# Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

**THE PRICES** named in this list are based upon present market conditions, and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want lists calling for larger quantities than are named herein. On the other hand, these are **wholesale prices** and are applicable only to **wholesale quantities**; in no case will we fill retail orders, even though from nurserymen. All orders should be made up in 10's or multiples of 10. As only hundred rates are quoted in this list, prices on assortments of **10 of an item** will be figured at **20 per cent. additional**.

**TERMS.** The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references required from unknown parties. All bills are due in sixty days unless other arrangements are made at the time of sale. **All prices are net and not subject to any discount unless specially agreed upon.**

**SHIPPING.** Customers are requested to give definite instructions in regard to manner of shipping that they desire. In the absence of special instructions we will use our own best judgment, but with the express understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore, the Pennsylvania Railroads, also the Rochester and Syracuse interurban trolley line, enabling us to ship in any direction over trunk lines. Express is handled over three of these routes.

**BOXES** will be charged for at the rates noted below. These are somewhat reduced on account of our being able to buy lumber somewhat more reasonably. These rates, however, do not really cover present actual cost to us.

10 ft. 30 in. x 30 in. ....	\$4 50	10 ft. 20 in. x 20 in. ....	\$3 15
10 ft. 28 in. x 28 in. ....	4 20	10 ft. 18 in. x 18 in. ....	3 00
10 ft. 26 in. x 26 in. ....	4 00	10 ft. 14 in. x 16 in. ....	2 50
10 ft. 24 in. x 24 in. ....	3 50	10 ft. 12 in. x 14 in. ....	2 30
10 ft. 22 in. x 22 in. ....	3 25		

Add 50 cts. on all sizes of 12 ft. boxes; decrease in same proportion for shorter boxes.

**BALES** will be charged for at actual cost of material used. We make no charge for packing or for delivery to the railroad station.

**GUARANTY.** We give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop.

**CLAIMS** for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on authority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; **but we will not entertain claims made after goods have been once accepted**, or when report is not made within ten days after arrival of stock.

**INSPECTION AND FUMIGATION.** Certificate of inspection will be furnished with every shipment and, when required, stock will be fumigated.

**SPECIAL NOTICE.** Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers nor sell to planters; we have **no retail trade** of our own, and sell to the **trade only**; in justice to our **only** customers, the Nurserymen, Florists, and Dealers, we use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them. **Use printed stationery, or enclose business card.**

**LOCATION.** We are located thirty miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Respectfully,

**JACKSON & PERKINS COMPANY**

## Statement of Inspection for Trueness to Name 1929

Amherst, Mass., August 7, 1929

To Whom It May Concern:

I have examined for trueness to name all salable Apple stock now growing in the nurseries of Jackson & Perkins Company, Newark, New York, and I now declare that to the best of my knowledge and belief these trees are true to variety name as they stand in the nursery rows.

(Signed) A. P. French.
