"YOSHINO" (Yedoensis) on the Tidal Basin

The Japanese Cherries at Washington, D.C.

THOUSANDS of people journey to Washington every spring to see the Cherry Blossoms in Potomac Park between Washington's Monument and the Lincoln Memorial. Each one of them is a potential buyer of Japanese Cherry Trees. The mere mention of them brings back memories of the lovely pictures made by the blossoming trees, the blue skies, the bud-green of a Southern spring, and the exquisite reflections in the water. Everyone who has seen them has a deep desire to possess the same thing for himself.

Even those who have never made the Cherry Blossom pilgrimage have heard of the trees which the Japanese people gave to our Government in Washington, and are curious, and even eager, to know about them. They also will buy.

Commercial stocks of Japanese Cherry Trees have been scarce, but this year we can supply them in abundance in numerous varieties.

For assortment and prices see "Ornamental Trees"

Roses

GRADES. For early fall delivery we offer No. 1 grade only. For late fall and spring delivery we can supply No. 1½ (Medium) grade at 30% off and No. 2 grade at 50% off these prices. The following prices apply on 2-yr. No. 1 grade:

Ramblers and Climbers

	(a) On own roots	(b) Budded		
b Alida Lovett. A splendid, large-flowered, light shell-pink climber, lighter than Mary Wallace and a rapid, vigorous grower.			Per 10	Per 100
o American Pillar. Tremendous growth and glossy, permanent foliage. Flowers single, brilliant pink with a white eye, borne in clusters as large as your head. The most popular single-flowered climber.			\$3 00	\$25 00
ob Aviateur Blériot. Buds orange, pink, and apricot; flowers double, medium size, pale yellow to white. Foliage of the handsomest. Growth moderate. One of the most highly regarded yellow climbers.			2 00	18 00
o Baltimore Belle. An old sort, still admired by many. The flowers are light pink and cream. Growth tall and rapid.			3 00	25 00
b Bess Lovett. Large, well-shaped blooms of bright, light crimson. Much more vigorous and generally more satisfactory than Climbing American Beauty.			2 50	20 00
ob Christine Wright. A moderate-growing variety of the Alida Lovett and Mary Wallace type, but is the first climber to bloom. It sometimes bears flowers in summer and autumn. A favorite sort with many growers.			3 00	25 00
ob Climbing American Beauty. Extremely beautiful large buds and flowers of bright purplish crimson. A moderate grower. Best grown as a pillar Rose.			3 00	25 00
b Climbing General MacArthur. A climbing sport of the Hybrid Tea of the same name. Bright red blooms, borne freely in June and occasionally thereafter. Moderate vigor.			3 50	32 00
b Climbing Gruss an Teplitz. Vigorous, branching grower, bearing continually bright crimson flowers like the bush Rose of the same name. One of the most satisfactory where the seasons are not too severe.			3 50	32 00
b Climbing Lady Ashtown. A splendid, hardy, climbing Hybrid Tea Rose with exquisite, pointed blooms of vivid pink. This is the best climber of its type.			3 50	32 00
b Climbing Lady Hillingdon. Beautiful, large flowers of apricot and saffron-yellow. The plant is very vigorous where the winters are not too severe. It blooms all the time.			3 50	32 00
b Climbing Los Angeles. The same beautiful salmon and gold flowers as the dwarf, but of strong, healthy growth.			3 50	32 00
b Climbing Souvenir de la Malmaison. Pale flesh-pink, very double flowers, borne freely throughout the season. A very strong climber in mild climates.			3 50	32 00

NOTE. While our main nurseries are at Newark, N. Y., and most of our stock is shipped from there, we do maintain a branch at Shiloh, N. J., and a number of items are dispatched from that point.

Since this may mean a considerable saving in freight charges to some of our customers, we direct their attention to the list of material offered for shipment from Shiloh, beginning on page 39.

RAMBLER AND CLIMBING ROSES, continued

	Per 10	Per 100
b Climbing Sunburst. Like the bush Rose of the same name, but a vigorous climber. Flowers fine, sunny yellow.	\$3 50	\$32 00
ob Crimson Rambler. The old favorite, with large heads of very gay, small, scarlet-crimson flowers. Recommended for large specimen bushes and hedge-rows.	2 00	18 00
ob Dorothy Perkins. Graceful, twining growth of great vigor. Flowers soft shell-pink, small, crinkly, in great clusters.	2 00	18 00
ob Dr. W. Van Fleet. Large flowers of exquisite pale pink on fine, long stems. Extremely vigorous, and has marvelously fine foliage. One of our most popular of all climbers.	3 00	25 00
b Emily Gray. The most beautiful yellow climber, with large golden buds and blooms which do not fade. The foliage is glossy, pointed, and holly-like. Growth very vigorous.	4 00	35 00
ob Eugene Jacquet. Vigorous, upright grower, bearing large clusters of bright cherry-red, double flowers which last a long time.	3 00	25 00
ob Excelsa. Bright crimson flowers in large clusters. Very vigorous and hardy. Preferred by many to Crimson Rambler, and generally called "Red Dorothy Perkins".	2 00	18 00
ob Flower of Fairfield. Much like Crimson Rambler, but bears occasional flowers in summer and autumn. Frequently called Everblooming Crimson Rambler.	3 00	25 00
b Gardenia. One of the strongest growers, with beautiful glossy foliage. Buds rich creamy yellow and open flowers yellow at first. Very popular among the yellow climbers.	3 00	25 00
b Glenn Dale. A new Van Fleet variety with lemon-white buds and blooms of exquisite shape. A splendid grower and most profuse-flowering variety, that is destined to achieve great popularity in the white climber class.	4 50	40 00
o Heart of Gold. Slender but very vigorous, with beautiful, waxy foliage and clusters of large, single, blackish scarlet flowers with white and gold centers.	3 50	30 00
b Hiawatha. Similar to Heart of Gold in habit, but flowers are smaller and much brighter. One of the finest and showiest red climbers.	2 00	18 00
o Lady Gay. Very much like Dorothy Perkins, but occasionally blooms in summer and fall.	2 00	18 00
b Le Reve. The long-wanted, absolutely hardy, unfading yellow climber. Flowers very large, semi-double, vivid golden yellow both in bud and open. Foliage dark and glossy; growth very vigorous. Superior in color to Gardenia, Goldfinch, and others of that type, and much harder than Emily Gray.	4 50	40 00
b Marechal Niel. Lovely, lemon- and golden-yellow flowers on a strong climbing plant. Suitable for mild climates only.	4 00	35 00
b Marie Gouchaut. Early-flowering, of Dorothy Perkins type. A fine forcing Rose, with flowers of brilliant light red and salmon-pink.	5 50	50 00
b Mary Lovett. Large, camellia-like flowers of pure snowy white. A very vigorous grower and one of the finest of its color.	3 00	25 00
ob Mary Wallace. The outstanding large-flowered pink climber. Very brilliant and invariably satisfactory. Growth is enormous and rapid, and the long-stemmed blooms make good cut-flowers.	3 00	25 00
ob Paul's Scarlet Climber. The most popular red-flowered climber of the day. Flowers large, well-shaped vivid red, brighter than Crimson Rambler. Growth moderate.	3 00	25 00
b Primrose. New hardy yellow climber with double, canary-yellow flowers in great profusion. Lighter than Le Reve and more double. Much harder than Emily Gray. We believe it is the most satisfactory yellow climbing Rose for the North. It is very new and everyone who has it is enthusiastic over its merits.	5 50	50 00
ob Roserie. Exactly like Tausendschön, except that it is several shades darker pink.	3 00	25 00
o Silver Moon. The favorite white climber. Flowers semi-double, very large, with brilliant yellow stamens. Growth even more vigorous than American Pillar. Foliage perfect.	3 00	25 00
ob Source d'Or. Double yellow flowers much like Aviateur Blériot, but considered somewhat harder.	3 00	25 00
b Star of Persia. A rival of Le Reve, which it much resembles, and preferred by some.	4 50	40 00
ob Tausendschön. Vigorous, thornless plant bearing large clusters of medium-sized flowers varying from creamy white to soft pink. One of the most charming and most popular climbers. Sometimes called "Thousand Beauties".	2 00	18 00
o Trier. Moderate grower with large clusters of small, creamy white flowers. Frequently blooms in autumn.	2 00	18 00
o Veilchenblau. Rosy purple buds and flowers turning grayish blue. Extraordinarily vigorous and decidedly unusual in color. Usually called the "Blue Rambler".	3 00	25 00
o White Dorothy. Like Dorothy Perkins, except that the flowers are white. The best double, small-flowered white climber.	2 00	18 00
o Wichuraiana. The wild Rose from Korea which is the ancestor of most climbers. A fine ground-cover with glossy leaves and clusters of starry white flowers late in the season.	2 00	18 00

Moss Roses

(b) Budded

	Per 10	Per 100
b Blanche Moreau. The charming old white Moss Rose with a pale pink heart.	\$3 00	\$25 00
b Crested Moss. Beautiful pink buds and blooms with a feathery, hooded calyx.	3 00	25 00
b Gracilis. One of the oldest and finest. Dark, rich pink, mossy buds.	3 00	25 00
b Henri Martin. The best red Moss Rose.	3 00	25 00
b Princess Adelaide. Very fine grower with large, pink flowers and rich, abundant moss.	3 00	25 00
b Salet. Fine rose-pink, and if well-treated blooms in autumn also.	3 00	25 00
b White Moss. The fine pure white Moss of old-time gardens.	3 00	25 00

Dwarf Polyantha or "Baby" Roses

	(o) On own roots	(b) Budded	Per 10	Per 100
ob	Baby Rambler. The original, light crimson sort with fine heads of small flowers.		\$3 00	\$25 00
b	Baby Tausendschön. A dwarf, everblooming form of Tausendschön. Very pretty and prolific.		3 00	25 00
b	Brilliant Echo. Improved Echo; like Roserie in color.		5 50	50 00
b	Cécile Brunner. Small, perfectly formed, pink and gold buds and flowers like tiny Tea Roses. Very popular and always in demand.		3 00	25 00
b	Chatillon Rose. Vivid light salmon-pink, semi-double flowers in enormous heads. Lasts a long time and is extremely prolific. Undoubtedly one of the finest.		4 00	35 00
b	Clotilde Soupert. An old-time Polyantha with large, camellia-like flowers of rosy white tinted with pink in the center.		3 50	30 00
ob	Echo. A soft pink, dwarf sport of Tausendschön, with the same lovely, frilly flowers. Very free-flowering.		3 00	25 00
ob	Ellen Poulsen. Very popular, small-flowered type of soft rose-pink. Vigorous, healthy, and very free-flowering.		3 00	25 00
	Erna Teschendorff. A very popular bright red sort, much brighter than the original Baby Rambler.		3 00	25 00
b	Eva Teschendorff. Dwarf grower with large, frilled, snow-white flowers tinted green. Very dainty.		4 00	35 00
	George Elger. A delicately beautiful variety shaped like Cécile Brunner, but soft golden yellow in bud and paler in open flower.		3 00	25 00
b	Golden Salmon. New. Large clusters of striking reddish orange buds and blooms of most amazing color. The compact bushes bloom continually and make a fine mass effect. Attracts unlimited attention and admiration.		5 00	45 00
b	Greta Kluis. A bright crimson sport of Baby Tausendschön of the same type in flower and habit.		3 00	25 00
b	Gruss an Aachen. Large flowers like Hybrid Teas, orange-pink in bud, paling to soft salmon-pink and white on opening. This is one of the most remarkable Roses in the world and is unrivaled for mass bedding or edging purposes. It is continually in flower and suffers from no diseases.		3 00	25 00
ob	Ideal. Really the finest dark red—darker, more even color than Miss Edith Cavell. Flowers small and in gigantic clusters.		4 00	35 00
o	Jeanne d'Arc. Pure white flowers in large clusters.		3 00	25 00
o	Katharina Zeimet. Much the same, but flowers are smaller and more freely produced. A fine edging variety.		3 00	25 00
ob	La Marne. Nearly single, bright pink flowers in enormous trusses. The pale centers are brightened with yellow stamens. Very vigorous and suitable for large beds, edging, or low hedges.		3 00	25 00
b	Lady Reading. A bright, light red sport of Ellen Poulsen with all the good traits of that popular variety.		4 00	35 00
ob	Miss Edith Cavell. Brilliant crimson, with white center. Flowers small, in very large bunches. Free grower and bloomer.		3 50	30 00

More New Jersey Roses. Left to right: Rudolph Kluis, Golden Emblem, Lady Pirrie, Lady Ursula, Mrs. C. W. Edwards, Robert Huey, Grange Colombe. Photographed July 30, 1929.

Another view of our New Jersey Hybrid Teas showing Betty Uprichard, Lady Margaret Stewart, Mrs. A. R. Barraclough, and Pink Beauty. Photographed July 30, 1929.

All of our Hybrid Teas at Shiloh are budded on Multiflora japonica understocks

DWARF POLYANTHA OR "BABY" ROSES, continued

	Per 10	Per 100
b Mme. Anth. Kluis. A brilliant crimson-scarlet form of Orléans, with a distinct orange undertone. Very showy and satisfactory in every respect.....	\$4 50	\$40 00
b Mrs. W. H. Cutbush. Soft pink flowers in clusters, like a dwarf, everblooming Dorothy Perkins.....	3 00	25 00
b Orléans. The most popular light red sort for many years. Fine, bushy plants crowded with clusters of small flowers all season.....	3 00	25 00
ob Scarlet Leader. A very recent sport of Orléans, with larger, fuller flowers of unfading, blazing orange-red. Plants vigorous and productive.....	4 50	40 00
b Suzanne Miller. Another Orléans sport with bright, fadeless cherry-red blooms. Withstands both hot and rainy weather without damage.....	4 50	40 00
ob Triomphe Orléanais. One of the earlier improvements on Orléans with more profuse and brighter bloom.....	3 00	25 00
ob Yvonne Rabier. Fine, bushy plants with abundant foliage and great quantities of medium-sized white blooms. A fine edging variety.....	4 00	35 00

Tea, Hybrid Tea and Everblooming Roses

(a) On own roots

(b) Budded

(Varieties on own roots 7 cts. less)

o Alexander Hill Gray. White, tinted lemon and gold. A superb Tea Rose for mild climates..	3 50	32 00
b America. Bright pink variety of the Columbia type.....	3 50	32 00
ob American Legion. A popular bright red variety with long stems.....	3 50	32 00
b Angèle Pernet. The most brilliantly colored orange-yellow Rose in existence.....	4 50	40 00
b Angelus. Large, creamy white blooms of exquisite shape, very freely produced.....	3 50	32 00
b Antoine Rivoire. Very double, flat flower of creamy white with lilac shading at the center. A very dependable and popular variety.....	3 50	32 00
b Arthur R. Goodwin. Bright orange bud and large, loose, orange-pink flower.....	3 50	32 00
b Aspirant Marcel Rouyer. A stiff, wiry grower with long-pointed buds and exquisitely shaped blooms of orange and pale yellow. Very free-flowering and vigorous.....	4 00	35 00
o Augustine Guinoisseau. A popular old Rose of the La France type but pure silvery white..	3 50	32 00
b Betty. A very popular, vigorous Rose with large, handsome foliage and very long, coppery buds which open to soft pinkish yellow flowers of great size. Splendid for massing in large beds.....	3 50	32 00
b Betty Uprichard. One of the finest new Roses, with brilliant copper-red buds and semi-double, salmon-pink flowers stained with copper-pink on the outside. It is a profuse bloomer and one of the outstanding varieties in commerce.....	4 50	40 00
b Briarcliff. The most recent and the best sport of Columbia. Fine, handsome flowers of the even shade of silvery rose-pink.....	3 50	32 00
b Charles K. Douglas. A very fine bright red bedding Rose which is becoming very popular as its merits are known. The flowers are large, semi-double, brilliant light crimson with a scarlet undertone, and are produced in great numbers throughout the season.....	3 50	32 00
b Charles P. Kilham. The finest variety on the market of the Mme. Edouard Herriot color. The very double flowers are blazing scarlet-orange at first and open bright orange-pink with fiery centers. Good grower, free-flowering, and excellent both for bedding and cutting.....	8 00	75 00
b Chateau de Clos Vougeot. The ever-popular, almost black Rose which everybody likes so tremendously. The plants are low and spreading, every shoot tipped with a glowing blackish scarlet bloom of marvelous fragrance.....	4 00	35 00
b Clara Watson. Fine, pointed blooms of pearly white, tinted with peach-color in the center..	3 50	32 00
b Columbia. Popular greenhouse variety which does well outdoors, producing long-stemmed, pointed flowers of vivid pink throughout the entire season.....	3 50	32 00
b Constance. Splendid golden yellow buds stained with crimson outside, opening to large, full, rich sunflower-yellow which does not fade.....	4 00	35 00
b Courtney Page. Beautifully shaped blooms of bright scarlet-crimson, overlaid with a fine velvety sheen. Intensely fragrant.....	5 50	50 00
o Crimson Queen. Showy, cupped flower of bright crimson on long, strong stems.....	3 50	32 00
b Cuba. Tall plants with excellent foliage, producing enormous, semi-double blooms of blazing red-orange. Preferred to Padre by many.....	4 50	40 00
b Dame Edith Helen. One of the largest and most perfectly shaped pink Roses known. Blooms abundantly, with long, strong stems, and the flowers resemble a perfectly shaped, bright pink Francis Scott Key. It has attracted abundant praise and unstinted admiration everywhere.....	5 50	50 00
b Dean Hole. Well-shaped flowers of light rose-pink, with old-gold tints at the base of the petals.....	3 50	32 00
b Diadem. Copper-pink flowers, held erect on stiff stems.....	4 50	40 00
b Doris Trayler. Tall, vigorous growth and long-pointed, orange-yellow buds and blooms. A splendid new yellow Rose of the Feu Joseph Looymans type.....	4 50	40 00
b Dorothy Page-Roberts. Large, copper-pink buds and flowers suffused with apricot-yellow..	3 50	32 00
b Double White Killarney. A splendid pure white form of the always popular Killarney, with a few more petals than the type.....	3 50	32 00

We cannot undertake to supply long and much assorted lists of stock calling for only small bundles of each kind, as our business is exclusively wholesale and we do not have the facilities to handle retail orders

One end of our Newark Block of Roses showing Hybrid Teas. The plants are very good, and larger than they appear. Photographed from an elevation

TEA, HYBRID TEA AND EVERBLOOMING ROSES, continued

	Per 10	Per 100
b Duchess of Atholl. Sturdy, very vigorous bushes, bearing firm, brilliant red flowers of great substance and unparalleled beauty throughout the season. This Rose has been awarded the highest honors wherever it has been properly shown.	\$ 50	\$50 00
ob Duchess of Wellington. A low-spreading but vigorous grower with long, saffron-yellow buds opening to very large light yellow flowers. Always popular and in great demand.	4 00	35 00
o Ecarlate. A fine bedding or low hedge Rose of great vigor, with splendid foliage and innumerable brilliant vermilion, semi-double flowers from spring until frost.	3 50	32 00
b Edel. Splendidly shaped, large, very double white flowers of exquisite texture. Plants vigorous and healthy.	3 50	32 00
b Edith Nellie Perkins. A handsome new variety with long-pointed buds of rich orange-pink, opening to fine salmon-pink blooms with a golden underglow. Very fragrant.	8 00	75 00
b Edward Mawley. The popular old variety with bright crimson, cupped flowers.	3 50	32 00
b Eldorado. Splendid, vigorous plants with large, solid, golden yellow buds, opening to very double, handsome, bright yellow blooms. One of our finest yellow Roses and becoming increasingly popular as its merits are known.	4 00	35 00
b Emile Charles. A vigorous, bushy plant of the Mme. Edouard Herriot type, with brilliant fiery red buds shaded with golden yellow, opening to reddish coral flowers tinted with flame color.	4 00	35 00
b Ethel Somerset. Beautifully shaped buds and flowers of bright shrimp-pink.	5 50	50 00
b Etoile de Feu. The handsomest bright orange-pink of its type. Much better than Louise Catharine Breslau, Gorgeous, and Arthur R. Goodwin. The plants are very vigorous, low and branching, with healthy foliage, and steadily produces large, blazing blooms of amazing intensity of color.	4 50	40 00
b Etoile de France. Bushy plants with large, dark crimson blooms. Has long been popular and in great demand.	3 50	32 00
b Etoile de Hollande. The finest red bedding Rose for general purposes, having great vigor and floriferousness. Its gigantic flowers are brilliant scarlet and are produced with great freedom throughout the season. This is unquestionably the best and most popular red Hybrid Tea Rose in the world.	6 50	60 00
b Everest. A new, very vigorous variety with enormous flowers of clear ivory-white, intensely fragrant, and remarkable because of their gigantic size. Resembles the Hybrid Perpetuals in habit and may be grown as a pillar.	5 50	50 00
b Feu Joseph Looymans. Stiff, erect plants with splendid, glossy foliage and extremely long-pointed buds of glowing apricot and old-gold, opening to large, richly tinted yellow blooms of splendid form and fragrance. One of the finest new Roses.	5 50	50 00
b Florex. A very bright, glowing pink Rose of the Columbia type.	3 50	32 00
b Francis Scott Key. Giant, wonderfully shaped, extremely double flowers of brilliant crimson. Especially fine in dry seasons and late in the autumn.	3 50	32 00
b Frank Reader. Bright yellow buds and creamy yellow flowers of the Ophelia type, with a fine, free-growing and free-blooming habit.	4 50	40 00
b Frau Karl Druschki. Very vigorous growth, with gigantic white buds and blooms. A Hybrid Perpetual, but the most popular white Rose in existence.	3 50	30 00
ob General MacArthur. Erect, free-growing plants, with good foliage and an abundance of bright scarlet bloom.	3 50	32 00
ob General-Superior Arnold Janssen. Tall, long-stemmed plants, with double, deep glowing pink or light red blooms of splendid substance and lasting quality.	3 50	32 00

TEA, HYBRID TEA AND EVERBLOOMING ROSES, continued

	Per 10	Per 100
b Georg Arends. A sturdy, wiry-stemmed Hybrid Perpetual, with very large, soft pink flowers of the Frau Karl Druschki type. Generally conceded to be the most beautiful pink Rose in the world.	\$3 50	\$30 00
b George C. Waud. Bushy, floriferous plants, with large, very double, bright red blooms, slightly shaded with vermilion. A splendid bedding variety.	3 50	32 00
b Golden Emblem. The most beautifully shaped, rich, unfading yellow Rose, with large, dark, polished foliage.	4 00	35 00
b Golden Pernet. See Julien Potin.		
b Georgous. Low, bushy plants; bright orange-pink flowers.	3 50	32 00
b Grange Colombe. Very bushy, vigorous plants, with excellent foliage and large, well-shaped, creamy white blooms tinted with fawn. A superb old variety unsurpassed by many later introductions.	4 00	35 00
ob Gruss an Teplitz. Erect, bushy plants 3 to 4 feet high, covered throughout the season with an abundance of small blackish scarlet blooms in clusters. One of the most popular and valuable Roses known, especially for large beds, borders, or hedge purposes.	3 50	32 00
b Hadley. Straight-stemmed plants with well-shaped, velvety crimson blooms.	3 50	32 00
ob Hermosa. Strong, bushy plants reaching a height of 3 to 4 feet, covered with an abundance of perfectly shaped, fragrant flowers of an exquisite shade of soft rose-pink. An old variety which is unexcelled for bordering or low hedge purposes. Always in bloom.	3 50	32 00
b Hoosier Beauty. Vigorous, erect plants with large, velvety crimson blooms throughout the season.	3 50	32 00
b H. V. Machin. Robust, stiff-stemmed plants with large, globular, bright crimson flowers.	3 50	32 00
b Imperial Potentate. One of the finest new brilliant pink Roses. Very vigorous grower of free-flowering habit.	4 00	35 00
b Independence Day. Spreading, bushy plants. Brownish orange buds, opening to large, semi-double, vivid apricot-yellow flowers. A bed of it always make a glorious display of color.	4 00	35 00
b Irish Charm. A new introduction from Ireland, with beautifully shaped blush-pink blooms, richly shaded with apricot and gold.	4 00	35 00
b Irish Fireflame. Five-petaled flowers of brilliant orange-pink, somewhat on the Los Angeles shade.	3 50	32 00
b Irish Hope. A new variety with maroon-crimson buds opening to large, crimson-scarlet, fragrant flowers of fine lasting qualities. We believe it is one of the finest new red Roses.	4 00	35 00
b Ivy May. A new Rose from England which has shown up remarkably well in our trials and under field-culture. The long-pointed buds open to double, rose-pink blooms, shaded with amber at the base of the petals and suffused with golden yellow at the back and on the edges. We think it is a very fine thing.	5 50	50 00
b John Cook. A dwarf, bushy grower and very floriferous. Very useful as a bedder. The flowers are much like La France—bright rose and silvery pink. Very fine.	5 50	50 00
b John C. M. Mensing. One of the most attractive Roses of the Ophelia type, a shade darker than Mme. Butterfly.	5 50	50 00
b John Russell. A vigorous grower of almost Hybrid Perpetual habit, with large flowers borne singly on the top of strong stems. It is rich crimson-scarlet, shaded with black, and at all stages of the bloom is one of the most perfectly formed flowers we have ever seen. It blooms with us continuously from June until frost.	5 50	50 00
ob Jonkheer J. L. Mock. A gorgeous, very double, brilliant pink variety shaded darker on the outside of the petals. One of the handsomest Roses grown and attracts admiration wherever seen.	3 50	32 00
b J. Otto Thilow. One of the finest new Roses of recent years. Dark pink, well-formed flowers shaded with gold and amber.	4 00	35 00
b Julien Potin. This is the Rose which was introduced to the greenhouse trade several years ago as Golden Pernet. It is a fine grower, slightly richer in color than the original Pernet, with more and better-placed petals, and never shows the black center which disfigured the older Rose. We believe it is the most promising of the new yellow varieties which we have tested thoroughly.	5 50	50 00
b Juliet. A strong-growing Hybrid Perpetual type, with large, pointed blooms of old-gold and bright crimson-pink.	3 50	32 00
b K. of K. Strong, bushy plants with semi-double, scarlet star-shaped flowers in great profusion. An excellent bedder.	3 50	32 00
ob Kaiserin Auguste Viktoria. The standard, double, pure white bedding Rose which has been popular and in great demand for many years.	3 50	32 00
b Killarney. An old favorite with splendid, bright pink buds and large, unfading blooms.	3 50	32 00
b Killarney Brilliant. Much like Killarney but so bright a pink that it is almost red.	3 50	32 00
ob Killarney Queen. Has more petals than Killarney and the color lies between Killarney and Killarney Brilliant.	3 50	32 00
b La Champagne. Spreading, bushy plants with large, semi-double, peach-colored blooms slightly shaded darker.	3 50	32 00
b La France. The oldest Hybrid Tea, with lovely, double, pale pink blooms, more deliciously scented than any other. It is still desired by many who remember its unsurpassed fragrance.	3 50	32 00
ob La Tosca. Strong, thornless bushes with large, cup-shaped silvery pink blooms. A fine Rose which merits general popularity.	3 50	32 00

TEA, HYBRID TEA AND EVERBLOOMING ROSES, continued

	Per 10	Per 100
b Lady Alice Stanley. Sturdy, active bushes with distinctive, healthy foliage and large, erect, very double flowers of light silvery pink, darker on the outside of the petals. This is one of the best Roses in the list and has been popular since the day of its introduction.....	\$4 00	\$35 00
b Lady Ashtown. Brilliant, glossy pink flowers of exquisite pointed shape. One of the old stand-bys which is always in great demand.....	3 50	32 00
b Lady Florence Stronge. A new Rose with pinkish yellow buds opening flesh-pink shaded with rose and old gold.....	4 50	40 00
ob Lady Hillingdon. The always-popular, beautiful apricot-yellow Tea Rose, with lovely buds and exquisitely formed open blooms produced continuously.....	3 50	32 00
b Lady Margaret Stewart. Stout, erect plants with immense, copper-orange buds, opening to bright golden yellow flowers of wonderful shape and luscious color. It is a severe rival of Rev. F. Page-Roberts and it would not surprise us to see it become even more popular.....	8 00	75 00
b Lady Pirrie. Tall, very healthy bushes, continuously producing bright copper-pink buds of lovely shape, which open to large, pale bronzy yellow flowers passing to nearly white. Similar in general appearance to Mrs. A. R. Waddell, but a much stronger plant and more beautiful flower. Lady Pirrie is so good that it deserves much wider planting.....	3 50	32 00
b Lady Ursula. Another old stand-by of the highest quality. The bush is very strong and continuously produces its well-shaped, pale pink blooms. Unsurpassed for bedding where a mass of flowers is desired all the time.....	3 50	32 00
b Laurent Carle. A dwarf, sturdy bush with rich purple-crimson buds and velvety pointed blooms. One of the handsomest Roses in existence.....	3 50	32 00
b Lieutenant Chauré. Dwarf, bushy plants with bright red, semi-double blooms produced unceasingly.....	4 00	35 00
b Lord Calvert. One of John Cook's Roses, with brilliant velvety red flowers.....	4 50	40 00
b Lord Charlemont. Glowing scarlet-red flowers of wonderful shape and substance. Preferred by many growers to Etoile de Hollande and we think it one of the best Roses of recent years.....	8 00	75 00
b Los Angeles. Beautifully shaped, fragrant flowers of pale salmon-pink, richly shaded with deep rose and gold. Extremely popular with everyone for its beauty and fragrance.....	4 00	35 00
b Louise Catherine Breslau. Low-spreading plants with brilliant orange-pink double flower..	3 50	32 00
b Luxembourg. A rich yellow Tea Rose which does extremely well throughout the South. Very handsome and valuable for that district.....	3 50	32 00
b Mabel Morse. Dwarf, bushy plants, with fine buds and large, well-shaped, fadeless yellow blooms.....	4 00	35 00
b Maman Cochet. An extremely popular Tea Rose in the South, with bright coral-pink flowers shaded with deep rose.....	3 50	32 00
b Margaret Dickson Hamill. A wiry grower with pointed flowers of creamy yellow tinted with pink.....	3 50	32 00
b Margaret McGredy. A stunning new variety with double, cupped flowers of brick-red, shaded with yellow at the base. The plants are very vigorous and floriferous and have superb, healthy foliage. We believe this new introduction is destined to supersede many almost single varieties of similar color. There is no doubt that it will attain great popularity and be in strong demand for many years to come.....	5 00	45 00
b Marquis de Sinety. A fine old golden yellow and apricot Rose which many people find even more delightful than the newer harder yellow varieties.....	3 50	32 00
b Matchless. Much like Premier, with larger, firmer, and darker flowers.....	3 50	32 00
b Maud Cuming. A bushy plant of exceptional vigor, with tapered buds and large, globular flowers of glowing pink, shaded with coral and yellow.....	5 50	50 00
b Mevrouw G. A. Van Rossem. A startling novelty with vivid orange and apricot buds, opening to brownish yellow flowers, strongly shaded with copper-pink. This new variety has created a decided stir wherever it has been seen, and we believe it will be widely popular in this country.....	25 00	200 00
b Miss Cynthia Forde. One of the old stand-bys, with erect stems, good foliage, and brilliant, double pink flowers unceasingly produced.....	3 50	32 00
ob Miss Lolita Armour. Double, cup-shaped blooms of soft strawberry-pink, shaded with coppery yellow, giving it a unique distinction.....	4 00	35 00
b Miss Rowena Thom. A striking novelty of last year with gigantic blooms of brilliant satiny pink, shaded with orange-flame at the center. It has the enthusiastic approval of all who have seen it and we predict great popularity for it.....	8 00	75 00
b Miss Wilmott. Large, globular flowers with pointed centers. Pure white when opening, but gradually develops peachy pink tints in the middle. We consider it one of the finest white Roses because of its fine blooming qualities in hot weather.....	4 00	35 00
b Mme. Alexandre Dreux. Dwarf, free-flowering bushes with small, intensely yellow flowers which always attract attention. A constant bloomer in the nursery.....	4 00	35 00
b Mme. Butterfly. The finest Rose of the Ophelia type, bright light pink, shaded with gold. Very popular and always in demand.....	3 50	32 00
b Mme. Caroline Testout. A popular pink variety which everybody knows and wants.....	3 50	32 00
b Mme. Colette Martinet. Dainty, little, pointed flower of pale yellow. Attractive for buttonhole use.....	4 00	35 00

TEA, HYBRID TEA AND EVERBLOOMING ROSES, continued

	Per 10	Per 100
b Mme. Edmond Rostand. Pale flesh-pink, shaded with salmon, occasionally tinted with bright orange.	\$4 50	\$40 00
b Mme. Edouard Herriot. The original of all the bright orange-pink varieties and still one of the best. Deserves its wide popularity.	4 00	35 00
b Mme. Jules Bouché. Bushy, erect plants with medium-sized, well-shaped, white flowers, lightly tinted with pink at the center, produced abundantly throughout the season. This is the most dependable white Rose for bedding purposes.	4 00	35 00
b Mme. Jules Grólez. Brilliant, pointed flowers of satiny rose-pink and exquisite shape.	3 50	32 00
b Mme. Léon Pain. Stocky, spreading plants with beautiful foliage and large, ruffled, light pink flowers of beautiful form and fragrance. A fine thing for bedding and has been popular for many years.	3 50	32 00
b Mme. Poincaré. Handsome new Rose shaped like Antoine Rivoire but of rich, peachy color which is most attractive.	3 50	32 00
b Mme. Ravary. A fine, old-time, cupped golden fawn variety which is still in demand.	4 00	35 00
b Mrs. Aaron Ward. Low, bushy plants with pointed, holly-like foliage and fine fawn-colored buds and open blooms. Has been popular for many years and is still in great demand.	3 50	32 00
b Mrs. Ambrose Ricardo. Enormous, incurved flowers of fine peach-yellow, shaded with pink. One of the finest Roses for cutting.	3 50	32 00
b Mrs. A. R. Barraclough. A new variety of giant growth with long, tapering buds and high-pointed blooms of light, glowing pink, tinted with salmon. Although very new, it has made a name for itself, and we think it will be very popular.	5 50	50 00
ob Mrs. A. R. Waddell. A stiff, branching grower with flowers much like Lady Pirrie, but darker salmon-pink and sometimes scarlet in the bud. Very free-flowering.	3 50	32 00
b Mrs. Charles Bell. The most beautiful of the Radiance family, with all the good qualities of Radiance and Red Radiance, but flowers of a clear shade of shell-pink.	3 50	32 00
b Mrs. C. W. Edwards. A very showy bright red Rose which seems worthy of being included in almost any garden.	5 00	45 00
b Mrs. Erskine Pembroke Thom. Generally conceded to be immensely superior for garden planting to Souv. de Claudius Pernet and others of that type. The fine long buds open into perfectly shaped, open flowers of rich lemon-yellow. Very vigorous and continuously in bloom.	5 50	50 00
b Mrs. F. R. Pierson. Large, cardinal-red blooms of the greenhouse type on plants of good blooms and foliage.	3 50	32 00
b Mrs. Henry Bowles. Magnificent flowers of dark, lustrous pink, very freely produced by healthy, vigorous plants. There is no question but that this is the finest of the modern pink introductions and is destined to become one of the most popular Roses in America. The rows of it in our fields have been in splendid condition all summer, standing far above older varieties of similar color.	5 50	50 00
b Mrs. Henry Morse. The flowers are bright pink with silvery shadings and are incessantly produced by low, branching bushes. It has a lighter and a flatter flower than Mrs. Henry Bowles, but the plant has equal blooming qualities, vigor, and health. This is a modern Rose, much superior to the old-time pinks, and is rapidly becoming very popular.	4 00	35 00
b Mrs. Lovell Swisher. A new variety with immense, heavy flowers of pale flesh-pink, excellent growth, and strong, erect stems.	5 00	45 00
b Mrs. MacKellar. Lovely long cream-white buds and very large flowers.	3 50	32 00
b Mrs. S. K. Rindge. Well-shaped buds and semi-double, open blooms of soft yellow suffused with pink.	3 50	32 00
b Mrs. S. W. Burgess. Bushy plants with charming, fragrant, cream-white flowers shaded with orange and apricot.	5 50	50 00
b Mrs. Wakefield Christie-Miller. Sturdy, erect plants of distinct habit, with splendid foliage and large, peony-shaped blooms of brilliant light pink. This is one of the most dependable bedding Roses on the market and is becoming more popular and more widely planted every year as it grows in favor with everybody.	3 50	32 00
b Mrs. W. C. Egan. Very strong, branching plants with long-pointed buds and large, star-shaped flowers of very light pearl-pink with golden yellow at the base of the petals.	3 50	32 00
b Mrs. Wemyss Quin. Spreading, vigorous bushes with large, shapely canary-yellow flowers.	3 50	32 00
b My Maryland. Pretty long buds of brilliant pink, opening to pale salmon-pink flowers of great charm.	3 50	32 00
b Norman Lambert. Stout bushes which freely produce large, blazing orange-yellow buds which open to cup-shaped, canary-yellow blooms brightly edged and flushed with pink and scarlet. A very distinct and worthy variety which attracts unbounded admiration.	5 50	50 00
ob Old-Gold. Wiry bushes of moderate vigor, bearing innumerable reddish orange, single flowers.	3 50	32 00
ob Ophelia. One of the most popular of all Roses because of the lovely shape of its pearly white blooms and the freedom with which they are produced.	3 50	32 00
b Padre. Slender, erect plants bearing large, almost single blooms of a more vivid shade of copper-orange than Mme. Edouard Herriot. Makes a stunning picture when planted close together in a large bed.	4 00	35 00
b Patience. Fine pointed buds of scarlet-orange, opening to fragrant, double blooms shaded from orange to rich pink.	8 00	75 00

We cannot undertake to supply long and much assorted lists of stock calling for only small bundles of each kind as our business is exclusively wholesale and we do not have the facilities to handle retail orders

TEA, HYBRID TEA AND EVERBLOOMING ROSES, continued

	Per 10	Per 100
b Pharisaer. Erect, bushy plants with ruffled white flowers tinted with rose-pink.	\$3 50	\$32 00
b Pink Beauty. Very vigorous, bushy plants with wonderful foliage and large, cupped blooms of the Radiance type, but several shades lighter pink. It makes a splendid bed because of its compact habit and is always in flower.	5 50	50 00
b Pink Pearl. Of the Columbia type, with larger and darker more brilliant pink blooms. We consider it the finest of the Roses of this class and recommend it unreservedly.	5 50	50 00
b Premier. Beautiful, fragrant, dark rose-pink blooms on erect stems.	3 50	32 00
b Premier Supreme. Similar to Premier, but brighter color—almost red.	3 50	32 00
o Queen Beatrice. Fine, double, cupped flowers of dark rose-crimson, sweetly fragrant.	3 50	32 00
o Queen of Fragrance. Shell-pink, double flowers, with paler edge; very fragrant.	3 50	32 00
ob Radiance. Plants of wonderful foliage and vigor, constantly producing large, brilliant rose-pink blooms of excellent globular shape and intense fragrance. There are probably more Radiance Roses grown and planted than any dozen other varieties put together.	3 50	32 00
b Rapture. Very much like Mme. Butterfly, but brighter pink.	3 50	32 00
ob Red-Letter Day. Tall, bushy, persistently blooming plants, with nearly single, starry, brilliant vermilion-scarlet blooms. Very showy.	3 50	32 00
ob Red Radiance. A bright rosy red form of Radiance with the same good habit and blooming qualities.	3 50	32 00
b Reims. Fine creamy flowers tinted with yellow and orange.	5 50	50 00
b Rev. F. Page-Roberts. Marvelously colored flowers of golden yellow stained with copper, and reddish buff on the outside. One of the most popular in the world and planted in great quantities every year.	6 50	60 00
b Robert Huey. Bushy plants of exceptional vigor, with bright rose-red flowers produced particularly well during the hot weather.	5 50	50 00
b Rose Hill. Very similar to Columbia, with larger blooms and slightly darker color.	4 00	35 00
b Rose Marie. Large, dark satiny pink blooms of excellent form and fragrance.	3 50	32 00
b Roselandia. A dark saffron-yellow bloom of the Ophelia type. Generally considered an improved Golden Ophelia.	4 50	40 00
b Ruth. Vigorous, bushy, and freeblooming plants with orange flowers flushed with crimson.	5 50	50 00
b Talisman. The most astounding novelty in Roses produced in many a year. Its brilliant orange-red buds open to a large, fragrant, high-pointed bloom of glowing golden yellow, stained with copper-red and orange-rose on the inside of the petal. It is the most magnificently colored flower we have ever seen and arouses astonishment and admiration everywhere. The plants have proved vigorous and healthy outdoors and have withstood severe winters unprotected. It is especially good in spring and late autumn.	\$750 per 1,000.	12 50 100 00
b The Queen Alexandra Rose. Bright orange-red, semi-double blooms shaded with yellow on the outside.	4 50	40 00
b Una Wallace. Large, bright cherry-pink flowers of excellent shape.	4 50	40 00
b Ville de Paris. Vigorous plants of strong, wiry growth, producing splendid buds of bright yellow which open into fadeless, double blooms of the Radiance shape. It has proved a fine addition to our yellow Roses, and we believe it will become steadily more popular.	5 50	50 00
o Viscountess Folkestone. Vigorous plants with large, creamy pink flowers shaded with salmon.	3 50	32 00
b Silver Columbia. Lighter than Columbia.	3 50	32 00
b Sir David Davis. One of the new red Roses in which we have great confidence. Flowers are brilliant scarlet-crimson and are borne in great profusion throughout the season. The plants are taller and produce more blooms than Etoile de Hollande, but they are lighter and smaller. A very handsome bedding Rose.	5 00	45 00
b Souv. de Claudius Pernet. The old standby for a real yellow Rose.	4 00	35 00
b Souv. de George Beckwith. Very large, salmon-pink flowers of wonderful shape. Vigorous and floriferous bushes.	4 00	35 00
b Souv. de Georges Pernet. Stout, branching plants with large, brick-red buds opening to pink flowers of gigantic size. A splendid bedding Rose.	4 00	35 00
b Souv. de H. A. Verschuren. Light yellow flowers of the Frank Reader and Golden Ophelia type.	4 00	35 00
ob Sunburst. Rich yellow, cupped flowers shaded with orange.	4 00	35 00
o Wellesley. An old favorite Tea Rose with bright silvery pink flowers of pointed form.	3 50	32 00
b White Ensign. Splendid, pure white flowers of the Ophelia type.	5 50	50 00
b Wm. F. Dreer. A bright yellow flower of the Los Angeles type, shaded with coppery pink.	3 50	32 00
b Wilhelm Kordes. Strong, branching growth with large, very double, star-shaped flowers of vivid salmon-pink shaded with orange and yellow. One of the most striking modern Roses and steadily increasing in popularity.	4 50	40 00
ob William R. Smith. A very vigorous, branching Tea Rose with long-pointed, creamy white buds, stained with pink and crimson. The flowers are very double, beautifully shaped, and are produced constantly throughout the season. This is one of the finest old bedding Roses in commerce.	3 50	32 00
b Willowmere. This is the Rose to plant where Los Angeles does not succeed. It has wonderful long-pointed buds and magnificent brilliant pink flowers suffused with a golden light. The plants are erect, very vigorous, and continuously throw up splendid sprays of bloom.	4 00	35 00

The wholesale prices in our lists apply on wholesale quantities. Orders should call for 10 of a kind and size and beyond that for multiples of 10

Evergreens for Lining Out

Evergreens of all important varieties! Young, thrifty stock grown with experienced skill and backed by the resources of one of the largest nurseries in the world.

These are really specimen trees in miniature, with full, bushy tops, and abundant, vigorous roots.

For best results, we recommend fall planting. T., indicates once transplanted; TT., twice transplanted; S., seedlings.

Standard Apples, two-year buds. Photographed August 7, 1929

Fruit Department

Apples

Statement of Inspection for Trueness to Name 1929

Amherst, Mass., August 7, 1929

To Whom It May Concern:

I have examined for trueness to name all salable Apple stock now growing in the nurseries of Jackson & Perkins Company, Newark, New York, and I now declare that to the best of my knowledge and belief these trees are true to variety name as they stand in the nursery rows.

(Signed) A. P. French.

Formal shapes in Boxwood and Privet are becoming quite the vogue. We grow both at Shiloh in large quantities.

Hybrid Rhododendrons at Shiloh

PINK GROOTENDORST

THIS is a charming shell-pink form of F. J. Grootendorst, with the same true Rugosa growth and large, hard, glossy foliage which is never troubled by insects or disease. *It blooms steadily from June until frost.* The small, fringed flowers, borne in clusters, are an extremely fine shade of soft shell-pink. A splendid hedging Rose or shrub for massing, providing excellent foliage and color all season long. For prices, see page 10.

JACKSON & PERKINS COMPANY, Newark, New York

Copies of the color picture above are available to our customers for sales promotion. Prices on application

Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

THE PRICES in this list are based upon present market conditions and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want-lists for larger quantities than are named herein. On the other hand, these are **wholesale prices** and apply only to **wholesale quantities**; in no case will we fill retail orders, even from nurserymen. All orders should be made up for 10's or multiples of 10.

TERMS. The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references are required from unknown parties. All bills are due in sixty days unless other arrangements are made at the time of sale. **All prices are net and not subject to any discount** unless specially agreed upon.

SHIPPING. Customers are requested to give definite instructions for shipping. In the absence of special instructions we will use our own judgment, but with the distinct understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore, the Pennsylvania Railroads, also the Rochester and Syracuse interurban trolley line, enabling us to ship in any direction over trunk lines. Express is handled over three of these routes.

BOXES will be charged for at the rates noted below. These prices are somewhat reduced because we are now able to buy lumber somewhat more reasonably. However, these rates do not really cover present actual cost to us.

10 ft. 30 in. x 30 in. \$4 50	10 ft. 24 in. x 24 in. \$3 50	10 ft. 18 in. x 18 in. \$3 00
10 ft. 28 in. x 28 in. 4 20	10 ft. 22 in. x 22 in. 3 25	10 ft. 14 in. x 16 in. 2 50
10 ft. 26 in. x 26 in. 4 00	10 ft. 20 in. x 20 in. 3 15	10 ft. 12 in. x 14 in. 2 30

Add 50 cents on all sizes of 12-foot boxes; decrease in same proportion for shorter boxes.

BALES will be charged at actual cost of the material. We make no charge for packing or for delivery to the railroad station.

CLAIMS for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on authority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; **but we will not entertain claims made after goods have been once accepted**, or when report is not made within ten days after arrival of the stock.

LIMITED LIABILITY AND NON-WARRANTY. In the event the nursery stock, or any part of it, sold by Jackson & Perkins Company, Newark, New York, should prove to be untrue to the name under which it is sold, or prove not to be of the kind or quality of nursery stock it was sold for, or ordered for, a replacement of the stock as originally ordered, or intended to be sold, without charge therefor, or a refund of the purchase price shall be a complete and entire satisfaction for any and all liability therefor of the seller, and such replacement or a refund of the purchase price it is agreed shall be the liquidated damages and all the damages to which the purchaser shall be entitled by reason of the premises. Except for such limited liability as herein set out, the seller, Jackson & Perkins Company, gives no undertaking or warranty, expressed or implied, as to the description, quality, growth, productiveness, or any other attribute of the nursery stock sold by Jackson & Perkins Company.

INSPECTION AND FUMIGATION. Certificate of Inspection will be furnished with every shipment and, when required, stock will be fumigated.

SPECIAL NOTICE. Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers nor sell to planters; we have **no retail trade** of our own, and sell to **the trade only**; in justice to our **only** customers, the nurserymen, florists, and dealers, we use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them. **Use printed stationery, or enclose business card.**

LOCATION, We are located 30 miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

POLYGONUM AUBERTI

The Delightful Silver Lace Vine

ALWAYS scarce and in demand is the charming climber *Polygonum Auberti*, which will clamber gracefully up a trellis, over a tree trunk, a wall, a porch, an arch, or upon any support which necessity or fancy will devise.

It will rapidly climb 20 feet or more, with fresh green foliage lightly bronzed at the tips, and a profusion of silvery, lacy flowers in erect sprays, even more beautiful than the popular *Clematis paniculata*, which blooms at approximately the same time.

A well-grown specimen is a cloud of lacy, misty white, shot with tints of cream and pale rose of most exquisite effect. It is enthusiastically acclaimed by all good gardeners and people of taste as one of the finest of the uncommon vines.

**Strong 2-year No. 1 grade, \$4 for 10,
\$35 per 100**

KOREAN SPIREA

Spiraea trichocarpa

A HANDSOME new Spirea with larger flowers than the common Bridal Wreath, *S. Vanhouttei*. It is extremely hardy and a wonderful grower, making a large, handsome specimen within a short time. It blooms a little later than the Bridal Wreath, and has large, dome-shaped clusters of flowers which are very distinctly "eyed," or marked at the center, so that it does not have quite the same dead-white effect. We are sure this is one of the most valuable new shrubs introduced within the past decade, and we recommend it for general planting.

2 to 3 feet .. \$75 per 100
18 to 24 inches, \$50 per 100
12 to 18 inches, \$40 per 100

BEAUTY BUSH

Kolkwitzia amabilis

A LOVELY, graceful shrub, finer than any weigela ever offered, and covered early in May with the utmost profusion of bloom. The individual flowers are rather small, lipped something like a fox-glove, clear pink with brownish spots and veins. The tiny rose-colored buds are fascinatingly hooded with fuzzy jackets which remain to decorate the seed-pods. In all stages and at all seasons it is a lovely thing.

18 to 24 inches, \$65 per 100
12 to 18 inches, \$50 per 100
