *Ergebn. Plankton-Exp.*, **3**, L. f. β .

Diporaspis planetonica **sp. n.**, Atl., POPOFSKY, *Ergebn. t.c.* (50, pl. 2, fig. 7, pl. 3, fig. 1).

Dorataspis loricata **varr. nn.** *disparopora*, *delibitata*, POPOFSKY, *t.c.* (42, pl. 1, figs. 10-12).

Globispinum **gen. n.**, (Acantharia), for *G. laucolatum*, POPOFSKY, *t.c.* (56).

Heliochallengeron **gen. n.**, (Tripylaria), for *H. (Challengeron) channeri*, HÄCKER, *Arch. Protistenkunde*, **7**, (300, pl. xi, fig. 9).

Hystrihaspis arbusta **sp. n.**, Atlantic, POPOFSKY, *Ergebn. Plankton-Exp.*, **3**, L. f. β , (68, pl. 6, fig. 5).

Lepidella **gen. n.**, (*inc. sedis*), for *L. chumiana* **sp. n.**, ZACHARIAS, *Arch. Hydrobiol.*, **1**.

Medusettidae from plankton, Atlantic and elsewhere, BORBERT, *Ergebn. Plankton-Exped. Humboldt-Stiftung*, Bd. **3**, L. h. 4, (133-192, 4 pls.).

Nationalletta valdiviae **sp. n.**, HÄCKER, *Zool. Anz.*, **30**, (892, fig. 15).

Phyllostaurus quadrifolius var. n. *phyllacantha*, ZACHARIAS, Arch. Hydrobiol., **1**, (512).

Planktonetta decapus sp. n., Atlantic Ocean; BORGERT, Ergebn. Plankton-Exped. Humboldt-Stiftung, **3**, I, h. 4, (162, pl. 13, figs. 10-14).

Porodiscus armatus sp. n., ZACHARIAS, Arch. Hydrobiol., **1**, (548).

Protocystis acornis (292, pl. xi, fig. 3); *P. bicornis* (293, pl. xi, fig. 4); *P. micropoleucus* (298, pl. xi, fig. 5); *P. thyroma* (299, pl. xi, fig. 6); *P. tuba* (299, pl. xi, fig. 7), spp. n., "Valdivia" deep-sea expedition; HÄCKER, Arch. Protistenkunde, **7**.

Sagenoarium anthophorum sp. n., Antarctic, HÄCKER, Verh. D. zool. Ges., **16**, (40).—*S. (?) norregicum* sp. n. Nordatlantic; BROCK, Zool. Anz., **29**, (657-659).

Staurodictya leptacantha sp. n. ZACHARIAS, Arch. Hydrobiol., **1**, (566).

Tesseraspis cribriforma with var. *ambigua*, Atl., Pacif., (83, pl. 8, figs. 1, 2, pl. 9, fig. 2); *T. planctonica*, Atl., Ind., Pacif., (83, pl. 8, figs. 3, 4); *T. incognita*, Ind., (84, pl. 8, figs. 5, 6), spp. n.; POPOFSKY, Ergebn. Plankton-Exp., **3**, I, f. β.—*T. micropora* var. n. *sargassiana*, id., t.c. (83, pl. 7, fig. 9).

Thalassothamnidae fam. n., characterized, HÄCKER, Zool. Anz., **30**, (885).

Thalassothamnus gen. n., (Periphyllaria), (886); *T. tenerimus* (879, fig. 2); *T. ramosus* (880, fig. 3); *T. genista* (881, figs. 4 and 9); *T. spermatophorus* (881, fig. 5), spp. n., "Valdivia"-Material, HÄCKER, Zool. Anz., **30**.

Tignisphaera gen. n., (Acantharia), for *T. tubulata* and *T. tetragonopa*, POPOFSKY, Ergebn. Plankton-Exp., **3**, I, f. β., (104, pl. 16, fig. 1).

Thoracaspis elegans varr. nn.; *T. callosa*, (57, pl. 4, figs. 2-5); *T. imperfecta*, (57, pl. 4, figs. 7, 8); *T. perforata*, (58, pl. 4, fig. 6); *T. salebrosa* sp. n., (59, pl. 4, fig. 11); *T. latispicala* sp. n., (60, pl. 5, fig. 2), POPOFSKY, Ergebn. Plankton-Exp., **3**, I, f. β.

Tuscaroridae, in "Plankton-Expedition der Humboldt-Stiftung"; BORGERT, **3**, I, h. 2, (95-112, 1 pl.).

Zygacantha annulata sp. n., Atlantic, POPOFSKY, Arch. Protistenkunde, **7**, 358, fig. 13).

3. SPOROZOA.

(a) Gregarinidea.

Aggregata [vide under Coccidia].

Cystobia chviridotae sp. n.; DOGIEL, Arch. Protistenkunde, Jena, **7**, 1906, (106-130, 1 Taf.).

Diplodina, gen. n. (for *Cystobia*)—*irregularis*, life-cycle, *D. minchinii*, notes on, WOODCOCK, Q. J. Microsc. Sci., **50**, (1-100, 6 pls.).

Eleutheroschizon gen. n., for *E. duboseqi* sp. n., BRASIL, Arch. zool., **4**, Notes et Rev., (xvii-xxii, with fig.).

(Gregarina cavalierina sp. n. BLANCHARD, Paris, C.-R. ass. franç. avanc. sci., **33**, (926-928), Bull., **1904**, (269).)—*G. socialis* sp. n., LÉGER, Arch. Protistenkunde, **7**, (327, text-fig.).

Monocystis coronatus sp. n., from *Pheretima*, HESSE, Paris, Bull. ass. franç. avanc. sci., **1904**, (268).—*Monocystis* spp., conjugation and reproduction; BRASIL, Arch. Zool., Paris, **4**, 1905, (69-99, 2 pls.).

(Stylorhynchus gladiator sp. n. BLANCHARD, Paris, Bull. ass. franç. avanc. sci., **1904**, (269), C.-R., **33**, (924-925).)

Taenocystis mira, structure and development, LÉGER, Arch. Protistenkunde, **7**, (307-329, 2 Taf.).

(b) Coccidiidea.

Adelea zonula sp. n., from *Blaps*; MOROFF, Arch. Protistenkunde, **8**, (17-51, 1 Taf.).

Aggregata (= *Eucoccidium*) *eberthi*, development in a crab (*Portunus*); LÉGER et DUBOSCQ, Paris, C.-R. Soc. Biol., **60**, (1001-1003).—*A. spinosa* sp. n., diagnosed, (74); *A. spp.*, varieties of nuclear division; MOROFF, Zool. Anz., **31**, (72-78).

Diplospora fragilis sp. n., from *Vipera aspis*, LÉGER, Paris, Bull. Ass. franç. avanc. sci., **1904**, (268).

Eucoccidium (syn. "*Benedenia*," *Klossia*), genetically connected with *Aggregata*; *E. jacquemeti* sp. n., MOROFF, Paris, C.-R. Acad. Sci., **142**, (652-654).—*E. eberthi* and *E. jacquemeti* of Cephalopods, development in crabs (*Inachus*, *Portunus*, etc.) in an *Aggregata*-form; LÉGER et DUBOSCQ, Paris, C.-R. Acad. sci., **142**, (1225-1227).

Hyalosphaera gen. n., for *H. gregari-nicola* sp. n.; DOGIEL, Arch. Protistenkunde, **7**, (123-128, pl. iii, figs. 20-29).

Karyospora gen. n. for *K. simplex* sp. n., from *Vipera aspis*, noted only, LÉGER, Paris, Bull. Ass. franç. avanc. sci., **1904**, (268).

Nematopsis schneideri sp. n., from *Mytilus*, LÉGER, Paris, Bull. ass. franç. sci., **1905**, (331).

Orcheobius gen. n. for *O. herpobdellae* sp. n. from *Nepheleis (Herpobdella)*; SCHUBERG und KUNZE, Verh. D. zool. Ges., **16**, (233-250).

(c) Haemosporidia.

On Haematozoa [spec. indet.] in a bat; BOWHILL, J. Hygiene, **6**, (246-247, pl. iii).

On Haematozoa of bats; SCHINGAREFF, St. Peterb., Arch. Sci. biol., **12**, (181-189, 1 pl.).

On the Haematozoan of *Testudo ibera*; POPOVICI-BAZNOSANU, Paris, C.-R. soc. biol., **60**, (173-174).

Blood parasites of the mole; THOMSON, J. Hygiene, **6**, (574-579, pl. 10).

"*Achromatium*" *vesperuginis* (Dionisi), GONDER, Berlin, Arb. Gesundheitsamt, **24**, (220-226, 1 Taf.).

Halteridium crumenium sp. n., from an African stork; HIRST, London, Proc. Zool. Soc., **1905**, ii, (297).

"*Haemamoeba*" *nearei* [sic!] sp. n., recalling "*H.*" (*Leucocytozoon*) *ziemannii*; NEAVE, Khartoum, Rep., Wellcome Research Lab., **2**, (200, pl. 20).

Haemogregarina balfouri (Laveran), BALFOUR, Khartoum, Rep. Wellcome Res. Lab., **2**, (97-110, figs. 57-60, pl. xi-xiii). and J. Trop. Medicine, **9**, (81-92, 2 pls.).—*H. borreli* sp. n., from *Varanus*, NICOLLE et COMTE, Paris, C.-R. soc. biol., **61**, (310-312, with fig.).—*H. callionymi* (380, text-fig. 3); *H. quadrigemina* (381, text-fig. 3, A-II); LEBAILLY, Arch. Parasit., **10**.—*H. (Ilesi + platessae)*, notes on structure; ROBERTSON, M., Edinburgh, Proc. R. Physic. Soc., **16**, (242, pl. 9).—*H. lignièresi* sp. n., from *Anguilla*; LAVERAN, Paris, C.-R. Soc. biol., **60**, (457-458).—*H. mabuiae* sp. n., from a lizard (*Mabuia*), NICOLLE et COMTE, Paris, C.-R. soc. biol., **61**, (291-295, with fig.).

Haemoproteus (Halteridium) columbae, Kruse; a Hippoboscoid (*Lynechia*) as alternate host; SERGENT et SERGENT, Paris, C.-R. soc. biol., **61**, (494-496).—*H. maceallumi*, *H. rouxii*, *H. sacharovi* spp. nn.; NOVY and MACNEAL, New York, Proc. Soc. Exp. Biol. Med., **2**, 1905, (23-28).

Leishmania ("Piroplasma") donovani, the "*Hepatomonas*" of Kala-Azar, development of Flagellate phases; ROGERS, London, Proc. R. Soc., **77**, B. (284-293, pl. vii).

On a Protozoan parasite from a dog (= *Leucocytozoon canis*); WENYON, J. Hygiene, **6**, (231-236, pl. 2).

Leucocytozoon funambuli sp. n., from palm-squirrels; PATTON, Sci. Mem. India, **24**, (13, 1 pl.).—*L. muris* sp. n., from the rat; BALFOUR, Khartoum, Rep. Wellcome Res. Lab., **2**, (110-111, pl. xi).—*L. rattus* sp. n. (prov.), from *M. rattus*; ADIE, Journ. trop. Medicine, **9**, (325-329, text-figs.).—*L.* sp. (perhaps *rattus*) from *Mus decumanus*; CLELAND, Journ. Trop. Medicine, **9**, (296-297).

Malarial parasites; differentiation of the various ring-forms; BILLET, Paris, C.-R. Soc. biol., **61**, (754-756).—Malarial parasites, specific unity of; THROUX, Paris, C.-R. Acad. sci., **143**, (615-617), also Ann. Inst. Pasteur, **20**, (766-773, 869-873).

Piroplasma bigeminum, also *P.* of East African Coast fever, developmental phases in ticks; KOCH, Zs. Hyg., Leipzig, **54**, (1-9, 3 Taf.).—*P. canis*, observations on morphology and life-history; NUTTALL and GRAHAM-SMITH, J. Hygiene, **6**, (586-651, pl. 11-13, 23 text-figs.).—*P. c.* attempts at cultivation; KLEINE, Zs. Hyg., Leipzig, **54**, (10-16, 2 Taf.).—*P. muris* sp. n.; FANTHAM, Q. J. Microsc. Sci., **50**, (493-516, 1 pl.).—*P. (Babesia)*, spp., minute structure and relation to blood-corpuscles; LÜHE, Zool. Anz., **30**, (45-52).—*P.* (sp. incert.) in cattle in Japan; MIYAJIMA und SHIBAYAMA, Zs. Hyg., **54**, (189-200, 1 Taf.).

Protozoa in "bouton du Nil," probably the same as *Piroplasma [Leishmania] tropica*, of Delhi boil; BILLET, Paris, C.-R. Soc. Biol., **60**, (1149-1151).

Plasmodium malariae, parasite of quartan fever, haemogregariniform phase; BILLET, Paris, C.-R. Soc. Biol., **60**, (1146-1148, text-figs.).—*P. m.* technique;

RUGE, Jena, 1906, (ix + 420, 5 Taf.).—*P. praecox*, *P. vivax* u. *P. malariae*; PEZOPOULOU und CARDAMATI, Centralbl. Bakt., Abt. 1, **40**, Originale, (341-350, 2 Taf., 480-495, 2 Taf.).—*P. quartanae*, studio morfologico e biologico; LEVI DELLA VIDA, Roma, Atti Soc. studi malaria, **7**, (137-148, 1 tav.).—*P. raughani* sp. n.; NOVY and MACNEAL, New York, N.Y., Proc. Soc. Exp. Biol. Med., **2**, (23-28).

(d) Myxosporidia.

Sur la structure de la paroi sporale des Myxosporidies; LÉGER et HESSE, Paris, C.-R. Acad. sci., **142**, (720-722, figg.).

Microsporidies parasites des crabes d'Arcachon; PÉREZ, Arcachon, Trav. Soc. sci. station zool., **8**, (15-36, figg.).

Sur quelques Microsporidies parasites des Crustacés; PÉREZ, Paris, Bull. ass. franç. avanc. sci., **1905**, (329-330).

Branchiophaga alosicida, Mazzar. Rapporti col *Blastulidium*; MAZZARELLI, Rivista mensile di Pesca, **8**, (209-214, 7 fig.).

Chloromyxum cristatum sp. n., from *Tinea*; LÉGER, Paris, C.-R. Acad. sci., **142**, (1097-1098).—*C. truttiae* sp. n.; LÉGER, Paris, C.-R. Acad. sci., **142**, (655-656).

Henneguya acerinae sp. n., aus den Kiemen von *Acerina cermua*; SCHRÖDER, Arch. Protistenkunde, **7**, (186-196, 1 Taf.).—(*H. legeri* sp. n., from *Cobitis*; CÉPÈDE, Paris, C.-R. Ass. franç. avanc. sci., **33**, (911).)

(*Myxidium barbatulae* sp. n., from *Cobitis*, kidney and bladder; CÉPÈDE, Paris, C.-R. Ass. franç. avanc. sci., **33**, (912).)—*M. giardi* sp. n., from *Anguilla vulgaris*; CÉPÈDE, Paris, C.-R. Soc. Biol., **60**, (15-16 and 170-173, 4 figg.).—*M. rhodei* sp. n.; LÉGER, Paris, Bull. Ass. franç. avanc. sci., **1905**, (330).

Myxobolus aeglefini sp. n., from *Gadus aeglefinus*, spores described; AUERBACH, Zool. Anz., **30**, (568-570).—*M. pfeifferi*, producente la psorospermiosi o mixoboliasi tuberosa dei barbi; STAZZI, Rivista mensile di Pesca, **8**, (14-19, 3 fig.).—*M. pfeifferi*, sexual phenomena and development of spores; MERCIER, Paris, C.-R. Soc. Biol., **60**, (427-428 and 763-764).

(*Myxocystis mrazeki* sp. n.; HESSE, Paris, C.-R. ass. franç. avanc. sci., **33**, (914-916), Bull., **1904**, (268).)

(*Noszma longifilum* sp. n.; HESSE, Paris, C.-R. ass. franç. avanc. sci., **33**, (917-919), Bull., **1904**, (268).)—N., liability of mistaking yeast-bodies and other cell-parasites in *Blatta* for spores of; MERCIER, Paris, C.-R. Soc. Biol., **60**, (1081-1083).

Pleistophora macrospora sp. n., from body-wall of *Cobitis*, sporoblasts and spores; CÉPÈDE, Paris, C.-R. Acad. sci., **142**, (56-58), and C.-R. Soc. Biol., **60**, (13-15).—*P. periplanetae*, structure and life-history; PERRIN, Q. J. Microsc. Sci., London, **49**, 1906, (615-633, 2 pls.).—*P. vermiformis*, sp. n.; LÉGER, Paris, Bull. ass. franç. avanc. sci., **1905**, (330).

(*Thelohania cepedei* sp. n.; HESSE, Paris, C.-R. ass. franç. avanc. sci., **33**, (919), Bull., **1904**, (268).)—*T.* sp., from *Talitrus* (Amphipod); MERCIER, Paris, C.-R. soc. biol., **61**, (90-91).

(e) Haplosporidia.

(Recherches sur les Haplosporidies; CAULLERY et MESNIL, Arch. zool., sér. 4, **4**, (101-180, pl. 1).)

Anurosporidium gen. n., *A. pelsenceri* sp. n., from sporocysts of a Trematode; CAULLERY and CHAPPELLIER, Paris, C.-R. Soc. Biol., **60**, (325-328, 4 figg.).

Bertramia kirkmani sp. n., from a S. African Rotifer; WARREN, Ann. Nat. Govt. Mus., **1**, pt. 1, (7, pl. vi).

(*Scheriakorella* gen. n., type: "*Glugea schmeili* L. Pfeiffer 1895; CAULLERY et MESNIL, Arch. zool., **4**, (156))

Incertae sedis.

Amacbidium, morphology, biology and development, "a Thallophyte rather than a Sporozoon"; CHATTON, Arch. zool., sér. 4, **5**, Notes et revue (xvii-xxx, fig.).—*A. reticulata* sp. n., commensal with *Daphnia*; CHATTON, Arch. zool., N. et R., **5**, (xxxiii-xxxviii, with figg.).

Cytoryetes [= *Cytorrhycles*, *Cytorrhycles*], critical remarks on connection with syphilitic lesions, relation to Protozoa; SIEGEL, Centralbl. Bakter., Abth., **1**, **42**, Orig., (128-132, 225-230, 321-325).—

Plasmodium [sic] *luis kytlophthoron*, *P. luis kytloplastikon*, **spp. n.** (cancer parasites, etc.), SCHÜLLER, Centralbl. Bakt., Jena, Abt. 1, **40**, Originale, (163-174).

4. MASTIGOPHORA.

(a) Flagellata.

(Hémoflagellés des poissons d'eau douce. Leur forme dans les sangsues, LÉGER, Paris, Bull. ass. franç. avanc. sci., **1904**, (268-269).)

Trypanosomen als Krankheitserreger; NOCHT und MAYER. [In: Handbuch der pathogenen Mikroorganismen. Ergbd. H. I.] Jena, 1906, (1-75, 3 Taf.).

Identification des Trypanosomes pathogènes. Essais de sérodiagnostic; LAVERAN et MESNIL. Paris, C.-R. Acad. sci., **142**, (1482-1487).

(Ueber trypanosomenähnliche Flagellaten im Darin von *Melophagus orinus*, PREIFFER, Zs. Hyg., **50**, (324-330, 1 pl.).

Note on a Flagellate parasite (probably *Crithidia*), in *Culex fatigans*, ROSS, J. Hygiene, **6**, (96 and 97).

Haemoflagellates of an African fish (*Clarias angolensis*); DUTTON, TODD and TOBEY, J. med. Res., (N. Ser.), **10**, (491-495, pl.).

Spirilles, Spirochètes et autres micro-organismes à corps spiralé; BLANCHARD, Arch. Parasit. **10**, (129-149). [Includes diagnosis of genera *Trypanosoma* and *Trypanoplasma*.]

Euglena, structure of paramylum; BÜTSCHLI, Arch. Protistenkunde, **7**, (197-228, 1 Taf.).

Herpetomonas algeriense **sp. n.**, from *Culex*, and *Stegomyia*, also *H. sp.*, from *Anopheles*; SERGENT, E. and E., Paris, C.-R. soc. biol., **60**, (291-293, text-figs.).—*H. muscae-domesticae*, *H. sarcophagae*, *H.* (perhaps *n. sp.*), from the fly, described; LINGARD and JENNINGS, London, **1906**, (25, 5 pls.).—*H*-like parasites (probably *Crithidia*); BALFOUR, J. Hygiene, **6**, (652-655, pl. xiv).

Palatinella **gen. n.**, *P. cyrtophora* **sp. n.** Deutschland; LAUTERBORN, Zool. Anz., **30**, (423-128, 3 figs.).

Spirochaeta ("Trypanosoma") *balbianii*, researches on life-history, PERRIN, Arch. Protistenk., **7**, (131-156, 2 pls.).—

S. ("T."), structure and relationships; VLÈS, Paris, C.-R. soc. biol., **61**, (408-410, with fig.).

Trichomastix riperae **sp. n.**, LÉGER, Paris, Bull. ass. franç. avanc. sci., **1904**, (268).

Trypanomorpha **gen. n.** (for *Trypanosoma noctuae*, Schaudinn); WOODCOCK, Q. J. Microsc. Sci., **50**, (283). *Trypanomorphidae* **fam. n.**; WOODCOCK, *l.c.* (283).

Trypanoplasma barbi, *T. abramidis*, *T. truttae*, **spp. n.**, noted; BRUMPT, Paris, C.-R. soc. biol., **60**, (163-164).—*T. borreli*, Generations- und Wirtswechsel; KEYSSELITZ, Arch. Protistenkunde, **7** (1-74, 162 figg.).

Trypanosoma acerinae, *T. barbi*, *T. percae*, *T. phoxini*, *T. langeroni*, *T. leucisci*, *T. scardinii*, *T. elegans*, *T. squalii*, and *T. rabinowitschii* **spp. n.**; notes on development in leeches; BRUMPT, Paris, C.-R. soc. biol., **60**, (160-162).—*T. blanchardi* **sp. n.**, occurrence and note; BRUMPT, Rev. Sci., Paris, (ser. 5), **4**, 1905, (324, figg. 34 and 35).—*T. brucei*, curious morphological features; ROBERTSON, Edinburgh, Proc. R. Physic. Soc., **16**, (232, pl. 8).—*T. cazal-boui* **sp. n.**, causing "Souma" among *Equidae* and *Boridae* in the Upper Niger; LAVERAN, Paris, C.-R. Acad. sci., **143**, (94-97).—*T. duttoni* Thiroux, morphologie; THIROUX, Ann. Inst. Pasteur, **19**, (561-572, 1 pl.).—*T. d.*, le Trypanosome de la souris; cycle de développement chez le foetus; PRICOLO, Centralbl. Bakt., Abt. 1, **42**, Orig., (231-235, with fig.).—*T. elegans*, (153, pl. 3, fig. 7, pl. 4, fig. 10), *T. undulans*, (151, pl. 3, fig. 9, pl. 4, figs. 8, 9), **spp. n.**, *T. loricatum vel costatum* (Mayer), (144, pl. 3, figs. 8, 13, pl. 4, figs. 1, 2), *T. rotatorium* (Mayer), sens. str. (without striae), (147, pl. 3, fig. 6, pl. 4, figs. 3, 4), *T. inopinatum*, Sergent, (150, pl. 3, fig. 4, pl. 4, figs. 6, 7), all from *Rana esculenta*; FRANÇA and ATHIAS, Archives Inst. Roy. Bacter., **1**.—*T. gambiense*, expériences d'infection par des *Glossina palpalis* infectées naturellement; CAZALBOU, Paris, C.-R. Acad. sci., **143**, (435-437).—*T. g.*, "*T.*" *grayi*, and *T. tullochii* **sp. n.** (Minchin), comparative morphology in, and relation to, *Glossina palpalis*; MINCHIN, GRAY and TULLOCH. London, Proc. R. Soc., **78** (B), (242-258, pls. 12-14).—"*Trypanosoma*" *grayi* **sp. n.**, and other Tsetse-fly Trypanosomes; NOVY,

Chicago, J. inf. diseases, **3**, (394-411, 3 pls.).—*T. inopinatum*, mode of transmission and behaviour in *Helobdella*; BRUMPT, Paris, C.-R. soc. biol., **61**, (167-169).—*T. nanum*, notes on; BALFOUR, Khartoum, Rep. Wellcome Res. Lab., **2**, (113-173, pl.), and J. Trop. Medicine, **9**, (81-92, 2 pls.).—*T. pestanaei*, from *Meles taxus*, described; BETTENCOURT and FRANÇA, Archives Inst. Roy. Bacter., **1**, (73-75, pl. 3, figs. 1 and 2).—*T. platessae*, (354, pl. 7, fig. 10), *T. flesi*, (355, fig. 7), *T. limandae*, (356, fig. 11), *T. laternae*, (357, fig. 6), *T. bothi*, (358, fig. 8), *T. callionymi*, (358, fig. 5), *T. cotti*, (360, fig. 4), *T. gobii*, (361, fig. 9), *T. delagei*, (362, fig. 12), *T. granulatum* var. *magna* var. n., (364, fig. 1), var. *parva* var. n., (366, fig. 2), described; LEBAILLY, Arch. Parasit., **10**.—*T. pleuronectidum* sp. n. (but antedated by Lebaillly's names *T. flesi* and *T. platessae*, 1904), proposed; ROBERTSON, Glasgow, Proc. Phil. Soc., **37**, (77, pl. 1, figs. 4 and 5).—*T. pythonis* sp. n., [apparently really a Haemogregarine]; ROBERTSON, Glasgow, Proc. Phil. Soc., **37**, (74, pl. 1, figs. 1-3), also Edinburgh, Proc. R. Physic. Soc., **16**, (237, 3 figs.).—*T. rotatorium*, morphology and artificial cultivation; BOUET, Paris, Ann. Inst. Pasteur, **20**, (564-577, pl. 26).—*T. r.*, phenomena of division; FRANÇA and ATHIAS, Paris, C.-R. soc. biol., **60**, (1108-1109).—*T. somalense* sp. n., from *Bufo reticulatus*; BRUMPT, Paris, C.-R. soc. biol., **60**, (164).—*T. suis* sp. n., from swine; OCHSMANN, Berliner tierärztl. Wochenschr., **1905**, (337-338).—*T. theileri*, observed in oxen in Transcaucasia, morphology and developmental forms; LÜHS, Arch. Parasit., **10**, (171-186, 2 pls.).—*T. t.*, observed in an antelope. DUTTON, TODD, and TOBEY, Liverpool, Mem. Sch. Trop. Med., **20**, (95, pl. 9).—*T. vespertilionis*, BATTAGLIA, Roma, Ricerche Lab. anat. norm., **12**, 1906, (5-51, 2 tav.).—*T. r.*, Battaglia, description and synonymy; BETTENCOURT and FRANÇA, Archives Inst. Roy. Bacter., **1**, (187-194, pl. 3, fig. 3).

Trypanosomata and trypanosomoses; TOBEY, J. Med. Research, **10**, (117-145).

Trypanosomes of Gambiæ-fever and sleeping-sickness identical—i.e. *T. gambiense*; THOMAS, London, Proc. R. Soc., **78 B**, (316-317).—Trypanosome of bats

(*Vespertilio kühli*), different forms; NICOLLE and COMTE, Paris, C.-R. soc. biol., **60**, (736-738).—A Trypanosome (= *T. evansi*?) of horses in Annam; VASSAL, Ann. Inst. Pasteur, **20**, (256-295).—Trypanosome of "Soumaya," Moyen-Niger; PÉCAUD, Paris, C.-R. soc. biol., **60**, (58).

Trypanozoon gen. n., proposed for Mammalian Trypanosomes, (92); *T. ericeti*, (111), *T. indicum*, (112), spp. n.; LÜHE, in Handbuch der Tropenkrankheiten, Leipzig (J. A. Barth), **3**, pt. 1.

Volvox aureus (= *V. minor*), parthenogonidia, sexual elements and conjugation; STEMPPEL, Zool. Anz., **30**, (535-539).

(b) Silicoflagellata.

Hermesinum gen. n., (*Dietyochida*), *H. adriaticum* sp. n., Mittelmeer; ZACHARIAS, Arch. Hydrobiol., **1**, (394-398, and 514).

(c) Dinoflagellata.

Blastodinida ord. n.:

Blastodinium gen. n., *B. pruvoti* sp. n., parasitic in various Copepods; CHATTON, Paris, C.-R. Acad. sci., **143**, (981-983, with figg.).

Ceratium bucceros sp. n. ZACHARIAS, Arch. Hydrobiol., **1**, (551).—*C. flagelliferum* varr. n. *angusta*, (544), and *areolata*, (553), *C. lunula* var. n. *obliqua*, (559), *C. volans* Cleve form. n. *porrecta*, (558); ZACHARIAS, Arch. Hydrobiol., **1**.—*C. "tripos" longinum*, (fig. 18), *protuberans*, (fig. 27), *macroceroides*, (fig. 28), spp. n. [or subspecies?], Atlantic Ocean; KARSTEN, Wiss. Ergebn. d. Tiefsee-Exped., II, **2**, ii, (140-146).

Cladopyxis steini sp. n.; ZACHARIAS, Arch. Hydrobiol., **1**, (567).

Dinophysis homunculus varr. n. *cavinata*, *appendiculata*; ZACHARIAS, Arch. Hydrobiol., **1**, (540).

Gonyaulax triacantha, skeletal structure; KOFOID, Zool. Anz., **30**, (102-105, 3 text-figs.).

Gymnodinium roseum (20), *G. affine* (26), *G. parasiticum* (28), *G. coeruleum* (35), spp. n. Neapel; DOGIEL, Mitt. zool. Stat. Neapel, **18**, 2 pls.

Heterodinium **gen. n.** with **subgenn. n.** *Sphaerodinium*, *Euheterodinium*, *Platy-dinium*, for *H. sphaeroides*, *H. inaequale*, *H. rigdenae*, *H. serippsi*, *H. whittingae* **spp. n.** and *H. murrayi* **nom. nov.** (for *Peridinium tripos* Murray & Whitting); KOFOID, Berkeley, Univ. Cal., Pub. Zool., **2**, (341-368, 3 pls.).

Peridinium depressum, Formenkreis, *P. d. parallelum* **subsp. n.**; BROCH, Nyt. Mag. Naturw., **44**, (151-157).—*P. oceanicum*, verschiedene Formen; BROCH, Nyt. Mag. Naturw., Kristiania, **44**, (151-157).—*P. divergens* **var. n. obtusa**; ZACHARIAS, Arch. Hydrobiol., **1**, (539).—*P. divergens* **varr. obtusum** (149, fig. 12), **pyramidale** (150, fig. 14), **excavatum** (150, fig. 15), **curricorne** (150, fig. 16), **granulatum** (150, fig. 17), **varr. nn.**, *P. areolatum* Atlantic **sp. n.** (150, fig. 18); KARSTEN, Wiss. Ergebn. d. Tiefsee-Exped., **2**, 2, ii.

Pouchetia armata **sp. n.**, Neapel; DOGIEL, Mitt. zool. Stat. Neapel, **18**, (36, figg.).

Pyrocystis lunula **var. n. globosa** multiplication; APSTEIN, Wiss. Meeresunters., Abt. Kiel, **9**, (261-271, 1 Taf.).

Pyrodinium **gen. n.**, *bahamense* **sp. n.** Bahama-Archipel; PLATE, Arch. Protistenkunde, **7**, (411-429, 1 Taf.).

Triposolenia **gen. n.** (101), *T. truncata* (102, fig. 5), *T. depressa* (104, figs. 3 and 4), *T. bicornis* (105, figs. 1, 2), *T. ramificiformis* (107, fig. 7), *T. ciliaris* (108, fig. 8), **spp. n.** plankton, San Diego region; KOFOID, Berkeley, Univ. Cal. Pub. Zool., **3**.—*Triposolenia* **spp.** characters compared; KOFOID, T.c. (117-126).

(d) Rhynchoflagellata.

(*Radiozoum* **gen. n.**, *R. lobatum* **sp. n.**; MINGAZZINI, Roma, Ric. Lab. anat. norm., **10**, (97-108, con. 1 tav.).)

5. CILIOPHORA.

(a) Ciliata.

Aspirotrichous Holotricha, detailed classification and description (after Averintzer); SCHOUTEDEN, Ann. Biol. lacustre, **1**, (383-468, 62 text-figg.).

Parasitic Infusoria, general account; BOUGOX, Microgr. Prépar., **14**, (79-90, 217-222, 260-271, pls. ix-xxiv.).

Les sphérales trophoplasmiques des Infusoires ciliés; KUNSTLER and GINESTE, Paris, C.-R. Acad. sci., **141**, (907-908).

Conjugation of Infusoria; VERSLUYS, Biol. Centralbl., **26**, (46-62).

An experimental study on the life-history of hypotrichous Infusoria; WOODRUFF, J. Exp. Zool., **2**, (585-632, 3 pl., 12 text-fig.).

Balantidium giganteum **sp. n.** [name preoc. Bezzenberger, 1903]; KRAUSE, D. Arch. klin. Med., **86**, (442-455).

Campanella umbellaria, L. **sp.** (*Epistylis flavicans* + *grandis* Ehrbg.), structure; SCHRÖDER, Arch. Protistenkunde, **7**, (75-105, 2 Taf.).

Capriua **gen. n.** (*Urecolaridae*) for *C. aurantiaca*, **sp. n.**, parassita delle branchie degli agoni; MAZZARELLI, Rivista mensile di Pesca, **8**, (205-208, 3 fig.).

Chilolonschewiakoffi **sp. n.**; SCHOUTEDEN, Ann. Biol. lacustre, **1**, (114).

Cinetochilum bütschlii **sp. n.**; SCHOUTEDEN, Ann. Biol. lacustre, **1**, (116).

Codonella biedermani, *C. brevicaulata*, *C. caudata*, Pacific, *C. nationalis*, Mittelmeer, **spp. n.**; BRANDT, Tintinnod. Plankton-Exp., (3, pls.).

Corliella **subgen. n.** (*Cyttarocylis*); BRANDT, T.c. (7).

Cryptochilidium, **gen. n. ?** for *Cryptochilum cucnoti*; SCHOUTEDEN, Ann. Biol. lacustre, **1**, (440).

(*Cryptochilum echini* (Maupas), cytoplasmic differentiation, meganuclear fragmentation and its significance with regard to senescence and conjugation; RUSSO and DI MAURO, Catania, Boll. Acc. Gioenia (N. ser.) fasc. **84**, (3-9, 7 figs., 9-13, 2 figs., 10-15, 6 figs.).)

Cyttarocylis arcuata Westafrika, *C. cylindrica* Sargasso-Meer, *C. inflexa* Atlantic, *C. obscura* Brasilien, *C. ollula* Pacific, *C. siphon*, *C. acus*, *C. cymatica*, *C. dicymatica*, *C. ornata*, Atlantic, *C. scandens* Neupoumeru, *C. dilatata* Äquatorialstrom, *C. favata*, *C. lanceolata*, Atlantic, *C. scalaris* Mittelmeer, **spp. n.**; BRANDT, Tintinnod. Plankton-Exp., (5-7, with pls.).

Diinium balbianii, notes on; SCHOUTEDEN, Ann. Biol. lacustre, **1** (118).—*D. nasutum* O. F. M., conjugation; PRANDTL, Arch. Protistenkunde, **7**, (229-258, 2 Taf.).

Entodinium bursa, Athmungsbedingungen, KULAGIN, Jestestv. i geogr., **11**, (1-11).

Epalxis mirabilis, notes on; SCHOUTEDEN, Ann. Biol. lacustre, **1**, (117).

Epistylis gasterostei sp. n., and the origin of the *Urecolariidae*; FAURÉ-FRÉMIET, Paris, C.-R. Soc. Biol., **60**, (347-349).—*E. plicatilis*, structure; SCHRÖDER, Arch. Protistenkunde, **7**, (173-185, 1 Taf.).

Glaucoma pyriformis et l'organisation de la substance vivante; FAURÉ-FRÉMIET, Nancy, C.-R. ass. anat., **8**, (120-127, fig.).

Isotricha prostoma, Athmungsbedingungen; KULAGIN, Jestestv. i geogr., **11**, (1-11).

Ichthyophthirius multifiliis; CLEVISCH, D. tierärztl. Wochenschr., **13**, (183-184).

Nematopoda cylindrica cf. *Tintinnoidium*.

Nyctotherus piscicola, Daday, described; DADAY, Math. Term. Ért., **23**, (555-560, 2 fig.).

Opalina, orientation of body; KUNSTLER & GINESTE, Paris, C.-R. soc. biol., **61**, (136).

(*Opercularia henneguyi* (183, fig. 1), *O. gracilis* (187, fig. 2), *O. fabrei* (188, fig. 3), *O. microdiscum* (190, fig. 4), spp. n.; FAURÉ, Arch. Anat. microsc., **7**.)

Ophrydium versatile, described; FAURÉ-FRÉMIET, Paris, C.-R. soc. biol., **61**, (46-48).

Opisthonecta gen. n. (*Vorticellidae*), *O. henneguyi* sp. n.; FAURÉ-FRÉMIET, Paris, C.-R. soc. biol., **60**, (922-923).

Paramœcium, physiology; CHAINSKIJ, Varšava, Izv. Univ., **1906**, (1-48, 35 figg.).—*P. caudatum*, cycles of generations; general significance of conjugation; CALKINS, J. Exp. Zool., **1**, (423-461, 3 pl., 3 text fig.).—*P. aurelia*, variation; CALKINS, New York, N.Y., Proc. Soc. Exp. Biol. Med., **3**, (48-49).

Petalotricha capsula sp. n. Indopacific; BRANDT, Tintinnod. Plankton-Exp., (8, pl.).

Ptychoecylis calyx sp. n. Atlantic; id. T.c. (8, pl.).

Rhabdonella subgen. n. (*Ptychoecylis*); id. T.c. (8).

Stentor coerules, and *S. roeselii*; SCHRÖDER, Arch. Protistenkunde, **8**, (1-16, 1 Taf.).

Tintinnidae (*Tintinnus* and *Cyrtarocylis*); ungeschlechtliche und geschlechtliche Fortpflanzung; LAACKMANN, Zool. Anz., **30**, (410-443).

Tintinnidium incertum sp. n. Tocantins-Mündung; BRANDT, Tintinnod. Plankton-Exp., (10, pl.).

Tintinnoidium inquilinum (= *Nematopoda cylindrica*, Sand); FAURÉ-FRÉMIET, Paris, C.-R. soc. biol., **61**, (395-397).

Tintinnopsis bermudensis Bermudas, *T. capulus*, *T. aperta*, Tocantins-Mündung, *T. fracta* Südwestafrika and Borneo, etc., *T. nordqvisti* Tocantins-Mündung and Borneo, spp. n.; BRANDT, Tintinnod. Plankton-Exp., (3-4, with pls.).

Tintinnus bulbosus, *T. emarginatus*, *T. palliatus* Atlantic, *T. conicus*, *T. datura* Atlantic and Pacific, *T. regulatus* Atlantic, spp. n.; BRANDT, Tintinnod. Plankton-Exp., (9-10, pls.).—*T. cuspidatus* (519), *T. mucronatus* (555), *T. triton* (519), *T. zonatus* (525), spp. n.; ZACHARIAS, Arch. Hydrobiol., **1**.

Trichodinopsis paradoxa Clap. et Lachm., struttura e biologia; ISSEL, Genova, Ann. Museo Civ. st. nat., **2**, (334-357, 6 fig. e 2 tav.).

Undella collaria, *U. marsupialis*, Atlantic, *U. tridivisa* Äquatorialstrom, *U. armata* Pacific, *U. messinensis* Atlantic und Mittelmeer, *U. tenuirostris* Neupommern, spp. n.; BRANDT, Tintinnod. Plankton-Exp., (8-9, pls.).

Vorticella monilata, described; SCHRÖDER, Arch. Protistenkunde, **7**, (395-410, 1 Taf.).—*V. oceanica* sp. n.; ZACHARIAS, Arch. Hydrobiol. **1** (554).

Vorticellids (esp. *Opercularia*), specific commensalism and its principal factors; FAURÉ-FRÉMIET, Paris, C.-R. soc. biol., **61** (456-458, 514-515, 583-585).

Nystonella subgen. n. (*Cyrtarocylis*); BRANDT, Tintinnod. Plankton-Exp. (6).

(b) Acinetaria.

Dendrosomides gen. n., *D. paguri* sp. n., ectoparasitic on *Eupagurus*; COLLIN, Arch. zool., N. et R. **5**, (lxiv-lxvi, with fig.).

II.—SUBJECT INDEX.

GENERAL WORKS, ECONOMICS AND TECHNIQUE. 0603

Porifera, general account; **Sollas**.

[Jahresbericht über] Spongiae für 1904; **Weltner**.

Titres et travaux scientifiques de M. Charles Gravier; **Gravier**.

La culture et l'acclimatation des Éponges en Tunisie; **Allemand**.

Spongiculture sur les côtes de Tunisie; **Allemand**.

La pêche des éponges en Tunisie; **Cotte**.

Guide, sponges, American museum; **Miner**.

STRUCTURE. 0607

Symmetry of spicules; **Loomis**.

Skelettnadeln der Kalkschwämme; **Butschli**.

Form of spicule determined by axial filament; **Arévalo**.

PHYSIOLOGY. 0611

Spicules, triradiate, function; **Lydekker**.

De l'action toxique de la subérine (extrait aqueux de *Suberites domuncula*; **Richet**.

Ueber die Einwirkung karbonatfreier und kalkfreier Salzlösungen auf erwachsene Kalkschwämme und auf Entwicklungsstadien derselben; **Maas**.

Symbiosis (?), *Hireinia* and Cirripedia effect on reproduction; **Hammer**.

DEVELOPMENT. 0615

Comparison of development of monaxon of sponges and *Cucumariidae*; **Woodland**.

Entwicklung, *Sycaandra raphanus*; **Hammer**, 1.

Ei- und Larven-Entwicklung *Sycaandra raphanus*; **Hammer**, 2.

Larve, *Hireinia variabilis*, Entwicklungsgeschichte der Filamente; **Hammer**, 3.

Gemmulation chez *Suberites domuncula*; **Cotte**.

Wirkung der Kalkentziehung auf die Entwicklung der Kalkschwämme; **Maas**, 1.

Einwirkung karbonatfreier und kalkfreier Salzlösungen auf Entwicklungsstadien der Kalkschwämme; **Maas**, 2.

ETHOLOGY. 0619

Formation of flints; **Sollas**, W. J.

Rock formation and destruction; **Lomas**.

Commensals of *Spongilla carteri* in Calcutta; **Annandale**, 2.

GEOGRAPHY. 0627

A. Actual.

European Seas and Freshwaters. d

Weisses Meer, *Monaxonida* 14 spp. n.; **Svarčevskij**.

Oberrhein, *Carterius stefanowi* Dyb.; **Lauterborn**.

Asiatic Seas and Freshwaters. *e*

Ceylon coasts, sponges, discussion of results previously published; **Herdman**.

Singapore, *Tetractinellida*, *Monaxonida*, *Ceratosa* 21 spp.; **Dragnewitsch**.

Bengal, *Spongilla lacustris* var. n.; **Annandale**, 1.

African Seas and Freshwaters. *f*

1. Tanganyika *Spongilla* sp. n.; **Kirkpatrick**.

Tunisie, éponges de commerce; **Cotte**.

Mer Rouge, *Monaxonida* and *Tetractinellida* 8 spp. n.; **Topsent**, 2.

Zambesi, *Spongilla* 2 spp. n.; **Kirkpatrick**.

White Nile, *Ephydatia plumosa* var. n.; **Kirkpatrick**.

American Seas. *g*

Anticosti, *Monaxonida* 3 spp.; **Schmitt**.

Kalifornien, Kalkschwämme spp. n.; **Urban**.

Australasian Seas. *i*

New South Wales, *Monaxonida* 16 spp. n. marine; **Whitelegge**.

Antarctic Ocean. *o*

L'Antaretique, Éponges recueillies par le "Français," *Dendrilla* sp. n.; **Topsent**, 1.

Atlantic Ocean. *l*

E. Atlantic, *Farrea ocean* var. n.; **Topsent**, 4.

B. Fossil.

Pleistocene Maryland, *Cliona sulphurea*, borings; **Clark**.

Miocän Algeriens, *Tetractinellida*, *Lithistida*, *Hexactinellida*; **Zeise**.

Chalk Croydon, *Porosphaera*, *Plinthosella*; **Hinde**.

Paläozoische Gebilde Podoliens; **Siemiradzki**.

Dévonian, Moscow Shale New York *Astracospongia*; **Slocom**.

Silurian, Keewatin, Manitoba, *Receptaculites* sp. indet; **Whiteaves**.

Silurian, Anticosta *Buthotrephis* formant presque à lui seul un lit de plusieurs centimètres; **Schmitt**.

Middle Cambrian, China *Protospongia* sp. n.; **Walcott**.

III.—SYSTEMATIC. 0631

CALCAREA.

(i.) HOMOCOELA.

Leucosolenia cleanor sp. n. California, URBAN, Arch. Natg., 72, (55).

†Eascones n. order, including *Eospongia*, *Stromatocerium*, *Cryptozoon*, *Strephochetus* and *Wingia*, SEELY, Vermont, Rep. Geol., 5, (171).

†*Stromatoceridae* n. fam. of Evascones, SEELY, T.c. (171).

†*Cryptozoon steeli*, *saxiroseum*, *wingia* spp. n., SEELY, T.c.

†*Wingia* gen. n. *congregata*, *lapilla*, *discoidea* spp. n., SEELY, T.c. (178).

(ii.) HETEROCOELA.

Leucandra heathi, *apicalis* spp. nn. California, URBAN, Arch. Natg., 72, (59).

Sycandra coacta sp. n. California, URBAN, T.c., (36).

Sycandra raphanus, HAMMER, Verh. D. zool. Ges., 16, (269-273); Entwicklung und feinerer Bau, Berlin, SitzBer. Ges. natf. Freunde, 1906, (135-139).

Porosphaera spp. from Chalk Croydon, HINDE, Croydon, Proc. Microsc. Nat. Hist. Cl., 1905, (87-92),

HEXACTINELLIDA.

(i.) LYSSACINA.

Protospongia chloris sp. n., Middle Cambrian, China, WALCOTT, Washington, D.C., Nation. Mus. Proc., 29, (10).

Sphaerospongia podolica sp. n., SIEMIRADZKI, J. v., Wien, Beitr. Pal. Geol. OestUng., **19**, (213-286, mit 7 Taf.).

(ii) DICTYONINA.

Farrea oeca (Bwk) var. *foliascens* var. n. Azores and Madeira, TOPSENT, Bull. Mus., Monaco, No. **83**, 1906.

OCTACTINELLIDA.

Astracospongia hamiltonensis, Moscow shale, Western New York, SLOCOM, Chicago, Ill., Pub. Field Columb Mus. Geol. Ser., **2**, (261).

DEMOSPONGIAE.

(i) TETRACTINELLIDA.

(1) CHORISTIDA.

Isops jousseanmei sp. n. Mer Rouge, TOPSENT, Bul. Muséum, Paris, **1906**, (569).

Sidonops globosa sp. n. Cape Town, BAER, Arch. Natg., **72**, (9).

Tethya Lamarek armata sp. n. Sansibar, BAER, T.c., (4).

Tethyopsilla globosa sp. n. Sansibar, BAER, T.c., (5).

(2) LITHISTIDA.

†*Plinthosella* sp. Chalk Croydon, HINDE, Croydon, Proc. Microsc. Nat. Hist. Cl., **1905**, (87-92).

(ii) MONAXONIDA.

(a) HADROMERINA.

Clavulides purpurines, TOPSENT, Bul. Muséum, Paris, **1906**, (570-575).

†*Cliona sulphurea*, Pleistocene Maryland, CLARK, Maryland Geol. Surv., Baltimore, **1906**, (213-214, with pl.).

Coppatias sansibarensis sp. n. Zanzibar, BAER, Arch. Natg., **72**, (23).

Proteleia borealis sp. n. Weisses Meer, SVARČEVSKIJ, Kiev, Zap. Obsč. jest., **20**, (315, 357).

Spirastrella bonneti sp. n. Victoria, Australie du Sud, TOPSENT, Bul. Muséum, Paris, **1906**, (573).

Suberites domuncula, gemmulation, COTTE, Paris, Bull. ass. franç. avanc. sci., **1904**, (266).

(b.) HALICHONDRIINA.

Amphilectus terzensteini sp. n., Weisses Meer, SVARČEVSKIJ, Kiev, Zap. Obsč. jest., **20**, (343, 361).

Axinella sp. indet., probably new, deep water between Gough I. and Capetown, THOMSON and FIDDES, Edinburgh, Proc. R. Physic. Soc., **16**, (231).

Axinyssa gravieri sp. n. Mer Rouge, TOPSENT, Bul. Muséum, Paris, **1906**, (563).

Chondropsis syringianus sp. n., N. S. Wales, WHITELEGGE, Sydney, N.S.W., Mem. Austr. Mus., **4**, (164, pl. 43, fig. 1).

Cladorhiza waitei sp. n., N. S. Wales, WHITELEGGE, T.c., (473, pl. 41, figs. 13, 13a).

Dendoryx inaequalis Papeete, *simplex* Cape Town, spp. n., BAER, Arch. Natg., **72**, (21).

Dendoryx punicea, *fusca* spp. n., N. S. Wales, WHITELEGGE, Sydney, N.S.W., Mem. Austr. Mus., **4**, (480-481, pls. 44-45).

Desmacidon porifera, *hispidosa*, *stelligera*, *arenosa*, *conulissima* spp. n., N. S. Wales, WHITELEGGE, T.c., (175-179, pl. 41).

Donatia viridis Papeete, *parristella* Zanzibar, spp. n., BAER, Arch. Natg., **72**, (26).

Donatia arabica sp. n., Mer Rouge, TOPSENT, Bul. Muséum, Paris, **1906**, (567).

Echinodictyum flabellatum sp. n., Mer Rouge, TOPSENT, T.c., (561).

Ephydatia plumosa Carter var. *browni* var. n., White Nile, KIRKPATRICK, London, Proc. Zool. Soc., **1906**, (226).

Esperella rarpachowski sp. n., Weisses Meer, SVARČEVSKIJ, Kiev, Zap. Obsč. jest., **20**, (346, 361).—*E. ancorina*, *cylindrica*, *textilis* spp. n., N. S. Wales, WHITELEGGE, Sydney, N.S.W., Mem. Austr. Mus., **4**, (166-168, pl. 13).

Esperiopsis canaliculata, ferruginea, **spp. n.**, N. S. Wales, WHITELEGGE, T.c., (471-472, pl. 43).

Gellius reptans **sp. n.**, N. S. Wales, WHITELEGGE, T.c., (462).

Halichondria papillata Papeete, *reticulata, digitata* Zanzibar, **spp. n.**, BAER, Arch. Natg., **72**, (11).—*H. axinelloides, aspera* **spp. n.**, Weisses Meer, SVARČEVSKIJ, Kiev, Zap. Obšč. jest., **20**, (322, 358).

Iotrochota arbuscula **sp. n.**, N. S. Wales, WHITELEGGE, Sydney, N.S.W., Mem. Austr. Mus., **4**, (182, pl. 11, fig. 18).

Leptosia lancifera **sp. n.**, Mer Rouge, TOPSENT, Bul. Muséum, Paris, **1906**, (560).

Lissodendoryx monticularis **sp. n.**, Sansibar, BAER, Arch. Natg., **72**, (22).

Mycale imperfecta **sp. n.**, Zanzibar, BAER, T.c. (20).

Myzilla hastatispiculata, iophonoides **spp. n.**, Weisses Meer, SVARČEVSKIJ, Kiev, Zap. Obšč. jest., **20**, (338, 360).

Pachychalina alveolopora **sp. n.**, Mer Rouge, TOPSENT, Bul. Muséum, Paris, **1906**, (559).

Pachychalina nipa **sp. n.**, Zanzibar, BAER, Arch. Natg., **72**, (15).

Phelloderma polypoides **sp. n.**, N. S. Wales, WHITELEGGE, Sydney, N.S.W., Mem. Austr. Mus., **4**, (174, pl. 44, fig. 12).

Reniera decidua **sp. n.**, Mer Rouge, TOPSENT, Bul. Muséum, Paris, **1906**, (560).—*R. mollis* **sp. n.**, Zanzibar, BAER,

Arch. Natg., **72**, (14).—*R. merojkowskii, pulchra, papillifera, hirsuta, firma, bulbifera* **spp. n.**, Weisses Meer, SVARČEVSKIJ, Kiev, Zap., Obšč. jest., **20**, (328, 358).

Rhaphisia ramosa **sp. n.**, N. S. Wales, WHITELEGGE, Sydney, N. S. W., Mem. Austr. Mus., **4**, (463, pl. 13, fig. 4).

Spongilla cunningtoni L. Tanganyika (221), *rousseletii* Zambesi (223), *S. (?) zambesiana* Zambesi (225) **spp. n.**, *S. carteri* Bwk, *moorei* Evans, *tanganyikae* Evans, described and figured; KIRKPATRICK, London, Proc. Zool. Soc., **1906**, (218-227).—*S. lacustris* var. *n. bengalensis* described, ANNANDALE, Calcutta, J. As. Soc. Beng., **2**, (56-57).

Tedania digitata Schmidt varr. *n.*, *sansibarensis, fragilis, conica*, BAER, Arch. Natg., **72**, (17).

Vosmaeria robusta **sp. n.**, Weisses Meer, SVARČEVSKIJ, Kiev, Zap. Obšč. jest., **20**, (320, 357).

Yresia commensalis **sp. n.**, N. S. Wales, WHITELEGGE, Sydney, N.S.W., Mem. Austr. Mus., **4**, (483, pl. 44, fig. 9).

(iii.) KERATOSA.

Tiefsee-Hornsporgien von Haeckel als eine besondere Rhizopoden-Gruppe aufgefasst; SCHULTZE, Berlin, SitzBer. Ges. natf. Freunde, **1906**, (205-229).

Dendrilla antarctica **sp. n.**, Antartique, TOPSENT, Bul. Muséum, Paris, **1906**, (504).

Hircinia variabilis, Larve, Entwicklungsgeschichte der Filamente, HAMMER, Berlin, SitzBer. Ges. natf. Freunde, **1906**, (149-155, mit 1 Taf.).

Comp. Neur. Psych., Granville, Ohio,
16, 1906, (157-163).

II.—SUBJECT-INDEX.

N.B.—For full reference go to Titles.

COMPREHENSIVE AND GENERAL.

0803

Treatises.

Coelenterata and Ctenophora (in Cam-
bridge Natural History); **Hickson, 1.**

Anthozoa. [Forts.] (H. G. Bronn's
Klassen u. Ordnungen des Tier-Reichs,
Bd 2, Abt. 2. Lfg 2. 3.); **Carlsgren, 2.**

Coelenterates, general account; **Joubin.**

Bibliographies.

Notice sur les titres et les travaux
scientifiques de M. Charles Gravier;
Gravier, 7.

[Jahresbericht über] Hydroidea und
Acalephae (mit Ausschluss der Siphono-
phora) für 1896-1898; **Krumbach.**

[Jahresbericht über] Anthozoen für
1895; **May.**

[Jahresbericht über] Siphonophora and
Ctenophora für 1901-1901; **Römer, 1.**

[Jahresbericht über] Graptolitida für
1901-1902; **Römer, 2.**

Collections.

Additions to collections of Coelen-
terates in the Rouen Museum between
1898 and 1905; **Pennetier.**

Technique.

Collecting and preserving Medusae;
Browne, 2.

Technique for spicules, *Alcyonium*
digitatum; **Woodland.**

STRUCTURE.

0307

General.

(Contribution à l'étude des Hydroïdes;
Billard, 3.)

Süsswasser-Armpolyp [general account
of Coelenterate structure] (ungarisch);
Entz.

Notes on *Eulendrium*; **Congdon.**

General account of *Perigonimus sul-
fureus*; **Steche.**

Graptolites; **Meek.**—Morphology of
Graptolites (*Monograptus*), compared
with that of *Rhabdopleura*; **Schepotieff.**

Fossil Medusae, general account;
Fritel.

Zooids, *Alcyonium digitatum*; **Pratt.**

Die Alcyonidengattung *Spongodes*
Less. oder *Dendronephthya*; **Harms.**

A new Alcyonarian, *Bathyalcyon*
robustum n. g., n. sp.; **Versluys, 2.**

Primnoidae der Siboga-Expedition;
Versluys, 1.

Morphology of a new Virgularian,
Scytaliopsis; **Gravier, 1, 4.**

New form of Semper's larva, *Zoan-
thella galapagoensis* n. sp.; **Heath.**

(Rapports morphologiques des Hexacti-
nides, avec les Octanthides, le Scyphi-
stome des Méduses et le Tétracorallia;
Faurot.)

Morphology of recent and fossil
corals; **Duerden, 2.**

Precious corals; **Hickson, 4.**

Morphologie der Rugosa; **Jakovlev.**

[General anatomy, Turbinolidae;
Gardiner, 1.]

New tropical Ctenophore (*Dogielia*);
Pedaschenko.

Morphology of *Coeloplana*, points of
comparison with Ctenophores; **Abbott.**

Skeleton (septa, spicules).

The primary septa in Rugose corals
(Madreporaria); **Duerden, 1, 5.**

(The fossula in Rugose Corals; **Duer-
den, 6.**)

Primary septal plan, Rugosa; **Car-
ruthers.**

Skeleton of *Porites*; **Bernard, 1.**

Exothecal processes of *Rhizophyllum*; **Shearsby**.

Structure of spicules, *Aleyonium digitatum*, etc.; **Woodland**.

Spicules, *Bebryce indica*; **Thomson**.

Organs.

Intrapolypal tentacles (Madreporaria); **Duerden, 4**.

Digestive organs, Aleyonaria; **Pratt**.

Sense organs, *Cunioctantha fowleri* sp. n.; **Browne, 2**.

Histology.

Histology, general, *Aleyonium digitatum*; **Woodland**.

Hydroid stolons; **Billard, 3**.

Lime-forming layer, Madreporarian polyp; **Gordon, M. M.**

Mesogloæal cell plexus, Aleyonaria; **Pratt**.

PHYSIOLOGY. 0811

General.

Remarks on the physiology of the Zoantharia; **Duerden, 2**.

On the causes of regeneration and polarity in *Tubularia*; **Morgan**.

Light as a factor in the regeneration of hydroids, *Eudendrium*; **Goldfarb**.

Sex.

Ueber Geschlechtsentwicklung von *Hydra fusca*; **Hertwig**.

Sexual dimorphism in *Aglaophenia*; **Torrey** and **Martin**.

Nutrition.

Feeding experiments, *Fungia*, *Favia*; **Duerden, 4**.—Feeding experiments, *Aleyonium digitatum*; **Pratt**.—Stomodaecal currents, *Fungia*; **Duerden, 3**.

Effects of hunger in *Hydra fusca*, histological alterations, influence on sex; **Schultz**.

Excretion.

Excretion, Aleyonaria; **Pratt**.

Movement.

On the locomotion of a sea anemone (*Metridium marginatum*); **McClendon**.

Eigentümlicher Ortswechsel einer Seerose; **Müllegger**.

Rhythmical pulsation in Scyphomedusae; **Mayer**.

The reversal of ciliary movement in Metazoans, (Experiments on *Metridium marginatum*.); **Parker, 1**.

The movements of the swimming-plates in Ctenophores, with reference to the theories of ciliary metachronism; **Parker, 2**.

Relation between contractibility and coagulation of the colloids in the Ctenophore swimming-plate; **Lillie**.

Special Functions.

Rôle of mucus in corals; **Duerden, 3**.

Functions of mesogloæal plexus, Aleyonaria; **Pratt**.

Nervous function, Aleyonaria; **Pratt**.

Environmental effects; stimuli.

Modifiability in behaviour (of sea-anemones); **Jennings**.

Biological studies on *Corymorpha*, *C. palma* and environment; **Torrey, 1**.

Reactions of *Tubularia crocea*; **Pearse**.

Sur les courbures (de *Actinoloba*) dues à la lumière; **Bohn, 1**.

Mouvements en relation avec l'assimilation pigmentaire (et variation de l'éclairement) (*Anthea*); **Bohn, 2**.

Movements of *Virgularidae* on becoming gradually exposed to air, i.e., in response to ebb and flow of tides; **Gravier, 2, 5**.

Physiology of expansion and retraction in *Actinia*; **Piéron**.

Rhéotropisme de quelques Hydroïdes monosiphonnés; **Hallez**.

Galvanotropic reactions of the Medusa *Polyorchis penicillata*; **Bancroft, 1**.

Hydra spp., comparative resistance to CO₂; behaviour of the zoochlorellae in relation to the egg in darkness; **Hadži**.

DEVELOPMENT. 0815

Growth and morphogenesis.

Metameric growth, *Porites*; **Bernard, 2**.

Über den Septennachwuchs der *Eupsamminidae*; v. **Marenzeller**.

Morphogenie der *Rugosa*; **Jakowlew**.

Histogenesis.

Spicule formation, *Aleyonium digitatum*; **Woodland**.

Reproduction.

Ueber Knospung von *Hydra fusca*; **Hertwig**.

(Colony-formation and stolonization in Hydroids; **Billard, 3**.)

Asexual reproduction, *Limnocnida taniganicae*; **Günther**.

Reproduction of *Metridium marginatum* by fragmental fission; **Hammatt**.

Asexual reproduction, *Schizocladium ramosum*; **Browne, 3**.

Reproduction, *Microhydra ryderi*; **Browne, 3**.

Regeneration.

Experimental study of light as a factor in the regeneration of Hydroids (*Eudendrium*); **Goldfarb**.

Form-regulation in *Cerianthus*; regeneration and proportion; **Child**.

Regeneration in *Rhizostoma pulmo*; **Hargitt, 3**; in *Metridium*, **Hahn**.

Hydranth-formation and polarity in *Tubularia*; **Morgan, 1**.—An attempt to analyze the phenomena of polarity in *Tubularia*; **Morgan, 2**.—Experiments on polarity in *Tubularia*; **Morgan** and **Stevens**.

Dissogony.

A new tropical Ctenophore (*Dogielia*); **Pedaschenko**.

Oogenesis.

The organization and early development of the egg of *Clava leptostyla*; **Hargitt, 1**.

Maturation and fertilization.

Maturation and fertilization of ovum, *Aleyonium digitatum*; **Hill**.

Embryology.

Experimental embryology, *Hydra* **Hadži**.

Development of *Eudendrium*; **Congdon**.

Cunina proboscidea, Entwicklung; **Stschelkanowzew**.

Medusa-buds, *Cunioctantha fowleri* sp. n.; **Browne, 2**.

Rearing *Aurelia aurita* and *Pelagia perla*; **Delap, 1**.

(Embryogénie des Hexactinides; **Faurot**.)

Actinien-Larven; **Carlgren, 1**.

Development of recent and fossil corals; **Duerden, 2**.

Early stages in Paleozoic corals; **Gordon, C. E.**

Siderastrea radians and its post-larval development (by J. E. Duerden, review of); **W.**

Viviparity.

Lebendiggebärende Arten von Aleyonaceen; **Thomson und Henderson, 2, 3**.

ETHOLOGY. 0819

Habits; behaviour.

Behaviour of *Metridium*; **Allabach**.

Behaviour of *Gonionemus*; **Morse**, also **Yerkes**.

Sur la biologie des Virgulaires; **Gravier, 2, 5.**

Les Eolidiens empruntent leurs nématocystes aux Coelentérés dont ils se nourrissent; **Cuénot.**

Living polyps, *Porites*; **Bernard, 1.**

Bruthöhle bei *Plumarella delicatissima*; **Versluys.**

Luminosity.

Notes on photogenic Coelenterata; **McIntosh.**

Phosphorescence in Ctenophores; **Peters.**

Habitat.

Pelagic animals, *Perigonimus sulfureus* as a type; **Steche.**

Instinct and Psychology.

Beobachtungen über das Leben der Hydren; **Oelzelt-Newin.**

Le rythme des marées et le phénomène de l'anticipation réflexe (chez l'*Actinia*); **Bohn et Piéron.**—La réaction aux marées par anticipation réflexe chez *Actinia equina*; **Piéron.**

Symbiosis and commensalism.

Symbiosis, *Jousscaumia* (Eulamelli-branch) with *Heterocyathus* and *Heteropsammia*; **Bourne.**

Crab, infesting Madreporarian, Andaman Is.; **Henderson.**

Zoochlorellae, Aleyonaria; **Pratt.**

Commensalisme de jeunes *Caranx* et de *Rhizostomidae*; **Pellegrin.**

Parasitism.

Parasite de *Corynactis viridis*, (mésoglaea), un Copépode, *Mesoglicola delagei* (n. g., n. sp.); **Quidor.**

VARIATION AND AETIOLOGY.

0823

Variation.

Among Scyphomedusae; **Hargitt, 2.**

(Of *Rhegmatores*; **Hargitt, 4.**)

Dimorphism in *Metridium*; **Hahn.**

Phylogeny.

The primary hexamerism in Rugose corals, as establishing the relationship of Rugosa to the other Anthozoa; **Duerden, 1, 5.**

[Relationship of the *Monograptidae* with *Rhabdopleura*, rather than with Coelenterates; **Schepotieff.**]

Evolution.

Die Stammesgeschichte der Aleyonaceen; **Kükenthal, 3, 4.**

DISTRIBUTION (GEOGRAPHY).

0827

1. Recent.

General.

Die geographische Verbreitung der Aleyonaceen; **Kükenthal, 3, 4.**

Atlantic and adjacent seas.

Ireland, Valencia harbour, planktonic Coelenterates, with monthly distribution; **Delap, 2.**

British coasts, *Muggiaea atlantica*, distribution and migrations; **Gough.**

Firth of Clyde, *Trichorhiza brunnea*, gen. n.; **Russell.**

Biscayan Hydromedusae, (*Cunoctantha* sp. n.) and Scyphomedusae; **Browne, 2.**

Atlantique, côtes de l'Espagne, Algérie, Hydroides du *Travailleur* et du *Talisman*; **Billard, 1, 2.**

Mediterranean, Brionian islands (Pola), *Aleyonium brioniense*, n. sp.; **Kükenthal, 1.**

[Atlantic Ocean (off Morocco), *Pennatulidae*, du "Travailleur" et du "Talisman"; **Roule, 2.**]

River Niger, *Limnocoidea tanganicae*; **Browne, 1.**

Western coast of Africa, Hydroids; **Billard, 2.**

West coast of Africa (Isle San Thomé, Gulf of Guinea), occurrence of corals; **Gravier, 3.**

South African coast (Cape of Good Hope), Aleyonaria, with n. spp.; **Hickson, 2.**

[South African coast, *Turbinolidae*; **Gardiner, 1.**]

Brazil, *Astrangia*, n. spp.; **Vaughan, 2.**

West Indian and Atlantic forms of *Porites*; **Bernard, 2.**

Isle of Anticosti, Gulf St. Lawrence, Coelenterates; **Schmitt.**

Indian Ocean and adjacent seas. f, m

Djibouti, un type nouveau de *Virgulaira* (*Scytaliopsis* n. g.); **Gravier, 1, 4.**

Red Sea, deep-sea and reef corals; v. **Marenzeller.**

Zanzibar and British East Africa, Aleyonaria, with n. spp., **Thomson and Henderson, 1.**

Natal coast, *Halocordyle cooperi* and *Tubularia solitaria*, spp. nn.; **Warren, 1, 2.**

Indian Ocean, Aleyonaria, **Thomson and Henderson, 2.**

Ceylon, Aleyonaria, with spp. nn.; **Thomson.**

Indo-Pacific forms of *Porites*, **Bernard, 1.**

Pacific Ocean and adjacent coasts. n

Eastern Tropical Pacific, Madreporaria with n. spp.; **Vaughan, 3.**

Malay Archipelago, *Primnoidae*, with n. spp.; **Versluys, 1.**

Malay Archipelago, *Dogielia* gen. n. *malayana* sp. n.; new Ctenophore, **Pedaschenko.**

Ceram Sea, *Bathyalcyon robustum* gen. et sp. n. (Aleyonaria); **Versluys, 2.**

Japan, Aleyonacea, with new forms; **Kükenthal, 2, 6.**

Australia and New Zealand, Madreporaria, (recent); **Dennant.**

Cuvier Islands, New Zealand, occurrence of *Flabellum rugulosum*, living; **Suter.**

Polynesia, corals met with, forming the coral islands; **Seurat.**

Medusae of the Hawaiian Islands **Mayer.**

California, *Cocnocyathus* sp. n.; **Vaughan, 2.**

Arctic and Antarctic areas. k, o

Die arktischen Medusen (ausschliesslich der Polypomedusen); **Maas, 1.**

Die Aleyonaceen der Olga-Expedition (1898). [Zoolog. Ergebnisse c. Untersuchungsfahrt nach der Bäreninsel u. Westspitzbergen, VII.]; **Kükenthal, 5.**

[Antarctie and subantarctic seas (Falklands, St. Georgia, etc.), Hydroids; **Jäderholm.**]

Antarctic Medusae, *Homoeonema* sp. n. *Phialidium* sp. n.; **Maas, 2.**

Fresh-water.

Hydra aus der Mongolei; **Daday.**

Lake Tanganyika, *Limnocnida tanganyicae*; **Günther.**

Known freshwater Medusae; **Potts.**

2. Fossil.

Quaternary.

Postpliocene, Salastro near Catania, Anthozoa; **Scalia.**

Tertiary.

Upper Miocene, Gourbesville, English Channel, Corals, noted; **Dollfus.**

Miocene, Bouches-du-Rhone and Piedmont, forms of *Porites*; **Bernard, 2.**

Miocene, Eastern Egypt, Abu Roash and Sinai, Zoantharia, with new forms; **Gregory.**

Miocene, Batangas Province, Philippines, *Cyloseris hidalgi* sp. n.; **Smith.**

Eocene and Oligocene, "Priabonenschichten" Precista (Macedonia), Corals; **Oppenheim.**

Eocene, Paris Basin, two forms of *Porites*; **Bernard, 2.**

Eocene, Corio Bay (Australia), Actinozoa; **Mulder, 1.**

Secondary.

Cretaceous (Campanien inférieur), South-East France, (Zone du Plan d'Aups), Anthozoa; **Repelin.**

Cretaceous, East Galicia, New Corals; **Felix**.

Cretaceous, Tripoli, *Cyclolites polymorpha*; **Krumbeek**.

Jurassic (Bathonian), St. Gaultier, (dep. Indre), Corals; **Koby**.

Jurassic (Tithonian and Bathonian), Sardinia, new Tabulate Corals and Hydroids; **Deninger**.

Jurassic ("lithographischen Schiefer"), a new Medusa, *Paraphyllites* n. g.; **Maas, 3**.

Trias, Kotel (Bulgaria), Anthozoa, with n. spp.; **Bakalow, 2**.

Trias, (grès Vosgien), Nancy (Epinal), Graptolites; **Noël**.

Primary.

Contribution to Indiana palæontology, (Zoantharia); **Greene**.

Die paläozoischen Gebilde Podoliens; **Siemiradzki**.

Palaeozoic, South Africa, *Zaphrentis zebra*, n. sp.; **Schwarz**.

Carboniferous, Avon gorge (Avonian), various corals; **Vaughan, A**.

Carboniferous, Mendip area, *Campophyllum* sp. n., *Carcinophyllum* sp. n.; **Sibly**.

Carboniferous, North Shropshire, Denbighshire and Flintshire, various corals, **Hind and Stobbs**.

Carboniferous, (marine), Hungary, Anthozoa; **Frech**.

Devonian, Western New York, Coelenterates; **Slocum**.

Upper Silurian, New South Wales, *Rhizophyllum* sp. n.; **Shearsby**.

Silurian, Ingleborough, Graptolites; **Hughes**.

Silurian, (Tarannon series), lists of Graptolites and comparisons with other areas: **Wood, 2**.

Middle Silurian, Norway, account of the *Heliolitidae*; **Kiær**.

Silurian, Beechy Island, Lancaster Sound, *Boreaster lowi* n. g. n. sp., Cape Chidley, Hudson Strait, *Labyrinthites chidlensis* n. g. n. sp.: **Lambe**.

Silurian, island of Anticosti (Gulf St. Lawrence), Anthozoa; **Schmitt**.

Silurian and Ordovician, Victoria Graptolites; **Hall**.

Ordovician and Silurian, British forms of *Climacograptus*; **Elles and Wood**.

Ordovician and Silurian, Bolivia, Graptolites; **Wood, 1**.

Ordovician, Western Caermarthen-shire, Corals and Graptolites; **Evans**.

Ordovician, (Zones of Scanian and Vestrogothian *Phyllo-Tetragraptus* beds), Flagabro and Mossebo, Graptolites; **Törnquist**.

Mid-Cambrian, Shantung, China, *Lophophyllum frechi*, n. sp.; **Lorenz**.

Cambrian, China, *Coscinoecyathus* n. sp. **Walcott**.

III.—SYSTEMATIC. 0831

HYDROZOA (=HYDROMEDUSAE).

Aglaophenia, sexual dimorphism, TORREY and MARTIN, Berkeley, Univ., Cal. Pub., Zool., **3**, (47-52, with figg.).

Antennularia ramosa var. n. *plumularoides*, BILLARD, Bul. Muséum, **12**, (333).

Campanularia hincksii var. n. *grandis*, BILLARD, Bul. Muséum, Paris, **12**, (330).—*C. pelagica*, Nordsee, BREEMEN, Helder, Verh. Onderz. Zee, **1**, (1-8, 1 Taf.).

Corymorpha palma, environmental effects, TORREY, J. Exp. Zool., **1**, (395-422).

Cunina proboscidea, Entwicklung STSCHEKANOWZEW, Mitt. zool. Stat. Neapel, **17**, (433-486, 2 Taf.).

Cunoctantha fowleri, Bay of Biscay, BROWNE, (177-178, pl. xiii figs. 1 and 2), London, Trans. Linn. Soc., **10**.

Eudendrium ramosum and *hargitti*, notes on morphology and development, CONGDON, Biol. Bull., **11**, (27-46).

Halocordyle cooperi, sp. n., Natal Coast, WARREN, Ann. Nat. Govt. Mus., **1**, 1906, (73, pl. ix).

Homoeonema platygonon, variation, BROWNE, (174-175), London, Trans. Linn. Soc., **10**.—*H. racovitzae* sp. n. Antarctic, MAAS, (10-11, pl. i, figs. 3, 4. pl. ii, fig. 13); Res. voy. Belgica, 1906.

Hydra; allgemein, ENTZ, Termt. Közl., **38**, (649-669, mit 13 Fig.); *H.*, Beobachtungen über das Leben, OELZELT-NEWIN, Zs. Psychol., Leipzig, Abt. 1, **41**, (377-381).—*H. fusca*, SCHULTZ, Hungererscheinungen, Arch. Entw. Mech.,

21, (703-726, mit 1 Taf.); *H. f.*, Knospung u. Geschlechtsentwicklung, HERTWIG, Biol. Centralbl., **26**, (489-508).—Auch in: Festschr. für J. Rosenthal, Tl 1, Leipzig, 1906, (11-32).

[*Hydractinia clavata* **sp. n.**, JÄDERHOLM, Wiss. Ergebn. Schwed. SüdPol.-Expedn., 1901-1903, Stockholm, **5**, viii, (5, pl. iii, figs. 6-8).]

Isonema **nom. nov.** for *Homoconema* Vauh. (4-5); *amplum*, (5-9, pl. i, figs. 1, 2, and 7, pl. ii, figs. 8-12, pl. iii, figs. 14-20); MAAS, Res. voy. Belgica, 1906.

Limnocnida tanganicae, reproduction, taxonomy, BROWNE, Ann. Mag. Nat. Hist., (Ser. 7), **17**, (305, 306).—*L. t.*, asexual reproduction; GÜNTHER, (179), London, Proc. Zool. Soc., **1906**.—*L. t.*, POTTS, Q. J. Microsc. Sci., **50**, (623, pl. xxxv, fig. 12, after Moore).

Limnocodium compared with *Microhydra*, BROWNE, Q. J. Microsc. Sci., **50**, (638).—*L. souerbyi*, medusa and hydroid, POTTS, (623, pl. xxxv, figs. 1-11), after various authors, Q. J. Microsc. Sci., **50**.

Microhydra ryderi, general structure, (636); compared with *Limnocodium*, (638); reproduction, (641); BROWNE, Q. J. Microsc. Sci., **50**, pl. xxxvii.—*M. r.*, medusa, POTTS, Q. J. Microsc. Sci., **50**, (623, pl. xxxvi).

†*Milleporella* **gen. n.** for *sardoa* **sp. n.** (or *ichnusae*?—vide fig. explan.) "Senonian," Sardinia, DENINGER, N. Jahrb. Min., **1906**, 7, (67, pl. vii, fig. 8).

Muggiaca atlantica, migrations and distribution in British coasts; GOUGH, Cons. Permanent Internat. Explor. de la mer. Publ. de Circonstance, No. **29**, (13).

Perigonimus sulfureus Chun, as a pelagic Hydroid colony, STECHE, Zool. Anz., **31**, (31-32).

Plumularia attenuata var. nov. *media*, *P. bonnerie* **nom. nov.** (pro. *P. rubra* Bonnevie, preocc.), BILLARD, Bul. Muséum, Paris, **12**, (332).

Polyorchis penicillata, galvanotropic reactions, BANCROFT, Berkeley, Univ. Cal. Pub., Physiol., **2**, (43-46), and J. Exp. Zool., Baltimore, Md., **1**, (73-94).

(*Rhegmatores tenuis*, notes on variations in, HARGITT, Biol. Bull., **9**, (368-377).)

(x-9720 i)

Schizocladium ramosum, asexual reproduction; medusae belong to *Obelia*, BROWNE, Q. J. Microsc. Sci., **50**, (645).

[*Sertularella biformis*, (28, pl. xi, figs. 1-3).—*S. cumberlandica*, (27, pl. x, figs. 8-11), **spp. n.**, Antarctic; JÄDERHOLM, Wiss. Ergebn. Schwed. SüdPol.-Expedn., 1901-1903, **5**, viii.].—*S. gayi* var. n. *elongata*, BILLARD, Bul. Muséum, Paris, **12**, (331).

Siphonophora, account of, VANHÖFFEN, Nordisches Plankton, Lfg 5, 1906, (xi 9-xi 39).

Solmaris insculpta **sp. n.** Hawaiian Is., MAYER, Washington, D.C., Bull. U. S. Fish. Com., **23**, (1140, pl. iii, figs. 8, 9).

Solmundella mediterranea, MAAS, (12-13, Taf. i, fig. 5, taf. iii, figs. 23, 24), Res. voy. Belgica, 1906.

Tiarella **gen. n.**, (*Tiaridae*) *parthenopea* **sp. n.** Golfo di Napoli, TRINCI, Mon. zool. ital., **17**, (208-213).

Trichorhiza **gen. n.** (*Pennariidae*) for *T. brunnea* **sp. n.** Firth of Clyde; hydroid, medusoid, RUSSELL, London, Proc. Zool. Soc., **1906**, (99, pl. v).

Tubularia, regeneration and polarity, MORGAN, J. Exp. Zool., **1**, (587-591), also MORGAN and STEVENS, J. Exp. Zool., **1**, (559-585).—*T. solitaria* **sp. n.** Natal coast, WARREN, Natal Govt. Mus. Ann., **1**, (83-96, pls. x, xi).—*T. crocea*, reactions, PEARSE, Cambridge, Mass., Cont. Mus. Comp. Zool., Harvard Coll., No. **178** in Amer. Nat., Boston, Mass., **40**, (401-407, with text fig.).

†STROMATOPORIDAE. (Allied to Hydrozoa.)

†*Actinostroma astroites*, SIEMIRADZKI, Wien, Beitr. Pal. Geol. OestUng., **19**.

†*Labeckia conferta* E. H., SIEMIRADZKI, T.c.

†*Stromatopora tornquisti* **sp. n.** Bathonian, Sardinia, DENINGER, N. Jahrb. Min., **1906**, i, (66, pl. vii, fig. 7).—*S. typica* v. ROSEN, SIEMIRADZKI, Wien, Beitr. Pal. Geol. OestUng., **19**.

Stromatorhiza **gen. n.** *granulosa* **sp. n.** Swiss Jura, BAKALOW, N. Jahrb. Min., **1906**, i, (13-15, 1 Taf.).

†GRAPTOLITHIDA.

Monograph of British Graptolites, pt. v, Fam. *Diplograptidae*, ELLES and WOOD, (181-216, pls xxvi and xxvii), London, Monogr. Palaeont. Soc., 1906.

Graptolites, general account, MEEK, Durham, Proc. Univ. Phil. Soc., 1, (77-82).

Monograptidae (and Graptolites generally), regarded as related to *Rhabdopleura* and not to the Coelenterates, SCHEPOTIEFF, N. Jahr. Min., 1905, ii, (79-98, 17 text-figs.).

†*Anthograptus* gen. n. for *A. nidus* sp. n. Scanian and Vestrogothian beds, TÖRNQUIST, Lund, Univ. Arsskr., 40, No. 2, (22, pl. iv, figs. 4, 5).

†*Bryograptus simplex* sp. n. Scanian and Vestrogothian beds, TÖRNQUIST, Lund, T.c. (3, pl. i, figs. 1-4).

†*Climacograptus*, monograph of British forms; ELLES and WOOD, (181-216, pls. xxvi and xxvii), London, Monogr. Palaeont. Soc., 1906.—*C. baragwanathi* sp. n. Ordovician Victoria, HALL, Rec. Geol. Surv., Victoria, 1, (277, fig. 6).—*C. mensoris* sp. n. Ordovician Victoria, HALL, T.c. (274, fig. 5).—*C.* sp. n. (?). "Grès Vosgien" (galets), NOËL, Nancy, Bul. Soc. Sci., Ser. 3, 6, (54, pl. ii, fig. 1).

†*Clonograptus subtilis* sp. n. Scanian and Vestrogothian, TÖRNQUIST, Lund, Univ. Arsskr., 40, No. 2, (20, pl. ii, figs. 20, 21).

†*Dichograptus regularis* sp. n. Scanian and Vestrogothian, TÖRNQUIST, T.c. (20, pl. ii, fig. 19).

†*Dicranograptus ramosus* var. *semispinifer* var. nov. Ordovician, Victoria, HALL, Rec. Geol. Surv., Victoria, 1, (275, fig. 4).

†*Didymograptus patulus* Hall, *D. constrictus* Hall, synonymy, TÖRNQUIST, Lund, Univ. Arsskr., 40, No. 2, (509-512).

†*Diplograptus ingens* sp. n. Ordovician, Victoria, HALL, Rec. Geol. Surv. Victoria, 1, (276, fig. 7).—*D. sinuatus*, (56, pl. i, fig. 6), "Grès Vosgien" (galets), NOËL, Nancy, Bul. Soc. sci., ser. 3, 6.

†*Isograptus gibberulus* Nich., synonymy, TÖRNQUIST, Stockholm, Geol. För. Förh., 1906, (507).

†*Monograptus jaculum* (60, pl. i, fig. 1), *mirus* (61, pl. i, fig. 7), *lobiferus* (62, pl. i, fig. 2), *clingani* (64, pl. i, fig. 4), *romerinus* (65, pl. i, fig. 3), "Grès Vosgien," (galets), NOËL, Nancy, Bul. Soc. sci., ser. 3, 6.

Rastrites linnæi . . . SIEMIRADSKI, Wien, Beitr. Pal. Geol. Oest Ung., 19.

†*Retiolites* cf. *obesus* "Grès Vosgien," (galets), NOËL, Nancy, Bul. Soc. sci., ser. 3, 6, (66, pl. ii, fig. 2).

†*Schizograptus rotans* (24, pl. iv, figs. 1-3), *ambiguus* (25, pl. iii, fig. 8), spp. n. Scanian and Vestrogothian, TÖRNQUIST, Lund, Univ. Arsskr., 40, No. 2.

†*Tetragraptus pendens*, var. *praesagus* var. n. (5, pl. i, figs. 8-10), *T. vestrogothus* sp. n. (7, pl. i, figs. 13, 14), TÖRNQUIST, T.c.

SCYPHOZOA (=SCYPHOMEDUSAE).

Acraspedae, General account, VAN-HÖFFEN, Nordisches Plankton, Lfg 5, 1906, (xi 40-xi 64).

Aurelia aurita, notes on rearing, DELAP, Fish., Ireland, Sci. Invest., 1905, v (22, pl. i).

Charybdea moseri sp. n., Hawaiian Is., MAYER, Washington, D.C., Bull. U. S. Fish. Com., 23, (1135-36, pl. i, figs. 2-2c).

†*Paraphyllites* gen. n., *distinctus* sp. n., lithographischen Schiefer, MAAS, N. Jahrb. Min., 1906, II, (90-99).

Pelagia perla, notes on rearing, DELAP, Fisheries, Ireland, Sci. Invest., 1905, v (25, pls. i and ii).

Phialidium iridescentis, sp. n. Antarctic, MAAS, (13, Taf. i, fig. 6), Res. voy. Belgica, 1906.

Rhizostoma pulmo, regeneration, HARGITT, J. Exp. Zool., Baltimore, Md., 1, (73-94).

Stomolophus ehunii, Golfo di Paria, Sudamerica, TRINCI, Napoli, Annuario Museo Zoolog., N. S., 2, 1906, (1-4).

ANTHOZOA.

ALCYONARIA.

Anthozoa [Forts.], CARLGREN (in H. G. Bronn's Klassen u. Ordnungen des Tier-Reichs, Bd 2, Abt. 2, Lfg 2. 3.), 1906, (49-112).

Anthozoa, of the Salem limestone, BEEDE, Indiana, Rep. Dept. Geol. Nat. Res., **30**, (1201-1218, with pl.).

Aleyonacea, KÜKENTHAL, *Wissensch. Ergebnisse d. D. Tiefsee-Expedition*, **13**, Lfg 1, (1-111, 12 Taf.), also, *Verh. D. Zool. Ges.*, **16**, (138-149).

Aleyonaceen der Olga-Expedition (1898). (*Zoolog. Ergebnisse e. Untersuchungs-fahrt nach der Bäreninsel u. Westspitzbergen*, vii.) KÜKENTHAL, *Wiss. Meeresunters.*, (N.F.), **8**, Abt. Helgoland, (19-30, 1 Taf.).

Acamptogorgia gracilis Ceylon, (177, figs. 12 and 13), *A. rubra* Ceylon, (178, figs. 5-8), *spp. n.*, THOMSON, London, R. Soc. Rep. Pearl Oyster, **4**.

Aleyonium brioniense sp. n. Mittelmeer, KÜKENTHAL, *Jenaische Zs. Natw.*, **42**, (61-72, 1 Taf.).—*A. digitatum*, maturation and fertilization, HILL, (193-505), *Q. J. Microsc. Sci.*, London, **49**; *A. d.*, histology, spicule formation and structure, WOODLAND, *Q. J. Microsc. Sci.*, London, **49**, (283-304, pls. xvi and xvii).—*A. gracillimum sp. n.* Japan, KÜKENTHAL, *Zool. Anz.*, **30**, (284), also in *Beiträge Naturgesch. Ostasiens*, **1906**, (34, pl. ii, fig. 13).—*A. pachyclados* Klunzinger, THOMSON and HENDERSON, (416), London, *Proc. Zool. Soc.*, **1906**.—*A. purpureum sp. n.* Cape of Good Hope, HICKSON, (215-217, pl. v, fig. 1, and pl. ix, fig. 18), Cape Town, *Marin. Invest.*, **3**.—*A. valdiviae* Agulhasbank (12, pl. iii, fig. 11, pl. viii, fig. 39), *noraræ* Kap (18, 1 pl.), *contortum* (50, pl. vii, figs. 34-36, pl. viii, figs. 37-38), *membranaceum* (52, pl. i, fig. 3, pl. ix, figs. 42-44), Francis-Bay, *reptans* Antarctic (53, pl. ii, fig. 9, pl. ix, figs. 45-49), *spp. n.*, KÜKENTHAL, *Wiss. Ergebn. D. Tiefsee-Exp.*, **13**, i.

Anthelia japonica sp. n. Japan, KÜKENTHAL, *Zool. Anz.*, **30**, (281), and in *Beiträge Naturgesch. Ostasiens*, **1906**, (13, pl. v, fig. 28).

Anthomastus elegans Agulhasbank (64, pl. ii, figs. 6 and 7, pl. xi, figs. 63-66).—*A. antarcticus sp. n.*, (62, pl. ii, fig. 8, pl. xi, figs. 57-62), KÜKENTHAL, *Wiss. Ergebn. D. Tiefsee Expd.*, **13**, i.—*A. grandiflorus* Verill, HICKSON, Cape Town, *Marin. Invest.*, **3**, (219, pl. vii, fig. 2).

Anthopitulum grandiflorum Verill, HICKSON, *T.c.*, (233-235, pl. viii, fig. 14).

Bathyalcyon gen. n., robustum sp. n. Ceram-See, VERSLUYS, *Zool. Anz.*, **30**, (549-553).

Bebryce indica sp. n. Ceylon; spicules, THOMSON, London, R. Soc. Rep. Pearl Oyster, **4**, (175, fig. 3).

†*Boreaster gen. n.* allied to *Favosites*, *lowi sp. n.* Silurian, Canada, LAMBE, "Cruise of the 'Neptune,'" **1906**, (323).

Caligorgia affinis (76-77), *joubini* (67-69), *minuta* (78), *pennacea* (66), *robusta* (72-73), *similis* (79), *tuberculata* (80-81), *weltneri* (73-74), *spp. n.* Ost. Indischen Archipel., VERSLUYS, *Rés. Explor. Siboga*, *Livr. 27*, *Monogr. 13a*, (10 pls.).—*C. versluysi* Ceylon *sp. n.* THOMSON, (172, figs. 6 and 15); compared with other *spp.*, VERSLUYS, (173-175), London, R. Soc. Rep. Pearl Oyster, **4**.

Calyptrophora mariae (107), *kerberti* (105), *spp. n.* Malayischer Archipel und Japan, VERSLUYS, *Primnoidae*, *Rés. explor. Siboga*, *Livr. 27*, *Monogr. 13a*, (10 pls.).

Ceratoisis ramosa sp. n. Cape of Good Hope, HICKSON, Cape Town, *Marin. Invest.*, **3**, (224-225, pl. vii, figs. 2 and 3, pl. viii, fig. 12),

Cespitularia coerulea May, variation, THOMSON and HENDERSON, London, *Proc. Zool. Soc.*, **1906**, (414-415).

Chironephthya indica sp. n. Ceylon, THOMSON, London, R. Soc. Rep. Pearl Oyster, **4**, (170, figs. 1 and 14),

Clavularia, specific differences (399-401), table of species, polyps and spicules (408); *garciae* Hickson and var. *inermis* nov. (401); *flava* May (non Hickson) pl. xxx, fig. 4; *gracilis* May (402); *reptans* Hickson, *strumosa* Ehrenberg, calcareous bodies (403); *margaritiferae* Thompson and Henderson, *crosslandi* (404, pl. xxx, fig. 6), *pulchra*, *zanzibarensis* (405), *mollis* Zanzibar, *parvula* Cape Verde Is. (406), *pregnans* Zanzibar (407, pl. xxx, fig. 3), *spp. n.*, THOMSON and HENDERSON, London, *Proc. Zool. Soc.*, **1906**.—*C. chuni sp. n.* Indian Ocean, KÜKENTHAL, *Wiss. Ergebn. D. Tiefsee-Exp.*, **13**, i, (16, pl. i, figs. 1, 2, pl. iv, figs. 16-21)—*C. eburnea* (14, pl. i, fig. 1), *peterseni* (16, pl. i, fig. 2), *dispersa* (18, pl. i, fig. 3) *spp. n.* Japan, KÜKENTHAL, *Beiträge Naturgesch. Ostasiens*, **1906**, also in *Zool. Anz.*, **30**, (281-282).

Coelogorgia palmosa Wright and Studer, var. (435), *repens* sp. n. Brit. East Africa (436, pl. xxxi, fig. 1), THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Corallium, economic notes, etc. HICKSON, Manchester, Trans. Microsc. Soc., 1905, (29-38).

Dasystenella subgen. n. of *Stenella*, für *St. acanthina*, VERSLUYS, *Primmoidae*, Rés. explor. Siboga, Livr. 27, Monogr. 13a, (39 and 48).

Dendronephthya acaulis (40, pl. iv, fig. 24), *fligraana* (44, pl. iv, fig. 22), *maxima* (46, fig. 27), *punctata* (42, fig. 23), *querciformis* (50, fig. 26), *densa* (52) spp. n. Japan, KÜKENTHAL, Beiträge Naturgesch. Ostasiens, 1906, and in Zool. Anz., 30, (284-287).

Eugorgia gilchristi sp. n. Cape of Good Hope, HICKSON, Cape Town Marin. Invest., 3, (230-231, pl. ix, figs. 15 and 19).

Eunephthya antarctica sp. n., KÜKENTHAL, Wiss. Ergebn. D. Tiefsee Exped., 13, i, (75, pl. iii, figs. 14 and 15, pl. xii, figs. 69-78).—*E. clavata* var. n. *pellucida* (23, pl. i, fig. 2), *rosea* var. n. *umbellata* (26, pl. i, figs. 3 and 6), "Olga" Exped., KÜKENTHAL, Wiss. Meeresunters, 8.—*E. japonica* (65, pl. iii, fig. 16), *spiculosa* (67, fig. 17) spp. n. Japan, KÜKENTHAL, Beiträge Naturgesch. Ostasiens, 1906, and in Zool. Anz., 30, (287-288).

Eunicella papillosa, suggested transference to *Gorgonidae*, HICKSON, Cape Town Marin. Invest., 3, (228).

†*Favosites agaricus*, *decorum*, *fustus* spp. n., GREENE, Contribution to Indiana Palaeontology, 2, pt. 3.—*F. aspera*, *bowerbanki*, *forbesi*, *gotlandica*, *hisingeri*, SIEMIRADZKI, Wien, Beitr. Pal. Geol., OestUng., 19, (213-286).

Fusticularia herdmanni Simpson, THOMSON, London, R. Soc. Rep. Pearl Oyster, 4, (182).

Gersemia marenzelleri sp. n. Japan, KÜKENTHAL, Zool. Anz., 30, (287), also in Beiträge Naturgesch. Ostasiens, 1906, (64, pl. iii, fig. 15).

Gorgonia albicans Köll., coenenchym, HICKSON, Cape Town Marin. Invest., 3, (228-229).

†*Heliolites*, *decipiens*, *dubius*, *insterinctus*, *megastoma*, *porosa*, SIEMIRADZKI, Wien, Beitr. Pal. Geol. OestUng., 19, (213-286).

†*Heliolitidae*, Mid-Silurian, general account of the family and classificatory revision, KILER, Kristiania, Skr. Vid. Selsk., 1903, No. 10, (1-58).

Heterozenia elizabethae Kölliker, variation, THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, (413).

Isis, remarks on genus, (421-425), literature, (433), SIMPSON, London, J. Linn. Soc. Zool., 29.—*I. hippuris*, general structure, (425-432, pl. xliii), id., T.c.

Juncella spiralis Cape of Good Hope sp. n., (231-233, pl. viii, figs. 6-9); *J. elongata* var. *capensis* nov. (233), HICKSON, Cape Town Marin. Invest., 3.

Kophobelemnon bathyptiloides sp. n. Atlantic Ocean, ROULE, Bul. Muséum, Paris, 11, (455).

†*Labyrinthites* gen. n. allied to *Halysites*, for *L. chidlensis* sp. n. Silurian, Canada, LAMBE, in "Cruise of the 'Neptune,'" 1906, (327).

Leptogorgia ochracea sp. n. Cape Verde Is., THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, (431, pl. xxix, fig. 1).

Lithophyllum elegans (Kükenthal) (= *Ammonothea elegans* May), *L. viride* (Kük.) (= *A. viridis* May), *L. brassicum* (Kük.) (= *A. brassica* May) (426), *L. thyrsoides* (Kük.) (= *A. thyrsoides* Ehrenberg), var. *durum*, nov., *flavum* May (427), THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Lophogorgia crista Möbius var., comparison with *lütkeni* Wright and Studer (432, pl. xxix, figs. 5-7), *lütkeni* Wright and Studer (433), THOMSON and HENDERSON, T.c.

Malacogorgiidae fam. n., defined (226), *Malacogorgia* gen. n. (227), *capensis* Cape of good Hope sp. n., (226-227, pl. vii, fig. 5, and pl. viii, figs. 10 and 11), HICKSON, Cape Town Marin. Invest., 3.

†*Michelinia favosa*, Carboniferous Hungary, FRECH, Földt. Közl., 36, (8 and 110, pl. vii, fig. 1, pl. viii, fig. 1).

†*Monotrypa sardoa* (62, pl. v, fig. 1), *pontica* (63, fig. 2), *multitabulata* (63, fig. 3), *limitata* (64, pl. vi, fig. 4), *favrei* (64, fig. 5) **spp. n.** Sardinia, DENINGER, N. Jahrb. Min., 1906, i.

†*Monticulipora fletscheri*, *papillata*, *pulehella*, SIEMIRADZKI, Wien, Beitr. Pal. Geol. OestUng., 19.

Muricella complanata Wright and Studer var (178); *rubra* Ceylon **sp. n.** (179, figs. 2 and 7), THOMSON, London, R. Soc. Rep. Pearl Oyster, 4.

Narella ciliaricata Studer gehört zu *Primnoella*, VERSLUYS, *Primnoidae*, Rés. explor. Siboga, Livr. 27, Monogr. 13a, (38, 49).

Nephtya zanzibarensis **sp. n.** Brit. East Africa, (421, pl. xxvii, fig. 3), var. *mollis* **nov.** fig. 5, *armata* **sp. n.**, Brit. East Africa, (422; THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Nidalia procliflora (24, pl. i, figg. 6 and 7), *nicolor* (26, fig. 1); *dofleini* (27, pl. ii, fig. 8 and 9); *macrospina* (30, figg. 11 and 12); *pellucida* (27, fig. 10), **spp. n.**, Japan, KÜKENTHAL, Beiträge Naturgeschichte Ostasiens, 1906, also in Zool. Anz., 30, (232–233), and in Wiss. Ergebn. D. Tiefsee-Exp., 13, i, 31 and 35).

Nidaliinae subfam. n., KÜKENTHAL, Wiss. Ergebn. D. Tiefsee-Expedit., 13, i, (27).

Nidaliopsis **gen. n.**, (27, 37), *pygmaea* **sp. n.**, Königbecken (38, pl. ii, fig. 10, pl. x, figs. 50–56, KÜKENTHAL, Wiss. Ergebn. D. Tiefsee-Exp., 13, i.

†*Paracherates* **gen. n.**, *tornquisti* **sp. n.**, Bathonian, Sardinia, DENINGER, N. Jahrb. Min., 1906, i, (65, pl. vi, fig. 6).

Paraspongydes striata Thom. and Hend., THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, (1), (428).

Parastenella **subgen. n.**, für *Stenella doederleini*, *spinosa* und *ramosa*, VERSLUYS, *Primnoidae*, Rés. explor. Siboga, Livr. 27, Monogr. 13a, (39, 45–47).

Plumarella abellata **sp. n.**, (*Primnoidae*), Japan, VERSLUYS, Rés. explor. Siboga, Livr. 27, Monogr. 13a, (16–18).—*P. grimaldi* Studer ist eine *Caligorgia*, VERSLUYS, *Primnoidae*, Rés. explor. Siboga, Livr. 27, Monogr. 13a, (57).

Primnoa ellisii von Koch synonym mit *Caligorgia verticillata* Pallas, VERSLUYS, T.c. (60).

Primnoidae der Siboga-Expedition, VERSLUYS, Rés. explor. zool., aux Indes Néerl. Or. 1899–1900, à bord du Siboga, Livr. 27, Monogr. 13a, (187 pp., 10 pl.).

Pteroides echinatum **sp. n.** Atlantic. ROULE, Bul. Muséum, Paris, 11, (457).—*P. brachycaulon* Kolliker, (pl. xxvi, fig. 3); *rigidum* **sp. n.**, Brit. East Africa, (438, figs. 1 and 2); *pulehellum* **sp. n.**, Brit. East Africa, (439, pl. xxvii, figs. 1 and 2), THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Pterostenella **subgen. n.** für *Stenella plumatilis* (M. Edwards), VERSLUYS, *Primnoidae*, Rés. explor. Siboga, Livr. 27, Monogr. 13a, (39–42).

Sarcophyllum bollousi **sp. n.** New Zealand, BENHAM, Zool. Anz., 31, (66).

Sclerophyllum polydactylum Dana, spicules, (418, pl. xxxi, fig. 2); *querciforme* Pratt; *marenzelleri* Pratt; *hirtum* Pratt, (419); *viride* **sp. n.**, Zanzibar, (420, pl. xxix, figs. 2 and 3), THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Scyrtaliopsis **gen. n.** near *Scyrtalium*, *Virgularidae*, GRAVIER, Paris, C.-R. Acad. sci., 142, (1290–1291); *S. djiboutiensis* **sp. n.**, GRAVIER, Bul. Muséum, Paris, 12, (291–293).

Simularia brassica May (416); *fungoides* Brit. East Africa **sp. n.**, (417, text-fig. 85); THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Siphonogorgia dofleini (78, pl. iii, figg. 20 and 21), *splendens*, (80, fig. 18), **spp. n.** Japan, KÜKENTHAL, Beiträge Naturgesch. Ostasiens, 1906, also in Zool. Anz., 30, (288–289).—*S. intermedia* **sp. n.**, Zanzibar, THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, (428, pl. xxx, figs. 1 and 2).

Spongyodes (= *Dendronephthya*), Kenntnis der Gattung. HARMS, Zool. Anz., 30, (539–548).—*S. cervicornis* Wright and Studer; *involuta* Kükenthal, *putteri* Kükenthal, *polyparium* (168); *microspiculata* Putter, spicules (169), var. *ceylonensis* **nov.** (170), THOMSON, London, R. Soc. Rep. Pearl Oyster, 4.—*S. hemprichii* Klunzinger var., *S. erosslandi* (423, pl. xxviii, fig. 2), *zanzibaresnis*, fig. 1, *kükenthali* (424, pl. xxxi,

fig. 5), **spp. n.**, Brit. E. Africa, THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Stachyodes elarata (98-101), *dichotoma* (88-98), *horrida* (101-103), *obscura* (90-91), *orientalis* (91-92), *parva* (96-98), Ost-Indischen Archipel. **spp. n.**; *studevi* nom. nov., VERSLUYS, Rés. Explor. Siboga, Livr. 27, Monogr. 13a.

Stenella sensu strict. sub-gen. n., *Stenella* Gray, fur *St. imbricata*, *johnsoni* und *gigantea*, VERSLUYS, *Primnoidae*, Rés. explor. Siboga, Livr. 27, Monogr. 13a, (42-44).

Stephanoptilidae fam. nov. of Penatulids, type g. *Stephanoptilum*, ROULE, Bul. Muséum, Paris, 12, (120).

Stephanoptilum gen. n. *intermedium* sp. n. Atlantic Ocean, ROULE, op. cit. 11, (455).

Stereonephthya zanzibarensis sp. n., Zanzibar, THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, (425, pl. xxxi, figs. 3 and 4).

Suberogorgia köllikeri Wright and Studer, var. *zanzibarensis* nov., THOMSON and HENDERSON, T.c., (429, pl. xxix, fig. 4).—*S. l.* Wright and Studer, var. *ceylonensis* nov. (171); *S. rubra* Ceylon sp. n. (172, fig. 4), THOMSON, London, R. Soc. Rep. Pearl Oyster, 4.

Sympodium punctatum May, (pl. xxix, fig. 9), variation; *coeruleum* Ehrenberg; *fuscum* sp. n. Zanzibar and Brit. East Africa (408, pl. xxx, fig. 5); *splendens* Zanzibar sp. n., (409, pl. xxix, fig. 8), THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, 1.

†*Syringopora monroense* sp. n., BEEDE, Indiana, Rep. Dept. Geol. Nat. Res., 30, (1201-1218, 1 pl.).—*S. ramulosa*, Carboniferous, Hungary, FRECH, Földt. Közl., 36, (6 and 108, pl. viii, fig. 4).—*S. cf. reticulata*, VAUGHAN, London, Q. J. Geol. Soc., 62, (313, pl. xxix, fig. 1).

Telesto rupicola Müller, variation; *arborea* Wright and Studer, variation; THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, (434).

Thouarella tydemani, *laxa* spp. n. Malayischer Archipel, VERSLUYS, Rés. expl. Siboga, Livr. 27, Monogr. 13a, (32-35).

Trichogorgia gen. n. *Dasygorgiidae*, *flexilis* sp. n. Cape of Good Hope, HICKSON, Cape Town, Marin. Invest., 3, 222-223, pl. viii, fig. 13, and pl. ix, figs. 16 and 17.

Umbellula crassiflora sp. n., Atlantic Ocean, ROULE, Bul. Museum, Paris, 11, (456).

Virgularia lorenii Kölliker (179); *elegans* Gray; *calyceina* (180, figs. 8-11), *indica* (181), **spp. n.**, Ceylon, THOMSON, London, R. Soc. Rep. Pearl Oyster, 4.—*V. mirabilis* Lamouroux, var. *pedunculata* Kölliker; *multicalyceina* sp. n. Zanzibar, THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906, (437, pl. xxvi, figs. 4 and 5).

Wrightella erythraea Gray (= *Mopsea erythraea* Klunz.), (430, pl. xxviii, fig. 10), *variabilis*. Brit. East Africa, sp. n., (431, pl. xxviii, figs. 3-9), THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

Xenia antarctica (19, pl. i, fig. 4, pl. v, figs. 22-24), *uniserta* (22, pl. i, fig. 5, pl. vi, figs. 25-29) **spp. n.**, KÜKENTHAL, Wiss. Ergebn. D. Tiefsee-Expedn., 13, i.—X., note on species (410); *umbellata* Savigny, variation (411); *quinqeserta* May (= *umbellata* Savig. var. ?); *membranacea* Schenk; *coerulea* Ehrenberg; *ternatana* Schenk, var. *elongata*, nov. (412); *rigida* sp. n., Brit. East Africa (413), THOMSON and HENDERSON, London, Proc. Zool. Soc., 1906.

ZOANTHARIA.

Zoantharia, GREENE, Contribution to Indiana palaeontology, Parts 1-3, Volume 2. New Albany, Ind., 1906, (1-38, pls.).

(Hexactinida, embryogénie, rapports morphologiques avec les Octanthides, le Scyphistome des Méduses, et le Tetracorallia, FAUROT, Paris, C.-R. Acad. Sci., 141, (778, 779).)

†Studies on early stages in Paleozoic corals, GORDON, Amer. J. Sci., New Haven, Conn., 21, (109-127).

†Corals, Bathonian, St. Gaultier, Koby, Abh. Schweiz. Pal. Ges., 38, No. 4, (61. 4 pls.).

Litharaea distans **sp. n.**, Cretaceous, East Galicia, FELIX, Zs. D. Geol. Ges., **58**, (43, fig. 3, pl. iii).

Lithostrotion cyathophylloides **sp. n.**, Co. Dublin, VAUGHAN, London, Q. J. Geol. Soc., **62**, (319, pl. xxx, figs. 1, 1a and 1b).

Lophophyllum proliferum, septal development; DÜRDEN, Ann. Mag. Nat. Hist., London, **18**, (299); *L. frechi*, **sp. n.**, Mid-Cambrian, Shantung, China, LORENZ, Berlin, Zs. D. Geol. Ges., **58**, (91, pl. 6, fig. 7).

Madracis interjecta **sp. n.**, Red Sea, (name only), v. MARENZELLER, Wien, Anz. Ak. Wiss., **1906**, (55).

Madrepora galapagensis **sp. n.**, VAUGHAN, Cambridge, Mass., Bull. Mus. Comp. Zool. Harvard Coll., **50**, (63, pl. i, fig. 2, pl. ii., fig. 1).

Metridium marginatum, reproduction by fragmental fission, HAMMATT, Amer. Nat., **40**, (583-591, pl.); *M. m.* dimorphism and regeneration, HAHN, J. Exp. Zool., **2**, (225-235).

†*Michelinia indianensis* **sp. n.**, BEEDE, Indiana, Rep. Dept. Geol. Nat. Res., **30**, (1201-1218, 1 pl.).—*M. geometrica* E. H., SIEMIRADZKI, Wien, Beitr. Pal. Geol. OestUng., **19**, (213-286).

†*Microsolenia contorta* **sp. n.**, Bathonian, St. Gaultier, Koby, Abh. Schweiz Pal. Ges., **33**, No. 4, (54, pl. ii, figs. 17-18).

Montipora erythraca **sp. n.** (named only), Red Sea, v. MARENZELLER, Wien, Anz. Ak. Wiss., **1906**, (85).

Montlivaultia cossmanni **sp. n.**, Bathonian, St. Gaultier, Koby, Abh. Schweiz Pal. Ges., **33**, No. 4, (21, pl. iv, figs. 21, 22).

†*Mussa (Isophyllia) dipsacea* var. *aster* var. **n.**, *M. rosula* **sp. n.**, VERRILL, New Haven, Conn., Trans. Acad. Arts Sci., **12**, (141-300).

Notophyllia recta **sp. n.**, DENNANT, Adelaide, S. Austr., Trans. R. Soc., **30**, (163, pl. v, fig. 4).

†*Orbicella mellahica* **sp. n.**, (52–53, pl. vi, figs. 3, 4); *schweinfurthi* (53, fig. 5); *defrancei* (54, fig. 6); Miocene, Egypt, GREGORY, Geol. Mag., London, **3**.—*O. benoisti* **sp. n.**, Bathonian, St. Gaultier, Koby, Abh. Schweiz Pal. Ges., **33**, No. 4, (23, pl. ii, fig. 10).

Paracyathus vittatus **sp. n.**, DENNANT, Adelaide, S. Austral., Trans. R. Soc., **30**, (156, pl. v, fig. 3).

†*Pleurocora angelisi* **sp. n.**, Kreideformation Ost-Galiziens, FELIX, Berlin, Zs. D. geol. Ges., **58**, (47, pl. iii, fig. 2).

†*Pleurosmilia benoisti* (14, pl. i, figs. 20–25); *impressa* (15, figs. 17–19), **spp. n.**, Bathonian, St. Gaultier, Koby, Abh. Schweiz Pal. Ges., **33**, No. 4.

Pocillopora, intrapolyal tentacles, DUERDEN, Ann. Mag. Nat. Hist., London, **17**, (466–474).—*P. diomedea* **sp. n.**, VAUGHAN, Cambridge, Mass., Bull. Mus. Comp. Zool. Harvard Coll., **50**, (65, pl. ii, fig. 2, pl. vi, fig. 1).

†*Polymorphastraea* **gen. n.**, prov. in *Amphiastraeidae*, (16), *variabilis* **sp. n.** (17, pl. i, figs. 1–14), Bathonian, St. Gaultier, Koby, Abh. Schweiz Pal. Ges., **33**, No. 4.

Porites; Indo-Pacific forms, historical remarks (3), morphology of skeleton (12), living polyp (22), affinities and diagnosis of genus (24), distribution in space and time (25), general catalogue (25–246), analytical tables of results (248–293), BERNARD, 1905, (pls. i–xxxv).—*P.* West Indian and Atlantic forms; historical remarks (3), morphology (12), metameric growth (20), general catalogue [together with European fossil forms and forms from no recorded locality] (25–107), analytical tables of results (129–143), BERNARD, 1906, (pls. i–xvii).—*P. paschalensis* **sp. n.**, VAUGHAN, Cambridge, Mass., Bull. Mus. Comp. Zool. Harvard Coll., **50**, (71, pls. ix–x).

†*Prionastraea lyonsi* **sp. n.**, Miocene, Egypt, GREGORY, Geol. Mag., London, **3**, (58, pl. vii, fig. 10).

†*Proplasmoporinae* sub. fam. n. for *Plasmoporella*, KIAER, Kristiania, Skv. Vid. Selsk., 1903, No. 10, (48).

†*Protaracinae* sub. fam. n. for *Protrochiscolithus*, *Trochiscolithus* and *Protaraea* (= *Coccoseris*), KIAER, T.c. (49).

†*Protrochiscolithus* **gen. n.** hypoth., (perhaps for *Heliolites parasitica*), KIAER, L.c.

Rhizophyllum robustum **sp. n.** (548–550, pl. xxvi, figs. 1–6 and 19); *yassense* (fig. 7); *australe* (figs. 8, 23, 24); *interpunctatum* (figs. 9–18, 20–22); exothecal processes of the genus (550–552), SHEARSBY, Geol. Mag., London, **3**.

†*Sclerosmilia bathonica* **sp. n.** Bathonian, St. Gaultier, Koby, Abh. Schweiz. Pal. Ges., **33**, No. 4, (13, pl. i, figs. 15, 16).

Solenastraea elliptica **sp. n.** Miocene, Egypt, GREGORY, Geol. Mag. London, **3**, (54–55, pl. vii, fig. 11).

Sphenotrochus emarciatus, var. *perexigua* var. nov., DENNANT, Adelaide, S. Austral., Trans. R. Soc., **30**, (151).—*S. gilchristi* **sp. n.** S. Africa, GARDINER, Cape Town Marin. Invest., **3**, (98, Pl. i, fig. 1, a–g).

†*Stephanocoenia oolitica* **sp. n.** Bathonian, St. Gaultier, Koby, Abh. Schweiz. Pal. Ges., **33**, No. 4, (11, pl. ii, figs. 21, 22).

†*Stylina tetramera* **sp. n.**, Miocene Egypt, GREGORY, Geol. Mag., London, **3**, (55–56, pl. vi, fig. 7).

†*Stylococenia tuberculata* **sp. n.** Miocene Egypt; GREGORY, T.c. (57, pl. vii, figs. 9, a–b).

Stylopora erythraea **sp. n.** (name only), Red Sea, v. MARENZELLER, Wien, Anz. Ak. Wiss., 1906, (85).

†*Thamnarea globosa* **sp. n.** Bathonian St. Gaultier, Koby, Abh. Schweiz. Pal. Ges., **33**, No. 4, (55, pl. ii, figs. 15, 16).

†*Thamnastraea gaultierensis* **sp. n.** Bathonian St. Gaultier, Koby, Abh. Schweiz Pal. Ges., **33**, No. 4, (40, pl. ii, figs. 11–14).—*T. grassa, profunda* **spp. n.** Kotel Bulgaria, BAKALOW, Centralbl. Min., 1905, (482).

†*Thecoseris dollfussi* (43, pl. iv, fig. 8), *benoisti* (44, figs. 13–16), *cossmanni* (45, fig. 17), **spp. n.**, Bathonian, St. Gaultier, Koby, Abh. Schweiz Pal. Ges., **33**, No. 4.

†*Thecosmilia dclawayi* **sp. n.** Bathonian St. Gaultier, Koby, T.c., (22).

†*Trematotrochus helleyi* **sp. n.**, DENNANT, Adelaide, S. Austral., Trans. R. Soc., **30**, (152, pl. v, fig. 1).

†*Trochocyathus petterdi* **sp. n.**, DENNANT, T.c. (153, pl. v, fig. 2).—*T. rawsonii* (Pourtalès) skeleton, (100–103, pl. i, figs. 2, a, b, and pl. ii, figs. A–K); soft parts (124); *cincticulatus* (Alcock) (103, pl. ii, fig. 2); GARDINER, Cape Town, Marini. Invest., **3**.

†*Trochosmia plani alpici* Cretaceous S.E. France, REPELIN, Ann. Mus., Marseille, **10**, (13, pl. i, figs. 1–7).

Turbinaria tenuis **sp. n.** (name only), Red Sea, v. MARENZELLER, Wien, Anz. Ak. Wiss., **1906**, (85).

Zoanthella galapagoensis **sp. n.** Galapagos Isds., HEATH, Zool. Anz., **30**, (171–175).

Zoanthus shackletoni, Ceylon, HERDMAN, London, R. Soc. Rep. Pearl Oyster, **5**, (141).

Zaphrentis phillipsi Ed. and H., sequence of septa; CARRUTHERS, Ann. Mag. Nat. Hist., London, **18**, (360, pl. ix,

figs. 1–6).—*Z. cf. phillipsi* (314, fig. 13); *Z. aff. emiskillenii* (315, pl. xxix, fig. 2), VAUGHAN, London, Q. J. Geol. Soc., **62**.—*Z. pusilla*, septal development; DUERDEN, Ann. Mag. Nat. Hist., **18**, (237).—*Z. aff. cornucopiae*, mut. C.; SIBLY (366), London, Q. J. Geol. Soc., **62**.—†*Z. cf. intermedia*, Carboniferous, Hungary, FRECH, Földt. Közl., **36**, (28, 131, pl. ix, fig. 4).—*Z. catactus* **sp. n.**, GREENE, Contributions to Indiana Palaeontology **2**, pt. 3.—*Z. scitulus* and *labyrinthicus*, **spp. n.**, GREENE, T.c. pt. 1.—†*Z. zebra* **sp. n.** Palaeozoic, South Africa, SCHWARZ, Grahamstown, Cape Colony, Rec. Albany Mus., **1**, (360, pl. vii, fig. 12).

CTENOPHORA.

Coeloplana, regarded as a highly-specialized Ctenophore; ABBOTT, Science, **23**, (524).

Dogielia **gen. n. malayana** **sp. n.** Malayischer Archipel, PEDASCHENKO, St. Peterburg, Trav. Soc. nat., **37**, (175–188, Taf. i–iii); deutsch. Rés. (201–211).

V. ECHINODERMA

ARRANGED BY

A. D. IMMS and others.

CONTENTS.

	PAGE
CORRIGENDA to Zoological Record, 1904, 1905	4

I. TITLES .. .	5
----------------	---

II. SUBJECT INDEX :—

Comprehensive and General = 1003 :—

1. Historical and Folklore	18
2. General Treatises, Textbooks, etc.	18
3. Bibliography	18
4. Pedagogy	18
5. Museums	18
6. Technique.. .. .	18

Structure = 1007	19
--------------------------	----

(a-h, refer to the Classes as under 1031, and each Class is sub-divided as follows:—)

1. General accounts
2. Symmetries
3. Homologies of classes
4. Skeletal tissue
5. Skeletal anatomy
6. Hydrocoel and appendages, Respiratory organs
7. Other body-cavities and their contents
8. Digestive system. Cuvierian organs
9. Nervous system and sense-organs
10. Mesodermal tissues (exc. skeletal)
11. Axial organ
12. Generative organs and gonads

Physiology = 1011 :—

1. General	21
2. Circulation	Vacant
3. Respiration	21
4. Alimentation and Digestion	Vacant
5. Excretion and Secretion.. .. .	21
6. Sensation	21
7. Miscellanea and Experimental Physiology	21

Development = 1015 :—

1. General principles	Vacant
2. General accounts.. .. .	22
3. Formation of gonads	22
4. Oviposition, Fertilisation, Segmentation	22
5. Larval stages	22
6. Organogeny, 4-12, as under 1007	22
7. Post-larval growth-stages	22
8. Developmental mechanics and Experimental bryology	Em- 23

(a-h, refer to the Classes as under 1031)

Ethology = 1019 :—

1. General accounts	24
2. Special habits	Vacant
3. Habitat	24
4. Feeding	24
5. Defence and Protection	24
6. Locomotion	24
7. Autotomy and Regeneration	24
8. Parasites and Commensals	24
9. Protection of young	24
10. Sexual Dimorphism	Vacant
11. Relation to other animals, as food, etc.	25
12. In Geological Aspect	25
13. Phaenology	Vacant

Variation and Aetiology = 1023 :—

1. Variation in form and surface characters	25
2. Variation in colour	25
3. Variation, meristic, numerical	25
4. Variation, meristic, homoeotic	Vacant
5. Variation, teratological.. .. .	25
6. Variation, bionomic	25
7. Variation, mutational	26
8. Evolution, general principles	26
9. Evolution, relations to other Phyla	26
10. Evolution, phylogenetic, of smaller groups	26

Distribution = 1027:—

A. Geographical:—

i. General	26
ii. Atlantic Ocean and adjacent Seas . . .	26
iii. Indian Ocean and adjacent Seas .. .	27
iv. Pacific Ocean and adjacent Seas .. .	27
v. Arctic Ocean and adjacent Seas .. .	27
vi. Antarctic Ocean and adjacent Seas .. .	27

B. Geological:—

i. General	27
ii. Cainozoic:	
(a) General	28
(b) Pleistocene	28
(c) Pleiocene	28
(d) Meiocene	28
(e) Oligocene	29
(f) Eocene	29
iii. Mesozoic:—	
(a) General	29
(b) Cretaceous (1. Upper. 2. Lower) .. .	29
(c) Jurassic (1. Upper. 2. Middle. 3. Lower)	30
(d) Lias (including Rhaetic)	30
(e) Trias	31
iv. Palaeozoic:—	
(a) General	31
(b) Permian	Vacant
(c) Permo-Carboniferous . . .	31
(d) Upper Carboniferous. . .	31
(e) Lower Carboniferous. . .	31
(f) Devonian	31
(g) Silurian	32
(h) Ordovician	32
(k) Cambrian	32
(l) Pre-Cambrian	Vacant

III. TAXONOMY AND SYSTEMATIC INDEX = 1031:—

A. Echinoderma, general	32
B. Holothurioidea	32
C. Echinoidea	33
D. Asteroidea	46
E. Ophiuroidea	50
F. Crinoidea	50
G. Cystidea and Edrioasteroidea . . .	54
H. Blastoidea	54
K. Incertae Sedis	55

N.B. !—The numbers and letters prefixed to the items of the Contents are used for the cross-references to the Subject and Systematic Indices given at the end of each Title-entry, except that the number 10 . . . , denoting Echinoderma, is dropped to avoid needless repetition.

CORRIGENDA in recent issues of Zoological Record,
Echinoderma.

Record for 1904, Vol. XLI.

P. 7.—(9) ANDERSSON, K. A. Date of publication should be 1905.

Record for 1905, Vol. XLII.

P. 9.—(8) Airaghi, Carlo. Atti Mus Milano, xlv, is an error in author's reprint for xlv.

P. 62.—*Cidaridae*. The genera mentioned do not belong to this family.

P. 69.—*Lamprochinus* n. g. of Temnopleuridae, not of Cidaridae.

P. 71.—*Orechinus* n. g. of Temnopleuridae.

P. 74.—*Pygmaeocidaris* n. g. of Arbaciidae.

I.—TITLES.

Ahlburg, Johannes. Die Trias in Südlichen Oberschlesien. Berlin, Abh. Geol. Landesanst., (N.F.), **50**, 1906, (1-164, Taf. i-vi). M 8. [27, B, iii, e].

II.—SUBJECT INDEX.

N.B.—For full Reference, go to Titles.

COMPREHENSIVE AND GENERAL.

1003

1. Historical and Folklore.

History of discovery of Echinothuriidae; **Schurig**, (293).

History of name *Calveria*; **Bather**, **1**.

Sphaerechinus granularis "dit l'oursin rascasse des pêcheurs provençaux"; **Briot**, **3**.

Holaster planus in flint used as polisher in Can pignyan period; **Perot**.

2. General Treatises, Textbooks, &c.

General account, *Echinoderma*, esp. recent, with figs.; **MacBride**, **2**.

General popular account, Echinoderms at Port Erin; **Herdman**, **1**, (90-94, figg.).

3. Bibliography.

List of works on recent Echinoderms published in 1894, with abstracts and subject-index; **Bergmann**.

Works on *Asteroidea*, chiefly Pacific, with notes; **Fisher**, **3**, (1120).

Works on development of *Ast. ovum*; **Tennent and Hogue**.

4. Pedagogy.

See 1007, 2 and 5.

5. Museums, Collections, &c.

British Museum, Geol. Dept., Exhibit of *Echinoidea Irregularia* from White Chalk; **Sherborn**.

Aquarium with asteroid and *Cucumaria frondosa*; **Derjugin**, (pl. ii).

6. Technique.

Staining and fixation for nerve corpuscles in *Hol.* skin; **Polara**, **3**.

Deleterious effect on *Hol.* of formol and acetic acid; **Vaney**, **3**, (1).

Preparation of body-wall for study of spicules, *Cucumariidae*; **Woodland**, (534, 551).

Staining *Ech. ova intra vitam*; **Fischel**, **2**, (535).

Preservation, decalcification, and staining recent *Echinothuriidae*; **Schurig**.

Staining, decalcification, conservation, for nerve-system *Ast*; **Meyer**, (96-100, and passim).

Fixation and staining oocyte *Antedon*; **Chubb**, **2**, (449).

Photography of recent *Ech.*; **Doederlein**, **2**, (64).

Radiography of fossil Clypeastroids; **Lambert**, **1**, (57).

Röntgen rays expose internal pillars of fossil *Mellita* (fig.), *Clypeaster*, *Amphiope*; **Branco**, (18).

Method of collection and biometry of *Pentremites*; **Smith**, (1220).

Technical terms in description of *Asteroidea*, glossary; **Fisher**, **3**, (1118).

STRUCTURE. 1007

(a-h refer to the Classes, as under 1031).

a. General.

2. Symmetries.

Metamerism and polymerism in relation to life of Echinoderms; **Lehmann**.

b. Holothurioidea.

1. General.

Anatomy. *Holothuria nigra* (561-567, figs.) and general *Hol.*; **MacBride**, 2.

Inner anatomy *Synapta minuta* adult and young; **Becher**, (507).

Pelagothuria; **Herouard**, 3.

2 and 3. Vacant.

4. Skeletal tissue.

Spicules of *Cucumaria*, *Thyone*; **Woodland**, (pl.).

Spicules *Synapta minuta*, *Labidoplax*; **Becher**, (506).

5 and 6. Vacant.

7. Other body-cavities and their contents.

Contractile rosettes in body-cavity, *Synapta*, *Rhabdomolgus*; **Becher**, (508).

Brown bodies of *Hol.*, contents, pigment; **Briot**, 1.

8. Vacant.

9. Nervous system and sense-organs.

Central nervous system, *Synapta*; **Bochenek**.

Cutaneous nerves and sense-cells of *Holothuria*; **Polara**, 2.

Russo's corpuscles and podia modified as sense-organs, *Holothuria*; **Polara**, 3.

Sense-cells, distrib. in tegument, *Mesothuria*, *Cucumaria*, *Synapta*; **Retzius**, (figs.).

(N-9720 m)

10. Mesodermal tissues exc. skeletal.

Connective tissue, pigment, and general integument of *Holothuria*; **Polara**, 2.

Integument, esp. scleroblasts, *Cucumaria*; **Woodland**.

11 and 12. Vacant.

c. Echinoidea.

1. General anatomy.

Echinus esculentus (504-529, figs.), and general *Ech.*; **MacBride**, 2.

Macroscopic and microscopic anat. of skeleton and internal organs of *Phormosoma*, *Hygrosoma*, and *Sperosoma*, comparison with *Asthenosoma*; **Schurig**.

2. Symmetries.

Proposed new notation for genital plates; **Séguin**, 1, 2.

Notation of rays, Loven's method preferred to Séguin's; **Lambert**, 4.

3 and 4. Vacant.

5. Skeletal anatomy.

Test, *Phormosoma*, *Hygrosoma*, *Sperosoma*; **Schurig**, (308).

Ambulacra, pore-groupings, compound plates; **Valette**, 2.

Floscelle and phyllodes, definition, origin; **Lambert**, 1, (29).

Radioles, esp. poisonous, histology; sphaeridia; pedicellariae, in *Echinothuridae*; **Schurig**, (300-306).

Pedicellariae, structure, differences, distribution, taxonomic value; **Doederlein**, 2, (65-81, 90, et passim).

Pedicellariae, number, attachment, *Paracentrotus*, *Arbacia*, *Sphaerechinus*, *Spatangus*; **Henri & Kayalof**.

6. Hydrocoel and appendages, Respiratory organs.

Podia, *Phormosoma*, *Hygrosoma*, no suckers, no mouth-tentacles; **Schurig**, (306).

7. Other body-cavities and their contents.

Perivisceral fluid, contents; **Henri**.

8. Digestive system and its appendages.

Jaw apparatus (314), Stewart's organs (324), *Echinothuridae*; **Schurig**.

9. Nervous system and sense-organs.

Nerves of pedicellariae; **Kiernik**.

10. Mesodermal tissues exc. skeletal.

Integument, *Echinothuridae*; **Schurig**, (313).

Histology of pedicellariae, esp. muscles, *Paracentrotus*, *Parechinus*; **Kiernik**.

11. Dorsal organ.

Echinothuridae; **Schurig**, (329).

12. Generative organs and gonads.

Living ovum, protoplasm a homogeneous viscid matrix containing granules and oil globules; its chemical composition, *Arbacia*; **Mathews**, 2.

d. Asteroidea.**1. General anatomy.**

Asterias rubens (432-452, figs.) and general *Ast.*; **MacBride**, 2.

2. Symmetries.

Hexactinic associated with pentactinic in *Stellosphaera*; **Koehler & Vaney**, 1 & 2.

3. Vacant.**4. Skeletal tissue.**

Plates of *Sphaerites*; **Schoendorf**, 2 (296, fig.).

5. Skeletal anatomy.

Structure of *Sphaerites* (or *Sphaeraster*); **Schoendorf**, 1 and 2 (figs. and pls.).

6, 7, 8. Vacant.**9. Nervous system and sense-organs.**

Histology of actinal nerve system, *Asterias rubens*, also gland-cells, sense-cells, and dorsal peritoneal epithelium; **Meyer**.

Epithelial glands, *Echinaster*, *Cribrella*; **Barthels**.

10. Mesodermal tissues exc. skeletal.

Histology various muscles connected with nerve-system *Asterias*; **Meyer**.

11. Vacant.**12. Generative organs and gonads.**

Living ovum of *Asterias* (cf. c. 12); **Mathews**, 2.

Relations of polar bodies, chromosomes, and centrosome in ova and sperm-ova of *Asterias*; **Tennent & Hogue**.

e. Ophiuroidea.**1. General anatomy.**

Ophiothrix fragilis (478-491, figs.) and general *Oph.*; **MacBride** 2.

2, 3, 4. Vacant.**5. Skeletal anatomy.**

Radial plates of *Ophiothrix*, articulated to vertebrae (vide 1011, 3); **MacBride** 1.

6-12. Vacant.**f. Crinoidea.****1. General anatomy.**

Antedon rosacea (= *bifida*); **MacBride**, 2 (581-589, figs.)

2 and 3. Vacant.**4. Skeletal tissue.**

Mg CO₂, 11.72%, organic matter 22% in cirri and arms of alcoholic *Metaer*; **Nichols**, (49).

5. Skeletal anatomy.

Tegmen of *Onychocrinus*, migration of radial in *Ichthyocrinidae*, 1BB of *Calpiocr.*, 1Br of *Flexibilia*, anal area of *Flexibilia* and perisomic plates generally; **Springer**.

6. Vacant.**7. Other body-cavities and their contents.**

Coelom, general account; **Hamann** (1495).

8. Digestive system.

Gut, general account; **Hamann** (1502).

9 and 10. Vacant.**11. Axial organ.**

General account; **Hamann** (1496)

12. Generative organs and gonads.

General account; **Hamann** (1505).

Ovary *Antedon* (450), so-called "yolk-cells" (451), oogonia (451), oocyte (452-492); **Chubb**, 2.

g. Cystidea.**5. Skeletal anatomy.**

Pores in test of *Aristocystis*; **Bather**, 4, (10).

h. Blastoidea.**1. Skeletal anatomy.**

Oral septa in *Pentremites*; **Smith** (1235, pl. 47).

PHYSIOLOGY. 1011

1. General.

Cell-metabolism, oocyte of *Antedon*; **Chubb**, 2.

2. Circulation.

Vacant.

3. Respiration.

Forced respiration by movement of radial plates, *Ophiothrix*; **MacBride**, 1.

4. Alimentation and Digestion.

Vacant; but see 1019, 4.

5. Excretion and Secretion.

Mucus secreted on irritation of skin differs in *H. poli* from *H. tubulosa*: Pigment in skin of *Holothuria*, uranidine; **Briot**, 2.

Action of poison radioles in *Echinothuridae*; **Schurig** (301).

Skin glands, *Echinaster*, *Cribrella*; **Barthels**.

6. Sensation.

Cutaneous epithelium and pigment cells as a diffused sense-organ for perception of light, *Holothuria*. **Polara** 2: cf. **Polara**, 3.

7. Miscellaneous and Experimental.

Action of light on motion of *Asterias*; **Bohn**.

Action of temperature on development of *Ech.*; **Marcus**.

Geotropism of larvae, see 1015, 5, c.; **Lyon**, 2.

Movements of pedicellariae; **Henri** & **Kayalof**.

Phagocytosis by amoebocytes of perivisceral fluid in *Paracentrotus* and *Sphaerechinus*; **Cernovodeanu** & **Henri**.

Perivisceral fluid of Spatangoids, by coagulating, forms patches to mend small punctures in tube of intestine; **Henri**: Also stops small holes in test, in *Echinus*, *Parechinus*, *Paracentrotus*; **Cuénot**.

Green fluorescence in alcohol extract of *Holothuria* integument; **Dubois**.

Function of Stewart's organs in *Echinothuridae*; **Schurig**.

DEVELOPMENT. 1015

1. General principles.

Vacant; but see 1015, 8.

2. General Accounts.

a. General account of development of *Echinoderma*; **MacBride**, 2, (601-621, figs.).

f. Ditto, *Crinoidea*; **Hamann** (1512-1537).

3. Formation of gonads.

f. Formation and growth of oocyte and yolk-nucleus, *Antedon*; **Chubb**, 2.

4. Oviposition, fertilisation, segmentation.

Fertilisation, *Arbacia*; **Ariola**.

Attraction of ova for spermatozoa neither specific nor chemotropic; **Drago**.

Individuality of *Ech.* ova, those of same individual responding differently to stimuli; **Delage**, 2.

Sperm-ova and their segmentation, *Ophiothrix*; **MacBride**, 1.

Segmentation, *Arbacia*, *Echinus*, *Strongylocentrotus*; **Fischel**, 2, (526).

5. Larval stages.

a. Various larvae in plankton; **Gough**.

Larvae in Plankton, North Sea; **Conseil internat.**, 1, 2 & 3.

Plankton, Murman Sea; **Derjugin**, (104, 161).

Bipinnaria and *Pluteus*; **Delap**, 1, (5).

b. Young of *Synapta*, with contractile rosettes; **Becher**, (508).

Larvae of *Elasipoda*, probably *Elpidiinae*, descr.; **Herouard**, 2, (9).

c. Parthenogenetic *Paracentrotus* raised in 1 month to Echinoid with 2 pedicellariae; **Delage**, 2.

Ech. blastulae and gastrulae always come to top of water, geotropism; **Lyon**, 2.

d. *Bipinnaria* of *Luidia sarsi*, growth of young to 95 mm. diam.; **Delap**, 2, (15).

Larva of *Stellosphaera*, 2 stages; **Koehler & Vaney**, 1 & 2.

e. Early stages, *Ophiothrix*, right hydrocoel; **MacBride**, 1.

6. Organogeny.

b. Development of spicules in *Cucumariidae* and *Synapta*; **Woodland**, (figs., pls.).

c. Symmetry, bilateral, first visible in Gastrula with mesenchyme, but foreshadowed in stage with 2 precocious micromeres. In a half blastomere larva the median plane is at right angles to the original median plane, i.e. the primitive groove. Dispersing destroys bilaterality; **Driesch**, 1 and 2.

Development of pedicellariae in *Echinothuridae*; **Schurig**, (306, fig.).

d. Skin glands, *Echinaster*, *Cribrella*; **Barthels**.

7. Post-larval growth-stages.

b. Growth-stages of *Cucumaria*, corresponding to *Ocnus*, *Cucumaria*, and *Semperia*; **Herouard**, 2, (12).

Increase of pigment and other changes in integument of spp. of *Holothuria* with age and change of habitat; **Polara**, 2.

c. Development of *Hemicidaris crenularis* from 2 mm. to 35 mm. diameter; **Séguin**, 1 & 2.

Characters of young *Echini* in general (211), *Sterechinus horridus*, 8 mm. diam. (222); **Doederlein**, 2.

d. Young of numerous Hawaiian *Ast.*, for list of genera see 1027, A, iv; **Fisher**, 3.

Young of *Crossaster alternatus*; **Fisher**, 4, (134).

Young of *Anasterias tenera* descr.; **Koehler**, 5, (17, pl.).

f. Young of *Dizyopocr.* (1252), increase of basals with growth in *Talarocr.* (1262); **Beede**.

h. Development of *Pentremites conoides* from specimens 0.82 mm. long to adults 22 mm. long, detailed measurements and curves, comparison with young *Codaster*; **Smith**.

8. Developmental Mechanics and Experimental Embryology.

Reply to Herbst 119. Zool. Rec. 1904; **Schücking**.

Factors determining arrangement of chromatin and form of nucleus in oocyte, *Antedon*; **Chubb**, 2, (492).

Polarity of ovum, *Paracentrotus*; **Garbowski**.

Development of bilateral symmetry in *Echinus microtuberculatus*; **Driesch**, 1 & 2.

In *Echinus* number of primary mesenchyme cells conforms to that of mother, uninfluenced by sperm; **Peter**.

Osmosis and entrance of spermatozoa in *Arbacia*; **Ariola**.

Lack of oxygen or prevention of oxidation by KCN prevents disintegration of ova after membrane-formation, *Strongylocentrotus*; **Loeb**, 2 & 5.

Lack of oxygen prevents toxic effects of hypertonic solutions on *Ech.* ova; **Loeb**, 4.

Chemical aspect of fertilisation; in *Strongylocentrotus* absence of free oxygen or addition of potassium cyanide check segmentation, more carbon dioxide formed by fertilised ova than by unfertilised; **Loeb**, 6.

Effects of compression and want of oxygen on maturation, fertilisation, and segmentation of ova and sperm-ova, *Asterias*; **King**.

Sperm-ova *Arbacia* and *Asterias* more susceptible to cyanides just before and during segmentation; **Mathews**, 1.

Separation of *Arbacia* ovum-material into 4 layers by centrifugalizing; fertilization; development of sperm-ovum normal, except for pigmentation; **Lyon**, 1.

Mere shaking, without rise of temperature, does not retard segmentation

of sperm-ova in *Arbacia* and *Asterias*; **Whitney**.

In segmentation, acid formation increases with number of nuclei; **Loeb**, 7.

Action of neutral salts on development of ova and sperm-ova, influence of acids and alkalies; **Loeb**, 8.

Effect of carbon dioxide on segmentation of ova and sperm-ova of *Asterias*; **Tennent & Hogue**.

Influence of temperature on segmentation of *Strongylocentrotus* sperm-ova; its dependence on relation of nucleus to plasma; **Marcus**.

Artificial Parthenogenesis.—

Demands free oxygen in the hypertonic sea-water, *Strongylocentrotus*; **Loeb**, 3.

Adjuvant effect of manganese, cobalt, nickel; **Delage**, 2.

Ova of *Strongylocentrotus* stimulated to develop by sperm of *Mytilus*, *Chiton*, *Asterias*; **Kupelwieser**.

Hybridisation.—

Sphaerechinus granularis, *Strongylocentrotus lividus*, *Echinus microtuberculatus* ova and enucleated fragments of ova fertilised by *Antedon* sperm; **Godlewski**.

Hybrid larvae in various combinations of *Arbacia*, *Sphaerechinus*, *Echinus*, *Strongylocentrotus*; **Fischel**, 1.

Experimental study of hybrid larvae of *Strongylocentrotus lividus*, *Echinus microtuberculatus*, and *Sphaerechinus granularis*, esp. effect of temperature on stereom-formation in larvae of hybrids and parents, comparison with results of Vernon, 1900, and general discussion of bearing on heredity; further experiments by influencing sperm or ova, to discover respective effect on transmission of male and female characters; **Herbst**, 1.

Experiments with hybrid and parthenogenetic larvae of *Strongylocentrotus*, *Sphaerechinus*, esp. in relation to stereom-formation, to determine conditions of appearance of the mother-characters; **Herbst**, 2.

ETHOLOGY AND BIONOMICS.

1019

1. General accounts.

Bionomics of recent *Echinoderma* treated generally and in detail (passim); **MacBride**, (2).

Popular account; **Manger**.

Mode of life of *Sphaerites*, reef-dwellers; **Schoendorf**, 2, (300).

General account, recent *Crin*; **Hamann**, (1542).

2. Special habits.

Vacant.

3. Habitat.

Habitat of various Echinoderms changed by Vesuvian eruption, e.g., *Synapta* found in Plankton; **Lo Bianco**.

Young of certain *Holothuria* in deep water, adults migrate to shallow; **Polara**, 2.

Oozy bottom, use of funnel-shaped radioles in *Echinothuridae*; **Doflein**, (255, 269).

Deep sea forms, e.g., *Pourtalesia*, *Echinothuridae*, in depths of 100-200 m.; **Doflein**, (252).

4. Feeding.

Mode of feeding and food of *Pelagothuria*; **Kemna**.

Food of various spp. Hawaiian *Ast.*, for list of genera see 1027, A, iv.; **Fisher**, 3.

Pentaceros, *Astropecten*, and *Luidia* feed on *Margaritifera vulgaris*; **Herdman**, 2 & 3.

Feeding of larvae, *Ophiothrix*; **MacBride**, 1.

5. Defence and Protection.

Poison and poison glands in *Ast. Ech. Hol.*, compilation; **Faust**, (229, 230).

All four kinds of pedicellariae poisonous; effect on various animals, none on *Hol.*, *Ast.*, or frogs; **Henri & Kayalof**.

Protection of gut by coagulation of coelomic fluid in *Ech.*; **Henri**: ditto and protection of test; **Cuénot**.

Skin glands, *Echinaster*; **Barthels**.

6. Locomotion.

Floating and movement of *Pelagothuria*; **Kemna**.

Locomotion of *Asterias*; **Bohn**.

Swimming by podia, *Luidia*; **Fisher**, 3, (1035).

7. Autotomy and Regeneration.

Regeneration, general speculations illustrated by arm of *Antedon* and ovum of *Strongylocentrotus*; **Przibram**.

General account in *Crinoidea*; **Hamann**, (1538).

Autotomy of *Antedon* under change of temperature and during fall of ashes; **Lo Bianco**, (94, 101).

8. Parasites and Commensals.

Cystobia chiridotae, gregarine in body-cavity and blood-vessels of *Chiridota pellucida*; **Dogiel**.

Turbellarian *Anoplodium* in gut and body-cavity of *Holothuria*; **Briot**, 3.

Turbellarian *Syndesmis* in gut of *Paracentrotus* and *Sphaerechinus*, difference of colour according to host; **Briot**, 3.

Parasitic Trematode in gut of *Phormosoma indicum*; **Schurig**.

Five gastropods, *Stylifer*, on *Stereocidaris*, inducing malformation; **Doederlein**, 2, (115, pl.).

Petrolestes patagonicus, Anomurous decapod commensal *Asteracanthion helianthus*; **Bouvier**, 1.

Philichthys, copepod in ovary of *Amphiura squamata*; **Herouard**, 4.

Myzostoma ectoparasite on *Pentacr*; **Reichensperger**.

9. Protection of young.

Care of brood in *Cucumaria lateralis* and *Psolus granulosus*; **Vaney**, 3, (3).

Young in body-cavity of *Synapta minuta*; **Becher**, (508).

Protection of young, *Anasterias tenera*; **Koehler**, 4 & 5, (16)

Protection of young in *Antedon*; **Hamann**, (1537).

10. Sexual Dimorphism. Vacant.

11. Relation to Other Animals, as Food, &c.

As food of fish—of *Pleuronectes platessa*, *Echinocyamus*; of *P. limanda*, *Ophioglypha*, *Ophirra*; **Johnstone**, (243–246).

Oph. as food of young *Luidia*; **Delap**, 2, (15).

Pearl oyster attacked by *Ast.* (vide 4); **Herdman**, 2 & 3.

12. In Geological aspect.

Effect of ashes from Vesuvius; kill *Sphaerechinus*, *Arbacia*, *Strongylocentrotus*, *Dorocidaris* by clogging madreporite, not *Echinocyamus* and others; kill *Luidia*, not other *Ast.* or *Oph.*; kill *Holothuria*, not *Phyllophorus* or *Synapta*; kill *Antedon*; **Lo Bianco**.

Geological history of Echinoderms esp. in N. America, (see reff. under 1027, B); **Weller**.

Crin. fragments, stereom replaced by magnetite, Lower Devonian; **Cayeux**.

Calcarei ad echini, Langhian, Mt. Carpegna, N. Italy; **Chelussi**.

Echinoderm fragments as components of Turonian chalk; **Hill** in **Burnet**, (213, pl. 18).

Echinoderm breccia in Bajocian, Kientaleralps; **Gerber**, (71).

Cystid Limest., *Sphaeronis*, *Echinospaera*; **Hedström & Wiman**, (104, 109).

See also **Nichols**.

13. Phaenology.

Vacant; but see references to Plankton larvae, 1015, 10, and 527, A.

VARIATION AND AETIOLOGY.

1023

1. In form and surface-characters.

Form and tuberculation, *Sphaerechinus granularis*, *Strongylocentrotus lividus*; **Checchia**, 2, (92).

Absence of lateral fasciole from some specimens of *Linthia oblonga*; **Gregory**, (249).

Variations in spp. Hawaiian *Ast.*, for list of genera see 1027, A, iv; **Fisher**, 3.

2. In colour.

Colour in life of spp. Hawaiian *Ast.*, for list of genera see 1027, A, iv; **Fisher**, 3.

3. Meristic: numerical.

Variation in numbers of primibrachs, *Forbesioer.*, *Taxoer.*; **Springer**, (489).

4-rayed and 6-rayed *Pentremites godoni*, 4-rayed *Taxoer.*; **Springer**, (489).

In *Crinoidea*, general account; **Hamann**, (1549).

4. Meristic: homoeotic.

Vacant.

5. Teratological.

Abnormal formation of dorsal organ in *Phormosoma indicum*; **Schurig**, (334).

Two gonopores on madreporite, *Centrostephanus longispinus*; **Checchia**, 2, (88).

In radial of *Symbathoer*; **Beede**, (1262).

In *Crinoidea*, general account **Hamann**, (1549).

6. Bionomic.

Variation in occurrence of pedicellariae in same species of Echinoid, different locc.; **Doederlein**, 2, (93, 94).

Variation of gonads of *Ech.* according to loc.; **Fischel**, 1, (501).

Ambulacral pores of *Echinocorys* reduced in forms immersed in ooze; **Fourtau**, (152).

Variability in occurrence of Stewart's organs in *Echinothuridae*; **Schurig**, (294).

Dwarfing of *Pentremites* in a certain area, biometrically studied, causes discussed; **Smith**, (1237).

7. Mutational.

Mutation of *Discoidea cylindrica*; **Bosworth**.

Mutational varr. *Echinocorys scutatus*; **White & Treacher**.

Developmental and specific variation in *Pentremites conoideus* biometrically studied and contrasted; **Smith**.

8. Evolution, general principles.

Convergence in external characters between spp. of *Anasterias* and *Diplasterias*; **Koehler**, 4 & 5.

Principles governing evolution of Echinoderms, esp. in N. America (see reff. under 1027B); **Weller**.

Evolution of anal structures, of brachials, and of perisomic plates in *Crinoidea Flexibilia*, relative value of different characters; **Springer**, (494).

9. Evolution: relations to other Phyla.

Relations of *Echinoderma* to hypothetical *Protocoelomata* and to *Hemichordata*, and origin of Classes; **MacBride**, 2, (616-623).

10. Evolution: phylogeny of smaller groups.

Phylogeny of Holothurians; **MacBride**, 2, (578).

Suggested origin of *Pelagothuria*; **Kemna**.

Relationships of main Echinoid groups, *Cidaridae*, *Echinothuriidae*, *Diadematina*, *Saleniidae* & *Arbaciidae*, *Echinina*, *Irregularia*, (81), phylogenetic relations genera of *Echinidae*, (203); **Doederlein**, 2.

Echinothuriidae allied to *Diadematae* rather than to *Cidaridae*; **Schurig**, (342).

Evolution and classification of Cretaceous - Tertiary Spatangids; **Lambert**, 8, (108).

Evolution of *Schizaster*, *Brissus* and allies; **Fourtau**, (143); **Lambert**, 8, (123).

Phylogeny and classification of *Crinoidea Flexibilia*; **Springer**, (493).

Descent of *Pentremites* from *Codaster*; **Smith**, (1235).

DISTRIBUTION 1027

A. GEOGRAPHICAL.

i. General.

Bipolarity objected to; **Vaney**, 3; **Koehler**, 2.

Geogr. Distrib. *Echinoderma*, general and bathymetric; **Trouessart**, (236).

Bathymetric, of *Pelagothuria*; **Herouard**, 3.

Ech. of Valdivia Exped. from Atlantic, Cape Colony, Antarctic and Subantarctic, Sumatra, Nicobars and Maldives, E. Africa, with spp. nn. under *Linthia*, *Schizaster*, *Marettia*, *Prionechinus*, *Stereocidaris*, and numerous varr. nn., gen. nn. *Protocentrotus*, *Meijerea*; **Doederlein**, 2, (271-277, et passim).

ii. Atlantic Ocean and adjacent seas.

North Sea, southern part, *Echinoderma* collected by the "Wodan." **Tesch**.

N. Sea, Danish Seas, Plankton, larvae; **Conseil internat**, 1, (190).

Skagerak, Plankton, *Luidia* larva (36), Danish seas, *Ophiopluteus* and *Spatangus* larva (40), Belgian seas, *Oph.* larvae (48); **Conseil internat**, 2.

Skagerak, *Ech.* larva (63), N. Sea, various larvae (69, 82, 88), English Channel, *Oph.* larva (76); **Conseil internat**, 3.

Helgoland, *Synapta minuta* sp. n.; **Becher**.

N. Atlantic, *Pelagothuria* sp. n.; **Herouard**, 3.

Luce Bay, Wigtonshire, *Solaster*, *Ophiura*, *Astropecten*, *Asterias*, *Echinus*, *Echinocyamus*, *Thyone*, *Cucumaria*; Fishguard Bay, Milford Haven, *Ophiura*, *Asterias*, *Echinus*; **Johnstone**.

Irish coast, plankton, various larvae and young *Oph*; **Gough**, (12, 22, 34, 36, 50, 52).

Ireland, Valencia, *Bipinnaria* of *Ast.* and *Pluteus*; **Delap**, 1. (5): *Luidia* larva; **Delap**, 2, (15).

Mediterranean, Sicily littoral, list of *Ech.*, esp. spp. of *Centrostephanus*,

Psammechinus, *Arbacia*, *Sphaerechinus*, *Strongylocentrotus* [*Paracentrotus*], *Brissopsis*, *Echinocardium*; **Checchia, 2.**

W. Africa, Mauritania coast, *Echinometra subangularis* and spp. n. of *Patiria*, *Holothuria*; **Koehler & Vaney, 3.**

Madeira, 1968 m., *Gephyrocer*; **Albert.**

Azores, probably 2,000–3,000 m., *Stellosphaera* gen. n. *Ast*; **Koehler & Vaney, 1 & 2.**

iii. Indian Ocean and adjacent seas.

Red Sea, Arabia, *Echinus*, *Clypeaster*, *Echinanthus*, *Echinodiscus*, and *Temnopleurus* sp. n., *Stellaster*, *Asterina*, *Linckia*, and *Astropecten* sp. n., *Amphiura*, *Ophionereis*, *Ophiothrix*, *Ophiopsammium*, *Ophiothela*; **Koehler, 3.**

Ceylon, Echinoderm fauna compared with Maldives and others; **Herdman, 3,** (438, 442, 446).

iv. Pacific Ocean and adjacent seas.

Japan, various Echinoderms (157, 189–191, 203, 251); **Doflein, 2**; list of *Ech.* and spp. of *Solaster* and *Asterias*; **Doflein, 1.**

Japan, Suruga B., *Enypniastes*; **Mitsukuri.**

Japan, coasts, spp. of *Strongylocentrotus* 1 sp. n. 1 var. n., *Pseudocentrotus*, *Glyptocidaris*, *Anthocidaris*; **Doederlein, 1.**

Hawaiian Is., from shore to 1000 fm., monograph of *Ast.*; spp. n. of *Astropecten*, *Ctenophoraster* n., *Tritonaster* n., *Psilaster*, *Psilasteropsis* n., *Dipsacaster*, *Patagiaster* n., *Luidia*, *Pseudarchaster*, *Cheiraster*, *Mediaster*, *Nereidaster*, *Pentagonaster*, *Tosia*, *Astroceramus* n., *Calidderma*, *Calliaster*, *Gilbertaster* n., *Ecoplosoma* n., *Antheniaster*, *Pentaceros*, *Asterodiscus*, *Ophidiaster*, *Leiaster*, *Anseropoda*, *Henricia*, *Asthenactis* n., *Pteraster*, *Hymenaster*, *Benthaster*, *Zoroaster*, *Coscinasterias*, *Hydrasterias*, *Odinia*, *Brisinga*; also *Goniodiscides* nom. nov., *Archaster*, *Linckia*, *Echinaster*, *Valvaster*, *Mithrodia*; discussion of faunistic relations; **Fisher, 3.**

California, Monterey B., spp. n. of *Astropecten* & *Alexandraster*; **Fisher, 2.**

California, spp. n. of *Astropecten*, *Luidia*, *Henricia*, *Crossaster*, and *Rathbunaster* gen. n.; **Fisher, 4.**

Oregon, sp. n. of *Henricia*; **Fisher, 4.**

v. Arctic Ocean and adjacent seas.

White Sea, Solowetzki Id., *Hol.*, *Ech.*, *Ast.*, *Oph.*, bathymetric note on *Ophioglyphia*, *Asteracanthion*; **Stieren, (271, 292).**

Murman coast, Ekaterin harbour Echinoderm fauna, list of various references; **Derjugin, (90, 94, 97, 105, 148).**

Bering Sea, spp. n. of *Leptychaster*, *Crossaster*; **Fisher, 4.**

vi. Antarctic Ocean and adjacent seas.

Charcot Exped., Echinoderms, popular; **Turquet.**

Charcot Exped.; **Koehler, 2**: spp. n. of *Anasterias*, *Diplasterius*, *Granaster*, *Odontaster*, and gen. nn. *Ripaster*, *Cryaster*, also spp. of *Labidiaster*, *Porania*, *Ophionotus*, *Echinus*, *Arbacia*; **Koehler, 4**: the same with *Ophionotus* sp. n.; **Koehler, 5.**

South Orkneys. Scotia B., *Thyone* spp. n.; **Vaney, 1.**

Charcot Exped., Carthage B., Biscoe B., and Wandel Id. spp. n. of *Synallactes*, *Cucumaria*, *Psolus*; **Vaney, 2 and 3.**

General discussion, Antarctic *Hol.* fauna, no bipolar spp.; **Vaney, 3, (25).**

Belgica coll. spp. of *Mesothuria*, *Rhipidothuria*, *Peniagone*, *Cucumaria*, *Psolidium*, *Psolus*, *Trochostoma*, *Sigmodota*, and *Elasipod* larvae; **Herouard, 2.**

B. GEOLOGICAL.

i. General.

Geol. Distrib. of *Echinoderma* **Trouessart, (178).**

General palaeontology of *Crin*; **Hamann, (1551).**

Geology of France, Lists of fossils (passim), figs. of *Clypeaster*, *Diademopsis*, *Toxaster*, *Clypeus*, *Encrinurus*; **Fritel.**

Caucasus, summary of stratigraphy with lists of fossils, many *Ech.* and *Crin.*; **Oswald.**

Madagascar, lists of *Ech.* and *Crin.* from Cretaceous and Tertiary, *Aerosalenia*, *Cardiaster*, *Cidaris*, *Conoclypeus*, *Cyphosoma*, *Echinanthus*, *Epiaster*, *Euspatangus*, *Fibularia*, *Fibulina*, *Guetaria*, *Hemiaster*, *Infulaster*, *Isaster*, *Isopneustes*, *Lampadaster*, *Menuthiaster*, *Micraster*, *Noetlingia*, *Peltastes*, *Schizaster*, *Apioer.*, *Encrinurus.*, *Pentacr.*; **Lemoine.**

ii. Cainozoic.

a. General.

Tertiary, Piedmont, lists of *Ech.* and *Crin.* in Bartonian (896), Helvetian (905), Plaisancian (911); **Sacco.**

Sinai and Egypt, spp. of *Echinolampas* (1 sp. n.), *Phyllacanthus*, *Echinus*, *Toxopneustes*, *Echinometra*, *Heterocentrotus*, *Fibularia*, *Laganum*, *Echinodiscus*, *Clypeaster*, *Brissus*, ? *Schizaster*, *Lovenia*; **Gregory.**

Tertiary, N. Madagascar, *Ech.* (vide 1027, B, i); **Lemoine.**

Spicules of *Hol.* figd., = crystalloids of Jukes-Browne & Harrison, from Barbados, London, Q. J. Geol. Soc., 48, 1892, (178); also of Sorby from W. Java; and of Ehrenberg from Egypt and Lebanon; **Haupt.**

California, lists of fossils including *Echinoidea*; **Arnold**, (12, 19, 22, 23, 24, 27, 28, 30, 33).

b. Pleistocene.

Salustro, Catania, *Amphiura*, radiole of *Cidaris*; **Scalia.**

Nantucket, *Strongylocentrotus*; **Wilson.**

Near Tokyo, *Temnopleurus*, *Laganum*, *Echinarachnius*, *Fibularia*; **Tokunaga.**

c. Pliocene.

Barcelona, *Brissopsis* sp. n., spp. of *Cidaris*, *Clypeaster*, *Schizaster*; Anvers, Italy, Algeria, *Schizaster* spp. n.; Italy, *Brissopsis* sp. n.; W. Africa, *Hemiheliospis* gen. et sp. n.; **Lambert, 8.**

Tuxtepec division, Sta. Maria Tatetla, Mexico, *Encope tatetlaensis* sp. n.; **Boese, 1** (71) and **2** (5).

d. Miocene.

Sardinia, *Clypeaster* sp. n.; **Lambert, 2.**

Calabria, *Clypeaster*, *Echinolampas*, *Schizaster*; **Lojacono.**

Barcelona and Minorca, spp. n. of *Dorocidaris*, *Schizechinus*, *Scutella*, *Tripneustes*, *Clypeaster*, *Echinolampas*, *Opissaster*, *Schizaster*, spp. of *Cidaris*, *Psammechinus*, *Amphiope*, *Milletia*, *Pericosmus*, *Brissopsis*, *Trachyspatangus*, *Prospatangus*; also various locc. spp. of *Leiocidaris*, *Psammechinus*, *Echinolampas*, *Schizaster*; **Lambert, 8.**

Upper,—Gourbesville (Manche), *Echinocyamus*; **Dollfus.**

Upper Mediterranean beds, Budapest, *Goniaster*, *Cidaris*, *Echinus*, *Psammechinus*, *Clypeaster*, *Echinolampas*, *Spatangus*, *Echinocardium*, *Hemiaster*, *Schizaster* varr. nn.; **Vadász.**

Middle,—near Turin, *Cidaris*, *Diadema*, *Arbacina*, *Hipponoz*, *Echinocyamus*, *Clypeaster*, *Brissopsis*, *Schizaster*, *Pericosmus*, *Spatangus*, *Heterobrissus*, *Pentacrinus*, *Antedon*, *Conocrinus*, *Actinometra*; **Bellini.**

Helvetian, of Mt. Titano, Repubblica di S. Marino, *Cidaris*, *Psammechinus*, *Clypeaster*, *Scutella*, *Echinolampas*, *Pliolampas*, *Linthia*, *Pericosmus*, *Spatangus*, *Hypsospatangus*, *Eupatagus*; **Nelli.**

Burdigalian, Molasse, Vence, spp. of *Leiocidaris*, *Scutella*, *Clypeaster*, *Echinolampas*, *Tristomanthus*, *Opissaster*, *Pericosmus*, *Schizaster*, *Moiria*, *Brissoides*, *Maretia*, *Prospatangus*, *Echinocardium*, several new; see also *Gregoryaster* gen. n., *Hypsoclypus*, *Heteroclypeus*; **Lambert, 1.**

Burdigalian, Andalusia, Spain, *Clypeaster*; **Douvillé, R.** (105–133).

Langhian, Mt. Carpegna, N. Italy, *Cidaris* (274), Mozzano, *Toxopatagus* (296); **Chelussi.**

Miocene and Oligocene [?] Cserhát, Bakony, *Clypeaster*, *Conoclypeus*, *Scutella*, *Echinolampas*, *Hemipatagus*; **Noszky.**

e. Oligocene.

Upper,—Entrerian of Patagonia, *Monophora*; **Ameghino** (255–258).

Middle,—Schönebeck, Hinterpommern *Psammechinus*: **Picard**.

f. Eocene.

Apennine Flysch, *Hol.* imprints, *Lorenzina*; **Simonelli**.

Tropical E. Africa, distrib. of *Ech.*; **Chautard**.

Lutetian, Senegal, *Plagiopygus*; **Meunier**, 2.

Upper Lutetian, near Vich, Catalonia, Spain, list of *Ech.*; **Almera**, 1 and 2.

Lower Lutetian, N. France, *Marelia*; **Leriche** (402).

Patagonian, discussion of age on basis of *Ech.* fauna, *Isechinus*, *Schizaster*, *Platypygus*, *Iheringina*, *Hyppechinus*, *Linthia*, *Psammechinus*, *Monophora*, *Cidaris*, *Goniocidaris*, *Echinopodina*, also *Antedon*; **Ameghino** (168).

iii. Mesozoic.**a. General.**

L'Yonne, spp. of *Aerosalenia*, *Plesiosalenia*, *Perisalenia*, *Polygoniopygus*, *Diademopsis*, *Hemipodina*, *Phalacrope-dina*, *Codiopsis*, *Diplopodia*, *Pseudoplopodia*; **Valette**, 2.

Kientaleralps, fragmentary Echinoderms, *Cidaris*, *Pentaer.*; **Gerber** (passim).

Aralo-Caspian region, Great and Little Balkhan and Krasnovodsk peninsula, *Ech.* (60, 129), *Toxaster* (82), *Cidaris* (127), *Metaporrhinus* (131), *Millerier*. (131–134), *Holaster* (137); **Andrusov**.

b. Cretaceous.

Jerusalem, *Holactypus*, *Codiopsis* (37), *Echinobrissus*, *Cyphosoma* (38); **Blanckenhorn**.

N. Madagascar, *Ech.* (vide 1027 B, i); **Lemoine**.

1. Upper Cretaceous.

White Chalk, England, range of spp. of *Echinocorys*, *Conulus*, *Discoidea*, *Ha-*

genovia, *Hemias-ter*, *Holaster*, *Cardiaster*, *Offaster*, *Micraster*, *Epiaster*, *Insulaster*; **Sherborn**.

Devonshire, *Crin.* and *Ech.*, *Micraster*, *Holaster*; **Clayden** (48, 49).

Near Brunswick, *Holaster*, *Pseudodia-dema*, *Discoidea*; **Wollemann**.

Moravia, *Cidaris*, *Echinocorys*, *Pentaer.*; **Remeš**, 1.

Andalusia, Spain, *Echinocorys*, *Discoidea*, *Echinoconus* (fig.), *Hypsaster*, *Pedinopsis*, *Enallaster*, *Hemias-ter*, *Holaster*; **Douvillé**, R, (76–78, 173).

Egypt, *Orthopsis*, *Rhabdocidaris*, and spp. n. of *Platoxaster* gen. n., *Echino-brissus*, *Echinocorys*, *Linthia*; **Fourtau**.

Tropical E. Africa, distrib. of *Ech.*; **Chautard**.

Echinoderms esp. N. America; **Chamberlin & Salisbury**, (iii, 186, fig.).

Cerro de Muleros, Chihuahua, Mexico, locc. and horizons of *Ech.*; **Boese**, 3, (5, 7, 8, 17, 18, 19, 24).

Upper Danian, Aquitaine, *Cidaris*, *Echinocorys*, *Balanoer.*, *Bourquetier*; **Douvillé**.

Danian, Djebel Tar, Tripoli, *Hemi-aster chargensis*, and spp. n. of *Discoidea*, *Catopygus*, *Pygorhynchus*; **Krumbeck**.

Upper Senonian or ?Maestrichtian, E. Madagascar, *Epiaster*, *Hemias-ter*, *Noetlingia boulei* sp. n.; **Lambert** in **Boule & Thévenin**.

Senonian, Norfolk, *Epiaster*, *Micraster*, *Echinoconus*, *Echinocorys*, *Cardiaster*, *Stegaster*, *Cidaris*, *Cyphosoma*, *Goniaster*, *Pentaer.*; **Brydone**.

Senonian, Carnaby, Yorksh., *Cardi-aster*, *Echinocorys*; **Sheppard**.

Senonian, London Basin, range and locc. of spp. of *Cidaris*, *Cyphosoma*, *Echinocorys*, *Conulus*, *Epiaster*, *Helicodiadema*, *Ilagenovia*, *Micraster*, *Offaster*, *Calliderma*, *Metopaster*, *Pentaceros*, *Pentagonaster*, *Ophira*, *Bourquetier.*, *Marsupites*, *Pentaer.*, *Uintaer*; **Treacher & White**.

Senonian, Berkshire, phosphatic chalk, spp. of *Cidaris*, *Helicodiadema*, *Echino-corys*, *Micraster*, *Offaster*, *Metopaster*, *Marsupites*, *Uintaer.*, *Bourquetier.*, *Pentaer.*; **White & Treacher**.

Upper Senonian, Grimme bei Löcknitz, *Caratomus avellana*, *Echinoconus roemeri*, and common Echinoids; **Schumann & Leonhard**.

? Senonian, Eure-et-Loire, France, *Pentaceros* sp. n.; **Meunier, 1**.

Senonian, Venetia, *Paronaster* gen. n., *Lampadocorys*; **Airaghi**.

Upper Senonian, Roca, Rio Negro, *Hemiaster*; **Burckhardt**.

Senonian, Pondoland, S. Africa, *Cidaris*, *Hemiaster*, and spp. n. of *Pseudodiadema*, *Cardiaster*, *Cassidulus*; **Woods**.

Upper Turonian, Lincolnshire, *Holaster*, *Echinocorys*, *Micraster*, *Cidaris*, *Infulaster*, *Cyphosoma*, *Galerites*, *Goniaster*; **Burnet**.

Turonian, Tarahuna, Tripoli, *Salenia*, *Orthopsis*; **Parona**.

Turonian, Algeria and Charentes, *Linthia* spp. n.; **Fourtau**.

Cenomanian and Turonian, Sinai and Abu Roash, spp. n. of *Heterodiadema*, *Acanthechinopsis* n., *Micropedina*, *Cyphosoma*, *Thylechinus*, *Coptosoma*, also spp. of *Holactypus*, *Galerites*, *Nucleolites*, *Hemiaster*, *Linthia*; **Gregory**.

Cenomanian, England, zones characterised by *Holaster subglobosus*, *H. trecensis*; horizons of spp. of *Cidaris*, *Echinocyphus*, *Discoidea*; **Bosworth**. See also **Jukes-Browne**.

Cenomanian, Cap de la Hève, *Pentacr.*, *Cidaris*, *Salenia*, *Galerites*; **Combes**.

Cenomanian, S. Tunis, *Heterodiadema*; **Pervinquière**.

Albian, "Gault," Luitere Zug, Switzerland, *Epiaster*, *Holaster*, *Catopygus*, *Discoidea*, *Peltastes*, *Diplopodia*; at Lochwald, *Hemiaster*; **Jacob and Tobler**.

2. Lower Cretaceous.

Echinoderms, esp. N. America; **Chamberlin & Salisbury** (iii, 135, fig.).

Barremian, Alpes-Maritimes, *Plegiocidaris* sp. n.; **Savin & Lambert**.

Lower Valanginian, Germany, various loc., *Pentacr.* columnals; **Harbort**.

c. Jurassic.

Jurassic, Black Hills, Wyoming and Dakota, *Pentacr.*, and spp. n. of *Ophiaster* n. and *Cidaris*; **Whitfield & Hovey**.

1. Upper Jurassic.

Gap, France, *Cidaris*; **Haug & Kilian**.

Tithonian, Stramberg, list of *Crin.* and *Ech.*; **Remeš, 2**.

Lower Tithonian, Mürtirol, Engadine, *Pentacr.*, *Phyllocr.* cf. *oosteri*; **Zoeppritz**, (199).

Weisser Jura, distrib. of *Sphaerites*; **Schoendorf, 2** (298).

Sequanian, zone of *Oppelia tenuilobata*, Bavaria, *Stomechinus*, *Holactypus*, *Cidaris*, *Rhabdocidaris*, *Collyrites*; **Wanderer** (512, 514, 516, 518).

Sequanian of Tatahouine, S. Tunis, *Pygurus*, *Aeropeltis*, *Monodiadema*; **Pervinquière**.

Kimmeridgian or Rauracian, Safi, Morocco, *Cidaris*, *Aeropeltis*; **Gentil & Lemoine**.

2. Middle Jurassic.

Gap, France, *Cidaris*; **Haug & Kilian**.

Callovian of Baume-les-Dames (Doubs), *Collyrites*, *Echinobrissus*, *Holactypus*, *Pygurus*, *Rhabdocidaris*, *Stomechinus*, *Millerier.*; **Petitclerc**.

3. Lower Jurassic.

Bathonian, Belfort, Franche-Comté, *Pseudodiadema*, *Stomechinus*, *Hemipedina*; **Maire**.

Lower Bathonian, Alpes Maritimes, *Acrosalenia* sp. n.; **Lambert & Savin**.

d. Lias (including Rhaetic).

Dorset, lists of *Echinoidea*; **Woodward & Ussher**.

Ubaye, Aveyron, *Pentacr.*; **Haug & Kilian**.

Toarcian near Mâcon, *Pentacr.*, *Cidaris*; **Lissajous**.

Lower Lias, S.E. Rheinpfalz, *Pentacr.*; **Renz**.

Sinemurian, Engadine, *Millerier.*, *Pentacr.* in Steinsberger Kalk (191) in Fleckenmurgel (193, 196); **Zoeppritz**.

Rhaetic, Kössener Schichten, Engadine, *Crin.*, *Ech.*; **Zoeppritz**, (189).

e. Trias.

Echinoderms esp. N. America; **Chamberlin & Salisbury**, (iii, 57).

Silesia, *Encr.*, *Entrochus*, *Dadoer.*, *Aspidura*, *Cidaris*, *Radiolus*; **Ahlburg**.

Raiblian, incl. Pachycardientuff and other beds of S. Tirol, *Cidaris*, *Encrinus*; **Koken**.

IV. Palaeozoic.

a. General.

Europe, America, Australia, *Botryoer.*, *Baryer.*, *Cosmoer.*; **Bather**, 3.

b. Permian.

Vacant.

c. Permocarboniferous.

Near Forni Avoltri, Carinthia, *Cyathoer.*, *Poterioer.*; **Gortani**, 1.

Gerrington, N.S.W., *Tribrachioer.*, *Phialoer.*; **Dun**.

d. Upper Carboniferous.

Echinoderms, esp. N. America; **Chamberlin & Salisbury**, (ii, 617, fig.).

Middle Ouralian?, Forca Pizzul, Carnic Alps, *Archaeocidaris* sp. n.; **Vinassa de Regny & Gortani**, **Gortani**, 2.

Upper Coal Measures, S.E. Kansas, *Cerioer.*, *Erisocr.*, *Hydreionoer.*, *Phialoer.*, *Archaeocidaris*; **Beede & Rogers**.

Upper Red Wall Limest., White River canyon, S.W. of Fort Apache, Gila Co., Arizona, *Cerioerinus*, *Archaeocidaris*; **Reagan**, 1 (239, pl.).

Red Wall Limest., Rocky Mts., *Archaeocidaris*; **Reagan**, 2.

e. Lower Carboniferous.

Echinoderms, esp. N. America, **Chamberlin & Salisbury**, (ii, 519, fig., 522, fig., 526, 530, fig.).

Upper Carboniferous Limest., Rouken Glen, Glasgow, *Poterioerinus*, *Pisocerinus* [*sic*], *Archaeocidaris*; **Macnair**, (373, 375, 393).

Lower Carboniferous Limest., Cannock Chase, Staffordsh., *Archaeocidaris*, *Crin.*; **Cockin**.

Carboniferous Limestone, Westleigh, Devon, *Crin.*; **Clayden** (48).

Zaphrentis zone, Bristol, *Ascoer.*; **Bather** in **Hind**, (173): co. Dublin, *Actinoer.*, *Platyer.*; **Bather** in **Matley** (296).

Altenberg and Katzenlöcher, Hungary, large *Crin.* columnals (29), Bosnia, *Poterioer.* (43); **Frech**.

Nebraska, List of *Ech.* and *Crin.*, *Archaeocidaris*; **Barbour** (127).

Bangor Limest., Cole City, Georgia, *Pentremites* sp. n.; **Schuchert**.

Warsaw group, Salem Lst., Indiana, *Batoer.*, *Dizygoer.*, *Platyer.*, *Poterioer.*, *Ichthyoer.*, *Dichoer.* with *D. blatchleyi* sp. n., *Talaroer.*, *Symbathoer.*, *Pentremites*, *Metablastus*, *Tricoeloer.*, *Archaeocidaris*, *Ilo.* spicules; **Beede**.

Kinderhook, Glen Park Limest., Jefferson Co., Mo., *Actinoer.*, *Agaricoer.*; **Weller**.

Glenwilliam Carboniferous series, N. of Clarence Town, N.S.W., *Metablastus?*, *Actinoer.*; **Taylor**.

f. Devonian.

Echinoderms, esp. N. America; **Chamberlin & Salisbury**, (ii, 456, fig., 459, 464, fig., 470, fig.).

Middle Devonian, Oberste Lenneschiefer, Westphalia, spp. n. of *Rhipidoer.* & *Rhenocr.*, also *Cupressoer*; **Schmidt**.

Taunusian, Cornwall, large *Crin.* columnals and *Lodanella*; **Green & Sherborn**.

Upper Devonian, Cashaqua horizon, Interlaken, N.Y., *Helianthaster*; **Clarke**, 2 (37).

Portage beds, Naples fauna, Ontario Co., N.Y., *Meloer.*, *Scytalocr.*, *Taxocr.*; **Clarke**, 1 (346, 348, 364).

Hamilton group, New York, *Hypsoer.* gen. n.; **Springer & Slocum**.

Lower Devonian, E. New York, locc. and horizons of spp. of *Melocr.*, *Aspidocr.*, *Homocr.*, *Mariaer.*, *Platyer.*, *Brachioer.*, *Coronoer.*, *Dietyoer.*, *Lepadoer.*; **Grabau** (135, 155, 320-323).

Falkland Is., Port Louis South, Crinoid stems like those from Bokkeveld beds figd. Sharpe 1856, pl. xxv, f. 24, also *Crin.* stems from W. Falkland, Hope Point; **Newton** (256).

g. Silurian.

Echinoderms, esp. N. America; **Chamberlin & Salisbury** (ii, 400, fig.).

Podolia, *Glyptocr.*, *Cyathocr.*, *Phacites*, *Entrochus*, *Crotaloer.*, *Cupressoer.*; **Siemiradzki**.

Upper Burma, *Crin.* fragments; **Reed** (93).

Ekwan R. (248), Fawn R. (277), Keewatin, Canada, *Crin.* fragments; **Whiteaves**, 1.

Upper,—S. E. New York, Manlius Lst., *Homocr.*, *Camarocr.*; **Grabau** (319).

h. Ordovician.

Echinoderms, esp. N. America; **Chamberlin & Salisbury** (ii, 357, fig.).

Bala Limest., Caermarthen, *Echino-sphaerites*, *Glyptocr.* (634), Redhill beds, *Hemicosmites*; **Evans** (639).

Russia, distrib. of spp. and mutations of *Glyptocystis*, *Asteroblastus*, *Mesites*, *Echinoener.*, *Asteroer.*, *Haploer.*?, *Pentacr.*?, *Cyathocr.*?, *Cheiroer.*, *Bolboporites*; **Lamansky** (79, 171, 178).

Öland, *Sphaeronis*, *Glyptocystis*, *Echino-sphaera*; **Hedström & Wiman** (104, 106, 108).

Upper,—Nyaungbaw beds, Yemeyé Upper Burma, *Seyphocr.*, *Camarocr.* sp. n.; **Reed** (86, 88); **Holland**.

Lower,—Naungkangyi beds, Upper Burma, spp. nn. of *Aristocystis*, *Helioer.*, *Caryoer.*, *Protoer.*; **Bather**, 4: discussion of age (84), spp. indett. of *Echinoener.*, *Cheiroer.*, *Caryoer.*, *Helioer.*, *Echino-sphaerites*; **Reed**: *Aristocystis*; **Holland**.

Chazy Formation, New York and Canada, lists of *Cystidea*, *Bolboporites*, *Blastoidocrinus*; **Raymond** (passim).

k. Cambrian.

Cystids, *Eocystis*, esp. N. America; **Chamberlin & Salisbury** (ii, 286, fig.).

Middle,—Nevada, *Eocystis*; **Pack**.

III. TAXONOMY AND SYSTEMATIC INDEX. 1031

A. ECHINODERMA, GENERAL.†

Physiol. criteria of spp., vide sub *Holothuria*; **Briot**, 2.

Pelmatozoa in 5 Classes: *Crinoidea*, *Thecoidea*, *Campoidea*, *Cystoidea*, *Blastoidea*; **MacBride**, 2.

B. HOLOTHURIOIDEA.

Holothurian spicules?; **Beebe** (1270 pl. xix).

Allantis, maintained; **Herouard** 2 (6).

Chiridota laevis; **Derjugin** (90, 149).
— *C. pellucida*, parasitic gregarine; **Dogiel**.

Cucumaria sp., Port Charcot, descr.; **Vaney**, 3 (19).—*C. antarctica* sp. n. various locc. shore to 110 m., Charcot exped.; **Vaney**, 2, Bul. Muséum Paris, 1906 (404): descr., one young; **Vaney**, 3 (6, pl.).—*C. attenuata* sp. n. 20-40 m., Carthage B.; **Vaney**, 2, Bul. Muséum Paris, 1906 (404); described, and young; **Vaney**, 3 (10, pl.).—*C. brunnea*; **Woodland** (535).—*C. caligera*; **Derjugin** (148).—*C. communis*; **Östergren**.

† A dagger prefixed to the trivial name of a species indicates that it is fossil; prefixed to the name of the author, it denotes that the reference is to the species in a fossil state; prefixed to the name of a genus, it indicates that all species of the genus here recorded are fossil, and the † is therefore not repeated before each name. The abbreviations *l. c.* and *op. cit.* refer only to the place or work quoted immediately before.

When a name and reference are quoted without further statement [*e.g.* *Ankyroderma danielsseni*; **Herouard** (127)], further information can usually be gleaned from the cross-references under **TITLES**.

—*C. frondosa*; DERJUGIN (pl. ii, 90, 91, 148).—*C. grandis* sp. n. Wandel Id. shore; VANEY, 2, Bul. Muséum Paris, 1906, (405): descr.; VANEY, 3 (12).—*C. irregularis* sp. n., 40 m., Carthage B.; VANEY, 2, Bul. Muséum Paris, 1906 (405): descr.; VANEY, 3 (14, pl.).—*C. lactea*; RETZIUS (fig.).—*C. laevigata*, juv., descr.; HEROUARD, 2 (12, pls.).—*C. lateralis* sp. n., various locc., shore to 110 m., Chareot. Expéd.; VANEY, 2, Bul. Muséum Paris, 1906 (405): descr.; VANEY, 3 (15, pl.).—*C. leonina*, descr., ontogeny; HEROUARD, 2 (11, pls.).—*C. plani*; JOHNSTONE (239).—*C. turqueti* sp. n., Biscoe B., 40 m.; VANEY, 2, Bul. Muséum Paris, 1906 (406): descr.; VANEY, 3 (18, pl.).

Eupniastes eximia, plate reproduced by three-colour process after a water-colour sketch from life; MITSUKURI.

Eupyrus scaber; DERJUGIN (149).

Holothuria arguinensis sp. n., Mauritania coast; KOEHLER & VANEY, 3, Bordeaux, Actes soc. linn., 60 (62, pls.).—*H. atra*; HERDMAN, 3 (447).—*H. elleri*, POLARA, 2. — *H. forskali*; DUBOIS: POLARA, 2.—*H. impatiens*; BRIOT, 2.—*H. neillii*; ÖSTERGREN.—*H. nigra*, anat.; MACBRIDE, 2 (561).—*H. poli*; POLARA, 2 and 3: BRIOT, 3: physiol. distinction fr. *H. tubulosa*; BRIOT, 2.—*H. stellati*; LO BIANCO (94, 98).—*H. tubulosa*; BRIOT, 2 and 3: POLARA, 2 and 3: LO BIANCO (94, 98).

Labidoplax discussed; BECHER (506).

†*Lorenzinia apenninica* Gabelli; similar imprints descr., probably *Hol.* aff. *Pelagothuria*; SIMONELLI, (fig.).

Mesothuria, discussed (5), diagnosed (6): *M. bifurcata*, descr. (4, pl.); HEROUARD, 1.—*M. intestinalis*; RETZIUS, (fig.).—*M. murrayi*; HEROUARD, 2, (6).

Myriotrochus rinki; DERJUGIN (149).

Pelagothuria, general discussion; KEMNA: affinities, distrib.: *P. bonriieri* sp. n. N. Atlantic, 31° N. 42° W., surface, descr., anat.; HEROUARD, 3, Bull. Mus. Monaco, 60: BOUVIER, 2, (p. 496, fig. 15).

Peniagone vignoni, descr.; HEROUARD, 2, (8, pls.).

Phyllophorus communis, synonymy: *P. drummondi*; *P. pellucidus*, synonymy; ÖSTERGREN.—*P. urna*; LO BIANCO (98).

(N-9720 m)

Pseudocucumis cucnoti, syn. of *P. mixta*; *P. mixta*, synonymy; ÖSTERGREN.

Psolidium convergens (Her. sub *Cucumaria*), descr., relations to *Scmperia*; HEROUARD, 2, (13, pls.).

Psolus antarcticus, measured; VANEY, 3, (21).—*P. belgicae*, descr.; HEROUARD, 2, (14, pls.).—*P. charcoti* sp. n. 110 m., Biscoe B.; VANEY, 2, Bul. Muséum Paris, 1906, (406): descr.; VANEY, 3, (21, pl.).—*P. fabricii*; DERJUGIN, (94, 149).—*P. granulatus* sp. n., Wandel Id., shore; VANEY, 2, Bul. Muséum Paris, 1906, (407): descr.; VANEY, 3, (23, pls.).—*P. phantapus*; DERJUGIN, (119).—*P. segregatus* sp. n. for *P. squamatus* var. *segregatus* R. Perr.; VANEY, 3, Expéd. antarct. franç. sci. nat. Documents sci. (Paris), 1906, (27 pl.).

Rhabdomolgus ruber; BECHER, (509).

Rhipidothuria racovitzi, descr.; HEROUARD, 2, (7, pl.).

Sigmodota studeri, fragments, HEROUARD, 2, (15).

Synallactes sp., Biscoe B., descr.; VANEY, 3, (5).—*S. carthagei* sp. n., 40 m., Carthage B.; VANEY, 2, Bul. Muséum Paris, 1906 (403): descr.; VANEY, 3, (3, pl.).

Synallactinae, tentacular ampullae; HEROUARD, 2, (7).

Synapta sp.; BOCHENEK—*S. buski*; RETZIUS, (fig.).—*S. digitata*; BECHER, (508).—*S. inhaerens*; BECHER, (509); WOODLAND, (556): in plankton, LO BIANCO, (85).—*S. minuta* sp. n. Helgoland; BECHER, Zool. Anz., Leipzig, 30, (505).

Thyone fusus; WOODLAND, (550).—*T. portlocki*; ÖSTERGREN.—*T. scotiae* sp. n. (400, figs.), *T. turricata* sp. n. (401, fig.), S. Orkneys, shore; VANEY, 1, Bul. Muséum Paris, 1906.

Thyonidium commune, *T. dubeni*; ÖSTERGREN.

Trochostoma antarcticum, descr.; HEROUARD, 2, (15).

Zygothuria, rejected; HEROUARD, 2, (5).

C. ECHINOIDEA.

Taxonomic value of pedicellariae, views of Mortensen discussed; proposed classification of recent *Ech.*: Subclass I.

Cidariformia; II. *Diadematiiformia*, Ord. i. *Regularia*, sub-ord. 1. *Diadematina*, 2. *Saleniina*, 3. *Arbaeiina*, 4. *Echiniina*; Ord. ii. *Irregularia*, sub-ord. 1. *Clypeastroidea*, 2. *Spatangoidea*; DOEDERLEIN, 2, (65-87).

Echinoidea in 3 orders: *Endocyclica* *Clypeastroidea*, *Spatangoidea*; MACBRIDE 2 (529).

Abatus maintained; LAMBERT 8 (101).

†*Acanthechinopsis* gen. n. of *Diploporidiidae* with genotype *A. lumei* sp. n., Cenomanian, Sinui (wrongly called *A. barroni* p. 227); GREGORY, Geol. Mag. London, n. ser., dec. V, 3 (219, pl.)

Acanthocidaris, discussed (96), diagnosed (102); DOEDERLEIN, 2.

†*Aeropeltis acquituberculata*; PERVINQUIÈRE: GENTIL & LEMOINE (332, 338, pl.).

†*Aerosalenia*, restricted with *A. spinosa* as type (275): *A. angularis* discussed (296): *A. boloniensis*, referred to *Plesiosalenia* (275), restricted to Cotteau, pl. 253, ff. 1, 2, [not the type]; VALETTE, 2. — *A. quebhardi* sp. n. Bathonian, St. Cézaire, Alpes Marit.; LAMBERT & SAVIN, Nice, Ann. Soc. let. sci. 20 (67, pl.). — *A. incerta* discussed (279): *A. koenigi* (Ag. & Des.) restricted (277): *A. lamareki* referred to *Perisalenia* (279): *A. pseudodecorata*, ambulacrals (296): *A. spinosa*, ambulacrals (296): *A. wiltoni* maintained (279); VALETTE 2.

Aerosaleniidæ gen. nn. vide *Thylosalenia*, *Plesiosalenia*, *Perisalenia*.

Anapesus maintained, with genotype *A. carolinus* a syn. of *Psammecchinus blainvilliei*; LAMBERT 8 (67).

Anthocidaris purpurea (v. Martens sub *Toxocidaris*), descr.; DOEDERLEIN, 1 (520).

†*Aplolampas* gen. n. with genotype *A. monterialensis* (Schauroth sub *Echinolampas*); LAMBERT 1, Nice, Ann. Soc. let. sci. 20 (32).

Aplospatangus sub. gen. nov. of *Schizaster*, with type *S. eurynotus* Ag.; LAMBERT 7, Paris, Mem. Soc. Geol., Paleont. 14 (113, 114).

Aracosoma; SCHURIG (294): diagnosed (121): *A. coriaceum*, descr. (122, fig. pls.); DOEDERLEIN, 2. — *A. fenestratum*; BATHER, 1.

Arbaeia acquituberculata; HENRI & KAYALOF. — *A. dufresnii*; KOEHLER, 4 and 5 (29). — *A. punctulata*; MATHEWS, 2. — *A. pustulosa*; ARIOLA: CHECCHIA, 2 (89): FISCHER 1 and 2: LO BIANCO (92).

Arbaeiina, sub-ord. of *Regularia*, with 1 Fam. *Arbaeiidae*; DOEDERLEIN, 2 (86).

Arbaeiina, — †*A. monilis* (pl. iv): *pallaryi*, descr., measured; CHECCHIA, 2 (90, pl. iv). — †*A. parva*; BELLINI (641).

†*Archaeocidaris*, — *A.* sp. interambulacral plate; SCHURIG (341, pl.). — *A. agassizi*; BARBOUR (pl. ii): REAGAN 2. — *A. norwoodi*, var., plates, radioles, teeth; BEEDE (1268, pls. xiv, xvii A). — *A. pizzulana* sp. n. Upper Carboniferous, Carnic Alps; GORTANI in VINASSA DE REGNY & GORTANI, Roma, Boll. Soc. geol. Ital., 24, (586, pl.): radioles GORTANI 2 (19, fig.). — *A. spinoclarata*, *A. triserrata*; BEEDE and ROGERS (385). — *A. tudifer* [sic]; REAGAN 2. — *A. urei*; COCKIN (526): MACNAIR (375).

Aspidodiadema, discussed (157), *A. nicobaricum*, descr. (163, pls.), var. n. *meijerei* Banda Sea (165); DOEDERLEIN 2, Wiss. Ergeb. D. Tiefsee-Exped., Bd. 5, Lfg. 2.

Asthenosoma, discussed; SCHURIG (294) — *A. fenestratum*, *A. hystrix*; BATHER, 1. — *A. urens* (293), *A. varium* (293-296); SCHURIG.

Astropyga radiata; DOFLEIN (190).

Bolbaster, as s.g. of *Hemiaster*; LAMBERT 8 (101).

†*Bothriolampas*, simple syn. of *Gitolampas*; LAMBERT 8 (96).

Brachybrissus as subgenus of *Schizaster*; LAMBERT 7 (113).

Brisaster as subgenus of *Schizaster*; LAMBERT 7 (112, 114).

Brissoides Klein, maintained; LAMBERT, 5. — †*B. oppenheimi*; LAMBERT 1 (47).

Brissoma as subgenus of *Brissopsis*; LAMBERT 8 (106).

Brissopsis, discussed (104) diagnosed (106); LAMBERT 8. — †*B. borsoni*, *geni*, *intermedius*; BELLINI (641). — †*B. (Zeugaster) lusitanicus* discussed; LAMBERT 8 (109). — *B. luzonica*, descr.; DOEDERLEIN, 2 (258, pls.). — *B. lyrifera*, distrib., descr.; DOEDERLEIN, 2 (256, pls.): incl. *Schizaster incertus* Aradas; CHECCHIA,

2 (93).—†*B. papiolensis* **sp. n.**, Plaisancian, Barcelona (121, pl.): †*B. pliocenicus* **sp. n.** for *Brissopsis genoi* Sism. var. *pliocenica* Botto-Micca 1896 (121); LAMBERT **8**, Paris, Mem. Soc. Geol., Paleont., **14**.

Brissus, diagnosed with genotype *B. ovalis* (Breyn.); LAMBERT **8** (105).—*B. carinatus*, distrib.; DOEDERLEIN, **2** (256): †GREGORY (255)—*B. unicolor*; CHECCHIA, **2** (93).

†*Bunactis*, s.g. of *Clypeaster*, discussed; LAMBERT **1** (23).

Calveria fenestrata; BATHER, **1**.—*C. hystrix*; BATHER, **1** (249, 432): SCHURIG (293).

†*Caratomus avellana*; SCHUMANN & LEONHARD.

†*Cardiaster*,—*C. africanus* **sp. n.** Senonian, Pondoland; WOODS, Cape Town, Ann. S. African Mus., **4** (279, pl.).—*C. ananchytis*; SCHUMANN & LEONHARD: SHEPPARD (241): range, *C. cotteauanus*, *C. eretaccus*, and *C. pygmaeus*, range; SHERBORN (33).

†*Cassidulus umbonatus* **sp. n.**, Senonian, Pondoland; WOODS, Cape Town, Ann. S. African Mus., **4** (277, pl.).

†*Catopygus*,—*C. cylindricus*; JACOB & TOBLER (20).—*C. rohlfsi* **sp. n.**, Upper Cretaceous, Djebel Tar, Tripoli; KRUMBECK (87, pl.).

Centrocidaris, rejected; DOEDERLEIN, **2** (96).

Centrostephanus longispinus, descr., first figd.; CHECCHIA, **2** (87, pl. iv).

Chondrocidaris, discussed (96), diagnosed (102); DOEDERLEIN, **2**.

Cidaridae, general discussion of genera; DOEDERLEIN, **2** (88).

Cidariformia **sub-class. nov.**, 1 Fam. *Cidaridae*; DOEDERLEIN **2** (85).

Cidaris Leske em. Mortensen, discussed (94), name discussed (100), diagnosed (101); DOEDERLEIN, **2**: Vide etiam *Cidarites*.—†*C. sp.*; AHLBURG (55, 83).—†*C. cf. acicularis*; LEMOINE (253).—†*C. alpina* Cott.; GERBER (64).—*C. amulifera*; DOEDERLEIN, **2** (94).—†*C. antarctica*; AMEGHINO (172).—†*C. arenionensis*; BELLINI (641, 649): NELLI: radioles, sp. discussed, synonymy; LAMBERT **8** (62).—*C. baculosa*; DOEDERLEIN, **2** (93, 95).—†*C. beaugeyi*; DOUVILLÉ. —†*C. belgica*; BELLINI (641).—†*C. belle* (N-9720 m)

fourchensis **sp. n.**, radiole, Jurassic, Black Hills, Wyo.; WHITFIELD & HOVEY, Bull. Amer. Mus. Nat. Hist., **22** (391, pl.).—†*C. bowerbanki*; BOSWORTH (414, 416, 575).—*C. canabulata*; DOEDERLEIN, **2** (96).—†*C. cerricornis*; LEMOINE (256).—*C. eidaris*; DOEDERLEIN, **2** (96).

 (106).

D. ASTEROIDEA.

Asteroidea, classification of Orders
 and families; FISHER **3** (990).—Perrier's
 Orders accepted because corresponding
 with habits; MACBRIDE **2** (461).

Alexandraster inflatus **sp. n.** ca. 140
 m. Monterey B., Calif.; FISHER **2**, Zool.
 Anz., Leipzig, **30**, (300).

Anasterias tenera **sp. n.**, Antarctic;
 KOEHLER **4**, Bul. Muséum, Paris, 1905,
 (464): descr., also young; KOEHLER **5**
 (12, pls.).

Anseropoda, name discussed; *A.*
insignis **sp. n.**, 143 fm., Hawaiian Is.;
 FISHER, **3**, Washington, Bull. U. S. Fish
 Comm., **23**, (1088, pl.).

Anseropodidae **fam. n.** of *Spinulosa*,
 = *Palmipedinae* (1087), transferred to
Cryptozonia (990); FISHER, **3** Washing-
 ton, Bull. U. S. Fish Comm., **23**.

Antheniaster epixanthus **sp. n.**, 178
 fm., Hawaiian Is.; FISHER, **3** Washing-
 ton, Bull. U. S. Fish Comm., **23** (1067,
 pls.).

Archaster typicus; FISHER, 3 (1045).

Asteracanthion helianthus; BOUVIER, 1.—*A. rubens*; STIEREN (271).

Asterias,—†*A. annulosa*; SCHOENDORF 2 (255).—*A. forbesii*; KING: MATHEWS 1 and 2: TENNENT & HOGUE.—*A. glacialis*; DRAGO.—*A. lincki*; DERJUGIN (94, 149).—*A. papposa* Linnaeus Syst. Nat. xi; BELL.—†*A. pustulata*, (257), see also *Sphaerites*; SCHOENDORF 2.—*A. tenuispina*, genotype of *Stolasterias*; FISHER, 1.—*A. rubens*; BOHN: JOHNSTONE (239, 241): Japan; DOFLEIN: anat.; MACBRIDE 2 (432): nerve-system, &c.; MEYER.—*A. rubens violacea*; DERJUGIN (149).—†*A. scutata* (252, 254): †*A. stellifera*, probably marginals of *Sphaerites scutatus* (252, 255, 257, 265, fig.). †*A. tabulata* (251, 255); SCHOENDORF 2.

Asterinidae, transferred to *Cryptozonia*; FISHER, 3 (990).

Asterodiscus tubereulosus sp. n., 59 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1075, pls.).

Asthenactis gen. n. of *Myxasteridae* (1096) with genotype *A. papyraceus* sp. n. 762 fm., Hawaiian Is.; op. cit. (1097, pl.).

Astroceramus gen. n. of *Goniasteridae*, with genotype *A. callimorphus* sp. n., 127 fm., Hawaiian Is.; op. cit. (1056, pls.).

Astrogonium M. & T., name discarded; FISHER, 3 (1036).—*A. astrologorum*, madreporite; SCHOENDORF (292, fig.).

Astropecten bonnieri sp. n., Red Sea; KOEHLER 3. Bul. Muséum Paris, 1905, (462, fig.).—*A. californicus* sp. n. under 140 m., Monterey B., Calif.; FISHER, 2, Zool. Anz. Leipzig, 30 (299).—*A. callistus* sp. n., 143 fm., (1012, pls.): *A. etenophorus* sp. n., 130 fm. (1006, pls.): Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23.—*A. erinaceus*; FISHER, 4 (118).—*A. hemprichi*; HERDMAN 3 (447).—*A. monacanthus*, size, paxillae; KOEHLER 3 (459).—*A. ornatissimus* sp. n., 150 fm., California; FISHER 4 Washington, Proc. Acad. Sci., 8 (119).—*A. polyacanthus*, descr. (1004, pls.): *A. productus* sp. n., 122 fm. (1010,

pls.): *A. pusillulus* sp. n., 241 fm. (1008, pls.): Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish. Comm., 23.—*A. velitaris*, descr.; op. cit. (1005, pls.).—†*A. wilckensis*; AMEGHINO (57).

Astropectinidae, gen. nn. vide *Otenophoraster*, *Tritonaster*, *Psilasteropsis*, *Palagiaster*.

Benthaster eritimus sp. n., 222 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1101, pl.).

Brisinga alberti sp. n., 451 fm., (1111, pls.): *B. evermanni* sp. n., 450 fm., (1113, pls.): *B. fragilis* sp. n., 222 fm., (1115, pls.): *B. panopla* sp. n., 451 fm., (1109, pls.): Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23.

Calliaster pedicellaris sp. n., 130 fm., Hawaiian Is.; op. cit. (1061, pls.).

Calliderma spectabilis sp. n., 148 fm., Hawaiian Is.; op. cit. (1058, pls.).

Calveria hystrix; BATHER, 1.

Calveriaaster, rejected; BATHER, 1.

Ceramaster, vide sub *Tosia*.

Cheiraster horridus sp. n., 143 fm. (1042, pls.): *C. inops* sp. n., 256 fm. (1043, pls.): *C. snyderi* sp. n., 418 fm., (1040, pls.): Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23.

Coseinasterias Verrill, reinstated with s. gg. *Stolasterias*, *Marthasterias*, *Distolasterias*; FISHER 1 and 3 (1104).—*C. (Distolasterias) euplecta* sp. n., 136 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1105, pls.).

Cribrella, syn. of *Linckia*; FISHER, 3 (1090) and 4 (127).—*C. oculata*; BARTHELIS.—*C. sanguinolenta*; DERJUGIN (149).

Crossaster alternatus sp. n., 414 fm., California, also young (131).—*C. borealis* sp. n., 230 fm., Kadiak Id. (131); FISHER, 4 Washington, Proc. Acad. Sci., 8.—*C. papposus*; DERJUGIN (149).

Cryaster gen. n., of *Cryasteridae*, with genotype *C. antarcticus* sp. n., Antarctic; KOEHLER 4, Bul. muséum, Paris, 1905 (469); descr.; KOEHLER 5 (24, pls.).

"Cryasteridées **nov. fam.**" of *Cryptozonia* allied to *Echinasteridae*; loc. cit.

Ctenodiscus crispatus, *brevimana*; DERJUGIN (149).

Ctenophoraster **gen. n.** of *Astropectinidae* (1014) with genotype *C. hawaiiensis* **sp. n.**, 57 fm., Hawaiian Is. (1015, pls.); FISHER, 3 Washington, Bull. U. S. Fish Comm., 23.

Culeita discoidea; SCHOENDORF 2 (300, fig).

Diplasterias papillosa **sp. n.**, Antarctic; KOEHLER 4, Bul. muséum, Paris, 1905 (466): descr., young; KOEHLER 5 (21, pls.).—*D. turqueti* **sp. n.**, Antarctic; KOEHLER 4, Bul. muséum, Paris, 1905, (465): descr.; KOEHLER 5 (19, pls.).

Dipsacaster nesiotes **sp. n.** 299 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1026, pls.).

Distolasterias, is s.g. of *Coscinasterias*; FISHER 1 and 3 (1105).

Echinaster sp. juv. et aff. *sladeni*; FISHER, 3 Washington, Bull. U. S. Comm., 23 (1092).—*E. callosus*, *E. sepositus*; BARTHELIS.

Evoplosoma **gen. n.** of *Goniasteridae* with genotype *E. forcipifera* **sp. n.** 682 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1065, pls.).

Gilbertaster **gen. n.** of *Goniasteridae* with genotype *G. anacanthus* **sp. n.** 382 fm., Hawaii; op. cit. (1063, pl.).

Goniasteridae, **gen. nn.** vide *Astrocera*, *Gilbertaster*, *Evoplosoma*, *Goniodiscides*.

Goniodiscides **gen. n.** of *Goniasteridae*, = *Goniodiscus*, with genotype *G. sebae*; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1070, pl.).

Granaster biserialis, **sp. n.**, Antarctic; KOEHLER 4, Bul. Muséum, Paris, 1905 (466): descr.; KOEHLER 5 (11, pls.).

†*Helianthaster* sp. nondesc., Upper Devonian, N.Y.; CLARKE, 2 (37, pl.).

Heliaster multiradiata, probably not Hawaiian; FISHER, 3 (1104).

Henricia, name discussed (1089); FISHER, 3 and FISHER, 4 (127).—*H. aspera* **sp. n.**, 48 fm., Oregon; FISHER 4, Washington, Proc. Acad. Sci., 8 (127).—*H. pauperrima* **sp. n.**, Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1091, pls.).—*H. polyacantha* **sp. n.**, 359 fm., California; FISHER 4 Washington, Proc. Acad. Sci., 8 (129).—*H. robusta* **sp. n.**, 195 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1090, pls.).

Hydrasterias verrilli **sp. n.**, 284 fm., Hawaiian Is.; op. cit. (1106).

Hymenaster pentagonalis **sp. n.**, 304 fm., Hawaiian Is.; op. cit. (1099, pls.).

Korethraster hispidus; BATHER, 1.

Labidiaster radiosus; KOEHLER 4: large; KOEHLER 5 (24).

Lahillea; BATHER, 2: vide *Ortmannia*.

Lahillia; BATHER, 2.

Leiaster callipeplus **sp. n.**, 33 fm., Hawaiian Is.; FISHER, 3, Washington, Bull. U. S. Fish Comm., 23 (1083, pls.).

Leptoptychaster, rejected for original spelling *Leptychaster* (q. v.); FISHER, 4 (112).

Leptychaster anomalus **sp. n.**, 58 fm., Bering Sea (115); *L. pacificus* **sp. n.**, 238 fm., Vancouver Id, compared with *L. arcticus* (112); FISHER, 4 Washington, Proc. Acad. Sci., 8.

Linckia, name discussed (1090): *L. diplax* descr. (1015, pls.): *L. multiflora* (1085); FISHER, 3.

Linckidae, transferred to *Phanerozonia*; FISHER, 3 (990).

Luidia asthenosoma **sp. n.**, 47 fm., California; FISHER, 4 Washington Proc. Acad. Sci. 8 (124).—*L. ciliaris*; Lo BIANCO (94).—*Luidia*, aff. *forficifer*, juv.; FISHER, 3 (1036).—*Luidia foliolata*; FISHER 4 (121).—*L. hystrix*, **sp. n.**, 28 fm., Hawaiian Is.; FISHER, 3 Washington Bull. U. S. Fish Comm 23 (1032, pls.).—*L. ludwigi* **sp. n.**, 29 fm., California; FISHER 4 Washington, Proc. Acad. Sci., 8 (122).—*L. maculata*; HERDMAN 2 (121) and 3 (447).—*L. magnifica* **sp. n.**, 73 fm., Hawaiian Is.; FISHER, 3, Washington, Bull. U. S. Fish Comm., 23 (1033, pls.).—*L. sarsi*, larva; DELAP 2 (15).

Marthasterias, is s.g. of *Coscinas-terias*; FISHER, 1 and 3 (1105).

Mediaster ornatus sp. n., 399 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1046, pls.).

Metopaster, distinguished from *Gonio-discides*; FISHER, 3 (1070).

Mithrodia sp. (1096, pls.): *M. bradleyi*, descr. (1094, pls.); FISHER, 3.

Myxasteridae, gen. n. vide *Asthenactis*.

Nereidaster discussed (1048): *N. boursi* sp. n., 324 fm., Hawaiian Is. (1049, pls.); FISHER, 3 Washington, Bull. U. S. Fish Comm., 23.

Nymphaster florifer, probably *Mediaster*; op. cit. (1048).

Odinia pacifica sp. n., 319 fm. Hawaiian Is.; op. cit. (1108, pls.).

Odontaster tenuis sp. n., Antarctic; KOEHLER 4, Bul. Muséum. Paris, 1905, (468): *O. tenuis* descr.; KOEHLER 5 (8, pl.).—*O. validus*, sp. n., Antarctic; KOEHLER 4, Bul. Muséum. Paris, 1905 (467): descr.; KOEHLER 5 (6, pl.).

Ophiaster lorioli sp. n., reefs, (1077, pls.): *O. rhabdotus* sp. n., 233 fm., (1082, pls.): *O. sclerodermus* sp. n., 99 fm., (1081, pls.): *O. squameus* sp. n., 130 fm., (1079, pls.): *O. tenellus* sp. n., 130 fm., (1082, pl.): *O. triseriatus* sp. n., 69 fm. (1080, pls.): Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23.

Ortmannia nom. nov. pro *Lahillia* [sic, olim *Lahillea*] Lor. non COSSM. [preocc. Rathbun, 1901]; LORIOL, Rev. paleozool. Paris, 10, (78): BATHIER, 2 (131).

Palmipes Ag., syn. of *Anseropoda*; FISHER, 3 (1088).

Parastropecten inermis, perhaps a *Leptychaster*; FISHER, 4 (117).

Patagiaster gen. n. of *Astropectinidae* with genotype *P. nuttingi*, sp. n., 202 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1029, pls.).

Patiria pulla sp. n., Mauritania coast (60, pl.): *P. rosea* sp. n., Mauritania coast (58, pl.): KOEHLER & VANEY, 3, Bordeaux, Actes Soc. linn., 60.

(N-9720 m)

Pentaceros,—[*P. dilatatus* sp. n. in Chalk flint, Fontaine St. Simon (Eure-et-Loir); MEUNIER 1 Naturaliste, Paris, sér. 2, 20 (117-118, fig.).—*P. hawaiiensis* sp. n., 43 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1072, pls.).—*P. lincki*; HERDMAN, 2 (121, 125, fig.) and 3 (447, pl.).—*P. nodosus*; HERDMAN, 2 (121).

Pentagonaster amophilus sp. n., 257 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1051, pls.).

Plinthaster, vide sub *Tosia*.

Polyasterias is syn. of *Stolasterias*; FISHER 1 and 3 (1105).

Pontaster discussed; FISHER, 3 (1040).

Pontasterinae, transferred to *Benthoplectinidae*; FISHER, 3 (990).

Porania antarctica; KOEHLER 4: incl. all Antarctic spp.; KOEHLER 5 (10).

Pseudarchaster jordanii sp. n., 375 fm. (1038, pls.): *P. myobrachiinus* sp. n., 127 fm. (1037, pls.): Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23.

Psilaster attenuatus sp. n., 290 fm., Hawaiian Is.; op. cit. (1019, pls.).

Psilasteropsis gen. n. of *Astropectinidae* with genotype *P. cingulata* sp. n., 118 fm. Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1023, pls.).

Pteraster militaris, *P. pulvillus*; DERJUGIN (119).—*P. reticulatus* sp. n., 284 fm., Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm., 23 (1098, pls.).

Pyenopodiidae Stimpson, restr. to *Pyenopodia*, *Rathbunaster* gen. n., and possibly *Anasterias*; FISHER, 4 (136).

Rathbunaster gen. n. of *Pyenopodiidae* with genotype *R. californicus* sp. n., 339 fm., California; FISHER, 4 Washington, Proc. Acad. Sci. 8 (137).

Rhegaster tumidus; DERJUGIN (97, 149).

Ripaster gen. n. of *Archasteridae*, with genotype *R. charcoti* sp. n. Antarctic; KOEHLER 4 Bull. Muséum, Paris.

1905 (467): diagnosed and descr. fr. Booth-Wandel Id.; KOEHLER 5 (4, pl.).

Solaster endeca; DERJUGIN (149): Japan; DOFLEIN.—*S. papposus*; JOHNSTONE (238): Japan; DOFLEIN: synm. on p. 89 Bell's Cat. Brit. Echinod. corrected; BELL.

†*Sphaeraster* (255, 303); SCHOENDORF 2: discussed: *S. punctatus*, structure (figs.); SCHOENDORF 1.

†*Sphaerasteridae*, fam. nov. of *Phanerozonia*; SCHOENDORF 1, Wiesbaden, Jahrb. Ver. Natk., 59, (256) and 2 (303).

†*Sphaerites*, name (252), structure, based on various spp. (271–297), habits (299), diagnosis (302): *S. annulosus*, descr. (264, fig.): *S. digitatus* (253), dorsal plates of a *Pentacerote* (270): *S. fossulatus* (253), var. of *S. tabulatus* (264): *S. juvenis* (252) descr. (260, fig., pl., 279, 296): *S. punctatus* (253), descr. (257, pl.) structure (271 et sq., figs.): *S. pustulatus* (253), descr. (264, fig., pl., 282, 294): *S. regularis* (253): *S. scutatus* (252), descr. (266, figs., pl., 281, 285, 288, 294): *S. tabulatus* (252), descr. (263, figs., 280); SCHOENDORF 2.

Stegnaster inflatus; SCHOENDORF 2 (256, 299, fig.).

Stellosphaera gen. n. of *Forcipulata* with genotype *S. mirabilis* sp. n. larva only, 2000–3000 m., Azores; KOEHLER & VANEY, 1. Bull. Mus. Monaco, No. 64, (figs.) and 2.

Stichaster albulus; DERJUGIN (105).

Stolasterias, is s.g. of *Coscinasterias* (q.v.); FISHER, 1.

Tosia (*Ceramaster*) *micropelta* sp. n., (1054, pls.): *T. (Plinthaster) ceramoidea* sp. n., 277 fm. (1052, pls.): Hawaiian Is.; FISHER, 3 Washington, Bull. U. S. Fish Comm. 23.

Tritonaster gen. n. of *Astropectinidae* with genotype *T. eraspedotus* sp. n., 294 fm., Honolulu; op. cit. (1017, pls.).

Valvaster striatus, descr.; op. cit. (1093, pl.).

Zoroaster spinulosus sp. n., 328 fm., Hawaiian Is.; op. cit. (1102, pls.).

E. OPHIUROIDEA.

Bell's orders accepted, because of physiological importance; MACBRIDE 2 (491).

Amphiura squamata; HEROUARD 4: †SCALIA.

†*Aspidura* cf. *squamosa*; AHLBURG (55).

Gorgonocephalus agassizi, *G. euenemis*; DERJUGIN (150).—*G. sagaminus*; DOFLEIN (204, fig.).

Ophiacantha bidentata; DERJUGIN (149).

†*Ophiaster* gen. n. with genotype *Ophiacten* (?) *bellefourchensis* sp. n., Jurassic, Black Hills, Wyo.; WHITFIELD & HOVEY. New York, N.Y., Bull. Amer. Mus. Nat. Hist., 22 (391, pl.).

Ophioglypha innoxia sp. n., Antarctic; KOEHLER 5, Exped. antarct. franç. Documents scient. Paris, (27, pl.).—*O. nodosa*; STIEREN (271).

Ophionotus victoriæ; KOEHLER 4 (470), and 5 (29).

Ophiopholis aculeata; DERJUGIN (90, 149).

Ophiopsammium rugosum, colour and other notes; KOEHLER 3 (459).

Ophiocolax glacialis; DERJUGIN (97, 150).

Ophiothela danac; KOEHLER 3 (459).

Ophiothrix exigua, colour; KOEHLER 3 (458).—*O. fragilis*; MACBRIDE 1: anat.; MACBRIDE 2 (478).

Ophiura albida; JOHNSTONE (244).—*O. sarsi*; DERJUGIN (149).

F. CRINOIDEA.

Historical discussion of Classification; HAMANN (1554).—Bather's division into *Monocyelica* & *Diocyelica*, and Jaekel's division into *Cladoerinoidea* & *Pentacrinoides*, criticised; WACHSMUTH & SPRINGERS Orders, *Inadunata*, *Articulata*, *Camerata* accepted because physiological; MACBRIDE 2 (594).

†*Actinoerinus*? sp. indet.; WELLER (439, pl.).—*A. polydactylus*; BATHER in MATLEY (296).

†*Aetinometra formae*; BELLINI (641).

†*Agaricoerinus* sp. indet.; WELLER (140, pl.).

†*Amphicrinus* gen. n. of *Sagenocrinidae*; SPRINGER, J. Geol. Chicago, **14** (518).

†*Anisoerinus* (475, 479): *A. angelini*, (189, pl.): *A. greeni* (180, pl.): *A. interruptus*, (179, pl.): *A. oswegoensis* (180, pl.); SPRINGER.

†*Dizygocerinus*, — *D. ?* sp. (1254, pl. xvii): *D. decoris* [sic] (1253, pls. xii, xvi): *D. euconus* (1252, pl. xii, xvi): *D. unionensis* (1253, pl. xvi): *D. whitei*, young, (1251, pl. xii); BEEDE.

†*Enerinus*, — *E.* cf. *granulosus*; AHLBURG (83, pl. iii).—*E. liliiformis*; FRITEL (106, fig.): reconstruction; FRAAS (18, fig.).—*E.* cf. *liliiformis* (48, 50, 52, 55, 83): *E. silesiacus* (51); AHLBURG.

†*Entrochus asteriscus*; SIEMIRADZKI (188, 199, 211, 277, pl. xxi).—†*E. dubius*; AHLBURG (48, 50, 52, 55, 83).

†*Erisoerinus typus*; BEEDE & ROGERS (381, 382, 383).

†*Euryoerinus*; SPRINGER (484).

†*Eutaxoerinus* **gen. n.** of *Taxoerinae*, with genotype *Taxocr. affinis*; SPRINGER, J. Geol. Chicago, **14**, (493, 519).

Flexibilia full discussion; *famm. Ichthyo-, Sageno-, Taxo-erinae* (q.v.); SPRINGER.

†*Forbesioerinus*,—*F. agassizi* (489): *F. multibrachiatus* (489): *F. parrus* (500): *F. washingtonensis* (pl.): *F. whitfieldi* (500); SPRINGER.

Gephyroerinus grimaldii; ALBERT.

†*Glyptoerinus*,—*G.* sp.; SIEMIRADZKI (211, 277, pl. xix).—*G. basalis*; EVANS, (634).

†*Gnorimocrinus*,—*G. excaratus* is a *Dactyloer.* (515): *G. expansus* (492, pl.): *G. loveni* (492), type of *Meristocrinus* (q.v.) (515): *G. tubuliferus* (492); SPRINGER.

†*Haploerinus* (?) *monile*; LAMANSKY (79, 171).

†*Homaloerinus* (475, 482, 517): *H. dudleyensis* **sp. n.** Wenlock Limest., Dudley (482, pl.): *H. parabasalis* (482, pl.); SPRINGER, J. Geol. Chicago, **14**.

†*Homocrinus scoparius*; GRABAU (319, 320).

†*Hydreionocrinus discus*; BEEDE & ROGERS (381).

†*Hypsoerinus* **gen. n.** of *Pisoerinae* with genotype *H. fieldi* **sp. n.**, Devonian, Hamilton shales, Bethany, N.Y.; SPRINGER & SLOCUM, Chicago, Ill., Pub. Field Columb. Mus., Geol. Ser., **2**, (pl.).

†*Ichthyoerinae*, defined, include *Clidochirus*, *Ichthyocr.*, *Lecanoer.* (syn.

Cyrtidoer.), *Mespiloer.*, and *Metichthyoer.* **gen. n.**; SPRINGER, J. Geol. Chicago, **14**, (516).

†*Ichthyoerinus*, radial, (475): *I. burlingtonensis* (477, pl.); SPRINGER.—*I. clarkensis*; BEEDE (1257, pl. xiv).—*I. conoides* (476): *I. corbis* (477): *I. gotlandicus* (pl.): *I. greeni* (478, 490): *I. intermedius* (pl.): *I. laevis* (476, 477, pl.): *I. pyriformis* (477, pl.): *I. simplex* (476): *I. subangularis* (476, 477, pl.): *I. tiaraeformis* (477); SPRINGER.

†*Lecanoerinus* (475, 491): *L. greeni* is *Anisoerinus* (480, pl.): *L. macropetalus* (501, pl.): *L. oswegoensis* is *Anisoerinus* (480, pl.): *L. roemeri* (491); SPRINGER.

†*Leioerinus* syn. of *Homaloerinus*; SPRINGER (482).

†*Lithoerinus obesus*, type of *Choloer.* (q.v.): *L. robustus*, syn. of *L. divaricatus*; SPRINGER (515).

†*Marsupites testudinarius*; TREACHER & WHITE; WHITE & TREACHER.

†*Meloerinus*,—*M. clarkei*, now first figd.; CLARKE, **1** (346, pl. D, E).—*M. pachydactylus*; GRABAU (135, fig.).

†*Meristocrinus* **gen. n.** of *Taxoerinae*, with genotype *Taxocr. loveni*; SPRINGER, J. Geol. Chicago, **14** (515, 519).

†*Mespiloerinus* (517), *M. forbesianus* (pl.); SPRINGER.

Metaerinus r[ot]undus; †NICHOLS (49): length of stem, movements; DOFFIN (252 fig., 268).

†*Metichthyoerinus* **gen. n.** of *Ichthyoerinae* for Carboniferous *Ichthyoerini* (479, 517), *M. burlingtonensis* (pl.); SPRINGER, J. Geol. Chicago, **14**.

†*Millerierinus horridus*; ANDRUSOV (131, 134).

†*Nipteroerinus* (519), *N. wachsmuthi* (pl.); SPRINGER.

†*Oligoerinus* (519), *O. asteriaeformis* (pl.); SPRINGER.

†*Onychocrinus*,—*O. exsculptus*, tegmen (474): *O. ulrichi*, tegmen (469), I Br (491); SPRINGER (pl.).

†*Parichthyoerinus* (519), *P. nobilis* (pl.); SPRINGER.

Pentacrinus [incl. *Isoer.*], — †*P. agassizi*; BRYDONE (15, 129).—†*P. (?) antiquus*; LAMANSKY (80, 172).—†*P. astericus* [sic], descr.; WHITFIELD & HOVEY (389, pl.).—†*P. bronni*; BRYDONE (15, 129).—*P. decorus*; REICHENSFELDER. —†*P. gastaldi*; BELLINI (611, 650).—†*P. jurensis*; †*P. nieryensis*; LISSAJOUS (10).—†*P. moniliferus*; RENZ.—†*P. neocomiensis*; HARBORT.—†*P. oceanii* (10); †*P. rollieri* (11); LISSAJOUS.—†*P. scalaris*; RENZ.—†*P. tuberculatus*; GERBER (67); HAUG & KILIAN (13); RENZ.

†*Placites gotlandicus*; SIEMIRADZKI (195, 211, 277, pl. xxi).

†*Phidocrinus*, — *P. stephensi*; DUN (107).—*P. stillaticus*; BEEDE & ROGERS (383).

†*Phimoerinus jouberti*; SPRINGER & SLOCUM.

†*Phylloerinus* cf. *oosteri*; ZOEPFRTZ (199).

†*Pisocerinidae*, gen. n. vide *Hypsoerinus*.

†*Pisocrinus globularis*; MACNAIR (375).

†*Platyrinus*, — *P. bonoensis* (1255, pl. xiii); *P. boonvillensis* (1256, pl. xiv); BEEDE.—*P. cf. expansus* juv.; BATHER in MATLEY (296).

†*Poterioerinus*, — *P. coryphaeus*; BEEDE (p. 1256, pl. xiii).—*P. crassus*; MACNAIR (373, 375).—*P. cf. sigillatus*; GORTANI, 1 (15).

†*Protaxoerinus* gen. n. of *Taxoerinae*, with genotype *Taxoer. oralis*; SPRINGER, J. Geol. Chicago, 14, (519).

†*Pynosaceus*; SPRINGER (475, 484, 491).

†*Rhenocrinus*, gen. n. of *Dendrocrinoidea*, with genotype *R. ramosissimus*, Lower Devon., Hundrückschiefer, Gmünden; JAEKEL in SCHMIDT (544). *R. minae* sp. n., Mid. Devon., Trochitenschiefer, near Letmathe, Westphalia (546, fig., pl.); *R. winterfeldi* sp. n., Mid. Devon., Tonschiefer, Breun (544, fig.); SCHMIDT, Berlin, Zs. D. geol. Ges., 57,

†*Rhipidocrinus perloricatus* sp. n. Mid. Devon., near Letmathe, Westphalia; op. cit. (513, pl.).

†*Rhopalocrinus*; SPRINGER (484, 519).

†*Sagenocerinidae* fam. n. of *Fleribilia*, for *Anisoer.*, *Homaloer.*, *Calpioer.*, *Pynosaceus*, *Choloer.* gen. n., *Sagenoer.*, *Temnoer.*, *Daetyloer.*, *Amphier.* gen. n., *Euryoer.*, *Lithoer.*, *Forbesioer.*, *Wachsmuthier.*, *Nipteroer.*; SPRINGER, J. Geol. Chicago 14, (517).

†*Sagenocrinus* (198): *S. expansus* (pl.); SPRINGER.

†*Seyphocrinus* sp., Nyaungbaw beds, Yemeyé, Upper Burma; REED (86, pl. viii).

†*Seytalocrinus ornatissimus* (Hall), alleged type-specimen figl.; CLARKE, 1. (348, pl. F).

†*Synbathocrinus swallowi*; BEEDE (1262, pl. xiii, xiv).

†*Talarocrinus* cf. *trijugus*, young. (1260, pl. xiii): *T. simplex* (1261, pl. xiii); BEEDE.

†*Taxoerinae*, defined, include *Protaxoer.* gen. n., *Gnorimoer.*, *Meristoer.* gen. n., *Eutaxoer.* gen. n., *Taxoer.*, *Parichthyoer.*, *Syneroer.*, *Oligoer.*, *Onychoer.*; SPRINGER (519).

†*Taxoerinus*, — *T. affinis*, (488): *T. elegans*; (487, 502): *T. intermedius* (490): *T. laevis* (487, 502): *T. macrodactylus* (492): *T. nobilis* (490, 492): *T. oblongatus* (487), probably *Eutaxoer.* (493): *T. orbigny* (492): *T. rigens* (487), probably *Eutaxoer.* (493): *T. shumardianus* (pl.): *T. splendens* (488): *T. wetherbyi* (500); SPRINGER.

†*Temnoerinus tuberculatus* (492, pl.); SPRINGER.

Thaumatocrinus; SPRINGER (497, pl.).

†*Tribrachioerinus corrugatus*; DUN (107).

†*Uintaerinus* sp.; TREACHER & WHITE.

†*Wachsmuthierinus* (519), *W. thiemei* (pl.); SPRINGER.

C. † CYSTIDEA AND EPRIOASTEROIDEA.

Amphoridea rediagnosed; BATHER 4 (7).

Arachnocystis, discussed; BATHER 4 (15).

Aristocystidae diagnosed (7), discussed (12); BATHER 4.

Aristocystis rediagnosed (8); *A. dagon* sp. n. Naungkangyi beds, Sedaw (8, pl. 1); BATHER 4.

Astrocystites ottawaensis, vide *Steganoblastus*; WHITEAVES 2.

Caryocerinidae diagnosed and discussed; BATHER 4 (27).

Caryocrinus, diagnosed and spp. discussed (28) distrib. (29); BATHER 4.—*C.* sp.; REED (33).—*C. aurora* sp. n. Naungkangyi beds, Sedaw (29, pl. ii): *C. avellana* sp. n. Naungkangyi beds, Sedaw (32, pl. ii): *C. bulbulus*, *gorbyi*, *hammelli*, *indianensis*, *milliganae*, *missouriensis*, *ornatus*, *roemerii*, *sphaeroidalis*, *tumidus* (28) *C. turbo* sp. n., Naungkangyi beds, Sedaw (30, pl. ii); BATHER 4. Palaeont. Indica, Calcutta, (n. ser.) 2, Mem. 3.

Caryocystis, name discussed (15): *C. angelini*, synonymy (16): *C. testudinaria*, synonymy (15); BATHER 4.

Cheirocrinus sp.; REED (26, pl. ii).

Codiacystis; BATHER 4 (12).

Craterina Barr.; BATHER 4 (12).

Daetyloecystidae; BATHER 4 (35).

Diploporita rediagnosed and discussed; BATHER 4 (33).

Echinoenerinites [vel *Echinocnerinus*] *angulosus*; LAMANSKY (79, 171, 178).—*E.* cf. *angulosus*; REED (25, pl. ii).—*E. laevigatus* (79, 171, 178): *E. reticulatus* (79, 171, 178): *E. senckenbergi* et var. *interlaevigata* (79, 171, 178); LAMANSKY.—*E.* aff. *senckenbergi*; REED (26, pl. ii).

Echinosphaeridae, diagnosed and discussed; BATHER 4 (11).

Echinosphaerites balticus; EVANS (634).—*E. kingi*; REED (1, 6.): see *Camaroer*; HOLLAND.

Ecocystites? ? *longidactylus*; PACK 292, pl. i.

Fungocystis, discussed; BATHER 4 (36).

Glyptocystis giganteus; LAMANSKY (79, 171).—*G. leuchtenbergi*? HEDSTRÖM & WIMAN (104).

Helioerinus, synonymy (15) diagnosis and discussion (17); BATHER 4.—*H.* sp.; REED (24).—*H. aranea* (17): *H. balticus* (17): *H. burdigalensis* (18): *H. confortatus* (18): *H. fiscella* sp. n. Naungkangyi beds, Sedaw. (21, pl. i): *H. granatum* (17): *H. helmhackeri* (18): *H. orum* (17): *H. qualis* sp. n. Naungkangyi beds, Sedaw (22, pl. i): *H. rouvillei*; (17): *H. rugatus* sp. n. Naungkangyi beds, Sedaw (19, pl. i); BATHER 4. Palaeont. Indica, Calcutta, (n. ser.) 2, Mem. 3.

Hemicosmites oblongus, *H. rugatus*; EVANS.

Lepadocrinus gebhardi; GRABAU (137, fig.).

Mesites [i.e. *Mesocystis*] *pusyreffskii*; LAMANSKY (79, 171).

Protoerinidae diagnosed and discussed; BATHER 4 (35).

Protoerinus diagnosed and discussed (36): *P. sparsiporus* sp. n., Naungkangyi beds, Sedaw and Machinu (36, pl. ii); BATHER 4. Palaeont. Indica, Calcutta, (n. ser.), 2 Mem. 3.

Pyrocystites pirum; BATHER 4 (12).

Rhombifera diagnosed; BATHER 4 (13).

Sphaeronis pomum; HEDSTRÖM & WIMAN (104).—*S. testudinarius*, synonymy; BATHER 4 (15).

Steganoblastus ottawaensis, descriptions of Whiteaves and Bather reprinted; WHITEAVES 2 (316, figs.).

Stribalocystis; BATHER 4 (28).

Trematocystis; BATHER 4 (13).

II. † BLASTOIDEA.

Asteroblastus sublaevis; LAMANSKY (79, 171).

Blastoidocrinus expansa Hall, sub *Streptelasma* Chazy Limest.; RAYMOND (511).

Metablastus? sp., Lower Carboniferous, N.S.W., descr.; TAYLOR (figs.)—*M. wortheni*; BEEDE (1266, pl. xiv).

Pentremites conoideus; SMITH: *P. conoideus* (1263, pl. xxvi): *P. conoideus amplus* (1263, pl. vii): *P. conoideus perlongus* (1263, pl. vii); BEEDE.—*P. godoni*, 4 and 6 rays; SPRINGER (189).—*P. mucallii* sp. n. Carboniferous, Georgia; SCHUCHERT. Washington, D.C., Smithsonian Inst., Nation. Mus. Proc., **30**, (759, figs.).—*P. verneuili* Roemer non Beadle; THEVENIN in BOULE, Ann. Paleont. Paris, **1** (196).

Sacroblastus rejected; BEEDE (1264).

Tricoclocrinus discussed (1264), stem (1267): *T. meekianus* (1266, pl. xiv): *T. woodmani* (1267, fig.); BEEDE.

Troostocrinus discussed; BEEDE (1264).

K. INCERTAE SEDIS.

† *Bolboporites* sp. nondescr. (80, 178): *B. semiglobosa* (80, 172): *B. triangularis*, et var. *uncinata* (80, 172) LAMANSKY.

† *Loxanella mira*, Cornwall; GREEN & SHERBORN.

VI. VERMIDEA

ARRANGED BY

F. A. POTTS

The groups included under Vermidea are—

- (1) PLATYHELMINTHES, NEMERTINEA, MESOZOA ; (2) NEMATHELMINTHES ; (3) CHAETOGNATHA, ROTIFERA, GASTROTRICHA ; (4) ARCHIANNELIDA, POLYCHAETA, OLIGOCHAETA, GEPHYREA, PHORONIS, HIRUDINEA.

For ENTEROPNEUSTA *vide* PROCHORDATA

PLATYHELMINTHES, NEMERTINEA and MESOZOA.

SUBJECT INDEX.

N.B.—For full reference go to titles.

COMPREHENSIVE AND GENERAL.

Additions to collection of worms in Museum of Rouen; **Pennetier**.

Biography.

Michele Stossich und seine helminthologischen Arbeiten; **Galli-Valerio**.

Medical. (Platyhelminthes).

Bilharzia disease and Dracontiasis, eosinophilia; **Balfour**.

Billiarziakrankheit der weiblichen Genitalien; **Goebel**.

Distomum spathulatum; **Laspeyres**.

Cysticercus im IV. Ventrikel; **Pulvermacher**.

Cysticercus cellulosae in den Lungen; **Kühn**.

Echinococcus cyst of the liver; **Holmes**.

Stellung des Alveolarechinokokkus; **Posselt**.

STRUCTURE. 1207

Anatomy of Rhabdocoela and Acoela; **Brinkmann**.

Anatomie der Tricladida maricola; **Böhmig**.

Anatomy of *Polyonchobothrium polypteri*; **Klaptocz**.

Anatomy of *Taenia acanthocephala*; **Mrázek**.

Anatomie der *Hymenolepis*-arten der Vögel; **Fuhrmann**, **3**.

Anatomy of *Gastrodiscus hominis*; **Stephens**.

Anatomischen und histologischen Verhältnisse der Paramphistomiden; **Daday**.

Anatomie der Redien; **Rossbach**.

Histologie von *Cercariaeum heliciis*; **Roewer**, **2**.

Anatomy of a new species of *Neetoneurtes*; **Cravens** and **Heath**.

Färberische Eigenschaft der Echinokokkusmembran; **Delbanco**.

Morphologie des Nervensystems und Excretionsapparates der Süsswassertricliden; **Nicoletzky**.

Dendrocoelum caraticum Bemerkungen über die Reduktion der Augen; **Enslin**.

Peculiar type of nephridia in *Taeniosoma*; **Coe, 2.**

Excretionsorgane der Süßwasser-tricladen; **Wilhelmi.**

Excretionssystem im Endgliede von *Rhynchobothrium*; **Pintner.**

Distomids with numerous testes; **Lühe, 3.**

Formation of proglottids in *Crossobothrium laciniatum*; **Curtis.**

Die Abnormitäten in den Proglottiden der Cestoden; **Grohmann.**

PHYSIOLOGY. 1211

Fissazione delle Tenie alla parete intestinale e sul loro assorbimento; **Mingazzini.**

Motilité du Scolex échinococcique; **Sabrazès, Muratet, et Husnot.**

Estratto di *Taenia saginata*, inoculazioni negli animali; **Barnabo.**

Fluid of cysticercus stage of *Taenia echinococcus*; **Joest.**

Leben ohne Sauerstoff; **Kulagin.**

Convoluta roseoffensis environmental effects; **Fühner.**

Phototropism of Nemertines; **Minkiewicz.**

Résistance au jeûne et changements de coloration chez *Lineus bilineatus*; **Giard.**

Fortpflanzungsfähigkeit der Art *Meosostomum ehrenbergi* in Zahlen; **Sekera, 3.**

DEVELOPMENT. 1215

General.

Histogenese von *Cereariacum helicis*; **Roewer, 1.**

Action of digestive juices on involucre of eggs of *Taenia*; **Drago, 1 and 2.**

Selbstbefruchtung bei den Rhabdo-coeliden; **Sekera, 1 and 2.**

Les deux varietes de Scolex échinococciques; **Dévé, 1.**

Oogenesis.

Le mode de formation de l'œuf ecto-lécithe du *Distomum hepaticum*; **Hen-neguy.**

Entwicklung der Chromosomen im Ei von *Planaria gonocephala*; **Schleip.**

Einhalt des *Distomum spathulatum* und morphologische Beschaffenheit seines Embryos; **Saito, 2.**

Experiments on organisation in the nemertine egg; **Zeleny.**

Spermatogenesis.

The development of germ cells from differentiated somatic cells in *Moniezia*; **Child, 6.**

Spermien der Nemertinen; **Retzius, 1:** der Turbellarien; **Retzius, 2.**

Embryology.

Entwicklungsgeschichte der Redien; **Roszbach.**

Embryonalentwicklung von *Taenia serrata*; **Janicki, 2.**

Entwicklungsgeschichte von *Cyathocephalus truncatus*; **Wolf.**

Regeneration. Budding.

Significance of different methods of regulation in Turbellaria; **Child, 7.**

Regeneration in *Polychoerus eaudatus*; **Stevens and Boring, 2.**

Inhibitive action of the Roentgen rays on regeneration in Planarians; **Bardeen and Baetjer.**

Form regulation in *Leptoplana*; **Child, 1, 2, 3, 4.**

Regulation and fission in *Planaria*; **Child, 5.**

Regeneration, *Planaria simplicissima*; **Morgan, T. II., 1.**

Regeneration of grafted pieces of planarians; **Morgan, Lillian V., 1.**

(Regeneration in absence of brain in *Leptoplana*; **Morgan, L. V., 2.**)

Crossobothrium laciniatum, formation of proglottids; **Curtis.**

Origin of Proglottides in *Crossobothrium*; **Curtis**, Science, **23**, (524).

Budding in platyhelminth larva; **Hornell**.

ETHOLOGY. 1215

General.

Ethology of Danish Rhabdocoela and Acoela; **Brinkmann**.

Ténias et flore intestinale; **Jammes et Mandoul**.

Flore intestinale des Helminthes; **Weinberg et Soeves**.

Lineus bilineatus, Résistance au jeûne et changements de coloration; **Giard**.

Némertiens bathypélagiques; **Joubin**, 2.

Parasitism (see also Medical).

Kasuistik der Parasiten; **Bolí**.

Parasiten des Elchs; **Lühe**, 1.

Bothrioccephalus latus in province of Rome; **Alessandrini**, 1.

Cestode parasites of man; **Stiles**, 2.

Cysticerken des Zentralnervensystems; **Gebert**.

Cysticercus racemosus des Gehirns; **Gross**.

Taenia cucumerina beim Menschen; **Bollinger**.

Studien an Säugetiercestoden, 18 spp. n.; **Janicki**, 1.

Davainea parasitic in poultry; **Yoshida**.

Weitere Finnenfunde (*Cysticercus cellulosae*) beim Reh; **Borchmann**.

Ucelli alberganti *Cyclocoelinae*; **Stossich**, 1.

Cestodes of birds in the Urals; **Clerc**, 1 and 2.

Cestoden-Arten. von Vögeln; **Fuhrmann**, 1, 2, 3.

Taenia trouvé vivant dans un œuf de Poule; **Raja et Péju**.

Larval platyhelminth cause of pearls in *Placuna placenta*; **Hornell**.

Sporocystes d'un Trematode parasite de *Donax trunculus* infected by Haplosporidia; **Caullery et Chappellier**.

Cerearia parasitic in *Tapes*; **Fujita**.

Cestode parasite des Huitres perlières déterminant la production des perles fines; **Seurat**, 1.

Parasites of the pearl oyster; **Seurat**, 2.

Trematodes parasitic in *Mytilus edulis*; **Lebour**.

Trematode parasites of the cockle and mussel; **Nicoll**, 1.

Fische, Quelle der Infektion mit *Distomum felinum*; **Askanazy**.

Distomi dei Pesci di Roma; **Lotti**.

Distomen der Fische und Frösche von Varsäva; **Sinitryn**.

Eine *Distoma*art im Pankreas der Rinder; **Katsurada** und **Saito**.

Turbellariés parasites des Oursins; **Briot**.

Haplozoon parasite of *Travisia*; **Dogiel**.

VARIATION. 1223

Anormali proglottidi *Taenia saginata*; **Paravicini**.

Anomalie dei Cestodi; **Fasciolo**.

DISTRIBUTION. 1215

Europe.

Bologoje Susswasser-Turbellarien-Fauna; **Plotnikov**, 1.

Vermes of the lakes of the Jura; **Favre** and **Thiebaud**.

Vermes of the Moritzburger Gross-teich near Dresden; **Schorler** and **Thallwitz**.

Kaukasien rhabdocölen Turbellarien Umgebung des Goktscha-Sees; **Plotnikow**, 2.

Verbreitung der *Dendrocoelum caraticum* in der schwäbischen Alp; **Enslin**.

Geographisches von Gebirgsbachplanarien; **Steinmann**.

Alpenplanarie am Ostseestrand; **Thienemann, A.**

Aussterbens von *Planaria alpina* im Hunsrück und im Hohen Venn; **Voigt.**

Belgium. Two trematodes. 1 sp. n.; **Willem.**

NEMATHELMINTHES.

SUBJECT INDEX.

COMPREHENSIVE AND GENERAL.

1403

Biography.

Stossich, Michele und seine Arbeiten; Galli-Valerio.

Medicine and Nematelminthes.

Effects of parasites on their hosts; Shipley and Fearnside.

Appendicitis caused by *Ascaris lumbricoides*; Anley.

Rhabditis strongyloides als Ursache Hautausschläges bei Hunde; Künne-mann.

(N-9720 o)

Eustrongylus gigas im menschlichen Harnapparat mit einseitiger Chylurie; Stuert.

Eine durch *Strongylus rubidus* bedingte Massenerkrankung bei Zuchtsauen; Oppermann.

Une épidémie de trichinose; (Polish) Chelchowski.

Fall von Trichinose mit lebenden Trichinen; Babes.

Filaria loa as human parasite in North America; Wärd.

Nouveau cas de *Filaria loa* mâle; Billet.

Symptoms induced in host by *Filaria*; Billet.

Anguillula-Erkrankungen beim Menschen; Schlüter.

Abmagerung eines Rindes infolge Besetzung mit Nematoden; Schiel.

Nematode parasites of man and domestic animals; Tempère.

Entwicklungsformen als Augenparasiten, mit besonderer Berücksichtigung der periodischen Augenentzündung des Pferdes; Bächstädt.

Nematoda of earth-worm, possible factor in disease; Fraser.

Ankylostomiasis.

Calmette et Breton; Kiewiet de Jonge; Tenholt, **1, 2**; in deutschen Bergwerken Löbker u. Bruns; in Sachsen Karg; Hickson, Nature, **73**, (344).

Infektion mit *Ankylostomum* durch die Haut; Looss; Tenholt; Luke, **2**; Schüffner.

Ueber den Infektionsmodus und die vermeintliche Giftwirkung der *Ankylostomum* Würmer; Liefmann.

Agriculture and Nematelminthes.

Free-living nematodes causing plant diseases in Ireland; Carpenter.

Auftreten von *Tylenchus devastatrix* in Lupinen; Mayer Gmelin.

Free-living nematodes from soil round roots of sugar cane; Cobb, **2**.

SUBJECT INDEX.

COMPREHENSIVE AND GENERAL. 1803

A new method of collecting earthworms for laboratory use; Hargitt, Science, 23, (470).

STRUCTURE. 1807

Anatomy of *Ieldthyotomus sanguinarius*; Eisig.

Morphologie von *Polygordius*; Hempelmann.

Morphologie et anatomie comparée des Sipunculides; Hérubel 1, 3, and 7.

Acanthobdella peledina; Livanow.

Struttura di larve di Sipunculidi; Senna.

Anatomy and histology of *Rhabdopleura normanii*; Schepotieff, 1.

Anatomy of *Cephalodiscus gilchristi*; Ridewood.

Hautsinnesorgane bei Rhynchobdelliden; Mayer, Wilhelm.

Histology of *Branchellion*; Pérez.

(N-9720 a)

Productions tégumentaires des Sipunculides; Hérubel, 8.

Epidermal organs in *Phascolosoma gouldii*; Nickerson.

Organes segmentaires des Polychètes; Page.

(Organe nuchal et organe externe annexe des néphridies chez le Chétopère; Gravier, 9, 10.)

Homologie von Cirrus und Elytron bei den Aphroditiden; Duncker.

Nervous system and nephridia of *Dinophilus*; Nelson, J. A., Science, 24, (298).

Vorderdarm des *Polygordius* und des *Saccocirrus*; Salensky.

Solenocytes in nephridia of *Dinophilus*; Shearer, (1).

Morphologie der Segmentalorgane des Regenwurms; Szüts.

Structure of nephridia of *Acolosoma* and *Mesenchytraeus*; Vejdovsky, 1.

Il cloragogo tipico degli Oligocheti; Rosa, 5.

Nefridii con sbocco intestinale comune dell' *Allolobophora antipae*; Rosa, 4.

Beitrag zur Hamocöltheorie; Vejdovsky, 2.

Gefäßsystems der *Pisiccola*; Selensky.

Vaisseaux sanguins du *Sipunculus nudus*; Enriques.

Le liquide coelomique de *Sipunculus nudus*; Ladreyt.

Ghiandole ermafroditiche negli Oligocheti; Cognetti de Martiis, 8.

Encheitride ad ampolla spermatocale unica; Issel, 1.

Sexorgans in *Acolosoma*; Nelson, 1.

Geschlechtsverhältnisse und die Geschlechtsorgane von *Lumbriculus variegatus*; Mrasek, 2.

PHYSIOLOGY. 1811

Physiologie et biostatique des Sipunculides; Hérubel, 1.

Sex determination, *Dinophilus*; Conklin.

Geschlechtsbestimmende Einflüsse des *Dinophilus apatris*; Malsen.

b 13—3

Physiologie der Segmentalorgane des Regenwurms; **Szűts**.

Blutgerinnung mit Berücksichtigung der Hirudinen-wirkung; **Schittenheim** u. **Bordong**.

Iethyotomus: autotomie, ein auf das Blutwirkende anticoagulirend Sekret: **Eisig**.

Vaisseaux sanguins du *Sipunculus nudus*; **Enriques**.

Magnesian carbonate content of serpulid shells; **Nichols**, H. W.

Lebensdauer der Lumbriciden; **Korschelt**.

Attitudes et mouvements des Annelides; **Bohn**.

Locomotion of the Annelids; **Eisig**.

Reactions of earthworms to salts; **Parker** and **Metcalf**.

Experiments on behavior of tubicolous annelids; **Hargitt**.

Modifiability of behavior in *Hydroides dianthus*; **Yerkes**.

Factors determining movement in the earthworm; **Jennings**.

(Hermaphroditism in *Sabella*; **Gregory**.)

Regeneration *vide* Development.

DEVELOPMENT. 1815

Of *Mitraria*; **Cialona**.

Développement dans les reproductions sexuelles et asexuelles des Salmacines et des Filogranes; **Malaquin**, 2.

Actinotrochen der norwegischen Fjorde; **Schepotieff**, 2.

Sviluppo del *Protodrilus* e del *Saccocirrus*; **Pierantoni**, 6.

Sviluppo embrionale e larvale del *Saccocirrus papillocreus*; **Pierantoni**, 5.

Development of *Phaseolosoma*; **Gerould**.

Gestazione esterna della *Pionosyllis pulligera*; **Pierantoni**, 1.

Oogenesis and spermatogenesis of *Branchiobdella*; **Smallwood**.

(Maturation *Allolobophora foetida*; **Foot** and **Strobell**.)

Reifung der Geschlechtszellen von *Ophryotrocha puerilis*; **Schreiner**.

The cytogeny of *Podarke obscura*; **Treadwell**.

Eibildung des *Dinophilus apatris*; **Malsen**.

Spermatogenése beim *Lumbricus terrestris*; **Depdolla**.

Spermatogenese du *Lumbricus agricola*; **Bugnion** et **Popoff**.

Saccocirrus. Eibildung, Eireifung und Befruchtung; **Hempelmann**, 2.

Fécondation chez la Serpule; **Soulier**.

Parthenogenetic development of *Amphitrite*; **Scott**.

Artificial Parthenogenesis in *Thalassema*; **Lefevre**.

Cell communications between blastomeres in *Eupomatus* and *Polygordius*; **Shearer**, 2.

Elementary phenomena of embryonic development in *Chaetopterus*; **Lillie**.

Zweiter Beitrag zur Hämocöltheorie; **Vejdovsky**.

Development of larval nephridia in *Phoronis*; **Shearer**, 3.

Development of nephridia in *Dinophilus*; **Shearer**, 1.

Prétendu cas de bourgeonnement chez *Anisocirrus*; **Gravier**, 6.

Collateral budding in *Trypanosyllis misakiensis*; **Izuka**, 1, 2.

Scissiparité génitale des Chétopères; **Jourdain**.

La forme hétéronéréidienne de *Nereis fucata*; **Giard**.

(*Heteronereis* stage of *Nereis kobienensis*; **Treadwell**, 3.)

Regeneration in *Amphiglena*; **Driesch**. *Spirographis spallanzanii*; **Ivanow**.

Regeneration in *Spirographis spallanzanii*; **Orlandi**.

Die Regeneration der Segmente bei den Polychäten; **Ivanow**.

Regeneration in *Potamilla*; **Watson**.

Regeneration of double tentacles in *Nereis dumerilii*; **Byrnes**.

Regeneration in *Allolobophora*; **Morgan**, 2.

ETHIOLOGY. 1819

HABITS.

Similarity between tubes of worms and ammonites of Senonian; **Boule and Therenen**, Paris, Ann. Paléont. 2 (53).

Taenurus probable burrow of polychaetous annelid; **Sarle**, 2.

Arthrophyeus and *Daedalus* of burrow origin; **Sarle**, 1.

Relations of boring Polychaets and oysters; **Guerin**.

Oekologie des *Tubifex* und *Lumbriculus*; **Wagner**.

Habits of tube-building worms; **Watson**, Nature 74 (562).

Schlammkulturen und eigentümliche Schlammgebilde durch *Lumbriculus*; **Klunzinger**.

PARASITISM.

Ueber lebende Hirudineen im Bindehautsack des menschlichen Auges; **Kuwahara**.

Sanguis parasites des Palmipèdes; **Mégnin**.

Zwei Fälle von Blutegeln in der Trachea; **Tsakyroglous**.

Ichthyotomus sanguinarius, eine auf Aalen schmarotzende Annelide; Parasitism in the Polychaeta; **Eisig**.

(*Myxostoma*, parasite of starfish; **Wheeler**.)

Mode de transmission des Trypanosomes par les Hirudinées; **Brumpt**, 1, 2, 3.

Myxocystis parasite de *Pheretima*; **Hesse**.

Sporozoaire parasite des *Scoloplos armiger*; **Brasil**, 2.

Grégarines parasitic in *Lumbricus herculeus*; **Brasil**, 1.

Polychaeta, protozoan parasites; **St. Joseph**.

Travisia parasitised by *Haplozoon*; **Dogiel**.

Copépode ectoparasite de *Nereis Dumerilii*; **Malaquin**, 1.

DISTRIBUTION. 1827

1. Terrestrial.

Europe.

Lumbriciden - Fauna Ostpreussen; **Collin**, 2.

Naididen Kurischen Nehrung; **Thienemann**, J., 1.

Lumbricidi dell' Europe orientale; **Cognetti de Martiis** 3.

Montenegro Hirudinea; **Blanchard**.

Bologoje Susswasser - Oligochéten - Fauna; **Plotnikov** 1.

Ligurian Lumbricidae; **Cognetti de Martiis**, 10.

I. Elba Enchitreidi; **Issel**, 2.

Asia.

India, *Chaetogaster* sp. n.; **Annandale**.

North America.

Cedar Point, Ohio, *Naididae*, 7 spp. n.; **Walton**.

Great lakes region. Hirudinea and Oligochaeta; **Moore**, 3.

Africa.

Tanganyika, Oligochaeta, 4 spp. n.; **Beddard**.

Lumbrichi di Madagascar e dell' isola Riunione; 2 spp. n., **Cognetti de Martiis**, 6.

Megascolecidi africani dal Ruwenzori; **Cognetti de Martiis**, 5.

Oligocheti della Regione Neotropica; **Cognetti de Martiis**, 9.

Australasia and Antarctic.

Notes on New Zealand Earthworms; **Benham**, 1.

Earthworms from Little Barrier Island, New Zealand; **Benham**, 2.

Antarctic Oligochaets, 2 spp. n.; **Michaelsen**.

Antarctic oligochaets; **Richters**.

Atlantic.

Canary Islands Oligochaeta Drilo-fauna; **Cognetti de Martiis**, 1.

2. Marine.

Distribution des Sipunculides; **Herubel**, 5.

Polychètes de France (Océan et côtes de Provence); **Saint-Joseph**, de.

Priapulides des côtes occidentales de la Scandinavie; **Hézubel**, 6.

Arctic Priapulids and Echiurids; **Théel**.

Norwegian fjords, Actinotrocha; **Schepotieff**, 2.

Sargasses, Annélides de la mer des; Prince Albert de Monaco, C.-R. Acad. Sci., **143** (622).

Geographical distribution of *Rhabdopleura*; **Schepotieff**, 1.

West Indian Islands; **Augener**; Polychaeta dredged by the "Blake," 20 spp. n. 3 var. n.; St. Vincent *Myzostoma*, 1 sp. n.; **Reichensperger**.

Indo-Pacific.

Mer Rouge affinités de la faune annélidienne; **Gravier**, 2.

Mer Rouge les Annélides polychètes (Sabellides); **Gravier**, 1.

Faune annélidienne de la mer Rouge et ses affinités; **Gravier**, 1.

La mer Rouge Annélides Polychètes; **Gravier**, 5.

Indian Ocean. *Owenia fusiformis* et sa distribution géographique; **Gravier**, 4.

Polychaeta of the Maldives and Laccadives; **Gardiner**, Fauna Maldives and Laccadives, 2, supp. ii, 1906, (1048).

Hawaiian islands. Albatross collections Polychaeta 26 spp. n.; **Treadwell**.

Japan. Myzostomes of "Albatross" expedition, 8 spp. n., 1 var. n.; **McClendon**.

(North Pacific. New species *Ampharetidae* and *Terebellidae*; **Moore**, 4.)

Alaska. 2 spp. n.; **Moore**, 2.

II.—SUBJECT INDEX.

N.B.—For full Reference go to Titles.

GENERAL 2003

Bibliography.

Publications during 1905; **Mayer**; **Sykes & Smith**.

N. American palaeontological publications, 1901-5; **Weeks**.

Bibliography, 1900-2; **Meissner**.

Museums.

Catalogue of type-specimens in the New York State Museum; **Clarke, 2**, (43-133).

Catalogue of Natal Government Museum collection; **Warren**.

D'Orbigny's "Prodr. Paléont. Strat. Univ." types reviewed and figured; **Boule & Thevenin**.

STRUCTURE. 2007

Shell, percentage of magnesium carbonate; **Nichols**.

Shell of Diphyoid Terebratulids; **Buckman, 1**.

Shell, suggested explanation of lobation in Diphyoids; **Bather** in **Buckman, 1**.

PHYSIOLOGY. 2011

Senescence; **Shimer, 2**.

DEVELOPMENT. 2015

Ontogeny of Devonian spp. from Lake Canandaigua, N. York; **Raymond, 1**.

ETHOLOGY. 2019

Association of *Sabellaria aleocki* with *Kingena aleocki*; **Gravier**.

VARIATION AND ÆTIOLOGY. 2023

Phylogeny; **Scupin**.

Devonian spp. from Lake Canandaigua, N. York; **Raymond, 1**.

Diphyoid Terebratulacea, homœomorphism; **Buckman, 1**.

DISTRIBUTION. 2027

(a) RECENT.

General.

Collections of the "Valdivia" and "Gauss" expeditions; *Chlidonophora*, *Liothyrina*, *Macandreria*, *Magellania*, *Terebratella*, spp. n.; **Blochmann**.

Europe.

Ireland, fauna of W. Coast; **Sykes**.

Mediterranean, French spp.; **Granger**.

N. America.

Canada, fauna of Anticosti I.; **Schmitt**.

Australasia.

Queensland, fauna of Masthead Reef; **Hedley, 2**.

New South Wales, *Campages* gen. et sp. n., *Hemithyris* sp. n.; **Hedley, 1**.

New South Wales, occurrence of *Liothyrina uva*, Brod. at Twofold Bay; **Ehlert**.

N. Hebrides, occurrence of *Thecidea maxilla*, Hedley; **Hedley, 1**.

Atlantic.

Occurrence of *Liothyrina ura*, Brod.
off Buenos Ayres; **Ehlert**.

Indian Ocean.

Kingena, sp. n.; **Joubin**.

Antarctic.

Heard I., occurrence of *Liothyrina ura*, Brod.; **Ehlert**.

(β) Fossil.

General.

England, lists of fossils from Cornwall; **Cornish**.

England, few fossils from Cornwall; **Green & Sherborn**.

England, lists of fossils from Cheshire; **Pocock**.

Austria, fossils from Salzburg; **Fugger, 2**.

Amboyna, late Palaeozoic or early Mesozoic fossils; *Athyris*, *Diclasma*, *Rhynchopora*, *Spiriferina*, *Waldheimia*, spp. n.; **Boehm in Verbeek**.

Madagascar, fossils; **Lemoine**.

Madagascar, fossils; **Thevenin, 1, 2**.

Canada, fossils from Beechey I., Lancaster Id., and Cape Chidley; **Low**.

United States, fossils from Bighorn Mts., Wyoming; **Darton**.

Cainozoic.

Japan, Post-Pliocene (or Pliocene) fauna of Tokyo, *Waldheimia*, sp. n.; **Tokunaga**.

Post-Tertiary.

Norway, fossils from E. Nedene; **Danielsen**.

Tertiary.

France, Miocene spp. from Gourbesville, Manche; **Dollfus**.

Spain, fossils from the Plana de Vich, Catalonia; **Almera, 1, 2**.

Italy, fauna of the Piedmont basin; **Sacco**.

San Marino, fossils; **Nelli**.

Galicia, Sarmatian fauna of Tarnobrzeg; **Friedberg**.

Carinthia, Eocene fossils; **Redlich**.

Patagonia, fauna; **Ameghino**.

Mesozoic.

Diphyoid group of Terebratulæ; **Buckman, 1**.

England, Liassic and Cretaceous fossils from the neighbourhood of Sidmouth and Lyme Regis; **Woodward & Ussher**.

Italy, fossils from Lake Garda, Lombardy; **Prinz**.

Switzerland, fossils from the Oberengadin; **Zoeppritz**.

Hungary, palaeontology of the Gerecse-Gebirge; **Staff**.

Transylvania, lists of fossils; **Koch**.

Montenegro, few fossils; **Martelli, 1**.

S. America, fossils from the Peruvian Andes; **Burckhardt**.

Cretaceous.

Germany, fauna of Schaumburg-Lippe; **Harbort**.

Germany, fossils from Münster; **Wegner**.

Germany, fossils from near Brunswick; **Wollemann**.

England, few fossils from Norfolk; **Brydone**.

England, Upper Cretaceous fossils from the London Basin; **Treacher & White**.

England, fossils from the Phosphatic Chalk of Berkshire; **White & Treacher**.

France, Lower Campanian fauna of S.E. district; **Repelin**.

Switzerland, Gault fossils from the Engelberg valley; **Jacob & Tobler**.

Austria, fossils from Golling; **Fugger, 1**.

Hungary, fauna of the Peterwardein Mts.; **Pethö**.

Silesia, fauna of the Grodischter Schichten; *Rhynchonella*, sp. n.; **Archer**.

Galicia, fossils from the 'Spasser Schiefer'; **Wisniewski**.

Bohemia, fossils from the Iser district; **Zahálka**.

Carinthia, fossils; **Redlich**.

Africa, fauna of Tripoli; *Crania* sp. n.; **Krumbeck**.

Patagonia, Upper Cretaceous fauna; **Ameghino**.

Jurassic.

Terebratulacea of the *Virgalites virgatus* and *Oxynoticeras catenulatus* beds; *Zeilleria*, spp. n.; **Lehmann**.

Germany, fossils from the Bayerische Wald; **Wanderer**.

Bavaria, fossils from the Oberpfalz; **Reuter**.

Bavaria, Liassic fossils; **Renz**.

England, Upper Liassic fossils from Stroud, Gloucestershire; **Upton**.

France, Toarcian fossils from Macon; **Lissajous**, 1.

France, Bajocian and Bathonian fossils from Macon; **Lissajous**, 2.

Italy, Lower Lias, Spezia, occurrence of *Pygope aspasia*; **Fucini**.

Italy, Lower Liassic fossils from Perugia; **Merciai**.

Italy, Liassic fauna of Sospirolo; *Rhynchonella*, *Spiriferina*, *Terebratula*, *Waldheimia*, spp. n.; other spp. figd.; **Piaz**.

Moravia, Portlandian fossils from boulders of the "Stramberger Kalkstein" at Rychaltitz; **Remeš**, 1, 2.

Roumania, fauna of Hârsova; **Macovei**.

E. Morocco, fauna; **Gentil & Lemoine**

Triassic.

Montenegro, fauna of the Upper Muschelkalk; *Rhynchonella*, sp. n.; **Martelli**, 2.

Palæozoic.

Catalogue of type-specimens in the New York State Museum; **Clarke**, 2, 43-133).

Fossils associated with *Reticularia levis*; **Kindle**, 1.

Comparison of Russian, Indian and American Permian and Carboniferous faunas; **Schuchert**.

Sweden, few fossils from Falköping; **Munthe**, 1.

Sweden, fossils from Tidaholm; **Munthe**, 2.

Russia, fossils from Podolia, some new names without description; **Siemiradzki**, 1.

Russia, fauna of Podolia; **Siemiradzky**, 2.

Russia, fauna of Podolia; *Orthis*, *Strophomena*, *Waldheimia*, spp. n.; **Siemiradzky**, 3.

Italy, fauna of the Col Mezzodi, Carnian Alps; *Notothyris*, *Rhynchonella*, *Terebratula*, spp. n.; **Gortani**.

China, fossils from Shantung; **Lorenz**.

S. Africa, fossils; *Reusscleria*, *Trigonia*, spp. n.; **Schwarz**, 2.

Canada, fossils from James Bay region, Ontario; **Wilson**.

United States, upper Silurian and lower Devonian faunas, Orange County, N. York; *Coelospira*, sp. n.; **Shimer**, 1.

United States, fossils from Eastern New York; **Hartnagel**.

United States, lists of spp. from the Scholharie Valley, N. York; **Grabau**.

S. America, Silurian and Devonian fossils from the lower Amazon region; **Schuchert**, 2.

Australia, fossils from Fossil Head, Northern Territory, S. Austr., *Ortholetes*, sp. n.; **Etheridge**.

Permian.

Italy, fauna of the Bellerophonkalk of Cadore; *Ombonia*, gen. n.; **Caneva**.

Cashmere, occurrence of *Productus purdoni* Dav.; **Koken**.

Carboniferous.

Belgium, fossils from Baudour ; **Cornet, 2.**

Belgium, fossils from Mons ; **Cornet, 1.**

Belgium, fossils from Petit-Modave ; **Destinez, 2.**

British Is., lists of fossils from North Shropshire, Denbighshire and Flintshire ; **Hind & Stobbs.**

England, fossils from Craven district ; **Wilmore.**

England, fauna of the Cheadle coal-field ; **Ward.**

England, Lower Carboniferous fossils from Cannock-Chase ; **Cockin.**

England, Avonian fauna of the Avon Gorge ; notes on Carboniferous genera ; **Vaughan, 2.**

England, Avonian fauna of the Mendip area ; **Sibley, 2.**

England, few fossils from Ingleton, Yorks ; **Vaughan in Johns.**

England, fossils from Pateley Bridge ; **Vaughan, 3.**

England, fauna of Burrington Combe, Somerset ; **Sibley, 1.**

Wales, fossils from South-west Gower ; **Vaughan, 1.**

Scotland, fossils from near Glasgow ; **Macnair.**

Ireland, fossils from Rush, co. Dublin ; **Matley & Vaughan in Matley.**

Fauna of the Carnian Alps ; *Meekella*, *Orthothetes*, spp. n. ; **Vinassa de Regni & Gortani.**

Hungary, fauna ; **Frech.**

China, Upper Carboniferous fauna of southern Tian-Shan ; *Entelates*, sp. n. ; **Keidel.**

United States, fauna of the Kinderhook group ; *Productella*, *Spirifer*, spp. n. ; **Weller, 1.**

United States, fauna of the Glen Park Limestone, St. Louis, Mo. ; **Weller, 2.**

Devonian.

Fauna of the Eastern Alps ; **Scupin.**

Belgium, Fammenian fauna of Condroz ; **Destinez, 1.**

England, fossils from St. Minver, Cornwall ; **Fox.**

Occurrence of *Rhynchonella ascendens* near Čelechovic ; **Smyčka.**

Africa, fossils from the Sahara ; *Spirifer*, sp. n. ; **Haug.**

S. Africa, fossils ; **Schwarz, 1.**

S. Africa, few fossils from the Bokkeveld Beds ; *Ptychospira*, *Scaphicælia*, spp. n. ; **Reed.**

United States, list of fossils from New York ; **Slocum.**

United States, fauna of Percé, New York ; many nomina nuda ; **Clarke, 3.**

United States, fauna of the Moscow Shales at Lake Canandaigua, N. York ; **Raymond, 1.**

United States, Oriskany fauna Becroft Mt., New York ; *Brachyprion*, *Chonetes*, *Cryptonella*, *Cyrtina*, *Leptostrophia*, *Meristella*, *Oriskania*, *Orthothetes*, spp. n. ; **Clarke, 1.**

United States, fossils from near Altoona, Pa. ; **Kindle, 2.**

Falkland Is., fossils ; **Newton.**

Silurian.

Russia, fauna ; *Orthis*, *Plectella* (gen. n.) spp. n. ; **Lamansky.**

England, fossils from the Ludlow district ; **Elles & Slater.**

Bohemia, fossils ; **Želizko, 1.**

Bohemia, fossils from near Rosenthal ; **Želizko, 2.**

Canada, Upper Silurian fauna, Ekwan River and Sutton Mill Lakes, Keewatin, Ottawa ; *Glassia*, *Camarotoechia* ; *Reticularia*, *Meristina*, spp. n. ; **Whiteaves, 1.**

Canada, fauna of Guelph formation of Ontario ; **Whiteaves, 3.**

Canada, fauna of Manitoba ; *Camarotoechia*, *Rhynchospira*, spp. n. ; **Whiteaves, 2.**

Canada, fauna of Anticosti I. ; **Schmitt.**

United States, fauna of Guelph formation, New York ; *Monomerella* sp. n. ; **Clarke & Ruedemann.**

United States, fossils from the Chazy Limestone of Lake Champlain ; **Hudson.**

Ordovician.

Wales, fossils from Western Caermarthenshire; **Evans**.

Canada, fossils from Eastern Ontario; **Ami**.

Canada, fossils from the Ottawa Valley; **Ells**.

United States, fauna of the Chazy Limestone; **Raymond**, 2.

United States, fossils from the Chazy formation, Champlain Valley, Vermont; *Lingula* sp. n.; **Seely**.

United States, fauna of St. Albans, Vermont; **Edson**.

United States, fossils from the Arnheim and Waynesville Beds; **Foerste**.

Cambrian.

China, fauna; **Walcott**, 1.

China, fauna; *Discinopsis*, *Orthis*, *Yorkia*, spp. n.; **Walcott**, 2.

United States, fossils from the Pioche Mountains, Nevada; *Lingulella*, sp. n.; **Pack**.

I. TITLES.

Ameghino, Florentino. Les formations sédimentaires du crétacé supérieur et du tertiaire de Patagonie avec un parallèle entre leurs faunes mammalogiques et celle de l'ancien continent. *An. Mus. Nac.*, Buenos Aires, ser. 3, **8**, (1-568).

Ami, H. M. Preliminary lists of fossil organic remains from the Potsdam, Beekmantown (Calcareous), Chazy, Black River, Trenton, Utica, and Pleistocene formations comprised within the Perth Sheet (No. 119) in Eastern Ontario. *Rep. Geol. Surv. Can.*, Ottawa, **14**, 1904 (80j -9 j).

Annandale, N[elson]. Notes on the freshwater fauna of India. No. 11. The affinities of *Hispioa*. *Calcutta, J. As. Soc. Beng.*, **2**, 1906 (59-63).

Apstein, C. Plankton in Nord- und Ostsee auf den deutschen Terminfahrten. I. Teil. (Volumina 1903). *Wiss. Meeresunters.*, Kiel, N.F., **8**, Abt. Kiel, 1906, (1-26 + lix).

Barrow, George *vide* Pocock, T. I.

Bassler, Ray S. **1**. A study of the James types of Ordovician and Silurian Bryozoa. Washington, D.C., Smithsonian Inst., U. S. Nation. Mus., Proc., **30**, 1906, (1-66) pl. [Reprinted as Thesis, Ph. D., George Washington University, Washington, 1906, (1 p. 1. + 66) pl.

Bassler, R. S. **2**. The bryozoan fauna of the Rochester shale. Washington, D.C., U. S. Dept. Int., Bull. Geol. Surv., No. **292**, 1906, (v + 137 + iii) pl.

Bather, F. A. *vide* Fox, H.

Bonnevie, Kristine. Physiologische Polyspermie. *Arch. Math. Naturv.*, Kristiania, **27**, No. 13, 1906, (15), 1 Taf.

[**Boule**, Marcellin & **Thévenin**, Armand]. Types du Prodrome de paléontologie stratigraphique universelle de D'Orbigny. *Ann. Paléont.*, Paris, **1**, 1906, (97-100, 165-72, 193-6).

Brydone, R. M. **1**. Further notes on the stratigraphy and fauna of the Trimmingham chalk. *Geol. Mag.*, London, n. ser., decade 5, **3**, 1906, (124-31).

Brydone, R. M. **2**. Further notes on the stratigraphy and fauna of the Trimmingham chalk. *Geol. Mag.*, London, n. ser., decade v, **3**, 1906, (289-300).

Bullen, R[obert] Ashington. Notes on some Microzoa and Mollusca from East Crete. *Geol. Mag.*, London, N Ser., **3**, 1906, (354-358).

Calvet, Louis. **1**. Description d'une nouvelle espèce de Bryzoaire cténostome du genre *Aleyonidium* Lamouroux (*A. Brucei*). Paris, *Bul. soc. zool.*, **28**, 1903, (33-36).

Calvet, Louis. **2**. Diagnoses de quelques espèces de Bryozoaires nouvelles ou incomplètement décrites de la région sub-antarctique de l'Océan Atlantique. Paris, *Bul. soc. zool.*, **29** 1904 (50-59).

Canu, Ferdinand. Étude des Bryozoaires tertiaires recueillis en 1885 et 1886 par M. Ph. Thomas dans la région sud de la Tunisie. Exploration scientifique de la Tunisie, Paris, **1904**, (37 3 pl.

Clark, Rose Mabel *vide* Pace, R. M.

Clarke, John M. **1**. Report of the State Paleontologist, 1903. Albany Univ., N.Y., *Rep. St. Mus.*, **57**, Bull. 80, 1905.

II.—SUBJECT INDEX.

N.B.—For full reference go to Titles.

GENERAL.

2003

Bibliography.

Publications during 1905; **Kemp; Mayer.**

N. American palæontological publications, 1901-5; **Weeks.**

References to Bryozoa in early authors; **Neviani, 2.**

Museums.

New York State Museum, catalogue of type-specimens of Palæozoic fossils; **Clarke, 1.**

D'Orbigny's "Prodr. Paléont. Strat. Univ.," types reviewed and figured; **Boule & Thevenin.**

James' types re-described; **Bassler, 1.**

Technique.

Fixation and staining, eggs and larvæ of *Flustrella hispida*; **Pace.**

STRUCTURE.

2007

General, *Aleyonidium brucei*; **Calvet, 1.**

General, *Aleyonidium mytili*; **Silbermann.**

General, *Hispia*; **Annandale.**

General, *Loxosoma davenporti*; **Nickerson,**

General, larval *Pedicellina*, *Aleyonidium*, etc.; **Seeliger.**

General, *Plumatella javanica*; **Kraepelin.**

General, *Rhabdopleura*; **Schepotieff.**

Zoæcium of *Eleidae*; **Lang, 1.**

Zoæcium, percentage of Magnesium carbonate; **Nichols. II. W.**

PHYSIOLOGY.

2011

Rheotropism, *Bugula*; **Hallez.**

DEVELOPMENT. 2015

General, *Flustrella hispida*; comparison with other forms; **Pace**.

Budding, degeneration and regeneration in *Aleyonidium* and *Bugula*; **Römer**.

Spermatozoa, *Aleyonella*, *Triticella*; **Retzius**.

Polyspermie, *Membranipora*; **Bonnevie**.

Larvæ; **Seeliger**.

ETHOLOGY. 2019

Association of *Plumatella polymorpha* with *Astacus fluviatilis*; **Łomnicki**.

Membranipora membranacea, influence of brackish water; **Loppens**.

Plumatella repens, appearance in a heated aquarium; **Köhler**.

VARIATION AND
ÆTIOLOGY. 2023

Verwandtschaftsbeziehungen der Bryozoen; **Seeliger**.

Variation in *Membranipora membranacea* induced by brackish water; **Loppens**.

Topomorphs of Eleidae; **Lang**, 1.

DISTRIBUTION. 2027

(a) RECENT.

General.

Collections of the second "Fram" expedition: *Eschara*, *Porella*, *Ramphostomella*, *Schizoporella*, spp. n.; **Nordgaard**, 2.

Europe.

W. Norway, fauna; *Bugula*, *Smithia*, spp. n.; **Nordgaard**, 1.

Germany, fauna of the Rhine district; **Lauterborn**.

Germany, *Pectinatella magnifica* (Leidy) bei Berlin; **Weltner**.

Germany, species from the Moritzburger Grossteich near Dresden; **Schorler**, **Thallwitz** & **Schiller**.

Holland, varieties of *Membranipora membranacea* in brackish water; **Loppens**.

British Is., distribution of "*Cyphonautes*" larva during 1901; **Gough**.

Ireland, occurrence of *Hypophorella expansa*; **Nichols**, A. R.

North Sea, distribution of "*Cyphonautes*" larva during 1903; **Apstein**.

Asia.

India, freshwater fauna, *Hispidia*; **Annandale**.

Java, *Plumatella jaranica* sp. n.; **Kraepelin**.

N. America.

Canada, fauna of Anticosti I.; **Schmitt**.

United States, *Loxosoma*, sp. n., New England coast; **Nickersen**.

Australasia.

Fauna Chatham I. and D'Urville I.; *Lepralia*, *Smithia*, spp. n.; **Waters**.

Arctic.

Fauna of Davis Strait and Greenland; **Norman**.

Fauna of Bear I. and West Spitzbergen; *Allepore*, sp. n.; **Kluge**.

Kolguev I., *Aleyonidium*, sp. n.; **Calvet**, 1.

Atlantic.

Bryozoaires de la région sub-antarctique del' Océan Atlantique; **Calvet**, 2.

(β) FOSSIL.

General.

England, lists of fossils from Cheshire; **Pocock**.

Madagascar, fossils; **Lemoine**.

Canada, fossils from Beechy I.; Lancaster Sl.; and Cape Chidley; **Low**.

United States, fossils from Bighorn Mountains, Wyoming; **Darton**.

Cainozoic.

Italy, fauna of the Piedmont basin; **Sacco**.

Post-Tertiary.

Sweden, occurrence of *Cristatella mucedo*; **Witte**.

Crete, few species from cave-deposit; **Bullen**.

United States, fauna of Maryland; **Ulrich**.

United States, fossils from Sankaty Head, Nantucket; **Wilson**.

Tertiary.

France, fossils from the Faluns of Saint-Denis, Ile D'Oléron; **Degrange-Touzin**.

Italy, Pliocene fossils; **Toldo**.

S. Tunis, fauna *Cribricella* (gen. n.) *Membranipora*, *Fluclactella*, *Poricella* (gen. n.) spp. n.; **Canu**.

Patagonia, fauna; **Ameghino**.

Mesozoic.

Cretaceous.

Key to spp. of *Eutalophora*; **Lang**, 2.

Germany, fauna of Schaumburg-Lippe; **Harbort**.

England, fossils from the Phosphatic Chalk of Berkshire; **White & Treacher**.

England, fauna of the Trimmingham Chalk; *Cribrilina*, *Eschara*, *Membranipora*, *Mucronella*, *Semieschara*, spp. n.; **Brydone**, 2.

England, occurrence of *Siphoniotyphis tenuis*, Ilag. in the Trimmingham Chalk; few fossils from between Clomer and Weybourne; **Brydone**, 1.

England, *Semimullelea* sp. n. Surrey; **Lang**, 1.

England, Upper Cretaceous fossils from the London Basin; **Treacher & White**.

Bohemia, fossils from the Iser district; **Zahálka**.

Pondoland, Cretaceous fauna; *Elca*, sp. n.; **Lang** in **Woods**.

Patagonia, Upper Cretaceous fauna; **Ameghino**.

Jurassic.

Germany, fossils from the Bayerische Wald; **Wanderer**.

France, Toarcian fossils from Macon; **Lissajous**.

Italy, Lower Lias fossils from Perugia; **Merciai**.

Moravia, fossils from boulders of the "Stramberger Kalkstein," Rychaltitz; **Remeš**, 1, 2.

Palæozoic.

Catalogue of type-specimens in the New York State Museum; **Clarke**, 1.

Russia, fauna of Podolia; **Siemi-radzky**, 1, 2.

Russia, fossils from Podolia, some new names without descriptions; **Siemi-radzki**.

United States, Upper Silurian and Lower Devonian faunas, Orange County, N. York; **Shimer**.

United States, lists of fossils from the Schoharie Valley, N. York; **Grabau**.

United States, James' types of Ordovician and Silurian fossils from Cincinnati, Ohio, re-described; **Bassler**, 1.

S. America, fossils from the lower Amazon region; **Schuchert**.

Carboniferous.

Belgium, fossils from Petit-Modave; **Destinez**, 2.

England, fauna of Burrington Combe, Somerset; **Sibley**.

England, Avouian fauna of the Avon Gorge; **Vaughan, 2.**

Wales, few fossils from S.W. Gower; **Vaughan, 1.**

Scotland, fossils from near Glasgow; **Macnair.**

Carnian Alps, fauna; **Vinassa de Regni & Gortani.**

Carnian Alps, fauna of the Fusulinenkalk; *Rhombopora*, *Septopora*, spp. n.; many others figd.; **Johnsen.**

Devonian.

Belgium, Fammenian fauna of Condroz; **Destinez, 1.**

England, fossils from St. Minver, Cornwall; **Fox.**

United States, fauna of Percé, N. York; **Clarke, 2.**

United States, fossils from N. York; **Slocum.**

United States, fauna of the Moscow Shales of Lake Canandaigua, N. York; **Raymond.**

Silurian.

Sweden, fauna of Gotland; *Cœnites*, *Fenestella*, *Polypora*, *Semicoscinium*, *Sphragiopora*, *Stomatopora*, *Thamniscus*, spp. n.; **Hennig.**

Russia, fauna; **Lamansky.**

United States, fossils from the Chazy Limestone, Lake Champlain; **Hudson.**

United States, fossils from the Chazy formations of Champlain Valley, Vermont; *Monticulipora*, *Prasopora*, spp. n.; **Seely.**

United States, fauna of the Rochester Shale; *Callopora*, *Ceramopora*, *Ceramporella*, *Caloclema*, *Diploclema*, *Diplotrypa*, *Eridotrypa*, *Fistulipora*, *Liocelema*, *Liocelema*, *Loculipora*, *Mitoclema*, *Monotrypa*, *Nicholsonella*, *Orbignyella*, *Phænopora*, *Rhombotrypa*, *Stigmatella*, *Teniodictya*, spp. n.; **Bassler, 2.**

Canada, Upper Silurian fauna of the Kewan River and Sutton Mill Lakes, Keewatin, Ottawa; *Phænopora*, *Fenestella*, spp. n.; **Whiteaves, 1.**

Canada, fauna of Manitoba; **Whiteaves, 2.**

Canada, fauna of Anticosti I.; **Schmitt.**

Ordovician.

Wales, fossils from Western Carmarthenshire; **Evans.**

Canada, fossils from E. Ontario; **Ami.**

III.—SYSTEMATIC INDEX.

2031

“*Cyphonautes*” larva, distribution in North Sea during 1903, **APSTEIN.**—Distribution in Irish Sea during 1904, **GOUGH.**

†Types of d’Orbigny’s “*Prodr. Paléont. Strat. Univ.*,” figured and reviewed; **BOULE & THEVENIN.**

†James’ types of Cincinnati group spp., re-described; **BASSLER**, Washington Proc. U. S. Nat. Mus. **30** (1-66).

†Cheilostomata, classification of Cretaceous forms, **BRYDONE**, Geol. Mag. London **1906**, (289-300).

Coenitidae fam. n. for *Coenites*, Eichw., **HENNIG** Ark. Zool. Stockholm **3** No. 10 (26).

Eleidae, zoecium (61-2); tables for determination of species (62-3); validity of genera (65-6); topomorphs (66-8), **LANG** Geol. Mag. London **3.**

Aleyonella fungosa, spermatozoa, **RETZIUS.**

Aleyonidium brucei Kolguev I., Arctic Ocean sp. n., **CALVET** Paris Bul. soc. zool. **28** (33-6).—*A. mytili*, anatomy, etc., **SILBERMANN**, Arch. Natg., Berlin **72** (265-310).—*A. mytili*, development and structure of larva, **SEELIGER.**—*A. mytili*, budding, degeneration and regeneration, **RÖMER.**

Barentsia variabilis (58-9), capitata (59) spp. n., sub-antarctic S. Atlantic **CALVET** Paris Bul. soc. zool. **29.**

Bugula avicularia, budding, degeneration and regeneration, **RÖMER.**—*B. avicularia*, rhéotropisme, **HALLEZ** Paris C.-R. Acad. sci. **141** (842-3).—*B. elongata* sp. n. Norwegen, **NORDGAARD**, Bergen Meeresf. Berg. **1** (80).

†*Callopora elausa* Rochester Shale **sp. n.**, BASSLER Washington, U.S. Dept. Int. Bull. Geol. Surv. No. **292** (42).

Cellepora nordgaardii Arctic Ocean **sp. n.**, KLUGE Wiss. Meeresunters. Kiel **8** Abt. Helgol. (47-8).—*C. plicata* vide *Ramphostomella*.

†*Ceramopora niagarensis* Rochester Shale **sp. n.**, BASSLER Washington U.S. Dept. Int. Bull. Geol. Surv. No. **292** (19-20).

†*Ceramoporella irregularis* Rochester Shale, Lockport, N.Y. **sp. n.** BASSLER T.e. (21).

Chaperia spinosissima sub-antarctic S. Atlantic **sp. n.**, CALVET Paris Bul. soc. zool. **29** (51-2).

†*Coeloclema cavernosa* Silurian Lockport, N.Y. and Osgood, Ind. **sp. n.**, BASSLER Washington U.S. Dept. Int. Bull. Geol. Surv. No. **292** (21).

†*Cocnites repens* Wahlenb., varieties (27-44); *C. variabilis* (44-56) **sp. n.** Silurian Gotland, HENNIG Ark. Zool. Stockholm **3** No. 10.

†*Cribricella* **gen. n.**, type *Eschara coseinopora*, Rss.; *C. crassicollis* **sp. n.** Tertiary, Tunis, CANU Explor. sci. Tunisie.

†*Cribrilina sherborni* (296-7) fig. 7; *dibleyi* (297) fig. 8; *jukes-brownei* (297-8) fig. 8; *gregoryi* (300) fig. 13; cretaceous Norfolk **spp. n.**, BRYDONE Geol. Mag. London **3**.

†*Cristatella mucedo*, occurrence of statoblasts in Swedish post-glacial deposits, WITTE, Stockholm Geol. För. Förh. **27** (132-50).

†*Diploclema sparsum* **var. n. argutum** Rochester Shale Lockport N.Y. BASSLER Washington U.S. Dept. Int. Bull. Geol. Surv. No. **292** (17).

†*Diplotrypa walkeri* Rochester Shale, **sp. n.** BASSLER Washington U.S. Dept. Int. Bull. Geol. Surv. No. **292** (47).

†*Elea meridiana* cretaceous S. Africa, **sp. n.** LANG, Cape Town, Ann. S. Afric. Mus. **4** (283).

†*Entalophora*, key to cretaceous forms, LANG Geol. Mag., London **3** (462-7).

†*Eridotrypa nodulosa* (30), *similis* (31), *spinosa* (29-30), Rochester Shale **spp. n.**, BASSLER Washington U.S. Dept. Int. Bull. Geol. Surv. No. **292**.

Eschara suturata **sp. n.** Arktisch. NORDGAARD, Rept. 2nd "Fram" Expdn. No. **8**.

†*Eschara coseinopora*, type of *Cribricella* (q.v.).—*E. rouei*, cretaceous Norfolk **sp. n.**, BRYDONE, Geol. Mag. London **3** (296).

†*Fenestella mobergi* Silurian Gotland **sp. n.**, HENNIG Ark. Zool. Stockholm **3** No. 10 (4-7).—*F. subaretica* Upper Silurian Ottawa **sp. n.**, WHITEAVES Rep. Geol. Surv. Can. **14** (39 F-40 F).

†*Fistulipora crustula* (24), *lockportensis* (23) Rochester Shale **spp. n.**, BASSLER Washington U. S. Dept. Int. Bull. Geol. Surv. No. **292**.

Flustrella hispida, maturation, fertilization, segmentation and development of larval organs, PACE Q. J. Microsc. Sci. **50** (435-78).

Hislopia a true Ctenostome; anatomy *H. lacustris* ANNANDALE Calcutta, J. As. Soc. Beng. **2** (63).

Hypophorella expansa, occurrence on the Irish coast, NICHOLS, A. R. Irish Nat. **15** (87).

Lepralia elirosa Chatham I. **sp. n.**, WATERS Ann. Mag. Nat. Hist. **17** (17-9).—*L. gemelliporoides* sub-antarctic S. Atlantic **sp. n.**, CALVET Paris, Bul. soc. zool. **29** (55).

†*Lioeclema explanatum* (33), *circineum* (34), *multiporum* (34), *ramulosum* (35), *globulare* (35), *peculiare* (35-6) Rochester Shale **spp. n.**, BASSLER Washington U. S. Dept. Int. Bull. Geol. Surv. No. **292**.

†*Lioeclemella macecombi* Rochester Shale **sp. n.** BASSLER Washington U. S. Dept. Int. Bull. Geol. Surv. No. **292** (36).

†*Loculipora ulrichi* **sp. n.**, *ambigua* **var. n. precursor** Rochester Shale, BASSLER T.e. (53).

Loxosoma davenporti **sp. n.** New England Coast, NICKERSON J. Morph. **17** (351-80).

Membranipora longispina sub-antarctic S. Atlantic **sp. n.**, CALVET Paris, Bul. soc. zool. **29** (52-3).—*M. membranacea* L., variations induced by habitat in brackish water, LOPIENS, Ann. Biol. Lacustre **1** (40-2).—*M. pilosa*, Polyspermie, BONNEVIE, Arch. Math. Naturv. Kristiania **27** (1-15).

†*Membranipora griffithi* (293), *triminghamensis* (294), *britannica* (294-95), **spp. n.**, cretaceous Norfolk, BRYDENE Geol. Mag., London **3**.—*M. varians* (14-5), *excavata* (15), *quadrata* (16), *flieki* (16-7), *bioculata* (17), *rotundicella* (18) **spp. n.** Tertiary, Tunis, CANU, Explor. sci. Tunisie.

Membraniporella magellanica, sub-antarctic S. Atlantic **sp. n.**, CALVET Paris Bul. soc. zool. **29** (53-4).

†*Mitoclema sarlei* Silurian Rochester N.Y. **sp. n.** BASSLER Washington U. S. Dept. Int. Bull. Geol. Surv. No. **292** (18).

†*Monotrypa osgoodensis* (46), *benjamini* (46-7), *pediculata* (47) Rochester Shale, **spp. n.** BASSLER T c.

†*Montienlipora insularis* Chazy formation Vermont **sp. n.**, SEELY Rep. Vermont State Geol. **1905-6**, (185).

†*Mucronella batheri*, cretaceous Norfolk **sp. n.**; BRYDENE Geol. Mag. London **3** (298-9) fig. 10.

†*Nicholsonella ringuebergi* Rochester Shale Lockport N.Y. **sp. n.**, BASSLER Washington U. S. Dept. Int. Bull. U. S. Geol. Surv. No. **292** (39).

Norodonia Jullien = *Hislopia* Carter, ANNANDALE, Calcutta, J. As. Soc. Beng., **2** (63).

†*Orbignyella magnipora* Silurian Grimsby Ont. **sp. n.** BASSLER Washington U. S. Dept. Int. Bull. Geol. Surv. No. **292** (27).

Pectinatella magnifica, Leidy, occurrence at Berlin, WELTNER.

Pedicellina echinata, development and structure of larva, SEELIGER.

†*Phænopora fimbriata* **var. n.** *canadensis* Rochester Shale, BASSLER Washington U. S. Dept. Int. Bull. Geol. Surv. No. **292** (55).—*P. keewatinensis* Upper Silurian Ottawa **sp. n.**, WHITEAVES Rep. Geol. Surv. Can. **14** (40 F-1 F).

Phylactella ventricosa (17), (?) *orbiculata* (26-7) **spp. n.** Tertiary, Tunis CANU Explor. sci. Tunisie.

Plumatella javanica **sp. n.** Java, KRAEPELIN Hamburg Jahrb. wiss. Anat. **23** Suppl. 2 (143-6).—*P. polymorpha* **var. fungosa** growing on *Astacus fluvialis*, ŁOMNICKI, Kosmos Lwów **31**, (249-56).—*P. repens*, spontaneous appearance of a colony in a heated aquarium, KÖHLER.

†*Polypora pentagonalis* Silurian Gotland **sp. n.**, HENNIG Ark. Zool. Stockholm **3** No. 10 (12-4).

Porcella alba, umbonata, **spp. n.** Arktisch, NORDGAARD, Rept. 2nd "Fram" Expdn., No. **8**.—*P. rouzaudi* sub-antarctic S. Atlantic **sp. n.** CALVET Paris Bul. soc. zool. **29** (57).

†*Poricella*, **gen. n.** type *maconnica* **sp. n.** Lower Eocene Tunis, CANU Explor. sci. Tunisie (28).

†*Prasopora hero* Chazy formation Vermont **sp. n.** SEELY Rep. Vermont State Geol. **1905-6** (187).

Ramphostomella hincksi **nom. n.** (*Cellepora plicata*), Arktisch, NORDGAARD, Rept 2nd "Fram" Expdn. No. **8**.

Retepora magellensis **var. n.** *ariculifera* sub-antarctic, S. Atlantic, CALVET Paris, Bul. soc. zool. **29** (58).

Rhabdopleura normani, anatomy SCHEPOTIEFF, Zool. Jahrb. Anat. **23** (463-534) 9 Taf.

Biography.

Blanford, W. T.;

Hutton, F. W.;

(N-9720 r)

b 18—2

Museums and Collections.

Newcastle-on-Tyne, Hancock Museum, "Alder and Hancock" collection of Nudi-branchiata; **Eliot, 3, 4.**

Caen, Musée d'histoire naturelle, catalogue of the "Defrance" collection; **Bigot.**

Padua, University Museum, Eocene Mollusca; **Fabiani.**

Bombay Nat. Hist. Soc. Museum, list of marine Mollusca; **Comber.**

University of Texas, fossil Cephalopoda described by Hyatt and Cragin; **Pritchett.**

Types of D'Orbigny's "Prodr. Paléont. strat. univ." reviewed and figured; **Boule & Thevenin.**

Lamarck's types of Arcidae in the collection Defrance reviewed; **Lamy, 5.**

Frémont's supposed Jurassic fossils from Wyoming; **Veatch.**

German Plankton expedition, Pteropoda; **Schiemenz.**

"Travailleur" and "Talisman" expeditions, Cephalopoda; **Fischer & Joubin.**

German Deep-sea expedition, Polyplacophora; **Thiele, 2.**

"Siboga" expedition, Heteropoda; **Tesch, 1.**

Nomenclature,

"Genera" and "Species"; **Dacqué, 1.**

Nomenclature of species; **Dacqué, 2.**

Regulation of nomenclature; **Ihering, 2.**

Notes on nomenclature; **Dall, 1, 4, 8.**

Orthography of names of the Naiades; **Lindahl.**

Technique.

The application of statistical methods to turbinat shells; **Malard.**

Histology of nerve-ganglia; **Freidenfelt.**

Staining degenerate nerve fibres; **Veneziani.**

Collecting and preserving land and fluviatile molluscs; **Martens.**

Prevention of corrosion in shells; **Byne.**

Prevention of corrosion in shells; **Lucas.**

STRUCTURE. 2207**General and Comprehensive.**

Review of recent work; **Simroth, 6.**

Asymmetry of Gastropoda; **Wodzińska-Węgrzynowiczowa.**

Docoglossa, *Acmæa testudinalis*; **Willcox.**

Tænioglossa, *Cassidaria rugosa*; **Reynell, 1.**

Heteropoda; **Tesch, 1.**

Tectibranchiata, notes on *Lophocereus*, *Lobiger*, *Haminwa*, *Newnesia*; **Eliot, 6.**

Tectibranchiata, *Tethys*; **Burne.**

Nudibranchiata; **Eliot, 2.**

Nudibranchiata, British; **Eliot, 5.**

Nudibranchiata, species from S. India and Ceylon; **Eliot, 3, 4.**

Nudibranchiata, *Caliphylla*; **Brüel.**

Nudibranchiata, *Doriopsilla*; **Eliot, 7.**

Nudibranchiata, *Phylliroe bucephala*; **Vessicelli.**

Pteropoda; **Meisenheimer, 1.**

Pulmonata, *Burtoa nilotica*; **Reynell, 2.**

Pulmonata, *Dyakia*; **Godwin-Austen.**

Pulmonata, *Paryphanta atramentaria*; **Murdoch.**

Lamellibranchiata, *Jousseaumia* gen. n.; **Bourne.**

Lamellibranchiata, *Solen*, *Ensis*; **Bloomer.**

Cephalopoda, primitive; **Ruedemann, 1.**

Cephalopoda, *Cheiroteuthis macrosoma*; **Nishikawa, 1.**

Cephalopoda, *Ctenopteryx*; **Ashworth & Hoyle.**

Cephalopoda, *Opisthoteuthis*; **Meyer, 1.**

Nervous System.

Gastropoda; **Aeberhardt, 2.**

Central nervous system, *Anodonta*; **Bochenek**.

Histology of visceral ganglion, *Anodonta*; **Freidenfelt**.

Structure of ganglion cells, *Octopus*; **Gariseff**.

Cytology of ganglion cells; **Popoff**.

Nerve cells of *Helix*; **Legendre**, 1, 2, 3, 4, 5.

Innervation of creeping disc of *Pulmonata*; **Biedermann**.

Innervation of Chomatophores, *Cephalopoda*; **Saint-Hilaire**.

Structure of pedal nerves of *Ariolimax*; **Jenkins & Carlson**.

Degenerate nerve fibres in *Helix*; **Veneziani**.

Sense Organs.

Eye, *Pulmonata*; **Smith**, G.

Eye, *Dibranchiata*; **Werner**.

Luminous organs, *Sepiolini*; **Meyer**, 3.

Myology.

Adductor muscles; **Marceau**, 3.

Adductor muscle, etc., *Placuna*; **Anthony**, 1.

Odontophoral apparatus, *Sycotypus canaliculatus*; **Herrick**.

Mantle muscles, *Cephalopoda*; **Marceau**, 1.

Columella muscle, *Lytocera*tidae; **Prinz**, 2.

Tegument.

Nematocysts, *Eolidæ*; **Guénot**.

Shell.

Gastropoda, sinistrosity and dextrosity; **Ancey**, 1.

Operculum, insufficiency as a basis of classification; **Gratacap**.

Cephalopoda, *Volborthella*; **Karpinsky**.

Siphuncle of *Endocera*tidae; **Whitcaves**, 6.

Muscular impression, *Pelecypoda*; **Reis**.

Hinge, etc., of *Astarte*; **Pethö**.

Cardium edule; **Ostroumoff**.

Shell-structure, *Neritidae*; **Pethö**.

Pearls and their formation; **Seurat**, 2, 3.

Alimentary System.

Lamellibranchiata feeding mechanism; **Wallengren**, 2.

Mouth is duplicated in *Lima*; **Pelseneer**, 2.

"*Rhyndolites*"; **Till**.

Radula, *Buccinidae*; **Lebour**.

Radula, *Nudibranchiata*; **Eliot**, 1.

Salivary glands, *Helix pomatia*; **Pacaut & Vigier** 1, 2, 5, 7, 8.

Glands of *Nalepa*, *Helix*; **Pacaut & Vigier**, 4, 6.

Circulatory and Respiratory Organs.

Heart; **Marceau**, 5.

Histology of heart of *Lamellibranchiata*; **Łoziński**, 1, 2.

Anatomy and histology of heart, *Arca*; **Theiler**.

Arterial system of *Aplysia*; **Blatin & Vlès**.

Pulmonata; **Soós**, 2.

Lamellibranchiata, current production; **Wallengren**, 1.

Excretory Organs.

Nephrogonocoelom, *Fissurella*, *Nacella*, *Chiton*; **Haller**.

Pulmonata, **Soós**, 2.

Octopus, histology; **Mayer & Rathery**.

Reproductive Organs.

Cephalopoda; **Chun**, 1.

Cephalopoda, male organs; **Marchand**.

Cephalopoda, male organs *Opisthotenthis*; **Meyer**, 2.

Pulmonata, seminal apparatus, *Helix*; **Popovici-Bazosanu**.

Dart, *Helix pomatia*; **Jackson**, 1.

Organs of Doubtful Homology.

Fin of Heteropoda ; **Tesch, 1.**

PHYSIOLOGY. 2211**General and Comprehensive.**

Review of recent work ; **Simroth, 6.**

Physiology of Mollusca ; **Mendel & Bradley.**

Presence of emulsine ; **Giaja.**

Nudibranchiata, alimentary and reproductive systems, *Caliphylla* ; **Brüel.**

Octopus : **Mayer.**

Nervous System.

Central Nervous system ; **Jordan, 2.**

Pedal nerves of *Ariolimax* ; **Jenkins & Carlson.**

Effect of drowning on nerve-cells, *Helix pomatia* ; **Legendre, 2.**

Sense-Organs, etc.

Chromatophores, Cephalopoda ; **Saint-Hilaire.**

Luminous organs, Sepiolini ; **Mayer, 3.**

Muscular System.

General ; **Marceau, 4.**

Mantle muscles, Cephalopoda ; **Marceau, 1.**

Adductor muscles, Lamellibranchiata ; **Marceau, 2, 3.**

Locomotion.

Gastropoda ; **Jordan, 1.**

Creeping disc, Pulmonata ; **Biedermann.**

Pectunculus ; **Vlès, 2.**

Swimming, *Pecten* ; **Vlès, 1.**

Assimilation.

Feeding mechanism, Lamellibranchiata ; **Wallengren, 2.**

Digestion of glucosides and carbohydrates ; **Bierry & Giaja.**

Digestive processes, *Aplysia* ; **Ariola.**

Salivary glands, *Helix* ; **Pacaut & Vigier, 1, 2.**

Saliva, action on albuminoids, *Helix* ; **Pacaut & Vigier, 3.**

Glands of Nalepa, *Helix* ; **Pacaut & Vigier, 6.**

Respiration.

Breathing sounds ; **Soffel, 2.**

Water circulation, Lamellibranchiata ; **Wallengren, 1.**

Excretion.

Urinary secretion, *Octopus* ; **Gompel & Henri.**

Reproductive System.

Helix ; **Meisenheimer, 2.**

Regeneration of dart, *Helix pomatia* ; **Jackson, 1.**

Plasmolysis of Spermatozoa ; **Koltzoff.**

Environmental Effects.

Lymnæus clodes ; **Walter.**

Water motion, Unionidæ ; **Sell.**

Eggs of *Philine* ; **Schimkewitsch.**

Action of salt solution on the ciliated epithelium, *Mytilus* ; **Lillie.**

Influence of temperature on growth ; **Rajat.**

Albino production ; **Köhler, 2.**

Albino production, *Planorbis* ; **Ziegeler, 4.**

DEVELOPMENT. 2215**General and Comprehensive.**

Review of recent work ; **Simroth, 6.**

Asymmetry, Gastropoda ; **Wodzisńska-Węgrzynowiczowa.**

Pelagic eggs and embryos of *Abra liopsis* sp. ; **Nishikawa, 2.**

Ovum and Spermatozoan.

Cytology of reproductive cells ; **Popoff.**

Oogenesis and spermatogenesis, *Enteraxenos* ; **Bonnevie, 1.**

Oögenesis and ovum, of Unionidæ ; **Frierson.**

Oogenesis, Cephalopoda; **Loyez** (345).
 Spermatozoa; **Koltzoff**.
 Spermatozoa, Gastropoda; **Retzius**.
 Spawn of *Ampullaria*; **Roth**, 6.

Fertilisation.

Philine aperta; **Schimkewitsch**.
Enteroxenos; **Bonnevie**, 2.
 Artificial fertilisation of Echinoderm
 ova with spermatozoa of *Mytilus*;
Kupelwieser.

Embryology, Organogeny and Ontogeny.

Crepidula; **Dahlgren**.
Paludina; **Otto & Tönniges**.
Fasciolaria; **Glaser**.
Planorbis; **Soffel**, 1.
Margaritifera panasesæ; **Allen**.
Nephrogonocœlom, *Fissurella*, *Nacella*, *Chiton*; **Haller**.
 Postembryonic development of
Scaphites; **Smith**, W. D., 1.
 Postembryonic development of *Indo-*
ceras; **Noetling**, 1, 2.
 Growth of *Rhabdoceras*; **Janensch**.

Larval Forms.

"Glochidium" larva; **Roth**, 1.

Regeneration.

Tentacles; **Kammerer** [u. Andere].
 Tentacles; **Köhler**, 1.

ETHOLOGY. 2219

General and Comprehensive.

Review of recent work; **Simroth**, 6.
 Habits of *Praticolella jejuna*; **John-**
son, 1.
 Habits of *Lymnæus clodes*; **Walter**.
 Locomotion and mode of life in
Pecten; **Anthony**, 2.

Feeding Habits.

Cannibalism; **Gorka**.

"Feeding-tracks," Gastropoda;
Woodward, 4.
Bulimulus dormani; **Sellards**;
Anon, 4.

Breeding Habits, &c.

Oviposition in *Ampullaria*; **Roth**, 6.
 Sexual relations, oviposition, *Helix*
pomatia; **Meisenheimer**, 2.
 Attempt to breed from sinistral *Helix*;
Jackson, 1.
Anodonta; **Wichand**.

Luminosity.

Sepiolini; **Meyer**, 3.

Habitat.

Cave-fauna; **Jeannel**.
 Unionidæ; **Headlee**.
Mytilus edulis in deep water; **Knipo-**
witsch, 3.

Parasitism and Commensalism.

"*Glochidium parasiticum*"; **Roth**, 1.
Jousseaumia gen. n. commensal with
 Corals; **Bourne**.

Parasites.

Parasites of pearl oyster; **Hornell**, 2.
 Parasites of *Donax trunculus*; *Anuro-*
sporidium pelseneeri (Haplosporidian),
 gen. and sp. n.; **Caullery & Chappellier**.
 Alga, *Colpomenia simosa* on *Ostrea*;
Fabre-Domergue.

Protozoa in *Octopus*, *Sepia*; *Eucoc-*
cidium jacquemoti sp. n.; **Moroff**.

Sporozoa in Cephalopoda; **Leger &**
Duboscq, 1, 2.

Sporozoa, *Nematopsis* sp. n. in *Myti-*
lus; **Léger**.

Trematoda; **Pelseneer**, 3.

Trematoda in *Cardium*, *Mytilus*;
Nicoll.

Cestode in *Margaritifera*; **Seurat**, 3.

Pycnogonida, larva of *Nymphon para-*
siticum sp. n. on *Tethys*; **Merton**.

Enemies.

Swans and ducks eating *Anodonta*; **Rope.**

Swans eat *Anodonta cygnea*; **Blundell.**

Slug killed by crawling on cement; **Woodward, 3.**

Defensive Processes.

Nematocysts of Eolidæ; **Cuénot.**

Economics.

Oyster beds of Charente-Inférieure; **Guérin, 1, 2.**

Oyster fisheries and culture in Louisiana; **Cary, 1, 2, 3.**

Oyster beds, Macta R. Algeria, killed off annually by floods; **Bounhiol.**

Oyster beds invaded by an Alga (*Colpomenia*); **Fabre-Domergue.**

Pearl and pearl-shell fisheries of the Persian Gulf; **Gaskin & Townsend in Melvill & Standen, 1** (803-6).

Pearl-fishery at Thana Creek, W. India; **Sale.**

Pearl fishery of Ceylon; **Hornell, 2.**

Pearl-shell fisheries, Paumotu and Gambier Is.; **Seurat, 1, 2, 3.**

Pearl and pearl-shell fisheries of Tuamotu; **Regelsperger.**

Placuna pearl fishery; **Hornell, 1.**

Scallops and clams in the Chandeleur Island regions, Louisiana; **Spaulding.**

Mollusca as bait; **Lilleskare, 1, 2.**

Snails destroy caterpillars; **Schoepf.**

Drymaeus dormani, destroyer of fungus injurious to citrus groves; **Anon, 4.**

Slugs eating potatoes; **Swanton, 3.**

Destruction of slugs; **Du Buysson.**

Marine shells in Gallo-Roman ruins; **Pérot.**

Variation and Teratology.

Variation in turbinate shells; **Malard.**

Variation in radula of Buccinidæ; **Lebour.**

Albinism; **Honigmann, 4.**

Albinism, *Planorbis*; **Roth, 7.**

Albinism, *Planorbis*; **Ziegeler, 4.**

Supposed Albinism, *Planorbis*; **Köhler, 3.**

White form of *Helicigona lapicida*; **Jackson, 2.**

Teratology; **Borissiak, 3.**

Teratology in eggs of *Philine*; **Schimkewitsch.**

Teratology, *Neptunea antiqua*; **Smith, E. A., 4.**

Pathological teratology, *Sphaerium solidulum*; **Sterki, 4.**

Reversal of direction of coiling of Gastropod shell, with lists of known instances; **Ancey, 1.**

Sinistral *Helicigona arbustorum*; **Shaw, 2.**

Sinistral *Hygromia rufescens*; **Shaw, 1.**

Sinistral *Limnaea peregra*; **Taylor, 2.**

Sinistral *Limnaea peregra*; **Trechmann.**

Phylogeny and Taxonomy.

Application of De Vries' mutation theory to the Mollusca; **Baker, 1.**

"Genera" and "species"; **Dacqué, 1.**

"Species"; **Dacqué, 2.**

"Subspecies," "mutations," and "forms"; **Cockerell, 5.**

Neritidæ; **Pethö** (109-32).

Races of *Volutilithes petrosus*; **Smith, B.**

Cerion; **Plate.**

Lamellibranchiata of the Frombach-tuffe; **Waagen, 1.**

Convergence in Triassic Ammonites; **Diener, 2.**

VARIATION AND ÆTIOLOGY.

2223

General.

Review of recent work; **Simroth, 6.**

Variation and Mutation; **Lang.**

DISTRIBUTION.

2227

(a) RECENT.

Summary of recent faunistic work relating to Gastropoda; **Simroth, 7.**

Amboyna, supplement to fauna;
Ctilopsis gen. and sp. n.; **André**.

Prince Edward I., fauna; **Chadwick**, 3.

(a) *Marine*.

General.

Chitonidæ; **Nierstrasz**, 2.

Japanese, Indo-Pacific, and American
Pyramidellidæ; **Dall & Bartsch**.

Melongenidæ; **Hoernes**.

Heteropoda; **Tesch**, 2.

Heteropoda, distribution of known
species and account of the "Siboga"
collections; *Atlanta*, *Carinaria*,
Cardiopoda, *Pterotrachea* (*Euryops*
subgen. n.) spp. n.; **Tesch**, 1.

Indo-Pacific Opisthobranchiata; **Eliot**,
6.

Northern Pteropoda; **Lenz**.

Of the Indo-Pacific region Scaphopod
fauna; *Cadulus*, *Dentalium*, *Entalina*,
Siphonodentalium spp. n.; **Boissevain**.

Europe.

Auriculidæ, Assimineidæ, Truncatel-
lidæ; **Monterosato**, 1.

Pleurotomidæ; *Clathurella*, *Pleuro-*
tomella, *Spirotropis* spp. n.; **Sykes**, 2.

Norway, Mollusca used as bait;
Lilleskare, 1, 2.

British Is., notes on Nudibranchiata;
Coryphella sp. n.; **Eliot**, 5.

N. Wales, shells from Mochras I.;
Dean.

Ireland, few shells from Co. Dublin;
Colgan, 1.

Ireland, shells from S.E. Wexford;
Colgan, 2.

Scotland, shells from the Inner
Hebrides; **Knight**.

France, fauna of Cancale; **Martel**.

France, additions to fauna of St. Malo,
varr. n.; **Dautzenberg & Durouchoux**.

France, *Petricola pholadiformis*;
Germain, 8.

France, *Petricola* at Dunkerque;
Lesdain.

France, oyster beds of Charente-
Inférieure; **Guérin**, 1, 2.

Mediterranean, Cephalopoda; **Fischer
& Joubin**.

Adriatic, *Lanzaia*, gen. n.; **Brusina**, 1.

Asia and Malay Archipelago.

Indo-China, fauna; *Mitra*, *Sistrum*,
varr. n.; **Dautzenberg & Fischer**, 1.

S. India and Ceylon, Nudibranchiata;
Eliot, 3, 4.

W. India, Thana creek, pearl fishery;
Sale.

Ceylon, list of Mollusca; **Standen &
Leicester**.

Ceylon, *Cyclostrema*, *Nassa*, spp. n.;
Melville, 2.

Ceylon, *Jousseaumia* gen. n., spp. n.;
Bourne.

Ceylon, pearl fishery; **Hornell**, 2.

Ceylon, *Placuna* pearl fishery; **Horn-
nell**, 1.

Ceylon (?), *Bullia*, *Marginella*, *Nassa*,
spp. n.; **Preston**, 1.

Bay of Bengal and Arabian Sea,
Amussium, *Ancilla*, *Arca*, *Bathybembix*,
Calliostoma, *Columbella*, *Corbula*,
Crassatellites, *Crenella*, *Cryptodon*,
Dentalium, *Fusus*, *Gaza*, *Lepidopleurus*,
Macoma, *Malletia*, *Manaria* (gen. n.),
Metula, *Morio*, *Nassa*, *Natica*, *Nucula*,
Oocorys, *Pleurotoma*, *Pontiothauma*,
Scaphander, *Tellina*, *Tritonidea*, *Tro-*
phon, *Vesicomys*, *Yoldia*, spp. n.;
Smith, E. A., 1.

Persian Gulf and North Arabian Sea,
Cyclostrematidæ, Liotiidæ, spp.
Melville, 1.

Persian Gulf and Gulf of Oman,
Cadulus, *Cerithiopsis*, *Columbella*,
Crossea, *Cylichna*, *Daphnella*, *Diala*,
Drillia, *Eulina*, *Fossarus*, *Mangilia*,
Marginella, *Mucronalia*, *Mumiola*,
Nassa, *Odostomia*, *Parastrophia*,
Scalaria, *Synola*, *Turbonilla*, *Volvula*
spp. n.; **Melville**, 3.

Persian Gulf, Gulf of Oman and
Arabian Sea, Pelecypoda; *Amussium*,
Arca, *Barbatia*, *Brachyodontes*, *Cardita*,
Cardium, *Corbula*, *Crenella*, *Kellia*,
Limæa, *Lithodomus*, *Lucina*, *Macoma*,
Mesodesma, *Modiolaria*, *Montacuta*,
Nucula, *Pecten*, *Pectunculus*, *Scintilla*,
Spondylus, *Syndesmya*, *Tellina* spp. n.;
Melville & Standen, 1.

Malay Archipelago, Nias Channel, *Lepidopleurus*, sp. n.; **Thiele**, 3.

Africa and Madagascar. *f*

Algeria, Gulf of Gabes, addenda to fauna; *Cardium*, *Conus*, *Nassa*, *Ocenebra*, *Ocenebrina*, *Philbertia*, *Rissoa*, *Uromitra* spp. and varr. n.; **Pallary**.

Algeria, natural oyster beds *Macta* R.; **Bounhiol**.

N. Africa, *Lepidopleurus* sp. n.; **Nierstrasz**, 2.

Suez Canal, discussion of fauna; **Tillier & Bavay**; **Faurot**.

Red Sea, Lamellibranchiata from Gulf of Tadjourah; **Anthony**, 3.

Gulf of Aden, Tectibranchiata; **Vaysière**, 4.

British E. Africa, Solenidae; **Smith & Bloomer**.

Madagascar, fauna of Ambodifoutra; *Conus*, *Cypræa*, varr. n.; **Dautzenberg**, 1.

S. Africa, addenda to fauna; *Ancilla*, *Bullia*, *Calliostoma*, *Cerithiopsis*, *Chlamys*, *Ctionella*, *Conus*, *Dolium*, *Drillia*, *Euchelus*, *Glyphis*, *Marginella*, *Pinna*, *Rissoina*, *Scala*, *Trifora* spp. n.; **Smith**, E. A., 2.

S. Africa, notes on Polyplacophora; *Acanthochites*, *Plaxiphora* spp. n.; **Nierstrasz**, 1.

S. Africa, *Tethys*; spp. n.; **Burne**.

S. Africa; *Cypræa*, *Mangilia*, *Siphonaria*, *Terebra* spp. and varr. n.; **Sowerby**.

Cape of Good Hope, *Ischnochiton* sp. n.; **Thiele**, 2.

W. Africa, few shells; **Bavay**, 5.

N. America and Mexico. *g*

W. America, Mitridæ; **Williamson**.

W. America, species of *Genota*; **Raymond**, W. J.

Canada, fauna Anticosti I.; **Schmitt**.

United States, fauna of Frenchman's Bay, Maine; **Blaney**, 1, 2.

United States, Polyplacophora of New England; **Balch**.

United States, *Calliostoma* sp. n. Florida; **Dall**, 3.

United States, oysters and oyster culture in Louisiana; **Cary**, 1, 2, 3.

United States, distribution of scallops and clams in the Chandeleur Island regions, Louisiana; **Spaulding**.

United States, *Scala* sp. n. California; **Dall**, 6.

United States, Opisthobranchiata of Monterey Bay, California; **MacFarland**.

United States, *Cerithidea* var. n., San Diego, California; **Berry**.

C. and S. America and W. Indies. *h*

Nicaragua, shells of Mosquito Coast; **Fluck**.

Caribbean Sea?, *Pecten* sp. n.; **Bavay**, 2.

Venezuela; *Pecten* sp. n.; **Bavay**, 2.

Argentina; *Pecten* fauna; varr. n.; **Bavay**, 3.

Magellan, *Buccinanops*, *Lamellaria*, *Natica*, *Voluta* spp. n.; **Strebel**.

Australasia, New Guinea, New Caledonia, etc. *i*

Australia, *Glycymeris* sp. n.; **Pilsbry**, 3.

Queensland, Fauna of Masthead Reef; *Abra*, *Cardium*, *Condylocardia*, *Cras-satellites*, *Cuna*, *Gafrarium*, *Granicorium* (gen. n.), *Glycymeris*, *Modiolaria*, *Myodora*, *Philobrya*, *Verticordia* spp. n.; **Hedley**, 2.

Queensland, fauna of Masthead Reef; **Hedley**, 3.

New South Wales, *Bathytoma*, *Bittium*, *Cancellaria*, *Cerithiopsis*, *Emarginula*, *Limopsis*, *Monilca*, *Murex*, *Pleurotoma*, *Poromya*, *Rissoa* spp. n. off Sydney; **Hedley & Petterd**.

Victoria, catalogue of marine fauna; **Pritchard & Gatliff**.

Victoria, *Cyclostrema*, *Daphnella*, *Scala* spp. n.; **Gatliff**.

Victoria, shells from Wilson's Promontory; **Pritchard**, 2.

New Zealand, fauna of the continental shelf; *Aclis*, *Actæon*, *Cirsonella*, *Cryptospira*, *Cylichna*, *Diala*, *Drillia*, *Eulima*, *Eulinella*, *Fulguraria*, *Marginella*, *Minolia*, *Ostomia*, *Omalaxis*, *Philine*, *Pleurotoma*, *Pyramidella*, *Ringi-*

cula, *Scala*, *Vulpecula* spp. n.; **Murdoch & Suter**.

New Zealand, fauna of the continental shelf; *Bathyparea*, *Dacrydium*, *Verticordia* spp. n.; **Hedley**, 4.

New Zealand, fauna of the continental shelf; *Columbella*, *Daphnella*, *Drillia*, *Mangilia*, *Newtoniella*, *Rissoa*, *Triphora* spp. n.; **Webster**, W. H., 1.

New Zealand; *Trochus*, *Trophon* spp. n.; **Webster**, W. H., 2.

New Zealand; *Amalthea*, *Chiton*, *Columbella*, *Helcioniscus*, *Purpura* spp. and varr. n.; **Suter**.

New Zealand, *Carinaria australis*; **Benham**.

South Australia, notes on fauna; *Acteon*, *Bornia*, *Condylocardia*, *Cyamio-mactra*, *Diala*, *Eulimella*, *Leiostraca*, *Mitromorpha*, *Odostomia*, *Philobrya*, *Rissoa* spp. n.; **Hedley**, 1.

South Australia, notes on fauna; *Cingulina*, *Scala*, *Terebra* spp. n.; **Verco**, 1.

South Australia, fauna; *Helcioniscus*, *Lippistes*, *Nacella*, *Scutellina*, *Seguenzia*, *Siphonaria* spp. n.; **Verco**, 2.

Arctic. k

E. Greenland, Lamellibranchiata; *Limatula*, sp. n.; **Jensen**, 2.

White Sea, *Mytilus edulis*; **Knipowitsch**, 3.

Atlantic. l

Cephalopoda of the "Travailleur" and "Talisman" expeditions; **Fischer & Joubin**.

Pteropoda of the German plankton expedition; **Schiemenz**.

N. Atlantic; *Aphanitoma* sp. n., etc.; **Bavay**, 1.

Bay of Biscay, plankton Cephalopoda; **Hoyle**.

Bay of Biscay, plankton; *Fowlerina* (gen. n.), *Peraclis* spp. n.; **Palseneer**, 1.

S. Azores; *Chiroteuthopsis* sp. n.; **Fischer & Joubin**.

Gibraltar to C. Verd Is.; *Acteocypyraxis*, *Alvania*, *Anaitis*, *Anura*, *Arceopagia*, *Bursa*, *Columbella*, *Cuspidaria*, *Cymatium*, *Cypraea*, *Dolium*, *Euthria*,

Fissurella, *Marginella*, *Pectunculus*, *Pharoides*, *Pleurotoma*, *Solariella*, *Syndesmya*, *Triforis*, *Venus* spp. n.; **Dautzenberg & Fischer**, 2.

Cape Verd Is., *Amphorina*, *Doto*, *Geitodoris*, *Phidiana*, *Rostanga*, *Staurodoris*, *Tritonia* spp. and varr. n.; **Eliot**, 2.

S. Atlantic, Pteropoda; *Peraclis* spp. n.; **Meisenheimer**, 1.

Indian Ocean. m

New Amsterdam, *Ischnochiton* sp. n.; **Thiele**, 4.

Pacific. n

Cerithiidae; *Cerithium* spp. n.; **Pilsbry & Vanatta**, 2.

N. Pacific, *Cheiroteuthis macrosoma* Goodrich; **Nishikawa**, 1.

Marcus I., fauna; **Bryan**.

Marianne Is., *Marginella* sp. n.; **Bavay**, 4.

Tuamotu Is., pearl shell fishery; **Regelsperger**.

Tuamotu and Gambier Is., Pelecypoda; *Syndesmya* sp. n.; **Lamy**, 4.

Tuamotu and Gambier Is., pearl shell; **Seurat**, 1, 2.

Tuamotu and Mangareva Is., Cypræidae; **Vayssièrè**, 2.

Galapagos Is.; *Chiton* sp. n.; **Nierstrasz**, 2.

Antarctic. o

Notes on Polyplacophora; **Thiele**, 3.

Prosobranchiata; *Cerithium*, *Lacuna*, *Margarita*, *Rissoia*, *Turbonilla* spp. n.; **Lamy**, 1.

Chareotia, *Guy-valvoria*, *Lamel-lariopsis* gen. n.; **Vayssièrè**, 3.

Note on Nudibranchiata; **Vayssièrè**, 1.

Notacolidia (gen. n.), *Tritonia*, *Tritoniopsis* (gen. n.) spp. n.; **Eliot**, 1.

Lamellibranchiata; *Mactra*, *Montaguia*, *Philobrya* spp. n.; **Lamy**, 2.

South Orkneys, *Kellyia*, *Yoldia* spp. n., etc.; **Lamy**, 3.

Bouvet I., *Callochiton*, *Notochiton* spp. n.; **Thiele**, 2.

(β) *Non-Marine*.

General.

Distribution of Slugs; **Heynemann**.

Europe.

Land fauna; **Rossmässler**.

Helix vermiculata; **Caziot**, 6; **Caziot & Fagot**, 1.

Helix serpentina; **Caziot & Fagot**, 2.

Helix muralis; **Caziot & Fagot**, 3.

Dreissensiidae; **Brusina**, 2.

S. Europe, *Helix* varr. n.; **Kobelt** in **Martini & Chemnitz**.

New England, Unionidæ; **Davis**, 2.

United States, fauna of S.W. States; *Amnicola*, *Bifidaria*, *Bulinulus*, *Cochliopa*, *Goniobasis*, *Helicodiscus*, *Lymnaea*, *Paludetrina*, *Pisidium*, *Planorbis*, *Polygyra*, *Pyramidula*, *Radiodiscus* (gen. n.), *Strobilops*, *Valvata*, *Vitrea* spp. and varr. n.; **Pilsbry** & **Ferriss**.

United States, Alabama, *Amphigyra* (gen. n.), *Neoplanorbis* (gen. n.) spp. n.; **Pilsbry**, 11.

United States, California, *Cochliopa rowelli*; **Rowell**.

United States, Colorado, *Sphaerium* sp. n.; **Sterki**, 6.

United States, Connecticut, *Paludetrina salsa*, at Branford; **Winkley**.

United States, Florida, species of *Drymaeus*; **Simpson**.

United States, Florida, collecting in the Everglades; **Reynolds**.

United States, Nebraska, list of shells; **Walker**, 4.

United States, New Mexico, shells of Grant, Valencia Co.; **Pilsbry**, 5.

United States, New York, shells of Richfield Springs; **Smith**, M.

United States, Ohio, fauna; **Sterki**, 9, 10.

United States, Oklahoma, fauna; **Ferriss**.

United States, Idaho, *Lymnaea* sp. n.; **Baker**, 4.

United States, Illinois, fauna; **Baker**, 2.

United States, Illinois, *Planorbis nautilius*; **Baker**, 6.

United States, Illinois, *Sphaerium stamineum* var. n.; **Baker**, 7.

United States, Indiana, notes on Unionidæ; **Headlee**.

United States, Indiana, *Lymnaea* sp. n.; **Baker**, 5.

United States, Kansas, Unionidæ; **Scammon**.

United States, Michigan, Molluscs of Porcupine Mountains; **Walker** & **Ruthven**.

United States, Michigan, fauna; **Walker**, 5, 6.

United States, Michigan, shells from Alpena; *Lymnaea* sp. n.; **Baker**, 3.

United States, Mississippi and Alabama, shells from; **Hinkley**.

United States, Wisconsin; fauna; **Chadwick**, 1, 2.

C. & S. America & W. Indies. *h*

America, Urocoptidæ spp. n.; **Bartsch**, 2

Panama, *Drymaeus* sp. n.; **Da Costa**, 1.

(?) Cuba, *Pleurodonte manifesta* sp. n.; **Fulton**, 4.

S. America, fauna of Lakes Titicaca and Poopo; **Bavay** in **Neveu-Lemaire** and others (142-7).

Colombia, *Drymaeus* spp. n.; **Da Costa**, 1.

Brazil, *Drymæus* sp. n. ; **Da Costa**, 1.

Peru, *Drymæus*, *Goniostomus*, *Neocyclotus* spp. n. ; **Da Costa**, 3.

Brazil, *Maerodontes* spp. n. **Thiele**, 5.

Peru, *Amphicyclotus*, *Neocyclotus*, spp. n. ; **Da Costa**, 1.

Australasia, New Guinea, New Caledonia, etc. i

N. W. Australia, *Limnæa* sp. n. ; **Preston**, 2.

New Guinea, *Chloritis* spp. n. ; **Gude**, 1, 2.

New Ireland, *Chloritis* spp. n. ; **Gude**, 1, 2.

New Mecklenburg, *Chloritis* sp. n. ; **Gude**, 1.

Torres Straits, *Chloritis* sp. n. ; **Gude**, 1.

Queensland, *Pupina*, *Pupinella* spp. & var. n. ; **Fulton**, 2.

Queensland, *Chloritis* spp. n. ; **Gude**, 2.

New South Wales, *Chloritis* spp. n. ; **Gude**, 1.

New Zealand, *Phrixgnathus* sp. n. ; **Webster**, W. H., 2.

New Hebrides, *Omphalotropis*, with var. n. ; **Ancey**, 6.

Pacific. n

Marianne Is., *Diplommatina*, *Limnæa*, *Melania*, *Realia* spp. n. ; **Bavay**, 4.

Hawaiian Is., species of *Endodonta* and *Opeas* ; **Pilsbry** & **Vanatta**, 1.

Hawaiian Is., *Sphyradium* spp. n. ; **Pilsbry** & **Cooke**.

Hawaiian Is., *Achatinellidae* of Molo-kai ; *Achatinellastrum*, *Laminella* spp. n. ; **Borcherding**.

Hawaiian Is., *Amastrea*, *Neveombia*, *Partulina* spp. n. ; **Baldwin**.

Antarctic. o

Kerguelen, occurrence of *Patula Hookeri* ; **Richters** in **Drygalski**. Deutsche Südpolar-Exped., 10, Zool., Berlin (G. Reimer) 1906, (298).

(b) FOSSIL.

General.

Types of D'Orbigny's "Prodr. Paléont. strat. univ." reviewed and figured ; **Boule** & **Thevenin**.

Summary of geological range of Mollusca ; **Plant**.

England, fossils of Macclesfield, &c. ; **Pocock**.

England, fossils of Sidmouth and Lyme Regis ; **Woodward** & **Ussher**.

France, fauna of environs of Nîmes ; **Roman**.

Italy, Triassic and Permian fossils from Cassaro ; **Mariani**.

N. Alps, *Inoceramidæ* of the Flysch ; **Petrascheck**, 2.

Madagascar, fauna ; **Boule**, **Thévenin** & **Lambert**.

Madagascar, fossils ; **Thévenin**, 1, 2.

United States, fauna of Indiana ; **Greene**.

United States, paleontology of Schoharie Valley, New York ; **Grabau**.

United States, fossils from the Big-horn Basin, Wyoming ; **Fisher**.

Patagonia, Cretaceous and Tertiary fossils ; *Cucullæa*, *Diplodon*, *Helcioniscus*, *Modiola*, *Rostellaria*, *Strophocheilus* spp. n. ; **Ihering**, 1.

Antarctic, *Ammonites* from Graham I. ; **Kilian**.

Cainozoic.

France, dept. l'Aude, few fossils ; **Doncieux**.

California, spp. n. ; **Rivers**.

California, *Pectinidae* ; **Arnold**.

New Zealand, fossils from the Clarendon Phosphate-deposits, Otago ; **Andrew**.

Post-Tertiary.

Sweden, fauna of Gotland ; **Halle**.

Norway, fossils from Skrellene ; **Øyen**, 2.

S. Norway, fauna of raised beaches ; **Øyen**, 1.

Denmark, Glacial fauna of Stenstrup ; **Madsen**.

Iceland, *Purpura lapillus* in raised beaches; **Bárðarson**.

Russia, fauna of Gera; **Weiss**, 2.

Germany, fossils from the Loess of Regensburg; **Clessin**, 1.

Germany, Pleistocene shells from Regensburg; **Clessin**, 4.

Germany, Loess fossils from the Danube district; **Clessin**, 5.

British Is.; pocket guide to non-marine fauna; **Swanton**, 1.

England, Post-glacial deposit at Hornsea; **Sheppard**, 2.

England, Holocene fauna of Staines and Wargrave; **Kennard & Woodward**, 1.

England, *Vertigo parendentata*, Holocene; **Kennard & Woodward**, 2.

Ireland, Mollusca from caves; **Scharff**, 1.

Ireland, kitchen midden in Co. Down; **Welch**, 3.

N. France, fauna of Saint-Acheul; *Bythiospeum* sp. n., *Helix* var. n.; **Babor**, 1.

France, Alpes Maritimes, fauna; *Helix*, *Hyalina*, *Testacella* spp. n.; **Maury & Caziot**, 2.

France, Alpes Maritimes, *Caziotia* gen. and sp. n.; **Pollonera**, 1.

France, Alpes Maritimes, shells from St. Jean; **Maury & Caziot**, 1.

France, fauna of Nice; **Caziot**, 4.

Italy, fauna of Salustro; **Scalia**, 1.

Italy, fossils from Catania; **Scalia**, 2.

Switzerland, fossils from the Thurtal; **Wegelin**.

Alluvial fossils from Pürklgut; **Clessin**, 2.

Hungary, Diluvial *Neritina* of the Balatonsee district; **Kormos**, 2.

Java, fauna; *Ancillaria*, *Atys*, *Columbella*, *Conus*, *Fusus*, *Hindsia*, *Latirus*, *Lyria*, *Marginella*, *Melania*, *Melongena*, *Metula*, *Mitra*, *Nassa*, *Neritina*, *Oliva*, *Phos*, *Pleurotoma*, *Potamides*, *Pyramidella*, *Strombus*, *Terebra*, *Tritonidea*, *Trochus*, *Turbonilla*, *Turricula*, *Voluta* spp. n.; **Martin**.

Amboina, fossils; **Boettger**, O., 2.

(N-9720 r)

Japan, fauna; *Area*, *Astarte*, *Cardita*, *Cardium*, *Cerithium*, *Cylichna*, *Dentalium*, *Eulima*, *Lasaea*, *Lima*, *Lutraria*, *Mysia*, *Odostomia*, *Ostrea*, *Pecten*, *Pleurotoma*, *Rissoa*, *Tellina*, *Trochus*, *Turbonilla* spp. n.; **Tokunaga**.

Japan, Diluvial shells; **K**.

S. Africa, raised beach fauna near Klein Brak River; **Rogers**.

N. America, Loess, *Helicina occulta*; **Shimek**.

Canada, marine and fresh-water fauna Anticosti I.; **Schmitt**.

United States, Colorado, fauna of Florissant; *Lymnaea*, *Omphalina*, *Sphaerium* spp. n.; **Cockerell** 1.

United States, Maryland, fauna; **Clark**.

United States, New Mexico, *Oreohelix yarapai*; **Cockerell**, 2.

United States, deposit of *Venus* shells in New York city; **Wilson**, 2.

United States, fauna of Sankaty Head, Nantucket; **Wilson**, 1.

Arctic, marine deposits; **Knipowitsch**, 2.

E. Greenland, Lamellibranchiata; **Jensen**, 1.

Kolguev I., marine shells; **Knipowitsch**, 1.

Bermuda, fauna, with spp. n.; **Verrill**.

Tertiary.

Cerithiidae, notes on; **Boussac**.

Europe, Upper Tertiary fauna of Mediterranean region; **Hoernes**, 1.

Fauna of Mandrikowka; *Area*, *Nucula*, *Pecten*, *Pectunculus*, spp. n.; **Sokolow**.

Fauna of the Macotische Stufe; *Arimaetra*, *Cardium*, *Dosinia*, *Maetra*, *Mohrensternia*, *Nassa*, *Pyrgula*, *Trochus*, spp. n.; **Andrussow**.

Russia, Miocene fossils from Novocherkassk; *Pholas*, *Tapes*, *Turritella* spp. n.; **Bogatchew**.

Germany, list of shells from Kassel; **Hornstein**.

Germany, few Miocene fossils from near Domitz; **Metzmacher**.

Germany, Miocene fauna of Lüneburg; *Astarte* sp. n.; **Wollemann**, 3.

Germany, Middle Oligocene fossils from Kreuznach; **Delkeskamp**.

Netherlands, Upper Oligocene fossils from Tégelen; **Dubois**.

England, shells from Woolwich and Reading Beds, New Cross, London; **Robarts**.

France, lists of fossils from the Paris Basin with critical notes; *Planorbis*, *Limnea*, sp. n.; **Dollfus**, 2 (23-4).

France, Sparnacian of Paris Basin; **Combes**.

France, few Paris Basin shells; **Leriche**, 2.

France, Paris Basin Cephalopoda; **Alessandri**.

S. E. France, Lower Campanian fauna; *Aetaeonella*, *Amauropsis*, *Anomia*, *Aporrhais*, *Area*, *Areopagia*, *Astarte*, *Astrarium*, *Cardium*, *Cerithium*, *Corbicula*, *Corbula*, *Cucullaea*, *Cyrena*, *Cytherea*, *Dejanira*, *Dentalium*, *Fimbria*, *Fusus*, *Isocardia*, *Leda*, *Lima*, *Lucina*, *Maetra*, *Modiola*, *Neaera*, *Neritina*, *Ostrea*, *Solen*, *Tapes*, *Thracia*, *Tritonium*, *Trochus*, *Turritella*, *Voluta* spp. n.; **Repelin**.

France, fauna near Biarritz; *Cyprædia*, *Cytherea*, *Diastoma*, *Entritonium*, *Gibbula*, *Marginella*, *Metula*, *Mitra*, *Nassa*, *Pleurotoma*, *Streptocheilus*, *Sycum*, *Syrnola* spp. n.; **Oppenheim**, 2.

France shells from Lower Charente; **Degrange Touzin**.

France, Middle Miocene Pelecypoda from the Loire Basin; **Dollfus & Dautzenberg**.

France, Redonian fauna of Gourbesville; **Dollfus**, 1.

Spain, Oligocene fossils of Cataluna; **Vidal & Deperet**.

Italy, Middle Miocene fauna near Turin; **Bellini**.

Italy, fauna of Piedmont; **Sacco**.

Italy, Eocene fossils from Monte Postale; *Vicetia* gen. n.; **Fabiani**.

Italy, Rognacian fauna of Castigno; **Miquel**.

Italy, fossils from the Trasimeno basin; **Ristori**.

San Marino, fauna; **Trabucco**.

San Marino, Miocene fossils from Monte Titano; **Nelli**.

Sardinia; Pectinidae, *Aequipecten*, *Chlamys*, *Flexipecten*, *Gigantopecten*, *Inaequipecten* (gen. n.) spp. n.; **Ugolini**.

Hungary, Miocene fauna of Kosteĵ; *Cancellaria*, *Chenopus*, *Clathurella*, *Columbella*, *Coralliophila*, *Daphnella*, *Drillia*, *Fusus*, *Haedropleura*, *Leptocoelchus*, *Mangilia*, *Mieraelis* (gen. n.), *Mitra*, *Murex*, *Nassa*, *Natica*, *Parri-fusus*, *Peratotoma*, *Pliciscala*, *Polliia*, *Pseudotoma*, *Rhaphitoma*, *Scala*, *Surecula*, *Terebra* spp. and var. n.; **Boettger**, O. 1.

Hungary, Aquitanian, *Melongena* var. n.; **Hoernes**, 2.

Hungary, Miocene fauna of Budapest; *Aspergillum* sp. n.; **Vadasz**.

Galicia, Miocene fossils from Lemberg; **Łomnicki**.

Galicia, Miocene shells from Rzeszow; **Friedberg**, 2.

W. Galicia, Sarmatian fossils; *Pupa* sp. n.; **Friedberg**, 1.

Croatia, Pontian fauna; **Gorganovic-Kramberger**.

Istria and N. Dalmatia, lists of Middle Eocene fossils; **Schubert**.

C. Asia and China, land and fresh-water shells; *Limnaeus*, *Planorbis*, *Valvata* spp. n.; **Schlosser**.

Japan, fossils from near Tokyo, with numerous figures; **Tokunaga**.

Philippine Is.; *Area*, *Drillia*, *Macoma*, *Nerita*, *Pteropsis*, *Semele*, *Strombus*, *Tapes*, *Vicarya* spp. n., etc.; **Smith**, W. D., 2.

Egypt, fauna; *Ancilla*, *Area*, *Bulla*, *Cancellaria*, *Cardium*, *Cassis*, *Cerithium*, *Collonia*, *Comus*, *Corbula*, *Cypraea*, *Cytherea*, *Dentalium*, *Discohelix*, *Ficula*, *Fissurella*, *Fistularia*, *Fusus*, *Gastrochaena*, *Goneopteryx*, *Heligmotoma*, *Hippomyx*, *Latrunculus*, *Leptothyra*, *Liotia*, *Marginella*, *Mesulia*, *Mitra*, *Natica*, *Ncaera*, *Nerita*, *Oliva*, *Pereiraea*, *Pholadomya*, *Plesiotriton*, *Pleurotoma*, *Psammobia*, *Rostellaria*, *Scalaria*, *Sigarcetus*, *Solariella*, *Solarium*, *Sphenia*, *Tellina*, *Terebellum*, *Teredo*, *Thersites*, *Thracia*, *Trochus*, *Tugonia*, *Turritella*, *Voluta*, *Volutulites*, *Xenophora* spp. n.; **Oppenheim**, 1.

United States, Colorado; *Planorbis* sp. n.; **Cockerell**, 4.

United States, Oregon, fauna of the John Day and Marshall beds, spp. n.; **Stearns**.

United States, Texas, few Miocene shells; **Dumble**.

Mexico, fauna; *Cominella*, *Conus*, *Dalium* (sic), *Dentalium*, *Limopsis*, *Marginella*, *Oliva*, *Pecten*, *Phos*, *Pleurotoma*, *Sigaretus*, *Solarium*, *Trophon*, *Turritella*, *Venus*, *Vermetus* spp. n.; **Böse**, 1.

Panama; *Dreissensia*, *Melania* spp. n., etc.; **Joukowsky**, 1.

Panama, few fossils; **Joukowsky**, 2.

S. Australia, Eocene fossils; **Niso**, sp. n.; **Pritchard**, 1.

Mesozoic.

Russia, Gouv. Simbirsk, Jurassic and Neocomian fossils; **Towarow**.

Germany, fossils from near Freiburg; **Seidlitz**.

England, Belemnites of the Speeton Clays; **Danford**, 1.

England, Ammonites of the Speeton Clays; **Danford**, 2, 3.

Portugal, *Gervilleia*, *Tylostoma*, spp. n., etc.; **Choffat**.

Italy, fossils from Trevi; **Parona**, 2.

Galicia, fossils; *Arca*, *Circe* spp. n.; **Wisniowski**.

Transylvania, fossils; **Koch**.

Montenegro, Cephalopoda; **Martelli**, 2.

Singapore, *Astarte*, *Cucullaca*, *Gervillia*, *Goniomya* spp. n., etc.; **Newton**, 2.

Cretaceous.

Radiolitidae; **Toucas**.

W. Caucasus, fauna of the "Dibrar-System"; *Actinocamax* mut. n.; **Bogdanovic**.

Germany, Gastropoda and Lamellibranchiata of the Grodischten Schichten; **Ascher**, 1, 2.

Germany, fauna of Schaumburg-Lippe; *Acteon*, *Aricula*, *Cinulia*, *Leda*, *Lima*, *Nucula*, *Pinna*, *Pleurotomaria*, *Ptychogyra* (gen. n.), *Ptychomya*, *Siliqua*, *Solecurtus*, *Tellina*, *Thetis*, *Trochus* spp. n., **Harbort**.

(x-9720 r)

Hanover, Ems strata of Luneburg; *Mortinoceras*; **Wollemann**, 4.

Hanover, few shells from Misburg; **Wollemann**, 2.

Brunswick, Turonian fossils; **Wollemann**, 1.

Brunswick, Lower Senonian Cephalopoda; *Crioceras*, *Nautilus*, *Schlutcria* spp. n.; **Müller & Wollemann**.

Silesia, Neocomian "*Rhyncholithes*," spp. n.; **Till**.

England, monograph of Pelecypoda, *Anthonya*, *Astarte*, *Cardita*, *Crassatellites*, *Opis* spp. n.; **Woods**, 1.

England, Neocomian Belemnites from Speeton Clays; **Sheppard**, 1.

England, occurrence of *Actinocamax grossourei* in the Yorkshire Chalk; **Crick**, 2.

England, Yorkshire, Belemnites of Chalk; **Sherborn**.

England, Lincolnshire, Upper Chalk fossils; **Burnet**.

England, *Exogyra sinuata* in the Lower Greensand, Oxford; **Dawkins**.

France, *Nerita* sp. n., Campanian, Gensac; **Pethö**.

Italy, Upper Cretaceous fossils of the Appennines; **Parona**, 1.

Italy, Rognacian fauna of Castigno, *Bulimus*, *Limna*, *Physa* spp. n.; **Caziot**, 5.

N. Alps, Inoceramidae of the Gosau beds; **Petrascheck**, 2.

E. Bohemia, fossils from the *Actinocamax plenus* zone, with notes; *Lima*, *Pecten* spp. n.; **Petrascheck**, 1.

Lists of fossils from the neighbourhood of Budigsdorf; **Wilschowitz**.

Austria, Neocomian fossils from Kaltenleutgaben; *Schloenbachia* sp. n.; **Richarz**.

Galicia, Lower Senonian fossils from Bonerka, Krakow; *Inoceramus* spp. n.; **Smolenski**.

Hungary, Upper Senonian fauna, Peterwardeiner Gebirge; **Pethö**.

Balkans, *Itieria*, *Lucina*, *Nerinaea* spp. n., etc.; **Oppenheim**, 3.

Borneo, fauna of the Silat formation; **Icke & Martin**.

Morocco, list of fossils; **Kilian & Gentile**.

Algeria, Gault and Cenomanian fossils; **Blayac**.

Algeria, fauna of Oran; **Ficheur & Doumergue**.

Tripoli, fauna; *Alectryonia*, *Corbis*, *Crassatella*, *Cypraea*, *Exogyra*, *Fusus*, *Strombus*, *Trigonia*, *Turritella* spp. n.; **Krumbeck**.

Madagascar, Cephalopoda; *Phylloceras* sp. n.; **Boule, Lemoine & Thévenin**.

S. Africa, fauna of Pondoland; *Astarte*, *Baculites*, *Barbatia*, *Cardium*, *Crassatellites*, *Eriptycha*, *Liopistha*, *Meretrix*, *Modiola*, *Nerita*, *Pecten*, *Pirifusus*, *Pugnellus*, *Pyropsis*, *Rostellites* spp. n.; **Woods, 2**.

United States, fauna of the Cliffwood Clays of New Jersey, *Isocardia* sp. n.; **Weller, 1**.

Mexico, Senonian, fauna of Cárdenas; *Acteonella*, *Biradiolites*, *Cerithium*, *Coralliochama*, *Lima*, *Natica*, *Ostrea*, *Plesioptygmatis* (subgen. n.), *Turritella* spp. n.; **Böse, 2**.

Argentina, Upper Cretaceous fauna of Roca, Rio Negro; **Burckhardt**.

Antarctic, Ammonoidea; **Kilian**.

Jurassic.

Ammonoidea of Upper Lias; *Collina*, *Coloceras*, *Hammatoceras*, *Harpoceras*, *Hildoceras*, *Lytoceras* spp. n.; **Parisch & Viale**.

Notes on Toarcian *Coeloceras*; **Joly**.

S. Europe, Nautilidae; spp. n.; **Prinz, 3**.

C. Europe, gen. n. (un-named) of triassic Ammonoidea; **Stolley**.

Russia, Arcidae; *Arca*, *Cucullaea*, *Dicranodonta*, *Macrodon* spp. n.; **Borissjak, 1**.

Russia, Mytilidae; *Lithodomus*, *Modiola* spp. n.; **Borissjak, 2**.

W. Caucasus, fossils from Gepze; **Bogdanovic**.

Germany, fossils from the Bayrische Wald; **Wanderer**.

Germany, Ammonoidea from Enin-gen; **Gussmann**.

British Is., Liassic *Dentalium*, review with spp. n.; **Richardson, 1**.

British Is., Lias, *Schlotheimia* spp. n.; **Buckman**.

England, Upper Lias fossils from Stroud; **Upton**.

England, Lias fossils from Worcester; **Richardson, 2**.

France, addenda to Pelecypod fauna; *Anatina*, *Cardium*, *Ceratomya*, *Cuspidaria*, *Machomya*, *Unicardium* spp. n.; **Cossmann**.

France, Toarcian fossils from Macon; **Lissajous**.

France, Rauracian and Sequanian Pelecypoda of Yonne; **Péron**.

France, few Toarcian fossils from near Lyons; **Roux & Collet**.

Italy, Lower Lias fossils from near Spezia; **Fucini, 1**.

Italy, Lower Lias fossils from near Perugia; **Merciai**.

Switzerland, lists of Lower Oxfordian fossils from the Bernese Jura; **Aeberhardt, 1**.

Moravia, Portlandian fossils from boulders of the "Stramberger Kalkstein," Rychaltitz; **Remeš, 1, 2**.

Moravia, *Amaltheus margaritatus* from Freistadt; **Oppenheimer**.

Hungary, lower Jurassic Nautilidae spp. n.; **Prinz, 1**.

Hungary, *Dumortieria* spp. from Piszke; **Prinz, 4**.

Hungary, *Frechiella* sp. n. Lias; **Prinz, 3**.

S. Carpathians, fauna; *Lytoceras*, *Perisphinctes* spp. n.; **Simionescu**.

Greece, *Halobia*, *Daonella*; **Renz, 3**.

Greece, few fossils; **Renz, 2**.

W. Greece, fauna of the Dogger; **Renz, 1**.

Asia, *Halobia*, *Daonella*; **Renz, 3**.

Buru I., Cephalopoda; **Kossmat**.

Madagascar, fossils; **Lemoine**.

United States, fauna of the Black Hills, N.Y.; *Ammonites*, *Astarte*, *Belemnites*, *Modiola*, *Modiolarca*, *Neritoma*, *Pholadomya*, *Pinna*, *Pleuromya*, *Quenstedtia*, *Septifera*, *Tancredia*, *Trigonia* spp. n.; **Whitfield & Hovey**.

United States, Wyoming, the supposed Jurassic fossils collected by Frémont; **Veatch**.

Argentina, Liassic fauna of Piedra Pintada, (Neuquen); **Burckhardt** in **Roth, Kurtz & Burckhardt**.

Arctic, Franz Josef Land, Cephalopoda; **Whitfield**.

Triassic.

Ammonoidea; **Diener, 2**.

The Ceratitidæ of the Muschelkalk; **Diener, 3**.

Germany, fauna; *Amiotites*, *Balatonites*, *Beucleria*, *Pleuromutilus* spp. n.; **Fritsch**.

Lamellibranchiata of the Frombach-tuffe; **Waagen, 1**.

Montenegro, Cephalopoda; *Acrochordiceras*, *Ceratites*, *Monophyllites*, *Pinacoceras*, *Ptychites* spp. n.; **Martelli, 1**.

Greece, Ammonites from the Muschelkalk of Epidaurus; **Frech, 1**.

Greece, few fossils; **Frech & Renz**.

Baluchistan, Upper Triassic fauna; *Rhaecophyllites* sp. n.; **Diener, 6**.

India, Middle and Upper Triassic faunas of Spiti; **Diener, 4**.

India, Cephalopoda from the *Halorites* Limestone; *Halorites*, *Martolites*, *Sirenites* spp. n.; **Diener, 5**.

Himalaya, Upper Triassic Cephalopoda; **Diener, 1**.

Palaeozoic.

Volborthella; **Karpinsky**.

Russia, fauna of Podolia; *Anarcestes*, *Clinoceras*, *Edmondia*, *Grammysia*, *Leptodomus*, *Modiolopsis*, *Murchisonia*, *Platyceras* spp. n.; **Siemiradzki, 1**.

Russia, fauna of Podolia; **Siemiradzki, 2**.

British Is., *Lophospira*, *Omospira*, *Turritoma* spp. n.; **Donald**.

England, fossils from Haverfordwest; *Bellerophon*, *Eotomaria* spp. n.; **Reed, 2**.

Italy, Permo-Carboniferous fauna of Forni Avoltri; *Aviculopecten*, *Loxonema*, *Macrocheilus*, *Straparollus* spp. n.; **Gortani, 1**.

Bohemia, *Conularia*; **Želízko, 2**.

S. Africa, fossils from Grahamstown; *Nuculites*, *Orthoceras*, *Palaeoneilo*, spp. n.; **Schwartz**.

Canada, faunas of Manitoba; *Cyrtoceras*, *Ilionia*, *Pterinea*, *Spyroceras* spp. n.; **Whiteaves, 2**.

Canada, fossils from Ottawa; **Whiteaves, 4**.

Canada, *Nanno* spp. n. Cambrosilurian; **Whiteaves, 6**.

United States, Upper Silurian and Lower Devonian faunas of Trilobite Mt., N.Y., *Nuculites* sp. n. *Conularia* var. n.; **Shimer**.

South Australia, few fossils from Northern Territory; **Etheridge**.

Permian.

Fauna of the Bellerophon formation of Carnia; *Aracula*, *Bellerophon*, *Cassianella*, *Gerrillia*, *Hoernesia*, *Liebea*, *Murchisonia*, *Myophoria*, *Pecten*, *Pseudomonotis*, spp. n.; **Gortani, 2**.

Carboniferous.

Value of Mollusca in stratigraphy; **Stobbs**.

England, fossils from the Cheadle coalfield, Stafford; **Ward**.

England, fossils from the Midlands; **Hind**.

England, *Anthracomya* at Radstock; **Watson**.

Scotland, fossils from the Rouken Glen, Glasgow; **Macnair**.

Belgium, fossils from Hainaut; **Cornet, 2**.

Belgium, list of fossils from neighbourhood of Mons; **Cornet, 1**.

Carnian Alps, fauna; *Astarte*, *Aviculopecten*, *Bellerophon*, *Conocardium*, *Murchisonia*, *Myophoriopsis* spp. n.; **Vinassa de Regny & Gortani**.

Bohemia, Lamellibranchiata; *Anthracosia*, *Palacanodonta* spp. n.; **Schmidt, A**.

Hungary, marine fauna; with *Bellerophon*, *Euphemus* spp. n.; **Frech, 2**.

N. America, fauna of the Glen Park Limestone; *Bellerophon*, *Cypriocardinia*,

Macrodon, *Modiola*, *Modiomorpha*,
Naticopsis, *Nucula*, *Orthonychia*,
Platyceras, *Ptychomphalus* spp. n.;
Weller, 2.

New South Wales, Pectinidae; *Ariculopecten*, *Deltopecten* spp. n.; **Etheridge & Dun**.

Devonian.

Germany, fauna between Letmathe and Iserlohn; *Ariculopecten*, *Cypri-cardella*, *Dihelice* (gen. n.), *Grammysia*, *Leptodesma*, *Modiomorpha*, *Myalina*, *Platyceras*, *Sphenotus* spp. n.; **Schmidt**, E.

England, notes on Cephalopoda from N. Cornwall; **Crick**, 1.

Sahara, fossils; **Haug**.

S. Africa, fauna, *Buchiola*, *Sanguinolites* spp. n.; **Reed**, 1.

United States, Iowa, Gastropoda from the Lower and Middle beds of the Hackberry group; *Halopsea*, *Naticopsis*, *Platystoma*, *Pleurotomaria* spp. n.; **Webster**, C. L.

United States, fossils from New York; **Slocum**.

S. America, list of fossils from the lower Amazon; **Schuchert**.

Silurian.

Fauna of oldest Russian strata; **Lamansky**.

Bohemia, fossils from near Rosenthal; **Želízko**, 1.

Canada, fauna of Anticosti I.; **Schmitt**.

Canada; *Actinoceras*, *Ambonychia*, *Ctenodonta*, *Gyronema*, *Megalomphala*, *Mytilarca*, *Orthoceras*, *Orthonychia*, *Phragmoceras*, *Platyceras*, *Salpingostoma*, *Strophostylus* spp. n., etc.; **Whiteaves**, 1.

Canada, fauna of the Guelph formation of Ontario; **Whiteaves**, 5.

Ordovician.

N. America, fauna of the Chazy formation; spp. n.; **Raymond**, P. E., 1.

United States, Cephalopoda of the Beekmantown and Chazy formations of the Champlain basin with spp. n.; **Ruedemann**, 2.

Cambrian.

China, *Cyrtoceras*, *Hyalithes*, *Orthotheca*, *Platyceras*, *Scenella*, *Stenotheca*, *Straparollina* spp. n.; **Walcott**, 1.

China, *Platyceras*, *Scenella*, *Stenotheca*; **Walcott**, 2.

III. SYSTEMATIC 2231 INDEX.

GENERAL.

Types of D'Orbigny's "Prod. Paléont. strat. univ." reviewed and figured, **BOULE & THEVENIN**, Paris, Ann. Paléont., 1.

Manual of British land and fresh-water shells, **ADAMS**, 1.

Pocket Guide to British non-marine recent and Post-pliocene fauna; **SWANTON**, 1.

Pleistocene Mollusca of Maryland; **CLARK**.

AMPHINEURA.

Aplacophora gen. n. v. *Archaeomenia*.

Polyplacophora gen. n. v. *Tonicina*.

Polyplacophora of the German deep-sea expedition, **THIELE**, 2.

Chitonidae, distribution and recent literature, **NIERSTRASZ**, Helder, Tijdschr. Ned. Dierk. Ver. (Ser. 2) 10 (141-72).

Acanthochites variegatus sp. n. **Natal**, **NIERSTRASZ**, Zool. Jahrb., Syst. 23 (487-520).—*A. fascicularis* **Linne** varr. n. *lutescens*, *cinnabrina*, *fusca*, *A. discrepans* **Brown** var. n. *violaceo-limbata*, **DAUTZENBERG & DEROUCHOUX**, Feuilles jeunes natural. Paris 36.

Archaeomenia gen. n., *A. prisca*, sp. n. **Agulhasbank**, **THIELE**, Wiss. Erg. D. Tiefsee-Exp., 9 (315-24).

Callochiton (Isoplax) bouveti sp. n. **Bouvet-Insel**, **THIELE**, Wiss. Ergebn. D. Tiefsee-Exp., 9 (330).

Chiton, anatomy, **HALLER**.—*C. huttoni* sp. n. near **Dunedin**, **N.Z.**, **SUTER**, Wellington, Trans. N. Zeal. Inst. 38 (320).—*C. (Radsia) chierchiae* sp. n. **Galapagos**, **NIERSTRASZ**, Helder, Tijdschr. Ned. Dierk. Ver. (Ser. 2) 10 (141-172).

Chondropleura v. *Ischnochiton*.

Ischnochiton rissoi Payr. Naples, NIERSTRASZ, Helder, Tijdschr. Ned. Dierk. Ver. (Ser. 2) **10** (141-172).—*I. (Chondropleura) affinis*, Neu Amsterdam, *simplicissimus* Cap. der guten Hoffnung, THIELE, Wiss. Ergebn. D. Tiefsee-Exp. **9** (334-5).—*Ischnochiton laevis* Montagu, *marginatus* Pennant **varr. n.** DAUTZENBERG & DUROUCHOUX Feuilles jeunes natural., Paris **36**.

Isoplar v. Callochiton.

Lepidopleurus africanus **sp. n.** Oran, Mediterranean, NIERSTRASZ, Helder, Tijdschr. Ned. Dierk. Ver. (Ser. 2) **10** (141-172).—*L. andamanicus* **sp. n.** Bay of Bengal, SMITH, Ann. Mag. Nat. Hist., London **18** (251).—*L. niasicus* **sp. n.** Nias-Kanal, THIELE, Wiss. Ergebn. D. Tiefsee-Exp. **9** (327).

Notochiton mirandus **sp. n.** Bouvet-Insel, THIELE, Wiss. Ergebn. D. Tiefsee-Exp. **9** (332).

Plaxiphora parva **sp. n.** Mozambique, NIERSTRASZ, Zool. Jahrb., Syst. **23** (487-520).

Radsia v. Chiton.

Tonicella ruber **var. n. index** BALCH, Nautilus **20** (62).

Tonicina **gen. n.** for *Chiton zschau*, THIELE, Bul. Muséum, Paris **12** (549).

GASTROPODA.

Review of recent morphological and biological works; SIMROTH, **6**.

Review of recent faunistic works; SIMROTH, **7**.

Statistical study of variation in shell, MALARD, Bul. Muséum, Paris **12** (321-329).

Spermatozoa, RETZIUS, Biolog. Untersuch. N.F. **13** (1-36).

(a) *Prosobranchiata.*

Trochidae **gen. n. v. Margaritopsis.**

Liotiidae, review of Persian Gulf and North Arabian Sea forms, MELVILL, London, Proc. Malac. Soc. **7** (27-28).

Cyclostrematidae, review of Persian Gulf and North Arabian Sea forms, MELVILL, London, Proc. Malac. Soc. **7** (20-8).

Neritidae, structure of shell, classification and phylogeny, PETHÖ, Paleontographica **52** (109-32).

Realiidae, synopsis, KOBELT, Wiesbaden, Jahrb. Ver. Natk. **59** (47-144).

Aciculidae **gen. n. v. Caziotia.**

Rissoiidae **gen. n. v. Lanzaia.**

Assimineidae **gen. n. v. Assiminea.**—Notes on European, MONTEROSATO, **1**.

Truncatellidae, notes on European, MONTEROSATO, **1**.

Melaniidae **gen. n. v. Paludinopsis.**

Cerithiidae, notes on Tertiary forms BOUSSAC, Paris, Bull. Soc. geol. **5** (669).

Marseniidae **gen. n. v. Lamellariopsis.**

Cypraeidae **gen. n. v. Viectia.**—Notes on species from Tuamotu and Mangareva, VAYSSIÈRE, Bul. Muséum, Paris **1906** (115-9).

Scalaridae **gen. n. v. Dihelice.**

Pyramidellidae, notes on Japanese, Indo-Pacific and American spp., DALL & BARTSCH.

Aclidae **gen. n. v. Microclis.**

Mitridae of W. America, WILLIAMSON, Washington, D.C., Proc. Biol. Soc. **19** (193-7).

Buccinidae, variation in radula, LEBOUR, Leeds, J. Conch., **11**, (282).

Fusidae **gen. n. v. Manaria.**

Melongenidae, distribution, HOERNES, **2**.

Volutidae **genn. n. v. Adelomelon, Harpulina, Volutospina.**

Pleurotomidae of "Porcupine" Expedition, SYKES.

Aclis semireticulata **sp. n.** N. Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38** (294).

†*Aclis proascaris* Sacco, Miocän, Ungarn, BOETTGER, Verh. u. Mitth. d. siebenb. Ver. f. Naturw. **54** (98).

Aemaea testudinalis, anatomy, WILLCOX, Amer. Nat. **40** (171-187).

Aeme layoni **sp. n.** Genoa, POLLONERA, Torino, Boll. Musei Zool. Anat. **20** No. 517 (2).

†*Acrilla v. Sclalaria.*

Aeropychia, note, ANCEY, J. Conchyl. **53** (325).

†*Aerostoma* v. *Melania*.

Actaeopyramis v. *Pyramidella*.—*A. minutissima* **sp. n.** Cape Verd Is., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (55-6).

Adelomelon **nom. n.** = *Scaphella* auct. not off! Swainson, type *Voluta ancilla* Solander, DALL, Nautilus **19** (143).

†*Admete nassiformis* (Segu.) var. *dregeri* HÖ. AU., *nysti* (M. HÖ.) MIÖCÄN, Ungarn., BOETTGER, Verh. siebenb. Ver. Naturw. **54** (51-52).

Alaba sulcata Watson proves to be apex of *Strombus campbelli* Gray, HEDLEY, Sydney N.S.W. Proc. Linn. Soc. **30** (523).

Alcithoe v. *Fulguraria*.

Alcetryon v. *Nassa*.

Alvania subcalathus [Monterosato MS.] **sp. n.** Santa Luzia, C. Verd Is., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (47-8).

Alycaeus varius **sp. n.** Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. **57** (729).

Amalthea subgen. n. v. *Mallurium*.—*A. hexagona* **sp. n.** Chatham Is., SUTER, Wellington, Trans. N. Zeal. Inst. **38** (326).

Amaura v. *Odostomia*.

†*Amauropsis* v. *Natica*.—*A. subbulbiformis* **sp. n.** Lower Campanian, S.E. France, REPELIN, Marseille, Ann. Mus. **10** (39).

Amnicola comalensis **sp. n.** S.W. States? PILSBRY & FERRISS, Philadelphia, Pa., Proc. Acad. Nat. Sci. **58**.—*A. pilsbryi* **sp. n.** United States, WALKER, Nautilus **19** (114-7).

Amphicyclotus chanchapoyascensis **sp. n.** Peru, DA COSTA, London, Proc. Malac. Soc. **7** (9).

Ampullaria, BOETTGER, Frankfurt a. M., Nachrbl. D. malakozool. Ges. **38** (219-20).—*A. chariensis* **sp. n.** Central Africa, GERMAIN, Bul. Museum, Paris **11** (487).—*A. polita* Deshayes, *turbinis* Lea **varr. n.**, DAUTZENBERG & FISCHER, J. Conchyl. **53** (426-8).—*A. gigas* oviposition, ROTH, Natur u. Haus **14** (97-9).

†*Ampullina* v. *Natica*.—*A. amphora* Heilprin, Tertiary, Panama, figd., JOUKOWSKY, Genève, Mém. Soc. Phys. **35** (174).

Anachis v. *Columbella*.

Ancilla alcocki **sp. n.** Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. London **18** (172).—*A. ordinaria* **sp. n.** South Africa, SMITH, Ann. Natal Govt. Mus. **1** (27).

†*Ancilla (Sparella) aegyptiaca* **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica **30** (330-1).

†*Ancillaria rembangensis* (298), *javana* (299) **spp. n.** Java, MARTIN, Lieden, Samml. geol. Reichsmus. (2) **1**.

†*Anomphalus rotuliformis* **sp. n.** CUMINGS, Indiana, Rep. Dept. Geol. Nat. Res. **30**.

Anura Bell., includes *Hindsia grimaldii*; *A. elathrata* **sp. n.** off N.W. Africa, DAUTZENBERG & FISCHER, Monaco, Res. camp. sci. **32** (25-6).

Aphanitoma locardi **sp. n.** W. Atlantic, BAVAY, Bul. Mus., Paris **12** (548).

†*Aporrhais* v. *Chenopus*.—*A. boulei*, *arifformis*, *elegans* **spp. n.** lower Campanian, S.E. France, REPELIN, Marseille, Ann. Mus. **10** (23-5).—*A. crepidatus* (163-4), (*Arrhoges*) *machaerophorus* (164-5), (*Malaptera*) *minuta* (165) **spp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica **52**.—*A. sp.*, WOODS, Cape Town, Ann. S. Afric. Mus. **4** (318).

Archinacella? propria **sp. n.** Crown Pt., Valcour and Chazy Limestones, New York, RAYMOND, Pittsburgh, Pa., Ann. Carnegie Mus. **3** (575).

†*Arrhoges* v. *Aporrhais*.

Assiminea tasmanica Ten. Woods, radula, geographical distribution, HEDLEY, Sydney N.S.W. Proc. Linn. Soc. **30** (527-8).

Assiminella? gen. n. for *Assiminea littorina*, MONTEROSATO, Naturalista sicil., Palermo **18** (129).

†*Asthenotoma labellum* (Bon.).-Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (88).

†*Astralium densiporcatum* (101-2), *undatocoronatum* (102-3), *hoffmanni* (103-4) **spp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica **52**.—*A. magnum* (42), *provinciale* (42-3), *fimbriatum* (43) **spp. n.**

Lower Campanian, S.E. France, REPELIS, Marseille, Ann. Mus. 10.

†*Atoma hypothetica* Bell., *poppelacki* (M. Hö.) Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (61-2).

Atropidina subgen. n. of *Valvata* (q.v.), LINDHOLM, Frankfurt a. M., Nachr.-Bl. D. malakozool. Ges. 38 (190).

Auritus erika Montenegro, *georgi* Albanien spp. n., *sturanii* subspp. n. *zawinkanus*, *scalariformis*, (*Holcopoma*) *roseoli* subspp. n. *scutariensis*, *kiriensis*, (*Titanopoma*) *auritus* subsp. n. *alatus*, WAGNER, Frankfurt a. M. Nachr.-Bl. D. malakozool. Ges. 38 (132-8).

Labella subgen. n. of *Turbonilla* (q.v.), DALL & BARTSCH, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc. 30.

†*Basilissa* v. *Trochus*.

Bathybembix nerilli sp. n. Bay of Bengal, SMITH, Ann. Mag. Nat. Hist., London 18 (245).

Bathytoma v. *Pleurotoma*.—*B. agnata* sp. n. off Sydney 300 fath, HEDLEY & PETTERD, Sydney N.S.W., Rec. Austr. Mus. 6 (200).

†*Bathytoma cataphracta* (Brocc.) Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (65).

†*Bellerophon*, notes on, SIMROTH, Leipzig, Sitzber. Natf. Ges. 1905 (3-8).—*B. anthracophilus* sp. n. Carboniferous, Hungary, FRECH, Földt. Közl. 36 (125).—*B. carnicus* (119), *tommasi* (120), *italicus*, *canerai* (122) spp. n. Permian, Carnia, GORTANI, Riv. Ital. Pal. 12.—*B. crypticus* (363), (?) *multerugatus* (365), *secundus* (366) spp. n. Primary, Haverfordwest, REED, London, Geol. Mag. 3.—*B. deangelisi* sp. n. Carboniferous, Carnian Alps, GORTANI, Boll. Soc. geol. Ital. 24 (568).—*B. jeffersonensis*, *ulrichi* spp. n. Glen Park Limestone, WELLER, St. Louis, Mo., Trans. Acad. Sci. 16 (435-71).

Bernajia v. *Cypraea*.

Bithinia v. *Bythinia*.—*B. tentaculata*, nervous system, AEBERHARDT, Bern, Mitt. Naturf. Ges. 1905 (117-9).

Bittium v. *Cerithium*.—*B. fuscocapitulum* sp. n. off Sydney 300 f., HEDLEY & PETTERD, Sydney N.S.W. Rec. Austr. Mus. 6 (217).

Blanfordia formosana sp. n. Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. 57 (750).

†*Bonellitia* v. *Cancellaria*.

Boreotrophon v. *Trophon*.

†*Broechinia parvula* (Beyr.) var. *bicarinata* Hö. Au., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (51).

†*Bucania catilloides* sp. n., RAYMOND, Pittsburgh, Pa., Ann. Carnegie Mus. 3.

Buccinanops globulosum var. n. *elata*, STREBEL, Zool. Jahrb., Syst. 24.

Buccinum undatum, Trematode parasites; *Cercaria giardi* sp. n. (170-1) PELSENER, 3.

Bullia cinerea sp. n. Ceylon (?). PRESTON, London, Proc. Malac. Soc. 7 (34).—*B. ancillaeformis* sp. n. South Africa, SMITH, Ann. Natal Govt. Mus., 1 (37).

Bursa (Lampas) ranelloides Rve. var. n. *tenuisculpta*, Azores and Madeira, DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. 32 (36-7).

Bythinia v. *Bithinia*.

†*Bythinia* (?) *cholnoky* sp. n. China, ob. Tertiär (391), SCHLOSSER, Ann. Hist.-Nat. Mus. Nat. Hung., 4.

†*Bythiospeum obermaieri* sp. n. Post-Tertiary, France, BABOR, Amiens, Bull. Soc. linn. 18 (32).

Bythoceras iridescens Moore (182), *minor* Moore (182) L. Tanganyika, figd., SMITH, London, Proc. Zool. Soc. 1906.

Calliostoma admirandum sp. n. Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. 18 (246).—*C. bisculptum* sp. n. South Africa SMITH, Ann. Natal Govt. Mus. 1 (54).—*C. grimaldii* Dautz. & Fisch. is a var. of *C. triporecatum* P. Fisch., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. 32 (59-60).—*C. (Leiotrochus) marionae* sp. n. Florida, DALL, Nautilus 19 (131-2).—*C. conuloides* Lamarck varr. n. *cincraseens*, *subconcolor*, *violaceescens*, DAUTZENBERG & DUROUCHOUX, Feuille jeunes Natural. 36.

†*Calliostoma novatum* Desh., Eocene, Monte Postale, figd., FABIANI, Padova, Atti. Oc. Ven. Trent. 2 (117).

†*Callithea* v. *Turricula*.

Callogaza v. *Gaza*.

†*Campanile* v. *Cerithium*.

Cancellaria scobina **sp. n.** off Sydney 300 fath., HEDLEY & PETERD, Sydney, N.S.W., Rec. Austr. Mus. **6** (222).—*C. (Sceltia) lyrata* Brocchi, occurrence of a recent specimen near Maio I., C. Verd Is., figd., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (17-8).

†*Cancellaria meridionalis* **sp. n.** Cretaceous, Pondoland, Woods, Cape Town, Ann. S. Afric. Mus. **4**, (326).—*C. (Bonellitia) aegyptiaca* **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica **30** (331).—*C. succiniformis* **sp. n.**, *ampullacea* Brocc., *brandenburgi* Bttgr., *calcarata* Brocc., *gestini* (Bast) var. *compressohirta* Sacco., *hoernesii* Kittl., *lyrata* Brocc., *subcancellata* d'Orb., *varicosa* Brocc., Miocän, Ungarn., BOETTGER, Verh. siebenb. Ver. Naturw. **54** (49-51).

†*Cancilla* v. *Mitra*.

†*Cantharus* (?) *Pollia* *hanthkeni* **sp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica **52** (174-5).

Capulus lissus Smith, and allies, notes on, MELVILL, London Proc. Malac. Soc. **7** (81).

Cassidaria rugosa, anatomy, REYNELL, London Proc. Malac. Soc. **7** (67).

†*Cassis aegyptiaca* **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica **30** (307-8).—*C. postalensis* Oppenh., Eocene, Monte Postale, figd., FABIANI, Padova, Atti. Ac. Ven. Trent. **2** (156).

†*Caziotia* **gen. n.** for *C. singularis* **sp. n.** Post Tertiary, Alpes Maritimes, POLLONERA, Torino. Boll. Musei Zool. anal. **20** No. 517 (2).

Ceratia v. *Rissoia*.

Cerithidea sacrata **var. n.** *hyporhyssa* California, BERRY, Nautilus **19** (133).

Cerithiopsis cacuminatus **sp. n.** off Sydney 300 f., HEDLEY & PETERD, Sydney, N.S.W., Rec. Austr. Mus. **6** (218).—*C. cessicius* **sp. n.** (= *Bittium minimum* Ten. Woods not *Cerithiopsis minima* Brusina), HEDLEY, Sydney, N.S.W. Proc. Linn. Soc. **30** (529).—*C. chapmaniana*, *insignis* **spp. n.** South Africa, SMITH, Ann. Natal Govt. Mus. **1** (45).—*Cerithiopsis mathildaeformis* **sp. n.** Gulf of Oran, MELVILL, London, Proc. Malac. Soc. **7** (71).

Cerithium charcoti, **sp. n.** Antarctic, LAMY, Bul. Museum, Paris **11** (477).—*Cerithium coyi*, *nesioticum* **spp. n.** Pacific

Isles, PILSBRY & VANATTA, Philadelphia, Pa., Proc. Acad. Nat. Sci. **57** (787).

Java, MARTIN, Leiden, Samml. Geol. Reichsmus (2) 1.—*C. (Lithoconus) acgyptiacus* sp. n. Lutetian, Egypt, OPPENHEIM, Palaeontographica 30 (336).

†*Coralliophila biconica* (35-6), *gracilispira* (35) spp. n. Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54.

Couthouyia v. *Fossarus*.

Crepidula, development, DAHLGREN.

Crosseia eryma sp. n. Gulf of Oman, MELVILL, London, Proc. Malac. Soc. 7 (70).

†*Cryptorhynchis rigida* Bail. redescribed and figured, WOODS, Cape Town, Ann. S. Afric. Mus. 4 (321).

Cryptospira v. *Marginella*.—*C. (Gibberula) sicula* sp. n. New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. 38 (291).

Cyathopoma taiwanicum sp. n. Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. 57 (724).

Cyclophorus courbeti Ancey var. n. *leucostoma*, DAUTZENBERG & FISCHER, J. conchyliol. 53 (432).—*C. eximius* var. n. *rouyeri* SUMATRA, BULLEN, London, Proc. Malac. Soc. 7 (12).

Cyclostoma elegans, nervous system, AEBERHARDT, Bern, Mitt. Naturf. Ges. 1905 (115-7).

Cyclostrema subgen. n. *Lydiplaxis* (25) type *C. euehiopleron* Melv. & St.; *C. novemearinatum* (22), *quinqueearinatum*, *charmophron* (24) spp. n. Persian Gulf and North Arabian Sea, MELVILL, London, Proc. Malac. Soc. 7.—*C. bastowi* sp. n. Victoria, GATLIFF, Melbourne,

Proc. R. Soc. Vict. **19** (3).—*C. (Delphinoidea) prestoni* **sp. n.** Ceylon, MELVILL, London, Proc. Malac. Soc. **7** (29).

Cyclotus xullaensis **sp. n.** Xulla Is., SCHEPMAN, Leiden, Notes Mus. **28** (120-8).—*C. tairanus* **subsp. n.** *adamsi*, *swinhoei* **subsp. n.** *depressus*, *minutus* **subsp. n.** *concentratus*, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. **57** (723).

Cymatium kamyllum Watson, transferred from *Nassaria* and = *Lampusia nodocostata* Tate & May, HEDLEY & PETTERD, Sydney N.S.W., Rec. Austr. Mus. **6** (219).—*C. (Simpulum) problematicum* **sp. n.** Santa Luzia, C. Verd Is., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (33-4).

Cypræa eruenta **var. n.** *tortirostris* South Africa, SOWERBY, London Proc. Malac. Soc. **7** (39).—*C. punctata* L. **var. n.** *berinii*, DAUTZENBERG, J. Conchyliol. **54** (28).—*C. (Luponia) spurea* Lin. **var. n.** *elongata* Cape Verd Is., DAUTZENBERG & FISCHER, Monaco, Res. camp. sci. **32** (40).

†*Cypræa fourtani* (300), *bullina* (302-3), (*Eocypræa*) *mokattamensis* (300-1), (*Bernayia*) *libyca* (301-2), *aegyptiaca* (302) **spp. n.** Tertiary, Egypt, OPPENHEIM, Palaeontographica **30**.—*C. tarenensis* **sp. n.** Cretaceous, Tripoli, KRUMBECK, Palaeontographica **53** (121-2).—*C. zsigmondyana* **sp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica **52** (167-8).—*C. lancicae* Brus., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (3).

†*Cyprædia degrangei* **sp. n.** Tertiary, Biarritz, OPPENHEIM, Zs. D. Geol. Ges. **58** (87).

†*Dalium* [*Dolium*] *dalli* **sp. n.** Tertiary, Mexico, BÖSE, Mexico, Bol. Inst. Geol. **22** (58).

Daphnella aculeata **sp. n.** New Zealand, WEBSTER, Wellington, Trans. N. Zeal. Inst. **38** (306).—*D. excavata* **sp. n.** Victoria, GATLIFF, Melbourne, Proc. R. Soc. Vict. **19** (1).—*D. sabrina* (77), (*Pleurotomella*) *alcestis*, *itama* (78) **spp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7**.

†*Daphnella jickelii* **sp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (81-2).

†*Dejanira* Stoliczka, probably related to the Auriculidæ rather than to the Neritidæ, PETHÖ, Palaeontographica **52**

(122-6).—*D. stoliczkae* **sp. n.** Lower Campanian, S.-E. France, REPELIN, Marseille, Ann. Mus. **10** (40).

Delphinoidea v. *Cyclostrema*.

Diala subearinata **sp. n.** New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38** (292).—*D. translucida* **sp. n.** Sydney N.S.W., HEDLEY, Sydney N.S.W. Proc. Linn. Soc. **30** (522).—*D. trilirata* **sp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (71).

†*Diastruma biarritzense* **sp. n.** Tertiary, Biarritz, OPPENHEIM, Berlin, Zs. D. Geol. Ges. **58** (82).

†*Dicroloma* (*Perissoptera*) **sp.**, WOODS, Cape Town, Ann. S. Afric Mus. **4** (319).

†*Dihelice* **gen. n.** of Scaliariidæ; *D. dalhei* **sp. n.** Devonian, Germany, SCHMIDT, Berlin, Zs. D. Geol. Ges. **57** (560).

Diplommatina lavillei **sp. n.** Indo-China, DAUTZENBERG & FISCHER, J. Conchyliol. **53** (442).—*D. (Palaina) marchei* **sp. n.** Mariannes, BAVAY, J. Conchyliol. **53** (253); is synonym of *Palaina hyalina* **sp. n.** Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. **57** (726).

†*Discohelia libyca* **sp. n.** Paleocene, Egypt, OPPENHEIM, Palaeontographica **30** (231).

†*Dolicholathyrus* v. *Fusus*.

Dolium v. *Dalium*.—*D. fimbriatum* Sowerby **var. n.** *natalensis* South Africa, SMITH, Ann. Natal Govt. Mus. **1** (41).—*D. (Eudolium) crosseanum* Monteros. **var. n.** *solidior* Azores, DAUTZENBERG & FISCHER, Monaco, Res. camp. sci. **32** (38).

†*Dorsanum cerithiiforme* Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (30).

Drillia v. *Pleurotoma*.—*D. albotesselata* **sp. n.** South Africa, SMITH, Ann. Natal Govt. Mus. **1** (26).—*D. multiplex* **sp. n.** New Zealand, WEBSTER, Wellington, Trans. N. Zeal. Inst. **38** (306).—*D. optabilis* **sp. n.** New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38** (283).—*Drillia* (?) *thisbe* **sp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (77).

†*Drillia dora*, *vasta* **spp. n.**, *adela* (Hö. Au.), *allionii* Bell., *crispata* (Ian.), *granaria* (Duj.), *incrassata* (Duj.), *obtu-*

sangula (Brocc.), *pustulata* (Brocc.), *spinescens* (Ptsch.), *terebra* (Bast.), Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (55-7).—*D. (?) (Pleurotoma) weberi* **sp. n.** Tertiary, Philippines, SMITH, Philippine J. Sci. **1** (628).

Dunkeria candida A. Ad. = *Turbonilla* (*Pyrgisculus*) *candidissima* (q.v.).

†*Eastonia* **subgen. n.** of *Faunus* (q.v.); ICKE & MARTIN, Leiden, Samml. Geol. Reichsmus. **8** (107-16).

†*Eccyliopterus kalmi, proclivis* **spp. n.**, RAYMOND, Pittsburgh, Pa., Ann. Carnegie Mus. **3**.

Edgaria nassa (Woodw.) Lake Tanganyika, figd., SMITH, London, Proc. Zool. Soc. **1906** (182).

Egilina **subgen. n.** of *Odostomia* (q.v.), DALL & BARTSCH, Washington, D.C., Smithsonian Inst., U. S. Nation., Mus. Proc. **30**.

Emarginula, notes on, MARTEL, Feuille jeunes natural. **36** (105-8); Rennes, Bul. soc. sci. méd. **14**, (326-32). *Emarginula superba* **sp. n.** off Sydney. 300 f., HEDLEY & PETTERD, Sydney N.S.W., Rec. Austr. Mus. **6** (216).

Enteroxenus ostergreni, Keimzellen, BONNEVIE, Arch. Math. Naturv., Kristiania **27** No. 12; Jenaische Zs. Natw. **41** (229-428).

†*Eocypraea* v. *Cypraea*.

†*Eopsephaca* v. *Voluta*.

†*Eotomaria robertsi* **sp. n.** Palæozoic, Haverfordwest, REED, London, Geol. Mag. **3** (359).

Euchelus natalensis **sp. n.** South Africa, SMITH, Ann. Natal Govt. Mus. **1** (55).

Eudolium v. *Dolium*.

Eulima, notes on spp., MARTEL.—*E. nisonida* (71), *rhæba* (72) **spp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7**.—*E. vegrandis* (297), *infrapatula* (297), (*Mucronalia*) *bulbula* (298) **spp. n.** New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38**.

†*Eulima levis, oralis* **spp. n.** Post Tertiary, Japan, TOKUNAGA, Tokyo, J. Coll. Sci. **21** (21).—*E. raymondi* **sp. n.** California, RIVERS, Los Angeles, Bull. So. Cal. Acad. Sci. **3**.

Eulimella anabathron **sp. n.** Sydney, HEDLEY, Sydney N.S.W. Proc. Linn. Soc. **30** (524).—*E. lerilirata* **sp. n.** New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38** (296).

†*Euomphalus* (*Straparollus*) cf. *grandis* Kon., *eupentangulatus* Sow., FRECH, Földt. Közl. **36**.

†*Euphemus sudeticus* (123), *kukenthalii* (124) **spp. n.** Carboniferous, Hungary, FRECH, Földt. Közl., Budapest **36**.

Eupomatias v. *Pomatias*.

†*Euspira* v. *Natica*.

Euthria adales (23), *pulicaria* (24) **spp. n.** Cape Verd Is.; *E. saharica* (21-2) is a synonym of *Latirus maximus* G. B. Sby., DAUTZENBERG & FISCHER, Monaco, Res. camp. sci. **32**.

†*Euthria adunca* (Brown), *fuscoeingulata* (M. Hö.) Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (33).

†*Eutritonium biarritzense* **sp. n.** Tertiary, Biarritz, OPPENHEIM, Berlin, Zs. D. Geol. Ges. **58** (84).—*E. affine* (Desh.), *apenninicum* (Sassi), *deshayesi* (Michti.), *karreri* (Hö. An.), *parrulum* (Michti.), *speciosum* (Bell.), *tarbellianum* (Grat.), *tortuosum* (Brocc.) Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (38-39).

†*Eutrochus* v. *Trochus*.

Evalea v. *Odostomia*.

Fasciolaria, development, GLASER, Biol. Bull. **10** (139-64).—*F. tulipa*, Kannibalismus, GORKA, Terint. Közl. **38** (230).

†*Fasciolaria fimbriata* Brocc., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (48).

†*Faunus* **subgen. n.** *Eastonia*; *F. (E.) horsti* **sp. n.** Cretaceous, Borneo, ICKE & MARTIN, Leiden, Samml. Geol. Reichsmus. **8** (107-16).

†*Ficula rai* (308-9), *thebaica* (309) **spp. n.** Tertiary, Egypt, OPPENHEIM, Palaeontographica **30**.—*F. cingulata* Bronn, *geometra* Borson, Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (46-7).

Fissurella, anatomy, HALLER.—*F. huttoni* (*F. squamosa* Hutton) **sp. n.**, SUTER, Wellington, Trans. N. Zeal. Inst. **38** (322).—*F. verna* Gld. **var. n.** *gouldi* Cape Verd Is., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (61).

†*Fissurella nuda* sp. n. Lutetian, Egypt, OPPENHEIM, Palaeontographica **30** (216-7).

Fossarus (*Couthouyia*) *eudmetus* sp. n. Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (71).

Fulguraria (*Aleithoe*) *hedleyi* sp. n. New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38** (288).

Fusus, notes on name, DALL, Leeds, J. Conch. **11** (289-97).—*F. ineertus* sp. n. Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. **18** (167).—*F. corpulentus* Smith, figd., BüLOW, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38** (196-200).

†*Fusus baryi* sp. n. Cretaceous, Tripoli, KRUMBECK, Palaeontographica **53** (119-20).—*F. legrei* (20-1), *parrulus* (21), *supraeretaeus* (21), *globulus* (22), *oliva* (22) spp. n. Lower Campanian, S.E. France, REPELIN, Marseille, Ann. Mus. **10**.—*F. grodischianus*, *oxyptychus*, *rothpletzi*, *zonatus* spp. n., ASCHER, Wien, Beitr. Pal. Geol. OestUng. **19** (135-72).—*F. schlosseri* (171), *delicatulus* (172), *conjecturalis* (173) spp. n. Cretaceous, Hungary, PETHÖ, Palaeontographica **52**.—*F. sublamellosus* sp. n. Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (17-8).—*F. (Clarella) sangiranensis* (307), *fennemai* (307-8) spp. n. Java, MARTIN, Leiden, Samml. Geol. Reichsmus. (2) **1**.—*F. (Dolicholathyrus) mokattamensis* sp. n. Lutetian, Egypt, OPPENHEIM, Palaeontographica **30**.

Gaza (*Callogaza*?) *frederiei* sp. n. Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. **18** (246).

Genota v. *Pleurotoma*.

†*Genota ramosa* (Bast.), *valerae* (Hö. Au.), Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (55).

Gibberula v. *Cryptospira*.

Gibbula v. *Trochus*.—*G. corallinoides* Locard, *gorgonarum* P. Fisch., figd., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (57).

†*Gibbula lucida* sp. n. Tertiary, Biarritz, OPPENHEIM, Berlin, Zs. D. geol. Ges. **58** (81).

Giraudia horei Smith (183) *praeclara* Bourg. (183), Lake Tanganyika, figd., SMITH, London, Proc. Zool. Soc. **1906**.

†*Glauconia* synonymy (31), *coquandi* d'Orb. (33-7) varr. n., REPELIN, Marseille, Ann. Mus. **10** (33-7).

Glyphis fuseoeremulata sp. n. South Africa, SMITH, Ann. Natal Govt. Mus. **1** (56).

†*Goneoptyxis kurkurensis* sp. n. Paleocene, Egypt, OPPENHEIM, Palaeontographica **30** (313).

Goniobasis comalensis form. n. *fontinalis* S.W. United States, PILSBRY & FERRISS, Philadelphia, Pa., Proc. Acad. Nat. Sci. **58**.

†*Gyrodes* v. *Natica*.—*G.* sp. WOODS, Cape Town, Ann. S. Afric. Mus. **4** (317).

†*Gyronema*? *rotalina* sp. n., RAYMOND, Pittsburgh, Pa., Ann. Carnegie Mus. **3** (577).—*G. speciosum*, *doulingi* (50F), *brevispira* (51F) spp. n. Silurian, N. Canada, WHITEAVES, Rep. Geol. Surv. Can. **14**.

†*Haedropleura avenacea* (60), *corae* (58), *crystallina* (59-60), *reticosta* (60-1) spp. n. Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54**.

Haloepa [*Holopea*]? *iowensis* sp. n. Hackberry group, Iowa, WEBSTER, Iowa Nat. **2** (2-4).

Harpulina nom. n. for *Harpula* auct. non Swainson, type *Voluta arausaica* Solander, DALL, Nautilus **19** (143).

Heleioniseus illibrata sp. n. S. Australia, VESCO, Adelaide S. Austr., Trans. R. Soc. **30** (205).—v. *Heleioniseus*.

†*Heleioniseus luciferus* sp. n. Patagonian, Patagonia, IHERING, Revist. Mus. La Plata **11** (237-8).

Helicina semisculpta (125), *ragans* (126) spp. n. Tenimber, ANCEY, J. Conchyliol. **54**.

Heliconiseus mestayerae sp. n. Stewart I., SUTER, Wellington, Trans. N. Zeal. Inst. **38** (322).

†*Heligmotoma libyeum* sp. n. Paleocene, Egypt, OPPENHEIM, Palaeontographica **30** (321-2).

Hemipleurotoma v. *Pleurotoma*.

Hima v. *Nassa*.

Hindsia grimaldii belongs to *Anura*, Bellardi, DAUTZENBERG & FISCHER, Monaco, Res. camp. sci. **32** (25-6).

†*Hindsia gendinganensis* (313-4), *tambacana* (314-5), *samarangana* (315),

javana (315-6), *tjemoroensis* (316-7) **spp. n.** Java, MARTIN, Leiden, Samml. Geol. Reichsmus. (2) 1.

†*Hippoerene* v. *Rostellaria*.

†*Hipponyx mokattamensis* **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica 30 (261-2).

Holeopoma v. *Auritus*.

Holopea? *plauta* **sp. n.** RAYMOND, Pittsburgh, Pa., Ann. Carnegie Mus. 3. —v. *Holopea*.

†*Holopella acicularis* Roem., figd. SIEMIRADZKI, Wien, Beitr. Pal. Geol. OestUng. 19 (230).

Hydrocena v. *Realia*.

†*Janiopsis maxillosa* (Bon.), *vanelliformis* (Hö. Au.), Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (32-3).

Iphiana v. *Pyramidella*.

†*Itieria katzeri* **sp. n.** Cretaceous, Balkans, OPPENHEIM, Berlin, Zs. D. geol. Ges. 58 (132).

Japonia zebra (722), *formosana* (723), **spp. n.** Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. 57.

Lacuna wandelensis **sp. n.** Antarctic, LAMY Bul. Muséum, Paris 11 (178).—*L. pallidula* da Costa **var. n. aurea** DAUTZENBERG & DUROUCHOUX, Feuille jeunes natural. 36.

Lamellaria ampla, *fuegoensis*, *elata*, *magellanica* **spp. n.** Magalhaen, STREBEL, Zool. Jahrb., Syst. 24 (145-7).

Lamelliariopsis **gen. n.** of Marseniadae for *L. turquati* **sp. n.** Antarctic, VAYSISIÈRE, Bul. Mus., Paris 12 (148).

Lampas v. *Bursa*.

†*Lamprodroma* v. *Olivæ*.

Lancella v. *Turbonilla*.

Lanistes gribbinginensis **sp. n.** Central Africa, GERMAIN, Bul. Muséum, Paris 11 (487).

Lanzaia **gen. n.** of Rissoiidae for *Turbo elephantotus* Megerle 1824 BRUSINA, Frankfurt a. M., NachrBl. D. malakozool. Ges. 38 (154-62).

†*Lathyrus bellardii* (M. Hö.), *bilineatus* (Pisch), *moravicus* (Hö. Au.), *pleurotomoides* (Hö. Au.), Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (48-9).

Latirus maximus G. B. Sby., figd., DAUTZENBERG & FISCHER, Monaco, Res. camp. sci. 32 (21-2).

†*Latirus tjilonganensis* **sp. n.** Java, MARTIN, Leiden, Samml. Geol. Reichsmus. (2) 1 (308-9).

†*Latrinculus stromeri* **sp. n.** Upper Lutetian, Egypt, OPPENHEIM, Palaeontographica 30.

Lavigeria grandis Bourg. Lake Tanganyika, figd., SMITH, London, Proc. Zool. Soc. 1906 (182).

†*Laxispira distincta* **sp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica, 52 (144-5).

Leiostraca inusta **sp. n.** Sydney, HEDLEY, Sydney, N.S.W. Proc. Linn. Soc. 30 (525).

Leiotrochus v. *Calliostoma*.

†*Leptoconchus rollei* **sp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (36-7).

Leptopoma bicolor **var. n. mutica**, KOBELT in MARTINI & CHENNITZ, Syst. Conch. Cab.

†*Leptothyra gibbula* **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica 30 (225).

Lepyrium showalteri **subsp. n. calhauensis**, PILSBRY, Nautilus 20 (51).

Leucosyrinx v. *Pleurotoma*.

†*Liotia* (*Liotina*) *fabrei* **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica 30 (219).

Lippistes meridionalis **sp. n.** S. Australia, VERCO, Adelaide, S. Aust., Trans. R. Soc. 30 (221).

Liratina **subgen. n.** of *Valvata* (q. v.), LINDHOLM, Frankfurt a. M., NachrBl. D. malakozool. Ges. 38 (190).

Lissochilus **subgen. n.** of *Nerita* (q. v.) PETHÖ, Palaeontographica 52 (112-3).

†*Lithocornus* v. *Cornus*.

Littorina rudis, Trematode parasites; *Cercaria emascuans* **sp. n.** (166), *C. brevicauda* **sp. n.** (167), PELSENER, 3.

†*Littorina dictyophora* **sp. n.** ASCHER, Wien, Beitr. Pal. Geol. OestUng. 19 (135-72).

†*Lophospira cecarata* (558), *trispirealis* (559), *instabilis* (560), *sedgwicki*, *ferruginea* (562), *bellicirmata* (565), *subglobosa* (569) **spp. n.** Primary,

British Isles, DONALD, Quart. J. Geol. Soc. London **62**.

†*Lorxonema pexatiforme* **sp. n.** Permo-Carboniferous, Italy, GORTANI, Paleontogr. Ital. **12** (67).

†*Lunatia* v. *Natiea*.

Luponia v. *Cypraea*.

Lydiplhuis **subgen. n.** of *Cyclostrema* (q. v.), MELVILL, London, Proc. malac. Soc. **7** (25).

†*Lyria ickei* **sp. n.** Java, MARTIN, Leiden, Samml. Geol. Reichsmus (2) **1** (302-3).

†*Maerocheilus meridianus* **sp. n.** Permo-Carboniferous, Italy, GORTANI, Palaeontogr. Ital. **12** (65).—*M. stinesvillensis* **sp. n.** CUMINGS, Indiana, Rep. Dept. Geol. Nat. Res. **30**.

†*Malaptera* v. *Aporrhais*.

Malluvium **subgen. n.** of *Amalthea* type *Capulus lissus* Smith, MELVILL, London, Proc. Malac. Soc. **7** (82); is unnecessary, SMITH, London, Proc. Malac. Soc. **7** (122).

Manaria **gen. n.** of Fusidae for *M. thurstoni* **sp. n.** Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. **18** (167).

Mangilia beckeri **sp. n.** South Africa, SOWERBY, London, Proc. Malac. Soc. **7** (38).—*M. buplicata* **sp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (77).—*M. murrhea* (305), *infanda* (305), **spp. n.** New Zealand, WEBSTER, Wellington, Trans. N. Zeal. Inst. **38**.

†*Mangilia porcellanea* (80), *subcostata* (77-8), *subturgida* (80-1) **spp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54**.

Margarita antarctica **sp. n.** Antarctic, LAMY, Bul. Muséum, Paris **11** (481).

Margaritopsis **gen. n.** for *Margarita frielei* Krause, THIELE, Frankfurt a M., NachrBl. D. malakozool. Ges. **38**.

Margarya melanioides Nevill **var. n.**, DAUTZENBERG & FISCHER, J. Conchyliol. **53** (424).

Marginella eburnea, *subflava* **spp. n.** Ceylon (?), PRESTON, London, Proc. Malac. Soc. **7** (35).—*M. fusula* (289), *hebesceus* (290) **spp. n.** New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38**.—*M. shepstonensis* (31) **sp. n.** South Africa; *M. buplicata* (29) Krauss, discussed,

SMITH, Ann. Natal Govt. Mus. **1**.—*M. (Volvaria) amydrozona*, *eumorpha* **spp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (76).—*M. (V.) joubini* **sp. n.** off N. W. Africa, DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (18-9).—*M. (V.) perrieri* **sp. n.** Falkland Is., BAVAY, J. Conchyliol. **53** (268).

†*Marginella dalli* (43), *cordiformis* (44), *latior* (45) **spp. n.** Tertiary, Mexico, BÖSE, Mexico, Biol. Inst. Geol. **22**.—*M. rembangensis* (299-300), *beberkiriana* (300), (*Cryptospira*) *pamotanensis*, (300-1), *sangiranensis* (301) **spp. n.** Java, MARTIN, Leiden, Samml. Geol. Reichsmus. urania (163) **spp. n.** Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. 18.

†*Pleurotoma fajumensis* **sp. n.** Late-tian, Egypt. OPPENHEIM, Palaeontographica 30 (331).—*P. icki* (293-4), (*Sureula*) *pamotanensis* (292-3), *rembangensis* (293), (*Drillia*) *palabuanensis* (294), *tjemoroensis* (295), *sangiranensis* (295), *madunensis* (296) **spp. n.** Java, MARTIN, Leiden, Samml. Geol. Reichsmus. (2) 1.—*P. inaudita* (48), *veracruzana*, *angermanni* (60), *zapoteca*, *sealiae* (61) **spp. n.** Tertiary, Mexico. BÖSE, Mexico, Bol. Inst. Geol. 22.—*P. rascorum* **sp. n.** Tertiary, Biarritz, OPPENHEIM, Berlin, Zs. D. geol. Ges. 58 (90).—*P. (Drillia) tabatensis*, *ojiensis* (15), *sagamiensis*, *parra* (16) **spp. n.** Tertiary, Japan TOKUNAGA, Tokyo, J. Coll. Sci. 21.—*P. (Sureula) hypersenonia*, (180-1), *deperdita* (181-2), (? *Clathurella*) *orba* **spp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica 52.—*P. amae* HÖ. Au., *badensis* M. HÖ., *coronata* Mstr., *eugeniae* HÖ. Au., *irenae* HÖ. Au., *neugeboreni* HÖ. Au., *rotata* Brocc., *subcoronata* Bell., *trifasciata* M. HÖ., *vermicularis* Grat., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (52-3).

†*Pleurotomaria lindhorstiensis* **sp. n.** Cretaceous, Germany, HARBORT, Berlin, Abh. Geol. Landesanst. 45 (86).—*P. (?) verticillata* **sp. n.** Hackberry Group, Iowa, WEBSTER, Iowa Nat. 2 (2-4).—*P. alata*, *bicincta* figd., SIEMIRADZKI, Wien, Beitr. Pal. Geol. OestUng. 19 (232).

Pleurotomella v. *Daphnella*, *Pleurotoma*.—*P. (?) bullioides* (178), *gregaria* (180), *lusitaniae* (181) **spp. n.** European seas, SYKES, London, Proc. Malac. Soc. 7.

†*Pliciscula amandae* (96), *infans* (96-7), *microscopica* (97) **spp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54.

†*Pollia* v. *Cantharus*.

†*Pollia perpusilla* (31-2), *trigonostoma* (31) **spp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54.

†*Polytremaria (?) solitaria* **sp. n.**, CUMINGS, Indiana, Rep. Dept. Geol. Nat. Res. 30.

Pomatias septemspiralis, nervous system, AEBERHARDT, Bern, Mitt. naturf. Ges. 1905 (119-20).—*P. (Eupomatias*

mostarensis **sp. n.** Bosnien; *P. (E.) elegans* **subsp. n.** *imoschiensis*, WAGNER, Frankfurt a. M., NachrBl. D. malakozool. Ges. 38.

Pontiothauma minus, *pacci* **spp. n.** Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. 18 (159).

†*Potamides*, v. *Cerithium*.—Revision of *P. tricarinum* group, BOUSSOC, Paris, Bul. Soc. Geol. 5 (669-78).—*P. cheribonensis* **sp. n.** Java, MARTIN, Leiden, Samml. geol. Reichsmus. (2) 1 320-1).—*P. (Tympantomus) semseyi* **sp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica 52 (162-3).—*P. corrugatus* (Brong.), Eocene, Monte Postale, figd., FABIANI, Padova, Atti Ac. Ven.-Trent. 2 (149).

†*Pseudochemnitzia acicula* (Dub.) Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54 (98).

†*Pseudoliva zitteli* (169-70), *praeursor* (170-1) **spp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica 52.

†*Pseudomelania sutherlandi* Bail. (312) re-described and figured; *P. (Oonia)* **sp.** (313), Woods, Cape Town, Ann. S. Afric. Mus. 4.

Pseudopomatias eos **sp. n.** Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. 57 (728).

†*Pseudotoma multisulcata* (65), *tornatella* (64), *xeniae* (63-4) **spp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. 54.

Pterocyclus aspersus **sp. n.** Sumatra, BULLEN, London, Proc. Malac. Soc. 7 (129).

†*Ptychomphalus missouriensis* **sp. n.** Glen Park Limestone, WELLER, St. Louis, Mo., Trans. Acad. Sci. 16 (435-71).

†*Pugnellus auriculatus* **sp. n.** Cretaceous, Pondoland, Woods, Cape Town, Ann. S. Afric. Mus. 4 (319).

Pupina clara (244), *subpolita* (245) **spp. n.** Australia; *P. pincticola* **var. n.** Queensland, FULTON, Ann. Mag. Nat. Hist. 17 (244).—*P. douvillei*, *verneai* **spp. n.** DAUTZENBERG & FISCHER, J. Conchyliol. 53 (410).

Pupinella densecostata, *simplex* **spp. n.** Queensland, FULTON, Ann. Mag. Nat. Hist. 17 (245).

Purpura striata subsp. n. *bollonsi* Kermadec Is. (331), SUTER, Wellington, Trans. N. Zeal. Inst. **38**.—*P. suecincta* Martyn, oviposition, HEDLEY, Sydney, N.S.W. Proc. Linn. Soc. **30** (533).

†*Purpura exilis* Ptsch. Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (34).

Pusia v. *Vulpecula*.

Pyramidella (*Tiberia*) *japonica*, (*Aetaeopyramis*) *digitalis*, (*Iphia*) *lischkei*, (*Phareidella*) *moftati* (*Obeliscus* *clarulus* A. Adams), *dunkeri* (*Odostomia* *fasciata* Dunker) spp. n.; *P. pusilla* subsp. n. *jacksonensis*, *P. (Cingulina)* *cingulata* subsp. n. *laticingula*, DALL & BARTSCH, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc. **30**.—*P. (Synnola)* *temuiplicata* sp. n. New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38** (296).—*P. rosea* v. *Columbella pseutes*.

†*Pyramidella junghuhnii* sp. n. Java, MARTIN, Leiden, Samml. Geol. Reichsmus. (2) **1** (321-2).—*P. (Obeliscus)* *insolitus* sp. n. Cretaceous, Hungary, PETHÖ, Palaeontographica **52** (153).

Pyrazus herculeus Martyn, radula, geographical distribution, HEDLEY, Sydney N.S.W., Proc. Linn. Soc. **30** (529-33).

†*Pyrenella* v. *Cerithium*.

Pyrgiseulus v. *Turbonilla*.

Pyrgostylis v. *Turbonilla*.

†*Pyrgula brusinae*, *margaritiformis* spp. n. Mäotisches Becken, ANDRUSSOW, St. Petersburg, Verh. Russ. mineral. Ges. **43** (289-451).

Pyrgulina v. *Odostomia*.

†*Pyropsis africana* sp. n. Cretaceous, Pondoland, Woods, Cape Town, Ann. S. Afric. Mus. **4** (322).

†*Ranella emmae* Bttgr., *gigantea* Link: *papillosa* Pusch; *poppelaeki* M. Hö., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (39-40).

†*Raphistomina undulatum* sp. n. RAYMOND, Pittsburgh, Pa., Ann. Carnegie Mus. **3**.

Realia (*Omphalotropis*) *aurora* (249), *macromphala* (250), (*Hydrocena*) *callosa* (252) spp. n. Mariannes, BAVAY, J. Conchyliol. **53**.—*R. aurora*, *macromphala* are synonyms of *Omphalotropis*

elongata, *quadrasi*, BAVAY, J. Conchyliol. **54** (10).

†*Renauxia* is a synonym of *Glaucomia* Gieb., REPELIN (31).

†*Rhaphitoma bujturana* (88), *clarulina* (86-7), *gertrudae* (83-4), *polyacantha* (82-3), *subfusiformis* (85-6), *tumida* (87-8) spp. n. Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54**.

Rhiostoma morleti sp. n. Indo-China, DAUTZENBERG & FISCHER, J. Conchyliol. **53** (429).

†*Ricinula inconstans* (Michti.), Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (34).

†*Rimella* v. *Rostellaria*.

Rissoia, note, KESTEVEX, Zool. Anz., **30** (823).—*R. emblematica*, *pulvillus* spp. n. Sydney, HEDLEY, Sydney, N.S.W. Proc. Linn. Soc. **30** (526).—*R. filocincta*, sp. n. off Sydney, 300 f., HEDLEY & PETTERD, Sydney, N.S.W., Rec. Austr. Mus. **6** (217).—*R. monterosatoi* sp. n. Gulf of Gabes, PALLARY, J. Conchyliol. **54** (98).—*R. pingue* sp. n. New Zealand, WEBSTER, Wellington, Trans. N. Zeal. Inst. **38** (307).—*R. (Ceratia)* *turquati* sp. n. Antarctic, LAMY, Bul. Muséum, Paris **11** (479).—*R. paradoxa* Monterosato varr. n. *seminodosa*, *pallaryi*, PALLARY, J. Conchyliol. **54** (96).

†*Rissoia septentrionalis* (26), *meridionalis*, *subcylindrica* (27) spp. n. Post Tertiary, Japan, TOKUNAGA, Tokyo, J. Coll. Sci. **21**.

Rissoina durbanensis (47), *shepstonsensis* (48) spp. n. South Africa, SMITH, Ann. Natal Govt. Mus. **1**.

†*Rissoina biploca*, *hoheneggeri*, ASCHER, Wien, Beitr. Pal. Geol. OestUng. **19** (135-72).

†*Rostellaria*? *pachundakii* (289-90), (*Rimella*) *aegyptiaca* (294-5), *libyca* (295) spp. n. Tertiary, Egypt, OPPENHEIM, Palaeontographica **30**.—*R. patagonensis*, *rothi* spp. n. Patagonia, IHERING, Revist. Mus. La Plata **11** (238-40).—*R. (Hippocrene)* *subtilis* sp. n. Cretaceous, Hungary, PETHÖ, Palaeontographica **52** (166).—*R. dentata* Grat., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (37).

†*Rostellites capensis* sp. n. Cretaceous, Pondoland, Woods, Cape Town, Ann. S. Afric. Mus. **4** (327).

†*Rouaultia lapugyensis* (Ch. May.), Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (65).

†*Salpingostoma boreale* **sp. n.** Silurian, N. Canada, WHITEAVES, Rep. Geol. Surv. Can. **14** (49F).

†*Sandbergeria* v. *Cerithium*.

Scala durbanensis **sp. n.** South Africa, SMITH, Ann. Natal Govt. Mus. **1** (49).—*S. lerifoliata* **sp. n.** New Zealand, MURDOCH & SUTER, Wellington, Trans. N. Zeal. Inst. **38** (295).—*S. louei* **sp. n.** California, DALL, Nautilus **20** (44).—*S. nepeanensis* (1), *translucida* (2) **spp. n.** Victoria, GATLIFF, Melbourne, Proc. R. Soc. Viet. **19**.—*S. platypleura*, *acanthopleura* (145), *valida* (147), *invalida* (148) **spp. n.** South Australia, VERCO, Adelaide, S. Aust., Trans. R. Soc. **30**.

†*Scala herthae* (92-3), *brandenburgi* (94-5), *xeniae* (93-4) **spp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54**.—*S. ornata* Bail. Redescribed and figured, WOODS, Cape Town, Ann. S. Afric. Mus. **4** (314).

Scalaria canephora, (*Cirsotrema*) *bona* **spp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (70).

†*Scalaria* (*Cirsotrema*) *quaasi* (232-3), *mokattamensis* (233), *beyrichi* [Mayer-Eymar, MS] (233), (*Parriscala*) *cossmanni* (234), (*Aerilla*) *aegyptiaca* (236), *nilotica* (236) **spp. n.** Tertiary, Egypt, OPPENHEIM, Palaeontographica **30**.

Scaphella auctt. non Swains. v. *Adelomelon* **gen. n.**

Scutellina calva, *alboradiata* **spp. n.** S. Australia, VERCO, Adelaide, S. Aust., Trans. R. Soc. **30** (217).

Sequenzia polita **sp. n.** S. Australia, VERCO, Adelaide, S. Aust., Trans. R. Soc. **30** (222).

†*Semifusus* ? (*Mayeria* ?) **sp.**, WOODS, Cape Town, Ann. S. Afric. Mus. **4** (324).

Seminella v. *Columbella*.

†*Sigaretus blanchenhorni* **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica **30** (263).—*S. mexicanus* **sp. n.** Tertiary, Mexico, BÖSE, Mexico, Bol. Inst. Geol. **22** (57).—*S. striatus* De Serres., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (91).

Simpulum v. *Cymatium*.

Sipho torrus Locard, figd., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (22).

Sistrum undatum Chemnitz **var. n.** *kieneri*, DAUTZENBERG & FISCHER, J. Conchyliol. **53** (395).

Solariella valida **sp. n.** Maio, Cape Verd Is.; *S. cancellata* Jeffr., figd., DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (57-8).

†*Solariella affinis* (220-1), *fourtaui* (221-2), *humilis* (222), *pratzi* (222-3) **spp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica **30**.

†*Solarium cyclospirum* **sp. n.** Cretaceous, Hungary, PETIÖ, Palaeontographica **52** (132-3).—*S. subpatulum* (229-30) **sp. n.** Lutetian, Egypt, OPPENHEIM, Palaeontographica **30**.—*S. villarelloii* **sp. n.** Tertiary, Mexico, BÖSE Bol. Inst. Geol. **22** (30).—*S. bailyi* Gabb. redescribed and figured, WOODS, Cape Town, Ann. S. Afric. Mus. **4** (315).

†*Soleniscus glaber* **sp. n.**, CUMINGS, Indiana, Rep. Dept. Geol. Nat. Res. **30**.

Somatogyrus biangulatus, *excavatus* **spp. n.** WALKER, Nautilus **19**.—*S. substriatus*, *humerosus*, *quadratus*, *strengi*, **spp. n.**, PILSBRY & WALKER, Nautilus **19**.—*S. tennesseensis*, *aldrichi* **spp. n.** United States, WALKER, Nautilus **19** (114-117).

†*Sparella* v. *Ancilla*.

Spirotropis clytotropis, (?) *megalacme*, (?) *mcivilli* **spp. n.** European seas, SYKES, London, Proc. Malac. Soc. **7** (183).

†*Stazzania* v. *Marginella*.

†*Straparollina circe* **sp. n.** Cambrian, China, WALCOTT, Washington, U.S. Nat. Mus. Proc. **29** (13).—*S. harpa*, colour markings, RAYMOND, Nautilus **19** (101-2).

†*Straparollus* v. *Euomphalus*.—*S. (?) exornatus* **sp. n.** Permian-Carboniferous, Italy, GORTANI, Paleontogr. Italica, **12** (60).

†*Streptochetus pulveris* **sp. n.** Tertiary, Biarritz, OPPENHEIM, Berlin, Zs. D. Geol. Ges., **58** (85).

Strombus campbelli v. *Alaba*.

†*Strombus glaber* (319), *sondeianus* (319-20) **spp. n.** Java, MARTIN, Leiden

Samml. Geol. Reichsmus. (2) **1**.—*S. parvulus* **sp. n.** Cretaceous, Tripoli, KRUMBECK, Palaeontographica **53** (118-9).—*S. javanus* **var. n. semperi** Tertiary, Philippines, SMITH, Philippine J. Sci. **1** (629).—*S. bonellii* Brogn., Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (37).

†*Strophostylus amplus, inflatus* (53F), *filicinctus* (54F) **spp. n.** Silurian, N. Canada, WHITEAVES, Rep. Geol. Surv. Can. **14**.

†*Subulites harrodsburgensis* **sp. n.** CUMINGS, Indiana, Rep. Dept. Geol. Nat. Res. **30**.

Surcula v. *Pleurotoma*.—*S. varians* Suter v. *Columbella inconstans* (q.v.).

†*Surcula alterego* (54-5), *subserrata* (54) **spp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54**.

Sveltia v. *Cancellaria*.

Sycotypus, mechanism of odontophore, HERRICK.

†*Syeum tournoueri* **sp. n.** Tertiary, Biarritz, OPPENHEIM, Berlin, Zs. D. Geol. Ges. **58** (86).

Symnola v. *Pyramidella*.—*S. aperanta, clavellosa* **spp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (73).

†*Symnola biarritzensis* **sp. n.** Tertiary, Biarritz, OPPENHEIM, Berlin, Zs. D. Geol. Ges. **58** (81).

†*Tectus* v. *Trochus*.

†*Terebellum schweinfurthi* **sp. n.** Paleocene, Egypt, OPPENHEIM, Palaeontographica **30** (298).

Terebra (?) *dyseritos* **sp. n.** South Australia, VESCO, Adelaide, S. Aust., Trans. R. Soc. **30** (149).—*T. filmerae* **sp. n.** South Africa, SOWERBY, London, Proc. Malac. Soc. **7** (37).

†*Terebra subatorquata* **sp. n.** Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (22).—*T. tjilonganensis* (283), *butaciana* (284), *pamotanensis* (284-5), *iekei* (285), *jungluhni* (285-6), *talahabensis* (286), *sindangbaranensis* (286-7), *simplicissima* (287), *ejceta* (287) **spp. n.** Java, MARTIN, Leiden, Samml. geol. Reichsmus. (2) **1**.

†*Thersites* (?) *eossmanni* **sp. n.** Paleocene, Egypt, OPPENHEIM, Palaeontographica **30** (317-8).

Tiberia v. *Pyramidella*.

Titanopoma v. *Auritus*.

†*Toreula* v. *Turritella*.

Trifora cerea, shepstonensis **spp. n.** South Africa, SMITH, Ann. Natal Govt. Mus. **1** (43).

Triforis grimaldii **sp. n.** Teneriffe I. and Bôa Vista I. (C. Verd Is.), DAUTZENBERG & FISCHER, Monaco, Res. Camp. sci. **32** (41-2).

Triphora infelix **sp. n.** New Zealand, WEBSTER, Wellington, Trans. N. Zeal. Inst. **38** (307).

Tritonidea agalma **sp. n.** Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. **18** (164).

†*Tritonidea everwijnii* **sp. n.** Java, MARTIN, Leiden, Samml. Geol. Reichsmus. (2) **1** (309-10).

†*Tritonium subgosaucicum, albini* **spp. n.** Lower Campanian, S.E. France, REPELIN, Marseille, Ann. Mus. **10** (22-3).

Triria acutidentata, note on, BUTTON, Nautilus **19** (132).

Trochus camelophorus Cape Maria van Diemen, N.Z. (309), (*Clanculus*) *takapunaensis* Takapuna N.Z. (310) **spp. n.**, WEBSTER, Wellington, Trans. N. Zeal. Inst. **38**.—*T. cinerarius*, Trematode parasites; *Cerearia pachyzerea*, LESPÈS (168-9), *C. raullegeardi*, **sp. n.** (175-6), PELSENEER, **3**.

†*Trochus reussi* **sp. n.** Lower Campanian, S.E. France, REPELIN, Marseille, Ann. Mus. **10** (41).—*T. maeoticus* **sp. n.** Mäotisches Becken, ANDRUSSOW, St. Peterburg, Verh. Russ. mineral. Ges. **43** (289-451).—*T. metrius* **sp. n.**, ASCHER, Wien, Beitr. Pal. Geol. OestUng. **19** (135-72).—*T. quadricoronatus* **sp. n.** Cretaceous, Germany, HARBORT, Berlin, Abh. Geol. Landesanst. **45** (87).—*T. shinagawensis* (29), *angulatus* (30) **spp. n.** Post Tertiary, Japan, TOKUNAGA, Tokyo, J. Coll. Sci. **21**.—*T. (Basilissa) libycus* (224), (? *Gibbula*) *biochei* (224-5) **spp. n.** Tertiary, Egypt, OPPENHEIM, Palaeontographica **30**.—*T. (Monodonta) jungluhni* **sp. n.** Java, MARTIN, Leiden, Samml. Geol. Reichsmus. (2) **1** (323-4).—*T. (Tectus) szerémensis* (105-6), (*Ziziphinus*) *schafhäutli* (106-7), (*Eutrochus*) *neumayri* (107-8), (*Gibbula*) *pilari* (108-9) **spp. n.** Cretaceous Hungary, PETHÖ, Palaeontographica **52**.

Trophon waipipicola **sp. n.** Waipipi, N.Z., WEBSTER, Wellington, Trans. N. Zeal. Inst. **38** (310).—*T. (Boreotrophon) planispina* **sp. n.** Bay of Bengal, SMITH, Ann. Mag. Nat. Hist. **18** (165).

†*Trophon* (?) *isthmicus* **sp. n.** Tertiary, Mexico, BÖSE, Mexico, Bol. Inst. Geol. **22** (59).—*T. capito* (Phil.), Miocän, Ungarn, BOETTGER, Verh. siebenb. Ver. Naturw. **54** (16).

†*Turbo bitropistus* **sp. n.** ASCHER, Wien, Beitr. Pal. Geol. OestÜng. **19** (135-72).—*T. grangensis* **n. n.** for *T. hamiltonensis* Pritchard non Harris, PRITCHARD, Vict. Nat., Melbourne **23** (117).—*T. (? Collonia) lenzi* **sp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica **52** (100-1).

Turbonilla subgenn. n. *Babella* for *Parthenia caelata* A. Ad., *Nisiturris* for *T. crystallina* **sp. n.**; *T. approximata*, *infantula*, *actopora*, *acosmia*, *garretiana* (*Olostomia sulcata* Garrett), (*Chemnitzia* *abseida*, (*Nisiturris*) *crystallina*, (*Pyrgisculus*) *candidissima* (*Dunkeria candida* A. Adams), (*Mormula*) *aulica* (*varicosa* Dunker), (*Lanceella*) *bella*, *peasei* (*Lancea elongata* Pease), (*Babella*) *caelator* (*Parthenia caelata* A. Adams) **spp. n.** DALL & BARTSCH, Washington, D.C., Smithsonian Inst., U.S. Nation. Mus. Proc. **30**.—*T. madriensis* **sp. n.** Antarctic, LAMY, Bul. Muséum, Paris **11** (481).—*T. (Pyrgostylis) delia* (73), *hermia* (74) **spp. n.** Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7**.

†*Turbonilla junghuhni, sindangbaranensis* **spp. n.** Java, MARTIN, Leiden, Samml. geol. Reichsmus. (2) **1** (322).—*T. paucicostulata* Post Tertiary, Japan, TOKUNAGA, Tokyo, J. Coll. Sci. **21** (22).

Turricula v. *Mitra*.

†*Turricula (Vulpecula) ickei* (305), (*Callithea*) *tjilonganensis* (305), *dijki* (306), (?) *gendinganensis* (306) **spp. n.** Java, MARTIN, Leiden, Samml. geol. Reichsmus. (2) **1**.—*T. (Mesorhytis) monilifera* **sp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica **52** (179-80).

†*Turris* (?) *kaffraria* (Griesbach) re-described and figured, Woods, Cape Town, Ann. S. Afric. Mus. **4** (325).

Turrispira **sect. n.** of *Turritella* (q.v.), PETHÖ, Palaeontographica **52** (142-3).

†*Turritella*, ASCHER, Wien, Beitr. Pal. Geol. OestÜng. **19** (135-72).—**Sect. n.**

Turrispira (142-3) type *T. fallax* **sp. n.** Cretaceous, Hungary; *T. telegdiana* (137-8), *szerémensis* (138-9), *T. interposita* (110), (*Torcula*) *bicorrolata* (134-5), *sulcata-carinata* (136) **spp. n.** Cretaceous, Hungary, PETHÖ, Palaeontographica **52**.—*T. alamanica* **sp. n.** Miocène, Novotcherkassk, BOGATCHEW, St. Petersburg, Bull. Com. géol. **24** (159-88).—*T. cardenasensis, potosiana, waitzi* **spp. n.** Senonian, Cardenas, Mexico, BÖSE, Mexico, Bol. (N-9720 r)

(358-60, 367-70).—*P. corneus*, an amphibian, HOLZFUSS, Natur u. Haus, 14 (231-6).

†*Planorbis florissantensis* sp. n. Tertiary, Colorado, COCKERELL, Nautilus 19 (100-1, 124).—*P. landonensis* n. n. Paris Basin, DOLLFUS, Bull. Carte géol. France 16 (23).—*P. (Gyraulius) keideli* (381), *karkaraensis* (383) spp. n. Tertiary, Central Asia and China, SCHLOSSER, Budapest, Ann. Mus. Nat. Hung. 4.

Plectotropis v. *Eulota*.

Pleurodonte (Caracolus) manifesta sp. n. (?) Cuba, FULTON, Ann. Mag. Nat. Hist., London 17 (247).

†*Pocillozonites nelsoni* var. n. *conoides*, *reiniannus* var. n. *antiquus* Bermudas, VERRILL, New Haven, Conn., Trans. Acad. Arts Sci. 12.

Polygyra multilineata subsp. n. *algonquinensis*, NASON, Nautilus 19 (141-2).—*P. texasiana* subsp. n. *hyperolia* S.W. United States, PILSBRY & FERRISS, Philadelphia, Pa., Proc. Acad. Nat. Sci. 58.

Pomatia cincta subsp. n. *elegans*, *seccernenda* subsp. n. *dimidiata*, *kormosi*, *subalbescens*, KORMOS, Frankfurt a. M., NachrBl. D. malakozool. Ges. 38.

Praticolella jejuna (Say), systematization, PILSBRY, Nautilus 20 (32-3); habits, JOHNSON, Nautilus 20 (46).

Propilsbrya subgen. n. of *Epirobia* (q.v.), BARTSCH, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc. 31.

Prosopeas subgen. n. *Paropeas*; *P. holosericum* Boettger, *anceyi* (= *P. macilentum* Ancey preoc.) spp. n. *aentissimum* var. n. *hastatum* Boettger, PILSBRY, Man. Conch. 18.

Pseudopartula, referred to *Zonitidae*, PILSBRY, Nautilus 20 (47).

Ptychodonta subgen. n. of *Coelocentrum* BARTSCH, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc. 31.

†*Ptychogyra* gen. n. for *P. canalifera* sp. n. Cretaceous, Germany, HARBORT, Berlin, Abh. Geol. Landesanst. 45.

Punctum taiwanicum sp. n. Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. 57 (746).

Pupa longina **sp. n.** Aragon, FAGOT in NAVAS, Zaragoza, Bol. Soc. Arag. **5** (201).—*P. (Medora) vultur* **sp. n.** Herzegovina, BRANCSIK, Trenesén, m. termt. társ. évk. **1906** (190).—*P. (Orcula) robusta* **sp. n.** Asia Minor, NÁGELE, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38**.—*P. (O.) doliolum* Brug. **var. n. inerassata** Asia Minor, NÁGELE, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38**.—*P. anglica*, note, MARGIER, Feuille jeunes natural. **35** (68-70).

†*Pupa lomnickii* **sp. n.** Sarmatian, Galicia, FRIEDBERG, Wien, SitzBer. Ak. Wiss. **114** (312).—*P.* **sp.** China, Ob. Tertiär, SCHLOSSER, Ann. Hist.-Nat. Mus. Nat. Hung., **4** (390).

Pyramidula cronkhitei anthonyi Pils. **nom. n.**, PILSBRY & FERRISS, Philadelphia, Pa., Proc. Acad. Nat. Sci. **58**.

†*Pyramidula lecontei* **sp. n.** John Day Beds, Oregon, STEARNS, Berkeley, Univ. Cal. Pub., Bull. Dept. Geol. **5**.

Radiodiscus Pils. **gen. n.** of Endodontidae for *R. millicostatus* **sp. n.** S.W. United States, PILSBRY & FERRISS, Philadelphia, Pa., Proc. Acad. Nat. Sci. **58**.

Satsuma lantenoisi **sp. n.** Indo China, DAUTZENBERG & FISCHER, J. conchyliol. **53** (360).

Segmentina kennardi **sp. n.** Sumatra, BULLEN, London, Proc. Malac. Soc. **7** (130).

Serrulina v. *Clausilia*.

Siphonaria cyaneomaculata **sp. n.** South Africa, SOWERBY, London, Proc. Malac. Soc. **7** (37).—*S. stowae* **sp. n.** S. Australia, VERCO, Adelaide, Trans. R. Soc. **30** (223).

Sitala lanchowensis **sp. n.** China, PILSBRY, Nautilus **20** (5).—*S. hirasei, angulifera* **spp. n.**, *circumeincta* **sub-sp. n.** *taiwanica* Formosa, PILSBRY, Philadelphia, Pa., Proc. Acad. Nat. Sci. **57** (744-5).

Sphyradium sharpi, alexanderi **spp. n.** Hawaiian Is., PILSBRY & COOKE, Philadelphia, Pa., Proc. Acad. Nat. Sci. **58** (215-6).

Stalactella **subgen. n.** of *Holospira*, BARTSCH, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc. **31**.

Stenogyra lucida Gibbons = *Opeas bawriense*, PILSBRY, Man. Conch. **18**.

Streptaxis sinensis Gld., the type of *Haploptychius* (q.v.).

Strobilops labyrinthica **subsp. n.** *texasiana* S.W. United States, PILSBRY & FERRISS, Philadelphia, Pa., Proc. Acad. Nat. Sci. **58**.

†*Strophocheilus chubutensis, hauthali* **spp. n.** Patagonia, IHERING, Revista Mus. La Plata **11** (240-1).

Subulina totistriata, parana **spp. n.**, PILSBRY, Man. Conch. **18**.

Subzebrinus v. *Buliminus*.

Succinea retusa var. *magister* figd., PILSBRY, Nautilus **19** (109).

†*Succinea somersensis* **sp. n.** Bermuda, VERRILL, New Haven, Conn., Trans. Acad. Arts Sci. **12**.

Synapterpes amabilis **sp. n.**; *S. auratus* **var. n. aratus**, PILSBRY, Man. Conch. **18**.

Tapada v. *Cantareus*.

Testacella esserana **sp. n.** Aragon, FAGOT, Zaragoza, Bol. Soc. Arag. **5** (171).

†*Testacella martiniana* **sp. n.** Post Tertiary, Alpes Maritimes, MAURY & CAZIOT, Paris, Bul. Soc. geol. **5** (598).

Theba v. *Fruticicola*.

Tortaxis **gen. n.** PILSBRY, Man. Conch. **18**.

Tristemma **subgen. n.** of *Holospira*, BARTSCH, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc. **31**.

Trochomorpha nouhuysi **sp. n.** Xulla Is., SCHEPMAN, Leiden, Notes Mus. **28** (120-8).—*T. pellucida* **sp. n.**, *cultrata* **subsp. n. formosana**, Formosa, PILSBRY, Pa., Proc. Acad. Nat. Sci. **57** (739).

Trochonanina crenulata **sp. n.** Central Africa, GERMAIN, Bul. Muséum, Paris **11** (484).

Vallonia v. *Helix*.—*V. costata*, note, ADAMS, Leeds, J. Conch. **11** (364).—*V. excentrica*, note on, STERKI, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38** (166).

†*Vertigo parcedentata*, in Holocene of England, KENNARD & WOODWARD, London, Proc. Malac. Soc. **7** (119).

Vitrea dalliana subsp. n. *roemeri*, *milium* subsp. n. *meridionalis*, S.W. United States, PILSBRY & FERRISS, Philadelphia, Pa., Proc. Acad. Nat. Sci. **58**.—*V. rhoadsi*, figd., PILSBRY, Nautilus **19** (109).—*V. approxima*, *ranattai*, note, PILSBRY & WALKER, Nautilus **20** (57-8).

Vitrella, of Württemberg, GEYER, Stuttgart, Jahreshefte Ver. Natk. **62** (189-200); BOETGER, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38** (30-2).

Vitrina diaphana, nervous system, AEBERHARDT, Bern. Mitt. Naturf. Ges. **1905** (125-6).—*V. pfeifferi*, note, DALL, Nautilus **19** (107-8).

Xerophila acthalia (5), *tyrrena* (6), *turbidula* (7) spp. n. Elba, POLLONERA, Torino, Boll. Musei Zool. Anat. **20** No. 517.—*X. regliana* sp. n. KORMOS, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38** (81).—*X. virgata* subsp. n. *croaticae*, KORMOS, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38**.

Xesta cornicen sp. n. Sumatra, BULLEN, London, Proc. Malac. Soc. **7** (13).—*X. halmaherica* Kobelt var. n. *talia-buensis* Xulla Is., SCHEPMAN, Leiden, Notes Mus. **28** (120-8).

Xestina tenera Möllendorf var. n. *elata*, DAUTZENBERG & FISCHER, J. Conchyliol. **53** (350).

Zospeum venetum, note on, POLLONERA, Frankfurt a. M., NachrBl. D. malakozool. Ges. **38** (16).

SCAPHOPODA.

Collections of the "Siboga" expedition described and fauna of the Indo-Pacific region reviewed, BOISSEVAIN.

Dentaliidae, Liassic, RICHARDSON.

Antalis v. *Dentalium*.

Bathoxiphus v. *Dentalium*.

Cadulus campylus sp. n., Gulf of Oman, MELVILL, London, Proc. Malac. Soc. **7** (80).—*C. (Dischides) ovalis* (66), (*Polyschides*) *hexaschistus* (67-8), *mag-nus* (68), *longilobatus* (68-9), (*Gadila*) *virginalis* (72-3), *pseudoliri* (73), *zonatus* (74), *pulcherrimus* (74-5), *abrupto-inflatus* (75) spp. n. Indo-Pacific, BOISSEVAIN, Res. explor. Siboga **54**.

Dentalium minus (14), *intercostatum* (14), *tubiforme* (19-20), *oryx* (20), *leucoryx* (20-1), *macandrewi* (25-7), *sinuosum* (28), *paucicostatum* (28-9), *pluricostatum* (30), *transversostriatum* (32), *malayanum* (32-3), *sedecimeostatum* (33), *compressiusculum* (33-4), *martensi* (34), (*Fissidentalium*) *sibogae* (39), (*Tesseracme*) *tetrapleurum* (41-2), (*Episiphon*) *earnum* (48), (*Bathoxiphus*) *tricarinatum* (48-9), (*Gadilina*) *stapes* (50-1), *pachypleurum* (51), *truncatum* (51), (*Laevidentalium*) *banale* (55), (*Plagioglypta*) *scmitracheatum* (56), *tracheatum* (56-7) spp. n. Indo-Pacific; *D. aprinum* Lin. var. n. *incolor* (10), (*Antalis*) *entalis*, Lin. var. n. *indicum* (44); *D. michelottii*, Hoernes, supposed recent specimens from the Malay Archipelago (16), BOISSEVAIN, Res. explor. Siboga **54**.—*D. serrulatum*, *cornubovis* (248), *subcurvatum* (251) spp. n. Bay of Bengal, SMITH, Ann. Mag. Nat. Hist., London **18**.—*D. tarentinum*, Trematode parasites; *Cercaria dentalii*, sp. n. (170), PELSENEER, **3**.

†*Dentalium acutum* (574), *hexagonale* (581), *oblongum*, *parvulum* (585), *suboratum* (587), *subquadratum* (588), *subtrigonale*, *terquemii* (589) spp. n. Lias, British Isles, RICHARDSON, Quart. J. Geol. Soc. **62**.—*D. duodecim-plectatum* sp. n. Senonian, S.E. France, REPELIN, Marseille, Ann. Mus. **10** (16).—*D. edocensis* sp. n. Post Tertiary, Japan, TOKUNAGA, J. Coll. Sci. **21** (34).—*D. rimosum* sp. n. Tertiary, Mexico, BÖSE, Mexico, Bol. Inst. Geol. **22** (55).—*D. (Fustiaria) stromeri* sp. n. Lutetian, Egypt, OPPENHEIM, Palaeontographica **30** (215).

Dischides v. *Cadulus*.

Entalina quadrangularis (62-3), *mediocarinata* (63), *cornucopiae* (63-4) spp. n. Malay Archipelago, BOISSEVAIN, Res. explor. Siboga **54**.

Siphonodentalium australasiae sp. n. Banda Sea, BOISSEVAIN, Res. explor. Siboga **54**.

Episiphon v. *Dentalium*.

Fissidentalium v. *Dentalium*.

†*Fustiaria* v. *Dentalium*.

Gadila v. *Cadulus*.

Gadilina v. *Dentalium*.

Laeridentalium v. *Dentalium*.

Plagioglypta v. *Dentalium*.

Polyschides v. *Cadulus*.

Tesseraeme v. *Dentalium*.

LAMELLIBRANCHIATA.

Histology of heart, ŁOZIŃSKI, Kraków, Bull. Intern. Acad. **1906** (48-62).

II.—SUBJECT INDEX.

GENERAL. 2403

Bibliography of biology of arthropoda for 1905; **Mayer** and **Giesbrecht**.

Insektensammlungen für Mittelschulen (Ungarisch); **Szilády**.

Prof. Berlese's apparatus for collecting arthropoda; **Champion**; **Howard**.

Sammeln im Winter in Zelenika (Ungarisch); **Chyzer**.

Different kinds of types; **Fernald**.

Gliedertiere . . . auf Reisen; **Reh**.

STRUCTURE. 2407

Présence d'un corps réducteur dans le tégument chitineux des Arthropodes; **Mirande, 1**.

Modes d'insertion des muscles sur la cuticule chez les Arthropodes; **Henneguy**.

Morphologie und Genese abweichend gestalteter Spermatozoen; **Korschelt, 1**.

PHYSIOLOGY. 2411

Présence d'un corps réducteur dans le tégument chitineux des Arthropodes; **Mirande, 1**.

Fonction du tégument des Arthropodes considéré comme organe producteur du sucre; **Mirande, 2, 3**.

Fettkörper und Nephrocyten, Abstammung (Russ.); **Filipčenko**.

Granula and ameboid movements in the blood cells; **Loeb**.

Regeneration der Extremitäten; **Korschelt, 2**; **Ost**.

ETHOLOGY. 2419

Instinct et mœurs; **Fabre**.

Faune cavernicole, Basses-Alpes **Peyerimhoff**.

Faune de la grotte de Camou **Jeannel**.

Begattungszeichen bei Gliedertieren **Japha**.

Die schwarz gesprenkelte rothe Schutzfarbe der Insekten (Ungarisch); **Sajó**.

Faune cécidologique de la Bretagne **Houard**.

Merkwürdige Gallenbildungen **Rudow**.

AETIOLOGY. 2423

Phylogeny; **Handlirsch**.

GEOGRAPHY. 2427

Scotland, St. Kilda, Arthropoda **Evans, 2**.

X. CRUSTACEA

Pantopoda, **Pycnogonida** and the **Gigantostraca** allies, previously placed in the Zoological Record with **Crustacea**, are associated with **Arachnida** in this Volume.

I.—TITLES.

N.B.—Titles in brackets refer to works that have been previously recorded in the Zoological Record.

- Airaghi, C.** Brachiuri nuovi o poco noti pel Terziario Veneto. Milano, Atti soc. ital. sc. nat., **44**, 1906, (202–208, pl. iv).
- Alcock, A.** Catalogue of the Indian Decapod Crustacea in the collection of the Indian Museum. Part III. *Macrura*. Fasciculus 1. The prawns of the *Peneus* group. Calcutta, 1906, (55, 9 pls.).
- Alessandri, G. de.** Studi monografici sui Cirripedi fossili d'Italia. Palaeontogr. Italica, Pisa, **12**, 1906, (207–324, pls. xiii–xviii).
- Almera, D. J.** Descripcion geológica de la comarca titulada "Plana de Vich," acompañada de una mapa topográfico-geológica. [Geological description of the region called "Plana de Vich," with a topographical-geological map.] Madrid, Mem. soc. esp. hist. nat., **3**, 1906, (423–468).
- Ami, H. M.** Preliminary lists of fossil organic remains from the Potsdam, Beekmantown (Calciferos), Chazy, Black River, Trenton, Utica, and Pleistocene formations comprised within the Perth Sheet (No. 119) in Eastern Ontario. Rep. Geol. Surv. Can., Ottawa, **14**, 1904, [1905], (80 J–89 J).
- Andrews, E[than] A[llen].** **1.** Partial regeneration of the sperm-receptacle in crayfish. J. Exp. Zool., Baltimore, Md., **3**, 1906, (121–128). [Abstract in Arch. EntwMech., Leipzig, **21**, 1906, (360).]
- Andrews, E. A.** **2.** The annulus ventralis. Boston, Mass., Proc. Soc. Nat. Hist., **32**, 1906, (427–480, pl.).
- Andrews, E. A.** **3.** Ontogeny of the *annulus ventralis*. Wood's Holl, Mass., Mar. Biol. Lab. Bull., **10**, 1906, (122–137).
- Andrews, E. A.** **4.** The future of the crayfish industry. Science, New York, N.Y., **23**, 1906, (983–986).
- Andrews, E. A.** **5.** The crayfish industry. Science, New York, N.Y., **24**, 1906, (48).
- Andrews, E. A.** **6.** Geographical distribution of crayfish. Baltimore, Md., Johns Hopkins Univ. Cir., **25**, No. 5, 1906, (100–103).
- Andrews, E. A.** **7.** Egg-laying of crayfish. Amer. Nat., Boston, Mass., **40**, 1906, (343–356).
- Anglas, J.** Les animaux de laboratoire. L'Écrevisse (anatomie et dissection). 3 planches coloriées à feuillets découpés et superposés. Paris (Schleicher), 1905, (3). 28 cm.
- Annandale, N.** **1.** Stalked barnacles (*Cirripedia pedunculata*) in the Colombo Museum. Spolia Zeylan., **3**, 1906, (193–195).
- Annandale, N.** **2.** Note on a rare Indo-Pacific barnacle. Calcutta, J. As. Soc. Beng., **2**, 1906, (207–208).
- Annandale, N.** **3.** Natural History Notes from the R.I.M.S. Ship "Investigator," Capt. T. H. Heming, R.N., commanding.—Series III., No. 12. Preliminary report on the Indian stalked barnacles. Ann. Mag. Nat. Hist., London, ser. 7, **17**, 1906, (389–400).
- Annandale, N.** **4.** Natural History notes from the R.I.M.S. Ship "Investigator," Capt. T. H. Heming, R.N., commanding.—Series III., No. 13. Two new barnacles dredged in 1905–6. Ann.

Mag. Nat. Hist., London, ser. 7, **18**, 1906, (14-47).

Annandale, N. 5. Report on the *Cirripedia* collected by Professor Herdman at Ceylon, in 1902. London, Rep. Pearl Oyster Fish. **5**, 1906, (137-150).

Appellöf, A[dolf]. Die dekapoden Crustaceen. 1. Verzeichnis der im westlichen Norwegen südlich von Stat gefundenen Arten. 2. Vertikale Verbreitung der dekapoden Crustaceen des westlichen Norwegens. 3. Die dekapoden Crustaceen des Nordmeeres in zoogeographisch-biologischer Beziehung. In: Meeresfauna von Bergen redig. von A. Appellöf. 1906, (113-238, 2 Taf. u. 3 Kart.).

Apstein, C[arl]. 1. Plankton in Nord- und Ostsee auf den deutschen Terminfahrten. I. Teil. Wiss. Meeresunters., Kiel, Abt. Kiel, N.F. **9**, 1906, (1-26).

Apstein, C. 2. Lebensgeschichte von *Mysis mixta* Lillj. in der Ostsee. Wiss. Meeresunters., Kiel, Abt. Kiel, N.F., **9**, 1906, (239-260).

Artom, C[esare]. 1. La variazione dell' *Artemia salina* (Linn.) di Cagliari sotto l'influsso della salsedine. [Sunto.] Torino, Atti Acc. sc., **41**, 1906, (971-972).

Artom, C. 2. Il numero dei cromosomi e la maturazione dell' uovo dell' *Artemia* partenogenetica di Capodistria e dell' *Artemia* sessuata di Cagliari. Biologica, Torino, **1**, 1906, (5-10).

Artom, C. 3. Note critiche alle osservazioni del Loeb sull' *Artemia salina*. Biol. Centralbl., Leipzig, **26**, 1906, (204-208).

Artom, C. 4. Ricerche sperimentali sul modo di riprodursi dell' *Artemia salina* Lin. di Cagliari. Biol. Centralbl., Leipzig, **26**, 1906, (26-32).

Artom, C. 5. Osservazioni e raffronto tra le *Artemie* sessuate e le *Artemie* partenogenetiche. Biologica, Torino, **1**, 1906, (1-4).

Bagnall, R. S. *Trichoniscus pygmaeus*, G. O. Sars, a woodlouse new to the British fauna. Ann. Mag. Nat. Hist., London, ser. 7, **18**, 1906, (474).

Baker, W. H. Notes on South Australian Decapod Crustacea. Part IV.

Adelaide, S. Aust., Trans. R. Soc., **30**, 1906, (104-117, pls. i-iii).

Bassler, R. S. vide Ulrich, E. O.

Baudouin, Marcel. 1. Les parasites de la Sardine. Rev. sci., Paris, ser. 5, **3**, 1905, (715-722).

Baudouin, M. 2. Utilisation gastronomique des phénomènes de l'autotomie et de la régénération des pinces chez un crabe d'Andalousie. Rev. sci., Paris, ser. 5, **6**, 1906, (293-300).

Baudouin, M. 3. Le *Gelasimus Tangeri*, crustacé d'Andalousie: mœurs et chasse. Utilisation des phénomènes de l'autotomie et de la régénération des pinces. Ann. sci. nat. (zool.), Paris, ser. 9, **3**, 1906, (1-33).

Bell, James Carloten. 1. The reactions of crayfish to chemical stimuli. J. Comp. Neur. Psych., Granville, Ohio, **16**, 1906, (299-326).

Bell, J. C. 2. Reactions of the crayfish. Harvard Psych. Stud., Boston, Mass., **2**, 1906, (615-644).

Birge, E. A. A biological reconnaissance of some elevated lakes in the Sierras and the Rockies.—Report on the *Cladocera*. Lancaster, Pa., Trans. Amer. Microsc. Soc., **25**, 1904, (149-151, pl. xxv).

Böhm, J. Zu *Brachylepas cretacea* H. Woodward. Centralbl. Min., Stuttgart, **1906**, (449-450).

II.—SUBJECT-INDEX.

N.B.—For full Reference, go to Titles.

GENERAL ECONOMICS,
TECHNIQUE. 2603

Collecting and preservation of *Crustacea*; **Samter and Weltner, 2.**

Decapoda as food; **Bouvier, 10.**

Edible *Crustacea*; **Stead.**

Chela of *Gelasimus tangeri* as food in Andalusia; **Baudouin, 2, 3.**

Cambarus spp. as food and bait; **Ortmann, 2.**

Crayfish and lobster-fishery industry in the United States; **Andrews, 4, 5; Herrick.**

Protection of crab and lobster fisheries; **Meek, 2.**

Statistics of capture of *Pandalus borealis*; **Wolleboeck, 1.**

Argulus affecting salmon-breeding; **Léger, 2.**

Diseases of *Crustacea* of economic importance; **Drouin de Bouville, Léger, 1.**

Re-stocking of rivers with crayfish; **Drouin de Bouville.**

(Repeuplement des cours d'eau. Protection des Poissons et Crustacés; **Galbert, de.)**

Suggested introduction of *Astacus* into Eastern United States; **Andrews, 6.**

STRUCTURE. 2607

(Torsion of the crustacean limb; **Herrick, 2.)**

Anatomy of *Rhizocephala*; **Smith, Geoffrey.**

Astacus; **Anglas.**

(Internal anatomy of *Cirripedia*; **Gruvel, 4, 5.)**

Integument of *Hemilepistus*; **Faussek.**

Nervous system of *Daphnidae*; **Retzius.**

Of *Copepoda*; **Esterly, 3.**

Of *Gammarus pulex*; **Wreden.**

Median eye in *Artemia salina*; **Nowikoff.**

Degenerate eyes of *Palaemonetes eigenmanni*; **Pike.**

Digestive system of *Copepoda*, *Iso-poda*, *Decapoda*; **Guieysse, 2.**

Frontal glands of *Caprellidae*; **Bruntz, 1.**

Frontal organ in *Artemia salina*; **Nowikoff.**

Suctorial apparatus of *Nicothoa astaci*; **Quidor, 4.**

Blood corpuscles and blood-forming tissue in *Crustacea*; **Bruntz, 2, 3, 4, 5, 6, 7.**

Female sexual organs in *Cypridina*; **Ramsch.**

Annulus ventralis, *Cambarus*; **Andrews, 2, 3.**

PHYSIOLOGY. 2611

Sex production in *Daphnidae*; **Issakowitsch.**

Parasitic Castration in *Decapoda* and *Anomura*; **Potts, Smith, Geoffrey.**

Function of digestive-gland in *Decapoda*; **Roaf, Sellier.**

(Tactile and muscular perceptions of *Paguridae*; **Bohn, 1.)**

(Phototropism of *Homarus* larvae; **Bohn, 2.)**

(Phagocytosis and excretion in *Bran-chiopoda*; **Bruntz, 8.)**

Physiology of the heart in *Decapoda*; **Carlson.**

Rate of heart-beat in *Ceriodaphnia*; **Robertson.**

Circulation of blood of *Cladocera*; **Hérouard, 1.**

Reactions of *Cambarus* to stimuli; **Bell, 1, 2.**

Orientation of *Homarus* in response to optical stimuli; **Hadley, 1.**

(Heliotropic reactions in *Crustacea* controlled by chemicals; **Loeb, 2.)**

Heliotropism: of *Palaemonetes* larvae; **Lyon**; of *Gammarus pulex*; **Loeb, 1.**

(Pigment and phototropism in *Gammarus*; **Smith, Grant.)**

Environmental effects on *Artemia salina*; **Artom, 1, 3.**

Colour-physiology of Crustacea; **Gamble and Keeble.**

Effect of cytotoxins on Crustacea; **Szczawinska.**

Hermaphroditism and complemental males, *Rhizocephala*; **Smith, Geoffrey.**

Hermaphroditism, *Apus*; **Zograf, 2.**

Regeneration.

Oniscus murarius; **Ost, 1, 2, 3.**

Chela in *Gelasimus tangeri*; **Baudouin, 2, 3.**

Of chelae in *Homarus*; **Emmel, 1, 2.**

Of the sperm-receptacle in *Cambarus*; **Andrews, 1.**

(The regeneration of a double chela in the fiddler crab (*Gelasimus pugilator*) in place of a normal single one; **Zeleny, 2.**)

Vestigial eye replaced by antenna-like organ in *Cambarus*; **Zeleny, 1.**

(Experiments on association and memory in *Eupagurus*; **Spaulding.**)

DEVELOPMENT. 2615

Spermatogenesis in *Astacus*; **Koeppen.**

Chromosomes of spermatocytes of *Oniscus*; **Nichols, 1, 2.**

Chromosomes and maturation of ova in *Artemia*; **Artom, 2.**

Parthenogenesis in *Artemia salina*; **Artom, 4.**

Embryology of *Nebalia*; **Robinson.**

Development of *Rhizocephala*; **Smith, Geoffrey.**

Polyembryony, *Rhizocephala*; **Smith, Geoffrey.**

Larval forms and metamorphosis, *Cirripedia*; **Tessmann.**

Of *Copepoda*; **Oberg, 1, 2.**

Of *Cyclops*; **Byrnes.**

Of parasitic *Copepoda*; **McClendon.**

Larval stages of *Macrura*; **Coutière, 3.**

Of *Iloplophoridae*; **Coutière, 4.**

Life history of *Mysis mixta*; **Apstein, 2.**

Of *Scleroerangon*; **Wolleboek, 2.**

Of *Athanas nitescens*; **Sars, 2.**

Of *Cambarus*; **Ortmann, 2.**

Of *Calanus finmarchicus*; **Paulsen.**

(Immature specimens of *Penella filosa*; **Thompson.**)

(Cervical plate in *Artemia* larva; **Zograf, 3.**)

Organogeny, annulus ventralis, *Cambarus*; **Andrews, 3.**

Growth of *Homarus americanus*; **Hadley, 2.**

Growth of *Astacus fluvialis*; **Dröschner.**

Cycles of generation of *Cladocera*; **Issakowitch, Keilhack, 2.**

Of *Chiridothea entomon*; **Skorikov.**

ETHOLOGY. 2619

Habits; general.

Of Crustacea; **Herdman.**

Of Crustacea in confinement; **Waters.**

Of Oriental Crustacea; **Doflein, 3;** of *Niphargus* and *Coccospheroma*; **Gal.**

Of *Hemilepistus*; **Faussek.**

Of *Polyphemus pediculus*; **Zacharias.**

Of *Galatheidæ*; **Galloway and Fleure.**

Of *Gecarcinidae* and *Anomura*; **Gravier.**

Biology of *Branchipus* and *Apus*; **Fritze.**

Migration.

Of crabs; **Meek, 2.**

Oviposition.

Of *Cambarus affinis*; **Andrews, 1.**

Polyandry in *Scalpellum stearnsi*; **Hoek, 1, 2.**

Food of subterranean Crustacea; **Ross.**

Burrowing habits of *Cambarus*; **Ortmann, 2.**

Habitats.

Of *Artemia* spp.; **Artom, 5.**

Cambarus; **Ortmann, 3.**

Cavernicolous *Crustacea*; **Chevreaux**
vide Peyerimhoff, Viré.

Beds of *Cirripedia* on Brittany coast;
Joubin.

Marine plankton; **Appellöf, Apstein,**
1, Breemen, 1, 2, Derjugin, Esterly,
Gough, Holt, Illig, Juday, Müller,
Norman, Oberg, Pearson, Quidor, Rei-
bisch, Sars, Scott, 1, 3, Tattersall, 1,
Vavra, 3, Wolfenden, Woltereck, 2,
Zyko, 2.

Bathypelagic *Crustacea*; **Bouvier, 12.**

Vertical distribution of *Gennadas*;
Bouvier, 2, 3.

Deep-sea *Decapoda*; **Appellöf.**

Freshwater plankton; **Birge, Brady, 1,**
Brehm, 2, 3, 5, 6, Cleve, Car, Daday, For-
dyce, Gammon, Largaiolli, Laroche,
Lauterborn, Levander, Pearse, Schorler,
Stingelin, Thiebaud and Favre, Volk,
West, Woltereck, 3.

Deep-water *Crustacea* of Swiss lakes;
Zschokke.

Distribution in fresh water of primi-
tively marine *Crustacea*; **Samter, 1.**

Podopsis slabberi in brackish pools,
Italy; **Masi, 2.**

Halolimnic fauna of Africa; **Cal-**
man, 3.

Belisarius viguieri in water at bases
of leaves of *Bromeliaceae* and in
pitchers of *Nepenthes*; **Scourfield.**

Seasonal distribution of freshwater
plankton; **Schorler, Thallwitz, Schiller,**
Laroche, Levander, 1.

Accidental introduction of crayfish
into rivers; **Mingaud.**

Symbiosis.

Commensalism of *Petrolisthes pta-*
gonicus and *Asteraeanthion helianthus*;
Bouvier, 11.

Lufusorian and *Pagurus*; **Collin.**

Parasitism.

Rhizocephala parasitic on *Anomura*
and *Brachyura*; **Potts, Smith, Geoffrey.**

Copepoda on polyps of *Gorgonidae*;
Versluys.

Arete maruteensis sp. n. and Echinid
Heterocentrotus mamillatus; **Coutière, 1.**

Copepod and Mollusc; **Perez, 1.**

Jaera kroyeri living on *Sphaeroma*
serratum (*Isopoda*); **Rossi.**

Crustacea in ant's nests; **Roubal,**
Scott, 4.

Cryptochirus dimorphus living in
coral; **Henderson.**

Copepoda parasitic on *Corynactis viri-*
dis; **Quidor, 5**; on Polychaete Anne-
lids; **Malaquin, McIntosh**; on Ophiurid;
Hérouard, 2; on fish; **Baudouin, 1,**
Brian, Evans, 1, Gadd, Giard, 2, Quidor,
3, Wilson.

Grapsicepon typus parasitic on *Grap-*
sus strigosus; **Giard, 2.**

Simultaneous parasitism of *Entoniscie-*
dae (*Isopoda*) and *Rhizocephala* in
Eriphia spinifrons and *Pachygrapsus*
marmoratus; **Smith, Geoffrey.**

Sporozoan parasites of *Crustacea*;
Chatton, 1, 2, Léger and Duboscq, 3, 4,
Mercier, Pérez, 1, 2, 3, 4, 5, 6.

Dinoflagellate parasites of *Copepoda*;
Chatton, 3.

Amœboid parasite of embryos of
Peltogaster; **Caullery.**

Worm-parasite of *Astacus japonicus*;
Pierantoni.

Polyzoa encrusting *Astacus fluviatilis*;
Łomnicki.

(*Lernaeicus sprattae* on Sardine;
Baudouin, 4.)

Defensive processes.

Melia tessellata and *Polydectus cupu-*
lifera (*Brachyura*) bearing Actinians in
their claws; **Duerden, Richters, Willey.**

Protective colours of *Crustacea*;
Gamble and Keeble.

VARIATION AND AETIOLOGY.

2623

Artemia salina; **Artom, 1, 3;**
Scalpellum stearnsi; **Hoek, 1, 2.**

Chiridothea entomon; **Skorikov.**

Large variety of *Branchipus ferox*; **Entz**.

Variation in *Pseudocuma longicornis* and *similis*; **Gilson**.

Variation in *Atyaephyra desmarestii*; **Brozek**.

In *Ligia exotica*; **Goto**.

(Colour variety of *Astacus*; **Bouvier**, 14.)

Lobster with abnormal chelipeds; **Calman**, 4.

Normal replaced by abnormal chelipeds, *Homarus americanus*; **Emmel**, 1.

Abnormal chelipeds in *Nephrops norvegicus*; **Patterson**, 3; in *Cambarus*; **Zeleny**.

Double eye in *Cladocera*; **Largaiolli**, 1.

Albinism in *Carcinus* and *Crangon*; **Ninni**.

GEOGRAPHICAL. 2627

LIVING FORMS.

General.

Cosmopolitan *Crustacea*; **Zograf**, 1.

Europe and Mediterranean Sea and Islands. d

Norway, *Copepoda* 2 genn. n., 19 spp. n.; **Sars**, 3.—*Rhizocephala* 1 gen. n., 2 spp. n.; **Smith**, **Geoffrey**.—*Heterotanaïs* sp. n. (*Isopoda*); **Norman**, 2.

Russia, *Bosminopsis zernovi* (*Cladocera*); **Zykoff**, 1.

North Russia, *Cladocera* and *Copepoda* 1 var. n.; **Zykoff**, 2.

Finland lakes, *Entomostraca*; **Levan-der**, 2.

Gulf of Odessa, *Crustacea*; **Kališevskij**.

Volga R., *Mysidae* 1 sp. n.; **Tretia-
kow**.

Caspian Sea, *Copepoda* 1 sp. n.; **Gadd**.

North Sea, *Copepoda*; **Pearson** and **Breemen**, 1, 2.—*Amphipoda*; **Reibisch**.—*Amphipoda Gammariidea* 1 sp. n.; **Steb-
bing**, 2.—*Decapoda*; **Appellöf**.

Germany, *Apus cancriformis*; **Köhler**.

Upper Rhine, *Crustacea*; **Lauterborn**.

Brunswick, *Ostracoda*; **Lienenklaus**.

British Islands, *Copepoda*; **Sars**, 3.

Channel Islands, *Arctus ursus*; **Wright**.

English Channel, *Gyge branchialis*; **Giard**, 1.

Britain, *Heterotanaïs* sp. n., *Isopoda*; **Norman**, 2.

Britain, *Isopoda*; **Webb** and **Sillem**.

Britain, New to, *Trichoniscus pygmaeus* G. O. **Sars**; **Bagnall**.

Coasts of Devon and Cornwall, *Crus-
tacea* 3 genn. n., 4 spp. n., 1 var. n.; **Norman** and **Scott**, 3.

Yarmouth, *Crustacea*; **Patterson**, 1, 2.

Kew, Botanic Gardens, *Crustacea*; **Scourfield**.

Northumberland coast (salt-water pond), *Ostracoda* and *Copepoda* 1 gen. and 2 spp. n.; **Brady**, 2, **Meek**, 1.

Liverpool, *Trichoniscus roseus* (*Isopoda*); **Welch**.

Northamptonshire, *Isopoda*; **Wake**.

Scotland, *Metoponorthus pruinus* (*Isopoda*); **Evans**, 3.

St. Kilda Is., *Crustacea*; **Evans**, 2.

River Forth and estuary, *Crustacea*; **Scott**, 4.

Carlow, *Isopoda*; **Pack-Beresford**.

Irish lakes, *Cladocera* and *Copepoda*; **West**, W. and **West**, G. S.

N. E. coast of Ireland, *Schizopoda* 1 fam n., 1 sub fam. n., 1 gen. n., 1 sp. n.; **Holt** and **Tattersall**, 2.

West coast of Ireland, *Caridea*; **Kemp**, 2.—*Macrura*; **Kemp**, 3.—*Amphi-
poda*, 2 gen. n., 4 spp. n.; **Tattersall**, 1.

Irish Sea, *Copepoda*; **Pearson**.—*parasitic Copepoda*; **Scott**, 2.—*Carida* 2 spp. n.; **Kemp**, 1.

France, Caves of Basses-Alpes, *Crustacea* 1 sp. n.; **Chevreaux** vide **Peyerimhoff**.

Ardennes, *Hoploparia granulosa*; **Collet**.

Dauphiné Alps, *Cladocera*; **Keilhack**, 1.

Italy, *Isopoda* 1 sp. n.; **Budde-Lund, 2.**

Italian lakes, *Entomostraca* 1 var. n.; **Largaiolli, 2, 3.**

Lake Garda, *Bosmina* var. n. (*Cladocera*); **Brehm, 4.**

Switzerland, *Cladocera* form. n.; **Stingelin, 2.**—*Copepoda*; **Laroche.**—*Isopoda*; **Carl.**

Swiss lakes, *Crustacea*; **Zschokke.**

Alpine lakes, *Crustacea* 2 varr. n.; **Brehm, 2, 3, Brehm and Zederbauer, 5, 6, Thiebaud and Favre.**

Austrian lakes, *Entomostraca*; **Car.**

Bulgaria, *Copepoda*; **Chichkoff.**

Mediterranean, *Copepoda*, 1 sp. n.; **Goggio, 2, and Sars, 3.**—*Amphipoda* *Gammaridea* 5 spp. n.; **Stebbing, 2.**—*Cumacea* 5 spp. n.; **Calman, 2.**—*Macrura* 1 var. n.; **Riggio, 2.**

(Mediterranean, *Lysianassidae* spp. n.; **Chevreaux, Cirolana spp. n.; **Dollfus, 1.**)**

Straits of Messina, *Crustacea* sp. n.; **Riggio, 1.**

Adriatic, *Corycaeus* sp.; **Brehm, 1.**

Tuscan Archipelago, *Schizopoda*; **Masi, 1.**

Naples, *Rhizocephala* 1 sp. n.; **Smith, Geoffrey.**

(Cyprus, *Isopoda*; **Dollfus, 2.**)

Asia Minor, *Crustacea* 2 spp. n.; **Vávra, 2.**

Syria, *Potamonidae* 1 sp. n.; **Rathbun, 6.**

(Alboran Isles, *Hyaella* sp. n.; **Chevreaux, 3.**)

Asia and Malay Archipelago. *e*

China, *Potamonidae* spp. n.; **Rathbun, 6, and de Man, 4.**

Mongolia, *Ostracoda* and *Copepoda* 3 spp. and 1 var. n.; **Daday, 3.**

Japan, *Ostracoda* 1 sp. n.; **Vávra, 4.**—*Decapoda* spp. n., var. n.; **Bouvier, 9, and Decapoda** 5 spp. n.; **de Man, 2.**—*Brachyura* and *Anomura* 2 spp. n.; **Doflein, 2.**—*Isopoda* 2 spp. n.; **Richardson, 3.**

Japanese seas, *Acanthophrys* 1 sp. n.; **Bouvier, 6.**

Liu-Chiu Is., *Potamonidae* 1 sp. n.; **Rathbun, 6.**

Siam, *Copepoda* 1 sp. n.; **Daday, 4, 5.**—*Ostracoda* 1 gen. n. 2 spp. n.; **Vávra, 4.**

(Indo-China, *Brachyura* spp. n.; **de Man, 6.**)

Indo-China, *Potamonidae* spp. n.; **Rathbun, 6.**

British India, *Entomostraca* 2 spp. n. 1 var. n.; **Gurney, 2.**—*Paluemon* sp. n.; **de Man, 2.**—*Potamonidae* spp. n.; **Rathbun, 6.**

Burma, *Potamonidae* spp. n.; **Rathbun, 6.**

Ceylon, *Phyllopoda* and *Copepoda* 2 spp. n.; **Gurney, 1.**—*Cirripedia* 2 spp. n.; **Annandale, 1, 2, 5.**—*Copepoda* 2 genn. n. and 4 spp. n.; **Wilson.**—*Phyllocearida*, *Schizopoda*, *Stomatopoda* 2 spp. n.; **Tattersall, 2.**—*Anomura* 2 spp. n.; **Southwell.**—*Brachyura* 3 genn. n. 14 spp. n. 10 varr. n.; **Laurie.**

Malay Archipelago, *Ostracoda* 18 spp. n.; **Müller, 4.**—*Schizopoda* 1 gen. n. 1 sp. n.; **Illig, 1.**—*Isopoda*, *Bopyridae* 1 gen. n., 2 spp. n.; **Nobili, 5.**

Malay Peninsula and adjacent islands, *Potamonidae* spp. n.; **Rathbun, 6.**—*Decapoda* 1 sp. n.; **Lanchester.**

Sumatra, *Ostracoda* spp. n.; **Vávra, 4.**—*Copepoda* spp. n.; **Daday, 4, 5.**

Java, *Ostracoda* spp. n.; **Müller, 1, Vávra, 4.**

Indo-Malayan Is., *Copepoda* 2 spp. n.; **Daday, 4, 5.**

Malayan Seas, Moluccas, *Penella* sp. (*Copepoda*); **Horst.**

Philippines, *Potamonidae* spp. n.; **Rathbun, 6.**

Persian Gulf, *Decapoda* and *Stomatopoda* 2 spp. n., 2 varr. n.; **Nobili, 1.**

III.—SYSTEMATIC. 2631

DECAPODA.

Decapoda of Norway and North Sea, APPELLÖF, Meeresfauna von Bergen, 1906, (113-238, with 2 pls. and 3 maps).

Brachyura.

OXYRHYNCHA.

Oxyrhyncha structure, KLUNZINGER, Spitzkrabben des Roten Meeres. (vii + 91, with 2 pls.).

Acanthophrys characters of genus, list of species (486, 487), *harmandi* Japanese Seas (484), *germaini* Cochin China (486-487) **spp. n.**, *longispinus* de Haan *spinosissima* var. n. Mozambique (487, 488), BOUVIER, Bul. Muséum, Paris, 12.—*A. harmandi* **sp. n.** Seas of Japan. BOUVIER, T.c. (484).

Achacus dubia **sp. n.** Ceylon. LAURIE, Rep. Pearl Oyster Fish., 5, (367).

Camposcia retusa Latr. Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres, (15, pl. 1, fig. 1).

Chlorinoides goldsboroughi **sp. n.** Hawaiian islands. RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, 23, (881, pl. xiv, fig. 7).

Cryptopodia pau **sp. n.** Ceylon. LAURIE, Rep. Pearl Oyster Fish., **5**, (392, pl. 1, fig. 6).

Cyclax suborbicularis Stimps. Red Sea. KLUNZINGER, Spitzkrabben des Roten Meeres, (34, pl. 1, fig. 6).

Cyphocarcinus minutus A.M.-Edw., description, synonymy, NOBILI, Bul. sci. France Belgique, **40**, (109).

Cyrtomaia smithi Rathb., described (877, pl. vi, fig. 31, 35), *lamellata* **sp. n.** Hawaiian islands, (879, fig. 36). RATHBUN, Washington, D.C., Bul. U. S. Com. Fish., 1903, **23**.

Doclea alcocki **sp. n.** Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (381, pl. i, fig. 5, pl. ii, fig. 2).

Eurynome granulosa **sp. n.** S. Australian coast, BAKER, Adelaide, S. Aust., Trans. R. Soc., **30**, (108, pl. i, fig. 3).

Halimus convexus Miers *hendersoni* var. n. (377), *pehleri* (378, pl. i, fig. 3, 3A), *irami* (379, pl. i, fig. 4, 4A) **spp. n.** Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**.

Harrovia truncata **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (886, pl. xiv, fig. 8).

Herbstia corniculata (27, pl. i, fig. 4), *contiguicornis* (28, pl. i, fig. 5) **spp. n.** Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres.

Heterocrypta petrosa **sp. n.** Red Sea, KLUNZINGER, op. cit. (53, pl. ii, fig. 9).

Hyastenus fultoni **sp. n.** Off Port Jackson, GRANT, Sydney, N.S.W., Proc. Linn. Soc., **30**, (313, pl. xi, fig. 1.)

Inachus scorpio, sexual characters affected by *Sacculina* parasite, SMITH, Fauna Neapel, Berlin, **29**, (66-76).

Lambrus, *Oneodolambrus*, **subgen. n.**, *praedator* **sp. n.** Japan, DE MAN, Ann. Mag. Nat. Hist., London, ser. 7, **17**, (400).—*L. leprosus* Nob. (179, pl. ix, fig. 7), *montiger* Nob. (185, pl. xi, fig. 3). Red Sea, NOBILI, Ann. sci. nat. zool., Paris, **4**.—*L. validus* de Haan, new to Australia, McCULLOCH, Sydney, N.S.W., Rec. Austr. Mus., **6**, (231).

Liomedon **gen. n.**, (*Parthenopidae*) *pentagonus* **sp. n.**, Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres, (56-57, pl. ii, f. 11).

Macrocheira kaempferi, Sea of Japan, CARRUCCIO, Roma, Boll. Soc. zool. ital., **6**, (85-95, with 1 plate).

Micippa philypa Herbst, *thalia* Herbst dimorphic, Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (384, 385).—*M. platipes* Rüpp., Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres, (37, pl. i, f. 8).

Oneodolambrus subgen n., v. *Lambrus*.

Parahopliphrys nodulosa Nob., description, NOBILI, Bul. sci. France, Belgique, **40**, (106, text fig. 2).

Paramithrax (*Chlorinoides*) *longispinus* de Haan *bispinosus* var. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (383).

Parathoë rotundata Miers. Red Sea, KLUNZINGER Spitzkrabben des Roten Meeres, (45, pl. i, f. 7).

Paratymolus latipes Hasw. *quadridentata* var. n. S. Australian coast, BAKER, Adelaide, S. Aust., Trans. R. Soc., **30**, (107, pl. i, f. 2).

Parthenope acuta **sp. n.** Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres, (55, pl. ii, f. 10).—*P. nummifera*, (883, pl. xiv, f. 4), *stellata* (884, pl. xv, ff. 1, 2, 7), **spp. n.** Hawaiian islands, *lamelligera* White, (885, pl. xvii, f. 1), *whitei* A. M.-Edw. (885, pl. xv, f. 5), *calappoides*, Adams and White, (886, pl. xv, f. 6), described, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Schizophrys hilensis **sp. n.** Hawaiian islands, RATHBUN, T.c. (882, text fig. 38).

Simocarcinus camelus **sp. n.**, *brevirostris*, *pinnirostris* varr. n. Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres, (17, 18, pl. i, f. 2).—*S. simplex* Dana *pyramidatus* var. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (373).

Sphenocarcinus carbunculus **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (879, pl. xiv, f. 6).

Stenorhynchus ramusculus **sp. n.** S. Australian coast, BAKER, Adelaide, S. Aust., Trans. R. Soc., **30**, (104, pl. i, f. 1).

Trigonothir pyramidatus Hell. Red Sea. KLUNZINGER, Spitzkrabben des Roten Meeres, (19, pl. i, f. 3).

Xenocarcinus tuberculatus White *alcocki* var. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (371).

CYCLOMETOPA.

Actaea, synopsis of species (247); *kraussi*, Hell (248, pl. x, f. 4); *sabaea* Nob. (254, pl. x, f. 3); *nodulosa*, White (257, pl. x, f. 2); *pisigera* Nob. (259, pl. x, f. 1), descriptions; NOBILI, Ann. sci. nat. zool., Paris, **4**.—*A. alcocki* sp. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (403).—*A. garretti*, (852, pl. ix, f. 8); *hawaiiensis*, (853, pl. ix, f. 9) spp. n., Hawaiian islands, *nodulosa*, White, described, (853, pl. ix, f. 4); RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.—*A. granulata* Aud. description, NOBILI, Bul. sci. France Belgique, **40**, (127).

Actumnus bonnierii, description, NOBILI, T.c. (132, pl. vi, f. 32).

Archias sexdentatus, Pauls. description, NOBILI, Ann. sci. nat. zool., Paris, **4**, (198).

Banarcia villosa sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (854, pl. ix, f. 15).

† *Callinectes sapidus* Rathb., description, CLARK, Maryland, Geol. Surv., Pliocene and Pleistocene, Baltimore, 1906, (172, pl. xli).

Calman'a gen. n. (*Xanthidae*) *prima* sp. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (406, 407, pl. i, ff. 12A-C).

Carcinus moenas albinism, NINNI, Boll. Naturalista, Siena, **26**, (76).

Carpilodes, synopsis of species (214), *diodoreus* Nob. Red Sea, NOBILI, Ann. sci. nat. zool., Paris, **4**, (216, pl. x, f. 9).—*C. coccineus* (843, pl. viii, f. 4), *virgatus* (843, pl. viii, f. 3), *supermodus* (844, pl. viii, f. 5), spp. n., Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Charybdis (*Goniosoma*), synopsis of species (194), *heterodon* Nob. Red Sea, NOBILI, Ann. sci. nat. zool., Paris, (196, pl. viii, f. 4).—*C. (Goniosoma) giardi*

Nob., description, NOBILI, Bul. sci. France Belgique, **40**, (115, pl. v, f. 23, pl. vii, f. 34).—*C. japonica* A. M.-Edw. (pl. xiii, f. 2), *erythroductyla* (pl. iv), *orientalis* Dana (pl. xiii, f. 1), figured; RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Chlorodius lippus Nob. Red Sea, NOBILI, Ann. sci. nat. zool., Paris, **4**, (263, pl. x, f. 8).

Chlorodopsis aberans sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (859, text fig. 20).

† *Cyamocarcinus angustifrons* Bittner, Eocene, Italy, CHECCHIA-RISPOLI, Palermo, Giorn. sc. nat. econ., **25**, (314, pl. i, ff. 5-8).

Cyclozanthops angustus sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (849, f. 6).

Dacryopilumnus gen. n., *eremita* sp. n. Tuamotu Is. Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (263-264).

Deckenia mitis sp. n. German E. Africa, HILGENDORF, Deutsch Ost-Afrika Dekapoden, (24, f. 8).

Demia gen. n., near *Zozymus*, *splendida* sp. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (396-397, pl. i, f. 8, and pl. ii, f. 1).

Eriphia spinifrons with two parasites, an Isopod and a *Sacculina*, SMITH, Fauna Neapel, Berlin, **29**, (76-80).

Etisus splendidus sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (850, plates iii and x).

Eurycercinus orientalis A. M. Edw. (289, pl. xi, f. 5), *integrifrons* de Man (290, pl. xi, f. 2), descriptions, NOBILI, Ann. sci. nat. zool., Paris, **4**.

Eucanthus herdmanni sp. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (400, pl. i, ff. 9, 9A).

† *Gemmellarocarcinus* gen. n. (*Caneridae*), *lörentzei* sp. n. Eocene, Italy, CHECCHIA-RISPOLI, Palermo, Giorn. sc. nat. econ., **25**, (315, 316, pl. i, ff. 1-2).

Gomezia bicornis Gray, variation, Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (421).

Goniocapthya inaequalis sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (870, pl. xii, f. 9).

Halimede hendersoni Nob., description, NOBILI, Bul. sci. France Belgique, **40**, (123, pl. vi, f. 31).

Heteropanope pharaonica Nob., Red Sea, NOBILI, Ann. sci. nat. zool., Paris, **4**, (286, pl. xi, f. 1).

Leptodius, synopsis of species, NOBILI, T.c. (239).—*L. molokaiensis*, (847, pl. ix, f. 1), *waialuanus*, (848, pl. viii, f. 9), spp. n. *nudipes* Dana, *gracilis* Dana figured, (848, pl. ix, ff. 2, 3), Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Liomera, synopsis of Red Sea species, NOBILI, Ann. sci. nat. zool., Paris, **4**, (221).—*L. praetexta* sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (844, f. 7).

Lioxantho haswelli nom. n. for *Cycloxanthus*? *punctatus* Hasw., FULTON and GRANT, Melbourne, Proc. R. Soc. Vict., **19**, (7).

Lophactaea, synopsis of Red Sea species, NOBILI, Ann. sci. nat. zool., Paris, **4**, (230).

Lophozozymus intonsus described, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (846, pl. viii, f. 8).

Lupa aburatsubo sp. n. Japan, DOFLEIN, Verh. D. zool. Ges., Leipzig, **16**, (71).

Lupocyclus quinquedentatus sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (869, pl. xii, f. 7).

Lybia, synopsis of Indo-Pacific species, *denticulata* Nob., Red Sea, NOBILI, Ann. sci. nat. zool., Paris, **4**, (294, pl. viii, f. 6).

Melia tessellata Latr. bearing Actinians in its claws, Hawaiian Islands and Ceylon, DUERDEN, London, Proc. Zool. Soc., **1905**, (497–506); RICHTERS, Zool. Beob., Frankfurt a. M., **47**, (225–228); WILLEY, Spolia Zeylan., **3**, (224–226).

Menippe convexa Rathb. described, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (861, pl. xi, f. 4).

† *Microcorystes* gen. n. (near *Corystes*), *latifrons* sp. n. Eocene, Hungary, LÖRENTHEY, Math. Terint. Ért., Budapest, **22**, 1904, (161).

Micropanope sexlobata sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (856, pl. ix, f. 13).

Neptunus, synopsis of species, NOBILI, Ann. sci. nat. zool., Paris, **4**, (189).—*N. (Hellenus) arabicus* Nob. description, NOBILI, Bul. sci. France Belgique **40**, (115, pl. v., f. 22).—*N. euglyphus* sp. n. (413), *hastatoides* Fab. *unidens* var. n. (414), *longispinosus* Dana, *bidens* var. n. (415), *dubia* sp. n. (416), Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**.

Parapleurophrycoides gen. n. *roseus* sp. n. Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (264).

(*Parathelphusa pariei* sp. n. Laos, MAN, Mission Pavie, **3**, (320, pl. xvii, f. 4).)

Parathranites hexagonum (867, pl. xii, f. 3), *latibrachium* (868, text-fig. 26), spp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

† *Phlyctenodes depressus* Edw. figured, AIRAGHI, Milano, Atti. Soc. ital. sc. nat., **44**, (205, pl. iv, f. 3).—*P. krenneri* Lörenthey, Eocene, Italy, CHECCHIA-RISPOLI, Palermo, Giorn. sc. nat. econ., **25**, (310, pl. i, f. 10).

Phymodius laysani sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (858, pl. xii, f. 8).

Pilodius armiger Nob., Red Sea, NOBILI, Ann. sci. nat. zool., Paris, **4**, (267, pl. viii, f. 5).—*P. flavus* Rathb. described, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (860, fig. 21).

Pilumnus forskalii Edw. (275, pl. x, f. 5), *propinquus* Nob. (277, pl. ix, f. 7), *spongiosus* Nob. (280, pl. x, f. 6), *schrenkii* Pauls. (283), descriptions, NOBILI, Ann. sci. nat. zool., Paris, **4**.—*P. nuttingi* (862, pl. xi, f. 8), *acutifrons* (863), *taeniola* (864, pl. xi, f. 3), spp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.—*P. parvulus*, *merodontatus* spp. n. Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (263).—*P. pilosus* sp. n.

Victoria, FULTON and GRANT, Melbourne, Proc. R. Soc. Viet., **19**, (7, pl. iv, ff. 1-4).—*P. spinicarpus* sp. n. Masthead Reef, Queensland, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**, (15, pl. i, f. 2).—*P. trichophoroides* de Man (134), *longicornis* Hilgdt. (135), *savignyi* Hell. (138), *propinquus* Nob. (140), descriptions, NOBILI, Bul. sci. France Belgique, **40**.

Plutevistoma gen. n. (Portunidae) *macrophthalmum* sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (876, fig. 33).

Platyozius perpusillus sp. n. Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (264).

Polydectus cupulifera Latr. bearing Actinians in its claws, Hawaiian islands, DUERDEN, London, Proc. Zool. Soc., **1905**, (506); RICHTERS, Zool. Beob., Frankfurt a. M., **47**, (225-228).

Portunus pubescens Dana (pl. xiv, f. 1), *granulatus* A. M. Edw. (pl. xii, f. 2), *orbicularis* Richt. (pl. xii, f. 4), *longispinosus* Dana (pl. xii, f. 6), figured, *macrophthalmus* (871, pl. xii, f. 5), sp. n. Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.—*P. depurator* Leach with Gregarine parasites, LÉGER and DUBOSQ, Paris, C.-R. soc. biol., **60**, (1001-1003).

Potamoecarcinus chaffanjonii Orinoco (311, pl. xvi, f. 2), *guatemalensis*, Guatemala (313, pl. xvi, f. 7), spp. n. RATHBUN, Nouv. Arch. Muséum, Paris, **7**.

Potamonidae, classification and descriptions of species, RATHBUN, op. cit. sér. 4, **6**, 1904, (225-312, pls. ix-xviii); **7**, (159-321, pls. xiii-xxii); **8**, 33-122; catalogue, Bul. Muséum, Paris, 1906, (369-376). New species only recorded.

Potamon spp. characters, DE MAN, Zool. Jahrb., Syst., **23**, (743-760).—*P. setiger* Syria (258, pl. ix, f. 2), *shensiensis* China (262, pl. ix, f. 8), *daridi* China (264, pl. ix, f. 3), *mindanaoensis* Philippines (268, pl. x, f. 5), *kinabaluensis* Borneo (269, pl. x, f. 2), *koolooensis* N. India (270, pl. x, f. 1), *paludosus* Siam (272, pl. x, f. 4), *brousiniichi* Cochinchina (272, pl. x, f. 6), *palustris* Laos (273, pl. x, f. 3), *manii* Siam (274, pl. xi, f. 6), *tannanti* (279, pl. xi, (N-9720 l)

f. 8), *rangoonensis* Burma (279, pl. xi, f. 2), *mooleyitensis* Tenasserim (283), *luangprabangensis* (281, pl. xi, f. 9), *orleansi* (282, pl. xi, f. 7), *laosensis* (285, pl. xi, f. 3), *lacunifer* (286, pl. xi, f. 1), Indio-China and Siam, *wagrakarovensis* Mysore (292, pl. xii, f. 4), *bouvieri* India (293, pl. xii, f. 5), *nigrens* W. Africa (295, pl. xii, f. 8), *humbloti* (297, pl. xii, f. 10), *grandidieri* (298, pl. xii, f. 11), *bombetokensis* (298, pl. xii, f. 6), Madagascar, *antipoloensis* (301, pl. xiii, f. 4), *mistio* (302, pl. xiii, f. 3), Philippines, *koatenensis* China (308, pl. xiii, f. 8), *montanoanus* Philippines (309, pl. xiii, f. 7), *thagatensis*, Tenasserim (296), *inornatus* Siam (311, pl. xiv, f. 1), spp. n. RATHBUN, Nouv. Arch. Muséum, Paris, **6**.—(*P. (Potamon) eochinchinense* sp. n. Cochinchina, DE MAN, Mission Pavie, **3**, (323, pl. xviii, f. 5).)—*P. (Potamonantes) sidneyi* Natal, **7**, (165), **6**, (pl. xiv, f. 5), *lueboensis* Congo, **7**, (166), **6**, (pl. xiv, f. 2), *regnieri* W. Africa, **7**, (168), **6**, (pl. xiv, f. 3), *lirrangensis*, French Congo, **7**, (169), **6**, (pl. xiv, f. 8), *didieri*, E. Africa, **7**, (170), **6**, (pl. xiv, f. 9), *freyeineti*, W. Australia, **7**, (175), **6**, (pl. xv, f. 5), *renongensis*, Malay Peninsula, **7**, (176), *dybowski*, W. Africa, **7**, (177), **6**, (pl. xv, f. 3), *tambelanensis*, Tambelan Is., **7**, (182), **6**, (pl. xv, f. 4), *pobeguini*, Congo, **7**, (195), **6**, (pl. xvi, f. 8), spp. n.; *ambiguus*, **7**, (171), *biballensis* (176), *capelloanus* (179), *jaquemonti* (185), nomm. n. RATHBUN, Nouv. Arch. Muséum, Paris.—*P. (Potamonantes) aloysii-sabaudiae* sp. n. Mt. Ruwenzori, NOBILI, Torino, Boll. Musei Zool. Anat., **21**, No. 541 (1)—*P. (Paratelpusa) improvisum* Lanch. (f. 1), *sex-punctatum* sp. n. (f. 2), Malay Peninsula, LANCHESTER, Fasc. Malay. Zool., **3**, (129).—*P. (Paratelpusa) endymion* sp. n. China, DE MAN, Zool. Anz., **30**, (35-36).—*P. (Paratelpusa) faxoni*, Siam (251, pl. xiv, f. 8), *peguensis*, Burma (260, pl. xiv, f. 3), *antongilensis*, Madagascar (265, pl. xii, f. 5), spp. n.; *woodmasoni* nom. n. for *edwardsi* Wood-Mason; RATHBUN, Nouv. Arch. Muséum, Paris, **7**.—*P. (Geothelpusa) sakamotoanus* Liu-Chiu Is., **7**, (206), **6**, (pl. xviii, f. 6), *agassizii* N. E. Australia, **7**, (211), **6**, (pl. xviii, f. 2), *araneus* Indo-China, **7**, (214), *sikkimensis* Sikkim, **7**, (219), **6**, (pl. xviii, f. 7), *perrieri* Congo, **7**, (222), **6**, (pl. xviii, f. 11), spp. n. RATHBUN, Nouv. Arch. Muséum, Paris.—*P. (Geo-*

thelphusa) *ankaraharae*, **sp. n.** Madagascar, NOBILI, Torino, Boll. Musei zool. anat., **21**, No. **532**, (1-4, fig.).

Pseudothelphusa propinqua (280, pl. xv, f. 11), *proxima* Guatemala, (281, pl. xv, f. 10), *venezuelensis* Venezuela, (281, pl. xv, f. 6), *diqueti* Mexico, (284, pl. xvii, f. 8), *simoni* Venezuela, (291), *wymani* Surinam, (291), *nelsoni* Mexico, (293), *similis*, (295, pl. xvii, f. 4), *cobanensis*, (296, pl. xvii, f. 5), *grallator*, (297, pl. xvii, f. 6), *complanata*, (303, pl. xv, f. 3), Guatemala, *angusta* Brazil, (306, pl. xv, f. 7), *buenaventurensis* Colombia, (307), **spp. n.** RATHBUN, Nouv. Arch. Muséum, Paris, **7**.

Telphusa, key to E. African **spp.**, (7), *suprasulcata*, (8, f. 5), *mrogoroensis*, (10), *infravallata*, (12, f. 2), *reichardi*, (13), *bipartita*, (15), *neumanni*, (18, f. 6), *pilosa*, (19), **spp. n.** German E. Africa; *hilgendorfi* Pfeff., (9, f. 3), *platycentron* Hilg., (11, f. 4), HILGENDORF, Deutsch Ost-Afrika Dekapoden.

Thalamita, synopsis of species, NOBILI, Ann. sci. nat. zool., Paris, **4**, (201).—*T. auanensis* **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish, 1903, **23**, (874, pl. xii, f. 1).—*T. bouvieri*, *seurati*, *minuscula* **spp. n.**, *pilumnoides gatavakensis* var. n., Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (262).—*T. prymna* Herbst *annectans* var. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (418).

Trichodactylus edwardsi nom. n. for *dentatus* Edw., **8**, (40); sub-genus *Valdivia*, *thayeri* Brazil, **8**, (45), **7**, (pl. xviii, f. 11), *tifucanus* Brazil, **8**, (46), **7**, (pl. xix, f. 3), *venezuelensis* Venezuela, **8**, (47), **7**, (pl. xix, f. 10), *faxoni*, **8**, (49), **7**, (pl. xviii, f. 10), *hartii*, **8**, (55), **7**, (pl. xix, f. 9), *bourgeti*, **8**, (56), **7**, (pl. xviii, f. 4), Brazil, **spp. n.** RATHBUN, Nouv. Arch. Muséum, Paris.—*T. (Dilocarcinus) argentinianus* Argentine, **8**, (60), **7**, (pl. xx, ff. 5, 6), *gurupensis* Brazil, **8**, (64), **7**, (pl. xx, f. 7), **spp. n.** RATHBUN, op. cit.

Xanthias flavescens, (855, pl. ix, f. 11), *canaliculatus*, (856, pl. ix, f. 12), **spp. n.** Hawaiian islands, *minutus* Rathb. described, (855, pl. ix, f. 14), RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Xantho lacunosus **sp. n.** Hawaiian islands, RATHBUN, T.c., (847, pl. viii, f. 6).

Xanthodius biunguis **sp. n.** Hawaiian islands, RATHBUN, T.c., (849, pl. viii, f. 10).

† *Xanthopsis kressenbergensis* figured, AIRAGHI, Milano, Atti soc. ital. sc. nat., **44**, (206, pl. iv, ff. 4, 5).

Zozymus gemmula Dana *ceylonica* var. n. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (395, pl. i, f. 7).

CATOMETOPA.

Cardisoma armatum Herkl. characters. BOUVIER, Bul. Muséum, Paris, **12**, (497).

Cyclograpsus lophopus Nob. Red Sea, NOBILI, Ann. sci. nat. zool., Paris, **4**, (321, pl. xi, f. 4).

Elamena truncata, South Australian coast, BAKER, Adelaide, S. Aust., Trans. R. Soc., **30**, (112, pl. ii, f. 2).

Eurytium tristani **sp. n.** Costa Rica, RATHBUN, Washington, D.C., Proc. Biol., **19**, (100).

† *Galenopsis schopeni* **sp. n.** Eocene, Italy, CHECCHIA-RISPOLI, Palermo, Giorn. sc. nat. econ., **25**, (320, pl. i, ff. 3, 4),

Gecarcinidae, habits, GRAVIER, Bul. Muséum, Paris, **12**, (498).

Gelasimus tangeri autotomy and regeneration of chela, BAUDOUIN, Rev. sci., Paris, ser. 5, **6**, (293-300); and Ann. sci. nat. zool., sér. 9, **3**, (1-33).

Grapsus strigosus longitarsis Dana described, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (838, pl. viii, f. 1).

Hymenosoma rostratum S. Australian coast, BAKER, Adelaide, S. Aust., Trans. R. Soc., **30**, (114, pl. iii, f. 2).

Litocheira glabra **sp. n.** S. Australian coast, BAKER, T.c., (110, pl. ii, f. 1, pl. iii, f. 3).

Macrophthalmus consobrinus **sp. n.** Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (265).—*M. latreillei* variation, Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (427, pl. ii, f. 3).

Manella **gen. n. (Palicidae) spinipes** **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish, 1903, **23**, (837, pl. vii, f. 6).

Mertonia **gen. n.** (*Rhizopinae*) *lanka* **sp. n.** Ceylon, LAURIE, T.c., (423, pl. i, ff. 11a, b).

Metaplex hirsutimana **sp. n.** Queensland, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**, (21, pl. i, f. 3).

Ocypoda rotundata arabica var. **n.** Persian Gulf, NOBILI, Bul. sci., France Belgique, **40**, (152, pl. v, f. 26).

Ostracoteres synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (299).—*O. spondyli* description, NOBILI, Bul. sci. France Belgique, **40**, (149, pl. v, f. 24, pl. vi, f. 33).

Pachygrapsus marmoratus with two parasites, an Isopod and a *Sacculina*, SMITH, Fauna Neapel, Berlin, **29**, (80, 81).

Palicus fisheri (835), *oahuensis* (836), **spp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (pl. vii, ff. 4, 5).—*P. jukesi* Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (430, pl. i, f. 12).

Paranotonyx curtipes Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (298, pl. viii, f. 7).

Pilumnoplax cooki **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (835, pl. vii, f. 3).

Pinnoteres; synopsis of species (302), *borradalei* nom. **n.** for *tenuipes* Borradaile (306), *maindroni*, (306, pl. viii, f. 8), NOBILI, Ann. sci. nat. zool., **4**.—*P. margaritiferae* **sp. n.** Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (424).—*P. perezii* description, NOBILI, Bul. sci. France Belgique, **40**, (147, pl. v, f. 25).

Plagusia depressa, key to varieties, LAURIE, Rep. Pearl Oyster Fish., **5**, (429).

Ptychognathus; revision of the genus (541-544), *pusillus* Heller (537-541, pl. xvii, ff. 1-5), Christmas Island, DE MAN, London, Proc. Zool. Soc., **1905**.

Pseudorhombila octodentata **sp. n.** Dominica, W. Indies, RATHBUN, Washington, D.C., Proc. Biol. Soc., **19**, (91).

Sarmatium faxoni **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (841, pl. vii, f. 1).

Sesarma elegans Herkl. Spanish Guinea, NOBILI, Madrid, Mem. soc. esp. hist. nat., **1**, (314, pl. viii, f. 2).—*S. jousseauiei* Nob. Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (323, pl. viii, f. 9).—*S. rhizophorae* (99), *biolleyi* (100), **spp. n.** Costa Rica, RATHBUN, Washington, D.C., Proc. Biol. Soc., **19**.

Trichia australis **sp. n.** S. Australian coast, BAKER, Adelaide, S. Aust., Trans. R. Soc., **30**, (115, pl. iii, f. 1).

OXYSTOMATA.

Structure of *Oxystomata*; KLUNZINGER, Spitzkrabben des Roten Meeres, (vii+91, with 2 pls.).

Calappa gallus, Red Sea, KLUNZINGER, T.c. (61, pl. ii, f. 14); dimorphism, LAURIE, Rep. Pearl Oyster Fish., **5**, (354).

Cryptocnemus crenulatus **sp. n.**, Queensland, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**, (25, pl. ii, f. 2).—*C. tuberosus* **sp. n.**, Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres, (79, pl. ii, f. 13).

(*Cymonomops similis* **sp. n.** off Port Jackson, GRANT, Sydney, N.S.W., Proc. Linn. Soc., **30**, (315, pl. x, f. 1).)

Ebalia; synopsis of species (155), *granulata* Rupp. (155, pl. ix, f. 1); *abdominalis* Nob. (157, pl. ix, f. 2); *lacertosa* (159, pl. ix, f. 3), NOBILI, Ann. sci. nat. zool., **4**.—*E. jordani* **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (889, pl. xv, f. 3).

Ethusa mascarone hawaiiensis subsp. **n.** Hawaiian islands, RATHBUN, T.c. (891, pl. xv, f. 4).

†*Hepatisca distefanoi* **sp. n.** Eocene, Italy, CHECCHIA-RISPOLI Palermo, Giorn. sc. nat. econ., **25**, (323, pl. i, ff. 9-13).

Heteronucia venusta **sp. n.** Tuamotu Is. Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (260).

Leucosia synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (165).—*L. longifrons* (97), *margaritata* (99), *hilaris* (100, pl. vi, f. 29), descriptions, NOBILI, Bul. sci. France Belgique, **40**.

Lithadia sculpta Haswell *aglypha* var. **n.** Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (358).

Matuta banksii Red Sea, KLUNZINGER, Spitzkrabben des Roten Meeres, (65, pl. ii, f. 12).

Mursia hawaiiensis described (887, pl. xviii, ff. 324), *spinimanus* **sp. n.** Hawaiian islands, (888, pl. xvi, f. 1), RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Myra; synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (164).—*M. affinis* description. NOBILI, Bul. sci. France Belgique, **40**, (95).

Nucia; synopsis of species *tuberculosa* description, NOBILI, Ann. sci. nat. zool., **4**, (161, pl. ix, f. 6).—*N. rosea* **sp. n.** Tuamotu Is. Polynesia, NOBILI, Bul. Museum, Paris, **12**, (261).

Nursia jousseaumci, Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (151, pl. ix, f. 4).—*N. mimetica* **sp. n.** Tuamotu Is. Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (261).

Paramithrax sternocostulatus (28, pl. iii, f. 2); *coppingeri* (29, pl. ii, f. 3); synonymy, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**.

Philyra synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (168).—*P. adamsi*. Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (364, pl. i, f. 1).—*P. granigera* description. NOBILI, Bul. sci. France Belgique, **40**, (102, pl. vi, f. 30).

Randallia distincta described (890, pl. xvi, ff. 2, 3, *gilberti* **sp. n.** Hawaiian islands (890, pl. xvi, f. 4), RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

†*Ranina reussi*, *bittneri*, figured and compared, AIRAGHI, Milan., Atti soc. ital. sc. nat., **44**, (203, pl. iv, ff. 1, 2).

Tlos angulatus **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (889, pl. xvi, f. 5).—*T. havelocki* **sp. n.** Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (357, pl. i, f. 2).

DROMIACEA.

Conchocetes andamanicus. Ceylon, characters, LAURIE, Rep. Pearl Oyster Fish., **5**, (353).

Cryptodromia granulata description, NOBILI, Ann. sci. nat. zool., **4**, (147, pl. ix, f. 3).

Dicranodromia; characters of species, BOUVIER, Bul. Muséum, Paris, **12**, (481, 482).

Dromia intermedia **sp. n.** Ceylon, LAURIE, Rep. Pearl Oyster Fish., **5**, (351).

(*Latreillopsis petterdi* **sp. n.** off Port Jackson. GRANT, Sydney, N.S.W., Proc. Linn. Soc., **30**, (317, pl. x, f. 2).)

INCERTAE SEDIS.

Cryptochirus dimorphus **sp. n.** (*Hapalocarcinidae*) Andaman Is., HENDERSON, Ann. Mag. Nat. Hist., London, **18**, (214 pl. viii).

†*Tetracarcinus* **gen. n.** Systematic position not indicated by describer, *subquadratus* **sp. n.** Cliffwood clay, New Jersey, WELLER, J. Geol., Chicago, Ill., **13**, (328).

Anomura.

GALATHEIDEA.

Ethusa japonica **sp. n.** Japan, DO-FLEIN. Verh. D. Zool. Ges. Leipzig, **16**, (71).

Galatheidæ; habits, GALLOWAY and FLEURE. Rep. Brit. Ass., **1906**, (608-610).

Galathea; key to Australian, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**, (43-52, pl. iv); synopsis of species.—*G. humilis* (124), *aegyptiaca* (126, pl. vii, f. 3), *brevimana*, *longimana* (128), descriptions, NOBILI, Ann. sci. nat. zool., **4**.—*G. intermedia* synonymy, NORMAN and SCOTT, Crustacea of Devon and Cornwall (11).—*G. megalochira* **sp. n.** Tuamotu Is. Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (260).—*G. strigosa* structure of hepato-pancreas, GUIEYSSE, Paris, Bul. soc. philom., **8**, (97-102).—*G. whiteleggii* **sp. n.**, Port Jackson, Australia, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**, (45, pl. iv, f. 2).

Munida gregaria compared with *subrugosa*, LAGERBERG, Schwed. Südpolar-Exped., **5**, Lief. 7, (7-10, pl. i, 4-7).—*M. japonica* (221), *aleocki* **sp. n.** (222). Ceylon, SOUTHWELL, Rep. Pearl Oyster Fish., **5**.

Pachycheles ornatus **sp. n.** San Thomé Id., BOUVIER, Bul. Muséum, Paris, **12**, (494).—*P. sculptus* description.

NOBILI, Bul. sci., France, Belgique, **40**, (67).

Petrolisthes; synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (129).—*P. patagonicus* commensal with *Asteracanthion helianthus*, at Valparaiso, BOUVIER, Paris, Bul. soc. ent. 1906, (28, 29).

Porcellana hornelli sp. n. (*Porcellanidae*). Ceylon, SOUTHWELL, Rep. Pearl Oyster Fish., **5**, (218, f. 1).—*P. inaequalis* description, NOBILI, Bul. sci. France Belgique, **40**, (74, pl. v, f. 18).

Polyonyx; synopsis of species (136), *pedalis* Nob. (137, pl. viii, f. 3); *denticulatus*, Pauls. (138) descriptions; NOBILI, Ann. sci. nat. zool., **4**.—*P. paucidens* (70, pl. v, f. 16), *pugillator* (71, pl. v, f. 17, pl. vi, f. 28), descriptions, NOBILI, Bul. sci. France Belgique, **40**.

PAGURIDEA.

Anapagurus polynesiensis sp. n. Tuamotu Is., NOBILI, Bul. Muséum, Paris, **12**, (260).—*A. bonnierii* description, NOBILI, Bul. sci. France Belgique, **40**, (89, pl. v, f. 19).

Calcinus rosaceus description, NOBILI, T.c. (84, pl. v, f. 21).

Clibanarius; synopsis of Red Sea species, NOBILI, Ann. sci., nat. zool., **4**, (115).

Caenobita rufescens habits, GRAVIER, Bul. Muséum, Paris, **12**, (499); compared with *C. rugosa*, BOUVIER, T.c. (493).

Diogenes; synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (118).—*D. capricornus* sp. n. Queensland, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**, (35, pl. iii, f. 3).—*D. pugillator* synonymy, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (9).

Eupagurus caricarpus Pauls. description, NOBILI, Ann. sci. nat. zool., **4**, (123).—*E. forceps* claws figured, LAGERBERG Schwed. Südpolar Exped., **5**, Lief. 7, (2-4, pl. i, ff. 1-33).—*E. hedleyi* nom. n. = *E. kirkii*, Miers, GRANT and McCULLOCH, Sydney, N.S.W., Proc. Linn. Soc., **31**, (37).—*E. maorus* sp. n. Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (259).

(*Paguristes aciculatus* sp. n. off Port Jackson, GRANT, Sydney, N.S.W., Proc.

Linn. Soc., **30**, (319, pl. xi, f. 3).—*P. jousseaumei perspicax* var. n. Persian gulf, NOBILI, Bul. sci., France, Belgique, **40**, (87).—*P. mauritanica* sp. n. Coast of N. W. Africa, BOUVIER, Bul. Muséum, Paris, **12**, (186, f. 1).

Pagurus; synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (120).

Paralomis granulosa description, LAGERBERG, Schwed. Südpolar-Exped., **5**, Lief. 7, (14-17, pl. i, f. 10).

Troglopagurus; synopsis of species (80), *persicus* description (78), NOBILI, Bul. sci. France Belgique, **40**.

Macrura.

Larvae of *Macrura*; COUTIÈRE, Paris, C.-R. Acad. sci., **142**, (847-849); NOBILI, Bul. sci. France, Belgique, **40**, (35).

NEPHROPSIDEA.

Astacus; extermination by disease, restocking rivers, DROUIN DE BOUVILLE, Nancy, Bul. soc. sci., **7**, (28-132).—*A. fluviatilis* incrusted with a Polyzoon, ŁOMNICKI, Kosmos, Lwów, **31**, (249-256); growth, DRÖSCHER, Fischereiztg. Neudamm, **9**, (113-117, 133-137).—(*A. fluviatilis* var. *torrentium* colour variety, BOUVIER, Paris, Bul. soc. ent., **1904**, (250-255).)—†*A. antiquus* sp. n. Upper Wealden Germany; HARBORT, Berlin, Abh. geol. Landesanst., **45**, (20, pl. i, f. 1 and pl. xi, f. 3).

Cambarus; anatomy of annulus ventralis, ANDREWS, Wood's Holl, Mass. Mar. Biol. Lab. Bull., **10**, (122-137); and Boston, Mass., Proc. Soc. Nat. Hist., **32**, (427-180, 1 pl.).—*C. spp.*, descriptions, local distribution in Pennsylvania. ORTMANN, Pittsburg Pa. Mem. Carnegie Mus., **2**, (343-524, pls. A, B, 39-43).—*C. affinis*, egg-laying habits, ANDREWS, Amer. Nat. Boston, Mass., **40**, (343-356).—*C. (Procambarus) pilosimanus* sp. n. British Honduras (6), *cubensis* Sauss., male genitalia (11), ORTMANN, Washington, D.C., Proc. Acad. Sci., **8**.—*C. wiegmanni* description, ORTMANN, T.c. (15).

(*Cambarus monongalensis* sp. n. Pennsylvania, ORTMANN. (395-398), Pittsburg, Pa., Ann. Carnegie Mus., **3**, 1905.)

Enoplometopus occidentalis described, RATHBUN, Washington, D.C., Bull. U.S. Com. Fish, 1903, **23**, (900, pl. xvii, f. 2).

†*Eryma sulcata* **sp. n.** Lower Cretaceous Germany, HARBORT, Berlin, Abh. geol. Landesanst. **45**, (15, pl. i, f. 11, pl. xi, f. 4).

†*Hoploparia aspera* **sp. n.** Upper Wealden Germany, HARBORT, T.c. (17, pl. ii, ff. 5, 6).—†*H. triboleti* **sp. n.** Lower Cretaceous Crimea, BORISSIAK, St. Petersburg, Bull. Com. géol., **23**, (412, 420, pl. xiii, f. 1).—*H. granulosa* in the Ardennes; COLLET, Reims, Bul. soc. sci. nat., **12**, (32–33, pl.).

Homarus americanus; rate of growth, HADLEY, **2**, Wood's Holl, Mass., Mar. Biol. Lab. Bull., **10**, (233–241).—*H. gammarus*, with symmetrical chelae, CALMAN, London, Proc. Zool. Soc., **1906**, (633, f. 110).

Nephrops norvegicus abnormal claw, PATTERSON, Norwich, Trans. Nat. Soc., **8**, (319, pl.).

†*Palaeno dentatus* described; BORISSIAK, St. Petersburg, Bull. Com. géol., **23**, (416, 422, pl. xiii, f. 2).

Paracambarus **subg. n.** (1), *paradoxus* **sp. n.** Mexico (3), ORTMANN, Washington, D.C., Proc. Acad. Sci., **8**.

†*Pseudoglyphca etalloni* description, MÉCHIN, Nancy, Bul. soc. sci., **6**, (29–31, pl. i).

Thaumastocheles zaleucus, male described, DOFLEIN, Zool. Anz., **30**, (521–525).

ERYONIDEA.

Eryoneicus indicus hawaiiensis **subsp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U.S. Com. Fish., 1903, **23**, (900).

Polycheles snyderi (898, pl. xxiv, f. 9), *asper* (899, pl. xxiv, f. 11), **spp. n.** Hawaiian islands, RATHBUN, T.c.

LORICATA.

†*Meyeria ornata* described, (10, pl. i, f. 2), *rapax* **sp. n.** (11, pl. i, f. 12, pl. ii, ff. 1–4, pl. iii, ff. 1, 2, pl. xi, ff. 1, 2). Lower Cretaceous, Germany, HARBORT, Berlin, Abh. geol. Landesanst. **45**.

Panulirus japonicus, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish. 1903, **23**, (897, pl. v).—*P. regius*, Spanish Guinea, NOBILI, Madrid, Mem. Soc. esp. hist. nat., **1**, (300, pl. viii, f. 1).

Parribacus papyraceus **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (897, pl. xviii, f. 5).

Scyllarides brasiliensis **sp. n.** Brazil, RATHBUN, Washington, D.C., Proc. Biol. Soc., **19**, (113).

Scyllarus nobilii, description, NOBILI, Bul. sci. France Belgique, **40**, (56, pl. iv, f. 15, pl. vi, f. 27).—*S. sieboldi*, new to South Pacific, McCULLOCH, Sydney, N.S.W., Rec. Austr. Mus., **6**, (231).

THALASSINIDEA.

Axiopsis synopsis of species (91), *aethiopica* Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (93, pl. vi, f. 1).

Axius pailoloensis (893, fig. 49), *spinosisimus* (894, fig. 50), *rudis* (894, fig. 51) **spp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Callianassa, synopsis of species (100), *joussemaei* (101, pl. vi, f. 2), *calmani* (104, pl. v, f. 2), *bouvieri* (105, pl. vi, f. 3), *gravieri* (107, pl. vi, f. 4), *rosae* (108, pl. vii, f. 2), *coutierei* (110, pl. vii, f. 1), Red Sea, NOBILI, Ann. Sci. nat. zool., **4**.—*C. articulata* **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (892, fig. 47).—*C. ceramica* **sp. n.** Victoria, FULTON and GRANT, Melbourne, Proc. R. Soc., Vic., **19**, (12–14, pl. v).

Eiconaxius asper **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (895, f. 52).

Jaxea nocturna synonymy, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (12).

Paraxius tridens **sp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (895, fig. 53).

Upogebia, synopsis of species, NOBILI, Ann. sci. nat. zool., **4**, (97).—*U. hirtifrons* (61, pl. iv, f. 13), *osiridis* (62, pl. iv, f. 14), descriptions, NOBILI, Bul. sci. France Belgique, **40**.

CARIDEA.

Acantheephyra; table of species, *purpurea*, *debilis*, synonymy, characters, KEMP, Fish. Ireland Sci. Invest., 1905, **1**, (1-28, pls. i, ii).—*A. purpurea* A. M. Edw. = *A. parva* Cout., stages of growth, COUTIÈRE, Bul. Mus., Monaco, No. **70** (12-20); description (254, pl. iv, ff. 12-15, pl. v, f. 1), *rectirostris* **sp. n.** Straits of Messina (260, pl. v, ff. 1-17), RIGGIO, Natural. sicil, **17**.

Aegeon brendani **sp. n.** Irish coast, KEMP, Ann. Mag. Nat. Hist., London, **17**, (299).

Alpheopsis haugi **sp. n.** Ogowe district, COUTIÈRE, Bul. Muséum, Paris, **12**, (378-380, ff. 1-2).

Alpheus aculeipes triphopus var. **n.**; *euchiroides*, *hoplites* **spp. n.** Tuamotu Is., Polynesia, NOBILI, T.c. (257).—*A. bucephaloides* (29), *alecyone* (32), *persicus* (33), descriptions, NOBILI, Bul. sci., France Belgique, **40**.—*A. macrocheles* synonymy, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (16).

Amphipalaemon seurati **sp. n.** Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (259).

Anchistia elegans (52), *edwardsi* (53), descriptions, NOBILI, Ann. sci. nat. zool., **4**.

Anchistioides compressus, description, NOBILI, T.c. (54).

Anchistus Borr. = *Tridacnocraris* Nob., *niersi* description, NOBILI, Bul. sci. France Belgique, **40**, (48).

Ancyllocaris aberrans description, NOBILI, T.c. (52, pl. iv, f. 9).

Angasia armata (42), *erythraea* (44), descriptions, NOBILI, Ann. sci. nat. zool., **4**.

†*Anthrapalaemon grossarti*, Carboniferous. Staffordshire, WARD, Stone, Rep. N. Staff. F. Cl., **40**, (110).

Arete maruteensis **sp. n.** Gambier Is., Polynesia, COUTIÈRE, Bul. Muséum, Paris, **11**, (18).

Athanas nitescens Leach, postembryonal development, SARS, Arch. Math. Naturv., Kristiania, **27**, No. 10, (1-29, pl. i-iv).

Atyaephyra desmarestii, variation statistically examined, BROŽEK, Prag,

SitzBer. Böhm. Ges. Wiss., **1905**, No. 1, (1-69).; (in N. Africa, BOUVIER, Paris, Bul. soc. ent., **1903**, (245).)

Atyella **gen. n.** (*Atyidae*) (201), *brevirostris* (201, pl. xiv, ff. 57-64) **sp. n.** Lake Tanganyika, CALMAN, London, Proc. Zool. Soc., **1906**.

Bithynis grandimanus description, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (923, pl. xx, f. 5).

Brachycarpus; synopsis of species, *advena*, Red Sea, NOBILI, Ann. Sci. Nat. zool., **4**, (75-77, pl. iv, f. 1).

Caridella **gen. n.** (*Atyidae*) (198), *cunningtoni* (199, pl. xiii, ff. 45-52), *minuta* (200, pl. xiii, ff. 53-56), **spp. n.** Lake Tanganyika, CALMAN, London, Proc. Zool. Soc., **1906**.

Caridina harmandi **sp. n.** Seas of Japan, BOUVIER, Bul. Muséum, Paris, **12**, (483).—*C. kilimae* **sp. n.** (35), *togoënsis stuhlmanni* var. **n.** (35), *wyckii* var. *gracilipes* (36), figured, HILGENDORF, Deutsch Ost-Afrika Dekapoden.—*C. nilotica* var. *gracilipes*, synonymy; Lakes Nyasa and Victoria Nyanza, CALMAN, London, Proc. Zool. Soc., **1906**, (189).

Chlorotocus crassicornis, synonymy, description, RIGGIO, Naturalista Sicil., **18**, 1906, (151-160).

Conchodytes; synopsis of species (66), *melegrinae* (66, pl. iii, f. 5), *biunguiculata*, descriptions, NOBILI, Ann. sci. nat. zool., **4**.

Coralliocraris, synopsis of species (55), *C. hecate* (58, pl. iii, f. 2), *analitica* (60, pl. iii, f. 3), *rhodope* (61, pl. ii, f. 8), Red Sea, NOBILI, T.c.—*C. quadridentata* (920, pl. xxiv, f. 1), *truncata* (920, pl. xxiv, f. 2), **spp. n.**, Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Coralliocrangon perrieri, Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (82, pl. iv, f. 2).

Crangon consobrinus (401), *cassiope* (402), **spp. n.**, Japan, DE MAN, Ann. Mag. Nat. Hist., London, **17**.—*C. vulgaris*, albinism, NINNI, Boll. Naturalista, Siena, **26**, (77).

Egeon orientalis, description, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (911, pl. xxiii, f. 3).

Gnathophyllum tridens sp. n., Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (259).

Harpilius; key to species (47), *gerlachei* (45, pl. iv, f. 10), description, NOBILI, Bul. sci. France Belgique, **40**.

Heterocarpus ensifer, described (917, pl. xxi, f. 7), *signatus* sp. n., Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Hippolysmata acicula (912, pl. xxiv, f. 6), *paucidens* (913, pl. xxiv, f. 4), spp. n., Hawaiian islands, RATHBUN, T.C. H. *vittata* (46, pl. 2, f. 4), *multis-cissa* (47, pl. ii, f. 5), Red Sea, NOBILI, Ann. sci. nat. zool., **4**.

Hippolyte magellanicus, to *Nauticaris*, CALMAN, Ann. Mag. Nat. Hist., **17**, (31).—*H. prideauxiana*, synonymy, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (17).

Latreutes, synonymy, CALMAN, Ann. Mag. Nat. Hist., **17**, (33).—*L. mucronatus multidentatus* var. n., Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (41, pl. ii, p. 3).—*L. pygmaeus* (37, pl. iii, f. 4), *gravieri* (39, pl. iii, f. 5), *phyceologus* (40, pl. ii, f. 6), descriptions, NOBILI, Bul. sci. France Belgique, **40**.

Leontocaris lar sp. n., Irish coast, KEMP, Ann. Mag. Nat. Hist., **17**, (299).

Leptochela aculeocaudata, description, NOBILI, Ann. sci. nat. zool., **4**, (28).

Limnocaridina retiaris (192, pl. xi, ff. 2-8), *parrula* (193, pl. xi, ff. 9-14), *similis* (195, pl. xii, ff. 15-22), *latipes* (196, pl. xii, ff. 23-29), *socius* (196, pl. xii, ff. 30-37), *spinipes* (197, pl. xiii, ff. 38-44), spp. n., Lake Tanganyika, CALMAN, London, Proc. zool. Soc., **1906**.

Lysmata selicaudata Risso, new to Atlantic Ocean, PÉREZ, Bordeaux, Actes soc. linn., **60**, (Proc.-verb., xli-xlii).

Merhippolyte australis vide *Nauticaris marionis*.

Nauticaris marionis = (*Merhippolyte australis* Hodgson), CALMAN, Ann. Mag. Nat. Hist., **17**, (31).

Nematocarcinus tenuirostris, description, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (926, pl. xxiii, f. 6).

Nikoides danae, description, NOBILI, Ann. sci. nat. zool., **4**, (79, pl. v, f. 1).

Oplophorus foliaceus sp. n., Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (922, pl. xx, f. 8).

Pandalus borealis, statistics of capture in Kristiania fiord, WOLLEBOEK, Bergen, Norsk Fisket., **25**, (471-480, map).—*P. martius* (277, pl. ii, ff. 8-11), *heterocarpus* (280), descriptions, RIGGIO, Natural. sicil., **17**.—*P. ocellus subtilirostris* var. n., Mediterranean, RIGGIO, op. cit. **18**, (169).

Palaemon; key to E. African spp. (27), *idae idella* var. n. (29). German E. Africa, HILGENDORF, Deutsch Ost-Afrika Dekapoden.—*P. (Parapalaemon) aemulus* sp. n., Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (258).—*T. debilis* (924, pl. xxii, f. 1), *pacificus* (924, pl. xxii, f. 3), descriptions; *pandaloides* sp. n., Hawaiian islands (924, pl. xxiv, f. 4), RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.—*P. (Parapalaemon) hendersoni* sp. n., Darjeeling, DE MAN, Ann. Mag. Nat. Hist., **17**, (405).—*P. lar* var.? Christmas Island, DE MAN, London, Proc. Zool. Soc., **1905**, (544-550, pl. xviii, ff. 7-19).—*P. moorei*, Lake Tanganyika, CALMAN, op. cit. **1906**, (188, pl. xi, ff. 1, 1a).—*P. (Eupalaemon) neglectus* nom. n. for *P. acutirostris* de Man and *P. equidens* de Man, DE MAN, Leiden, Notes Mus. Jentink, **26**, (201-206, 1 pl.).—*P. (Eupalaemon) reunionnensis* Hoffmann, a variety of *P. lar* Fabr., DE MAN, L.C.—*P. xiphias*, structure of hepato-pancreas, GUIESSE, Paris, Bul. soc. philom., **8**, (97-102).

Palaemonella bimaculata (71, pl. iii, f. 6), *gracilis* (73), descriptions, NOBILI, Ann. sci. nat. zool., **4**.—*P. laccadivensis*, description, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (925, pl. xxii, f. 2).

Palaemonetes eigenmani, anatomy of degenerate eyes, PIKE, Wood's Holl, Mass., Mar. Biol. Bull., **11**, (267-276).

Pandalus sindoi (915, pl. xxi, f. 4), *brevis* (916, pl. xxi, f. 3), *exiguus* (916, pl. xxi, f. 2), *spinidorsalis* (917, pl. xxi, f. 5), spp. n., Hawaiian islands; ? *ocellus* Bate description, (915, pl. xxi, f. 1), RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Paschocaris paschalis, description, NOBILI, Ann. sci. nat. zool., **4**, (38).

Pasiphaca hawaiiensis (927, pl. xxiii, f. 4), *truncata* (928, pl. xxiii, f. 5), *flagellata* (928, pl. xxiii, f. 2), **spp. n.** Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.

Periclimenes brevinaris nom. n. for *borradalei* Nob. (42, pl. iii, f. 7), *potina* (44, pl. iii, f. 8), descriptions, NOBILI, Bul. Sci. France, Belgique, **40**.—*P. petithouarsi denticulata* var. n., Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (257).—*P. pusillus* **sp. n.**, Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (921, pl. xxiv, f. 7).—*P. soror*, Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (50, pl. ii, f. 6).

Platybema, synonymy, CALMAN, Ann. Mag. Nat. Hist., **17**, (33).

Pontonia pinnae, description, NOBILI, Bul. sci. France Belgique, **40**, (49, pl. iv, f. 11).

Pontophilus modumanuensis **sp. n.**, Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (910, f. 63).

Processa coutierei (78, pl. 4, f. 3), *aequimana* (79), descriptions, NOBILI, Ann. sci. nat. zool., **4**, (78, pl. iv, f. 3).

Psathyrocaris hawaiiensis **sp. n.**, Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (928, fig. 79).

Retrocaris serrata **sp. n.**, Persian Gulf, NOBILI, Bul. sci. France Belgique, **40**, (54, pl. iv, f. 12).

Saron gibberosus, synonymy, description, NOBILI, T.c. (35).

Sclerocrangon, larval forms, WOLLEBOEK, Bergens Mus. Aarb., **1906**, No. 11, (1-9, 2 pls.).

Spirontocaris, synonymy, &c., CALMAN, Ann. Mag. Nat. Hist., **17**, (32).—*S. kauaiensis* (913, pl. xxiv, f. 5), *profunda* (914, pl. xxiv, f. 10), **spp. n.**, Hawaiian islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**.—*S. rectirostris*, male (403), *propugnatrix*, *aleimede* **spp. n.**, (404), Japan, DE MAN, Ann. Mag. Nat. Hist., **17**.

Stegopontonia **gen. n.**, (*Pontoniidae*) *commensalis* **sp. n.**, Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (258).

Stylodactylus discissipes, description, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (927, pl. xxiii, f. 1).

Synalpheus brachyceros **sp. n.** Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (256).—*S. triungiculatus* (25), *tumidomanus* (27), descriptions, *paulsoni* **sp. n.**, Persian Gulf (28), NOBILI, Bul. sci. France Belgique, **40**.

Systellaspis debilis = *bourieri* Cout., stages of growth, COUTIÈRE, Bul. Mus., Monaco, No. **70**, (1-12).

Trachycaris **gen. n.** (*Hippolytidae*) for *Platybema rugosus* Bate, CALMAN, Ann. Mag. Nat. Hist., **17**, (33).

Typton bouvieri, Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (67, pl. iii, f. 11).

Virbius? *orientalis* (33), *jactans* (37, pl. ii, f. 2), Red Sea, NOBILI, T.c.

PENAEIDEA.

Acetes erythraeus, Red Sea, NOBILI, Ann. sci. nat. zool., **4**, (23, pl. i, f. 5).

Amalopenaeus elegans, description, RIGGIO, Natural. Sicil., **17**, 134, pl. ii, ff. 13-20).

Aphareus inermis, description, NOBILI, Ann. sci. nat. zool., **4**, (22).

(*Archipenaeopsis* **gen. n.** for *Penaeopsis vestitus*, BOUVIER, Paris, C.-R. Acad. sci., **141**, (747).)

Atypopencus compressipes, Indian Seas, ALCOCK, Cat. Ind. Decapod. Crust., Part 3, fasc. 1, (45, pl. ix, ff. 29, 29a).

Benthescymus, compared with *Gennadas*, BOUVIER, Bul. Mus. Monaco, No. **80**, (1-9); Paris, C.-R. Acad. sci., **142**, (749).—*B. laciniatus* **sp. n.**, Hawaiian Islands, RATHBUN, Washington, D.C., Bull. U. S. Com. Fish., 1903, **23**, (906, pl. xix, f. 3).

Gennadas, vertical distribution, BOUVIER, Paris, C.-R. Acad. sci., **142**, (686-690). T.c. (746-749).—*G. alicei*, Tropical and sub-tropical Atlantic, *scutatus*, West Atlantic (9, ff. 5, 8, 10, 13), *talismani*, Cape Verde Islands, *tinayrei*, Sargasso Sea, Azores, and Cape Sparte (10, ff. 14, 15) **spp. n.**, BOUVIER, Bul. Mus., Monaco, No. **80**; Paris, C.-R. Acad. sci., **142**, (748, 749).—(*G. brevis-rostris* **sp. n.**, Santa Lucia, BOUVIER, op. cit.

141, (748).)—*G. parvus* Sp. Bate = *Ama-
loopenaeus elegans* Sm., KEMP, Fish.
Ireland, Sci. Invest., 1905, **5**, (7).—
G. propinquus **sp. n.**, Hawaiian Islands,
RATHBUN, Washington, D.C., Bull. U. S.
Com. Fish., 1903, **23**, (907).

Haliporus, characters, distribution,
affinis (4 and 8), *carinatus* (4 and 10),
tropicalis (4 and 10) **spp. n.**, Atlantic,
BOUVIER, Bul. Mus. Monaco, No. **81**.—
H. androgynus **sp. n.**, Coast of
W. Africa, BOUVIER, Bul. Muséum,
Paris, **12**, (253–256); Bul. Mus., Monaco,
No. **81**, (3, 8).

Lucifer hansenii, Red Sea, NOBILI,
Ann. sci. nat. zool., **4**, (25, pl. ii, f. 1).

Metapenaeus cognatus (14, pl. i, f. 1),
stebbingi (15, pl. i, f. 2), *consobrinus* (17,
pl. i, f. 3), *vaillanti* (18, pl. i, f. 4), Red
Sea, NOBILI, T.c.—*M. monoceros* (18,
pl. iii, ff. 7–7c), *affinis* (20, pl. iii,
ff. 8–8b), *dobsoni* (21, pl. iii, ff. 9–9d),
brevicornis (22, pl. iv, ff. 10–10b), *lysia-
nassa* (23, pl. iv, ff. 11–11c), *coniger*
(pl. iv, ff. 12–12b), var. *andamanensis*
(27, pl. iv, f. 13), *stridulans* (27, pl. v,
ff. 14–14d), *mogiensis* (29, pl. v,
ff. 15–15b), Indian Seas, ALCOCK, Cat.
Ind. Decapod Crust., Part 3, fasc. 1.—
M. perlarm, description, NOBILI, Bul.
sci. France Belgique, **40**, (17–21, pl. ii,
f. 1).—*M. velutinus* (903, pl. xx, f. 5),
mogiensis (904, pl. xx, f. 3), *richtersi*
(904, pl. xx, f. 2), described, *evermanni*
sp. n., Hawaiian Islands, (904, pl. xx,
f. 1), RATHBUN, Washington, D.C., Bull.
U. S. Com. Fish., 1903, **23**.

(*Neopenaeopsis* **gen. n.** for *Penaeopsis*
paradoxus, BOUVIER, Paris, C.-R. Acad.
sci., **141**, (747).)

Parapeneopsis styliifera (36, pl. vii,
f. 21), *coromandelica* var. n. (37, pl. vii,
ff. 20–20c), *sculptilis* (37, pl. vii, 22–22d),
var. *hardwickii* (39), *cultrirostris* var. n.
(39, pl. vii, f. 23), *uncta* (39, pl. viii,
ff. 25–25a), *maxillipedo* (40, pl. viii,
ff. 24–24b), *nana* (41, pl. viii, ff. 26–26b),
aeclivirostris (pl. viii, ff. 27–27a), Indian
Seas, ALCOCK, Cat. Ind. Decapod Crust.,
Part 3, fasc. 1.—(*P. rathbuni* **sp. n.**,
Antilles, BOUVIER, Paris, C.-R. Acad.
sci., **141**, (748).)

Parapeneus fissurus (31, pl. v, ff. 16–
16b), *investigatoris* (32, pl. vi, ff. 17–17c),
longipes (pl. vi, ff. 18–18b), *rectacutus*
(33, pl. vi, ff. 19–19b), Indian Seas,
ALCOCK, Cat. Ind. Decapod Crust. Part
3, fasc. 1.

(*Parartemesia* **gen. n.** for *Artemesia*
carinata and *tropicalis*, BOUVIER, Paris,
C.-R. Acad. sci., **141**, (747–748).)

Pencus, characters (4), *monodon* (8,
pl. i, ff. 1–1b), *semisulcatus* (10, pl. i,
f. 2), *indicus* (12, pl. i, ff. 3–3a), var.
merguiensis (13, pl. ii, f. 4), var.
penicillatus (13 pl. ii, f. 5), *canaliculatus*
(14, pl. ii, ff. 6a–c), Indian Seas, ALCOCK,
Cat. Ind. Decapod Crust. Part 3, fasc. 1.
—*P.*, synopsis of species (6), *longipes*,
description (20), NOBILI, Ann. sci. nat.
zool., **4**.—*P. marginalis*, description,
RATHBUN, Washington, D.C., Bull. U. S.
Com. Fish., 1903, **23**, (902, pl. xix,
f. 2).

Sergestes arachnipodus (183, pl. iv,
ff. 1–7), *robustus* (215, pl. ii, ff. 8–12),
descriptions; RIGGIO, Natural. sicil. **17**.
—*S. prehensilis* description, NOBILI,
Bul. sci. France Belgique, **40**, (22, pl.
ii, ff. 2, 3).

Sieyonia laevis, figured, (908, pl. xx,
f. 7), *longicauda* **sp. n.**, Hawaiian
Islands (908, pl. xx, f. 6), RATHBUN,
Washington, D.C., Bull. U. S. Com.
Fish., 1903, **23**.—(*S. stimpsoni* **sp. n.**,
Antilles, BOUVIER, Paris, C.-R. Acad.
sci., **141**, (748).)

Trachypeneus asper, Indian Seas,
ALCOCK, Cat. Ind. Decapod. Crust.,
Part 3, fasc. 1 (43, pl. ix, ff. 28–28b).

STENOPIDEA.

(*Richardina inermis* **sp. n.**, Santa
Lucia, BOUVIER, Paris, C.-R. Acad. sci.,
141, (749).)

Spongicola henshawi **sp. n.**, Hawaiian
Islands, RATHBUN, Washington, D.C.,
Bull. U. S. Com. Fish., 1903, **23**, (901, pl.
xxiv, f. 8).

INCERTAE SEDIS.

Amphiplectus, position doubtful, not
Hippolytidae, CALMAN, Ann. Mag. Nat.
Hist., **17**, (33).

SCHIZOPODA.

Amblyops sarsi Ohlin to *Dactylam-
blyops*, HOLT and TATTERSALL, Ann.
Mag. Nat. Hist., **17**, (9).

Boreomysis rostrata **sp. n.**, Atlantic,
ILLIG, Zool. Anz., **30**, (196).

Chaleophthalmus gen. n., (*Mysidae*)
latisquamosus sp. n., Sumatra, ILLIG,
Zool. Anz., **30**, (200).

Chlamydopleon inermis sp. n., Indian
Ocean, ILLIG, T.c. (209).

Dactylamblyops gen. n., (*Mysidae*) (8),
hodgsoni sp. n., Antarctic (9), HOLT and
TATTERSALL, Ann. Mag. Nat. Hist., **17**.

Dactylerythropterus arcuatus sp. n., S.
Indian and S. Atlantic Oceans, ILLIG,
Zool. Anz., **30**, (199).

Erythropterus brevisquamosus sp. n.,
Aden, ILLIG, T.c. (197).

Euchaetomera glyphidophthalmica,
limbata spp. n., Atlantic, ILLIG, T.c.
(201–203).

Euphausia, description, *E. mülleri*,
description, NORMAN and SCOTT, Crusta-
cea of Devon and Cornwall, (22).—*E. superba*, Dana synonymy, characters
(2 and 3), *crystallorophias* (3), *triacantha*
(4) spp. n., Antarctic, HOLT and TATTER-
SALL, Ann. Mag. Nat. Hist., **17**.—*E.*
mülleri, Claus synonymy, HOLT and
TATTERSALL, Fish. Ireland Sci.
Invest., 1904, **5**, (6).—*E. intermedia*,
description, RIGGIO, Natural. sicil., **17**,
(118, pl. ii, ff. 3–6).—*E. latifrons*, de-
scription, TATTERSALL, Rep. Pearl Oyster
Fish., **5**, (161, pl. i, ff. 1, 2).

Gnathophausia, key to species (27),
zoëa, larva (48), *scapularis* sp. n. (50,
pl. ii, f. 3), Californian Coast, ORTMANN,
Washington, D.C., Smithsonian Inst.,
U. S. Nation. Mus. Proc., **31**.—*G. dory-*
phora (227), *bidentata* (229), Indian
Ocean, *cristata* (319), Mentawai Basin,
spp. n., ILLIG, Zool. Anz., **30**.

Hansenomysis antarctica sp. n., Ant-
arctic, HOLT and TATTERSALL, Ann. Mag.
Nat. Hist., **17**, (6).

Haplostylus erythraeus, Ceylon,
TATTERSALL, Rep. Pearl Oyster Fish., **5**,
(165).

Katerythropterus dactylops sp. n., Atlantic,
etc., ILLIG, Zool. Anz., **30**, (198).

Leptomysis capensis sp. n., Agulhas-
bank, ILLIG, T.c. (206).

Longithorax gen. n., (*Mysidae*), *simi-*
lerythropterus sp. n., Amirante Is., ILLIG,
T.c. (200).

Lophogaster spinosus sp. n., West
Indies, ORTMANN, Washington, D.C.,
Smithsonian Inst., U. S. Nation. Mus.
Proc., **31**, (26, pl. i, f. 1).

Mastigophthalmus gen. n., (*Mysidae*)
zurstrasseni sp. n., S. Atlantic and
Indian Ocean, ILLIG, Zool. Anz., **30**,
(203).

Meganyctiphanes norvegica in Tuscan
Archipelago, MASI, Genova, Ann. Mus.
Civ., **42**, (149–156).

Mesomysis volgensis sp. n., Upper
Volga R., TRETIAKOW, St. Peterburg,
Trav. Soc. nat., **37**, (128–131).

Metamysidella gen. n., (*Mysidae*)
kerguelensis sp. n., Kerguelen, ILLIG,
Zool. Anz., **30**, (210).

Mysideis microps sp. n., Mouth of the
Congo, ILLIG, T.c. (205).

Mysidetis gen. n., *Mysidetinae* sub-
fam. n., *farrani* sp. n., N.E. coast of
Ireland, HOLT and TATTERSALL, Fish.
Ireland Sci. Invest., 1904, **5**, (39–44,
pl. v).—*M.*, characters, *posthon* sp. n.,
Antarctic, HOLT and TATTERSALL, Ann.
Mag. Nat. Hist., **17**, (10).

Mysis mixta, life history, APSTEIN,
Wiss., Meeresunters., Abt. Kiel, N.F.,
9, (239–260).—*M. relicta*, distribution in
fresh-water lakes, SAMTER, Berlin, Abh.
Ak. Wiss., **1905**, Abh. V, (1–34).—*M.*
maxima Hansen, MS., Antarctic, HOLT
and TATTERSALL, Ann. Mag. Nat. Hist.,
17, (11).—*M. quadrispinosa* sp. n.,
Chagos Is., ILLIG, Zool. Anz., **30**,
(207).

Nyctiphanes couchi and *australis*
differences, HOLT and TATTERSALL,
Fish. Ireland Sci. Invest., 1904, **5**, (49).

Parerythropterus acanthura sp. n., Cape
Guardafui, ILLIG, Zool. Anz., **30**, (197).

Petalophthalmidae fam. n. for *Peta-*
lophthalma, *Ceratomysis*, *Scolophthal-*
mus, *Hansenomysis*, HOLT and TATTER-
SALL, Fish. Ireland Sci. Invest., 1904, **5**,
(21).

Petalophthalmus oculatus sp. n., Aden,
ILLIG, Zool. Anz., **30**, (194).

Podopsis slabberi in pools, Italy,
MASI, Roma, Boll. Soc. zool. ital., **6**,
(11–20).

Pseudomma belgicae Hansen, MS.,
Antarctic, HOLT and TATTERSALL, Ann.
Mag. Nat. Hist., **17**, (8).—*P. affine* Sars =
roseum H. and T., (27–30, pl. iii, ff. 1–
6), *callophura* (30–33, pl. iv, ff. 1–5),
kempi (33–35, pl. iv, ff. 6–10), characters,
nanum sp. n., (35–38, pl. iii, ff. 7–10),

North-east coast of Ireland, HOLT and TATTERSALL, Fish. Ireland Sci. Invest., 1904, **5**.

Rhopalophthalmus **gen. n.**, (*Mysidae*), *flagellipes* **sp. n.**, Mouth of the Congo, ILLIG, Zool. Anz., **30**, (207).

Siriella paulsoni, Ceylon, TATTERSALL, Rep. Pearl Oyster Fish., **5**, (163, pl. 1, ff. 3-7).

Thysanöessa macrura, description, HOLT and TATTERSALL, Ann. Mag. Nat. Hist., **17**, (5).

Thysanopoda acutifrons, distinguenda characters, HOLT and TATTERSALL, Fish. Ireland Sci. Invest., 1904, **5**, (8-12, pls. i and ii).

STOMATOPODA.

Alima, larvae, description, TATTERSALL, Rep. Pearl Oyster Fish., **5**, (175-178, pl. ii, ff. 20-29).

Alimerichthus, larvae, description, TATTERSALL, T.c. (175-178, pl. ii, ff. 20-29).

Gonodactylus herdmani, (169, pl. i, ff. 8-10), *acanthurus*, (171, pl. i, ff. 11-15), Ceylon, **spp. n.**, TATTERSALL, T.c.—*G. brevisquamatus*, description, (331), *glaber*, synonymy, (333), NOBILI, Ann. sci. nat. zool., **4**.—*G. de mani*, description, NOBILI, Bul. sci. France Belgique, **40**, (158).—*G.* larvae (*Goncrichthus*), Ceylon, TATTERSALL, Rep. Pearl Oyster Fish., **5**, (183-185, pl. iii, ff. 42-47).

Lysiosquilla, larvae (*Lysioerichthus*), Ceylon, TATTERSALL, T.c. (179-183, pl. ii, ff. 30-34, pl. iii, ff. 35-40).

Odontodactylus brevirostris, Ceylon, TATTERSALL, T.c. (172, pl. ii, ff. 16-18).

Protosquilla spinosissima, Ceylon, TATTERSALL, T.c. (173, pl. ii, f. 19).

Squilla, larvae (*Alima* and *Alimerichthus*), description, TATTERSALL, T.c. (175-178, pl. ii, ff. 20-29).

CUMACEA.

Campylaspis vitrea, spinosa, **spp. n.**, Mediterranean, CALMAN, Mitt. zool. Stat., Neapel, **17**, (425-426, pl. xxviii, ff. 28-43).

Cumellopsis puritani **sp. n.**, Mediterranean, CALMAN, T.c. (418, pl. xxvii, ff. 10-12).

Diastylis laevis, synonymy, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (31).—*D. caprecensis* **sp. n.**, Mediterranean, CALMAN, Mitt. zool. Stat., Neapel, **17**, (429, pl. xxviii, ff. 44, 45).

Leucon longirostris, siphonatus, characters, CALMAN, T.c. (414-417, pl. xxvii, ff. 1-29).

Procampylaspis armata, (419, pl. xxvii, ff. 13-20), description, *bonnieri*, (422, pl. xxvii, ff. 21-27). Mediterranean, **sp. n.**, CALMAN, T.c.

Pseudocuma longicornis Bate = *cercaria* Van Beneden, *similis*, North Sea, stages of growth, GILSON, Mem. soc. ent., Belg., **12**, (78-98).

TANAIDACEA.

Apsudes rikiteanus, seurati **spp. n.**, Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (265, 266).

Heterotanaïs ørstedii, Scandinavia, NORMAN, Ann. Mag. Nat. Hist., **17**, (169, pl. vi, ff. 2, 3).—*H. gurneyi* **sp. n.**, England, NORMAN, T.c. (168, pl. v, ff. 1-7, pl. vi, f. 1).

Leptognathia longiremis varia var. **n.**, North Berwick, Scotland, SCOTT, Edinb. Proc. R. Phys. Soc., **16**, (132).

Notatanaïs **gen. n.** for *Paratanaïs antarcticus* Hodgs. and *P. dimorphus* Bedd., Antarctic, RICHARDSON, Bul. Muséum, Paris, **12**, (187), Paris, C.-R. Acad. sci., **142**, (850).

Tanaïs seurati **sp. n.**, Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (266).

Tanaissus **gen. n.** for *Leptognathia lilljeborgii*, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (34, pl. i).

ISOPODA.

(Terrestrial *Iso-poda* of Europe and the Mediterranean basin, DOLLFUS, Feuille jeunes natural., **35**, (163).)

ASELLOTA.

Antias **gen. n.**, (*Munnidae*), *charcoti* **sp. n.**, Antarctic, RICHARDSON, Bul.

Muséum, Paris, **12**, (188) and Paris, C.-R. Acad. sci., **142**, (851).

Austrimunia **gen. n.**, (*Munnidae*) *antarctica* **sp. n.**, Antarctic, RICHARDSON, T.T.cc.

Bagatus **gen. n.**, (*Parasellidae*), *stylo-dactylus*, *platydactylus* **spp. n.**, Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (267, 268).

Ectias **gen. n.**, (*Janiridae*), *turqueti* **sp. n.**, Antarctic, RICHARDSON, T.c. (188), and Paris, C.-R. Acad. sci., **142**, (850).

Jaera kroyeri, living on *Sphaeroma serratum*, Cagliari, Rossi, Zool. Anz., **30**, (107-109).

Stenetrium hanseni, *euchirum* **spp. n.**, Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (266, 267).

PHREATOICOIDEA.

Phreatoicus kirkii **sp. n.**, *dunedinensis* **var. n.**, New Zealand, CHILTON, Wellington, Trans. and Proc. N. Zeal. Inst., **38**, (274-276).

FLABELLIFERA.

Aega australis **sp. n.**, Antarctic, RICHARDSON, Bul. Muséum, Paris, **12**, (187), and Paris, C.-R. Acad. sci., **142**, (850); *A. strömii*, figured, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (38, pl. viii, ff. 9, 10).

Caecospheroma **sp.** habits, GAL, Nîmes, Bul. soc. sci. nat., **31**, (48-51).

Cassidias **gen. n.**, (*Sphaeromidae*), *argentina* **sp. n.**, S. Atlantic, RICHARDSON, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc., **31**, (20, 21).

Cirolana borealis, (pl. iv, f. 1), *eranchii*, (pl. iv, f. 2), figured, NORMAN and SCOTT, Crustacea of Devon and Cornwall. (40).—(*C. caeca* (6), *grimaldii* (8) **spp. n.**, Atlantic and Mediterranean, DOLLFUS, Paris, Bul. soc. zool., **28**).

Cymodoce truncata, characters, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (44, pl. iv, ff. 3-14).—*C. eupyga* (1), *richardsoniae* (3), *erythraea* (4), **spp. n.**, Erythraea, NOBILI, Napoli, Ann. Mus. zool., **2**, No. 16.—*C. ornata* (6), hab., ? *japonica* (7), Japan, *australis* (8), *meridionalis* (9), *brasiliensis* (10), S. Atlantic, *affinis*

(11). Japan, **spp. n.**, RICHARDSON, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc., **31**.

Dynamenella codii, *platura* **spp. n.**, Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (269).—*D. australis* **sp. n.**, Cape Town, RICHARDSON, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc., **31**, (15).

Eurydice rotundicauda **sp. n.**, N. Atlantic, NORMAN, Ann. Mag. Nat. Hist., **17**, (169, pl. vi, ff. 4-7).—*E. pulchra* (pl. iii, f. 11), *truncata* (pl. iii, f. 14), *spinigera* (pl. iii, f. 12), *inermis* (pl. iii, ff. 13, 13*), figured, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (42, 43).

Gnathia maxillaris (36, pl. ii, ff. 1-8), *oxyuraea* (37, pl. ii, ff. 9, 10, pl. iii, ff. 1-5), descriptions, NORMAN and SCOTT, T.c. —*G. antarctica* Studer = *G. polaris* Hodgs., RICHARDSON, Bul. Muséum, Paris, **12**, (187), and Paris, C.-R. Acad. sci., **142**, (850).

Isocladus magellanicus **sp. n.**, Straits of Magellan, RICHARDSON, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc., **31**, (14).

Livoneca convexa **sp. n.**, Panama coast, RICHARDSON, Op. cit. **29**, (445, 446).

Paracassidinopsis **gen. n.**, (*Sphaeromidae*), *sculpta* **sp. n.**, Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (268).

Ræinela danmoniensis, (38, pl. iii, ff. 6-8); *dumerilii*, (39, pl. iii, ff. 9, 10), descriptions, NORMAN and SCOTT, Crustacea of Devon and Cornwall.

Serolis bourieri **sp. n.**, Antarctic, RICHARDSON, Bul. Muséum, Paris, **12**, (187), and Paris, C.-R. Acad. sci., **142**, (850).

Sphaeroma serratum with *Jaera kroyeri* as commensal at Cagliari, Rossi, Zool. Anz., **30**, (107-109).

VALVIFERA.

Chiridothea entomon, biology, variation, etc., SKORIKOV, St. Peterburg, Bull. Ac. Sc., **24**, (53-64).

Glyptonotus acutus **sp. n.**, Antarctic, RICHARDSON, Bul. Muséum, Paris, **12**, (187), and Paris, C.-R. Acad. sci., **142**, (850).

Idotea hectica structure of digestive system, GUIEYSSE, Paris, Bul. soc. philom., **8**, (103-109).

Synidotea pacifica sp. n., Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (268).

EPICARIDEA.

Aporobopyroides gen. n., (*Bopyridae*), *upogebiae* sp. n. on *Upogebia savignyi*, Massowa, NOBILI, Torino, Atti Acc. Sc., **41**, (1108, f. 6).

Aporobopyrus gen. n., (*Bopyridae*), *aduliticus* sp. n. on *Petrolisthes rufescens*, Massowa, NOBILI, T.c. (1166, f. 4).

Cardiocepon gen. n., (*Bopyridae*), *pteroides* sp. n. on *Cardiosoma carnifex* Ternate, NOBILI, T.c. (1104, f. 3).

Epipenacon gen. n., (*Bopyridae*), *ingens* sp. n. on *Penaeus ashiaka*, Red Sea, NOBILI, T.c. (1098, f. 1).

Gigantione giardi sp. n., Tuamotu Is., Polynesia, NOBILI, Bul. Muséum, Paris, **12**, (270).

Grapsicepon typus parasitic on *Grapsus strigosus*, GIARD, Paris, C.-R. soc. biol., **61**, (704-706).

Grapsion carolinii parasitic in *Pachygrapsus marmoratus*, together with *Sacculina benedeni*, SMITH, Fauna Neapel, Berlin, **29**, (80-81).

Gyge branchialis in the Channel, GIARD, Feuille jeunes natural., Paris, **36**, (12).

Orbione bonnieri sp. n. on *Metapenaeus monoceros*, Singapore, NOBILI, Torino, Atti Acc. Sc., **41**, (1102, f. 2).

Upogebiophilus gen. n. (*Bopyridae*), *rhadamces* sp. n. on *Upogebia rhadamces*, Djibouti, NOBILI, T.c. (1110, f. 5).

ONISCOIDEA.

Armadillidium nasatum, (102, pl. xxii); *rulgare*, (103, pl. xxiii); *pulchellum*, (104, pl. xxiv); *depressum*, (106, pl. xxv), Britain, WEBB and SILLEM, Essex Nat., **14**.

Armadillo glomus sp. n., German E. Africa, BUDDE-LUND, Deutsch Ost-Afrika Isopoden, (8, f. 13).

Cyclisticus convexus, Britain, WEBB and SILLEM, Essex Nat., **14**, (101, pl. xxxi).

Deto armata, St. Paul Is., (84, pl. iv, ff. 26-36); *magnifica*, (86); *robusta*, (87, pl. iv, ff. 42-44), Auckland Is., spp. n.; *echinata*, (85, pl. iv, ff. 37, 38); *marina*, (85, pl. iv, ff. 39, 41), descriptions, BUDDE-LUND, Isopoda, Deutsche Südpolar Exped.

Eubelum pila, *hilgendorfi* spp. n., German E. Africa, BUDDE-LUND, Deutsch Ost-Afrika Isopoden (4, ff. 1, 2).

Hemilepistus elegans, structure and habits, FAUSSEK, St. Peterburg, Zap. Russ. Geogr. Obšč., **27**, (178-182, f. 63).

Ligia exotica, meristic variation, GOTO, Annot. Zool. Jap., Tokyo, **5**, (267-281).

Metoponorthus pruinus, (99, pl. xix); *cingendus*, (100, pl. xx), Britain, WEBB and SILLEM, Essex Nat., **14**.—*M. pruinus* in Scotland, EVANS, Ann. Scot. Nat. Hist., **1906**, (187); in New Zealand, CHILTON, Wellington, Trans. and Proc. N. Zeal. Inst., **38**, (64, 65).

Perisceyphis anomalus, description, (5, ff. 3, 4); *armadilloides*, (5); *nanus*, (5, f. 6); *obtusicauda*, (6, ff. 7, 8); *villosus*, (6, f. 9); *pygmaeus*, (6, ff. 10, 11); *pulcher*, (7, f. 12), spp. n. German E. Africa, BUDDE-LUND, Deutsch Ost-Afrika Isopoden.

Philoscia mendica sp. n., German E. Africa, BUDDE-LUND, T.c. (9, ff. 14, 15).—*P. hirsuta* sp. n., Cape Colony, BUDDE-LUND, Isopoda Deutsch Südpolar Exped., (89, pl. iii, ff. 42-52).

Platyarthrus hoffmannseggii in ants' nests, ROUBAL, Prag, SitzBer. Böhm. Ges. Wiss., 1905, No. 15, (6).

Porcellio laevis, (97, pl. xvii), *ratzeburgii*, (98, pl. xviii), Britain, WEBB and SILLEM, Essex Nat., **14**.

Oniscus murarius, regeneration of antenna, OST, Zool. Anz., **29**, (687-694); l.c. **30**, (130-131); Arch. EntwMech., Leipzig, **22**, (289-324, pls. x-xii).

Synarmadilloides gen. n., *rocattii* sp. n., Mt. Ruwenzori, NOBILI, Torino, Boll. Musei zool. anat., **21**, No. 544, (2).

Trichoniscus pygmaeus new to Britain, BAGNALL, Ann. Mag. Nat. Hist., **18**, (474).—*T. rerrucosus*, Crozet Is., (79, pl. iv, ff. 1-16); *microps*, Italy, (83, pl. iv, ff. 18-20), spp. n.; *flavus* nom. n. for *viridis* B.-L. (nec Koch). BUDDE-

LUND, Isopoda Deutsche Südpolar Exped.

Tylos nudulus, Christmas island, (76 pl. iii, ff. 27–30); *incurvus*, Natal, (79, pl. iii, f. 41). **spp. n.**; *capensis*, (74, pl. iii, ff. 14–18); *latreillei*, (74, pl. iii, ff. 1–13); *ponticus*, (75, pl. iii, ff. 19, 20); *gramulatus*, (75, pl. iii, ff. 21–24); *minor*, (76, pl. iii, ff. 25–26); *niveus*, (76, pl. iii, ff. 31–33); *opercularis*, (77, pl. iii, ff. 34–36); *albidus*, (77, pl. iii, ff. 37–40), descriptions, **BUDDE-LUND**, T.c.

INCERTAE SEDIS.

Colypurus **gen. n.** *agassizi* **sp. n.**, Eastern Pacific, **RICHARDSON**, Cambridge, Mass., Bull. Mus. Comp. Zool., **46**, (105, 106, pl.).

Rhabdochiridae **fam. n.** for *Rhabdochirus incertus* Giard and Bonn. **RICHARDSON**, L.c.

AMPHIPODA.

Faunistic notes, distribution in North Sea, **REIBISCH**, Wiss. Meeresunters., Kiel, Abt. Kiel, **9**, (185–237, 2 Taf.).

Amphipoda, *Gammaridea*, descriptions of all the known species, **STEBBING**, Das Tierreich, **21**, 1906.

(*Amphipoda* of Lake Titicaca, **CHEVREUX**, Paris, Bul. soc. zool., **29**, (131–134).)

Actinacanthus **nom. n.** for *Acanthochinus* preoccupied, **STEBBING**, T.c. (326).

Aeginina **nom. n.** for *Aegina* Krøyer, **NORMAN**, Museum Normanianum (46).

Amphithoe buczinskii **sp. n.** Gulf of Odessa; **KALIŠEVSKIJ**, Odessa, Mém. soc. nat., **29**, (1–34, with plates i, ii).

Andaniexis **nom. n.** for *Andania* preoccupied, **STEBBING**, Das Tierreich, **21**, (94).

Aora gracilis, description, **REIBISCH**, Wiss. Meeresunters. Kiel, Abt. Kiel, **9**, (198, pl. viii, ff. 8–11, pl. ix, f. 1).

Apherusa clerei, description, **REIBISCH**, T.c. (191, pl. viii, ff. 1–4).—*A. ovalipes* **sp. n.**, coast of Devon, Scilly Is., **NORMAN** and **SCOTT**, Crustacea of Devon and Cornwall, (75, pl. viii, ff. 1–8).

Aristias antarcticus **sp. n.** Antarctic, **WALKER**, Ann. Mag. Nat. Hist., **17**, (454).

Arrhis **nom. n.** for *Accros*, **STEBBING**, Das Tierreich, **21**, (248).

Atyloides brevicornis **sp. n.** Antarctic, **CHEVREUX**, Paris, Bul. soc. zool., **31**, (84, f. 5).

Atylus andrusovi odessanus **var. n.** Gulf of Odessa, **KALIŠEVSKIJ**, Odessa, Mém. Soc. nat., **29**, (1–34, with plates i, ii).—*A. walkeri* **nom. n.** for *antarcticus* (Walk.), **STEBBING**, Das Tierreich, **21**, (728).

Bathyporeia lindströmi **sp. n.** Naples, **STEBBING**, T.c. (122).

Cerapus crassicornis, description, **REIBISCH**, Wiss. Meeresunters., Kiel, Abt. Kiel, **9**, (210, pl. ix, f. 11).

Coremapus; characters, *versiculatus* Bate figured, **NORMAN** and **SCOTT**, Crustacea of Devon and Cornwall, (85, pl. ix, ff. 8–10).

Corophium rotulator Pallas = *C. grossipes* Linn., **SCOTT**, Edinb. Proc. R. Physic. Soc., **16**, (379).

Crybelocephalus **gen. n.**, *megalurus* **sp. n.**, West Coast of Ireland, **TATTERSALL**, Fish. Ireland Sci. Invest., 1905, **4**, (32–36, pl. iii, f. 1. pl. v, ff. 1–14).

Epimeria macrodonta **sp. n.**, Antarctic, **WALKER**, Ann. Mag. Nat. Hist., **18**, (16).

Epimeriella **gen. n.** *maeronyx* **sp. n.**, Antarctic, **WALKER**, T.c. (17).

Erichthonius hunteri, description, **REIBISCH**, Wiss. Meeresunters. Kiel, Abt. Kiel, **9**, (207, pl. ix, ff. 5–10).

Eusirus microps **sp. n.**, Antarctic, **WALKER**, Ann. Mag. Nat. Hist., **18** (152).

Gammaropsis longicornis **sp. n.**, Antarctic, **WALKER**, T.c. (153).

Gammarus argaeus **sp. n.**, Asia Minor, **VÁVRA**, Wien, Ann. Nat. Hist. Hofmus., **20**, (109, pl. iii, ff. 10–13).—*G. pulex*, peripheral nervous system, **WREDEN**, St. Petersburg, Ber. Süßwasserst. Naturf. Ges., **2**, (152–157); deutsches Rés. (158–160, pl. iii).—*G. deminutus* **nom. n.** for *minutus* (Sars), **STEBBING**, Das Tierreich, **21**, (466).

(*Grandidierella* **gen. n.**, *Corophiidae*, *mahafalensis* **sp. n.** in salt lake, Madagascar, **COUTIÈRE**, Paris, Bul. soc. philom., **6**, (166–174).)

Haploops dellavallei sp. n., Naples, STEBBING, T.c. (116).

(*Hippomedon bidentatus* sp. n., Mediterranean, CHEVREUX, Paris, Bul. soc. zool., **28**, (87).)

(*Hyalella nereu-lemairi* sp. n., Lake Titicaca, CHEVREUX, op. cit. **29**, (132).—*H. richardi* sp. n., Alboran Is., Mediterranean, CHEVREUX, op. cit. **27**, (223-227).)

Hyperia macronyx sp. n., Antarctic, WALKER, Ann. Mag. Nat. Hist., **17**, (452).

Hyperlopsis australis sp. n., Antarctic, WALKER, T.c. (454).

Hyperoche lütkenoides sp. n., Antarctic, WALKER, T.c. (453).

Iphimedia echinata (150), *longipes* (151), *hodgei* (152), spp. n., Antarctic, WALKER, T.c.

Leptocheirus guttatus (85, pl. ix, ff. 4-7), *pectinatus* (87, pl. ix, ff. 1-3), *fasciatus* (88, pl. v, ff. 11, 12), descriptions, NORMAN and SCOTT, Crustacea of Devon and Cornwall.

Liljeborgia dellavallei sp. n. Naples, STEBBING, Das Tierreich, **21**, (234).

Lysianella dellavallei nom. n. for *Anonyx petalocera*, Della Valle, STEBBING, T.c. (32).

Macrohectopus nom. n. for *Constantia*, STEBBING, T.c. (394).

Metacyphocaris gen. n., *helgae* sp. n., West Coast of Ireland, TATTERSALL, Fish. Ireland Sci. Invest., 1905, **4**, (29-32, pl. iii, f. 1, pl. iv, ff. 1-14).

Metopoides walkeri sp. n., Antarctic, CHEVREUX, Paris, Bul. soc. zool., **31**, (37, f. 1).

Micromimonectes gen. n., (*Hyperina*) for *irene*, *typus*, *physosoma*, *steenstrupi*, WOLTERECK, Zool. Anz., **30**, (187-194).

Nannonyx thomsoni nom. n. for *Lysianassa krøyeri* (Thoms.), STEBBING, Das Tierreich, **21**, (36).

Neopleustes gen. n. type *Amphitoe pulchella* Krøyer, STEBBING, T.c. (311).

Niphargus ciliatus sp. n. in cave, Basses-Alpes, CHEVREUX, cf. PEYERIMHOFF, Paris, Ann. soc. ent., **75**, (217).

Niphargus sp. habits, GAL, Nîmes, Bul. soc. sci. nat., **31**, (48-51).

Normanion sarsi nom. n. for *Normania quadrimana* (Boeck), STEBBING,

Das Tierreich, **21**, (42).—(*N. abyssi* sp. n., Mediterranean, CHEVREUX, Paris, Bul. soc. zool., **28**, (82).)

Oediceroides calmani sp. n., Antarctic, WALKER, Ann. Mag. Nat. Hist., **18**, (15).

Orchestia costaricana sp. n., Costa Rica, STEBBING, Washington, D.C., U. S. Nation. Mus. Proc., **31**, (501, pl. 11).

Orchomene goniops sp. n., Antarctic, WALKER, Ann. Mag. Nat. Hist., **17**, (455).

Orchomenella chelipes sp. n., Antarctic, WALKER, T.c. (456).—(*O. dilatata* sp. n., Mediterranean, CHEVREUX, Paris, Bul. soc. zool., **28**, (90).)

Orchomenopsis chevreuxi nom. n. for *excavata* Chevreux, STEBBING, Das Tierreich, **21**, (721).

(*O. proxima* (93) *excavata* (94) spp. n., Atlantic, CHEVREUX, Paris, Bul. soc. zool., **28**.)

Pallasiella quadrispinosa, distribution in fresh-water lakes, SAMTER, Berlin, Abh. Ak. Wiss., **1905**, Abh. V, (1-34, 6 maps).

(*Parocallisoma* gen. n. (*Lysianassidae*) *alberti* sp. n., Azores, CHEVREUX, Paris, Bul. soc. zool., **28**, (84, 86).)

Paradexamine fissicauda sp. n., Antarctic, CHEVREUX, op. cit. **31**, (82, ff. 1, 2).

Parapherusa nom. n. for *Harmonia*, STEBBING, Das Tierreich, **21**, (383).

Paratylus swammerdami (192, pl. viii, ff. 6, 7) *falcatus* (193), descriptions, REIBISCH, Wiss. Meeresunters., Kiel, Abt. Kiel, **9**.

Pardaliscella axeli sp. n., North Sea, STEBBING, Das Tierreich, **21**, (228).

Parhalimедon gen. n. (*Oediceridae*), *turqueti* sp. n., Antarctic, CHEVREUX, Paris, Bul. soc. zool., **31**, (76, f. 1).

Pariphimedia gen. n. (*Iphimediidae*), *integricauda* sp. n., Antarctic, CHEVREUX, T.c. (39, f. 2).

Paroedicerus intermedius sp. n., Kara Sea, STEBBING, Das Tierreich, **21**, (245).

Photis reinhardi (202, pl. ix, ff. 2, 3), *longicaudata* (203, pl. ix, f. 4), descriptions, REIBISCH, Wiss. Meeresunters., Kiel, Abt. Kiel, **9**.

Podoprionides gen. n., *incerta* sp. n., Antarctic, WALKER, Ann. Mag. Nat. Hist., **17**, (457).

Pontocrates arenarius (68, pl. vi, ff. 1-4). *norvegicus* (68, pl. vi, ff. 5-8), *albarmarinus* (69, pl. vii, ff. 1-4), *arcticus* (70, pl. vii, ff. 5, 6), descriptions, NORMAN and SCOTT, Crustacea of Devon and Cornwall.

Pontogeneia antarctica sp. n., Antarctic, CHEVREUX, Paris, Bul. soc. zool., **31**, (79, f. 2).

Pontoporeia affinis, distribution in fresh-water lakes, SAMTER, Berlin, Abh. Ak. Wiss., 1905, Abh. V, (1-34, 6 maps).

Probolliella gen. n. (13), *typica* sp. n., Antarctic (14), WALKER, Ann. Mag. Nat. Hist., **18**.

Proboloides antarcticus sp. n., Antarctic, WALKER, T.c. (13).

Scina vosseleri (7-9, pl. i, ff. 1-8), *submarginata* (12-14, pl. ii, ff. 1-8), spp. n., West Coast of Ireland, TATTERSALL, Fish. Ireland Sci. Investig., 1905, 4.

Seba antarctica sp. n., Antarctic, WALKER, Ann. Mag. Nat. Hist., **17**, (570) and **18**, (154).—*S. typica*, description, CHILTON, op. cit. **17**, (572).

Sphaeromimonectes scinoides (867, f. 3), South Indian Ocean, *cultricornis* (868, f. 5), South Atlantic, spp. n., WOLTERECK, Zool. Anz., **30**.

Stenothoe cattai sp. n., Mediterranean, STEBBING, Das Tierreich, **21**, (195).

Synchelidium maculatum sp. n., Mediterranean, STEBBING, T.c. (242).—*S. haplocheles*, synonymy, figure, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (67, pl. vii, ff. 7-9).

Talitroides bonnieri sp. n., Hab.?, STEBBING, Das Tierreich, **21**, (527).

Thaumatelson gen. n., *herdmani* sp. n., Antarctic, WALKER, Ann. Mag. Nat. Hist., **18**, (15).

Wandelia gen. n. (*Phliadidae*) *crassipes* sp. n., Antarctic, CHEVREUX, Paris, Bul. soc. zool., **31**, (87, ff. 1, 2).

PHYLLOCARIDA.

Nebalia, embryonic development, ROBINSON, Q. J. Microsc. Sci., London, **50**, (383-433, pls. xvi-xxi).—*N. bipes* characters, TATTERSALL, Rep. Pearl Oyster Fish., **5**, (159).

(N-9720 l)

BRANCHIOPODA.

PHYLLOPODA.

†*Anomalocaris canadensis*, description, WHITEAVES, Palaeoz. Fossils, **3**, pt. 4, (313).

Apus; hermaphroditism, ZOGRAFF, Zool. Anz., **30**, (563-567).—*A. caneriformis* at Magdeburg, KÖHLER, Bl. Aquarienkunde, Magdeburg, **17**, (294).—*A. productus*, bionomics, FRITZE, Hannover, Jahrb. ProvMus., **1905-1906**, (43-46); in Poland, WOLSKI, Bl. Aquarienkunde, Magdeburg, **17**, (478).

Artemia; histology of ova, ARTOM, Biologica, Torino, **1**, fasc. 1, (1-10).—*A. salina*, parthenogenesis, environmental effects, ARTOM, Biol. Centralbl., **26**, (26-32); *l.c.* (204-208); variation in chemical solutions, ARTOM, Torino, Atti Acc. Sc., **41**, (971, 972); anatomy of median eye and frontal organ, NOWIKOFF, Zs. wiss. Zool., **81**, (691-698, pl. i.); (cervical plate of nauplius, ZOGRAFF, Paris, C.-R. Acad. sci., **141**, (903-905).—*A. franciscana* sp. n., San Francisco, KELLOGG, Science, New York, **24**, (596).

(*Branchinecta*, habitats of N. American species, SHANTZ, Biol. Bull., Wood's Holl, Mass., **9**, (249-264, pl.)).

Branchipus ferox, large variety, ENTZ, Allatt. Közlem., **5**, (147-148).—*B. grubei*, bionomics, FRITZE, Hannover, Jahrb. ProvMus., **1905-1906**, (43-46).

†*Estheria*; distribution in the Trias of Britain, LOMAS, London, Rep. Brit. Ass., **1905**, (166-168).—*E. indica* sp. n., S. India, GURNEY, Calcutta, J. Proc. As. Soc. Beng., **2**, (273, pl. iv, pl. v, ff. 9-10).—*E. elizabethae* sp. n., Cape Colony, SARS, Arch. Math. Naturv., Kristiania, **27**, No. 1, (10-15, pl. ii).

Streptocephalus spinifer sp. n., Ceylon, GURNEY, Spolia Zeylan., **4**, (127, pl. i).—*S. dichotomus simplex* var. n. Cutch, GURNEY, Calcutta, J. Proc. As. Soc. Beng., **2**, (276, pl. v, f. 11).—*S. papillatus* sp. n., Cape Colony, SARS, Arch. Math. Naturv., Kristiania, **27**, No. 4, (1-10, pl. i).

CLADOCERA.

Cladocera of Switzerland, STINGELIN, Genève, Rev. Suisse Zool., **14**, (317-387, pls. xiii-xv); of Dauphiné-Alps, KEILHACK, Zool. Anz., **29**, (694-701)

of Irish lakes, WEST and WEST, Dublin, Trans. R. Irish Acad., **33** (B), (96); of Paraguay, STINGELIN, Ann. biol. lacustre, **1**, (181-192).

Alona bukobensis sp. n., German E. Africa, WELTNER, Deutsch Ost-Afrika, Cladoceren, (9, ff. 16-18, 20, 32).—*A. bukobensis subantartica* var. n., S. Georgia, EKMAN, Cladocera and Copepoda, Swedish Antarctic expedition, (8).—*A. falcata* figured, LARGAIOLLI, Padova, Atti Ac. Ven.-Trent., **3**, (39).

Bosmina acrocoregoni burckhardti var. n., Alpine lakes, BREHM, Wien, Verh. ZoolBot. Ges., **56**, (40).—*B. coregoni amethystina* var. n., Garda Lake, Italy, BREHM, Arch. Hydrobiol., **1**, (497).—*B. stuhlmanni* sp. n., German E. Africa, WELTNER, Deutsch Ost-Afrika, Cladoceren, (6, ff. 15, 30).

Bosminopsis zernowi, Linko, Central Russia; distribution of the genus; ZYKOFF, Zool. Anz., **30**, (22-24).

Ceriodaphnia quadrangula hamata var. n., Alpine lakes, BREHM, Wien, Verh. ZoolBot. Ges., **56**, (37, 38).—*C. bicuspidata* sp. n., German E. Africa, WELTNER, Deutsch Ost-Afrika, Cladoceren, (5, ff. 10, 11, 14).—*C. globosa* sp. n., New Zealand, BRADY, London, Proc. Zool. Soc., **1906**, (695, pl. xlviii, ff. 1-3).

Chirocephalus appendicularis sp. n., Asia Minor, VÁVRA, Wien, Ann. Nat. Hist. Hof. Mus., **20**, (107, pl. iii, ff. 1-9).

Chydorus sphaericus, figured, EKMAN, Cladocera and Copepoda, Swedish Antarctic expedition, (9, pl. i, f. 2).

Daphnidae, sex production, cycles of generation, ISSAKOWITSCH, Arch. mikr. Anat., Bonn, **69**, (223-244).

Daphnia longispina, variation, WOLTERECK, Biol. Centralbl., **26**, (471, ff. 1-4); var. *zschokkei*, form. n. *lemani*, Switzerland, STINGELIN, Genève, Rev. Suisse, Zool., **14**, (338, pl. xiv, f. 20).—*D. fusca* sp. n., Chitral, GURNEY, Calcutta, J. Proc. As. Soc. Beng., **2**, (276, pl. v, ff. 12-14).—*D. kirimensis* sp. n., (2, ff. 1-3, *jardinei barbata* var. n., (3, ff. 4-9, 21-29), German E. Africa, WELTNER, Deutsch Ost-Afrika, Cladoceren.—*D. magna americana* var. n., Nebraska, FORDYCE, Trans. Amer. Microsc. Soc., **25**, (47, pl. vi., f. 1).

Diaphanosoma brachyurum var. n., *tridentinum*, Italian lakes, LARGAIOLLI, Zool. Anz., **29**, (701), and Arch. Hydrobiol., **1**, 1906, (428-432) and Padova, Atti Ac. Ven.-Trent., **3**, (37).

Ilyocryptus brevidentatus sp. n., S. Georgia, Falkland Is., EKMAN, Cladocera and Copepoda, Swedish Antarctic expedition, (5, pl. i, f. 1).

Leydigia trichura sp. n., Nebraska, FORDYCE, Trans. Amer. Microsc. Soc., **25**, (49, pl. vi, ff. 2, 3).

Macrothrix chevreuxi, described, WELTNER, Deutsch Ost-Afrika, Cladoceren, (7, ff. 12, 13, 19, 31).—*M. montana* sp. n., Colorado lakes, BIRGE, Trans. Amer. Microsc. Soc., **25**, (150, pl. xxv, ff. 2, 3).

Polyphemus pediculus, cycles of generation, KEILHACK, Zool. Anz., **30**, (911-912); biology and æcology, ZACHARIAS, T.c. (455-459).

Scapholeberis kingi, Calcutta, GURNEY, Calcutta, J. Proc. As. Soc., Beng., **2**, (277, pl. v, f. 15).

Simocephalus serrulatus, Kew Gardens, new to Britain, SCOURFIELD, Kew Bulletin, Add. Ser., **5**, (16).—*S. latirostris* sp. n., Paraguay, STINGELIN, Ann. biol. lacustre, **1**, (187, f. 5).

Syda crystallina, figured, LARGAIOLLI, Padova, Atti Ac. Ven.-Trent., **3**, (37).

COPEPODA.

Copepoda, development, MCCLENDON, Wood's Holl, Mass., Mar. Biol. Lab. Bull., **12**, (37-52, pl. i); metamorphoses, OBERG, Wiss. Meeresunters., Kiel. Abt. Kiel, N.F., **9**, (37-103, with 7 pls.); Kiel, Schr. natur. Ver., **13**, (247-253).—List of marine species of Ireland, PEARSON, Fish. Ireland Sci. Invest., 1905, **6**, (1-37).—Of Irish lakes, WEST and WEST, Dublin, Trans. R. Irish Acad., **33** (B), (96).—Key to genera of *Gymnoplea* and *Podoplea*, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (118-121, 205-207).

Copepoda, allied to *Lamippe*, in Gorgonian polyps, VERSLUYS, Gorgoniden der Siboga-Expedition, (6).

Acartia biflosa, *longiremis*, larval forms, OBERG, Wiss. Meeresunters., Kiel, Abt. Kiel, **9**, (44, pl. iv).

Adiaptomus **gen. n.**, *natalensis* **sp. n.**, Natal, COOPER, Ann. Natal Govt. Mus., **1**, (98, pl. xii, ff. 1-14).

Ameira simplex, description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (150, pl. x, ff. 7-9, xii, f. 4, xiii, f. 3, xiv, f. 5, xvii, f. 3, xxi, f. 7).

Amenophia peltata, British Isles and Norway, (136, pls. lxxxiii, lxxxiv), *pulchella* **sp. n.**, Norway, (138, pl. lxxxiv, f. 2), SARS, Crustacea of Norway, **5**.

Amphiascus, synonymy, (148), *cinctus*, (149, pls. xci, xcii), *obscurus* **sp. n.**, Norway, (150, pl. xciii), *similis*, (151, pl. xciv), *nasutus* nom. **n.**, for *Dactylopus strömi* var. *arctica* (153, pl. xciv), *minutus*, synonymy, (154, pl. xcvi), *imus*, (156, pl. xcvi), *giesbrechti* **sp. n.**, Kiel, (157, pl. xcvi), *propinquus* **sp. n.**, Norway, (158, pl. xcix), *longirostris*, (159, pl. c, ci), *tenuiremis*, (161, pl. cii), *parvus* **sp. n.**, Norway, (162, pl. ciii), *debilis*, (162, pl. civ), *pallidus* **sp. n.**, Norway, (164, pl. cv), *abyssi*, (165, pl. cvi), *hispidus*, (166, pls. cvii, cviii), *affinis* **sp. n.**, Norway, (168, pl. cix), *intermedius*, (169, pl. cx), *typhlops*, (170, pl. cxi), *attenuatus*, (171, pl. cxii), *phyllopus*, (172, pl. cxiii), *nanus*, (173, pl. cxiv, f. 1), *exiguus*, (174, pl. cxiv, f. 2), *productus*, (175, pl. cxv), *tenellus*, (176, pl. cxvi), *linearis*, (177, pl. cxvii), *sinuatus*, (178, pl. cxviii), **spp. nn.**, Norway; SARS, Crustacea of Norway, **5**.

Anchorella scomberi, *paradoxa*, Irish Sea, SCOTT, Liverpool, Proc. Trans. Biol. Soc. **20**, (197, pls. vii, viii).—*A. intermedia* **sp. n.**, Antarctic, in buccal cavity of *Nothostenia*, QUIDOR, Bul. Muséum, Paris, 1906, (29), and Paris, C.-R., Acad. sci., **142**, (55, 56).

Arietellus setosus, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (189).—*A. major* **sp. n.**, Californian coast, ESTERLY, op. cit. **3**, (74, pl. ix, f. 17, xi, ff. 43, 44, xii, f. 56, xiii, f. 80).

Attheyella grandidieri, Java, Siam, Cochin China, (185, pl. xiv, ff. 7-17), *decorata*, Sumatra, Java, (188, pl. xiv, ff. 18-21, xv, ff. 1-13), descriptions, DADAY, Zool. Jahrb., Syst. **24**.

Augaptilus rostratus **sp. n.**, Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **3**, (73, pl. ix, f. 19, xi, f. 42, xii, ff. 57, 63, xiii, f. 75).—

A. longicaudatus, description, ESTERLY, l.c., **2**, (188).

Autanepsius **gen. n.**, *major*, (39, pl. xiii, f. 1), *minor*, (41, pl. xiii, ff. 2-5). Atlantic Ocean, **spp. n.**, WOLFENDEN, Plankton Studies, **3**.

Bathycalanus richardi, Sars. = *Megacalanus princeps* Wolf., WOLFENDEN, T.c. (25).

Boeckella entzi, description, (15, pl. i, f. 6), *vexillifera* **sp. n.**, Falkland Is., (16, pl. i, ff. 7-12), EKMAN, *Cladocera* and *Copepoda*, Swedish Antarctic Expedition.

Brachiella antarctica **sp. n.**, Antarctic, parasitic on *Dissostichus cleginoides*, QUIDOR, Bul. Muséum, Paris, **12**, (30).

Bradya minor, salt-water pond, Northumberland, BRADY, Newcastle, Trans. Nat. Hist. Soc., **1**, (332, pl. ix, ff. 1-3).

Caetrodes **gen. n.**, (*Dichelestiidae*) *pholas* **sp. n.**, on *Tetrodon stellatus*, Ceylon, WILSON, Rep. Pearl Oyster Fish., **5**, (203-205, pl. iv, ff. 48-57).

Calamæcia **gen. n.**, near *Limnocalanus*, (696), *lucasi* **sp. n.**, (696, pl. 49, ff. 1-10), New Zealand, BRADY, London, Proc. Zool. Soc., **1906**.

Calanus, descriptions, figures and key to Californian coast species, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (124-129).—*C. finmarchicus*, biology, PAULSEN, Kjöbenhavn, Meddelelser fra Kommissionen for Havundersøgelser, **1**, (1-21, 3 pls.).—*C. robustior*, figured, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **3**, (77, pl. xiv, f. 81).

Caligus zeii **sp. n.** on *Zeus faber*, Cornwall, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (206, pl. xxii, ff. 1-8).—*C. rapax* on *Orthogoriscus mola*, North Berwick, EVANS, Ann. Scot. Nat. Hist. No. **57**, (57).—*C. scomberi*, Irish Sea, SCOTT, Liverpool, Proc. Trans. Biol. Soc., **20**, (196, pl. vi).—*C. dentatus* **sp. n.** on *Cyprinus carpio*, Caspian Sea, GADD, Ark. Zool. Stockholm, **3**, No. 15, (1-9).

(*Caligus remorae* **sp. n.**, Red Sea, BRIAN, Arch. parasit. Paris, **9**, (564, 9 ff.).

Candacia; descriptions, figures and key to Californian species, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (192-

198).—*C. cheirura*, (198, pl. i, pl. ii, ff. 7-10), *inermis*, (200, pl. ii, ff. 11-13, pl. iii, ff. 14-16), **spp. n.** S. African seas, CLEVE, Cape Town Marin. Invest., **3**.

Canthocamptus, description, SARS, Crustacea of Norway, **5**, (194-195); key to N. American species (154), *staphylinoides* (151, pl. xv, ff. 14-21), *hiemalis* (153, pl. xvi, ff. 28, 29, xvii, ff. 31-42), **spp. n.**, Nebraska, PEARSE, Trans. Amer. Microsc. Soc., **26**.—*C. bidens*, Kew Gardens, new to Britain, SCOURFIELD, Kew Bulletin, Add., Ser. **5**, (20).—*C. northumbrius coronatus* var. n. Mongolia, DADAY, Math. Termt. Ért., **24**, (58).—*C. crassus*, description, (29, pl. iii, ff. 25-28), *trigonurus* **sp. n.** (30, pl. iii, ff. 29-34), Falkland Is., EKMAN, *Cladocera* and *Copepoda*, Swedish Antarctic Expedition.

Centropages bradyi, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (172).—*C. hamatus*, larval forms, OBERG, Wiss. Meeresunters. Kiel, Abt. Kiel, **9**, (42, pl. ii).

Clausocalanus arcuicornis, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (142).

Clytemnestra rostrata, description, ESTERLY, T.c. (214).

Corycaeus sp., in Adriatic, BREHM, Arch. Hydrobiol., Stuttgart, **1**, (392-393).—*C. venustus*, (225), *carinatus*, (226), descriptions, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**.

Cyclopina gracilis, mandible figured, BRADY, Newcastle Trans. Nat. Hist. Soc., **1**, (332, pl. x, f. 13).

Cyclops albidus, (48, pl. ii, ff. 1-3, iii, f. 1), *serrulatus*, (49, pl. i, ff. 5-6, ii, f. 9, iii, ff. 6, 7), *fimbriatus*, (53, pl. iii, f. 2), *leuckarti*, (56, pl. i, ff. 1, 3), *strenuus*, (58, pl. iii, f. 4), *viridis*, (59, pl. i, f. 4, ii, ff. 4-6, iii, f. 5), *vernalis*, (61, pl. iii, f. 3), *bicolor*, pl. i, f. 2, ii, ff. 7, 8), descriptions, LAROCHE, Copepoden der Umgebung von Bern.—*C. venustus* **sp. n.**, Devonshire, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (189, pl. xvi, f. 11, xviii, f. 9, xx, ff. 1-3).—*C. signatus* var. *coronatus*, development, BYRNES, Wood's Holl, Mass., Mar. Biol. Lab. Bull., **10**, (193-196, pl. vii, viii).—*C. aspericornis* **sp. n.**, Sumatra, DADAY, Math. Termt. Ért., **24**, (269), also Zool. Jahrb. Syst., **24**, (181, pl. xiv, ff. 1-6).—*C. stuhlmanni*, (1, pl. i, ff. 1-7,

10, 11), *emini*, (4, pl. ii, ff. 1-3, 5-6, 8), **spp. n.**, German E. Africa, *oithonoides*, (3, pl. i, ff. 8, 9, 12, 13), *leuckarti*, (5, pl. ii, ff. 4, 7, 9), descriptions, MRÁZEK, Deutsch Ost-Afrika, Copepoden.—*C. lobulosus* **sp. n.**, Falkland Is., EKMAN, *Cladocera* and *Copepoda*, Swedish Antarctic Expedition, (27, pl. iii, ff. 22-24).

Dactylopodella **gen. n.** for *D. flava* Claus, SARS, Crustacea of Norway, **5**, (131-133, pl. lxxxi).

Dactylopus jugurtha, Siam, DADAY, Zool. Jahrb. Syst., **24**, (195, pl. xvi, ff. 6-8).

Dactylopusia valida, description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (171, pl. x, f. 16, xii, f. 9, xiii, f. 12, xvii, f. 8, xx, f. 6).

D'Arcythompsonia **gen. n.** for *Cylindropsyllus fairliensis*, SCOTT, Ann. Mag. Nat. Hist., **17**, (463, pl. xi, ff. 1-6).

Diaptomus gracilis (63, pl. iv, ff. 1-3), *vulgaris*, (64, pl. iv, ff. 4, 5), descriptions, LAROCHE, Copepoden der Umgebung von Bern.—*D. graciloides kubinskaja* var. n., North Russian coast, ZYKOFF, Zool. Anz., **30**, (167, f. 4).—*D. risus* **sp. n.**, Singapore, DADAY, Math. Termt. Ért., **24**, (279), and Zool. Jahrb. Syst., **24**, (20, pl. xvi, ff. 17-20).—*D. greeni* **sp. n.**, Ceylon, GURNEY, Spolia Zeylan., **4**, (129, pl. ii).—*D. galebi*, (6, pl. iii, ff. 4, 5, 8, 9), *stuhlmanni* **sp. n.** (7, pl. iii, ff. 1-3, 6, 7), German E. Africa, MRÁZEK, Deutsch Ost - Afrika, Copepoden.—*D. claripes*, (147, pl. xiii f. 6), *saltellinus*, (148, pl. xiv, ff. 9, 10), figured, *wardi* **sp. n.** United States, (148, pl. xiii, ff. 1-4), PEARSE, Trans. Amer. Microsc. Soc., **26**.—*D. pygmaeus* (24, ff. 1-3), *spatulocrenatus* (246, ff. 6-9), **spp. n.**, United States, PEARSE, Amer. Nat., Boston, **40**.—*D. shoshone* figured, *nudus* **sp. n.**, lakes in Colorado, MARSH, Trans. Amer. Microsc. Soc., **25**, (147, pls. xxx, xxxi).

Diosaccus tenuicornis, SARS, Crustacea of Norway, **5**, (146, plates lxxxix, xc).

Disseta grandis **sp. n.**, Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **3**, (72, pl. ix, f. 21, xi, ff. 45, 46, xiii, f. 69, xiv, ff. 88, 94).

Dissomus **gen. n.**, (*Caligidæ*), *spiniifer* **sp. n.**, Ceylon, WILSON, Rep. Pearl

Oyster Fish., **5**, (198-202, pl. iii, ff. 34-47).

Ectinosoma brunnea **sp. n.**, salt-water pond, Northumberland, BRADY, Newcastle, Trans. Nat. Hist. Soc., **1**, (333, pl. ix, ff. 4-11).

Echthrogaleus (?) *lütkeni*, description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (213, pl. xxii, ff. 1-9).

Epischura massachusettsensis **sp. n.**, United States, PEARSE, Amer. Nat., Boston, Mass., **40**, (242, ff. 4, 5).

Eucalanus; descriptions, figures, and key to Californian species, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (130-135).

Eucandona tuberculata (62), *elpatiewskyi* (64), **spp. n.**, Mongolia, DADAY, Math. Termt. Ért., Budapest, **24**, 1906.

Euehacta affinis **sp. n.**, S. African seas, CLEVE, Cape Town Marin. Invest., S. Africa, **3**, (201, pl. iii, ff. 17-19).—*E. californica* (60, pl. ix, f. 11, x, ff. 26, 34), *propinqua* (61, pl. ix, f. 9, x, ff. 30, 33), *tenuis* (61, pl. ix, f. 12, x, ff. 29, 31), *spinifera* (62, pl. ix, f. 8, xi, f. 35, xiv, ff. 82, 83), *dubia* (63, pl. ix, f. 7, xi, f. 36, xiii, f. 66, xiv, ff. 84, 85), **spp. n.**, Californian coast; *tonsa* Giesb. (64, pl. ix, f. 10, x, f. 32), description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **3**.

Euchirella, descriptions, figures, and key to Californian species, ESTERLY, *l.c.* **2**, (150-162).

Eurytemora americana **sp. n.**, Rhode Island, WILLIAMS, Amer. Nat., Boston, Mass., **40**, (645, ff. 8-11).

Euterpe acutifrons, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (212).

Evansia **gen. n.** for *Tetragoniceps incertus* and *T. pygmaeus* Scott, SCOTT, Ann. Mag. Nat. Hist., **17**, (460).

Evansula **nom. n.** for *Evansia*, SCOTT, Edinb. Proc. R. Phys. Soc., **16**, (342).

Gaetanus brevicornis (56, pl. ix, f. 4, pl. xii, f. 55), *unicornis* (57, pl. ix, f. 3, pl. xii, f. 54, pl. xiii, f. 76), *clarus* (57, pl. ix, f. 5, pl. xiv, f. 90), **spp. n.**, Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **3**.

(N-1720 l)

Gaidius maximus **sp. n.**, Atlantic, WOLFENDEN, Plankton Studies, **3**, (35, pl. xi, ff. 1, 2).

Giardella thompsoni **sp. n.**, Irish Sea, SCOTT, Liverpool, Proc. Trans. Biol. Soc., **20**, (195, pl. iv).

Gigantella **gen. n.** for *Limnocalanus sarsi*, EKMAN, *Cladocera* and *Copepoda*, Swedish Antarctic Expedition, (20, pl. ii).

Haloptilus longimanus **sp. n.**, Atlantic, WOLFENDEN, Plankton Studies, **3**, (29, pl. ix, ff. 1-6).

Harrietella **gen. n.** for *Laophonte simulans* Scott, SCOTT, Ann. Mag. Nat. Hist., **17**, (464, pl. xi, ff. 9, 10).

Harpacticus chelifer (177, pl. xii, f. 11, xviii, f. 9), *uniremis* (178, pl. xii, f. 12, xviii, f. 8), descriptions, NORMAN and SCOTT, Crustacea of Devon and Cornwall.

Hatschekia ? **sp. n.**, on *Carcharias mulleri*, Ceylon, WILSON, Rep. Pearl Oyster Fish., **5**, (205, pl. v, ff. 58-60).

Hersiliodes pelsenceri commensal with *Leiochone clypeata*, PÉREZ, Bordeaux, Actes soc. linn., **60**, (Proc. verb., xxxi-xxxiii).

Hermannella parva, description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (199, pl. xiii, f. 15, xv, ff. 4-10, xvi, f. 12, xix, f. 5).

Heterocalanus **gen. n.**, *medius* **sp. n.** (no locality), WOLFENDEN, Plankton Studies, **3**, (27, pl. viii, ff. 1-5).

Heterorhabdus; descriptions, figures, and key to Californian species, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (182-187).—*H. longicornis* figured, *id. l.c.*, **3**, (77, pl. xiv, f. 93).

Idomene forficata, described SARS, Crustacea of Norway, **5**, (134, pl. lxxxii).

Isocalanus **gen. n.**, *minor*, (36, pl. xii, ff. 1-5), *major*, (37, pl. xii, ff. 6-11), **spp. n.**, Atlantic, WOLFENDEN, Plankton studies, **3**.

Labidocera trispinosa **sp. n.**, Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (200).—*L. jollae* **sp. n.**, Californian coast, *id. l.c.*, **3**, (74, pl. ix, ff. 22, 23, xii, ff. 50-53, xiv, ff. 89, 91).

Laemargus muricatus on *Orithogoriscus mola*, North Berwick, EVANS, Ann. Scot. Nat. Hist., No. 57, (57).

Laophonte serrata (157, pl. xiii, f. 6, xvi, f. 6, xvii, f. 5), *inornata* (157, pl. xii, f. 5, xiii, ff. 5-11, xiv, f. 7, xvi, f. 5, xviii, ff. 3, 4, xxi, f. 3), *herdmani* (159, pl. xi, ff. 5-7, xii, f. 6, xiii, f. 7, xiv, f. 8, xvii, f. 6), descriptions, NORMAN and SCOTT, Crustacea of Devon and Cornwall.—*L. mohammed*, Siam, DADAY, Zool. Jahrb. Syst., 24, (196, pl. xvi, ff. 9-16).—(*L. mohammed* distribution, ZYKOFF, Zool. Anz., 29, (347).)

Laophontina dubia, description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (165, pl. x, ff. 12-15, xi, f. 8, xii, ff. 7, 8, xv, f. 11, xvi, f. 7, xvii, f. 7, xviii, f. 5).

Lepeophtheirus thompsoni parasitic on *Rhombus maximus*, description, BRIAN, Riv. ital. sc. nat., 26, (125-127).—*L. brachypurus* on *Tetrodon stellatus*, (190, pl. i, ff. 1-10), *aesopus* sp. n. (192, pl. i, ff. 11, 12), Ceylon, WILSON, Rep. Pearl Oyster Fish., 5.

Leposphilus labrei, description of male, larval forms of female, QUIDOR, Paris, C.-R. Acad. sci., 142, (231, 232).

Leptastacus gen. n. for *Tetragoniceps macronyx*, SCOTT, Ann. Mag. Nat. Hist., 17, (461).

Lernanthropus; list of species (135-140), *foliaceus* (140, pl. ii, f. 1), *rorax* (142, pl. ii, ff. 2, 3), *gisleri* (145, pl. ii, f. 2), *brevis* (147, pl. ii, ff. 8, 9), descriptions; *lichiae* (144, pl. ii, f. 4) sp. n. on gills of *Lichia radiata*, Mediterranean, GOGGIO, Pisa, Atti Soc. tosc. sc. nat. Mem., 22.—*L. spp.*, synonymy, GOGGIO, Mon. zool. ital., 17, (352-353).—*L. tetradactylus* Bassett Smith nom. nud., POCHÉ, Zool. Anz., 29, 1906, (671-672).

Lernaeenicus sardinae parasitic on sardine, BAUDOUIN, Rev. sci., Paris, 3, (715-722).

Lucicutia aurita (202), *bradyana*, (204, pl. vi, ff. 33, 34) spp. n., S. African seas, CLEVE, Cape Town, Marin. Invest. S. Africa, 3.—*L. flavicornis*, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., 2, (180).—*L. ovalis* sp. n., no locality, WOLFENDEN, Plankton Studies, 3, (28, pl. ix, ff. 7-10).

Lütkenia asterodermi, description, NORMAN and SCOTT, Crustacea of Devon

and Cornwall, (210, pl. xxii, ff. 9, 10, xxiv, ff. 1-8).

Mecynocera clausi, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., 2, (137).

Megacalanus Wolf = *Macrocalanus* Sars, *longicornis* Sars = *bradyi* Wolf. WOLFENDEN, Plankton Studies, 3, (25).

Megarthrum gen. n. for *Dactylopusia purpurocincta* Norman and Scott, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (175, pl. x, f. 17, xii, f. 10, xiii, f. 10, xiv, f. 9, xviii, f. 6, xix, f. 1, xxii, ff. 4, 5).

Mesoglicola gen. n., *delagei* sp. n., parasitic on *Corynactis viridis*, QUIDOR, Paris, C.-R. Acad. sci., 143, (613-615).

Mesocheres (193), *anglicus* (194, pl. x, f. 18, xi, f. 10, xii, f. 13, xiii, f. 13, xiv, f. 14, xix, f. 6, xx, f. 8), descriptions, NORMAN and SCOTT, Crustacea of Devon and Cornwall.

Metridia lucens (177), *boeckii* (178), descriptions, ESTERLY, Berkeley Univ. Cal. Pub. Zool., 2.—*M. atra* (70, pl. ix, ff. 15, 16, pl. xi, ff. 39, 40, pl. xiii, f. 78, pl. xiv, f. 95), *ignota* (71, pl. ix f. 20), spp. n. Californian coast, ESTERLY, l.c., 3.

Microsetella rosea, description, ESTERLY, T.c. 3, (211).

Monstrilla anglica, Irish Sea, SCOTT, Liverpool, Proc. Trans. Biol. Soc., 20, (195, pl. v).

Nicothoa astaci, description of male, QUIDOR, Paris, C.-R. Acad. sci., 142, (465-468).

Nitocera platypus sp. n., Siam, DADAY, Math. Termt. Ért., 24, (273) and Zool. Jahrb. Syst., 24, (192, pl. xv, ff. 10, 14-26, xvi, ff. 1-5).

Oithona plumifera (207), *nana* (209), descriptions, ESTERLY, Berkeley Univ. Cal. Pub. Zool., 2.—*O. plumifera* Baird in the North Sea, BREEMEN, Helder, Verh. Onderz. Zee, 1, (1-8, 1 pl.).—*O. similis* larval forms, OBERG, Wiss. Meeresunters. Kiel, Abt. Kiel, 9, (45, pl. v.).

Oncaea conifera (216), *minuta* (217), descriptions, ESTERLY, Berkeley Univ. Cal. Pub. zool., 2.

Ophiocamptus mongolicus sp. n. Mongolia, DADAY, Math. Termt. Ért., 24, (34-77).

Orthogoriscola Poche for *Laemargus muricatus* Kröyer, SCOTT, Edinb. Proc. R. Phys. Soc., **16**, (369).

Paracalanus parrus, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (140); larval forms, OBERG, Wiss. Meeresunters., Kiel, Abt. Kiel, **9**, (40, pl. i); *perplexus* var. n. Plymouth, NORMAN and SCOTT, Crustacea of Devon and Cornwall (127, pl. xii, ff. 1-2, xiii, f. 1, xiv f. 1).

Parastenhelia anglica, description, NORMAN and SCOTT, op. cit. (148, pl. x, ff. 10, 11, xiii, ff. 4, 9, xiv, f. 6, xvi, f. 4, xvii, f. 1, xxi, f. 2).

Peltidium conspicuum, description, NORMAN and SCOTT, T.c. (180, pl. xi, f. 9, xiv, f. 11, xv, f. 6, xix, f. 4).

Penella sp., Moluccas, HORST, Leiden, Notes Mus. Jentink, **26**, (229-234).

(*Penella filosa*, post-larval stages. THOMPSON, Biol. Bull., Wood's Holl, Mass., **8**, (296-307).)

Peniculus fureatus on *Tetrodon*, Ceylon, WILSON, Rep. Pearl Oyster Fish., **5**, (206-208, pl. v, ff. 61-66).

Philicthylae, characters, QUIDOR, Paris, C.-R. Acad. sci., **142**, (231).

Philicthys amphivrae sp. n., parasitic in *Amphivra squammata*, HÉROUARD, T.c. (288).

Phylloporopsyllus gen. n. for *Tetragoniceps bradyi*, SCOTT, Ann. Mag. Nat. Hist., **17**, (458).

Phyllops bidentatus, description, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (191).—*P. turqueti* sp. n., Antarctic, QUIDOR, Bul. Muséum, Paris, **12**, (27), and Paris, C.-R. Acad. sci., **142**, (54, 55).

Phyllothyreus cornutus, description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (212, pl. xxiv, ff. 9-17).

Pleuromamma; Californian species figured and described, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**, (174-177).

Pontella lobiancoi, Irish Sea, SCOTT, Liverpool, Proc. Trans. Biol. Soc., **20**, (194, plates ii, iii).

Pontellopsis occidentalis sp. n. Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **3**, (76, pl. xi, ff. 47, 48,

49, xii, f. 59, xiii, f. 68, xiv, ff. 92, 96).

Porcellidium charcoti, affinis, spp. n., Antarctic, QUIDOR, Bul. Muséum, Paris, **12**, (28), and Paris, C.-R. Acad. sci., **142**, (54, 55).—*P. lecanoides*, description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (182, pl. xiv, f. 12, xv, f. 5, xix, f. 3, xx, f. 7).

Pseudoboeckella anderssonorum sp. n. Subantarctic seas, EKMÁN, *Cladocera* and *Copepoda*, Swedish Antarctic expedition, (10, pl. i, ff. 3-5).

Pseudocalanus elongatus larval forms, OBERG, Wiss. Meeresunters. Kiel Abt. Kiel, **9**, (40, pl. i).

Pseudodiaptomus coronatus sp. n., Rhode Island, WILLIAMS, Amer. Nat., Boston, **40**, (641, ff. 1-7).

Pseudodiosaccus gen. n. for *Diosaccus propinquus*, SCOTT, Ann. Mag. Nat. Hist., **17**, (465).

Pteropsyllus gen. n. for *Tetragoniceps consimilis*, SCOTT, T.c., (459).

Robertsonia tenuis description, NORMAN and SCOTT, Crustacea of Devon and Cornwall, (140, pl. xx, ff. 9-11, xvi, f. 6).

Sabelliphilus (?) *bispirae* sp. n. parasitic on Polychaete *Bispira*, S. African seas, MCINTOSH, Cape Town Marin. Invest., S. Africa, **3**, (86-91, pl. ix).

Sapphirina, figures and descriptions of Californian species, (219-223), *loma* sp. n., (223), Californian coast, ESTERLY, Berkeley, Univ. Cal. Pub. Zool., **2**.

Scolecithricella neptuni sp. n., S. African seas, CIEVE, Cape Town Marin. Invest., S. Africa, **3**, (206, pl. iv, v, vi, ff. 30, 31).

Scolecithrix; key to species (163), *danae* (161), *bradyi* (165), *persecans* (166), *similis* (170), descriptions; *subdentata* (167), *pacifica* (168), spp. n., Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **2**; *inornata* (67, pl. ix, f. 18, xi, f. 27, xiii, ff. 65, 73), sp. n., Californian coast; *frontalis* (65, pl. ix, f. 14, xiii, f. 70), *magna* (66, pl. ix, f. 13, xi, f. 38, xii, ff. 52, 64, xiii, f. 72, descriptions; ESTERLY, l.c. 3.

Spinocalanus magnus described, (11, pl. xiv, ff. 1-5), *antareticus* sp. n., Antarctic, (43, pl. xiv, ff. 6-9), WOLFENDEN, Plankton Studies, **3**.—*S. major* sp. n., Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., **3**, (55).

Stenhelicia, description, synonymy, (180), *gibba* description (181, pl. cxix, cxx, f. 1), *proxima* sp. n., Norway (183, pl. cxx, f. 2), *acmula* (184, pl. cxxi), *palustris* (185, pl. cxxii), *reflexa* (186, pl. cxxiii), *giesbrechti* (188, pl. cxxiv, f. 1), *normani* (189, pl. cxxiv, f. 2), *longicaudata* (190, pl. cxxv, f. 1), descriptions, Sars, Crustacea of Norway, 5.—*S. pygmaea* (142, pl. x, ff. 1-3, xi, ff. 1-2, xv, f. 1, xvi, f. 1, xviii, f. 1), *simulans* (143, pl. x, f. 6, xiii, f. 8, xiv, f. 4, xvii, f. 1, xxi, f. 1), *neglecta* (144, pl. x, f. 4, xi, f. 3, xiii, f. 2, xiv, f. 2, v, ff. 2, 12, xviii, f. 2, xxi, f. 8), *varians* (146, pl. x, f. 5, xiv, f. 13, xv, ff. 4, 14, xvi, f. 3, xvii, f. 2), *longirostris* (147, pl. xi, f. 4, xii, f. 3, xiv, f. 3, xv, ff. 3, 13, xvi, f. 2), descriptions, NORMAN and SCOTT, Crustacea of Devon and Cornwall.

Stenheliosopsis gen. n., *divaricata* sp. n., Norway, Sars, Crustacea of Norway, 5, (191-193, pl. cxxv, f. 2).

Temora longicornis, larval forms, OBERG, Wiss. Meeresunters. Kiel, Abt. Kiel, 9, (43, pl. iii).

Tortanus setacaudatus sp. n. Rhode Island, WILLIAMS, Amer. Nat. Boston, 40, 649, ff. 12-15).

Trebis exilis sp. n. on *Rhinoptera javanica*, Ceylon, WILSON, Rep. Pearl Oyster Fish., 5, (194, pl. ii, ff. 20-33).

Unduchaeta; characters (147), *major* (148), *minor* (149), descriptions, ESTERLY, Berkeley, Univ. Cal. Pub. Zool., 2.

Vallentinia gen. n. for *Dactylopusia ornata*, NORMAN and SCOTT, Crustacea of Devon and Cornwall (173, pl. xiii, f. 11, xiv, f. 10, xvi, ff. 8-10, xviii, f. 7, xix, f. 2, xxi, ff. 4, 5).

Westwoodia nobilis description (140, pl. lxxxv, lxxxvi), *assimilis* sp. n., Norway (141, pl. lxxxvii), *minuta* (142, pl. lxxxviii, f. 1), *pygmaea* (143, lxxxviii, f. 2), descriptions, Sars, Crustacea of Norway, 5.

Xanthocalanus fragilis description, CLEVE, Cape Town Marin. Invest. S. Africa, 3, (209, pl. vi, f. 32).—*X. similis* sp. n., Californian coast, ESTERLY, Berkeley Univ. Cal. Pub. Zool., 3, (68, pl. ix, f. 1, x, f. 24, xii, ff. 60, 61, xiii, ff. 71, 77).—*X. simplex* (30, pl. x, ff. 1-3), S.W. coast of Ireland, *suberistatus* (31, pl. x, ff. 4-6), Atlantic, *magnus* (32, pl. x, ff. 7-9), *ealaminus* (34, pl. xi, ff. 3-5), Bay of Biscay spp. n., WOLFENDEN, Plankton Studies, 3.

BRANCHIURA.

Argulus; affecting salmon-breeding, LÉGER, Ann. Univ. Grenoble, Paris, 18, (49-55).—*A. purpureus* description, RIGGIO, Naturalista sicil., 17, (94, pl. ii, ff. 1-2).

OSTRACODA.

Ostracoda of Valdivia-expedition, MÜLLER, Wiss. Ergebn. D. Tiefsee-Exped., 8, (27-154, 31 pls.); of Malay Seas, MÜLLER, Ostracoden der Siboga - Expedition; of Brunswick, LIENENKLAUS, Bonn. Verh. nat. hist. Ver., 62, (167-172).

†Tertiary *Ostracoda* from Italy, figured; CAPPELLI, Boll. soc. geol. ital., 24, (303-342, pl. ix, xi).

Archiconchoecia cucullata (44), *striata*, *ventricosa* sp. n. (45), MÜLLER, Wiss., Ergebn. D. Tiefsee-Exp., 8, (pl. vii).—*A. striata* description, JUDAY, Berkeley Univ. Cal. Pub. Zool., 3, (16, pl. iii, ff. 1-3).

†*Bairdia beedei* sp. n., *abrupta* var. n., Upper Carboniferous, Kansas, ULRICH and BASSLER, Washington, D.C., U. S. Nation. Mus. Proc., 30, (161, 162, pl. xi, ff. 19-22).

†*Beyrichia?* *radiata*, described, *emaciata* sp. n., Upper Carboniferous, Kansas, ULRICH and BASSLER, T.C. (156, pl. xi, ff. 5, 6).

†*Beyrichiella gregaria* (157, pl. xi, f. 18), *bolliiformis* (158, pl. xi, f. 7, 8) spp. n., *tumida* var. n. (158, pl. xi, ff. 9-11), Upper Carboniferous, Kansas, ULRICH and BASSLER, T.C.

†*Bradoria bergeroni*, *enyo* (99), *eris*, *fragilis* (100), *sterope* (101), *woodi* (102), spp. n., Mid Cambrian, China, WALCOTT, Washington, D.C., Nation. Mus. Proc., 29.

Candonella albida sp. n., German E. Africa, VÁVRA, Deutsch Ost-Afrika, Ostracoden (12, f. 3).

Codonocera weberi (24, pl. viii, ff. 7-9, ix, ff. 1-6), *penicillum* (25, pl. ix, ff. 15-19), *polygonia* (25, pl. ix, ff. 9-14), *pusilla* (27, pl. vii, ff. 14-20), *goniacantha* (28, pl. vii, ff. 10-13, 21, and 22), spp. n., Malay seas, MÜLLER, Ostracoden der Siboga-Expedition.

Conchoecia; Müller describes and figures numerous known species, and the following new: *aequiseta* (59, pl. xi, ff. 1-6 and 11-14), *allotherium* (59, pl. xi, ff. 15-19), *acuticosta* (87, pl. xxx, ff. 18-21), *acanthophora* (108, pl. xxxv, ff. 2-5 and 13), *amblypostha* (108, pl. xxiv, ff. 17-22), *ametra* (117, pl. xxvii, ff. 11-12, 14, and 17-19), *antipoda* (110, pl. xxvi, ff. 5-16), *alata* (121, pl. xxix, ff. 1-10), *brachyaskos* (70, pl. xiv, ff. 1 and 2, and 7-14), *cellularis* (113, pl. xxviii, ff. 7, 18-28), *chuni* (124, pl. xxxi, ff. 16-28), *cophopygia* (74, pl. xiv, ff. 15-17, 24-26), *ctenophora* (96, pl. xxii, ff. 16-20 and 29), *decipiens* (72, pl. xiii, ff. 27-36), *dentata* (73, pl. xiv, ff. 18-23), *dorsotuberculata* (63, pl. x, ff. 1-3 and 8-13), *dasyophthalma* (66, pl. xi, ff. 20-23 and 26-30), *disco-phora* (67, pl. xiii, ff. 1-9 and 12-18), *distans* (111, pl. xxv, ff. 24-26, and pl. xxvi, ff. 1-4), *dichotoma* (111, pl. xxiv, ff. 23-29, and pl. xxv, f. 1), *edentata* (76, pl. xv, ff. 24-29), *elongata* (125, pl. xxxii, ff. 1-7), *echinata* (61, pl. x, ff. 14-24), *glandulosa* (81, pl. xxx, ff. 29-35), *hettaera* (121, pl. xxix, ff. 11-19), *hirsuta* (60, pl. xi, ff. 1-3 and 6-10), *incisa* (94, pl. xix, ff. 1-11), *isoecheira* (84, pl. xiv, ff. 28-31, and pl. xv., ff. 30-33), *kampta* (108, pl. xxiv, ff. 11-12 and 14-16), *kyrtophora* (82, pl. xvii, ff. 1-10), *lophura* (99, pl. xx, ff. 1-10), *leptothrix* (122, pl. xxix, ff. 20-26), *macromma* (79, pl. xvii, ff. 11-22), *macrocheira* (101, pl. xxi, ff. 1-9), *mamillata* (60, pl. xvi, ff. 1-9, and pl. xxxv, f. 8), *mollis* (106, pl. xxiv, ff. 1-10 and 13), *nasotuberculata* (83, pl. xviii, ff. 25-30), *orthotrichota* (93, pl. xix, ff. 12-16), *parvidentata* (100, pl. xx, ff. 11-18), *parthenoda* (78, pl. xvi, ff. 24-29), *plactolycos* (114, pl. xxv, ff. 14-20), *plinthina* (116, pl. xxvii, ff. 1-6, 9-10 and 20), *pusilla* (80, pl. xvi, ff. 30-31, 34-37), *prosadene* (120, pl. xxiii, ff. 1-7, 9), *reticulata* (64, pl. xii, ff. 10-17), *rhynchena* (113, pl. xxvi, ff. 17-25), *squamosa* (119, pl. xxviii, ff. 8-17, and pl. xxxv, ff. 6 and 7), *stigmatiea* (88, pl. xxx, ff. 22-28), *symmetrica* (117, pl. xxvii, ff. 7, 8, 13, 15 and 16), *tyloda* (109, pl. xxxv, ff. 2-13), *valdiviae* (123, pl. v, f. 3, pl. xxiii, ff. 8 and 10-19), **spp. n.**; Wiss. Ergebn. D. Tiefsee-Exp. 8.—*C. daphnoides* Cl. minor (126, pl. xxxi, ff. 1-3, 9, 15), *loricata* Cl. minor (96, pl. xxii, ff. 10-15), *magna* Cl. *rhombica* (104, pl. xxi, ff. 21-25), *plactolycos* Müll. *major* (115, pl. xxv, ff. 21-23), *pusilla* Müll. *major* (80, pl. xvii, f. 35), *minor* (80, pl.

xvii, f. 36), *obtusata* Sars *antarctica* (77, pl. xvi, ff. 10-23), varr. n., id. T.c.—*C. giesbrechti* for *oblonga* Müll. *praeocc.* (75), *striola* for *striata* Müll. *praeocc.* (91), nomm. n., MÜLLER, T.c.—*C. spinirostris* Cl. (18, pl. iii, ff. 4-7), *magna* Cl. (19, pl. iii, ff. 8-11, pl. xiv, ff. 1, 2), *hyalophyllum* Cl. (20, pl. iv, ff. 3, 4), *clausi* Sars (23, pl. v, ff. 3, 4), *daphnoides* Cl. (26, pl. vii, f. 3), descriptions; *pacifica* for *oblonga* Müll. (21), *mülleri* for *striata* Müll. (24), nomm. n.; *ritteri* **sp. n.**, Californian coast (25, pl. vi, ff. 6-8, pl. vii, ff. 1-2), JUDAY, Berkeley Univ. Cal. Pub. Zool. 3.—*C. spinirostris* (31, pl. i, f. 7), *subarcuata* (33, pl. i, ff. 8-12), *obtusata* (36, pl. i, ff. 13-19), *oblonga* (38, pl. ii, ff. 21-28), *spinifera* (40, pl. ii, ff. 29-36), *elegans* (41, pl. ii, ff. 37-40, pl. iii, ff. 11-13), *acuminata* (43, pl. iii, ff. 44-48), *daphnoides* (45, pl. iii, ff. 49-55), *borealis* (48, pl. iii, ff. 56-63, pl. iv, f. 64), *had-doni* (49, pl. iv, ff. 65-75), *agassizii* (50, pl. iv, ff. 76-84, pl. v, ff. 85-91), described, *hamata* (52, pl. v, ff. 92-99); *insignis* (56, pl. v, ff. 105-107, pl. vi, ff. 108-113), *notocera* (58, pl. vi, ff. 114-120), *secernenda* (59, pl. vi, ff. 121-127), **spp. n.**, Atlantic, VÁVRA, *Ergebn.* Plauktion-Exp. 2.—*C. belgicae* **sp. n.**, Antarctic, MÜLLER, *Belgica Ostracoda* (4, ff. 1-11).—*C. sibogae* (8, pl. i, ff. 10-20), *concentrica* (10, pl. i, ff. 1-9), **spp. n.**, Malay Seas, MÜLLER, *Ostracoden der Siboga-Expedition*.

Crossophorus africanus description, MÜLLER, *Wiss. Ergebn. D. Tiefsee-Exp.* 8, (134, pl. xxxiv, ff. 1-9).—*C. gibber* **sp. n.**, Malay Seas, MÜLLER, *Ostracoden der Siboga-Expedition* (28, pl. iv, ff. 1-9).

Cylindroleberis hilgendorfi (33, pl. v, ff. 1-5), *inermis* **sp. n.** (34, pl. v, ff. 6-13), Malay Seas; MÜLLER, T.c.

Cypria javana **sp. n.**, Java, MÜLLER, *Hamburg Mitt. naturhist. Mus.*, 23, Beiheft 2, (14, ff. 1-5).

†*Cypridea punctata*, *posticalis*, *ren-trosa*, forming limestone in Dorset, CHAPMAN, London, *Proc. Geol. Ass.*, 19, (284).

Cypridella remota **sp. n.**, Sumatra VÁVRA, *Zool. Jahrb. Syst.* 23 (430, pl. xxv, ff. 34-36).

Cypridina hirsuta **sp. n.** (131, pl. xxxiii ff. 1-10); *castanea* Brady (130, pl. v

f. 1, 2, pl. xxxiii, ff. 11-16, pl. xxxiv, ff. 10-13) description; MÜLLER, Wiss., *Ergebn. D. Tiefsee-Exp.*, **8**.—*C. obesa* sp. n., Atlantic, VÁVRA, *Ergebn. Plankton-Exp.* **2** (67, pl. vii, ff. 132b-142).—*C. asymmetrica* (14, pl. vi, ff. 1-12), *hesperida* (15, pl. iii, ff. 21-28), Malay Seas, spp. n.; *flavcola* description (16, pl. iii, f. 28); MÜLLER, *Ostracoden der Siboga-Expedition*.—†*C. subovata* sp. n., Upper Carboniferous Kansas; ULRICH and BASSLER, Washington, D.C., U. S. Nation. Mus. Proc. **30** (162, pl. xi, ff. 23-26).

Cypridopsis costata sp. n., German E. Africa, VÁVRA, *Deutsch Ost-Afrika Ostracoden* (11, f. 2).

Cyprinotus kaufmanni sp. n., Japan, VÁVRA, *Zool. Jahrb. Syst.* **23** (424, pl. xxiv, ff. 15-20).—*C. elatior* (18, f. 6), *congener* (20, f. 7), *fossulatus* (21, f. 8), spp. n., German E. Africa, VÁVRA, *Deutsch Ost-Afrika Ostracoden*.—*C. sarsi* sp. n., New Zealand, BRADY, London, *Proc. Zool. Soc.*, **1906**, (700, pl. li, ff. 1-11).

Cypris purpurascens, VÁVRA, *Zool. Jahrb. Syst.* **23** (422, pl. xxiv, f. 14).—*C. venusta* (23, f. 9), *flabella* (25, f. 10), *puberoides* (27, f. 11), spp. n., German E. Africa, VÁVRA, *Deutsch Ost-Afrika Ostracoden*.—*C. kraepelini* sp. n., Java, MÜLLER, Hamburg, *Mitt. Naturhist. Mus.*, **23**, Beiheft 2, (139, ff. 1-7).

†*Cythere?* *haworthi* sp. n., Upper Carboniferous, Kansas, ULRICH and BASSLER, Washington, D.C., *Smithsonian Inst.*, U. S. Nation. Mus. Proc., **30**, (160, pl. xi, f. 12).

Cythereis phalaropi, (378, pl. xxxv, ff. 86-94, pl. xxxvi, ff. 95, 96), *arenicola*, (379, pl. xxxvi, ff. 97-107), *vineyardensis*, (380, pl. xxxvii, ff. 110-114), spp. n., North America, CUSHMAN, Boston, Mass., *Proc. Soc. Nat. Hist.*, **32**.

Cytheridea seminuda, (374, pl. xxxiii, ff. 62-64, pl. xxxiv, ff. 76, 77), *americana*, (375, pl. xxxiii, f. 67, pl. xxxiv, ff. 68-75), spp. n., North America, CUSHMAN, T.c.

Cytherideis hedleyi sp. n., off Great Barrier Is., N. Zealand, CHAPMAN, Wellington, *Trans. and Proc.*, N. Zeal. Inst., **38**, (110, pl. iii, f. 8).

Cytherois zostericola sp. n., North America, CUSHMAN, Boston, Mass., *Proc.*

Soc. Nat. Hist., **32**, (369, pl. xxxi, ff. 35-41).

Euconchocia chierchiaie, (128, pl. xxxii, ff. 8-17), *aculeata elongata* var. n., (129, pl. xxxii, ff. 18-26), MÜLLER, *Wiss. Ergebn. D. Tiefsee-Exp.*, **8**.—*E. chierchiaie* Atlantic, VÁVRA, *Ergebn. Plankton-Exp.*, **2**, (29, pl. i, ff. 1-6).

Eurycypris subglobosa, Java, VÁVRA, *Zool. Jahrb. Syst.*, **23**, (420-422, pl. xxiv, ff. 9-13).

Halocypris taurina sp. n., Atlantic, VÁVRA, *Ergebn. Plankton-Exp.*, **2**, (66, pl. vii, ff. 128-132A).—*H. striata*, (47, pl. viii, ff. 20-23), *cornuta*, (48, pl. v, ff. 8, 9, pl. viii, ff. 1-3, 5-7), spp. n., *dispar* var. n., (48, pl. viii, f. 4), *bicornis* sp. n., (49, pl. viii, ff. 8-12, 17), Atlantic and Indian Oceans, MÜLLER, *Wiss. Ergebn. D. Tiefsee-Exp.*, **8**.—*H. pelagica* description, JUDAY, Berkeley, Univ. Cal. *Pub. Zool.*, **3**, (27, pl. vii, ff. 4-7).

Hungarocypris gen. n., (*Cypridae*), *gaudemülleri* sp. n., Siam, VÁVRA, *Zool. Jahrb. Syst.*, **23**, (416-419, pl. xxiv, ff. 1-8).

Ilyocyprinae and *Ilyocypris*, characters, descriptions of known species, (133-256), *bradyi compressa* var. n. for *bradyi* Kaufmann, (256), MASI, *Boll. Soc. Zool. ital.*, **6**.

Ilyocypris gen. n., for *Ilyocypris tuberculata* Kertész, MASI, T.c., (261).

Ilyodromus kerguelensis sp. n., Kerguelen, MÜLLER, *Wiss. Ergebn. D. Tiefsee-Exp.*, **8**, (136, pl. xxxv, ff. 8-12, 14-19).

†*Kirkbya*, (*Kirkbyidae* fam. n.), *pinquius*, (159, pl. xi, ff. 13-15), *centronota*, (159, pl. xi, ff. 16, 17), spp. n., Upper Carboniferous, Kansas, ULRICH and BASSLER, Washington, D.C., U. S. Nation. Mus. Proc., **30**.

†*Leperditellidae* fam. n. for *Leperditia*, ULRICH and BASSLER, T.c., (149).

†*Leperditia balthica* Hisinger var. *guelpfica* description, CLARKE and RUEDEMANN, Albany Univ., N.Y., *Mem. St. Mus. Mem.*, **5**, (106, pl. xxi, 9-11).

Limnocythere notodonta sp. n., Java, VÁVRA, *Zool. Jahrb. Syst.*, **23**, (431, pl. xxv, ff. 37-43).

Newnhamia fenestrata New Zealand, BRADY, London, *Proc. Zool. Soc.*, **1906**, (698, pl. xlviii, ff. 6-9, pl. li, ff. 1-13).

Paradoxostoma magellanica **sp. n.**, Magellan Straits, MÜLLER, Belgica Ostracoda, (7, ff. 12-15).

†*Paraparchites* **gen. n.**, *humerosus* **sp. n.**, Upper Carboniferous, Kansas, ULRICH and BASSLER, Washington, D.C., Smithsonian Inst., U. S. Nation. Mus. Proc., **30**, (151, pl. xi, ff. 1-4).

Physoecypria **gen. n.**, *bullata* **sp. n.**, German E. Africa, VÁVRA, Deutsch Ost-Afrika Ostracoden, (7, f. 1).

Pontocypris edwardsi **sp. n.**, North America, CUSHMAN, Boston, Mass., Proc. Soc. Nat. Hist., **32**, (368, pl. xxx, ff. 26-34).

†*Primitia* **sp. n.**, Ordovician Ottawa, AMI, Rep. Geol. Surv., Can., **14**, (85 J).

Proteocypris **gen. n.**, *salina* **sp. n.** salt-water pond, Northumberland, BRADY, Newcastle, Trans. Nat. Hist. Soc., **1**, (334, pl. x, ff. 1-12).

Pseudocytheretta **gen. n.**, (*Cytheridae*) *edwardsi* **sp. n.**, North America, CUSHMAN, Boston, Mass. Proc. Soc. Nat. Hist., **32**, (382, pl. xxxviii, 119-132).

Pyrocypris acuminata (18, pl. ii, ff. 1-5), *sinuosa* (19, pl. ii, ff. 11-16), *inermis* (19, pl. ii, ff. 6-10), *dentata* (20, pl. ii, ff. 17-21), *serrata* (20, pl. iii, ff. 1-7), *amphiacantha* (21, pl. iii, ff. 8-12), *lepidophora* (21, pl. iii, ff. 13-23), **spp. n.**, Malay seas, MÜLLER, Ostracoden der Siboga-Expedition.

Sarsiella americana (363, pl. xxvii, ff. 1-6), *zostericola* (364, pl. xxviii, ff. 7-18), **spp. n.**, North America, CUSHMAN, Boston, Mass., Proc. Soc. Nat. Hist., **32**.

Stenocypris bimucronata, Siam (428, pl. xxv, ff. 25-33), *derupta*, Java (426, pl. xxiv, ff. 21-24), **spp. n.**, VÁVRA, Zool. Jahrb. Syst. **23**.—*S. malcolmsoni*, description (14, f. 4), *exsiccata*, **sp. n.**, German E. Africa, (16, f. 5), VÁVRA, Deutsch Ost-Afrika Ostracoden.

Thaumatoecypria **gen. n.**, *Halocypridae* (41, pl. vi), *echinata* **sp. n.** (42), MÜLLER, Wiss. Ergebn. D. Tiefsee-Exp., **8**.

CIRRIPEDIA.

Cirripedia, figured and described, SCHMALZ, C. Cirripedia (=Martini u. Chemnitz, Systematisches Cochylien-Cabinet, Lfg 509-510 = Bd 11, H. 27-28 = Sect. 170), (1-82), Tfn. 14).

(*Cirripedia*, structure, classification, GRUVEL, Nouv. Arch. Muséum, Paris, **6**, (51-224, av. pl.); Monographie des Cirrhipèdes ou Thécostraces (xiii + 476, av. fig.).)

Larval forms, TESSMANN. Beiträge zur Entwicklungsgeschichte der Cirripeden, [1904], (38), 2 Tfn.

†Fossil *Cirripedia*; descriptions and figures of Italian Tertiary species; ALESSANDRI, Palaeontogr., Ital., **12**, (207-324, pl. xiii-xviii). Only the new species are recorded below.

Acasta funiculorum **sp. n.**, Ceylon, ANNANDALE, Rep. Pearl Oyster Fish., **5**, (145, ff. 5-9).

(*Aerothoracica* nom. n. for *Abdominalia* Darwin, GRUVEL, Monogr. Cirrhipèdes.)

Alepas xenophorae, **sp. n.**, Indian Ocean, ANNANDALE, Ann. Mag. Nat. Hist., **17**, (399).

†*Archaeolepas decora* **sp. n.**, Lower Cretaceous, Germany, HARBORT, Berlin, Abh. geol. Landesanst. **45**, (22, pl. i, ff. 3-10).

(*Balanus psittacus* description, VAYSSIÈRE, Ann. Fac. Sci., Marseille, **15**, (161-170, fig.).)

†*Brachylepas cretacea*, H. Woodward recorded from France and Germany, BÖHM, Centralbl. Min., Stuttgart, 1906, (449-450).—*B. cretacea*, Woodward (337), *fallax* Darwin (340), **sp. ?** (353) Norfolk, WOODWARD, Geol. Mag., **3**.

Conchoderma virgatum var. *hunteri* on *Hydrus platurus* Ceylon, ANNANDALE, Calcutta, J. Proc. As. Soc., **2**, (207).

Dichelaspis equina (139), *pellucida* (140, ff. 1-2), Ceylon, ANNANDALE, (5), Rep. Pearl Oyster Fish., **5**.—*D. tenuivalvata* **sp. n.**, Ceylon on *Hydrus platurus*, ANNANDALE, Spolia Zeylan. **3**, (193).—*D. transversa* (44, ff. 1 and 1A), Persian Gulf, *bathynomi* (45, f. 2), Indian Ocean **spp. n.**, ANNANDALE, Ann. Mag. Nat. Hist., **18**.

Duplorbis **gen. n.** (*Rhizocephala*), *calathurae* **sp. n.** on *Calathura brachiata* Greenland, SMITH, Fauna Neapel, **29**, (118, pl. viii, ff. 9-19).

Heterosaccus **gen. n.** (*Rhizocephala*), *hians* **sp. n.** on *Charybdis ornata*, Suez Canal, SMITH, T.c. (113).

†*Lepas saccei* **sp. n.**, Miocene, Italy, ALESSANDRI, Palaeontogr. Ital. Pisa, **12**, (269, pl. xiv, f. 10).

Lernaeodiscus galathea, *strigosae* **spp. n.** on *Galathea* spp., Naples and Norway, SMITH, Fauna Neapel **29**, (114).

Megalasma striatum minus subsp. n., Indian Ocean, ANNANDALE. Ann. Mag. Nat. Hist., **17**, (399).

Pellogaster, endoparasitic development, SMITH, Fauna Neapel, **29**, (54-58, pl. vi, ff. 1-6).—*P. curvatus*, amoeboid parasite of embryos, CAULLEY, Paris, C.-R. Soc. biol., **61**, (266-268, fig.).

†*Pollicipes angelini* (346), *hausmanni* (347), *striatus paucistriatus* var. n., *eoneinna* **sp. n.** (348), *glaber* (350), Norfolk, WOODWARD, Geol. Mag., **3**.

Pyrgopsis **gen. n. annandalei sp. n.**, no locality, GRUVEL, Paris, C.-R. Acad. Sci., **142**, 1906, (1558).

Rhizocephala, anatomy and development, diagnoses of genera, SMITH, Fauna Neapel, **29**, (1-123, pl. i-viii).

Sacculina interna, biology and development, SMITH, T.c., (45-53, pl. v, ff. 1-18).—*S. galathea* **sp. n.** on *Galathea intermedia*, Plymouth, NORMAN and SCOTT, Crustacea of Devon and Cornwall (226).

Scalpellum discoveryi (271), *bouvieri* (272), **spp. n.**, Antarctic, GRUVEL, Bul. Muséum, Paris, **12**.—*S. gruvellii* **sp. n.** (390), *quadratum* var. n. (391), *aleoekianum* **sp. n.** (392), *laccadivicum* **sp. n.** (393), *investigatoris* var. n., *bengalense* (395), *wood-masoni* (396), *subflarum* (397), **spp. n.**, Indian Ocean, ANNANDALE, Ann. Mag. Nat. Hist., **17**.—*S. gruvellii*, Ceylon, ANNANDALE, Rep. Pearl Oyster Fish., **5**, (141, f. 4).—*S. maximum* (350), *fossula*, described, *attenuatum* **sp. n.**, Norfolk, (352), WOODWARD, Geol. Mag., **3**.—*S. stearnsi* polyanthry, HOEK, Amsterdam, Proc. Sci. K. Acad. Wet., 1906, (659-662), also Amsterdam Versl. Wis. Nat., **14**, (669-671).—†*S. michelottianum gassinensis* var. n. (252, pl. xiii, ff. 10-15), *formae* **sp. n.** (251, pl. xiii, ff. 16-20), Tertiary, Italy, ALESSANDRI, Palaeontogr., Ital. Pisa, **12**.

†*Scillaelepas paronae* **sp. n.**, Miocene, Italy, ALESSANDRI, T.c. (265, pl. xiv, ff. 1-8).

(*Thecostraca* nom. n. for *Cirripedia*. GRUVEL, Monogr. Cirripèdes.)

Triangulus **gen. n.** (*Rhizocephala*) *munidae* **sp. n.** on *Munida* spp., Norway, SMITH, Fauna Neapel, **29**, (115).

†*Verruca miocrebicosta* (275 pl. xiv, ff. 18-23), *gruvelli* (278, pl. xv, ff. 1-6), Miocene, Italy, ALESSANDRI, Palaeontogr. Ital., **12**.

XI. ARACHNIDA

TO WHICH ARE ADDED

GIGANTOSTRACA (XIPHOSURA, TRILOBITA, EURYPTERIDA),
PANTOPODA, TARDIGRADA, PENTASTOMIDA, MYRIOPODA
and PROTOTRACHEATA

ARRANGED BY

R. SHELFORD

GIGANTOSTRACA.

I.—TITLES.

N.B.—Titles in round brackets have appeared previously in the Zoological Record: titles in square brackets have appeared in previous issues of the International Catalogue.

Carlson, A. J. 1. On the mechanism of co-ordination and conduction in the heart, with special reference to the heart of *Limulus*. Amer. J. Physiol., Boston, Mass., **15**, 1906, (99–120).

Carlson, A. J. 2. On the chemical conditions for the heart activity, with special reference to the heart of *Limulus*. Amer. J. Physiol., Boston, Mass., **16**, 1906, (378–408).

Carlson, A. J. 3. On the point of action of drugs on the heart, with special reference to the heart of *Limulus*. Amer. J. Physiol., Boston, Mass., **17**, 1906, (177–210).

Clarke, J. M. The Oriskany fauna of Becraft Mountain, Columbia County, N.Y. Albany Univ., N.Y., St. Educ. Dept. Mem. Mus., **3**, No. 3, 1900, (1–128), pls. i–ix.

Clarke, J. M. and Ruedemann, R. Guelph fauna in the State of New York. Albany Univ., N.Y., St. Educ. Dept. Mem. Mus., **5**, 1903, (1–195), pls. i–xxi.

Cumings, E[dgar] R[oscoe]. *Gastropoda, Cephalopoda and Trilobita* of the Salem limestone. [In] Cumings, E. R. and others. Fauna of the Salem limestone. Indiana, Rep. Dept. Geol. Nat. Res., Indianapolis, **30**, (1905), 1906, (1335–1375), pl.

Frech, Frigyes. A tengeri eredetű karbon Magyarországon. [Das marine Karbon in Ungarn.] Földt. Közl., Budapest, **36**, 1906, (1–50, 103–153), Taf. i–ix.

Gortani, M. 1. Fossili Carboniferi del M. Pizzul e del Piano di Lanza nelle

Alpi Carniche. II. Fossili Animali. Roma, Boll. soc. geol. ital., **24**, 1905, (521–605), pls. xiv–xv.

Gortani, M. 2. Contribuzioni allo studio del Paleozoico Carnico. I. La fauna Permocarbonifera del col mezzodi presso forni avoltri. Palaeontogr. Italica, Pisa, **12**, 1906, (1–84), pls. i–iii.

Grabau, A. W. Guide to the geology and palaeontology of the Schoharie valley in Eastern New York. Albany Univ., N.Y., St. Educ. Dept. Mus. Bull., **92**, (Pal. **13**), 1906, (77–386), pls. i–xxiv.

Hudson, G. H. Contributions to the fauna of the Chazy limestone on Valcour Island, Lake Champlain. Albany Univ., N.Y., Rep. St. Mus., **57**, Part 1, 1905, (270–295), pls. i–v.

Jackson, R. T. A new species of fossil *Limulus* from the Jurassic of Sweden. Ark. Zool., Stockholm, **3**, 1906, No. 11, (1–7).

Lake, P. 1. A monograph of the British Cambrian Trilobites. London, Monogr. Palaeont. Soc., **60**, Part 1, 1906, (1–28), pls. i–ii.

Lake, P. 2. Trilobites from Bolivia, collected by Dr. J. W. Evans in 1901–1902. London, Q. J. Geol. Soc., **62**, 1906, (425–430), pl. xl. [Noticed in Knowledge, 1906, (568).]

Lamanskij, W. Die ältesten silurischen Schichten Russlands (Etage B). St. Petersburg, Mém. Com. géolog., N. ser., **20**, 1905, (1–203), 2 pls.

Lorenz, Th[eo]. Beiträge zur Geologie und Palaeontologie von Ostasien unter besonderer Berücksichtigung der Provinz Schantung in China. Berlin, Zs. D. geol. Ges., **57**, 1905, Aufsätze, (438–498); **58**, 1906, (53–108), 8 Taf.

Miquel, J. Essai sur le Cambrien de la Montagne Noire, Coulouma. L'Aca-dien. Paris, Bul. soc. géol., (4), **5**, 1905, (465–483), pl. xv.

Narraway, J. E. and Raymond, P. E. A new American *Cybele*. Pittsburg, Pa., Ann. Carnegie Mus., **3**, 1906, (599–604).

Newman, H. H. On the respiration of the heart, with special reference to the heart of *Limulus*. Amer. J. Physiol., Boston, Mass., **15**, 1906, (371–386).

Ogawa, T. Fossil localities of North China, II. Tokyo, J. Geol. soc. Tokyo, **12**, 1905, (71–80). [The paper is in Japanese, but contains in Latin the names of several species of *Trilobita*, some of which are cited as new, but there is no published description of them; they are not quoted in this record.]

Olin, E. Om de Chasmopskalken och Trinucleusskiffern motsvarande bildningarne i Skåne. [On the Scania formations corresponding to the *Chasmops*-Limestone and the *Trinucleus*-Slate.] Lund, Univ. Arssk. N. F., **2**, ii. 3, 1906, (1–79), pls. i–iv.

Pack, F. J. Cambrian fossils from the Pioche mountains, Nevada. J. Geol., Chicago, Ill., **14**, 1906, (290–302), 3 pls.

Pearl, Raymond. On the behavior and reactions of *Limulus* in early stages of its development. J. Comp. Neur., Granville, Ohio, **14**, 1904, (138–164).

Persson, E. Till Kännedomen om Oleniderna i "Zonen med *Eurycare* och *Leptoplastus*" vid Andrarum I. [Contribution to a knowledge of the Mollusca in the *Eurycare*- and *Leptoplastus*-Zones at Andrarum I.] Stockholm, Geol. För. Förh., **26**, 1906, (507–526) pls. viii and ix.

Post, L. von. Bidrag till Kännedomen om Ceratopygeregionen utbildning inom Falbygden. [Contribution to a knowledge of the development of the Ceratopyge-region in Falbygden.] Stockholm, Geol. För. Förh. **28**, 1906, (465–480), pl. xiii.

II.—SUBJECT-INDEX.

HYPERZOOLOGY=3003.

Economics.

Aeari as disease distributors; **Dönitz, 2, Buy.**

Ixodidae as distributors of diseases; **Balfour, 1, Cantlie, Koch, R., Ross, Theobald.**

Aeari as intermediate hosts of haemogregarines; **Balfour, 2.**

Transmission of *Kedani*-disease by *Leptus autumnalis*; **Tanaka**.

Economic notes on harvest mites (*Trombidium*); **Chittenden**.

Different species of *Eriophyes* infesting identical trees; **Collinge**.

Acari parasitic on cassava plants; **Cramer**.

Acari injurious to vegetation; **Gerber**, **Noel**, 2.

Acari in fodder; **Lucks**.

Acari on apples; **Ludwig**, 1.

Methods of Research.

Method of mounting *Araneae*; **Desmaisons**.

Collecting *Hydrachnida*; **Wolcott**.

Preservation of spiders' webs; **Lutz**.

STRUCTURE=3007.

General.

Anatomy of *Boophilus annulatus*; **Allen**, **Williams**.

Of *Ixodidae*; **Buy**, **Christophers**, **Wheler**. Of *Ixodes*; **Bonnet**, 2, **Nordenskiöld**, **Suworow**.

Of *Holothyridae*; **Thon**, 4; of *Lebertia*; **Thor**, 1, 2, 3.

Of *Hydrachnida*; **Thon**, 3.

Of *Pseudoscorpiones*; **With**.

Structure of body in *Araneae*; **Dahl**, 2.

Special.

Glands in *Ixodes*; **Nordenskiöld**, 2.

Repugnatorial glands of *Holothyrus* (*Oribatidae*); **Thon**, 1.

Anatomy and histology of sexual organs of *Araneae*; **Strand**, 9.

Sexual characters of tarsal joints in *Pedipalpi*; **Schwangart**, 2.

Genital tracheae of *Chernetidae* and *Acari*; **Oudemans**, 16, 17.

Respiratory organs of *Acari*; **Oudemans**, 4, 6.

Mandibles of *Acari* compared with legs; **Oudemans**, 4, 5.

Mouth parts of *Haemaphysalis punctata*; **Nuttall**, **Cooper** and **Smedley**.

Genital organs in *Ixodes*; **Bonnet**.

Histology of porous area, eyes and poison glands of *Ixodidae*; **Bonnet**, 3.

PHYSIOLOGY=3011.

Influence of sound on *Araneae*; **Lécaillon**, 1.

Effect of scorpion stings; **Green**, **Gros**.

Venom of *Araneae*; **Mitchell**.

Regeneration and autotomy of legs in *Tegenaria*; **Friedrich**.

DEVELOPMENT=3015.

Spermatogenesis of *Ixodidae*; **Bonnet**, 1; of *Araneae*; **Wallace**.

Histology of ova, *Araneae*; **Strand**, 9.

Chromosomes in *Epeira*; **Berry**.

Structure of egg in *Tegenaria*; **Van der Stricht**.

Eggs of *Tardigrada*; **Murray**, 2.

Eggs of *Hydrachnida*; **Thon**, 3.

Structure of ovum in *Ixodidae*; **Christophers**.

Development of *Thelyphonus*; **Schimekewitsch**, 1, 2.

ETHOLOGY=3019.

Miscellaneous.

Structure of nest of *Argyroneta aquatica*; **Uyttenboogaart**.

Oviposition, dimorphism of eggs, cocoon, hatching of *Theridium tepidariorum*; **Montgomery**, 1, 2.

Egg-laying of *Buthus europaeus*; **Mingaud**, 2.

Change of colour of eyes in *Salticidae*; **Strickland**.

Cocoons and webs of spiders; **Scheffer**, 1.

(Webs and cocoons of Australian *Araneae*; **Rainbow**, 3.)

Structure of spiders' webs; **Comstock, Desmaisons**.

Plant shelters of *Acari*; **Wildeman**.

Food of *Uropodinae*; **Reuter**.

Food of *Cepheus* sp. n.; **Heim and Oudemans, 1**.

Feeding experiment on *Nephila maculata*; **Shelford**.

Instincts of *Araneae*; **Lécaillon, 2**.

(Earwigs devouring spiders; **Planet, 2**.)

Defensive attitudes of scorpion and solifugid; **Faussek**.

Colour-change and protective colouration in *Misumena vatia*; **Packard**.

Habits.

Habits of *Buthus eupeus thersites*; **Birula, 5**; of *Phalangida*; **Falconer, 2**; of *Araneae*; **Thesing**; (of Australian *Araneae*; **Rainbow, 3**); (of *Agelena labyrinthica*; **Lécaillon, 3**); of *Pirata piraticus*; **Trani**; of *Teutana grossa*; **Tullgren, 1**; of *Tyroglyphinae*; **Maurizio**; of *Ixodidae*; **Lounsbury**; of *Ornithodoros moubata*; **Newstead, Wellman**; of *Trombidium*; **Maxwell-Lefroy**.

A free-living *Phyllocoptes*; **Börner**.

Habitats.

Cavernicolous *Arachnida*; **Simon, 4, 6**; **Peyerimhoff, 1**.

Rock-boring mite; **Banks, 4**.

Acari in houses; **Jarvis, 2**.

Parasitism.

Acari in nasal cavities of seal; **Blanchard**.

Acari as human skin parasites; **Oudemans, 5**.

Acarine parasite of the beaver; **Min-
gaud, 1**.

Bird parasite; **Klee**.

Parroquet parasites; **Favette and Trouessart**.

Parasites of *Cypselus*; **Speiser**.

Locust parasites; **Jarvis, 1**.

(Mosquito larvae parasitised by *Hydrachnida* larvae; **Dyé**.)

Argas reflexus parasite of pigeons; **Noël, 1**.

Parasitism of *Ornithodoros moubata*; **Newstead**.

Ixodes in numbers on horses; **Junack**.

Ixodes on puffins and petrels; **Evans, 2**.

Some unusual host relations of the Texas fever tick; **Ransom**.

Trombidium larva attacking man in New Guinea, Ceram, and Celebes; **Oudemans, 12**.

Sarcoptid, accidental parasite of man; **Trouessart**.

Carpoglyphus sp. n. (*Acari*) in human urine; **Haan**.

Sarcoptes on rabbits; **Gmeiner**.

Subcutaneous tissue of *Platyercus*, *Sarcoborus* in; **Pernet**.

Leptus autumnalis in dogs; **Roth**.

Hydrachnida parasitic on fresh-water animals; **Soar, 1**.

Parasitism of *Linguatula rhinaria*; **Koch, M**.

Pentastomum parasitic in man; **Thiroux, Laengner**.

Porocephalus sp. n. parasite of *Gavia-
lis gangeticus*; **Linstow**.

Diptera larvae in spider-cocoons; **Schwangart, 1**.

Acari as intermediary host of *Haematozoa*; **Popovici-Bazosanu**.

Symbiosis.

Spiders in ants' nests; **Donisthorpe, Jackson, Roubal**.

Symbiosis of *Antennophorus* and ants; **Karavajev**.

EVOLUTION = 3023.

Physiological selection in spiders; **Dahl, 1**.

GEOGRAPHY = 3027.

Europe and Mediterranean sea and islands. *d*

Europe, *Araneae* 1 sp. n., 1 subsp. n.; **Kulczyński, 2**.

Sweden, *Hydrachnida*, *Pseudoscorpiones* and *Opiliones*; **Tullgren**, 2, 3, 4.

Norway, *Gamasus* 1 sp. n., 3 varr. n.; **Berlese**.

Iceland, *Araneae* 1 var. n.; **Strand**, 7

Bologoje Lake, Russia, *Hydrachnida*; **Solovjev**.

Finland, *Uropoda* sp. n.; **Reuter**.

Caucasus, *Scorpiones* 1 subsp. n.; **Birula**, 2.

Germany:—*Phyllocoptes* sp. n.; **Börner**.—*Gamasus* 1 sp. n., 2 varr. n.; **Berlese**.—*Hydrachnida*; **Schorler**, **Thallwitz** and **Schiller**.—*Tardigrada*; **Schorler**, **Thallwitz** and **Schiller**.—Bavaria, *Lebertia inaequalis*; **Thor**, 3.

(Netherlands, *Acari* 3 spp. n.; **Oudemans**, 18.)

Holland, *Acari* 12 spp. n., 1 var. n.; **Oudemans**, 2, 3, 4.

Belgium, *Hydrachnida*; **Rousseau**.

Luxembourg, *Araneae*; **Feltgen**.

Britain:—*Araneae* 1 gen. and 6 spp. n.; **Cambridge**, O. P., 1.—*Araneae* of *Diplocephalus* group; **Smith**, 1.—*Oribatidae* 7 spp. n.; **Warburton** and **Pearce**.—*Ixodidae*; **Wheler**.—*Pseudoscorpiones*; **Cambridge**, O. P., 1.

English counties, *Arachnida*; **Cambridge**, F. O. P.

Tyne valley, Northumberland, *Arachnida*; **Jackson**.

Yorkshire, *Araneae*; **Falconer**, 1: **Gilchrist**: *Phalangidea*; **Falconer**, 2.

Nottinghamshire, *Arachnida*; **Carr**: *Chernes cyrneus*; **Kew**.

Lincolnshire, *Acari*; **George**, 1: *Hydrachnida*, 1 sp. n., 1 var. n.; **George**, 2.

Yarmouth, *Araneae*; **Hancock**.

Botanic Gardens, Kew, *Araneae* 1 sp. n.; **Cambridge**, O. P., 3: *Acarina*; **Michael**: *Hydrachnida*; **Soar**, 2: *Scorpionidae*; **Pocock**.

Scotland, *Hydrachnida*; **Williamson**: *Chiridium muscorum* (*Pseudoscorpiones*); **Evans**, 1: *Tardigrada*, Alpine species, 1 sp. n.; **Murray**, 2.

Scotch lakes, *Tardigrada*, 6 spp. n.; **Murray**, 1.

Forth Valley, *Tardigrada*, 1 sp. n.; **Murray**, 3.

St. Kilda, *Arachnida*; **Evans**, 2.

Orkneys, *Araneidea* and *Phalangidea*; **Cambridge** O. P., 2.

Ireland, *Hydrachnida* 1 gen. n., 2 spp. n.; **Halbert**, 2.

France, *Araneae*; **Planet**: *Tyroglyphus* sp. n.; **Benoit-Bazille**: (*Trombidium*; **Heim** and **Oudemans**, 3.)

Cepheus sp. n.; **Heim** and **Oudemans**, 1.

Paris, *Euescorpius flavicaudis*; **Delval**.

Caves of Basses-Alpes, *Arachnida*; **Peyerimhoff**, 2; **Simon**, 6.

Majorca, *Palpigradi* 1 sp. n.; **Peyerimhoff**, 2.

Italy:—*Hydrachnida* 2 spp. nn.; **Maglio**, 1; (*Hydrachnida* 1 gen. and 2 spp. n.; **Monti**, 1, 2): *Gamasus* 1 sp. n., 10 varr. n.; **Berlese**: *Acari* 1 gen. n., 2 spp. n.; **Oudemans**, 3.

(Italian Alps, *Hydrachnida* 2 spp. n. **Maglio**, 2, 3).

Lake Nemi, *Hydrachnida* 1 sp. n.; **Marucci**.

Sicily, *Acari* 2 spp. n.: **Oudemans**, 2: *Gamasus* 1 var. n.; **Berlese**.

Switzerland, *Hydrachnida* 1 gen. n., 7 spp. n.; **Walter**, 1, 2: *Hydrachnida* 3 spp. n.; **Thor**, 2, 4.

Dalmatia, *Araneae* 3 spp. n.; **Kulczyński**, 1.

Bohemia, *Hydrachnida*; **Thon**, 3.

Bosnia, *Amaurobius* sp. n. **Kulczyński**, 2.

(105) pl. xv f. 430, *prominens* (106) pl. xv
f. 410, *incognitus* (374) pl. iii f. 17 spp.
n. Japan BÖSENBERG and STRAND Abh.
Senckenb. Ges. **30**.

Uloborus bigibbosus sp. n. Pondi-
chery SIMON Paris, Ann. Soc. ent. **74**
(163).

PSECHRIDAE.

Fecenia maforensis sp. n. New
Guinea SIMON Ann. Soc. ent. Belg. **50**
(287).

Psecchrus himalayanus sp. n. India
SIMON T.c. (287).

Themacrys gen. n. (287) *irrorata*
Natal, *stolida* Zululand (288) spp. n.
SIMON T.c.

ZOROPSIDAE.

Acanthoetenus obauratus Brazil *dumicola* Venezuela (289) *gaujoni* Ecuador (290) *plebejus* Venezuela, Trinidad *andicola* Bolivia (291) spp. n. SIMON Ann. Soc. ent. Belg. 50.

Uduba madagascariensis Vinson, *funerea* (293) *inhonesta* (294) spp. n. Madagascar SIMON T.c.

DICTYNIDAE.

Amaurobius revision of European species, *dubius* nom. n. for *Coelotes roscidus* L. Koch (432) *pastor*, Sim. *tirolensis* subsp. n. Alps (458) ff. 11, 13, 51, 64 *karliński* sp. n. Herzegovina, Bosnia (469) f. 3 KULCZYŃSKI Kraków, Bull. Intern. Acad. 1906 (417-476) pl. xiv, xv.—*A. (Titanoeca) incerta* sp. n. Asia Minor NOSEK Wien, Ann. Nat. Hist. Hofmus. 20 (120)—*A. promontorii* Cape of Good Hope (294) *gauscapatus* Australia *praealvus* Tasmania (295) spp. n. SIMON Ann. Soc. ent. Belg. 50.—(*A. socialis* sp. n. Australia RAINBOW Rec. Austr. Mus. 6 (9) fig. 1 pl. iii).

Aphyetoschaema guttipes Tasmania (297) *sedula* Australia (298) *misella* (298) *pullata*, *noxibilis* New Caledonia (299) spp. n. SIMON Ann. Soc. ent. Belg. 50.

Auximus rhombifer (300) *fulvipes*, *quitensis*, *harpagulus* (301) *procerulus* (302) spp. n. Ecuador SIMON T.c.

Badumna varia (296) *cinetipes* (297) spp. n. Australia SIMON T.c.

Callevophthalmus gen. n. for *Lathys alba* Keys. and *L. maculata* Keys. SIMON T.c. (303).

Ciniflo annulatus sp. n. Dalmatia, KULCZYŃSKI, Ann. Hist.-Nat. Mus. Nat. Hung., 4, (157).

Derxema gen. n. *arguta* sp. n. Australia SIMON Ann. Soc. ent. Belg. 50 (303).

Dictyna abyssinica sp. n. Somaliland, STRAND Zool. Anz. 30 (667).—*D. colona* New Caledonia (303) *bispinosa* Burma *kandiana* Ceylon *velifera* Sikkim (304)

estebanensis Venezuela (305) spp. n. SIMON Ann. soc. ent. Belg. 50.—*D. felis* (111) pl. xvi f. 476, *foliicola* (112) pl. vi f. 67, pl. xvi ff. 470, 471, *procerula* (112) pl. xvi, f. 462 spp. n. Japan BÖSENBERG and STRAND, Abh. Senckenb. Ges., 30.—*D. grossa* sp. n. Himalayas SIMON Paris, Ann. soc. ent. 75 (306).

(*Dictyna turbida* Nilghiris *nigricauda*, *smaragdula* Ceylon spp. n. SIMON Paris, Ann. soc. ent. 74 (165, 166).)

Episinus lugubris, Simon, Dorsetshire CAMBRIDGE O. P. Proc. Dorset Nat. Hist. F. Cl. 27 (74-83, pl. A f. 2).

Heterodictyna Dahl. = *Dictynina* Banks DAHL Zool. Anz. 31 (63).

Megadictyna gen. n. *thilenii* sp. n. New Zealand DAHL T.c. (62, 63).

ERESIDAE.

Dresserus inconspicuus sp. n. Somaliland STRAND Zool. Anz. 30 (668).

Seothyra perelegans, *semicoccinea* spp. n. South Africa SIMON Ann. soc. ent. Belg. 50 (307).

Stegodyphus corallipes (305) *simplicifrons* (306) Madagascar, *luctuosus* Mashonaland (306) spp. n. SIMON T.c.—*S. 2½-vittatus* Somaliland (667) *tibifer* German E. Africa (687) spp. n. STRAND Zool. Anz. 30.

FILISTATIDAE.

Filistata hasselti sp. n. Malayan Islands SIMON Ann. soc. ent. Belg. 50 (308).

OONOPIDAE.

Gamasomorpha karschi sp. n. Japan BÖSENBERG and STRAND Abh. Senckenb. Ges., 30, (117) pl. xvi f. 455.

Oonops corticalis sp. n. Japan BÖSENBERG and STRAND, T.c. (116) pl. vi f. 60.

Xestaspis recurva sp. n. Shoa, Abyssinia STRAND Zool. Anz. 30 (680).

SICARIIDAE.

Loxosceles bergeri sp. n. German South-West Africa STRAND Wiesbaden, Jahrb. Ver. Natk., 59 (26).—*L. rufescens* characters BÖSENBERG and STRAND Abh. Senckenb. Ges., 30 (113) pl. vi f. 69 pl. xvi f. 450.

Loxoscella **gen. n.** *pallidecolorata* **sp. n.** Somaliland STRAND Zool. Anz. **30** (668).

Seytodes nigrolineata characters BÖSENBERG and STRAND Abh. Senckenb. Ges. **30** (114) pl. vi ff. 62, 71 pl. xii 267 pl. xv f. 441.—*S. subthoracica* (10) *camerunensis* (42) Cameroons, *suffusa* (13) East-Africa **spp. n.** STRAND Stuttgart, Jahreshefte Ver. Natk. **62**.

DYSDERIDAE.

Ariadna lateralis Karsch (118) pl. vi f. 63 pl. xv ff. 433, 434, *orientalis* (119, 376) pl. vi f. 59 **sp. n.**, Japan BÖSENBERG and STRAND Abh. Senckenb. Ges. **30**.—*A. taprobatica* Ceylon *nebulosa* Madura *oreades* Ceylon **spp. n.**, SIMON Paris, Ann. soc. ent. **75** (280).—*A. viridis* **sp. n.** South-west Africa STRAND, Stuttgart, Jahreshefte Ver. Natk., **62** (45).

Dysdera argaiea (120) pl. iv f. 2 *asiatica* (121) pl. iv f. 3 *montana* (122) *longimandibularis* (123) pl. iv f. 4 **spp. n.** Asia Minor NOSEK Wien, Ann. Nat. Hist. Hofmus. **20**.—*D. römeri* **sp. n.** Somaliland, STRAND Zool. Anz. **30** (668).

II.—SUBJECT INDEX.

N.B.—For full reference go to Titles.

GENERAL.

Gliederfüssler: Arthropoda. H. G. Bronn's Klassen u. Ordnungen des Tier-Reichs, Bd. 5, Abt. 2, Lfg 75-77.) (175-215) Taf.; **Verhoeff, 4.**

STRUCTURE.

Morphology of *Myriopoda*; **Hennings, 1, 3.**

Morphology of *Diplopoda*; **Verhoeff, 3.**

Coxo-pleural sclerites of *Chilopoda*; **Verhoeff, 1.**

Tömösvary's organ in *Myriopoda*; **Hennings, 2.**

PHYSIOLOGY.

Phagocytosis in *Diplopoda*; **Bruntz, 1, 2.**

Experiments on secretions of *Spirobolus marginatus*; **Melander and Brues.**

(Experiments on ventral nerve-cord of *Myriopoda*; **Carlson.**)

(Hermaphroditism in a myriopod; **Chalande, 3.**)

DEVELOPMENT.

(Spermatogenesis of *Scutigera forceps*; **Medes.**)

Young of *Scutigerella*; **Williams.**

ETHOLOGY.

Sporozoan parasites of *Glomeris*; **Léger and Duboscq.**

Caves of Besses-Alpes; **Peyerimhoff.**

GEOGRAPHICAL.

Europe, *Diplopoda* spp. and subspp. n.; **Verhoeff, 2.**

Europe, *Diplopoda* subspp. and varr. n.; **Verhoeff, 3.**

Kanin Peninsula, N. Russia, *Myriopoda* 4 spp. n.; **Muralewitsch.**

Crimea; **Lignau.**

British Isles, Hampshire, Cumberland, Norfolk, Surrey, Somerset, *Myriopoda*; **Pocock, 1.**

Botanic Gardens, Kew, *Myriopoda* and *Diplopoda*; **Pocock, 2.**

Nottinghamshire, *Myriopoda*; **Carr.**

Scotland, St. Kilda, *Myriopoda*; **Evans.**

France, *Myriopoda*; **Chalande, 1,**

(France, *Myriopoda*; **Chalande, 2, 4.**)

(France, *Julus* 4 spp. n.; **Ribaut, 2.**)

(France, *Diplopoda* 2 spp. n., 2 subspp. n.; **Brölemann, 6.**)

Basses-Alpes, *Myriopoda*; **Peyerimhoff.**

Switzerland, *Paurododa*; **Carl, 1.**

Asia Minor, *Myriopoda* gen. and spp. n.; **Attems.**

(Indo-China, *Diplopoda*; **Brölemann, 3.**)

Sumatra, *Diplopoda* 4 spp. n.; **Carl, 2.**

Malay Peninsula, *Diplopoda* 1 gen. n.; **Verhoeff, 3.**

Maldives and Laccadives, *Myriopoda*; **Pocock, 3.**

French Sudan, *Myriopoda* 4 spp. n. 1 var. n.; **Brölemann, 1.**

Togoland, *Spondononema camerunense*; **Poche.**

Cameroons, *Myriopoda*; **Sjöstedt.**

Gulf of S. Lawrence, Anticosti Is., *Myriopoda*; **Schmitt**.

Colorado, *Lithobius* sp. n.; **Chamberlin**.

(Costa Rica, *Myriopoda* gen., spp. and var. n.; **Brölemann**, 7.)

Guatemala, *Myriopoda* 7 spp. n.; **Brölemann**, 2.

(Guatemala, *Myriopoda*; **Brölemann**, 4.)

III.—SYSTEMATIC.

Myriopoda, classification and morphology **HENNINGS** Zool. Ann., Würzburg, 2, 1906, (47-70); Zs. wiss. Zool., 80, (576-641) 2 Taf.; Review of recent literature **HENNINGS**, Zool. Centralbl., 13 (1-31); Species of France **CHALANDE** Toulouse, Bul. Soc. hist. nat., 36, (65-69); 38 (46-79) with pl.; 39 (79-154); of the Crimea **LIGNAU** Odessa, Mém. soc. nat. 28 (197-199).

Chilopoda.

Chilopoda anatomy and phylogeny, **VERHOEFF** Halle, Nova Acta Leop., 86 (349-501).

Ballophilus maldicensis sp. n. Maldives Pocock Fauna Maldive 2 (1042).

Chromatanops gen. n. for *Cryptops bivittatus* Pocock **VERHOEFF** Halle, Nova Acta Leop. 86 (389).

Cyclorhabdus contortus sp. n. Guatemala **BRÖLEMANN**, An. Mus. San Salvador 3 (6).

Lithobius (*Pleuroolithobius*) *argaeensis* sp. n. Asia Minor **ATTEMS** Wien, Ann. Nat. Hist. Hofmus. 20 (164). — *L. eaninensis* (66) *fallax*, *ignotus* (68) *L. litoralis* (67) spp. n., Kanin peninsula **MURALEWITSCH**, Zool. Anz., 30. — *L. guatemalae* sp. n. Guatemala **BRÖLEMANN**, An. Mus. San Salvador 3 (4). — *L. harrietae* sp. n. Colorado **CHAMBERLIN**, Philadelphia, Proc. Acad. Nat. Sci., 58, (3-4).

(*Lithobius vulcani costaricensis* var. n. Costa Rica **BRÖLEMANN** Paris, Ann. soc. ent. 74 (339))

Scutigera *immaculata* young stages, **WILLIAMS** Science, New York, N.Y. 23 (527).

Sphendononema camerunense Togo-land not Cameroons **POCHE**, Zool. Anz., 30, (567-568).

Trigonocryptops gen. n. for *Cryptops gigas* Krpl., *bottegi* Silv., *numidicus* Luc. **VERHOEFF** Halle, Nova Acta Leop. 86 (390).

Diplopoda.

Diplopoda morphology **VERHOEFF** Arch. Naturg. Berlin 72 Bd. 1 (107-226).

(*Acanthiulus* defined **BRÖLEMANN** Paris, Ann. soc. ent. 72 (469-477) pl. viii ff. 5, 6.)

(*Aceratophallus unicolor lamellifer* var. n. Costa Rica **BRÖLEMANN** Paris, Ann. soc. ent. 74 (346) pl. viii ff. 1-5.)

(*Blaniulus serrula* sp. n. Basses-Alpes **BRÖLEMANN** Feuille jeunes natural. 35 (1) ff. 76-78.)

Brachyiulus (*Chromatiulus*) *pentheri* (165) pl. viii ff. 1-3 *annulatus* (165) pl. viii ff. 4-7 spp. n. Asia Minor **ATTEMS** Wien, Ann. Nat. Hist. Hofmus. 20.

(*Colobodesmus* gen. n. *bidleyi* sp. n. Costa Rica **BRÖLEMANN** Paris, Ann. soc. ent. 74 (347-350) pl. viii ff. 8-12, pl. ix ff. 13, 14.)

(*Epinannolene bicornis* sp. n. Costa Rica **BRÖLEMANN** Paris, Ann. soc. ent. 74 (356) pl. ix f. 16.)

Fontaria characters (8, 9) *violaeae* sp. n. (10) Guatemala **BRÖLEMANN** An. Mus. San Salvador, 3.

Gerraisia anatomy of genus, *cultrifera* (810) *noduligera* (812) spp. n. *noduligera styrica* (812) *acytula transylvanica*, *multiclavigera declivis* (811) subspp. n. Europe **VERHOEFF** Zool. Anz. 30.

Glomeris hexasticha Brandt, *boleti* (124, 139), *eimeri* (139), *bosniensis*, *calcivaga*, *rabensteinensis*, *theresiaae*, *quercivora*, *mareomannia* (140), subspp. n., *connexa* C.K., *fagivora* (153), *scutolimbata* (157), subspp. n., *formosa* Latz. *mirzelae* (159) subsp. n., *conspersa* s.l. *albauensis* (166) subsp. n.; *dorsosanguine* (178), *rugifera* (187), spp. n. Europe **VERHOEFF** Arch. Natg. Berlin 72. Bd. 1.

Julus londinensis finitimus var. n., **RIBAUT**, Bul. soc. hist. nat., 37, (48-52) av. fig.

(*Julus* (*Leptoiulus*) *garumnienus*, (*Cylindroiulus*) *chalandei*, *lignicola*, (*Leucoiulus*) *spinus*, spp. n. France RIBAUT, Toulouse, Bul. Soc. hist. nat., **37**, 1901, (15-27).)

(*Julus* (*Cylindroiulus*) *allobrogicus turinensis* subsp. n. France BRÖLEMANN Feuille jeunes natural. **35** (6) ff. 81, 82.)

(*Julus* (*Typhloiulus*) *scutellorum* sp. n. France BRÖLEMANN Feuille jeunes natural. **35** (5) ff. 79, 80.)

Leptodesmus rodriguezi sp. n. Guatemala BRÖLEMANN, An. Mus. San Salvador **3** (11).

Odontopyge dilatata (201) *conani* (203) pl. iv ff. 1-5 *falamica* (206) spp. n. French Sudan BRÖLEMANN Paris, Mém. soc. zool. **18**.

Platyrachus nitidus sp. n. Guatemala BRÖLEMANN, An. Mus. San Salvador **3** (6).

(*Platydesmus lankesteri* sp. n. Costa Rica BRÖLEMANN Paris, Ann. soc. ent. **74** (354) pl. ix f. 15.)

(*Platyrrhacus stenopterus* sp. n. Costa Rica BRÖLEMANN Paris, Ann. soc. ent. **74** (343).)

Rhamphidoiulus gen. n. *bujukderensis* sp. n. Asia Minor ATTEMS Wien. Ann. Nat. Hist. Hofmus. **20** (166) pl. viii ff. 8-10.

Rhinoericus obesus sp. n. Guatemala BRÖLEMANN An. Mus. San Salvador, **3** (78).

Rhopalomeris gen. n. *Rhopalomerinae* sub. fam. n. for *Glomeris bicolor*, Wood Salanga Is., Malay Peninsula VERHOEFF Arch. Naturg. Berlin **72** (188-194).

Siphonotus gardineri sp. n. Laccadives Pocock Fauna Maldive **2** (1045).

Sphaeropeus relictus (232) pl. xvii ff. 19-22 *volzi* (233) pl. xvii ff. 7-11 *cinctus* (235) pl. xvii ff. 23-26 spp. n. Sumatra CARL Zool. Jahrb. Syst. **24**.

Spirobolus marginatus Say, experiments on secretions MELANDER and BRUES Milwaukee, Bull. Wis. Nat. Hist. Soc. **4** (26-28).

Spirostreptus lugubris Brölem. *sudanica* var. n. (208) pl. iv ff. 6, 7 *contortus* sp. n. (209) pl. v French Sudan BRÖLEMANN Paris, Mém. soc. zool. **18**.—*S. rodriguezi* sp. n. Guatemala BRÖLEMANN An. Mus. San Salvador **3** (75).—(*Spirostreptus* (*Scaphiostreptus*) *typotypyge* sp. n. (359) pl. ix f. 17 *palmensis* subsp. n. (362) pl. ix f. 18 *omalopyge* (365) pl. ix f. 19 Costa Rica BRÖLEMANN Paris, Ann. soc. ent. **74**.)—*S. vittatus*, Newp. (238) pl. xvii f. 4 *rubrocinctus*, Poc. (239) pl. xvii f. 14 *javanicus*, Brdt. (240) pl. xvii ff. 1-3 *coelestis*, Silv. (241) pl. xvii ff. 12, 13 Sumatra CARL Zool. Jahrb. Syst. **24**.

Trachelomegalus sumatranus sp. n. Sumatra CARL Zool. Jahrb. Syst. **24** (243) pl. xvii ff. 15-18.

(*Trichoblaniulus hirsutus cavernicola* subsp. n. Basses-Alpes BRÖLEMANN Feuille jeunes natural. **35** (1) ff. 74, 75.)

Trigoniulus scaphurus sp. n. Maldives Pocock Fauna Maldive. **2** (1044) f. 154.

Pauropoda.

Pauropoda in Switzerland CARL Arch. Sci. Phys., Genève **22** (407).
