**PLANT
CATALOGUE**

**SPECIAL SOUTHERN
LANDSCAPE PLANTS**

Jungle Gardens

INCORPORATED

AVERY ISLAND, LOUISIANA.

INTRODUCTORY

WE OFFER THE FOLLOWING Nursery Stock for the season of 1928, and shall be very glad indeed to have you read same carefully, advising us if we may serve you, as we have a first class stock of plants, shrubbery, etc. It would be good policy to place your order early for your wants, as there is likely to be a shortage in nursery stock in some varieties.

WE MAKE A SPECIALTY of plants in size and variety adapted for SOUTHERN PLANTING AND LANDSCAPE WORK. Our stock of LARGE plants is the FINEST IN THE SOUTH.

SYMBOLS

B. & B. Signifies BALLED and BURLAPPED (taken up with ball of dirt and wrapped in burlap).

N.B. Signifies NOT BALLED (taken up bare rooted).

Jungle Gardens, Inc.

MOBILE, ALA.

TERMS OF BUSINESS

Location.—General Office and Nursery at Avery Island, Iberia Parish, Louisiana, on the Southern Pacific Railway, and hard-surface highway through Nursery, eight miles south of New Iberia, Louisiana.

Telegraph Address is New Iberia, Louisiana.

Long Distance Telephone office in our main office.

Our Freight Station is Salt Mine, Louisiana.

Invitations to Visitors.—We take pleasure in showing our stock to persons wishing to purchase; if notified in time, we will meet visitors at the station on arrival.

Terms.—Cash with order, if for immediate shipment. Orders for trees to be held for some weeks after the shipping season opens should also be accompanied by full payment. On orders booked in advance of the shipping season, 25 per cent down, with the balance due when the shipping season opens. We do not care to ship C. O. D.

Remittances.—To secure safety and prompt acceptance, remittances should be made by Bank Draft, Express or Post-Office Money Order, Registered Letter, or Prepaid Express.

Method of Shipment.—Shipping directions should be plainly written, and we urge our customers, in all cases, to use our order sheets. We shall be pleased to forward additional ones upon application. Kindly indicate whether shipment is to be made by freight, express or mail. When method of shipment is left to us, or when no directions are given, we will ship according to our best judgment, by such means as we believe to be in the best interests of our customers.

Transportation at Purchaser's Risk and Expense.—All transportation charges are to be paid by the purchaser, and our responsibility ceases upon delivery to forwarding companies; claims for losses or damages must be made upon the latter. We will, however, start a tracer for delayed shipment, if notified, and use every means at our command to secure prompt delivery, or recovery in case of damage or loss.

Time of Shipment.—Unless instructed otherwise, orders during the shipping season will be forwarded as soon after their receipt as possible, and orders booked in advance will be shipped as soon as may be after the shipping season opens.

Shipping and Planting Season.—November to March for all trees and shrubs grown in the open field; balled plants, bamboos, grasses and pot-grown plants may be shipped at any time. Prices in this catalogue cover the shipping season of 1928.

Selecting Varieties suited to locality, is of the first importance, and can often be more advantageously done by ourselves than by the purchasers. We are always glad to aid our customers in their selections, when so desired, and will, upon request, cheerfully furnish additional information in regard to the adaptability or desirability of particular varieties.

Labels attached with brass wire to everything sent out.

We Guarantee all stock sent out to be well rooted, well grown, true to name, properly packed, and shipped according to instructions. Our liability under the foregoing guaranty is limited in amount to the original price received.

Claims—If, by any possibility, errors should occur, they will be promptly rectified, if claim is made within ten days after the receipt of the goods.

DECIDUOUS TREES AND SHRUBS

SIZE	Symbol	Price Each
ACACIA		
A. Farnesiana (Sweet Acacia)		
3-4 feet	NB	1.00
5-6 feet	NB	1.25
ACER (Maple)		
A. dasycarpum (Southern Maple)		
6-8 feet	NB	1.75
A. pseudoplatanus (Sycamore Maple)		
6-8 feet	NB	2.00
AILANTHUS		
A. grandulosa (Tree of heaven)		
6-8 feet	NB	2.50
ALBIZZIA		
A. julibrissin (Mimosa)		
3-4 feet	NB	.50
5-6 feet	NB	1.00
ALEURITES		
A. Fordii (Tung-oil Tree)		
3-4 feet	NB	.75
6-7 feet	NB	1.75
8 feet and up	NB	4.00
ARALIA		
A. pentaphylla		
3-4 feet	NB	.50
4-6 feet	NB	1.00
A. spinosa (Devil's Walkingstick)		
3-6 feet	NB	1.00
BACCHARIS		
B. halmifolia (Groundsel Tree)		
6-8 feet	NB	1.00
CALLICARPA		
C. americana (Beauty-berry, Pigeon-berry)		
2-3 feet	NB	.75
3-4 feet	NB	1.00
CATALPA		
C. speciosa (Western Catalpa)		
6-8 feet	NB	2.00
CYDONIA		
C. japonica (Japanese Flowering Quince)		
2-3 feet	NB	.50
3-4 feet	NB	.75
CELTIS		
C. occidentalis (Hackberry)		
6-8 feet	NB	1.25
CERCIS		
C. canadensis (Redbud, Judas Tree)		
4-5 feet	NB	1.00
6-7 feet	NB	1.25
CITRUS		
C. trifoliata		
3-4 feet	NB	1.00
CORNUS		
C. florida (Flowering Dogwood)		
1 1/2-3 feet	B & B	1.50
4-5 feet	B & B	2.00
DEUTZIA		
D. scabra (Pride of Rochester)		
2-3 feet	B & B	1.25
4-5 feet	B & B	2.00

Our Landscape Department

In choosing and arranging plants for use in Landscape work, the adaptability of plants to soil and conditions, the hardiness, freedom from disease and insect pests, the ultimate growth and development should be carefully considered.

Realizing the importance of this subject, JUNGLE GARDENS, Inc. maintains a complete and efficient Landscape Department, in charge of competent Engineers, thoroughly acquainted with, and well versed in Southern conditions.

The modern home, whether large or small, must depend for its individual effectiveness upon its plant setting.

Every home owner and lover of the City Beautiful is cordially invited to visit our display and sales yard at 2300 ST. CHARLES AVE., New Orleans, where they will be able to inspect a complete collection of plants suitable for Southern Landscape development.

Our engineering staff will be ready at all times to extend any courtesy or assistance to anyone desiring their services.

Jungle Gardens' HUMUS NATURES PLANT FOOD

Commercial fertilizer is a plant stimulant, a large portion of which is wasted by evaporation and leeching.

Humus is a natural plant food and gives off its vitalizing elements slowly. Besides this wonderful feature, it has the advantage, due to its fibrous nature, of absorbing and retaining six to eight times its weight in moisture. It is paradoxical but true, that Humus lightens and dries heavy soils and gives body and holds the moisture in light and sandy soils.

It is the ideal plant food for Azaleas, Hydrangeas, Camellias and its results, when worked in around the roots of Roses and Shrubs, are remarkable.

For Southern lawns, it fills a long felt need. In the making of new lawns apply two to three inches of Humus and mix with the surface of the natural soil to a depth of four or five inches before seeding. As a top-dressing for lawns already established, apply at the rate of one bushel, lightly spread over a plot 10 feet by 6 feet square and rake in, it will give unsurpassed results. This is the method used in the making and upkeep of the finest Golf Greens throughout the Country.

Humus is clean to handle and odorless.
